To remain eligible to continue in the professional training, students must earn a grade of C or better in all senior-level courses.

Pre-Clinical Requirements

The junior year for students pursuing the Biomedical Science, Cytotechnology, or Medical Laboratory Science submajor consists primarily of pre-clinical courses, and the senior year is a 12-month professional training experience.

Credits 10
Total Credits 102

1 BMS 101 and BMS 205 are highly recommended but not required.
2 ENGLISH 207 is required for students without any credit prior to Fall 2013.

Honors in the Major
Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM following advancement to a Health Sciences major.

Honors in the College of Health Sciences
Dean's Honor List
GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Biomedical Sciences, BS: Public Health Microbiology
Students in the Biomedical Sciences major are awarded a Bachelor of Science degree upon completion of all requirements. Students choose from one of the following seven areas or submajors:

- Medical Laboratory Science
- Biomedical Science
- Cytotechnology
- Radiologic Technology
- Diagnostic Medical Sonography
- Diagnostic Imaging (degree completion program)
• Health Science (degree completion program)
• Public Health Microbiology

All students, with the exception of students in the Diagnostic Imaging or Health Sciences degree completion program, will be required to comply with a background check and maintain health insurance during the professional training experience.

Public Health Microbiology
Public health microbiology prepares students for a career in the laboratory disciplines of public health. Specifically, students will be educated in a broad range of sciences in order to perform investigatory and laboratory-based analyses of environmental samples for microbial contaminants of interest. Emphasis is placed on pathogenic disease and the human populations that they affect. Students successfully completing this program may sit for the American Society for Clinical Pathology (ASCP-BOC) Technologist in Microbiology national certification exam.

Requirements
Students must achieve the satisfactory completion of 130 credits.

Biomedical Science Requirements
Students in the Biomedical Sciences major are awarded a Bachelor of Science degree upon completion of all requirements. All students, with the exception of students in the Diagnostic Imaging or Health Sciences degree completion program, will be required to comply with a background check and maintain health insurance during the professional training experience.

The process of application to the professional training occurs at the end of the first semester of the junior year.

Entry into professional training or internship is competitive and dependent upon:

1. Completion of UWM’s General Education Requirements (GER) (p. 33);
2. A cumulative UWM minimum grade point average of 2.5;
3. A cumulative minimum grade point average of 2.5 in specific, required science courses;
4. Completion of:
   a. all required courses and electives (87 credits) through the second semester of junior year for students pursuing Biomedical Sciences, Cytotechnology, or Medical Laboratory Science;
   b. all required courses and electives (114 credits) through the first semester of senior year for students pursuing Public Health Microbiology; and
5. A grade of C or better in all junior-level courses.

Students who meet these minimum requirements for entry into professional training will be evaluated on the basis of their science GPA for placement at one of the training sites.

To remain eligible to continue in the professional training, students must earn a grade of C or better in all senior-level courses.

Public Health Microbiology Requirements
Students in the Public Health Microbiology submajor complete an eight-week internship with the City of Milwaukee Health Department. The process of application to the professional training occurs at the end of the first semester of the junior year.
During the fall semester of their senior year, students enrolled in the Public Health Microbiology submajor will enroll in BMS 599 with both Cindy Brown and Dr. Anthony Azenabor for two credits, but participate in BMS 547.

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.
Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Biomedical Sciences, BS: Radiologic Technology

Students in the Biomedical Sciences major are awarded a Bachelor of Science degree upon completion of all requirements. Students choose from one of the following seven areas or submajors:

- Medical Laboratory Science
- Biomedical Science
- Cytotechnology
- Radiologic Technology
- Diagnostic Medical Sonography
- Diagnostic Imaging (degree completion program)
- Health Science (degree completion program)
- Public Health Microbiology

All students, with the exception of students in the Diagnostic Imaging or Health Sciences degree completion program, will be required to comply with a background check and maintain health insurance during the professional training experience.

Radiologic Technology

Radiologic technologists, or radiographers, use X-Rays and administer contrast media to produce images of the human skeleton, chest, digestive tract, and urinary system. The radiographer works closely with the radiologist or physician. Students complete the first two years of prerequisite courses on campus before applying for placement into the professional education portion of the curriculum. Once accepted into the professional education component of the program, students will take didactic and clinical education courses concurrently. Upon successful completion of the Bachelor of Science degree, students are eligible to write the national registry exam administered by the American Registry of Radiologic Technologists (www.arrt.org (https://www.arrt.org)).

The Radiologic Technology professional education programs are accredited by:

Joint Review Committee on Education in Radiologic Technology (JRCERT), 20 N. Wacker Dr., Suite 2850, Chicago, IL 60606. www.jrcert.org (http://www.jrcert.org)

Biomedical Science Requirements

Students pursuing the Biomedical Sciences: Radiologic Technology submajor complete the freshman and sophomore years on campus. Students accepted into the professional education curriculum complete the junior and senior years at either the on-campus UWM radiography program or off campus through external radiography programs offered at Froedtert Hospital in Milwaukee, UW Hospital & Clinics in Madison, Wheaton Franciscan All Saints in Racine, and Wheaton Franciscan St. Joseph in Milwaukee. Students are responsible for any relocation and all living expenses during clinical education.

Entry into professional training is competitive and dependent upon:

1. Completion of UWM’s General Education Requirements (GER) (p. 33);
2. Completion of all required courses and electives (62 credits) in the freshman and sophomore semesters with a cumulative GPA of 2.5;
3. Successful completion of the professional education application process to include an interview with the UWM radiography program and on-site interviews with the affiliated radiography programs;
4. Successful completion of a background check, health physical, and drug screen prior to the beginning of the professional curriculum, and maintenance of health insurance and CPR certification for the duration of the professional curriculum;
5. Students are required to earn a grade of C or better in the following:

</tbody>
</table>

6. Completion of a job-shadowing experience in an imaging department with a Radiologic Technology professional prior to applying for placement into the professional education component is required; and
7. Completion of a CNA (Certified Nursing Assistant) course is highly recommended, but not required. View a list of WI nurse aide

Additional information is available from the Office of Student Affairs, (414) 229-2758.

Admission into the professional curriculum is competitive and final admission decisions rest with the program directors. Admission is not guaranteed. To remain eligible to continue in the professional education curriculum, students must adhere to all policies and procedures of the program they are attending. Once accepted into the professional education curriculum students will be provided with a copy of the program’s policies and procedures.

---

### Honors in the Major

Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM following advancement to a Health Sciences major.

### Honors in the College of Health Sciences

#### Dean's Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

#### Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

### Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

### Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

---

### Biomedical Sciences, MS

The Biomedical Sciences Department offers a program of graduate education providing an advanced level of study for students interested in biology as it relates to human health, medicine, and disease. Major emphasis in the program is placed on developing an understanding...
of the mechanisms involved in human diseases and providing broad-based training in both basic and applied biomedical sciences. In-depth training is offered in selected areas of emphasis, such as immunology, the pathogenesis of infectious diseases, toxicology, pharmacology, neurodegeneration, and cancer biology. The MS degree has two tracks.

1. **Thesis Track** requirements include a thesis based on hypothesis-driven research conducted by the student to enhance problem-solving abilities and the student's capacity to function more effectively in the biomedical field.

2. The **Non-Thesis Track** is designed for students who want to gain knowledge in the biomedical sciences by taking courses focused on human health and disease without a research component. This track may be suitable for a variety of students, including those who currently work in a laboratory setting and wish to obtain a higher degree and those requiring a degree beyond the bachelor's level to teach.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following requirements to be considered for admission:

1. The program primarily enrolls individuals with backgrounds in biomedical sciences or related fields who have completed a bachelor's degree at an accredited institution. For students entering without a degree in a related area, the faculty determines deficiencies to be overcome prior to admission. Applications will not be reviewed until all required materials are obtained by the program. All completed applications received prior to February 1 will receive consideration for enrollment beginning the following Summer term for the Non-Thesis Track or Fall semester for the Thesis Track. Completed applications received after February 1 may be considered if space is available in the program. Students may enroll on a full-time or a part-time basis.

2. Applicants may be admitted to regular status if their grade point average is the equivalent of 2.75 or above (scale of 4.0). Averages below 2.75 may be considered for admission on a probationary basis, in which case particular attention is given to the last 60 hours completed in the undergraduate program, with special emphasis on performance in biomedical science-related courses. Probationary status is removed upon successful completion of the first eight graduate credits with a grade point average of 3.0 or above.

3. Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores on the General Test are required.

4. Three letters of reference, preferably from academic and/or research sources or supervisors, must be provided.

5. The applicant must provide a statement of not more than 1,000 words providing career objectives and reasons for seeking a degree in the UWM Biomedical Sciences Graduate Program.

6. Students must identify, at the time of applying, whether they seek enrollment in the Thesis Track or Non-Thesis Track. Students wishing to change tracks after admission must receive approval of the program.

**Credits and Courses**

The minimum degree requirement is 32 graduate credits.

**Thesis Track**

Nine credits of core curricular requirements are required, and a minimum of 8 credits in research (BMS 799) must be taken. Of the remaining 15 credits required for the degree, a minimum of 9 credits must be taken as sub-specialty courses offered by the program. No more than 3 credits of U/G courses at the 400 level and 3 credits of U/G courses at the 500 level, not including BMS 590, may be applied toward completion of the Thesis Track.

**Non-Thesis Track**

Two credits in advanced independent study (BMS 999) must be taken in the final term. Of the remaining 30 credits required for the degree, a minimum of 21 credits must be taken at the 500-level and higher, for graduate credit, within the program. The remaining credits are taken as elective courses at the graduate level. These elective courses also may be within the BMS program, or they may be taken outside of the program, in consultation with the major professor.

**Program Requirements**

**Major Professor as Advisor**

For both tracks, the student must have a major professor to advise and supervise the student's studies.

**Thesis (Thesis Track)/Capstone (Non-Thesis Track)**

Students enrolled in the Thesis Track must write an acceptable thesis based on original research and pass a final oral examination in defense of the thesis under the supervision of a major professor. Students in the Non-Thesis Track must pass a comprehensive examination based on their coursework or complete a project based on a literature review. These are administered and evaluated by the program's faculty and staff.

**Time Limit**

The student must complete all degree requirements within seven years of initial enrollment.

**Blood Banking/Immunohematology, Undergraduate Certificate**

The Certificate in Blood Banking trains students to meet the critical need for medical laboratory scientists in the workforce that make sure donated blood is safe for use in blood transfusions and other procedures.

**Requirements**

Successful completion of the undergraduate certificate in Blood Banking/Immunohematology allows the individual to sit for the American Society of Clinical Pathology Board of Certification (ASCP-BOC) Technologist/Scientist in Blood Bank national certification exam and be employable in a medical laboratory or blood center. This curriculum meets entry level practitioner competency as outlined by the American Society for Clinical Laboratory Science.

Most of the required courses are delivered in face-to-face format.

the programs may be pursued as a post-baccalaureate educational certificate. Individuals who are not enrolled in a degree program at UWM, but are seeking continuing education for career development, may be admitted to courses in the certificate programs by meeting prerequisites with equivalent experience or consent of the instructor.

Requirements
To receive a certificate in Death Investigation, Forensic Science, or Forensic Toxicology, students must complete at least one half of the required credits on the UWM campus. A minimum grade point average of 2.500 must be achieved on the required credits. All options within the certificate require at least a basic knowledge of chemistry and biology. To meet this requirement, prior to registering themselves in the Forensic Sciences Certificate Program, students must successfully complete CHEM 100 or equivalent and BIO SCI 100 or equivalent.

The following courses must be completed successfully to obtain a Certificate in Death Investigation:

Death Investigation, Undergraduate Certificate (College of Health Sciences, Department of Biomedical Sciences)

The Biomedical Sciences Program, Criminal Justice Program, and Departments of Anthropology and Chemistry cooperate in offering three certificates in the area of forensic sciences. Sponsored jointly by the Colleges of Letters and Science and Health Sciences and the Helen Bader School of Social Welfare, these certificate curricula are designed to train students in basic skills that will provide the foundation for careers in the fields of law enforcement, death investigation, pathology, and toxicology. Certificates are offered in Death Investigation, Forensic Science, and Forensic Toxicology. Where applicable, the curriculum meets the criteria required for professional certification examinations (Medicolegal Death Investigation, Toxicological Chemist).

Eligibility
Undergraduate students who pursue a forensic sciences certificate maintain their identity as majors in their home departments and continue to progress toward a baccalaureate degree while in the certificate program. Courses include lecture presentations and laboratory experiences that cover fundamental areas of forensic science and provide unique instruction on techniques that are essential in the specific certificates. Students are given instruction by faculty members at UWM and forensic professionals in the Milwaukee community. Any of the programs may be pursued as a post-baccalaureate educational certificate. Individuals who are not enrolled in a degree program at UWM, but are seeking continuing education for career development, may be admitted to courses in the certificate programs by meeting prerequisites with equivalent experience or consent of the instructor.

Forensic Toxicology, Undergraduate Certificate (College of Health Sciences, Department of Biomedical Sciences)

The Biomedical Sciences Program, Criminal Justice Program, and Departments of Anthropology and Chemistry cooperate in offering three certificates in the area of forensic sciences. Sponsored jointly by the Colleges of Letters and Science and Health Sciences and the Helen Bader School of Social Welfare, these certificate curricula are designed to train students in basic skills that will provide the foundation for careers in the fields of law enforcement, death investigation, pathology, and toxicology. Certificates are offered in Death Investigation, Forensic Science, and Forensic Toxicology. Where applicable, the curriculum meets the criteria required for professional certification examinations (Medicolegal Death Investigation, Toxicological Chemist).

Eligibility

Undergraduate students who pursue a forensic sciences certificate maintain their identity as majors in their home departments and continue to progress toward a baccalaureate degree while in the certificate program. Courses include lecture presentations and laboratory experiences that cover fundamental areas of forensic science and provide unique instruction on techniques that are essential in the specific certificates. Students are given instruction by faculty members at UWM and forensic professionals in the Milwaukee community. Any of the programs may be pursued as a post-baccalaureate educational certificate. Individuals who are not enrolled in a degree program at UWM, but are seeking continuing education for career development, may be
admitted to courses in the certificate programs by meeting prerequisites with equivalent experience or consent of the instructor.

**Requirements**

To receive a certificate in Death Investigation, Forensic Science, or Forensic Toxicology, students must complete at least one half of the required credits on the UWM campus. A minimum grade point average of 2.500 must be achieved on the required credits. All options within the certificate require at least a basic knowledge of chemistry and biology. To meet this requirement, prior to registering themselves in the Forensic Sciences Certificate Program, students must successfully complete CHEM 100 or equivalent and BIO SCI 100 or equivalent.

The following courses must be completed successfully to obtain a Certificate in Forensic Toxicology:

<table>

Although flexibility is built into this certificate program, students will be expected to have basic knowledge of microbiology and genetics and at least one advanced laboratory course (500 level or above) to qualify for the Molecular Diagnostics Certificate.

Students interested in pursuing this Certificate should contact the Office of Students Affairs at (414) 229-2758. The Office is located in NWQB room 6425.
Nutritional Sciences, BS (Department of Biomedical Sciences)

The Nutritional Sciences Program is a 120-credit interdisciplinary undergraduate major administered jointly by the Biomedical Sciences and Kinesiology Departments in the College of Health Sciences. The Nutritional Sciences program is designed to provide students with a strong foundation in biological, physical, and social sciences, in order to understand the relationships among food, nutrients, eating behavior, and human health.

1 Required courses in the curriculum satisfy these General Education Requirements

Students are considered "Nutritional Sciences-Intended" until they have completed their General Education Requirements, Foundations courses and the Nutrition Core. To be eligible for admission to the major and enrollment in the advanced core nutrition courses, students must have a UWM cumulative grade point average (GPA) of 2.50 or higher, and the following prerequisite courses must be completed with a minimum grade of C:

<table>
<thead>
<tr>

No more than four of the Foundations courses listed above may repeated.

Advancement to the Major

The application to the major is made available online on the program website during the months of September and February. Applications are due October 1st for spring admission and March 1st for summer/fall admission. The application may be submitted while courses above are in progress as long as they will be completed prior to the effective admission term. Applicants are notified of admission status via email from the program director within four weeks of the application deadline.

Electives (9 credits must be at the 300 level or above) | 16-29 |

Students with Chemistry sequence culminating in CHEM 103 must complete 29 elective credits
Graduation Requirements
Once admitted to the program, students must earn a minimum GPA of 2.75 in the all advanced core nutrition courses, and no more than three of the Core and Advanced Core courses may be repeated. Students must complete a minimum of 120 credits with a minimum cumulative GPA of 2.5 to be eligible for graduation.

Honors in the Major
Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM following advancement to a Health Sciences major.

Honors in the College of Health Sciences
Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Nutritional Sciences, Minor (Department of Biomedical Sciences)
The Minor in Nutritional Sciences provides students the opportunity to study food and nutrients, their physiological functions, normal nutritional requirements, and the myriad of influences on food choice and eating behavior throughout the life cycle. The required science foundation courses provide the necessary background of chemistry and biological sciences to understand the physiological basis of nutrition, as a multidisciplinary science with relevance to health.

Upon completion of the Minor in Nutritional Sciences, students will be able to:

- Describe the relationship between food and nutrients in human health and well-being;
- Discuss the function, physiology, dietary sources, and symptoms and consequences of deficiency and toxicity for macro- and micronutrients;
- Apply nutrition principles to the human life cycle: nutrient functions, needs, sources, and alterations during pregnancy, lactation, growth and development, maturation, and aging;
- Examine the multiple levels of influence (i.e., intrapersonal, interpersonal, institutional/organizational, community, political, and cultural) that shape food choice and eating behavior;
- Apply scientific principles of basic food chemistry in examining food’s physical aspects and preparation; and
- Apply biological and biochemical principles to the understanding of the human digestion and metabolism of macro- and micronutrients.

Admission and Requirements
Students may declare their intent to pursue the Nutritional Sciences Minor on the program’s website. Students must satisfy the following requirements to be eligible to declare the minor:

- 2.5 Cumulative GPA
- Minimum grade of C in the following 15 credits of Core Nutrition Courses (or In Progress):

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>NUTR 110</td>
<td>Introduction to Food Principles &amp; Preparation</td>

</tr>
</tbody>
</table>

1 This list of courses may be modified by the Nutritional Sciences Program Committee as additional courses are developed.
To be awarded the Minor in Nutritional Sciences, students will need to maintain a GPA of 2.50 with no grade lower than a C in the 21 credits of coursework.

Students concurrently enrolled in a bachelor’s degree program successfully completing the program requirements will be awarded the Minor in Nutritional Sciences at the time of graduation.

Academic advisors within the College of Health Sciences Office of Student Affairs will assist students enrolled in the program with the development of career goals and the selection of appropriate courses to further those goals. Please contact the Office of Student Affairs at (414) 229-2758.
COMMUNICATION SCIENCES AND DISORDERS

The Department of Communication Sciences and Disorders offers a Bachelor of Science degree, which provides the pre-professional foundation for graduate study. The student who plans to become a professional speech-language pathologist or audiologist will receive preparation in human communication sciences and disorders as well as a broad educational experience in the liberal arts and sciences.

A career as a speech-language pathologist requires a master’s degree. The Department offers a graduate program that is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association (ASHA) in Speech-Language Pathology. The Wisconsin Department of Public Instruction also has approved the undergraduate/graduate program in Communication Sciences and Disorders. A career as an audiologist requires a doctoral degree (AuD or Doctor of Audiology). In Wisconsin, an AuD consortial program is offered by UW-Madison and UW-Stevens Point.

 Programs

- Assistive Technology and Accessible Design, Graduate Certificate (College of Health Sciences, Department of Communication Sciences and Disorders) (p. 833)
- Communication Sciences and Disorders, BS (p. 834)
- Communication Sciences and Disorders, MS (p. 837)

Undergraduate Academic Advising

Advising for all undergraduate students is provided by the Office of Student Affairs, Northwest Quadrant Building B, Room 6451, and students are strongly encouraged to confer with that advisor at least once each semester. Students are also encouraged to meet with a Department of Communication Sciences and Disorders faculty member to discuss the requirements and challenges of a career as a speech-language pathologist or audiologist. Seniors should meet with their advisor to review their final year of study and discuss opportunities for graduate study.

