Our training environment consists of full-time faculty, lecturers, and guest artists who reflect strong beliefs in multiple points of view, a passionate commitment to individual development, and dedication to serving the versatile interests of our students. Renowned guest artists contribute to the dance department's curriculum each semester by providing students direct experience with current and diverse global practices in the field. These programs ensure that we offer our students directed, relevant training as the foundation for successful and sustainable careers in dance and related fields.

The creative research of both the faculty and students reflects our commitment to investigate the historical and cultural relevance of contemporary and traditional world dance forms. These pursuits ensure that we examine and support the vibrancy of cultural traditions while generating new knowledge. Intertwining creativity, scholarship, and interdisciplinary dialogue, our program is dedicated to the exploration and development of somatic inquiry, technology integration, critical thought, and original choreography.
