Consult the Department of Art and Design Office of Graduate Studies for a list of approved courses in Complementary Studies.

Additional Requirements

Advising

Upon admission, the Director of Graduate Studies in the Department of Art and Design in consultation with the Graduate Faculty will assign the incoming graduate student to a First Year Advisory Team. The head Advisor will contact the student and the Advisory Team at the beginning of the student's first semester to arrange a schedule for meetings to discuss course enrollment and the first year studio research agenda.

By the end of the student's second semester in the program, the student must select a Major Professor, and in consultation with the Major Professor, assemble his or her Graduate Thesis Committee. The committee consists of three or more members (usually not larger than four). At least three members must be graduate faculty, and at least two must be from the Department of Art & Design. At least one member of the committee must be a faculty member in the student's area of focus. If a student desires, the fourth member of the committee may be from outside the university. The student's Major Professor will serve as the Chair of the student's Graduate Thesis Committee.

A student who wishes to change his/her designated MA specialization must first apply and be accepted into the specialization. The student would make this decision in consultation with his or her Thesis Committee and the Director of Graduate Studies. If the student is accepted into the specialization, he or she will assemble a new Thesis Committee and select a new Major Professor, if necessary.

If the student's major professor takes a leave of absence or leaves the University, the student should contact the Director of Graduate Studies in the Department of Art and Design for advice in selecting a new major professor, and notify the Director of subsequent changes to the student's committee.

Transfer of Credits

Upon admission, an applicant may be permitted to transfer a maximum of 12 graduate credits earned at another institution. However, the student must apply to the Graduate School for an evaluation of such credits to determine if they are acceptable for transfer to the MA program.

Graduate Review

Each year, the student must participate in at least one Graduate Review.

MA Thesis

Upon recommendation of the Graduate Thesis Committee, the student will complete a MA Thesis project and presentation of the work executed during the student's graduate studies. The MA Thesis may be a gallery exhibition, public performance, pitch session, or another form appropriate to the student's research, and must be approved by the student's Major Professor.

Comprehensive Examination

The student must pass a final oral and written examination.

Time Limit

The UWM Graduate School requires that students complete all degree requirements within five years of initial enrollment.