Communication Sciences and Disorders Courses

COMSDIS 210 Survey of Communication Disorders
3 cr. Undergraduate.
A broad overview of speech, language, and hearing disorders. Normal development, adult functions and cultural differences are explored, as well as general approaches to rehabilitation.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMSDIS 220 Anatomy and Physiology of Speech, Hearing, and Language Mechanisms
4 cr. Undergraduate.
Structures and functions involved in normal speech, hearing, and language.
Prerequisites: Bio Sci 202 (P) or cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 230 Introduction to Phonetics
4 cr. Undergraduate.
Descriptive study of the production and perception of English speech sounds; broad phonetic transcription; introduction to physiological, acoustic, and clinical phonetics. 3 hr Lec, 1 hr Lab/Dis.
Prerequisites: none.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

COMSDIS 240 Normal Speech and Language Development
3 cr. Undergraduate.
Intensive study of children’s speech and language acquisition and research techniques for investigating children’s speech and language behavior. Interrelationship with other development areas also discussed.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

COMSDIS 245 Client Diversity in Health Sciences: An Interdisciplinary Perspective
3 cr. Undergraduate.
Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual’s cultural identity.
Prerequisites: soph st or cons instr.
Course Rules: BMS(C L Sci)/ComSDis/HCA/Kin(HMS)/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

COMSDIS 250 Interprofessional Communication in the Health Sciences
3 cr. Undergraduate.
Introduction to best-practices in interprofessional communication within the Health Sciences; emphasis on patient-provider interactions, regulations, health literacy, and interprofessional communication.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMSDIS 320 Clinical Process I: Articulation and Phonology Disorders
3 cr. Undergraduate.
Introduction to the clinical process and its application to the assessment and intervention of articulation and phonology disorders in children.
Prerequisites: jr st; admis to major; ComSDis 220(NP), 230(NP), 240(NP).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
COMSDIS 351 Clinical Process II: Child Language Disorders
3 cr. Undergraduate.
The clinical process and its application to the assessment and intervention of language disorders in children.
Prerequisites: jr st; admis to major; ComSDis 350(NP).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMSDIS 380 Bases of Hearing Science
3 cr. Undergraduate.
Consideration of fundamental physical and psychophysical concepts in hearing science and advanced topics in auditory physiology promoting a basic understanding of hearing and hearing measurement.
Prerequisites: ComSDis 220(NP) or cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 450 Survey of Adult Neurogenic Language and Speech Disorders
3 cr. Undergraduate.
Overview of the basic requirements for fluent speech and voice production. Also includes an introduction to the disorders of fluency and voice.
Prerequisites: jr st; admis to major; ComSDis 220(NP), 230(NP), 240(NP) or cons instr.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

COMSDIS 460 Bases of Fluency and Voice Disorders
3 cr. Undergraduate.
Overview of the basic requirements for fluent speech and voice production. Also includes an introduction to the disorders of fluency and voice.
Prerequisites: jr st; admis to major; ComSDis 220(NP), 230(NP), 240(NP) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMSDIS 470 Introduction to Audiology
3 cr. Undergraduate.
Overview of clinical hearing assessment including principles of assessment, instrumentation and calibration, basic audiometry, interpretation of audiometric results, and hearing disorders. Participation in laboratories required.
Prerequisites: jr st; ComSDis 220(NP), 380(NP) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMSDIS 480 Speech Science
3 cr. Undergraduate.
Study of anatomic, physiologic, acoustic and perceptual parameters involved in speech production and perception; exposure to instrumentation for clinical application/research.
Prerequisites: jr st; admis to major; ComSDis 380 or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMSDIS 490 Audiologic (Re)habilitation
3 cr. Undergraduate.
Study of the fundamentals of (re)habilitative audiology. Includes study of current comprehensive audiological (re)habilitative approaches with pediatric through geriatric populations.
Prerequisites: jr st; ComSDis 470(P).
Current Offerings: http://uwm.edu/schedule

COMSDIS 500 Clinical Practice in Speech-Language Pathology
3 cr. Undergraduate.
Initial supervised practicum experience with articulation, phonology, and/or child language disorders.
Prerequisites: jr st; admis to major; ComSDis 351(P); cons instr.
Course Rules: May not be retaken for cr.
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

COMSDIS 520 Counseling in Communication Disorders
3 cr. Undergraduate/Graduate.
Current theories in counseling and guidance, procedures designed specifically for use with the communicatively impaired. Opportunity for application of knowledge will be provided.
Prerequisites: jr st; admis to major or cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 579 Special Topics in Communication Sciences and Disorders: 1-3 cr. Undergraduate/Graduate.
Specific topic and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Last Taught: Fall 2015, Spring 2011, Fall 2010, Spring 2010.
Current Offerings: http://uwm.edu/schedule

COMSDIS 580 Communication Problems of the Older Adult
3 cr. Undergraduate/Graduate.
Study of the impairments to the communicative process caused by physiological, environmental, and social psychological changes which come with aging.
Prerequisites: sr st; ComSDis 460 or cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 620 Craniofacial Disorders
2 cr. Undergraduate/Graduate.
Genetic, embryological, anatomical and physiological aspects of craniofacial disorders, including cleft lip and palate; associated communicative disorders; diagnostic and therapeutic approaches for related speech-language problems.
Prerequisites: ComSDis 350(P), 351(P), 480(P); cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 630 Communication Disorders in Multicultural Populations
2 cr. Undergraduate/Graduate.
Application of theoretical models and research perspectives to the assessment and treatment of communication disorders in children from multicultural populations.
Prerequisites: sr st; cons instr.
Current Offerings: http://uwm.edu/schedule
COMSDIS 660 School-Age Language  
2 cr. Undergraduate/Graduate.  
Language disorders in older children and adolescents; application of developmental theory to assessment and intervention.  
Prerequisites: sr st; cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 661 The Role of the Speech-language Pathologist in Literacy  
2 cr. Undergraduate/Graduate.  
Language theory related to reading and writing disorders. Speech-language pathologist's role in assessment and intervention.  
Prerequisites: sr st; cons instr.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 670 Advanced Procedures in Audiology  
3 cr. Undergraduate/Graduate.  
Masking, speech audiometry, acoustic immittance testing, differential diagnosis, audiological screening design, development and implementation, special pediatric and geriatric concerns; audiologic counseling and hearing aid orientation.  
Prerequisites: sr st; ComSDis 470(P); cons instr.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 688 Evaluation and Diagnosis in Speech-Language Pathology  
2 cr. Undergraduate/Graduate.  
The diagnostic process in speech-language assessment: case histories and interviewing, formal and informal assessment, interpretation of results, and report writing.  
Prerequisites: jr st; ComSDis 351(P); or cons instr.  
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 690 Cognitive Communication Disorders in Adults  
2 cr. Undergraduate/Graduate.  
Prerequisites: sr st, ComSDis 460, and cons instr; or grad st.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 699 Advanced Independent Study  
1-3 cr. Undergraduate.  
Individual program of supervised study.  
Prerequisites: sr st; cons instr & faculty advisor; completion of advanced independent study form.  
Course Rules: May be retaken to 6 cr max.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 701 Research Design and Methods in Communication Sciences and Disorders  
3 cr. Graduate.  
Introduction to strategy, design, and methodology in quantitative research; includes considerations in evaluating and understanding components of research articles, and integrating research into clinical practice.  
Prerequisites: grad st; cons instr.  
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 702 Clinical Phonology and Articulation  
2 cr. Graduate.  
Prerequisites: grad st; cons instr.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 703 Voice Disorders  
2 cr. Graduate.  
Diagnosis and treatment of hyperfunctional disorders; psychogenic voice disorders; organic diseases, trauma, and congenital disorders of the larynx; resonance disorders; and alaryngeal speech.  
Prerequisites: grad st; cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule
COMSDIS 704 Speech Fluency and Stuttering  
3 cr. Graduate.  
Theory and research related to the nature and treatment of stuttering.  
Discussion of factors important to the clinical management of fluency in children and adults.  
Prerequisites: grad st; cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 705 Aphasia in Adults  
2 cr. Graduate.  
Nature of aphasia and related communication disorders. Study of pertinent diagnostic and prognostic techniques and therapeutic procedures.  
Prerequisites: grad st; cons instr.  
Last Taught: Fall 2011, Fall 2010, Fall 2009, Fall 2008.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 706 Language Assessment and Intervention: Birth to 5 years  
2 cr. Graduate.  
Application of various theoretical models and research perspectives to the assessment and treatment of children with language impairments.  
Prerequisites: grad st; cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 709 Evaluation and Management of Swallowing Disorders  
3 cr. Graduate.  
Study of normal and abnormal swallowing across the lifespan, with emphasis on etiologies, clinical and instrumental evaluation techniques, and management.  
Prerequisites: grad st; ComSDis 712(P); cons instr.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 710 Motor Speech Disorders  
3 cr. Graduate.  
Basic neurological substrates of the dysarthrias and apraxia, differential diagnosis and treatment of acquired and developmental communication disorders associated with apraxia and dysarthria.  
Prerequisites: grad st; ComSDis 703(P) & 712(P).  
Current Offerings: http://uwm.edu/schedule

COMSDIS 711 Applied Speech Science  
3 cr. Graduate.  
Advanced study of physiological, acoustical, and perceptual perspectives of normal and abnormal speech production mechanisms; laboratory experience with speech science instrumentation for research/clinical application.  
Prerequisites: grad st; cons instr.  
Course Rules: Counts as repeat of ComDis 801.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 712 Acquired Neurogenic Communication Disorders in Adults  
3 cr. Graduate.  
Nature of acquired neurogenic communication disorders, including aphasia, TBI, RHD and dementia. Study of pertinent diagnostic and prognostic techniques and therapeutic procedures.  
Prerequisites: grad st  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 713 Degenerative Cognitive Communication Disorders in Older Adults  
2 cr. Graduate.  
Nature of healthy cognitive aging and cognitive and communicative disorders of dementia. Study of pertinent diagnostic and prognostic techniques and therapeutic procedures.  
Prerequisites: grad st; cons instr.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 715 Assessment and Intervention in Augmentative and Alternative Communication  
3 cr. Graduate.  
Application of current research in augmentative and alternative communication (AAC) for assessment, prescription of AAC systems, and intervention planning for individuals with severe communication disorders.  
Prerequisites: grad st; cons instr.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 717 Special Populations in Communication Disorders  
2 cr. Graduate.  
Seminar reviewing the current literature on selected populations of individuals with communication disorders and the implications of this literature on clinical practice.  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 720 Advanced Clinical Practice in Speech-Language Pathology  
1-3 cr. Graduate.  
Supervised clinical practice with different speech and language problems in children and adults.  
Prerequisites: grad st; cons instr  
Course Rules: Counts as a repeat of ComDis 902. Retakable as necessary to fulfill competency requirements.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 721 The Clinical Process  
1 cr. Graduate.  
Analysis of the clinical process with application to clients with different speech-language disorders.  
Prerequisites: grad st  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

COMSDIS 725 Speech/Language Services in Educational and Medical Environments  
2 cr. Graduate.  
Methods and professional issues related to the speech-language pathologist employed in the educational and medical environments.  
Prerequisites: grad st, ComSDis 709(C) or cons instr.  
Current Offerings: http://uwm.edu/schedule
COMSDIS 726 Speech-Language Pathology Externship in Medical Environments
4 cr. Graduate.
Supervised clinical experience in medical and rehabilitation settings.
Prerequisites: grad st; ComSDis 709(P); ComSDis 725(P); cons instr & grad advisor.
Course Rules: Counts as a repeat of ComSDis 903. May be repeated to 8 cr max.
Current Offerings: http://uwm.edu/schedule

COMSDIS 727 Speech-Language Pathology Externship in Educational Environments
4 cr. Graduate.
Supervised clinical experience in educational environments.
Prerequisites: grad st; ComSDis 660(P) or 706(P); ComSDis 725(P); cons instr & grad advisor.
Course Rules: Counts as repeat of ComSDis 905. May be repeated to 8 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMSDIS 728 Instrumentation Laboratory
1 cr. Graduate.
Hands-on experience with speech science instrumentation for analysis of voice, prosody, and resonance.
Prerequisites: grad st; ComSDis 703(C) or cons instr.
Course Rules: Counts as repeat of ComSDis 906.
Current Offerings: http://uwm.edu/schedule

COMSDIS 770 Clinical Practice in Audiologic Assessment
3 cr. Graduate.
Supervised clinical experience at Community Audiology Services, West Allis, WI. Activities include audiologic assessment and (re)habilitation with children and adults (adult emphasis).
Prerequisites: grad st; ComSDis 670(521); cons instr.
Course Rules: Counts as repeat of ComSDis 906.
Current Offerings: http://uwm.edu/schedule

COMSDIS 771 Clinical Practice in Audiologic (Re)Habilitation:
2-3 cr. Graduate.
Supervised experience in audiologic (re)habilitation with pediatric or adult clients at on-campus or community sites.
Prerequisites: grad st; ComSDis 670(521) & 706 (for pediatric placements); cons instr.
Course Rules: Counts as repeat of ComSDis 907. May be repeated to 4 cr max.
Current Offerings: http://uwm.edu/schedule

COMSDIS 784 Professional Portfolio Development I
1 cr. Graduate.
Students are guided through the second (working) review of their professional development portfolios.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMSDIS 785 Professional Portfolio Development II
1 cr. Graduate.
Students are guided through the final process of designing a professional development portfolio.
Prerequisites: grad st; ComSDis 784(P).
Current Offerings: http://uwm.edu/schedule

COMSDIS 790 Research and Thesis
1-6 cr. Graduate.
Independent research and writing under the supervision of a graduate faculty member.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 791 Research Experience in Communication Sciences and Disorders
1 cr. Graduate.
Supervised research in communication sciences and disorders under the direction of an approved mentor.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMSDIS 799 Independent Studies
1-3 cr. Graduate.
Independent pursuit of a creative project designed by the student and supervised by a faculty or instructional academic staff member.
Prerequisites: grad st; cons grad advisor.
Current Offerings: http://uwm.edu/schedule

COMSDIS 802 Seminar in Applied Phonology:
1 cr. Graduate.
Specific topic and any additional prerequisites announced in the Timetable each time the course is offered. May be repeated w/chg in topic to 7 cr max.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 804 Seminar in Stuttering and Fluency:
1 cr. Graduate.
Specific topic and any additional prerequisites announced in the Timetable each time the course is offered. May be repeated w/chg in topic to 7 cr max.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

COMSDIS 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule
Assistive Technology and Accessible Design, Graduate Certificate (College of Health Sciences, Department of Communication Sciences and Disorders)

The Certificate in Assistive Technology and Accessible Design is an interdisciplinary program designed to meet the demand for assistive technology and accessible design specialists. The Departments of Occupational Science and Technology and Communication Sciences Disorders in the College of Health Sciences, along with the Department of Exceptional Education in the School of Education, collaborate on the course offerings and management. The certificate follows a model of prerequisite disability and technology basic knowledge, survey of the fields, assessment, intervention and leadership. Completion of the certificate will help prepare the students to sit for State and National certification examinations as Assistive Technology Specialists, Rehabilitation Engineering Technologist and Low Vision Specialist.

Admission Requirements

Application

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application

• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.

• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).

• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.

• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission

Students interested in this certificate should contact one of the three sponsoring programs before enrolling in any certificate courses. Admission to the certificate requires evidence of a basic knowledge of disability and computer applications, and an undergraduate GPA of at least 2.75 or a graduate GPA of at least 3.0.

Credits and Courses

Generally, students in the health sciences and exceptional education will have sufficient coursework in disability related studies. Prerequisite evidence in disability related studies may be obtained at the undergraduate level. One of the following is recommended to meet the computer applications requirement.

1 Alternate related graduate-level course can substitute if this course has been completed on an undergraduate level.

2 Any U/G course must be taken at graduate level.

**Certificate Requirements**

**Minimum Grade Requirement**

To be awarded the certificate, students must earn a minimum grade of B in the certificate courses (B- not allowed).

**Transfer Credit**

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

**Grade Point Average Requirement**

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

**Articulation with Degree Programs**

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   - Degree programs must approve the courses from certificates that can double count toward the degree.
   - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.

2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.

3. A course may count toward no more than one certificate and one degree.

4. Students may not earn a certificate subsequent to a concentration in the same area.

**Time Limit**

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

**Communication Sciences and Disorders, BS**

The Department of Communication Sciences and Disorders offers a Bachelor of Science degree, which provides the pre-professional foundation for graduate study. The student who plans to become a professional speech-language pathologist or audiologist will receive preparation in human communication sciences and disorders as well as a broad educational experience in the liberal arts and sciences.

**Requirements**

Students must achieve the following:

1. Satisfactory completion of 120 credits;
2. Satisfactory completion of the required courses in the Department of Communication Sciences and Disorders, and those required outside the department;
3. Satisfactory completion of the University General Education Requirements (p. 33);
4. A cumulative 2.5 GPA or better in all credits earned at UWM. Students should note that admission to graduate programs in speech-language pathology and audiology is highly competitive. To be competitive with other Graduate School applicants, it is recommended that students maintain a GPA greater than 3.5; and
5. Completion of the last 30 credits in residence at UWM.

1 Satisfied through required courses in the program.
Admission to the Major

To be accepted as a communication sciences and disorders major you must have:

1. A cumulative GPA of 2.75 or better in at least the first 58 credits taken;
2. A GPA of 3.0 or better in COMSDIS 220, COMSDIS 230, and COMSDIS 240, earned the first time;
3. Completion of Oral and Written Communication - Part A competency;
4. Completion of Quantitative Literacy - Part A competency;
5. Completion of an application form (http://uwm.edu/healthsciences/wp-content/uploads/sites/129/2015/07/CSD-Application-Degree-Students.pdf) for admission to the major. Applications are available in the College of Health Sciences Office of Student Affairs, Northwest Quadrant Building B, Room 6451; and
6. Endorsement by the faculty of the student's written application.

Students will receive written notice of the admission decision. A meeting with your advisor to discuss the program of study is required immediately following admission to the major.

Appeal Procedures

Students who are refused admission to the major may appeal the decision by writing to the department chairperson and enumerating the reasons they believe their case is exceptional and merits additional consideration. If possible, the appeal should be accompanied by written support from one or more of the faculty, and should include documentation of any extenuating circumstances cited in support of the appeal. A committee composed of the entire faculty of the Department of Communication Sciences and Disorders will consider individual student appeals for admission to the major. Students are notified in writing of the faculty's decision concerning the appeal.

Individuals who have an educational background in Communication Sciences and Disorders have a variety of employment and career opportunities available to them upon completion of the Bachelor's Degree. For those interested in working with children and adults with disabilities, positions may be found in schools, agencies, health-care facilities, and government. The Communication Sciences and Disorders major also provides a good preparation for graduate and certification training in human service-related fields.

Examples of Jobs for Undergraduate Majors

- Care Coordinator for high-risk children and families
- Case Manager for individuals with developmental disabilities
- Job Coach
- Activity Assistant
- Life Skills Instructor
- Rehabilitation Technician (assists rehabilitation professionals in healthcare settings)
- Classroom Aide
- Special Ed Educational Assistant
- Autism Line Therapist
- In-home Behavioral Support Specialist
- Substitute Teacher

---

1 Electives should be used to meet general education requirements.
2 COMSDIS 220, COMSDIS 230, and COMSDIS 240 may not be repeated and must have a minimum cumulative GPA of 3.00 for admission to the major.
3 These courses meet a subset of the requirements for Wisconsin Department of Public Instruction for School Certification in Speech-Language Pathology.
4 COMSDIS 688: Evaluation and Diagnosis in SLP is highly recommended; it will count toward 2 elective credits.
Jobs Requiring Additional Education
(graduate degree or post-baccalaureate certification)

- Speech-Language Pathologist
- Audiologist
- Social Worker
- Occupational Therapist
- Manager, Day Services Program
- Special Education Teacher
- Reading Specialist
- Vocational Rehabilitation Counselor
- Manager, Autism Therapy Agency

Honors in the Major
Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM following advancement to a Health Sciences major.

Honors in the College of Health Sciences
Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Communication Sciences and Disorders, MS
The Department of Communication Sciences and Disorders offers a program of graduate study which prepares students for careers as speech-language pathologists in public schools, hospitals, rehabilitation centers, nursing homes, and university training programs. The program typically takes 2 calendar years to complete. Students usually prepare for service delivery in both school and healthcare clinical settings to maximize career flexibility. Occasionally, students may choose to focus career preparation on just one type of setting.

Departmental laboratory and instructional facilities include a speech and language clinic, a hearing evaluation center, an instructional communication sciences laboratory, and faculty research laboratories. Research and instructional laboratories contain state-of-the-art technology, a variety of acoustic and physiological measurement systems including a swallow station, and augmentative and alternative communication (AAC) devices. Students typically participate in at least three semesters of on-campus clinic. Student participation in a research experience is required.

Following a minimum of two successful practicum experiences in the on-campus clinics, students are eligible for off-campus externships in medical, rehabilitation, school, and birth-to-three sites. A successful practicum experience is one in which a student earns a grade of B or better. Students placed in these facilities are required to pass a criminal background check prior to the externship placement, in accordance with Wisconsin State Statutes, Chapters 48 and 50.

The master’s degree program in speech-language pathology (M.S. in Communication Sciences and Disorders) at the University of Wisconsin-Milwaukee is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology (http://asha.org/academic/accreditation) of the American Speech-Language-Hearing Association, 2200 Research Boulevard, Rockville, MD 20850-3289, 301-296-5700.

The Wisconsin Department of Public Instruction (DPI) has also approved the undergraduate/graduate program in communication sciences and disorders. Students in the graduate program are advised individually to select academic coursework and clinical practica so that they may fulfill the standards of the credentials of their choice, including the state professional license issued by the Wisconsin Department of Regulation and Licensing (DRL), a state public schools license issued by the Wisconsin Department of Public Instruction (DPI), and the national professional Certificate of Clinical Competence in Speech-Language Pathology (CCC) issued by the American Speech-Language-Hearing Association (ASHA).

Admission Requirements
Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:
• Undergraduate major in communication sciences and disorders.
• A cumulative overall grade point average of 3.0 or better (scale of 4.0).
• Minimum grade point average of 3.0 or better in the undergraduate major courses.
• Submission of three letters of recommendation from persons familiar with applicant’s academic qualifications and achievements.
• Submission of Graduate Record Examination (GRE) scores.
• Students must apply to the program using the Communication Sciences and Disorders Centralized Application Service (CSDCAS). See the CSD FAQ Website for more information.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

Students preparing for professional certification in speech-language pathology must also have transcript credit (which could include coursework, advanced placement, CLEP, or examination of equivalency) for each of the following areas: biological sciences, physical sciences, social/behavioral sciences, and mathematics.

Credits and Courses
Minimum degree requirement is 49 credits, although total degree credits are typically around 53.

</table>

Whichever was not taken to fulfill a core requirement.

The student, in consultation with the major advisor, plans the appropriate practicum courses for on-campus clinics and off-campus externships to meet ASHA certification, DPI and Wisconsin licensure requirements. Only clinical clock hours for practicum experiences in which the student...
has earned a grade of B or better will apply toward degree, certification, or licensure requirements.

