# BIOMEDICAL SCIENCES, BS: BIOMEDICAL SCIENCE

Students in the Biomedical Sciences major are awarded a Bachelor of Science degree upon completion of all requirements. Students choose from one of the following seven areas or submajors:

- · Medical Laboratory Science
- · Biomedical Science
- Cytotechnology
- · Radiologic Technology
- · Diagnostic Medical Sonography
- · Diagnostic Imaging (degree completion program)
- Health Science (degree completion program)
- · Public Health Microbiology

All students will be required to comply with a background check, drug screen, and maintain health insurance during the professional training experience.

### **Biomedical Science**

Students in the Biomedical Sciences major are awarded a Bachelor of Science degree upon completion of all requirements. This submajor provides excellent preparation for medical, physician assistant, dental, veterinary school, research and other related fields that require an advanced degree.

### Requirements

This program is intended for students who wish to pursue an education in a laboratory-based program with the intent of working in the healthcare industry or for pursuing graduate health profession study. Sufficient elective credits are included to facilitate custom degree pathways. The minimum number of credits required to complete this degree is 120. Students who need background preparation courses in math, English, foreign language, or chemistry may need additional credits. This program does not lead to certification as a Medical Laboratory Scientist.

The minimum degree requirement for completion is 120 credits including:

- Completion of UWM's General Education Requirements (GER) (https://catalog.uwm.edu/policies/undergraduate-policies/ #bachelorsdegreegeneraleducation);
- 2. A cumulative UWM minimum grade point average of 2.5;
- A cumulative minimum grade point average of 2.5 in specific, required science courses;
- Completion of all required courses and electives (87 credits) through the second semester of junior year (per plan of study);
- 5. A grade of C or better in all junior-level courses.

# Biomedical Science Submajor Requirements

| Code        | Title  | Credits |
|-------------|--|---------|
| CHS 100     | New Student Seminar in Health<br>Professions | 1       |
| BIO SCI 202 | Anatomy and Physiology I <sup>1</sup>        | 4       |

| CHEM 102                 | General Chemistry <sup>1</sup>   | 5  |
|--------------------------|--|----|
| BIO SCI 203              | Anatomy and Physiology II  | 4  |
| CHEM 104                 | General Chemistry and Qualitative<br>Analysis <sup>1</sup>   | 5  |
| HS 224                   | Computational Tools for Healthcare<br>Professionals  | 3  |
| THERREC 103              | Life Balance: An Understanding of<br>Leisure (or equivalent) <sup>2</sup>                                | 3  |
| BIO SCI 150              | Foundations of Biological Sciences I 1   | 4  |
| BMS 301                  | Human Pathophysiology: Fundamentals  | 1  |
| BMS 302                  | Human Pathophysiology: Organ<br>Systems I <sup>1</sup>   | 1  |
| BMS 303                  | Human Pathophysiology: Organ<br>Systems II <sup>1</sup>  | 1  |
| CHEM 341                 | Introductory Survey of Organic<br>Chemistry <sup>1</sup>   | 3  |
| CHEM 342                 | Introductory Organic Chemistry<br>Laboratory <sup>1</sup>  | 2  |
| COMSDIS 250              | Interprofessional Communication in the Health Sciences (or equivalent) <sup>3</sup>                      | 3  |
| BIO SCI 325              | Genetics <sup>1</sup>  | 4  |
| BMS 304                  | Human Pathophysiology: Organ<br>Systems III <sup>1</sup>   | 1  |
| BMS 305                  | Human Pathophysiology: Organ<br>Systems IV <sup>1</sup>  | 1  |
| BMS 245                  | Client Diversity in Health Sciences:<br>An Interdisciplinary Perspective (or<br>equivalent) <sup>4</sup> | 3  |
| ENGLISH 207              | Health Science Writing (or equivalent)   | 3  |
| BIO SCI 383              | General Microbiology <sup>1</sup>  | 4  |
| BMS 427                  | Clinical Immunology 1  | 3  |
| BMS 428                  | Clinical Immunology Laboratory <sup>1</sup>  | 1  |
| CHEM 501                 | Introduction to Biochemistry <sup>1</sup>  | 3  |
| BMS 420                  | Clinical Hematology  | 3  |
| BMS 421                  | Introduction To Hematology Laboratory  | 1  |
| BMS 431                  | Clinical Chemistry   | 3  |
| BMS 432                  | Clinical Chemistry Laboratory Theory & Operations  | 1  |
| BMS 517                  | Laboratory Technology: Theory and Practice   | 2  |
| or BMS 717               | Laboratory Technology-Theory and Practice  |    |
| BMS 518                  | Experimental Design and Research in Biomedical Sciences  | 1  |
| or BMS 718               | Experimental Design and Research in Biomedical Sciences  |    |
| BMS 534                  | Medical Microbiology   | 3  |
| BMS 535                  | Medical Microbiology Laboratory  | 2  |
| BMS 560                  | Molecular and Genetic Diagnostics  | 2  |
| BMS 561                  | Molecular Diagnostics Laboratory   | 1  |
| BMS 547                  | Clinical Laboratory Diagnosis  | 3  |
| BMS 555                  | Toxicology and Therapeutic Drug<br>Monitoring  | 1  |
| Additional Electives and | GER Competencies <sup>5</sup>  | 31 |

| <b>Total Credits</b> |                                       | 120 |
|----------------------|---------------------------------------|-----|
|                      | Theory and Practice                   |     |
| KIN 270              | Statistics in the Health Professions: | 3   |

- Required science courses 2.5 average GPA.
- Fulfills 3 credits of GER Humanities.
- <sup>3</sup> Fulfills 3 credits of GER Social Science.
- <sup>4</sup> Fulfills 3 credits of both Cultural Diversity and Social Science.
- <sup>5</sup> Electives posted in final year only necessary to complete credit requirement for graduation.

BMS 101, BMS 205, BMS 531 and BMS 549 are recommended, but not required.

#### **Suggested Elective Certificates**

(Please consult advising regarding certificate requirements):

Molecular Diagnostics Certificate (https://catalog.uwm.edu/health-professions-sciences/biomedical-sciences-health-care-administration/biomedical-sciences/molecular-diagnostics-undergraduate-certificate/)

Health Care Informatics Certificate (https://catalog.uwm.edu/health-professions-sciences/biomedical-sciences-health-care-administration/health-care-informatics-undergraduate-certificate/) (available online)

Health Care Administration Minor (https://catalog.uwm.edu/health-professions-sciences/biomedical-sciences-health-care-administration/health-care-administration/health-care-administration-minor/) (available online)

|               | Credits  | 16  |
|               | Total Credits  | 120 |

<sup>&</sup>lt;sup>1</sup> Required science courses - 2.5 average GPA.

## **Accelerated Program Option**

This program is offered as part of an accelerated graduate program. For more information, see Accelerated Graduate Degrees (https://catalog.uwm.edu/opportunities-resources/accelerated-graduate-degrees/).

## **Honors in the Major**

Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM.

## College of Health Professions and Sciences Dean's Honor List

GPA of 3.500 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

# Honors College Degree and Honors College Degree with Distinction

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (https://catalog.uwm.edu/honors-college/) section of this site.

#### **Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

#### **Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
