COMMUNITY ENGAGEMENT AND EDUCATION, BS: CHILD CARE

The Community Engagement and Education Program is designed for students interested in changing their community, working in non-school educational roles, leadership in community-based organizations or teaching in private or alternative schools. Some students also pursue licensure for teaching in public schools after graduation.

Courses are offered during the day as well as online, in the evening and on weekends. We also give academic credit for prior professional experience. Areas of study include child care, youth work, urban education, alternative education, policy and leadership in community-based organizations, and community engagement and social action.

Our graduates work as youth leaders and educators, administrators in community-based organizations, teachers and directors of child care and head start centers, community organizers, and state and local elected officials.

Opportunities

Prior Professional Education Experience (PPEE)

A student who has been accepted as a major in Community Engagement and Education is eligible to earn credit for their professional/life experience by demonstrating their competency through essay examinations (PPEE). Credits earned, by passing individual exams with a grade of C or better, will be counted toward the Community Engagement and Education degree in 3-credit blocks. Students pay for one 3-credit course, and all additional credits they receive through the course are awarded without cost. In order to *pass* the course and receive at least 3 credits, a student must attempt 7 of the 14 competency area essay exams listed below.

For students who leave the CEED program, all attempts at essay examinations (PPEE) must be made before the end of their final year of study. PPEE students have the opportunity to earn a maximum of 42 credits, which will only apply toward a Community Engagement and Education degree and only as lower-division electives. Students who leave the CEED program will not be able to use these credits in other programs.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (http://catalog.uwm.edu/opportunities-resources/honors-college) section of this site.

Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