Students who have fulfilled the program's student learning outcomes in U/G courses (for example, COMSDIS 670 or COMSDIS 688) will be waived from taking these courses as part of their graduate program. However, students must still take a minimum of 38 graduate credits in academic coursework, and must have a minimum of 49 total graduate credits to complete degree requirements.

**Thesis**
Optional. A student may earn up to 6 credits for a thesis (COMSDIS 790) if this option is selected. One of these credits will apply toward the core curriculum, two credits may apply toward the elective credit requirement, and the rest may apply toward the total of 49 credits required for the degree.

**Research Experience**
Students who do not choose the thesis option are required to engage in a one-credit research experience (COMSDIS 791). This experience may involve (but is not limited to) a small-scale original study, a project related to the on-going research of a faculty member, a clinical case study, or a literature review. Students may work individually or in groups. The final product can be either a research paper or a poster of the research findings, presented at a departmental research colloquium.

**Program Requirements**

**Major Professor as Advisor**
The student must have a major professor to advise and supervise the graduate studies as specified in Graduate School regulations. Entering students are assigned advisors according to faculty advising loads.

**Knowledge and Skills Acquisition (KASA) Assessment**
All students will be responsible for completion of the Knowledge and Skills Acquisition (KASA) assessment, which assesses student attainment of learning outcomes in a variety of content areas. Students who are judged by program faculty and staff to be deficient in one or more content areas will be required to take additional coursework or clinical practica until their deficiencies have been satisfied.

Completion of the degree program affords the necessary opportunities to meet licensure and certification requirements. However, it is still the student’s responsibility to ensure that his or her individual course and practicum choices are consistent with the credentials he or she seeks to obtain, and that all competencies and standards have been met.

**Time Limit**
The student must complete all degree requirements within seven years of initial enrollment.
FOOD STUDIES, UNDERGRADUATE CERTIFICATE (COLLEGE OF HEALTH SCIENCES)

Lori Klos, Assistant Professor, Kinesiology, Co-Coordinator, END 455, (414) 229-3162, lklos@uwm.edu
Larry Kuiper, Associate Professor, French, Co-Coordinator, CRT 782, (414) 229-5966, kuiper@uwm.edu

The College of Letters and Science cooperates with the College of Health Sciences to offer an undergraduate certificate in Food Studies. The certificate is designed to help students become proficient at:

1. Investigating and analyzing food systems and practices in a variety of cultural, social, and geographical settings;
2. Presenting their critical reflections on the forces that surround these systems and practices in both written and oral form;
3. Using information (statistical, textual, first-hand accounts, etc.) as a basis for formulating plans for personally and socially responsible action pertinent to local and global food and health; and
4. Becoming active in the community by participating in activities that develop responsible and sustainable practices, promote cross-cultural understanding, and help people in disparate professions or academic fields understand the relationships the study of food has with their own specializations.

The program is administered by an advisory committee composed of faculty members from both the College of Letters and Science and the College of Health Sciences.

The interdisciplinary undergraduate certificate program in Food Studies explores the many facets of food, from the field and sea to the table, through the lenses of the arts, humanities, and natural and social sciences. Combining courses in the Liberal Arts and Health Sciences, it addresses the production and consumption of food and its symbolic and ideological meanings, across cultures and over time, from the beginning of agriculture to globalization.

Eligibility

The Certificate in Food Studies is open to all students seeking a bachelor’s degree from UWM, to those who previously received a bachelor’s degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject. To be admitted to the university as non-degree students, individuals must meet regular University admission requirements. The Certificate is awarded jointly by the College of Health Sciences and the College of Letters and Science.

Students concurrently enrolled in a degree program who successfully complete the certificate program requirements will be awarded the certificate at the time of graduation. Post-baccalaureate and non-degree students will receive the certificate upon completion of the program requirements. Graduate students are eligible to pursue the Food Studies certificate concurrently with their graduate studies, and they will be awarded the certificate upon completion of the program requirements.

Requirements

To earn the certificate, students must complete 18 credits in approved Food Studies courses, with a minimum grade point average of 2.500, including:

</tbody>
</table>

A senior research or capstone course offered by another program and approved as a Food Studies content course

Total Credits: 21

Of the 18 required credits, at least 9 credits must be taken at the advanced level (courses numbered 300 and above) and must be taken in residence at UWM. No more than 9 credits in one curricular code may be counted towards the certificate. Students are limited to 3 credits in independent studies and 3 credits in internships.

Approved Electives

The following courses are approved to count toward the Food Studies Certificate. Additional courses may be found each semester in the Schedule of Classes. In addition, students are encouraged to consult the Program Coordinators and to petition for the inclusion of relevant courses as appropriate.

1 The following subtitled topics courses may be used towards the Undergraduate Certificate in Food Studies: `Introduction to Food Principles and Preparation` or `Life Cycle Nutrition`.

2 The following subtitled topics courses may be used towards the Undergraduate Certificate in Food Studies: `Food, Culture, and Power` or `Food and the City`. 
The fast-growing field of health care informatics seeks professionals with highly specialized training in IT and health care. The program’s interdisciplinary, expert faculty provide training in critical skills like systems analysis and design, decision support, health care applications and procurement and information security.

**Programs**
- Health Care Administration, BS (p. 848)
- Health Care Administration, Minor (p. 850)
- Health Care Informatics, MS (p. 850)
- Health Care Informatics, MS/Library and Information Science, MLIS (p. 851)
- Health Care Informatics, Undergraduate Certificate (p. 853)
- Healthcare Administration, MHA (p. 853)

**Health Care Administration Courses**

**HCA 203 Human Life Cycle**
3 cr. Undergraduate.
Views of leading theorists and recent research in the field of human development will be presented with emphasis on biopsychosocial aspects of the five major stages of development from prenatal through senescence.

*Prerequisites:* soph st or cons instr.
*General Education Requirements:* SS
*Last Taught:* Spring 2018, Fall 2017, Spring 2017, Fall 2016.
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 212 Drugs Used and Abused**
3 cr. Undergraduate.
An introduction to the mechanisms, actions, uses and abuses of selected licit and illicit drugs from a public health perspective.

*Prerequisites:* soph st or cons instr.
*General Education Requirements:* SS
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 220 Leading Healthcare Professionals**
3 cr. Undergraduate.
Introduction to effective healthcare leadership of self, others, and groups in complex healthcare settings. Emphasis on leader understanding own temperament and values and healthcare context.

*Prerequisites:* none.
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 245 Client Diversity in Health Sciences: An Interdisciplinary Perspective**
3 cr. Undergraduate.
Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual's cultural identity.

*Prerequisites:* soph st or cons instr.
*Course Rules:* BMS(C L Sci)/ComSDis/HCA/Kin(HMS)/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.
*General Education Requirements:* SS, CD
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 260 Gerontology for Health Care Administrators**
3 cr. Undergraduate.
The administrator’s responsibility for improving resident quality of life in long-term care organizations through an overview of sociological, psychological, and biological aspects of aging.

*Prerequisites:* none.
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 290 Selected Topics in Health Information Administration:**
1-3 cr. Undergraduate.
Content to be determined as instructional need arises.

*Prerequisites:* none, except as specified for topic.
*Course Rules:* May be retaken for cr w/chg in topic.
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 297 Study Abroad**
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.

*Prerequisites:* acceptance to Study Abroad Prog.
*Course Rules:* May be retaken w/chg in topic.
*Last Taught:* Fall 2010, Summer 2008.
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 307 Epidemiology for the Health Sciences**
3 cr. Undergraduate.
Introduction to the etiology and distribution of disease and risk factors associated with the determination of disease; applications of epidemiology to the health science professions.

*Prerequisites:* HMS 270(P) or MthStat 215(P)
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HCA 333 Health Organizations Professional Practice Standards**
2 cr. Undergraduate.
Overview of regulatory statutes, licensure requirements, accreditation and other professional practice standards that affect healthcare organizations.

*Prerequisites:* jr st in Hlth Sci or minor in HCA.
*Current Offerings:* [http://uwm.edu/schedule](http://uwm.edu/schedule)
HCA 340 Healthcare Process Measurement
3 cr. Undergraduate.
Compilation and presentation of healthcare statistics; use of statistical analysis and graphic presentation of data to examine healthcare processes and support decision-making.
Prerequisites: jr st in HlthSci; HMS 270(P) or MthStat 215(P).
Current Offerings: http://uwm.edu/schedule

HCA 361 Structure and Functions of Long-Term Care Facilities
3 cr. Undergraduate.
Nursing home administrator’s domains of practice, nursing facility management innovations, and the long-term care continuum through lectures and site visits.
Prerequisites: HCA 260(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 362 Legal and Regulatory Aspects of Long-Term Care Facilities
3 cr. Undergraduate.
Legal and regulatory environment of the nursing facility. Reviews state and federal requirements and overviews the survey process designed to protect resident well-being
Prerequisites: HCA 311(C) & 361(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 411 Disease Classification Systems I
3 cr. Undergraduate.
Disease classification systems with emphasis on hospital applications.
Prerequisites: HCA 222(HIA 222)(P) or equiv; or cons instr.
Last Taught: Fall 2003, Fall 2002, Fall 2001, Fall 2000.
Current Offerings: http://uwm.edu/schedule

HCA 421 Operations Management in Healthcare Organizations
3 cr. Undergraduate.
Application of operations management principles to management of healthcare organizations. Emphasis on tools to plan, organize and control.
Prerequisites: Bus Adm 350(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HCA 422 Human Resource Management in Healthcare Organizations
3 cr. Undergraduate.
Introduction of human relation concepts as it applies to the health care organizations. Emphasis on the application of management responsibilities.
Prerequisites: jr st in HlthSci or HCA minor.
Current Offerings: http://uwm.edu/schedule

HCA 423 Health Information Administration in Specialized Healthcare Facilities
4 cr. Undergraduate.
Study of health information systems in ambulatory, long-term, home health, and other non-hospital settings; site visits and site-specific projects.
Prerequisites: sr st in HCA or cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 430 Patient Registration Management
3 cr. Undergraduate.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

HCA 444 Introduction to Text Retrieval and Its Applications in Biomedicine
3 cr. Undergraduate/Graduate.
Introduction to text retrieval, text classification, and their biomedical applications; topics include: indexing, query processing, and document retrieval methods.
Prerequisites: jr st; CompSci 351(P) or HCA 442(P).
Course Rules: Jointly offered with & counts as repeat of CompSci 444,
CompSci 744, & HCA 744.
Current Offerings: http://uwm.edu/schedule

HCA 450 Healthcare Quality Management
3 cr. Undergraduate.
Theory and development of quality assessment programs in healthcare; involvement of governing board, administration, medical staff, includes review of risk and utilization management programs.
Prerequisites: C L Sci 301-305(P); HMS 270(P) or MthStat 215(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HCA 460 Healthcare Reimbursement Systems and Policies
3 cr. Undergraduate.
History and functioning of healthcare reimbursement systems. Emphasis on the policies and procedures of government and major third party systems.
Prerequisites: HCA 421(P).
Current Offerings: http://uwm.edu/schedule

HCA 480 Competency-Based Internship in Long-Term Care Facilities
3 cr. Undergraduate.
A supervised clinical practicum serving as the capstone fieldwork experience for HCA majors obtaining a sub-major in long-term care administration.
Prerequisites: HCA 362(C) & cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 497 Study Abroad
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance to Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Summer 2008.
Current Offerings: http://uwm.edu/schedule

HCA 502 Healthcare Delivery Systems: National and International Perspectives
3 cr. Undergraduate.
An analysis of health delivery systems in the U.S. and abroad.
Prerequisites: jr st & completion of HS 102(HCA 102)(P).
Current Offerings: http://uwm.edu/schedule
HCA 520 Clinical Practicum
3 cr. Undergraduate.
Assignments to local health information centers for practical experience; weekly meetings and projects also required.
Prerequisites: sr st in HCA.
Current Offerings: http://uwm.edu/schedule

HCA 521 Advanced Systems Thinking for Healthcare Leaders
3 cr. Undergraduate/Graduate.
An in-depth view of systems theory, Deming's system of profound knowledge, and Goldratt's theory of constraints and how these theories can improve healthcare organizations.
Prerequisites: jr st; HCA 340(P) & Bus Adm 330(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HCA 537 Introduction to Healthcare Databases and Technologies
3 cr. Undergraduate/Graduate.
Introduction to origins, sources and content of healthcare data; technologies used to manage and control healthcare databases.
Prerequisites: jr st in Hlth Sci or minor in HCA or HCl cert or cons instr; HS 224 (HCA 224)(P) or L&I Sci 110(P) or Bus Adm 230(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HCA 540 Health Information Professional Practice
4 cr. Undergraduate.
Four-week professional practice working with and under supervision of an information manager. Pre-practice meetings and post-practice seminar.
Prerequisites: sr st in HCA, HCA 520 (HIA 520)(P).
Current Offerings: http://uwm.edu/schedule

HCA 541 Healthcare Information Systems Analysis and Design
3 cr. Undergraduate/Graduate.
Overview of health facility computerized information systems. Information systems theory, systems analysis, and implementation of computer systems from a managerial/planning perspective.
Prerequisites: jr st, HCA 537(P); or grad st.
Current Offerings: http://uwm.edu/schedule

HCA 542 Healthcare Database Design and Management
3 cr. Undergraduate/Graduate.
Study of database structure, data models, and operations issues. Emphasis on data security, integrity, integration, and access. Healthcare database applications.
Prerequisites: jr st, HCA 541(P); or grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HCA 580 Health Care Administration Internship
4 cr. Undergraduate.
Capstone course/Internship experience with administrators in health care agencies and health-related organizations (e.g., hospitals/health systems, ambulatory care/group practices, managed care, rehabilitation facilities, residential/long-term care).
Prerequisites: sr st in HCA prog & cons internship coordinator.
Course Rules: May be retaken to max of 12 cr.
Current Offerings: http://uwm.edu/schedule

HCA 590 Topics in Health Sciences:
1-3 cr. Undergraduate/Graduate.
Topics of current interest within the field of health sciences. The theme for each semester's offering will be posted.
Prerequisites: jr st; cons instr for grad cr.
Course Rules: May be retaken w/chg in topic to max of 9 cr for grad students.
Current Offerings: http://uwm.edu/schedule

HCA 699 Advanced Independent Study:
1-3 cr. Undergraduate/Graduate.
Prerequisites: U: jr st, 2.5 gpa, writ cons instr; G: grad st; writ cons instr.
Course Rules: May be retaken with change in topic.
Current Offerings: http://uwm.edu/schedule

HCA 700 Introduction to Health Care Informatics
2 cr. Graduate.
An introduction to the history, theory, applications, and organizational context of health informatics.
Prerequisites: grad st or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HCA 701 Health Information Technology Procurement
3 cr. Graduate.
A study of the concepts related to acquisition of information technology, including evaluation, selection, and contracts. Emphasis on integration of information technology and strategic planning.
Prerequisites: grad st; Bus Adm 749(C) or CompSci 557(C) or HCA 442 (HIA 442)(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 722 Legal, Ethical and Social Issues in Health Care Informatics
3 cr. Graduate.
Legal, ethical and social issues in the use of health care computer-based technology and information systems.
Prerequisites: grad st
Last Taught: Spring 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

HCA 723 Health Care Systems Applications - Administrative and Clinical
3 cr. Graduate.
A study of the administrative and clinical applications of health information systems with emphasis on content, functional and technical requirements.
Prerequisites: grad st; Bus Adm 749(C) or CompSci 557(C) or HCA 442 (HIA 442)(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 740 Introduction to Biomedical Database Applications
3 cr. Graduate.
The course surveys the emerging field of biomedical database applications, which includes recurrent themes in biomedical database design.
Prerequisites: grad st or cons instr.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule
HCA 741 Essential Programming for Health Informatics  
3 cr. Graduate.  
Study of programming topics and skills necessary to perform commonly encountered computational tasks in the field of biomedical and health informatics.  
Prerequisites: grad st.  
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.  
Current Offerings: http://uwm.edu/schedule

HCA 742 Computational Intelligence in Health Informatics  
3 cr. Graduate.  
Study of computational intelligence as applied to biomedical and health care informatics.  
Prerequisites: grad st.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

HCA 743 Predictive Analytics in Healthcare  
3 cr. Graduate.  
Study of predictive analytics methods and their healthcare applications.  
Prerequisites: grad st or cons instr.  
Current Offerings: http://uwm.edu/schedule

HCA 744 Text Retrieval and Its Applications in Biomedicine  
3 cr. Graduate.  
Fundamental issues and current research in text retrieval, text classification and their biomedical applications; programming and use of indexing, query processing, and document retrieval methods.  
Prerequisites: grad st; COMPSCI 351 (P) or HCA 442 (P) or cons instr.  
Course Rules: Not open to students who have cr in COMPSCI 744, COMPSCI 444 or HCA 444.  
Last Taught: Fall 2016, Fall 2015, Fall 2007.  
Current Offerings: http://uwm.edu/schedule

HCA 745 Health Big Data Processing Platforms  
3 cr. Graduate.  
Study of big data processing techniques in healthcare.  
Prerequisites: HCA 741(P); grad st or cons instr.  
Current Offerings: http://uwm.edu/schedule

HCA 760 Biomedical and Healthcare Terminology and Ontology  
3 cr. Graduate.  
Theory and application of ontology, controlled terminology, and coding to health information systems.  
Prerequisites: grad st  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.  
Current Offerings: http://uwm.edu/schedule

HCA 776 Biomedical Natural Language Processing  
3 cr. Graduate.  
Study of basic and essential concepts, techniques, and tools of Natural Language Processing for its application to the biomedical domain.  
Prerequisites: grad st; B or better in HCA 741 or cons instr. Computer and internet access required.  
Current Offerings: http://uwm.edu/schedule

HCA 789 Biomedical Information Extraction  
3 cr. Graduate.  
Applications of Natural Language Processing Methods to Biomedical Information Extraction Tasks.  
Prerequisites: grad st; B or better in HCA 776 or cons instr. Counts as a repeat of HCA 590 with same topic.  
Current Offerings: http://uwm.edu/schedule

HCA 801 Design of Health and Human Service Systems  
3 cr. Graduate.  
Develop and apply skills in analysis, synthesis and evaluation of systemic components necessary to delivery health care services in the United States of America. Counts as repeat of HCA 590 of same topic.  
Prerequisites: grad st; admis to MHA major; or cons instr.  
Last Taught: Fall 2017.  
Current Offerings: http://uwm.edu/schedule

HCA 813 Health Regulatory Policy and Politics  
3 cr. Graduate.  
Social and political foundations of healthcare regulations including legal factors affecting patient/client care, operations, the administration of healthcare facilities and systems.  
Prerequisites: grad st; admis to MHA major; or cons instr.  
Course Rules: Counts as repeat of HCA 590 of same topic.  
Last Taught: Fall 2017.  
Current Offerings: http://uwm.edu/schedule

HCA 821 Operations Management in Healthcare Organizations  
3 cr. Graduate.  
Fundamental principles, concepts, and approaches regarding health care operations management, quality management, and process improvement.  
Prerequisites: grad st; admis to MHA major; or cons instr.  
Course Rules: Counts as repeat of HCA 590 of same topic.  
Last Taught: Fall 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

HCA 822 Human Resources Management for Healthcare Executives  
3 cr. Graduate.  
Human resources management functions, processes and systems within healthcare organizations including recruitment, selection, training of personnel and the legal and regulatory environment.  
Prerequisites: grad st; admis to MHA major; or cons instr.  
Course Rules: Counts as repeat of HCA 590 of same topic.  
Current Offerings: http://uwm.edu/schedule

HCA 823 Strategic Planning in Health Care Organizations  
3 cr. Graduate.  
Application of decision support for strategic planning in health care organizations. Counts as repeat of HCA 590 of same topic.  
Prerequisites: grad st; admis to MHA major; or cons instr.  
Last Taught: Spring 2018.  
Current Offerings: http://uwm.edu/schedule

HCA 830 Social Media & Healthcare: Opportunities & Pitfalls  
3 cr. Graduate.  
Social media for healthcare providers, self-management, disease surveillance, mood/depression detection, social support for patients with chronic diseases. Social media as platforms for collaboration.  
Prerequisites: grad st; admis to MHA or MS-HCI program; or cons instr.  
Course Rules: Counts as repeat of HCA 590 of same topic.  
Current Offerings: http://uwm.edu/schedule
HCA 835 Patient-Provider Communication: Strategies & Practices
3 cr. Graduate.
Communication techniques including technological skills, social media skills, inter-cultural skills and the ability to understand the new and evolving empowered patients. Counts as repeat of HCA 590 of same topic.
Prerequisites: grad st; admis to MHA or MS-HCI program; or cons instr
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

HCA 865 Financial Management for Health Care Organizations
3 cr. Graduate.
Skills in analysis, synthesis and evaluation of advanced financial management theories, principles, concepts and techniques important to health management.
Prerequisites: grad st; admis to MHA major; or cons instr
Course Rules: Counts as repeat of HCA 590 of same topic.
Current Offerings: http://uwm.edu/schedule

HCA 866 Leading Change & Innovation in a System
3 cr. Graduate.
Management of innovation business projects, including multi-tier contracting, virtual manufacturing, quality targeting and pursuit, and global operations. Counts as repeat of HCA 590 of same topic.
Prerequisites: grad st; admis to MHA major; or cons instr
Last Taught: Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HCA 867 Leading Strategic Innovation in a Competitive Global Market
3 cr. Graduate.
Overview of healthcare in 11 developing/industrialized countries. Integrated approach and synthesis-based organizational framework explored. Leadership strategies for analysis and solutions to current issues developed.
Prerequisites: grad st; admis to MHA major; or cons instr
Current Offerings: http://uwm.edu/schedule

