INTERNATIONAL STUDIES

The International Studies (IS) Program is interdisciplinary and administered by faculty members in the College of Letters and Science. Our IS programs offer students an excellent opportunity to improve their understanding of the diverse cultures of the world and to begin developing the skills they need for careers that have an international dimension. Our IS programs have grown steadily over the past 50 years to meet the needs for a more globalized education.

All interested students should consult the International Studies advisor at the earliest opportunity.
