Program Requirements

Major Professor as Advisor
Initially, unless a student specifically requests a particular faculty member, all doctoral students are assigned an “interim” advisor. After the completion of 12 credits, a student is required to designate a faculty member with specialized interests compatible with those of the student.
to act as the major professor. The major professor is expected to assist
the student in planning the remainder of the program of studies, chair the
student’s preliminary examination committee, supervise the completion
of the PhD dissertation, and conduct of the dissertation defense meeting.
All students should consult the departmental handbook for additional
details on departmental policies and procedures.

**Comprehensive Preliminary Examination**

A student must pass all components of a comprehensive preliminary
examination to be advanced to candidacy for the doctoral degree. The
examining committee is responsible for setting an examination schedule
agreeable to all parties subject to the constraints that:

1. examinations must include at least 18 hours of questioning, and
2. must be completed in no longer than two (2) calendar weeks.

Each member of the examining committee must read and pass the
student on all examination questions the faculty member contributes.
The student must receive a passing evaluation from all members of the
committee on the written portion of the examination in order to attempt
an oral defense of the examination. An affirmative vote constitutes
the committee’s decision to advance the student to candidacy for the
doctoral degree.

Students who fail the doctoral preliminary examination may not proceed
to the dissertation. The exam may be retaken only once. The preliminary
examination must be successfully completed within five years of initial
enrollment.

**Dissertation**

The candidate, under the supervision of the major professor and in
collaboration with a dissertation committee, must write a dissertation
that demonstrates the ability to formulate a research topic and pursue an
independent and original investigation of the chosen topic. The practices
for the dissertation will conform to the guidelines established by the
UWM Graduate School. The dissertation committee shall be composed
of the major professor and four additional graduate faculty members
(at least three of whom must be from the Communication Department’s
graduate faculty). The dissertation committee is responsible for
assessing the dissertation project, which involves approving the
dissertation prospectus proposal, reviewing working drafts of research
in progress, and, finally, evaluating the candidate’s ability to defend
decisions made during the course of research. After submission of a
reading copy of the dissertation to the faculty dissertation committee,
the candidate and the major professor will schedule a committee meeting
for the purpose of undertaking an oral defense of the dissertation work
by the candidate. At the conclusion of the candidate’s oral remarks, the
dissertation committee will vote on passing the candidate’s dissertation
work. A majority of the committee must vote to approve the dissertation
and recommend granting of the Doctor of Philosophy degree.

**Residence**

The student must meet minimum Graduate School residence
requirements ([http://uwm.edu/graduateschool/doctoral-requirements/
#residence](http://uwm.edu/graduateschool/doctoral-requirements/
#residence)) of one continuous academic year of full-time graduate
studies at UWM. This can be satisfied by completing at least 8 graduate
credits in each of two consecutive semesters, or 6 or more graduate
credits in each of three consecutive semesters, exclusive of summer
sessions. Residence credit cannot be earned at the master’s level.

**Time Limit**

All components of the PhD program must be completed within 10 years
of matriculation.