HCA 868 Health Law
3 cr. Graduate.
Critical examination for healthcare specific issues and differences from other industries; financial and accounting practice; legal requirements and constraints; ethical issues facing healthcare managers.
Prerequisites: grad st; admis to MHA major; or cons instr
Current Offerings: http://uwm.edu/schedule

HCA 869 Health Care Compliance
3 cr. Graduate.
Fundamentals of health care compliance, following Health Care Compliance Association expectations. Partial preparation for Certification in Healthcare Compliance (CHC) exam offered by Compliance Certification Board.
Prerequisites: grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 870 Internship in Health Care Administration
2 cr. Graduate.
Fieldwork placement in a staff or administrative position.
Prerequisites: grad st; admis to MHA program; or cons instr
Last Taught: Summer 2017, Summer 2016.
Current Offerings: http://uwm.edu/schedule

HCA 871 MHA Capstone
1 cr. Graduate.
Capstone course in which students demonstrate mastery of integration and synthesis of didactic and experiential coursework. Facilitates the turning point from education to professional practice.
Prerequisites: grad st; admis to MHA; or cons instr
Current Offerings: http://uwm.edu/schedule

HCA 890 Health Care Informatics Research and Thesis
1-6 cr. Graduate.
Preparation of a thesis under the direction of the student's major professor.
Prerequisites: grad st, cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 891 Health Care Informatics Professional Project
3 cr. Graduate.
Preparation of a professional project under the supervision of the student's major professor.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

HCA 909 Guided Teaching Experience in Health Sciences
3 cr. Graduate.
This course provides the student, under the supervision of a faculty member, with the opportunity to design, deliver, and evaluate an undergraduate course.
Prerequisites: grad st; Occ Thpy 900(P); cons instr
Course Rules: Jointly offered w/ and counts as a repeat of BMS (C L Sci) 909.
Last Taught: Fall 2015.
Current Offerings: http://uwm.edu/schedule

HCA 990 Research and Dissertation
1-6 cr. Graduate.
Research in Health Care Administration and Informatics.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

Health Sciences Courses
HS 101 Introduction to Health and Disease
2 cr. Undergraduate.
A survey of health promotion and disease prevention including fitness, nutrition, disease transmission, mental health, drug use, and other current health-related topics.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 102 Healthcare Delivery in the United States
3 cr. Undergraduate.
An introduction to healthcare delivery focusing on consumers, providers, organization, financing, quality and utilization of services, health planning, and political and governmental impacts.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule
HS 105 Survey of the Health Professions
3 cr. Undergraduate.
An introduction to health professions, their work settings and roles on the healthcare team. Other topics include: patient-professional communication, patient characteristics, medical terminology.
Prerequisites: none.
Course Rules: Counts as repeat of HS 105X.
General Education Requirements: SS
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HS 222 Language of Medicine
3 cr. Undergraduate.
Medical terms used in oral and written communication; reviews terminology by body system with emphasis on application.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

HS 224 Computational Tools for Healthcare Professionals
3 cr. Undergraduate.
Healthcare focused introduction to computational tools for information management, including system architecture, process and ethical concepts. Incorporates training in office application software.
Prerequisites: preprofessional or professional in Health Sciences or HCA minor or HCI cert.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 250 Allied Health Information Methods
2 cr. Undergraduate.
Techniques and processes used by allied health personnel to translate thought and behavior into an acceptable style and format for documentation of activities.
Prerequisites: soph st; grade of C or better in English 102(P) or score at level 4 on EPT.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 251 Health Documentation
1 cr. Undergraduate.
Appropriate health documentation techniques will be addressed including the medical, legal and reimbursement issues of patient assessment, problem identification, and patient care plans.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 311 Law for Healthcare Consumers and Professionals
3 cr. Undergraduate.
An introduction to the law as it relates to health care. Topics include contracts, torts, damages, negligence, malpractice, litigation and trial proceedings.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

HS 620 Environmental Health
3 cr. Undergraduate/Graduate.
An overview of the field of environmental and occupational health is presented, including physical, chemical and biological hazards.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

HS 917 Seminar in Health Outcomes Assessment
3 cr. Graduate.
Conceptual innovations and methodological strategies in outcomes research including implementation in clinical research and practice.
Prerequisites: grad st ; cons instr
Last Taught: Fall 2014, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

Health Care Administration, BS

Like all businesses, health care organizations require strong leadership to run smoothly. As an experienced health care administrator, your career could span the operation of a single department to executive leadership and management positions in which you’re responsible for millions of dollars of facilities and equipment as well as hundreds of employees.

Our undergraduate health care administration program will help you master the basic business principles and tools that you’ll need for effective decision-making when you enter this field: finance, information systems, strategic planning, human resource management and marketing. You’ll also develop strong management and leadership abilities — such as business skills, problem-solving, communication, relationship management, diplomacy, collaboration, teamwork, adaptability, change management and mentoring — that will be essential to your success.

Course of Study

The Health Care Administration program offers a four-year curriculum leading to a Bachelor of Science (BS) degree in Health Care Administration. The curriculum includes all necessary requirements for a minor in business administration. Students begin by taking freshman- and sophomore-level foundation courses in the biological and health sciences, health information administration, as well as the liberal arts. This coursework provides a solid basis for the advanced study of healthcare administration that follows. Successful completion of a faculty-supervised, semester-long internship (minimum of 120 hours) at an approved healthcare agency is required in the senior year.

Admission to the Major

The Health Care Administration program will consider applications to the major at the end of each semester, as long as the student’s cumulative UWM GPA is 2.5 or above, the student has completed the admission prerequisite courses, and the student has met the grade requirements for required courses. Students are encouraged to apply to the major as soon as they meet these requirements and have achieved sophomore status.

Application forms for admission to the major in HCA can be accessed online or can be requested from the College of Health Sciences (CHS) Office of Student Affairs. Completed application forms and copies of transcripts of previous college work can be submitted to the CHS Office of Student Affairs. The following courses are prerequisites for admission:

Students are required to earn a grade of C+ or higher in all HCA and HS courses, and a grade of C or higher in all other required courses. Students who twice earn a grade lower than these requirements in any required course will not be admitted, and if previously admitted, will be dismissed from the HCA major. Such students can submit an appeal to remain in the HCA major.

No student applying to the program with a cumulative UWM GPA lower than 2.5 will be admitted. A student whose cumulative UWM GPA falls below 2.5 will be placed on probationary status and will not be able to graduate with the degree in Health Care Administration until his or her cumulative UWM GPA is 2.5 or higher. Students remaining on probation for more than two consecutive semesters will be dismissed from the major.

Requirements for Internship

The faculty-supervised internship (minimum of 120 hours) is an integral component of the Health Care Administration major. Students, under the direction of a preceptor, are given opportunities for management-related experience in local, national, and international healthcare organizations. Students must be admitted to the major and complete the internship application form by October 1 to be considered for the spring semester and March 1 for the fall semester. Summer internships will be considered for approval on a case-by-case basis, and the application deadline is March 1. Prior to internship, students must complete a background check and must meet physical and health screening requirements.

Graduation Requirements

The following requirements must be met to graduate:

1. Completion of the required 128 credits;
2. A cumulative UWM GPA of 2.5;
3. A grade of C+ or better in all Health Care Administration courses (HCA & HS) and a C or better in all other required courses; and
4. Completion of all University General Education Requirements (p. 33).

**Total Credits: 128**

1. General Education Requirements (GERs): The courses required within the HCA curriculum satisfy the University’s General Education requirements for Cultural Diversity, Social Sciences, Natural Sciences, Quantitative Literacy and Oral and Written Communication (Exception: Students still need to satisfy the OWCB requirement, and may take ENGLISH 205 to meet this University GER requirement); students should use their elective credits to satisfy GER requirements for the Humanities and the Arts.

**Total Credits: 18**

*University of Wisconsin-Milwaukee*
Honors in the Major

Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM following advancement to a Health Sciences major.

Honors in the College of Health Sciences

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Health Care Administration, Minor

Requirements

The minor in Health Care Administration consists of 17 credits and may be declared once a student has completed a minimum of 45 credits and achieved a minimum cumulative GPA of 2.5. To obtain the minor, a student must complete at UWM the 17 credits on which a minimum 2.5 cumulative GPA is also required. Declaration forms for the Health Care Administration Minor are available in the College of Health Sciences, Office of Student Affairs, NWQ Building B, 6th Floor. For more information or to schedule an advising appointment, please call (414) 229-2758.

Health Care Informatics, MS

The Department of Health Informatics and Administration in the College of Health Sciences offers the Master of Science in Health Care Informatics degree. Health care informatics focuses on the use of information technologies, data analytics and automation to improve health care. Professional expertise in health care informatics is needed by hospitals and other health care providers, medical centers and facilities, medical software companies, pharmaceutical companies, public health organizations, health insurance companies and medical research institutions. The master’s program is designed to meet the demand for highly trained health care informatics professionals. The curriculum covers several areas including: systems analysis and design, database design and management, clinical decision support and computer programming. Students also get exposed to cutting-edge research in areas such as big data, predictive analytics, natural language processing, medical knowledge representation and information retrieval, which are rapidly becoming indispensable for improving health care.

The program is designed for both full-time and part-time students. Courses are offered both face-to-face and online. Mid-career professionals can use the fully online option for completing the degree.
Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/Registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) and submit GRE scores taken within the past five years (GRE requirement will be waived for applicants who already hold another master’s degree or PhD, or the equivalent). No specific undergraduate major is necessary for admission. A typical applicant will have background in a health-related field or in an information/computer related field, but applicants from other academic or professional backgrounds are welcome to apply who will be considered on a case-by-case basis.

Credits and Courses
The Master of Science in Health Care Informatics degree will be awarded upon completion of appropriate 32 credits (non-thesis option) or 35 credits (thesis option) of prescribed graduate study; 23 credits of core courses and 6 credits of electives are required, plus either 3 credit HCA 891 or 6 credits HCA 890.

Total Credits: 32-35

1 Electives other than those listed below are to be approved by the student’s major professor.

Thesis/Project Options

Option A: Project Option
The Project option requires students to apply health informatics research and theory to a professional situation. The project must be undertaken in compliance with program requirements under the supervision of a HIA major professor. Students who choose this option count 3 credits of HCA 891 toward the required 32-graduate-credit minimum.

Option B: Thesis Option
The thesis option requires students to plan, design, execute and report results of original applied or basic research. Students who choose the thesis option are responsible for identifying a HIA major professor and a thesis committee. The thesis committee should consist of the major professor and at least two other graduate faculty. The student must pass a comprehensive oral examination in defense of the completed thesis. Students who choose this option count 6 credits of HCA 890 toward the required 35-graduate-credit minimum.

Program Requirements

Major Professor as Advisor
A student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. Initially the director of the HCI Program advises and supervises newly admitted students. Students are then assigned faculty advisors according to faculty advising loads.

Program Completion Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Health Care Informatics, MS/Library and Information Science, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component
The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses.
These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

**MLIS/MS Health Care Informatics**

The MLIS/MS Health Care Informatics Coordinated Degree Program is designed to provide students with theoretical and practical exposure to the evolving field of healthcare informatics as practiced in hospitals, clinics, professional offices, corporations, the government, the insurance industry, and higher education.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**

Students are admitted to both graduate programs separately and admission requirements (http://uwm.edu/graduateschool/admission) are consistent with those specified by the UWM Graduate School, the Department of Healthcare Informatics, and the MLIS program (http://uwm.edu/graduateschool/library-information-science) of the School of Information Studies.

**Credit and Courses**

Students accepted into this MS/MLIS program complete the following courses:

<table>
<thead>
<tr>

</tbody>
</table>

**Electives**

Select at least four of the following: 12-15 credits

- INFOST 521: Introduction to Reference Services and Resources
- INFOST 661: Information Ethics
- INFOST 714: Metadata
- INFOST 791: Topics in Library and Information Science: 1-3 credits

**Other Elective**

Select 3 credits

Total Credits 40-45

Students also must pass a comprehensive examination, or submit and successfully defend a thesis. The thesis option requires additional credits.

- Minimum Credits for MS: 29
- Minimum MLIS Credits: 27
- Minimum Total Credits for the Program: 56

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

**Important**

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.

**Program Requirements**

**Time Limit**

Students in the coordinated MS/MLIS degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.
Health Care Informatics, Undergraduate Certificate
(Offered cooperatively by the University of Wisconsin-Milwaukee College of Health Sciences and School of Information Studies.)

UWM offers a certificate in Health Care Informatics, as well as a Master of Science (MS) in Health Care Informatics and a PhD in Medical Informatics. The Certificate in Health Care Informatics provides undergraduate students with the educational foundation to pursue health informatics graduate studies. Students may work towards the certificate concurrently with any undergraduate major or as a post-baccalaureate certificate.

Healthcare organizations employ a vast and complex array of information systems. In order to utilize and maintain these systems, many more knowledgeable and skilled employees are needed.

The objectives of the program are to prepare students to understand, analyze, and evaluate information technology used to perform administrative and clinical tasks in a healthcare organization.

The program is of value to students in the health professions, information studies, and related areas of study who are seeking professional employment with hospitals, clinics, health insurance and pharmaceutical companies, as well as with vendors who have designed, developed, and installed healthcare information systems.

The purpose of the Certificate in Health Care Informatics is to provide an introduction and basic foundation for health professionals, information studies, and other students in the emerging practice of healthcare informatics.

Requirements

Coursework focuses on:

1. Introduction to information technology theory and application, with a special emphasis on internet communication;
2. Analysis and design of information systems in a healthcare environment;
3. Design, creation, and management of healthcare database systems; and
4. Legal aspects of information products and services.

Curriculum

The following requirements must be successfully completed to obtain a Certificate in Health Care Informatics. A minimum grade of C is required in each of the following courses, as well as a 2.5 cumulative GPA across all required courses.

<table>

Healthcare Administration, MHA

The Department of Health Informatics and Administration offers the Master of Healthcare Administration (MHA) to provide evidence-based training in micro and macro theory and practice to advance the health of individuals and communities—local, national, and international. The program enables students to understand the complex interrelationships between health organizations, societal and cultural contexts, and biological systems, and emphasizes the well-being of the individuals and populations affected by these complex interrelationships. The curriculum is designed for accreditation by the Commission on Accreditation Healthcare Management Education (CAHME.)

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) and submit GRE, GMAT, or other graduate entrance exam scores taken within the past five years. Exceptions to the entrance exam requirement will be determined on a case-by-case basis for exceptional prior professional experience or exceptional academic performance. Credits earned in these courses do not count toward the degree.

Credits and Courses

MHA Options
There are three options for the MHA:

Option 1: Face-to-Face Program
(39 credits required for graduation)

All courses are offered in face-to-face sections; 30 credits of required courses, a 2-credit internship, 1-credit MHA capstone course and 6 credits of electives are required.

Option 2: Online program
(39 credits required for graduation)

All courses are offered online; 30 credits of required courses, a 2-credit internship, 1-credit MHA capstone course and 6 credits of electives are required.

Option 3: Executive Online program
(33 credits required for graduation)
All courses are offered online; 30 credits of required courses, a 2-credit internship and 1-credit MHA capstone course required. Admission to the Executive Online program requires previous health-related administrative experience and an advanced professional degree. Examples of acceptable degrees include MBA, PharmD, PhD, MD, JD, DO, DPT, and APRN.

**Program Requirements**

**Major Professor as Advisor**

A student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. Initially the director of the HCI Program advises and supervises newly admitted students. Students are then assigned faculty advisors according to faculty advising loads.

**Time Limit**

All degree requirements must be completed within seven years of the first enrollment semester as a degree student.
HEALTH PROFESSIONAL EDUCATION, GRADUATE CERTIFICATE (COLLEGE OF HEALTH SCIENCES)

The Health Professional Education certificate is designed to provide health professionals with additional preparation in educational principles and theory to support them in their roles as educators of students and staff in the health professions as well as the role of patient educator. This program is open to students simultaneously enrolled in a graduate degree program, as well as to health professionals who have completed a baccalaureate, master’s, or doctoral degree. The certificate program is a collaborative program between the College of Health Sciences and Schools of Nursing and Education, and is coordinated through the College of Nursing.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission
Applicants are admitted to the certificate program in one of three categories: post-baccalaureate, current student in a UWM graduate health profession program, or post-graduate student.

1. Post-baccalaureate students must have completed a bachelor’s degree in a health profession discipline with a grade point average of 2.75 or above (4.0 scale) and not be currently enrolled in a graduate degree program at UWM.
2. The admission requirements of the health professional educational certificate for students enrolled in good standing in a UWM graduate health profession program are consistent with those requirements specified by the program.
3. Post-graduate students must have completed a graduate degree in a health profession or related discipline with a grade point average of 3.0 or above (4.0 scale).

Credits and Courses

The completion of 15 credit hours (5 courses) is required for the certificate program.

</tr>
</tbody>
</table>

Curriculum/Program Planning & Evaluation Courses 3

Select one of the following:
- AD LDSP 667 Program Planning in Adult Education
- AD LDSP 607 Coordination of Staff Development and Training Program
- AD LDSP 647 Evaluation of Adult, Continuing, and Higher Education Programs
- NURS 752 Curriculum Development in Nursing Education

Teaching/Instructional Strategies 3

Select one of the following:
- AD LDSP 687 Instructional Design and Teaching Strategies
- AD LDSP 707 Using Technology With Adult Learners
- AD LDSP 827 Seminar in Adult and Organizational Learning
- NURS 705 Instructional Strategies for Patient Education

Elective Courses 3

Select one additional course from the above or from the following:
- AD LDSP 867 Seminar in Continuing Education in the Professions
- AD LDSP 787 Administration of Adult Education Programs
- AD LDSP 547 The Educational Dimensions of Practice with Older Adults
- NURS 764 Changing Health Behaviors
- CURRINS 774 College Teaching
- NURS 751 Teaching in Practice Disciplines

Total Credits 18

A current listing of courses that meet these requirements can be obtained from the College of Health Sciences or the College of Nursing. Students will need to maintain a 3.0 GPA and meet all other requirements of the Graduate School for continuation in the program. The Practicum and Seminar in Health Professional Education is the last course taken in the certificate program.

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.
Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:

• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
HEALTH SCIENCES

The Ph.D. in Health Sciences is an interdisciplinary degree program designed to accomplish three major objectives:

1. Provide advanced study and research training opportunities in the human health sciences.
2. Produce cohorts of scholars capable of advancing the discovery, dissemination, and application of new knowledge in the health sciences.
3. Prepare future academic leaders in the health sciences.

Programs

- Health Sciences, PhD (p. 857)

Health Sciences Courses

HS 101 Introduction to Health and Disease
2 cr. Undergraduate.
A survey of health promotion and disease prevention including fitness, nutrition, disease transmission, mental health, drug use, and other current health-related topics.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 102 Healthcare Delivery in the United States
3 cr. Undergraduate.
An introduction to healthcare delivery focusing on consumers, providers, organization, financing, quality and utilization of services, health planning, and political and governmental impacts.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

HS 105 Survey of the Health Professions
3 cr. Undergraduate.
An introduction to health professions, their work settings and roles on the healthcare team. Other topics include: patient-professional communication, patient characteristics, medical terminology.
Prerequisites: none.
Course Rules: Counts as repeat of HS 105X.
General Education Requirements: SS
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

HS 222 Language of Medicine
3 cr. Undergraduate.
Medical terms used in oral and written communication; reviews terminology by body system with emphasis on application.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

HS 224 Computational Tools for Healthcare Professionals
3 cr. Undergraduate.
Healthcare focused introduction to computational tools for information management, including system architecture, process and ethical concepts. Incorporates training in office application software.
Prerequisites: preprofessional or professional in Health Sciences or HCA minor or HCI cert.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 250 Allied Health Information Methods
2 cr. Undergraduate.
Techniques and processes used by allied health personnel to translate thought and behavior into an acceptable style and format for documentation of activities.
Prerequisites: soph st; grade of C or better in English 102(P) or score at level 4 on EPT.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 251 Health Documentation
1 cr. Undergraduate.
Appropriate health documentation techniques will be addressed including the medical, legal and reimbursement issues of patient assessment, problem identification, and patient care plans.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HS 311 Law for Healthcare Consumers and Professionals
3 cr. Undergraduate.
An introduction to the law as it relates to health care. Topics include contracts, torts, damages, negligence, malpractice, litigation and trial proceedings.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

HS 620 Environmental Health
3 cr. Undergraduate/Graduate.
An overview of the field of environmental and occupational health is presented, including physical, chemical and biological hazards.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

HS 917 Seminar in Health Outcomes Assessment
3 cr. Graduate.
Conceptual innovations and methodological strategies in outcomes research including implementation in clinical research and practice.
Prerequisites: grad st ; cons instr
Last Taught: Fall 2014, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

Health Sciences, PhD

The PhD in Health Sciences curriculum includes a set of core courses providing a comprehensive structure for doctoral education including:

- Philosophical foundations.
- Concepts and practices that contribute to students, development as teaching scholars.
- Research methods.
• A series of seminars that build students, critical thinking skills, familiarity with a range of health sciences research topics, and experience in scholarly dialogue and presentation.

Concentrations and Cross-Disciplinary Courses

In addition to the core courses, the program includes concentration and cross-disciplinary courses in areas such as disability and rehabilitation, diagnostic and biomedical sciences, human movement sciences, population health, and health administration/policy. Independent research and the dissertation will be structured according to the choice of specialization.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline, call the Registrar’s Office at (414) 229-3800 or submit a contact form online.

