

ENGLISH, MINOR

Minoring in English provides students with a wealth of intellectual and practical learning, a foundation to future success. In today's high-technology, interconnected world, the ability to read carefully, think imaginatively, understand others, and communicate across all types of platforms and formats is essential.

In small classes, our students learn to understand the power and possibilities of the English language across the centuries and around the world. Students learn to think critically, write persuasively, argue logically, delve deeply into history, and explore their own creativity. Students are challenged to examine their own assumptions, sharpen their writing, and learn how to read and understand even the most difficult works, from fiction to philosophy.
