

APPLIED BEHAVIOR ANALYSIS (ONLINE), GRADUATE CERTIFICATE

The Applied Behavior Analysis, Graduate Certificate (online) is a verified course sequence approved by the Association for Behavior Analysis International (ABAI). The ABA Certificate prepares professionals for careers as behavior analysts dedicated to supporting those with behavioral health needs. The program is designed to establish fundamental intervention skills. The ABA Certificate is 22 credits (4 semesters) if taken as a standalone program. If taken with a graduate degree program, the minimum number of credits for a master's degree is 30 credits.

Admission Requirements

Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

Admission

A graduate degree or concurrent enrollment in a graduate degree program is required for admission.

Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (<https://graduateschool-apply.uwm.edu/>).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses

The Applied Behavior Analysis, Graduate Certificate (online) is a verified course sequence approved by the Association for Behavior Analysis International (ABAI). The ABA Certificate prepares professionals for careers as behavior analysts dedicated to supporting those with behavioral health needs. The program is designed to establish fundamental intervention skills. There are 22 credits required.

Code	Title	Credits
EXCEDUC 716	Ethics in Applied Behavior Analysis	3
EXCEDUC 718	Behavioral Assessment	3
EXCEDUC 720	Behavioral Change	4
EXCEDUC 722		3
EXCEDUC 724	Personnel and Supervision in Applied Behavior Analysis	2
EXCEDUC 726	Racial Equity in Behavior Analysis	1

PSYCH 702	Applied Behavior Analysis	3
PSYCH 714	Conditioning and Learning	3
Total Credits		22

Completion of the program does not mean the students are board certified behavior analysts. They must independently complete fieldwork hours and pass the BCBA exam to be certified. Fieldwork hours and the BCBA exam are completed independently outside of the UWM certificate program and completion of these requirements are verified by the Behavior Analysis Certification Board and the Association for Behavior Analysis International and not by UWM.

Additional Requirements

Transfer Credit

Transfer credits will be considered only if the applicant can provide ample, acceptable evidence that the course taken is substantively the same as the one it is being substituted for and was completed within the last five years with a grade of B or better. The VCS Coordinator will make determinations of transferability. All decisions are final. The core group of classes, which must be taken at UWM, allow for up to four credits to be transferred via syllabus review and subsequent approval. Credits used should follow the graduate school rule for transfer credits.

Grade Point Average Requirement

A minimum cumulative 3.00 graduate grade point average in ABA Certificate courses taken at UWM is required.

Time Limit

Students pursuing an ABA Certificate without concurrent enrollment in another graduate degree program will have four years from initial enrollment in a certificate course to complete the certificate requirements. Students pursuing an ABA Certificate as part of a degree program will have the same time limit to complete the certificate requirements as they have for completing the degree program.

Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
 - Degree programs must approve the courses from certificates that can double count toward the degree.
 - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in PhD programs must still complete the minimum residency requirements)
 - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.