Admission

To be considered for admission to the program applicants must satisfy all UWM Graduate School admission requirements in addition to the following College of Health Sciences requirements:

1. Submission of scores on the General Test portion of the Graduate Record Examination; test taken within last five years.
2. One of the following:
   • Master’s degree or equivalent in an area that provides foundational academic preparation in proposed Health Sciences PhD Area of Concentration;
   • Bachelor’s degree with exceptional promise, as indicated by research experience/evidence of writing or an undergraduate project, recommendations, GRE, and undergraduate GPA.
3. A sample of the applicant’s written work that demonstrates his or her ability to conduct research and/or the ability to critically analyze the scholarly work of others.
4. A letter outlining the applicant’s academic and professional background, declaration of Area of Concentration and Major Professor as well as specific research interests and goals for the PhD program. This statement should be submitted to the Graduate School and must be complete and thorough as it provides information that is central to the admission decision. This letter will serve in lieu of the Graduate School’s “Reasons for Graduate Study” statement.
5. Three letters of recommendation from individuals familiar with the applicant’s intellectual achievement and potential. At least two of these letters must be from faculty or senior administrators at academic institutions.

For applicants from countries other than the U.S.A. whose first language is not English, a score of at least 250 on the computer-based (or 600 on the paper-based) Test of English as a Foreign Language (TOEFL) is required. A score of 6.5 on the International English Language Testing Systems (IELTS) examination will be accepted in lieu of the TOEFL.

The PhD Steering Committee will make an admission recommendation and forward it to the appropriate College of Health Sciences departmental Graduate Faculty or Executive Committee and identified Major Professor. The final admission decision is contingent upon approval by the departmental Graduate Faculty Committee or Executive Committee, the applicant’s Major Professor, and the Graduate School.

Prior to admission an eligible College of Health Sciences Graduate Faculty member must agree to serve as the applicant’s major professor.

Reapplication

A student who has received a master’s degree in Clinical Laboratory Sciences, Communication Sciences and Disorders, Kinesiology, or Occupational Therapy from the University of Wisconsin-Milwaukee must formally reapply for admission to the Graduate School before continuing studies toward the PhD degree.

Credits and Courses

The PhD program requires 72 credits beyond the Bachelor’s degree, including no more than 36 credits from a related master’s degree and/or other post-baccalaureate coursework. A student must complete a minimum of 36 credits at UWM including dissertation credits. Precise numbers of credits and actual course requirements will be determined after review of the applicant’s previous coursework. The student plans an individual program of study in consultation with the Major Professor and Doctoral Committee that will include a set of core courses, an area of concentration, cross-disciplinary courses, electives, and the dissertation.

Total Credits 49

Area of Concentration (minimum of 9 credits)

Courses related to the area of concentration will require students to draw upon the strengths and expertise of the faculty and curriculum in an interdisciplinary and collaborative manner. The basis of scientific exploration will be premised on the model adapted by the World Health Organization (WHO) which defines three levels contributing to the concept of health:

1. Intact body structures and unimpaired host functions at the molecular, cellular or organ system level,
2. ability to participate in activities and roles at the level of the living organism or individual person, and
3. a physical and social environment that influences health at the level of society and populations.

Cross Disciplinary Courses (minimum of 6 credits)
Cross-disciplinary courses in areas such as disability and rehabilitation, diagnostic and biomedical sciences, human movement sciences, and population health and health administration/policy, will provide a unique framework and understanding for specific health states, outcomes, determinants, and environmental influences. Each of these specialties reflects trends and needs in health-related fields as well as the current expertise among faculty in CHS.

Electives (6 credits)
Elective courses relevant to the student’s program of study will be selected from within CHS and from departments across campus. This cross-disciplinary approach will encourage collaboration and interaction, and provide breadth and depth to a student’s focused course of study.

Dissertation (minimum of 12 credits)
The last component of the degree requirements, independent research and dissertation, will be structured by the choice of concentration. The dissertation will consist of focused, independent research that contributes to the existing body of knowledge.

Program Requirements

Residence
The student must complete at least half of the graduate credits required for the PhD in residence at UWM in doctoral status. In addition, the student must complete at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. In exceptional cases, modifications of the residence requirement may be requested, subject to the approval of the College of Health Sciences PhD Steering Committee and the Graduate School.

Foreign Language
Foreign language coursework is optional, depending upon the recommendation of the student’s Major Professor.

Doctoral Committee
In consultation with the Major Professor, each student is responsible for selecting a Doctoral Committee before completing 12 credits in the doctoral program. The doctoral committee shall consist of the student’s major professor and four other graduate faculty; three of these must be at UWM, including at least two from CHS. The other member may be from another institution, subject to the approval of the student’s program executive committee. Upon formation of the Doctoral Committee, the student must file a “Doctoral Committee” form with his/her major professor which is to be subsequently filed with the CHS – PhD Steering Committee.

Doctoral Preliminary Examinations
The doctoral preliminary examinations must be completed within three years of initial enrollment in the program. Students may receive up to two additional semesters to complete the preliminary examinations with approval of the CHS – PhD Steering Committee. The examinations consist of a written examination designed to demonstrate the breadth of a student’s knowledge and the ability to conduct advanced research, and an oral exam covering issues raised during the written exam and/or focusing on the proposed dissertation research. The oral exam must follow the written exam within 10 days. Students take the preliminary examinations after completing all doctoral coursework or with no more than three credits of doctoral coursework remaining. Students cannot take the examinations if they have any incomplete or unreported grades or a GPA lower than 3.0. Students who fail the preliminary examinations may not proceed to the dissertation. The examinations may be retaken only once.

Dissertation Proposal
Upon successful completion of the preliminary examinations, the student submits a written dissertation proposal and delivers an oral presentation of the proposed research to the Dissertation Committee. The proposal takes the form of a scholarly document outlining the problem, its background and significance, summarizing relevant literature, and outlining the proposed research methods. It should include a tentative timetable and outline any required resources (space, equipment, etc.). Members of the student’s Dissertation Committee must approve the dissertation proposal. Acceptance of the dissertation proposal establishes an agreement between the student and the Dissertation Committee as to the nature and scope of the research to be conducted, and the procedure for completing the dissertation. Upon Dissertation Committee approval, research proposals that use animal or human subjects must receive approval from the Animal Care and Use Committee or the Institutional Review Board.

Dissertator Status
Specific requirements which must be completed before a doctoral student qualifies for dissertator status are described on the Graduate School Doctoral Requirements (http://uwm.edu/graduateschool/doctoral-requirements) page.

Dissertation
The dissertation is a major piece of original research representing a substantial contribution to the existing body of knowledge. The original research findings embodied in the dissertation should be acceptable for publication in a refereed journal. The student’s Major Professor and Dissertation Committee provide guidance in completing the dissertation.

Dissertation Defense
Once the dissertation document meets with Dissertation Committee approval, an oral defense takes place. At the time of the defense, the dissertation must be of publication-quality (as judged by the Dissertation Committee). The dissertation defense will be held in an open forum after which the Dissertation Committee will meet in closed session to make a decision on degree conferral. The time and place of the public presentation must be announced with adequate time (i.e., at least one week prior to the defense) so that faculty and students may attend.

Time Limit
The student must complete all requirements for the degree within seven years of the date of initial enrollment in the program. Upon successfully passing the preliminary examinations, the student must complete all requirements for the degree within four years.
INTERPROFESSIONAL GRADUATE CERTIFICATE IN PUBLIC AND POPULATION HEALTH (COLLEGE OF HEALTH SCIENCES)

The Interprofessional Graduate Certificate in Public and Population Health is designed for students and working professionals involved in program planning and implementation, evaluation, education policy, health policy, engineering administration, research, and other areas related to public and population health. It recognizes that an interdisciplinary, systems approach is essential for communities to solve complicated social and economic problems. No one perspective or set of strategies can address the many dimensions of current societal problems. Prevention and population health are important cornerstones of the solutions to these problems, requiring linkages and new models of interaction among primary care, hospitals, communities and public health.

The Interprofessional Graduate Certificate is a 16-credit program with courses in four core disciplines: epidemiology, health policy, social and behavioral health, and environmental health. The fifth course grounds students in public health principles and practice. The sixth course will provide students the opportunity to engage in interprofessional workshops and other learning forums to foster competencies in interprofessional values, communication and teamwork. Three of the courses, in health behavior, epidemiology and health policy, are offered online, which will provide added flexibility for students.

This program is open to post-baccalaureate students, to those currently enrolled in a UWM graduate degree program, as well as to health professionals who have completed a baccalaureate, master’s or doctoral degree. The certificate program is a collaborative program between the College of Health Sciences, College of Nursing, and the Zilber School of Public Health, and is coordinated through the Zilber School of Public Health.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://graduate.uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application

• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses

The completion of 16 credit hours is required for the certificate program. All students are required to complete six courses (All are 3 credits unless noted):

</tbody>
</table>

Students will need to maintain a 3.0 GPA and meet all other standard requirements for UWM graduate students for continuation in the program.

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:

• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
KINESIOLOGY

Kinesiology

What is Kinesiology? "Kinesiology is an academic discipline that involves the study of physical activity and its impact on health, society, and quality of life." – American Kinesiology Association

Students majoring in kinesiology study the social, behavioral, mechanical, and physiological principles of human movement. Kinesiology students are the future health and fitness providers who use preventative and rehabilitative intervention techniques in commercial health/fitness clubs, community fitness centers, corporate/industrial fitness facilities, and clinical agencies with specialization in cardiac/pulmonary rehabilitation. Two tracks are available to Kinesiology students: Exercise Science and Health Promotion.

The Kinesiology major with the Exercise Science track can be tailored to prepare individuals seeking specialized future careers in the allied health/movement science fields, such as physical therapy, exercise physiology, or chiropractic care, as well as the medical field in areas such as nursing, physician assistant, or traditional medicine. Typically, these types of careers in Kinesiology require post baccalaureate and continuing education for practice and the Exercise Science track provides flexibility to include required coursework.

Kinesiology majors wishing to gain hands-on skills and practice in applying the science of kinesiology in real world settings can select the Health Promotion track. Students in the Health Promotion track complete an internship in their final semester and are well-positioned to either continue their education in graduate Kinesiology or related programs or move into the workforce.

Both tracks allow students the flexibility to complete a minor or certificate to complement students’ particular interests. For instance, the student could acquire a business minor in preparation for entering the job market at a supervisory/administrative level, which should provide a fast track to management within health and fitness facilities, community fitness centers, and with entrepreneurial ventures.

Athletic Training

Certified athletic trainers are healthcare professionals who specialize in preventing, recognizing, managing, and rehabilitating injuries in physically active individuals. As part of a complete healthcare team, the certified athletic trainer works under the direction of a licensed physician and in cooperation with other healthcare professionals, athletics administrators, coaches, and parents.

Master of Science in Athletic Training (MS-AT)

To continue our leadership in Athletic Training education, we are revising our program to reflect the changed nature of professional practice demanding more interprofessional collaboration, a higher degree of autonomy requiring advanced development of clinical reasoning skills, and a skill set in evidence-based practice that allows graduates to actively engage in the rapidly changing science surrounding healthcare practice. Therefore, we have established a graduate, professional education program where students would earn a Master of Science in Athletic Training. The program was implemented during the 2015-2016 academic year, with the first students beginning the program for the summer session of 2017. Please refer to the program website for additional information and updates (www.atep.uwm.edu (http://www.atep.uwm.edu)).

Nutritional Sciences

The Nutritional Sciences (NUTR) program is designed to provide students with a strong foundation in biological, physical, and social sciences, in order to understand the relationships among food, nutrients, eating behavior, and human health. The curriculum provides a varied foundation in research, education, industry, and government and serves as an excellent pre-professional major for students planning a career in health fields such as physical therapy, medicine, pharmacy, or dentistry. The NUTR curriculum also offers an ideal preparation for advanced graduate training in nutrition, biochemical, molecular biology, public health, and related disciplines.

Programs

Undergraduate Degrees

- Kinesiology, BS (p. 880)
- Nutritional Sciences, BS (Department of Kinesiology) (p. 886)

Undergraduate Minors

- Kinesiology, Minor (p. 882)
- Nutritional Sciences, Minor (Department of Kinesiology) (p. 887)

Graduate Degrees

- Applied Gerontology, Graduate Certificate (College of Health Sciences, Department of Kinesiology) (p. 877)
- Athletic Training, MS (p. 878)
- Kinesiology, MS (p. 883)
- Kinesiology, PhD (p. 884)

Requirements for Employment, Licensing, or Professional Organizations

Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.

Kinesiology Courses

KIN 190 Topics Course in Physical Activity

1-3 cr. Undergraduate.

Introductory level topics of current interest in health and physical activity. Special course fees may be required depending on topic.

Prerequisites: none, except as required for specific topic.

Course Rules: Counts as repeat of Spt&Rec 290 & Kin 290 with same topic. May be retaken w/chg in topic.

Current Offerings: http://uwm.edu/schedule
KIN 200 Introduction to Kinesiology
3 cr. Undergraduate.
Introduction to the discipline of kinesiology and its subdisciplines of exercise physiology, motor behavior, biomechanics, and psychology and sociology of physical activity.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 201 Field Experience in Kinesiology
1 cr. Undergraduate.
Lecture/discussion/site visitation exploring the broad field of Kinesiology and typical service delivery systems, e.g., campus, community, commercial, industrial and clinical.
Prerequisites: Kin 202(C).
Course Rules: Counts as repeat of Kin 210.
Last Taught: Spring 2011, Fall 2010, Spring 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

KIN 202 Field Work in Kinesiology
1 cr. Undergraduate.
Practical, supervised, service-learning in the field of kinesiology.
Prerequisites: Kin 201(C).
Course Rules: Counts as repeat of Kin 210.
Last Taught: Spring 2011, Fall 2010, Spring 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

KIN 203 Field Experience in Kinesiology
1 cr. Undergraduate.
Practical, supervised, service-learning in the field of kinesiology.
Prerequisites: Kin 201(C).
Course Rules: Counts as repeat of Kin 210.
Last Taught: Spring 2011, Fall 2010, Spring 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

KIN 211 First Aid and Cardiopulmonary Resuscitation
1 cr. Undergraduate.
CPR for adults, children, and infants; AED; and First Aid.
Prerequisites: Kin 201(C).
Current Offerings: http://uwm.edu/schedule

KIN 212 Fieldwork in Athletic Training
1 cr. Undergraduate.
On-site observation of the athletic training profession. Students will rotate through different on-campus sites.
Prerequisites: Kin 310(C).
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

KIN 214 Seminar in Athletic Training
1 cr. Undergraduate.
Exposure to peer presentations, guest lectures on current topics, current literature updates/discussion, and program information updates.
Course Rules: Must be taken by student in the ATEP each sem of prog.
Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule

KIN 215 Field Experience in Athletic Training
1 cr. Undergraduate.
Practical, supervised, service-learning in the field of kinesiology.
Prerequisites: Kin 201(C).
Course Rules: Counts as repeat of Kin 210.
Last Taught: Spring 2011, Fall 2010, Spring 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

KIN 216 Organization and Administration of Athletic Training
3 cr. Undergraduate.
Delivery of athletic training services in various settings. Topics include program, personnel, information management, budgeting, documentation, insurance, legal considerations and current topics.
Prerequisites: admitted to athletic training maj; Kin 316(P), Kin 410(C) & Kin 416(C); or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 230 Health Aspects of Exercise and Nutrition
3 cr. Undergraduate.
Examines physical fitness and proper nutrition as lifestyle choices in maintaining optimal health and minimizing health risks.
Prerequisites: none.
Course Rules: Not open to students with credit in Kin 330, 530, 532, or 536.
General Education Requirements: NS
Current Offerings: http://uwm.edu/schedule

KIN 245 Client Diversity in Health Sciences: An Interdisciplinary Perspective
3 cr. Undergraduate.
Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual's cultural identity.
Prerequisites: soph st or cons instr.
Course Rules: BMS/ComSDis/HCA/Kin/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

KIN 255 Women in Sport and Physical Activity
3 cr. Undergraduate.
Introduction theory and research on female participation in sport and physical activity.
Prerequisites: soph st or cons instr.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

KIN 270 Statistics in the Health Professions: Theory and Practice
3 cr. Undergraduate.
Overview of statistical theory and practical application for health professionals. Includes problem solving strategies, descriptive and inferential techniques, and critical evaluation of research design.
Prerequisites: Satisfaction of Quantitative Literacy Part A.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 289 Seminar in Athletic Training
0 cr. Undergraduate.
Exposure to peer presentations, guest lectures on current topics, current literature updates/discussion, and program information updates.
Course Rules: acceptance into Athletic Training prog.
Acceptance to UROP prior or conc reg in UROP sem; cons instr.
May be retaken w/chg in topic.
Last Taught: Fall 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

KIN 290 Special Topics in Human Movement Sciences:
1-3 cr. Undergraduate.
Topics of current interest in kinesiology, health, and fitness. Special course fees may be required depending on course.
Prerequisites: specified in semester Schedule whenever required for a topic.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

KIN 296 UROP Research Study:
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising faculty member. One credit for 45 hours research.
Prerequisites: Acceptance to UROP prior or conc reg in UROP sem; cons instr.
Course Rules: May be retaken to 9 cr max in any combination of UROP Research Study courses.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule
KIN 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course
work level, content, and credits are determined and/or in specifically
prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

KIN 298 Independent Projects
1-3 cr. Undergraduate.
Designed for individual and small group research projects under faculty
supervision.
Prerequisites: writ cons instr.
Last Taught: Fall 2016, Summer 2016, Fall 2015, Summer 2015.
Current Offerings: http://uwm.edu/schedule

KIN 299 Independent Reading
1-3 cr. Undergraduate.
Designed for individual and small groups in special study. Meetings/
nature of study to be arranged with staff/faculty chosen to supervise.
Prerequisites: cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 300 Professional Preparation Seminar
1 cr. Undergraduate.
Seminar lecture/discussion to prepare students for internships and other
professional opportunities. Topics include goal setting, resume-writing,
site selection, interviewing techniques, and professional development.
Prerequisites: admis to Kin major or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 301 Field Experience in Kinesiology - I
1 cr. Undergraduate.
Science and methods of exercise instruction for leading groups.
Prerequisites: admis to Kin major.
Course Rules: Counts as repeat of Kin 290 w/same topic.
Last Taught: Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 302 Field Experience in Kinesiology - II
1 cr. Undergraduate.
Science and methods of exercise instruction for coaching and training
individuals.
Prerequisites: admis to Kin major.
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

KIN 303 Field Experience in Kinesiology - III
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 302(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 304 Field Experience in Kinesiology - IV
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 303(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 305 Field Experience in Kinesiology - V
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 304(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 306 Field Experience in Kinesiology - VI
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 305(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 307 Field Experience in Kinesiology - VII
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 306(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 308 Field Experience in Kinesiology - VIII
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 307(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 309 Field Experience in Kinesiology - IX
1 cr. Undergraduate.
Continued exposure to hands-on aspect of the field; prepare students for
internship and develop advanced professional skills and conduct.
Prerequisites: Kin 308(P); & Kin 325(P), 336(C), 430(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 310 Responding to Emergencies
1 cr. Undergraduate.
Focus on the development of skills necessary for professionals to act as
‘first responders’ in providing emergency medical care.
Prerequisites: Kin 212(C).
Course Rules: Credit/No Credit only.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

KIN 311 CPR/AED Recertification
1 cr. Undergraduate.
CPR/AED recertification and review of basic First Aid.
Prerequisites: Kin 211 or CPR & standard first aid certification.
Current Offerings: http://uwm.edu/schedule

KIN 312 Introduction to Prevention, Recognition, and Treatment of
Athletic Injuries
3 cr. Undergraduate.
Introduction to athletic training principles and techniques necessary for
the prevention, recognition, care, and rehabilitation of athletic injuries.
Prerequisites: enrolled in ATEP Program, Kin 310(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 314 Recognition and Evaluation of Injuries: Lower Extremity
3 cr. Undergraduate.
Techniques/knowledge necessary to perform examination, treatment,
prevention, and rehabilitation of sport-related injuries and illnesses of the
lower extremity and associated areas.
Prerequisites: admis to athletic training major; Kin 413(C), & 416(C); or
cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

KIN 315 Recognition and Evaluation of Injuries: Upper Extremity
3 cr. Undergraduate.
Techniques/knowledge necessary to perform examination, treatment,
prevention, and rehabilitation of sport-related injuries and illnesses of the
upper extremity and associated areas.
Prerequisites: admis to athletic training major; Kin 413(P), & 416(C); or
cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 316 Recognition and Evaluation of Athletic Injuries: Head, Neck, and
Trunk
3 cr. Undergraduate.
Techniques/knowledge necessary to perform examination, treatment,
prevention, and rehabilitation of sport-related injuries and illnesses of the
head, neck, and torso.
Prerequisites: admis to athletic training major; Kin 315(P), 414(C) &
416(C); or cons instr.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
KIN 320 Biomechanics
3 cr. Undergraduate.
Application of physical laws and mechanical principles to human
movement.
Prerequisites: admis to Kin major; or admis to Kin minor and Bio Sci 202(P) & Physics 120(P) with a C or greater; or cons instr.
Course Rules: Not open to students w/ cr in Kin 520.
Current Offerings: http://uwm.edu/schedule

KIN 325 Anatomical Kinesiology
3 cr. Undergraduate.
Anatomical analysis of the human body including joint actions,
anatomical, muscular, and neuromuscular control aspects necessary for
movement.
Prerequisites: admis to Kin major, Ath Trng major or OT prog. Bio Sci 202(P) & 203(C) or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 330 Exercise Physiology
4 cr. Undergraduate.
Study of the physiological responses to exercise and the adaptations to
physical training.
Prerequisites: admis to Kin major; or admis to Kin minor & Bio Sci 203(P) & Chem 100(P), 102(P), or 104(P) with grade of C or greater; or cons instr.
Course Rules: Not open to students with cr in Kin 530, 532, or 536.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 336 Principles of Strength and Conditioning
3 cr. Undergraduate.
Basic principles necessary to understand the effects of exercise and conditioning on human physiology. Exercise techniques and measures
used to assess performance outcome.
Prerequisites: Kin 325(P), 330(P); or cons instr.
Course Rules: Counts as repeat of Kin 335 & 337.
Current Offerings: http://uwm.edu/schedule

