**LIBRARY AND INFORMATION SCIENCE, MLIS/ENGLISH, MA**

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

**Degree Requirements**

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. **All degree requirements of each component must be satisfied.**
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

**MLIS Component**

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

**MLIS/MA English**

The MLIS/MA English Coordinated Degree Program prepares students for positions as humanities librarians.

**Admission Requirements**

Additional Requirements

Major Professor as Advisor
The student must have a Major Professor to advise and supervise the student’s work as specified in Graduate School regulations. The coordinator of the student’s concentration serves as an initial advisor.

Final Project
A research paper or other project appropriate to the student’s professional goals.

Oral Examination
Usually lasting an hour and a half, the oral exam covers the final project and a reading list of at least 30 texts not listed in the project bibliography or works cited list.

Regulations Concerning Final Projects and Oral Examinations
1. Students should consult with their advisors before completing 24 credits to determine a final project. Ordinarily, it is a revised and expanded course or seminar paper of at least 30 pages. The project should demonstrate the student’s skills in research, critical analysis, argumentation, and prose style. For students in Plan C (Creative Writing), the project is a substantial portfolio, the exact character of which is determined in consultation with the student’s MA Committee. The project serves both as a concluding effort at the master’s level and also as an indication of a student’s potential for doctoral study.

2. In consultation with the student, the Director of Graduate Studies appoints an MA Examining Committee. At least two of the three members must be English Graduate Faculty. The MA Examining Committee administers the final Oral Examination, covering the project and a separate reading list of at least 30 texts, to be selected by the student and approved by the Committee.

3. The project must be submitted and the oral examination completed within one year after the completion of 24 credits. Students should remember that a maximum of 27 credits at the master’s level is applicable to the PhD 54 credit requirement.

4. The Examining Committee offers a recommendation regarding the student’s qualifications for further graduate study at the doctoral level. The Committee Chair puts this recommendation in writing and places it in the student’s academic file.

5. Students who fail the oral examination may be required to revise their final project, retake the examination, or both. The oral examination may be retaken only once. No additional credits may be earned for the revision of the project after a failed examination. For further information regarding the MA project and examination, see the English Graduate Program Handbook.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.
