

BUSINESS: SUPPLY CHAIN AND OPERATIONS MANAGEMENT, BBA

Supply Chain and Operations Management (SCOM) examines the key business processes that take place from "step one" through delivery to the customer. Supply chain management is the integration of all key business processes from original suppliers through end users and provides products, services, and information that add value for customers and other stakeholders. It includes the supply, storage, and movement of materials, information, personnel, equipment, and finished goods within the organization and between the organization and its environment.

The operations function, within the supply chain, relates to the creation of goods and services through efficient and effective use of personnel, material, and machines and includes acquisition of resources, planning of production and inventory levels, scheduling of work assignments, and the control of production and quality. Recent concepts in supply chain and operations management include lean operations, Six Sigma, ERP, and mass customization.

Technology is one of the most important facets in supply chain, and the Lubar program emphasizes information technology management, including enterprise resource planning. Other important components include product development, lean operations, Six Sigma, and mass customization.

Companies in all sectors of the economy - public and private, manufacturing service, health care, retail and others - recruit SCOM graduates to help them identify competitive issues in the supply chain and develop innovative solutions.

Degree Completion Requirements Credits

A minimum of 120 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar School's Policies and Regulations (<http://catalog.uwm.edu/business/#policiesandregulationstext>). The Accounting major may not be completed as a second undergraduate degree.

Double Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans.

Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (<https://uwm.edu/business/academics/undergrad/academic-advising/>) All students should meet with an academic advisor at least once a semester.

Career Services

The Lubar School of Business also features a dedicated Career Services Center (<https://uwm.edu/business/academics/career-services/>) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the School as a service to students and to businesses that have specifically requested UWM business students to fill positions. Career Advisors can help students post their resume and search for jobs using UWM's jobs board on Handshake. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

Accelerated Program Option

This program is offered as part of an accelerated bachelor's/master's program. For more information, see Accelerated Master's Degrees (<http://catalog.uwm.edu/opportunities-resources/accelerated-masters-degrees/>).

Honors in the Lubar School of Business

Beta Gamma Sigma (<http://catalog.uwm.edu/business/supply-chain-operations-management-bba/lubar.uwm.edu/studentorgs/>) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (<http://catalog.uwm.edu/business/businessscholars/>).

Dean's Honor List

Students who earn a GPA of 3.500 or above on 12 or more graded credits in a given semester are placed on the Dean's Honor List.

Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (<http://catalog.uwm.edu/opportunities-resources/honors-college/>) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Final honors are given to students who earn the following GPAs on a minimum of 60 graded UWM credits:

Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
