COMMUNITY ENGAGEMENT AND EDUCATION, BS: COMMUNITY LEADERSHIP

The Community Engagement and Education Program is designed for students interested in changing their community, working in non-school educational roles, leadership in community-based organizations or teaching in private or alternative schools. Some students also pursue licensure for teaching in public schools after graduation.

Courses are offered during the day as well as online, in the evening and on weekends. We also give academic credit for prior professional experience. Areas of study include child care, youth work, urban education, alternative education, policy and leadership in community-based organizations, and community engagement and social action.

Our graduates work as youth leaders and educators, administrators in community-based organizations, teachers and directors of child care and head start centers, community organizers, and state and local elected officials.

Opportunities

Prior Professional Education Experience (PPEE)

A student who has been accepted as a major in Community Engagement and Education is eligible to earn credit for their professional/life experience by demonstrating their competency through essay examinations (PPEE). Credits earned, by passing individual exams with a grade of C or better, will be counted toward the Community Engagement and Education degree in 3-credit blocks. Students pay for one 3-credit course, and all additional credits they receive through the course are awarded without cost. In order to "pass" the course and receive at least 3 credits, a student must attempt 7 of the 14 competency area essay exams listed below.

We value a student-centered, holistic, and ethical approach to advising based on strong partnerships with students, faculty and staff, and the larger campus community. We are committed to creating a respectful and supportive environment. We encourage students to be self-reliant through informed decisions and choices based upon dissemination of accurate information. We value our own continuous professional development to enhance the quality of the advising experience.