KIN 350 Psychological Aspects of Sport and Exercise
3 cr. Undergraduate.
Examines relationships between psychological function and participation in sport and exercise. Topics include motivation, stress, group dynamics, and performance enhancement.
Prerequisites: Psych 101(P); satisfaction of GER Quant Lit Part B or cons
instr.
Course Rules: Not open to students with credit in Kin 550, 551, or 552.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 351 Sociological Aspects of Health and Human Movement
3 cr. Undergraduate.
Introduction to sociology of physical activity. Examination of diversity and social inequality as they relate to health and physical activity.
Prerequisites: Sociol 101(P); satisfaction of GER Quant Lit Part B or cons
instr.
Course Rules: Not open to students with credit in Kin 570.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 360 Motor Development Across the Lifespan
3 cr. Undergraduate.
Introduction to gross motor behavior development through the lifespan (neo-natal to senior adult). Growth, maturation, environmental influences, and developmental theories.
Prerequisites: admis to Kin major; or admis to Kin minor; or cons instr.
Course Rules: Not open to students with cr in Kin 561.
Current Offerings: http://uwm.edu/schedule

KIN 361 Principles of Motor Learning
3 cr. Undergraduate.
An overview of the principles of motor skill acquisition emphasizing variables related to the learner and the learning environment.
Prerequisites: admis to Kin major; or admis Kin minor and BioSci 202(P)
Course Rules: Not open to students with cr in Kin 561.
Current Offerings: http://uwm.edu/schedule

KIN 365 Health Aspects of Mind and Body Practices
3 cr. Undergraduate.
Exploration of the scientific research available on the effectiveness of common mind and body practices and the mechanisms through which
these practices affect health.
Prerequisites: BMS 260(C) or equiv.
Current Offerings: http://uwm.edu/schedule

KIN 368 Intervention Strategies in Complementary and Integrative Health Approaches
3 cr. Undergraduate.
Examination of the efficacy of commonly used strategies and therapies considered to be Complementary and Alternative Medicine.
Prerequisites: BMS 260(P) or equiv.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2008.
Current Offerings: http://uwm.edu/schedule

KIN 400 Ethics and Values in the Health and Fitness Professions
3 cr. Undergraduate.
Exploration of morality and ethics and their importance in the allied health professions.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

KIN 410 Medical Aspects of Illness Management
3 cr. Undergraduate.
Knowledge and techniques used in identification and management of common medical conditions and illnesses in physically active
populations.
Prerequisites: admis to Athletic Training major; Kin 316(P), 216(C), & 416(C), or cons instr.
Current Offerings: http://uwm.edu/schedule
KIN 412 Foundations of Injury Prevention & Performance
3 cr. Undergraduate.
The foundational knowledge, skills, and science that inform injury prevention, rehabilitation, and performance in sport and physical activity.
Prerequisites: Admis to athletic training prog; Kin 315(P), 320(P), & 416(C); or cons instr.
Course Rules: Counts as repeat of Kin(HMS) 290 w/same topic.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 413 Therapeutic Modalities in Athletic Training
3 cr. Undergraduate.
Introduction to tissue healing, pain control, indications, contraindications, protocols, and the body’s responses to various therapeutic modalities.
Prerequisites: admis to athletic training major; Kin 314(C), & 416(C); or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

KIN 414 Therapeutic Exercise and Rehabilitation Techniques in Athletic Training
3 cr. Undergraduate.
Introduction to the theory and practical aspects of therapeutic exercise and rehabilitation techniques used in the care of musculo-skeletal injuries.
Prerequisites: admis to athletic training prog; Kin 412(P) & 416(C); or cons instr.
General Education Requirements: OWCB
Current Offerings: http://uwm.edu/schedule

KIN 416 Competencies in Athletic Training
2 cr. Undergraduate.
Practice, testing, and practical field application of educational competencies and clinical proficiencies in athletic training.
Prerequisites: acceptance into student Athletic Training prog.
Course Rules: May be retaken to 10 cr max.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

KIN 430 Exercise Testing for Fitness Assessment and Exercise Prescription
3 cr. Undergraduate.
Methods for assessing physical fitness in various populations, guidelines for graded exercise testing and exercise prescription. Integrates lecture material with laboratory experience.
Prerequisites: Kin 330(P) or cons instr; current CPR/AED cert.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

KIN 480 Organization and Administration in the Exercise and Fitness Industry
3 cr. Undergraduate.
Study of the delivery of exercise services in relationship to organization and administration of programs with emphasis on promotions, budget, supervision, equipment and facilities.
Prerequisites: admis to Kin major; or Kin minor; or cons instr.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 481 Program Development and Evaluation in the Exercise and Fitness Industry
3 cr. Undergraduate.
Study of systematic program design and evaluation including systems approach, evaluation models, problem solving by objectives, management by objectives and accountability.
Prerequisites: Kin 330(P), 350(P), 351(P); or cons instr. Preference is given to students in the Health Promotion track.
Current Offerings: http://uwm.edu/schedule

KIN 482 Innovative Approaches to Health and Wellness Coaching
3 cr. Undergraduate.
Study of health and wellness coaching theory and practice related to health behavior change.
Prerequisites: sr standing or cons instr.
Course Rules: Counts as repeat of KIN 590 with same topic.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

KIN 489 Kinesiology Internship and Seminar
3-14 cr. Undergraduate.
Supervisory/clinical/research assignment in approved field instruction setting; seminar to monitor and assist with professional progress.
Prerequisites: Kin 303(P) and all undergrad coursework completed; or cons instr. See internship eligibility criteria in the Kinesiology section of the undergraduate catalog.
Course Rules: May be retaken to max of 14 cr. Not open for cr to students with cr in Spt&Rec 489(ER).
Current Offerings: http://uwm.edu/schedule

KIN 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

KIN 520 Neuromechanics Research Methods
3 cr. Undergraduate/Graduate.
Introduction to biomechanics and motor behavior experimental methods and instrumentation. Emphasis on understanding the research literature and research process, from study design to data analysis.
Prerequisites: jr st; grade of C or better in Kin 320(P), Math 117(P), Physics 110(R) or 120(R); or grad st or cons instr.
Last Taught: Fall 2016, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

KIN 522 Qualitative Analysis of Human Movement
3 cr. Undergraduate/Graduate.
Exploration of systematic qualitative analysis of human movement focusing on detecting and correcting faults in technique.
Prerequisites: jr st; grade of C or better in Kin 320(P); or grad st or cons instr.
Course Rules: Counts as repeat of Kin(HMS) 590 with same title.
Last Taught: Fall 2017, Fall 2015, Summer 2014, Summer 2010.
Current Offerings: http://uwm.edu/schedule

KIN 525 Exercise Testing for Fitness Assessment and Exercise Prescription
3 cr. Undergraduate/Graduate.
The foundational knowledge, skills, and science that inform injury prevention, rehabilitation, and performance in sport and physical activity.
Prerequisites: Admis to athletic training prog; Kin 315(P), 320(P), & 416(C); or cons instr.
Course Rules: Counts as repeat of Kin(HMS) 290 w/same topic.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
KIN 530 Advanced Exercise Physiology
3 cr. Undergraduate/Graduate.
Advanced study of the physiological responses to exercise and the adaptations to physical training.
Prerequisites: jr st; grade of C or better in Kin 330(P); Kinesiology major or intended major; or grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 532 Electrocardiography Interpretation
3 cr. Undergraduate/Graduate.
In depth study of the 12 lead EKG and selected cardiovascular medications encountered in preventative and rehabilitative exercise programs.
Prerequisites: jr st; grade of C or better in Kin 330(P); 430(R); or grad st or cons instr.
Course Rules: Counts as repeat of Kin 590(HMS 590) with similar title.
Last Taught: Spring 2017, Fall 2015, Spring 2015, UWinteriM 2012.
Current Offerings: http://uwm.edu/schedule

KIN 550 Psychological Aspects of Human Movement
3 cr. Undergraduate/Graduate.
Study of the relationships between psychological factors and human physical activity. Introduction to research relevant to sport and exercise psychology.
Prerequisites: jr st; must have obtained a grade of C or better in Kin 350(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 551 Psychology of Injury/Illness/Disease: Implications/Strategies for Rehab
3 cr. Undergraduate/Graduate.
Explores the psychological aspects of health enhancement, disease prevention, and rehabilitation as well as the integration of behavioral and biomedical sciences in treating illness.
Prerequisites: Psych 101(P).
Course Rules: May be used by undergrads to repeat Kin 590 with same title.
Last Taught: Spring 2018, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 552 Psychology of Personal Excellence
3 cr. Undergraduate/Graduate.
Research on elite athletes, performing artists, and corporate executives is used to discuss characteristics of peak performance and identify strategies to facilitate personal excellence.
Prerequisites: jr st, grade of C or better in Kin 350(P); or grad st or cons instr.
Course Rules: Counts as repeat of Kin 590 w/same topic.
Current Offerings: http://uwm.edu/schedule

KIN 555 Exercise Psychology
3 cr. Undergraduate/Graduate.
Psychological antecedents and consequences of physical activity in relation to mental health and public health.
Prerequisites: jr st; Grade C or better in Kin 350(P) or cons instr.
Course Rules: Counts as repeat of Kin 590 with same topic.
Last Taught: Spring 2009.
Current Offerings: http://uwm.edu/schedule

KIN 556 Multilevel Approaches to Changing Physical Activity and Eating Behaviors
3 cr. Undergraduate/Graduate.
An introduction to key theoretical and conceptual frameworks for understanding health-related behavior and evidence-based practical approaches for promoting behavior change.
Prerequisites: Admis to Kin major or Ath Trng major or Nutr major; Grade C or better in Kin 350(P); or grad st or cons instr.
Course Rules: Counts as repeat of Kin 590 w/same topic.
Current Offerings: http://uwm.edu/schedule

KIN 557 Sociological Aspects of Physical Activity
3 cr. Undergraduate/Graduate.
Relationships between sociological factors and human physical activity. Introduction to research relevant to the sociology of sport and other forms of physical activity.
Prerequisites: jr st; must have obtained a grade of C or better in Kin(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 558 Neuromechanics of Voluntary Movement
3 cr. Undergraduate/Graduate.
In-depth study of the 12 lead EKG and selected cardiovascular medications encountered in preventative and rehabilitative exercise programs.
Prerequisites: jr st; grade of C or better in Kin 330(P); 430(R); or grad st or cons instr.
Course Rules: Counts as repeat of Kin 590(HMS 590) with similar title.
Last Taught: Fall 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 559 Body Image: Influences and Health-Related Implications
3 cr. Undergraduate/Graduate.
In-depth examination of the multidimensional body image construct: body image development, assessment, and modification; impact on health and behavior; body image in special populations.
Prerequisites: jr st; Psych 101(P).
Course Rules: Counts as repeat of Kin 590 with same topic.
Last Taught: Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 561 Advanced Exercise Physiology
3 cr. Undergraduate/Graduate.
Advanced study of the physiological responses to exercise and the adaptations to physical training.
Prerequisites: jr st; grade of C or better in Kin 330(P); Kinesiology major or intended major; or grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 562 Electrocardiography Interpretation
3 cr. Undergraduate/Graduate.
In depth study of the 12 lead EKG and selected cardiovascular medications encountered in preventative and rehabilitative exercise programs.
Prerequisites: jr st; grade of C or better in Kin 330(P); 430(R); or grad st or cons instr.
Course Rules: Counts as repeat of Kin 590(HMS 590) with similar title.
Last Taught: Spring 2017, Fall 2015, Spring 2015, UWinteriM 2012.
Current Offerings: http://uwm.edu/schedule

KIN 563 Psychological Aspects of Human Movement
3 cr. Undergraduate/Graduate.
Study of the relationships between psychological factors and human physical activity. Introduction to research relevant to sport and exercise psychology.
Prerequisites: jr st; must have obtained a grade of C or better in Kin 350(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 564 Psychology of Personal Excellence
3 cr. Undergraduate/Graduate.
Research on elite athletes, performing artists, and corporate executives is used to discuss characteristics of peak performance and identify strategies to facilitate personal excellence.
Prerequisites: jr st, grade of C or better in Kin 350(P); or grad st or cons instr.
Course Rules: Counts as repeat of Kin 590 w/same topic.
Current Offerings: http://uwm.edu/schedule

KIN 565 Exercise Psychology
3 cr. Undergraduate/Graduate.
Psychological antecedents and consequences of physical activity in relation to mental health and public health.
Prerequisites: jr st; Grade C or better in Kin 350(P) or cons instr.
Course Rules: Counts as repeat of Kin 590 with same topic.
Last Taught: Spring 2009.
Current Offerings: http://uwm.edu/schedule

KIN 570 Sociological Aspects of Physical Activity
3 cr. Undergraduate/Graduate.
Relationships between sociological factors and human physical activity. Introduction to research relevant to the sociology of sport and other forms of physical activity.
Prerequisites: jr st; must have obtained a grade of C or better in Kin(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 573 Body Image: Influences and Health-Related Implications
3 cr. Undergraduate/Graduate.
In-depth examination of the multidimensional body image construct: body image development, assessment, and modification; impact on health and behavior; body image in special populations.
Prerequisites: jr st; Psych 101(P).
Course Rules: Counts as repeat of Kin 590 with same topic.
Last Taught: Fall 2013.
Current Offerings: http://uwm.edu/schedule

KIN 574 Obesity and Weight Management
3 cr. Undergraduate/Graduate.
Examination of the epidemiology of obesity, genetic and environmental contributors, body weight regulation, health and psychosocial consequences, and approaches to assessment, prevention, and treatment.
Prerequisites: jr st; grade of C or better in BMS 232(P) or Nutr 235(P).
Course Rules: Counts as repeat of Kin 590 with same topic.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

KIN 575 The Social Construction of Obesity
3 cr. Undergraduate/Graduate.
Examines how obesity is socially constructed and how it shapes conceptions of fitness and physical activity.
Prerequisites: jr st; grade of C or better in Kin 351(P); or cons instr.
Course Rules: Counts as repeat of HMS 590 with same topic.
Last Taught: Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule
KIN 590 Current Topics in Human Kinetics:
1-3 cr. Undergraduate/Graduate.
The specific topic will be announced in the Schedule of Classes each time the course is offered.
Prerequisites: jr st, cons instr for grad cr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 643 Integument System
2 cr. Graduate.
Exploration of factors predisposing skin to breakdown; preventative measures, specific examination, and intervention techniques utilized in treating burns, wounds, and amputations.
Prerequisites: Grad st, admis to DPT program; or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 681 Fieldwork II: Basic Skills Experience
2 cr. Graduate.
Clinically based learning experience focusing on patient evaluation and treatment skills while fostering professional behavior through clinical mentorship.
Prerequisites: grad st, admis to DPT program; Kin 680(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 701 Seminar in Human Movement Sciences
1-3 cr. Graduate.
Research in the Human Movement Sciences subdisciplines including critical review of theories, perspectives and methods. Faculty, student presentations of current work.
Prerequisites: grad st
Course Rules: Retakable to 3 cr max.
Current Offerings: http://uwm.edu/schedule

KIN 702 Statistical Analysis in the Health Sciences
3 cr. Graduate.
Univariate, bivariate, and multivariate analyses as they apply to health science research.
Prerequisites: grad st; intro level statistics course at U/G or G level.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 703 Survey of Research in the Human Movement Sciences
3 cr. Graduate.
Methods for multi-disciplinary human movement inquiry; problem/statistical design; critique of available literature; preliminary thesis/project design.
Prerequisites: grad st; Kin 702(P).
Current Offerings: http://uwm.edu/schedule

KIN 706 Research & Applied Statistics in Physical Therapy
3 cr. Graduate.
Specific quantitative research designs and statistics with an emphasis on clinical research; methods for critically evaluating research literature.
Prerequisites: grad st, admis to DPT program; or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 709 Research Practicum
3 cr. Graduate.
Development of strategies for evaluating and contributing to the evidence for physical therapy practice. Students will select and critically review evidence, develop, execute and present a case report to inform best practice.
Prerequisites: grad st; good standing in DPT program or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

KIN 710 Evidence Based Practice: Levels of Evidence
1 cr. Graduate.
Strategies for evaluating the evidence underlying physical therapy practice as a framework for creating and evaluating best practice decisions.
Prerequisites: grad st; admis to DPT Program or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 711 Evidence Based Practice: Interventions
1 cr. Graduate.
Focus on information access and retrieval from research literature used to inform physical therapy interventions for treatment of movement disorders.
Prerequisites: grad st; admis to DPT Program or cons instr.
Last Taught: Fall 2009, Fall 2008.
Current Offerings: http://uwm.edu/schedule

KIN 712 Evidence Based Practice: Tests & Measures
1 cr. Graduate.
Focus on the critical analysis of published clinical research related to physical therapy tests and measures.
Prerequisites: grad st; admis to DPT program or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 713 Professional Issues in Physical Therapy
1 cr. Graduate.
Strategies for growth & adaptation of physical therapy practice in the context of a changing health care environment.
Prerequisites: grad st; valid license to practice physical therapy or cons instr
Current Offerings: http://uwm.edu/schedule

KIN 714 Evidence for Practice I
3 cr. Graduate.
Provides clinicians with a rubric for searching & evaluating the published literature supporting physical therapy practice & informing best practice decisions.
Prerequisites: grad st; valid license to practice physical therapy or cons instr
Last Taught: Fall 2007.
Current Offerings: http://uwm.edu/schedule

KIN 715 Evidence for Practice II
3-6 cr. Graduate.
Synthesis of prior coursework in the development and presentation of a clinical practice decision supported with best evidence practices.
Prerequisites: grad st; valid license to practice physical therapy.
Course Rules: Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule
KIN 716 Seminar: The Culture of Evidence
1 cr. Graduate.
The role of evidence in physical therapy clinical decision making with application to current interventions.
Prerequisites: grad st; valid license to practice physical therapy or cons instr
Last Taught: Summer 2007.
Current Offerings: http://uwm.edu/schedule

KIN 717 Pharmacology In Rehabilitation
2 cr. Graduate.
Pharmacologic agents encountered in physical therapy rehabilitation settings focusing on pharmacodynamics, pharmacokinetics, biotransformation of drugs, and clinical application for relevant drug classifications.
Prerequisites: grad st, admis to DPT Program; or cons instr
Last Taught: Spring 2013, Spring 2012, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

KIN 718 Clinical Radiology
1-2 cr. Graduate.
Medical diagnostics emphasizing indications & implications for imaging studies used to augment information obtained from the physical therapy examination.
Prerequisites: grad st, admis to DPT Program; or cons instr
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 720 Biomechanics Research Methods
3 cr. Graduate.
Introduction to advanced biomechanics collection techniques. Course focuses on basic programming, data collection/analysis, and presentation skills.
Prerequisites: grad st; Kin 520(C); or cons instr
Course Rules: Counts as repeat of Kin 590 with same topic.
Last Taught: Fall 2016, Fall 2013, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

KIN 725 Interdisciplinary Themes in Biomechanics
3 cr. Graduate.
Emphasis on biomechanical research themes of an interdisciplinary character. Readings drawn from primary research literature.
Prerequisites: grad st; Kin 520(P) or cons instr.
Last Taught: Fall 2014, Fall 2010, Spring 2006, Fall 2003.
Current Offerings: http://uwm.edu/schedule

KIN 732 Physical Activity and Health Across the Lifespan
3 cr. Graduate.
The role of physical activity in the prevention and treatment of various chronic conditions and diseases.
Prerequisites: grad st; Kin 330(P) w/ grade of C or better or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 733 Advanced Physiological Assessment
3 cr. Graduate.
Designed to introduce students to advanced physiological testing techniques. Assumes knowledge of basic exercise testing skills, exercise physiology principles.
Prerequisites: grad st; Kin 530(C) or cons instr.
Last Taught: Fall 2017, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 740 Musculoskeletal: Spine
3 cr. Graduate.
Evaluation and treatment techniques for spinal dysfunction and injury including mechanical assessment, postural training, therapeutic exercise, manual therapy, and modalities.
Prerequisites: grad st; admis to DPT Program; or cons instr
Current Offerings: http://uwm.edu/schedule

KIN 741 Musculoskeletal System: Lower Extremities
3 cr. Graduate.
Orthopedic physical therapy evaluation and treatment aspects of lower extremity musculoskeletal problems involving skeletal, connective tissue and muscular components.
Prerequisites: grad st; admis to DPT Program or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 742 Musculoskeletal: Upper Extremities
3 cr. Graduate.
Orthopedic physical therapy evaluation and treatment aspects of upper extremity musculoskeletal problems involving skeletal, connective tissue and muscular components.
Prerequisites: grad st; admis to DPT Program or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 743 Health Systems Review
2 cr. Graduate.
Provides systems overview of screening procedures necessary to provide a comprehensive physical therapy diagnosis with an emphasis on screening for referral.
Prerequisites: grad st; valid license to practice physical therapy or cons instr
Current Offerings: http://uwm.edu/schedule

KIN 745 Health Promotion/Wellness for Physical Therapy Practice
2 cr. Graduate.
Explores many aspects of health / wellness.
Prerequisites: grad st; good standing in DPT prog or cons instr
Current Offerings: http://uwm.edu/schedule

