

# STUDIO ART, BFA: DUAL DISCIPLINE FOCUS

The Bachelor of Fine Arts in Studio Art program is a pre-professional degree focusing on studio practice and research, preparing students to become successful studio practitioners and professionals in the arts. From the First Year Program coursework through the Senior Capstone Project, students are encouraged to explore a wide variety of studio practice. During their sophomore year, students choose between the two BFA Studio Art degree plans: Single Discipline Focus and Dual Discipline Focus.

The Dual Discipline Focus curriculum is for students who wish to develop their studio research through interdisciplinary explorations. For their primary focus, students can choose coursework in Ceramics, Creative Technologies, Digital Fabrication, Fibers, Jewelry & Metalsmithing, Painting & Drawing, Photography & Imaging, Printmaking & Book Arts, or Sculpture. For their secondary focus, students can choose coursework from Ceramics, Creative Technologies, Design, Digital Fabrication, Fibers, Jewelry & Metalsmithing, Painting & Drawing, Photography & Imaging, Printmaking & Book Arts, or Sculpture.

Students are encouraged to use electives to explore all the media offered within the Department of Art and Design (listed above) to create a well-informed conceptual, formal and technical studio practice.