KIN 746 Case-based Clinical Decision Making
2 cr. Graduate.
Clinical decision-making in physical therapy including formulation of a diagnosis and plan of care supported by evidence from literature.
Prerequisites: grad st; admis to DPT Program or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 761 Concepts of Human Motor Control
3 cr. Graduate.
A systematic examination of neuromotor control mechanisms and critical review of research in human motor behavior focusing on variables limiting or facilitating performance and/or skill acquisition.
Prerequisites: grad st, Kin 561(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2012, Fall 2006.
Current Offerings: http://uwm.edu/schedule
KIN 752 Research Practicum in Motor Control
3 cr. Graduate.
Demonstration/participation laboratory focused on human motor control experimental design. Topics include sampling, subject protection, techniques for quantification of motor performance characteristics and neuromuscular correlates.
Prerequisites: grad st; Kin 561(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 763 Neural Control of Movement
3 cr. Graduate.
Fundamental concepts and current issues in how the brain and other neurological structures contribute to the control of movement.
Prerequisites: grad st, Kin 561(P) or cons instr.
Last Taught: Spring 2014.
Current Offerings: http://uwm.edu/schedule

KIN 764 Neurophysiology of Human Movement
3 cr. Graduate.
A neurophysiologic perspective on key areas of human motor control.
Prerequisites: grad st, Kin 561(P) or cons instr.
Course Rules: Counts as repeat of Kin(HMS) 590 with same topic.
Last Taught: Spring 2014.
Current Offerings: http://uwm.edu/schedule

KIN 765 Neuromuscular: Adult
4 cr. Graduate.
Application of motor control and learning, neuroanatomy, and neurophysiology to physical therapy examination and treatment of adults with neurological diagnosis.
Prerequisites: grad st, admis to DPT Program; or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

KIN 766 Neuromuscular: Pediatric
4 cr. Graduate.
Pediatric onset diagnosis, related examination, interventions, clinical management, and legislation impacting pediatric physical therapy practice.
Prerequisites: grad st, admis to DPT Program or cons instr.
Current Offerings: http://uwm.edu/schedule

KIN 780 Clinical Teaching
2 cr. Graduate.
Exploration of patient education intervention focusing on patient adherence in the context of learning theory, adult learning, and learning domains.
Prerequisites: grad st, admis to DPT Program; or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

KIN 798 Independent Project
1-6 cr. Graduate.
Student research in consultation with and supervised by a graduate faculty member.
Prerequisites: grad st; cons instr
Course Rules: Retakable w/ chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

KIN 799 Independent Reading
1-3 cr. Graduate.
Independent study of a topic selected by the student in consultation with the supervising graduate faculty member.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated with change in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

KIN 830 Physiological Adaptations to Exercise
3 cr. Graduate.
Physiological factors related to performing physical activity and exercise on a chronic basis; various environmental influences on physical performance.
Prerequisites: grad st; a grade of C or better in Kin 530(P).
Last Taught: Fall 2013, Fall 2011, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

KIN 850 Seminar in Psychological Aspects of Physical Activity:
3 cr. Graduate.
Advanced seminar on selected topics in the psychology of physical activity.
Prerequisites: grad st; Kin 550(P) or cons instr.
Course Rules: May be repeated with change in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

KIN 870 PT Clinical Internship III
8 cr. Graduate.
The Doctor of Physical Therapy student will be assigned to a clinical facility for internship practice.
Prerequisites: DPT student in good st.
Current Offerings: http://uwm.edu/schedule

KIN 880 PT Clinical Internship I
8 cr. Graduate.
The Doctor of Physical Therapy student will be assigned to a clinical facility for internship practice.
Prerequisites: DPT student in good st.
Current Offerings: http://uwm.edu/schedule

KIN 881 PT Clinical Internship II
8 cr. Graduate.
The Doctor of Physical Therapy student will be assigned to a clinical facility for internship practice.
Prerequisites: DPT student in good st.
Current Offerings: http://uwm.edu/schedule

KIN 882 PT Clinical Internship III
8 cr. Graduate.
The Doctor of Physical Therapy student will be assigned to a clinical facility for internship practice.
Prerequisites: Kin 881(P); DPT student in good st.
Current Offerings: http://uwm.edu/schedule
KIN 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule

KIN 889 Professional Physical Therapy Credential Preparation
1 cr. Graduate.
Guidance in preparing for the Federation of State Boards of Physical Therapy licensing exam.
Prerequisites: DPT student in good standing or grad st & cons instr.
Course Rules: Course is offered in a distance learning format.
Current Offerings: http://uwm.edu/schedule

KIN 890 Capstone Project
1-6 cr. Graduate.
Preparation of a research project under the supervision of the student's major professor.
Prerequisites: grad st.
Course Rules: Not open to students selecting options A.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

KIN 891 Research Seminar
3 cr. Graduate.
Advanced seminar on the synthesis and critique of research literature within the student’s primary and secondary subdisciplines.
Prerequisites: grad st; completion of all or conc reg in remaining coursework for degree.
Course Rules: Not open to option A or C students.
Current Offerings: http://uwm.edu/schedule

KIN 895 Research and Thesis
1-6 cr. Graduate.
Preparation of a thesis under the direction of the student’s primary and secondary advisors.
Prerequisites: grad st; cons instr
Current Offerings: http://uwm.edu/schedule

KIN 909 Guided Teaching Experience in Health Sciences
3 cr. Graduate.
This course provides the student, under the supervision of a faculty member, with the opportunity to design, deliver, and evaluate an undergraduate course.
Prerequisites: grad st; Occ Thpy 900 (P); cons instr
Course Rules: Jointly offered w/ and counts as a repeat of BMS 909, HCA 909, OccThpy 909, and ComsDis 909.
Current Offerings: http://uwm.edu/schedule

KIN 910 Advanced Seminar in Health Sciences
1 cr. Graduate.
Faculty, graduate students, and invited guests will present their research and engage in discussion around themes of broad interest, e.g., public health.
Prerequisites: grad st
Course Rules: Retakable to 4 cr max.
Current Offerings: http://uwm.edu/schedule

KIN 930 Seminar in Exercise Physiology
1-3 cr. Graduate.
Evaluation of current research and methodology in exercise physiology.
Prerequisites: grad st; cons instr
Course Rules: Retakable to 9 cr max w/change in topic.
Current Offerings: http://uwm.edu/schedule

KIN 990 Research and Thesis
1-6 cr. Graduate.
Preparation of a thesis under the direction of the student's primary and secondary advisors.
Prerequisites: grad st.
Course Rules: May be repeated to max of 6 cr. Not open to students selecting options B or C.
Current Offerings: http://uwm.edu/schedule

KIN 991 Doctoral Dissertation
1-12 cr. Graduate.
Dissertation research
Prerequisites: grad st; adm to Ph.D. candidacy
Current Offerings: http://uwm.edu/schedule

KIN 999 Advanced Independent Study
1-6 cr. Graduate.
Independent study on topic selected by student and supervising graduate faculty member.
Prerequisites: grad st; cons instr
Current Offerings: http://uwm.edu/schedule

Sport & Recreation Courses
SPT&REC 100 Sports Officiating - Basketball
1 cr. Undergraduate.
Officiating, conducting and administering the sport of basketball.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

SPT&REC 104 Sports Officiating - Volleyball
1 cr. Undergraduate.
Officiating, conducting, and administering the sport of volleyball.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule
Kinesiology

SPT&REC 110 Physical Conditioning
1 cr. Undergraduate.
Theory & practice of physical conditioning.
Prerequisites: none.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 112 Yoga I
1 cr. Undergraduate.
Theory and practice of yoga.
Prerequisites: none. It is highly recommended that students bring a mat and a blanket or towel for their comfort. These items are not provided by the department.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 113 Yoga II
1 cr. Undergraduate.
Theory and practice of yoga II.
Prerequisites: Spt&Rec 112(P). It is highly recommended that students bring a mat and a blanket or towel for their comfort. These items are not provided by the department.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 114 Weight Training I
1 cr. Undergraduate.
Theory and practice of weight training.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 115 Weight Training II
1 cr. Undergraduate.
Theory and practice of weight training II.
Prerequisites: Spt&Rec 114(P).
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 116 Aerobic Dance
1 cr. Undergraduate.
Theory and practice of aerobic dance.
Prerequisites: none.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 117 Step Aerobics
1 cr. Undergraduate.
Theory and practice of Step Aerobics
Prerequisites: none.
Last Taught: Fall 2015, Spring 2014, Fall 2013, Spring 2013.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 120 Swim I
1 cr. Undergraduate.
Theory and practice of swim I.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 121 Swim II
1 cr. Undergraduate.
Theory and practice of swim II.
Prerequisites: Spt&Rec 120(P) or swim one length of pool (25 yards) any stroke.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 123 Water Aerobics
1 cr. Undergraduate.
Theory and practice of aerobic water exercise.
Prerequisites: none.
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 126 Skin & Scuba
1 cr. Undergraduate.
Theory and practice of skin and scuba.
Prerequisites: none.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 130 Ballroom Dance I
1 cr. Undergraduate.
Theory and practice of ballroom dancing.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 131 Ballroom Dance II
1 cr. Undergraduate.
Theory and practice of ballroom dancing.
Prerequisites: Spt&Rec 130(P).
Current Offerings: http://uwemu.edu/schedule

SPT&REC 156 Orienteering
1 cr. Undergraduate.
Theory and practice of orienteering.
Prerequisites: none.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 161 Bowling I
1 cr. Undergraduate.
Theory and practice of bowling
Prerequisites: none.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 162 Bowling II
1 cr. Undergraduate.
Theory and practice of bowling.
Prerequisites: Spt&Rec 161(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwemu.edu/schedule

SPT&REC 166 Golf
1 cr. Undergraduate.
Theory and practice of golf.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwemu.edu/schedule
SPT&REC 172 Tae Kwon-Do
1 cr. Undergraduate.
Theory and practice of tae kwon-do.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 173 Tae Kwon-Do II
1 cr. Undergraduate.
Theory and practice of tae kwon-do.
Prerequisites: Spt&Rec 172(P) or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 174 Self-Defense
1 cr. Undergraduate.
Theory and practice of self-defense.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 176 Basketball
1 cr. Undergraduate.
Theory and practice of basketball.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 179 Handball
1 cr. Undergraduate.
Theory and practice of handball.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 180 Racquetball I
1 cr. Undergraduate.
Theory and practice of racquetball.
Prerequisites: none.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

SPT&REC 181 Racquetball II
1 cr. Undergraduate.
Theory and practice of racquetball.
Prerequisites: Spt&Rec 180(P).
Last Taught: Spring 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

SPT&REC 182 Tennis I
1 cr. Undergraduate.
Theory and practice of tennis.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 183 Tennis II
1 cr. Undergraduate.
Theory and practice of tennis.
Prerequisites: Spt&Rec 182.
Current Offerings: http://uwm.edu/schedule

SPT&REC 185 Karate I
1 cr. Undergraduate.
Theory and practice of karate.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 186 Karate II
1 cr. Undergraduate.
Theory and practice of karate.
Prerequisites: Spt&Rec 170(P) or 185(P).
Current Offerings: http://uwm.edu/schedule

SPT&REC 187 Karate III
1 cr. Undergraduate.
Theory and practice of karate.
Prerequisites: Spt&Rec 171(P) or 186(P) or equiv.
Current Offerings: http://uwm.edu/schedule

SPT&REC 191 Volleyball
1 cr. Undergraduate.
Theory and practice of volleyball.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 192 Volleyball II
1 cr. Undergraduate.
Theory and practice of volleyball.
Prerequisites: Spt&Rec 178(P) or 191(P) or equiv.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

SPT&REC 289 General Recreation Activities:
1-3 cr. Undergraduate.
Topics of current interest focusing on life-long participation and skill development in general recreation and leisure activities. Credits for specific topics announced in Schedule of Classes.
Prerequisites: none, except as required for specific topic.
Course Rules: Counts as repeat of Spt&Rec 290 with same topic. May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

SPT&REC 290 Ad Hoc Course in Sport and Recreation:
1-3 cr. Undergraduate.
Topics of current interest in health, leisure, and recreation. May be retaken w/chg in topic. Special course fees may be required depending on course. Prereq: specified in semester Schedule whenever required for a topic
Prerequisites: May be retaken w/chg in topic.
Last Taught: Spring 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
SPT&REC 291 Recreational Arts and Crafts:
1-2 cr. Undergraduate.
Topics of current interest focusing on life-long participation and skill
development in the area of Arts and Crafts. Credits for specific topics
announced in Schedule of Classes.
Prerequisites: none, except as required for specific topic.
Course Rules: Counts as repeat of Spt&Rec 290 with same topic. May be
retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

SPT&REC 292 Social and Creative Dance:
1-2 cr. Undergraduate.
Topics of current interest focusing on life-long participation and skill
development in the area of Social and Creative Dance. Credits for specific
topics announced in Schedule of Classes.
Prerequisites: none, except as required for specific topic.
Course Rules: Counts as repeat of Spt&Rec 290 with same topic. May be
retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 293 Martial Arts:
1-2 cr. Undergraduate.
Topics of current interest focusing on life-long participation and skill
development in martial arts. Credits for specific topics announced in
Schedule of Classes.
Prerequisites: none, except as required for specific topic.
Course Rules: Counts as repeat of Spt&Rec 290 with same topic. May be
retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 294 Wilderness Adventure and Outdoor Activities:
1-2 cr. Undergraduate.
Topics of current interest focusing on life-long participation and skill
development in the areas of Wilderness Adventure and Outdoors
Activities. Credits for specific topics announced in Schedule of Classes.
Prerequisites: none, except as required for specific topic.
Course Rules: Counts as repeat of Spt&Rec 290 with same topic. May be
retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

SPT&REC 295 Organized Sport:
1-2 cr. Undergraduate.
Topics of current interest focusing on life-long participation and skill
development in the area of sport. Credits for specific topics announced in
Schedule of Classes.
Prerequisites: none, except as required for specific topic.
Course Rules: Counts as repeat of Spt&Rec 290 with same topic. May be
retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

NUTR 101 Introduction to the Nutrition Profession
1 cr. Undergraduate.
Introduction to the field of nutritional sciences and related professions.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

NUTR 110 Introduction to Food Principles & Preparation
3 cr. Undergraduate.
Introduction to the physical and chemical properties of foods, food safety
and sanitation, food preparation procedures, and evaluation of prepared
food products in a lab setting.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

NUTR 210 Food Science
3 cr. Undergraduate.
Continued study of the physical/chemical properties of foods; topics
include food composition and nutrition, food additives and regulations,
food safety and processing, food engineering.
Prerequisites: grade of C or better in Nutr 110(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

NUTR 235 Introduction to Nutrition for the Health Professions
3 cr. Undergraduate.
A broad, science-based, practical knowledge of nutritional science and
metabolism to prepare for health and nutrition professions.
Prerequisites: grade of C or greater in Chem 100(P), Chem 101(P), or
Chem 102(P); & Bio Sci 202(P) or (C).
Course Rules: Counts as repeat of Kin 290 w/same topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
NUTR 240 Nutrition for Exercise and Wellness
3 cr. Undergraduate.
The role of nutrition in supporting health, wellness, and exercise on a national, state, community, and individual level.
Prerequisites: grade of C or better in Nutr 235(P) or BMS 232(P).
Course Rules: Counts as repeat of Kin 290 w/same topic.
Current Offerings: [Link to Schedule]

NUTR 241 Why We Eat What We Eat: An Ecological Approach
3 cr. Undergraduate.
Examination of food choice and eating behavior using a multilevel, social ecological perspective. Nutrition and health implications will be discussed.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: [Link to Schedule]

NUTR 245 Life Cycle Nutrition
3 cr. Undergraduate.
An exploration of physiological, sociological, and developmental factors that affect humans nutritional needs and recommendations throughout the life cycle.
Prerequisites: admis to Nutr major or Nutr minor.
Course Rules: Counts as a repeat of BMS 290 w/same topic.
Current Offerings: [Link to Schedule]

NUTR 290 Special Topics in Nutritional Sciences:
1-3 cr. Undergraduate.
Topics of current interest in nutritional sciences, food, and health. Special course fees may be required depending on course. May be retaken w/chg in topic.
Prerequisites: specified in sem schedule whenever required for a topic.
Last Taught: Spring 2018.
Current Offerings: [Link to Schedule]

NUTR 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in a UWM sponsored program before course work level, content, and credits are determined and/or in specifically prepared program course work.
Prerequisites: acceptance for Study Abroad Program.
Course Rules: May be retaken w/chg in topic.
Current Offerings: [Link to Schedule]

NUTR 350 Nutrition Communication and Education
3 cr. Undergraduate.
Approaches to nutrition and health communication and education; development of nutrition and health-related communication materials for target audiences.
Prerequisites: admis to Nutr major or Nutr minor.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [Link to Schedule]

NUTR 355 Modifying Nutrition and Eating Behavior
2 cr. Undergraduate.
Introduction to the basic components of nutritional assessment, behavior change theories and techniques, and educational processes for individuals and groups.
Prerequisites: admis to Nutr major or Nutr minor; grade of C or better in Nutr 245(P) or (C).
Last Taught: Spring 2018, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: [Link to Schedule]

NUTR 430 Advanced Nutrition and Metabolism
3 cr. Undergraduate/Graduate.
Study of nutrients and their specific functions in metabolic processes; integrating physiology, biochemistry, and nutrition.
Prerequisites: admis to Nutr major or Nutr minor; Chem 103(P) or Chem 501(P) or (C).
Current Offerings: [Link to Schedule]

NUTR 435 Nutrition and Disease
3 cr. Undergraduate.
Explores nutritional, physiological, and biochemical aspects of disease processes, and examines the role of food and nutrition in disease prevention, management, and treatment.
Prerequisites: admis to Nutr major or Nutr minor; grade of C or better in Nutr 350(P) & Nutr 355(P) or (C)
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: [Link to Schedule]

NUTR 470 Nutrition Internship/Project
4 cr. Undergraduate.
Supervised internship experience or advanced project(s) typically during the last semester of the undergraduate major.
Prerequisites: sr st & admis to Nutr major; grade of C or better in Nutr 355(P) & Nutr 435(P) or (C); cons internship coord.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [Link to Schedule]

NUTR 484 Community Nutrition Supervised Practice I
2 cr.
Guided by a preceptor, students are introduced to organizations delivering nutrition care in community settings; introductory skills for dissemination of nutrition information are practiced.
Prerequisites: Nutr 345(C) & 355(C); admis Coord Prog in Dietetics.
Current Offerings: [Link to Schedule]

NUTR 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: Retakeable w/chg in topic.
Current Offerings: [Link to Schedule]

NUTR 550 Sports Nutrition
3 cr. Undergraduate/Graduate.
The integration and application of nutrition and exercise science principles to maximize health, fitness, and sport performance. Counts as repeat of BMS/Kin 590 w/same topic.
Prerequisites: jr st; grade of C or better in Nutr 235(P) or BMS 232(P).
Current Offerings: [Link to Schedule]
NUTR 555 Public Health Nutrition and Food Politics
3 cr. Undergraduate/Graduate.
This course highlights the role of food and nutrition in public health programs and services.
Prerequisites: jr st; grade of C or better in Nutr 235(P) or BMS 232(P), Nutr 240(P), & Bio Sci 203(P); or cons instr.
Course Rules: Counts as repeat of BMS(Kin) 290 w/same topic.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

Applied Gerontology, Graduate Certificate (College of Health Sciences, Department of Kinesiology)

The Graduate Certificate in Applied Gerontology is designed to provide students with the knowledge and skills needed to successfully pursue or advance careers within aging services organizations or academic research in aging.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline ([http://uwm.edu/graduateschool/program-deadlines](http://uwm.edu/graduateschool/program-deadlines)), call the Registrar’s Office at (414) 229-3800 or submit a contact form ([http://uwm.edu/registrar/contact-us](http://uwm.edu/registrar/contact-us)) online.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application ([https://graduateschool-apply.uwm.edu](https://graduateschool-apply.uwm.edu)).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission
Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses
Students wishing to earn a Graduate Certificate in Applied Gerontology must complete 18 graduate credit hours. No student may complete all 18 credits within a single school or college.

</table>

Electives
Select 6 credits 1

Total Credits 18

1 Students will work with the Certificate Coordinator to approve the selection 6 credits from the remaining Choice Core classes and additional electives, including a “Practicum” in the student’s home department or area of choice.

Integrative Portfolio
Students must complete an Integrative Portfolio as a final project under the guidance of the Certificate Coordinator and an assigned advisor. This Portfolio includes papers/materials from core courses and an introduction and reflective conclusion that integrates the key concepts from the interdisciplinary coursework and identifies potential impact on their future practice in research or aging services.

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.

2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.

3. A course may count toward no more than one certificate and one degree.

4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:

• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
Athletic Training, MS

To continue our leadership in Athletic Training education, we are revising our program to reflect the changed nature of professional practice demanding more interprofessional collaboration, a higher degree of autonomy requiring advanced development of clinical reasoning skills, and a skill set in evidence-based practice that allows graduates to actively engage in the rapidly changing science surrounding healthcare practice. Therefore, we have established a graduate, professional education program where students would earn a Master of Science in Athletic Training. The program was implemented during the 2015-2016 academic year, with the first students beginning the program for the summer session of 2017. Please refer to the program website for additional information and updates (www.atep.uwm.edu (http://www.atep.uwm.edu)).

The Integrative Health Care and Performance (IHCP) unit within the Department of Kinesiology at UWM offers the Master of Science in Athletic Training, a professional program that prepares students to become certified athletic trainers, and will be accredited by the Commission on the Accreditation of Athletic Training Education (CAATE). Athletic trainers are health care professionals who provide physically active people services such as injury/illness prevention, emergency care, clinical diagnosis, therapeutic intervention and rehabilitation of injuries and medical conditions. Students in the program will be trained in interprofessional practice, the scholarship of clinical practice, and in specialized clinical reasoning. The IHCP unit engages students in active learning experiences that prepare them for the dynamic nature of patient/client-centered care within an interprofessional environment.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Earned bachelor’s degree (any field) with cumulative 3.0 GPA
2. Completion of the following foundation courses with a cumulative GPA of 3.0:
   a. Human anatomy with lab
   b. Human physiology with lab
   c. Introduction to psychology
   d. Statistics
   e. Chemistry with lab
   f. Physics with lab
   g. Psychology of sport and exercise
   h. Exercise physiology
   i. Biomechanics
   j. Introduction to nutrition
   k. Motor learning
3. Completion of 20 hours of observation of athletic training practice.
4. Two letters of recommendation: One from an academic reference, one from an athletic trainer with whom the applicant completed observation hours.
5. Submission of GRE scores taken within last 5 years.

Credits and Courses

This is a 71-credit, two-year program conducted on a 12-month calendar. Students will matriculate at the start of the Summer term, and take courses for the following Fall, Spring, Summer, Fall, and Spring. Graduation will occur at the end of the Spring term.

Note: Course descriptions for PRPP (Physical Rehabilitation and Performance Psychology) courses will be available sometime in Spring 2016. Students can enroll in PRPP courses beginning Summer 2017.

Program Requirements

Major Professor as Advisor
The Graduate School requires that each student have a major professor to advise, supervise, and approve the program of study. Students are assigned faculty advisors upon acceptance into the program.

Time Limit
The student must complete all degree requirements within seven years of initial enrollment.

Complementary and Integrative Health Approaches, Undergraduate Certificate

Complementary and Integrative Health Approaches (CIH) are important components of the American health care system and supports a focus on health and wellness. The CIH approaches advocate for care that is patient-centered, healing oriented, emphasize the therapeutic relationship, and use therapeutic approaches originating from conventional and alternative medicine. Health and wellness, mind and body, and natural products are key areas of focus within this area of study. Health care professionals and future health care professionals, wellness and fitness oriented professionals and students, and interested individuals benefit from competency in understanding and critically evaluating the various practices considered as complementary and alternative or integrative.

The focus of this certificate program is an educational foundation regarding the broad use of complementary and integrative practices. Through coursework, learners explore and evaluate the most common forms of CIH, the history and cultural applications of CIH practices, evidence-based and ethical use of CIH, and the critical evaluation of CIH information and research. Completion provides basic scientific knowledge and skills to critically evaluate the current and future use of integrative health care.

Note: Students must declare their intent to pursue this academic certificate. Professional advisors provide information and guidance to help students make informed educational decisions. Students are encouraged to meet with an advisor at least once each semester. To schedule an advising appointment, call the Office of Student Affairs appointment line at (414) 229-2758.

Requirements
To earn the academic certificate, a minimum GPA of 2.5 is required in the 15 credits.

Course offerings are subject to change.

Healthy Aging, Undergraduate Certificate

The Undergraduate Certificate in Healthy Aging is an interdisciplinary program housed in the Center for Aging and Translational Research. The certificate is designed for students:
1. To acquire basic foundational knowledge in the processes of aging, issues regarding aging, and the challenges of older adulthood.
2. To understand the interdisciplinary and integrative nature of gerontology.
3. To have practical experiences with older adults.

The certificate is open to all undergraduate students as well as non-degree seeking students with a bachelor's degree. Undergraduate students may earn the certificate in conjunction with any major. Those with a bachelor's degree may choose to complete the program to enhance their job performance or increase their marketability in the field of aging. Certificate completion will be posted on a student's official transcript and an official paper certificate will be sent to the student.

Requirements
The student must maintain a 2.5 GPA for the 18 credits that meet certificate requirements.

The program consists of 18 credits including:

</tbody>
</table>

1. No more than three credits can be taken in one area. See the program coordinator for a current list.
2. Select courses after consulting with the academic advisor for their program and the certificate coordinator. A maximum of 3 credits of approved independent study may be counted as an elective.

For additional information, contact the program coordinator in the Center for Aging and Translational Research, catr@uwm.edu, (414) 229-7313.

Kinesiology, BS
Are you fascinated by the science of human movement? Then kinesiology might be the major for you. You’ll join an exciting department where nationally known faculty are working to deepen our understanding of physical activity, and you’ll delve into topics such as anatomy and physiology, biomechanics, psychosocial aspects of sport/exercise, motor development and more. You’ll graduate ready to apply your knowledge and skills in professional settings ranging from health care to sports to industry.

Requirements
Requirements for the BS Kinesiology program can be found on the BS Kinesiology webpage (http://uwm.edu/healthsciences/academics/bachelors-kinesiology).

Note: Admission and progression criteria (including curricular requirements) for the BS Kinesiology Program are subject to change. Please contact the Office of Student Affairs, NWQB 6425, (414) 229-2758, for the most current information.

Course of Study
The undergraduate program in the Department of Kinesiology is a four-year curriculum leading to a Bachelor of Science degree in Kinesiology. The program has two tracks, Health Promotion and Exercise Science. Both tracks consist of foundational studies, lab classes, and professional preparation leading to the completion of 120 credits for the Bachelor of Science degree.

Admission and progression criteria (including curricular requirements) for the BS Kinesiology Program are subject to change as of the publication date of this catalog. Please contact the Office of Student Affairs, NWQB Building B, 6th Floor, 414-229-2758, for the most current information.

Eligibility
Students interested in Kinesiology will remain eligible for continuation in the degree by:

1. Completion of UWM’s General Education Requirements (p. 33) (students are encouraged to use CHS courses when appropriate);
2. Maintenance of a UWM cumulative grade point average over 2.5;
3. Completion of the Kinesiology Foundation Courses with a grade of C or better. Students may not repeat more than four (4) of the Kinesiology Foundation Courses:

<td></td>
</tr>
</tbody>
</table>

Admission
In order to move on to the Kinesiology Core courses, the following admission criteria must be met:

1. 2.5 cumulative GPA;
2. Minimum grade of C in the following foundations courses:
3. Completion of UWM’s General Education Requirements (p. 33); and
4. Completion of online application for admission to the Kinesiology major.

When the criteria are met and application accepted, the student will be admitted to the Kinesiology program.

Note: Admission and progression criteria (including curricular requirements) for the BS Kinesiology Program are subject to change. Please contact the Office of Student Affairs, NWQB 6425, (414) 229-2758, for the most current information.

Retention
Retention in the program and graduation are dependent upon:

1. Maintenance of a 2.5 cumulative UWM GPA.
2. Completion of all courses in one of the following track curriculum with an average GPA of 2.75 in the Kinesiology Core. Students may not repeat more than three (3) of the Kinesiology Core courses.
3. Completion of all required courses, correlates/internship, and elective credits (120 minimum degree credits).

Degree Requirements
Kinesiology students are required to complete the (a) University Core, (b) Kinesiology Core, and (c) Health Promotion Exercise Science track requirements. The Health Promotion requirements include completion of the Professional Skills Development coursework and Internship. The Exercise Science track includes completion of Correlate Coursework. Students in both tracks also must complete elective coursework to fulfill the 120 credit requirement for the BS Kinesiology degree.

Internship (Health Promotion track only)
Internship must be completed in the last semester and is 12 credits. Advanced preparation is required for internship and students should be in contact with the internship coordinator as soon as possible. See the BS Kinesiology webpage (http://uwm.edu/healthsciences/academics/bachelors-kinesiology) for additional information regarding internship.

Internship Eligibility
The following requirements must be met before enrolling in KIN 489:

1. Completion of all other curriculum requirements;
2. A 2.5 or greater cumulative GPA;
3. A 2.75 or greater cumulative GPA for all Kinesiology Core requirements:
Kinesiology, Minor

The Minor in Kinesiology affords students opportunities to study the multidisciplinary science of human movement.

Students who complete the Minor in Kinesiology will be able to:

1. Describe, from a multidisciplinary approach, the value and benefits of all forms of physical activity and a healthy lifestyle; and
2. Summarize and apply theoretical and scientific knowledge from multiple Kinesiology sub-disciplines such as: biomechanics, exercise physiology, motor behavior, sociological and psychological aspects of physical activity, health, and sport.

Requirements

To declare the Minor in Kinesiology, students must:

1. Have completed a minimum of 24 credits;
2. Have a minimum UWM GPA of 2.5; and
3. Complete the online declaration form.

The Minor in Kinesiology involves completing 18 credits of kinesiology coursework. Students must:

Select at least 12 credits from the following: ¹

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

<td></td>
</tr>
<tr>
<td>KIN 361</td>
<td>Principles of Motor Learning</td>
<td></td>
</tr>
</tbody>
</table>

¹ Declaration of minor is a prerequisite for each of these courses.

To be awarded the Minor in Kinesiology, students will need to earn a minimum GPA of 2.5 in the 18 credits in the Kinesiology minor. Students must satisfy published prerequisites of any course.

Academic advisors within the College of Health Science Office of Student Affairs will assist students enrolled in the program with the development
of career goals and the selection of appropriate courses to further those goals. Please contact the Office of Student Affairs at 414-229-2758.

Kinesiology, MS

"Kinesiology is an academic discipline which involves the study of physical activity and its impact on health, society, and quality of life." — American Kinesiology Association

The Master of Science degree in Kinesiology provides students with an understanding of how physical activity (including sport and exercise) impact and are affected by various physiological, mechanical, and psychosocial aspects of human health and performance.

The degree offers focused study in Exercise and Nutrition in Health and Disease, Integrative Human Performance, or Neuromechanics and prepares students for careers in higher-education, research, and practice through didactic coursework in the areas of Biomechanics, Exercise Physiology, Motor Behavior, Rehabilitation, Sport & Exercise Psychology, and Psychosocial Aspects of Health Behavior.

Knowledge and skills in research-related and discipline-specific coursework helps prepare students to address complex real-world health and performance issues and utilize critical thinking skills to generate knowledge and make sound decisions to support continued personal and professional development.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. A bachelor’s degree in kinesiology, biology, nursing, occupational therapy, physical education, psychology, sociology, physical therapy, zoology or equivalent preparation.
2. Students must have successfully (B or better) completed undergraduate coursework (or equivalent) in statistics, human anatomy (with lab), and human physiology (with lab), as well as the coursework below corresponding to the student’s chosen area of study:
   - Exercise and Nutrition in Health and Disease
     - Exercise physiology or medical physiology
     - Exercise testing and prescription or performance assessment
     - Psychological or sociological aspects of human behavior (or equivalent)
     - Introduction to nutrition or eating behavior
   - Integrative Human Performance
     - Exercise physiology or medical physiology
     - Exercise testing and prescription or performance assessment
     - Sport & exercise psychology
   - Neuromechanics
     - Biomechanics or physics
     - Motor behavior or a psychology course including human movement

4. Two letters of recommendation to the Department’s Kinesiology Graduate Program Director from persons familiar with applicant’s academic ability and achievement.

For more specific information about departmental requirements for admission, please visit the Kinesiology Department website (http://uwm.edu/healthsciences/academics/masters-kinesiology/#admission).

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters.

The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree. Applicants with undergraduate majors in areas other than those noted in this section may be admitted on a similar basis.

Applicants should visit the UWM M.S. Kinesiology website (http://uwm.edu/healthsciences/academics/masters-kinesiology) for additional information and deadlines.

Credits and Courses

The minimum degree requirement is 33 graduate credits for Option A and B. Option A and B students must take 6 credits of core courses and 9 credits from their primary focus area:

<table>

<td>33</td>
</tr>
</tbody>
</table>

Students prepare a research thesis, which will earn 6 credits within the required 33 graduate credit minimum. Each student is responsible for identifying a major professor and a thesis committee before completing 12 graduate credits. The thesis committee should consist of a minimum of three graduates Faculty: the major professor from the student’s primary area of study, a departmental faculty member from the primary area of study, and one other departmental or other UWM graduate faculty member. The thesis committee approves a program of studies designed to lead the student into the thesis research area. To make subsequent
changes, the student must petition the departmental Graduate Faculty Committee prior to any intended change.

### Program Requirements

#### Major Professor as Advisor
The Graduate School requires that each student have a major professor to advise, supervise and approve the program of study before registering for courses. Each student will be assigned an advisor upon admission based on the declared area of concentration.

#### Comprehensive Examination
The student must pass comprehensive oral examination in defense of the completed project.

#### Time Limit
The student must complete all degree requirements within seven years of initial enrollment.

### Kinesiology, PhD

"Kinesiology is an academic discipline which involves the study of physical activity and its impact on health, society, and quality of life." — American Kinesiology Association

With a focus on the interrelationships between movement and health, the foundation of the Ph.D. in Kinesiology curriculum provides students with both the classroom and experiential training that is critical to becoming a successful scholar. The Kinesiology doctoral program includes balanced and comprehensive doctoral-level training in Kinesiology theory, research methodology, and statistics that culminates in an innovative and publishable dissertation reflecting an integration of scientific discovery and application. The program focuses on developing scholars in areas of emphasis that align with faculty expertise.

The Kinesiology doctoral program provides students with excellent research training for academic and professional careers that require theory-driven basic and/or applied research skills, such as faculty and/or administrative positions within colleges and universities; careers in nonprofit service and research organizations; policy-making positions in government agencies and institutions; and careers in for-profit businesses.

### Admission Requirements

#### Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

#### Admission
In addition to meeting the UWM Graduate School's criteria for admission, applicants to the PhD program in Kinesiology must also:

1. Possess, or be in the process of completing, a MS degree in Kinesiology or closely related field. In exceptional cases, applicants with a BS degree in Kinesiology or closely related field who demonstrate significant involvement in research and exceptional academic achievement may be considered for admission.
2. Submit a curriculum vitae that includes all academic institutions attended, degrees achieved, and academic and professional accomplishments (e.g., publications, presentations).
3. Submit verbal, quantitative, and analytical writing scores from the GRE (http://uwm.edu/graduateschool/admission/#gre) General Test taken within five years of the application date.
4. Demonstrate, through submission of official transcripts from all institutions attended, a minimum grade point average of 3.0 for the highest degree program in which the student enrolled and/or completed. Particular attention will be paid to grades in classes that are relevant to the selected area of emphasis for the PhD Kinesiology program. Applicants currently enrolled in a baccalaureate program must demonstrate a minimum undergraduate grade point average of 3.0.
5. Solicit two confidential letters of recommendation from previous university instructors and/or faculty advisors. These letters should be sent directly from the letter writer to the program director.
6. Submit a writing sample from a research project in which the applicant was involved. Acceptable writing samples include, but are not limited to, submitted/published manuscripts, submitted/published abstracts, review of literature, report of a completed research project, research proposal, etc.
7. Submit a letter of intent that addresses the applicant's research interests (including intended area of emphasis and advisor at UWM) conducted research, ongoing research and career goals.

The final admission decision is contingent upon the availability of a faculty member to serve as primary advisor for the student.

### Credits and Courses

The program requires students to complete a minimum of 58 graduate credits beyond the master's degree, or a minimum of 79 credits beyond the bachelor's degree. The curriculum is comprised of five main components:

1. Core curriculum
2. Area of emphasis curriculum
3. Cognate
4. Electives
5. Dissertation

All coursework will be decided upon and approved by the student and their PhD committee.

Credit distribution will be as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</table>

All credits listed are minimum required credits for the program.

**Core Curriculum**

The core curriculum focuses on developing the knowledge and skills necessary for students to conduct sound and innovative research, and to develop as a scholar. Coursework included in the core curriculum focuses on research methodology and design, statistical analysis, ethical conduct of research, professional development, and teaching and learning coursework.

**Program Requirements**

**Major Professor as Advisor**

The Graduate School requires that each doctoral student have a major professor to advise, supervise and approve the program of study before registering for courses. The major professor also serves as a research mentor, the chair of the dissertation committee, and chair of the committee hearing the dissertation defense. Each student will be assigned an advisor upon admission based on area of research interest. The major professor must have graduate faculty status.

**Area of Emphasis Curriculum**

Students will propose an area of emphasis in consultation with their advisor and take an array of courses, offered within and outside the Department of Kinesiology, that explore the main dimensions of that area. The academic area of specialization within Kinesiology will be identified prior to the student's entry into the program. The student's doctoral committee will be charged with reviewing their program of study to ensure that sufficient doctoral level coursework will be/have been completed.

**Cognate**

The cognate area, within or outside Kinesiology, will complement the student's area of concentration (e.g., Area of emphasis: Exercise Physiology, Cognate: Nutrition), and will be identified by the end of the first year of coursework. Coursework in the cognate may include classes offered within and/or outside the Department of Kinesiology. As with the area of emphasis curriculum, the student's doctoral committee will be charged with reviewing the program of study to ensure that sufficient doctoral level coursework will be/have been completed.

**Electives**

Students will have the opportunity to broaden their knowledge by taking supplemental courses in teaching and learning, grantsmanship, manuscript preparation, professional development, and other areas that complement their program of study.

**Dissertation**

The completion of a dissertation, consisting of original research, will be the final step in earning a Ph.D. in Kinesiology from the University of Wisconsin-Milwaukee. In addition to formal coursework, students are required to successfully complete a preliminary examination, a dissertation proposal, and a dissertation defense. It is expected that this degree will take an average of four to five years for a full-time student to successfully complete.

**Preliminary Exam**

After students successfully complete the required credits of didactic coursework in the Core, Area of Emphasis, and Cognate areas, the student will sit for the preliminary examination. The preliminary examination will assess the level of knowledge and understanding related to coursework taken in the area of emphasis, cognate area, as well as research methodology and statistics. Specifically, the purpose of the preliminary exam is to provide the student with an opportunity to demonstrate their current knowledge, and ability to apply and integrate knowledge gained in classes with the current body of literature and in their own research. The preliminary examination process must be successfully completed before a student can formally become a dissertator, and must be completed within five years of initial doctoral program enrollment.

The preliminary exam format will consist of the following:

**Area of Emphasis Examination**

One written exam where the student will not have access to notes or other materials. The exam will require students to demonstrate their understanding of fundamental ideas, theories, and/or concepts within their area of emphasis.

**Cognate Examination**

One written exam where the student will not have access to notes or other materials. The exam will require students to demonstrate their understanding of fundamental ideas, theories, and/or concepts within their area of emphasis.

**Integrative Examination**

The student will prepare a grant proposal (format approved by doctoral committee) and orally defend their grant proposal to their doctoral
committee. This written and oral exam will focus on a topic related to their area of emphasis, but not the student’s primary dissertation research question. The topic must be agreed upon by the student and their committee. The integrative examination will provide the student an opportunity to demonstrate their ability to analyze, evaluate, and hypothesize on research and theory pertaining to a selected area of Kinesiology.

**Appeals Process**

Any appeal (grades, preliminary exam decision, dissertation proposal decision, etc.) initiated by the student must follow the appropriate steps for appeals (http://uwm.edu/graduateschool/appeals-exceptions) as outlined by the Graduate School.

**The Dissertation Process**

**Dissertation Proposal and Proposal Hearing**

Upon successful completion of the preliminary examinations, the student submits a written dissertation proposal to the doctoral committee and conducts a public oral presentation of the proposed research. Notification of the oral presentation will be publicly posted ten business days (two calendar weeks) prior to the presentation. The committee then votes on whether to allow the student to move forward with the plan presented. Committee approval of the dissertation proposal establishes agreement on the plan and confirms that the student has adequate preparation to complete the research.

Per UWM Graduate School guidelines (http://uwm.edu/graduateschool/doctoral-milestones), “Any significant changes to the dissertation as presented in the proposal hearing must be approved. A new proposal and proposal hearing are required.”

**Dissertation**

The dissertation is a major piece of original research representing a substantial contribution to the existing body of knowledge. The student’s major professor and doctoral committee provide guidance in completing the dissertation. The final written document may follow a traditional or manuscript format.

- For dissertations following the traditional dissertation format, the formatting of the dissertation document will follow guidelines (http://uwm.edu/graduateschool/thesis-dissertation-formatting) published by the UWM Graduate School and consist of an introduction, review of literature, method, results and discussion sections.
- For dissertations following the manuscript format, the dissertation document will follow guidelines (http://uwm.edu/graduateschool/thesis-dissertation-formatting) published by the UWM Graduate School and consist of an introduction to the content area and line of research, two to four manuscripts, a summary of the impact of the current work on the existing body of literature, and an overall conclusion.

**Dissertation Defense**

The student must present and defend the dissertation in a public forum. Successful completion of the dissertation defense will require approval by a majority of doctoral committee members.

**Time Limit**

In accordance with Graduate School policy, all degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

---

**Nutritional Sciences, BS (Department of Kinesiology)**

The Nutritional Sciences Program is a 120-credit interdisciplinary undergraduate major administered jointly by the Biomedical Sciences and Kinesiology Departments in the College of Health Sciences. The Nutritional Sciences program is designed to provide students with a strong foundation in biological, physical, and social sciences, in order to understand the relationships among food, nutrients, eating behavior, and human health.

1 Required courses in the curriculum satisfy these General Education Requirements

Students are considered “Nutritional Sciences-Intended” until they have completed their General Education Requirements, Foundations courses and the Nutrition Core. To be eligible for admission to the major and enrollment in the advanced core nutrition courses, students must have a UWM cumulative grade point average (GPA) of 2.50 or higher, and the following prerequisite courses must be completed with a minimum grade of C:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>

</tbody>
</table>
BIO SCI 203 Anatomy and Physiology II 4
KIN 270 Statistics in the Health Professions: Theory and Practice 3

Select one of the following: 3
PSYCH 101 Introduction to Psychology
SOCIOL 101 Introduction to Sociology
ANTHRO 102 Introduction to Anthropology: Culture and Society
COMMUN 103 Public Speaking 3

Chemistry Sequence (choose one):
Chemistry sequence culminating in CHEM 103 (42 total Foundations credits)
Chemistry sequence with 3 credits of Organic Chemistry and culminating in CHEM 501 (50 total Foundations credits)
Chemistry sequence with 8 credits of Organic Chemistry and culminating in CHEM 501 (55 Foundations credits)

Nutrition Core (minimum GPA of 2.75 is required in this category for admission) 13
NUTR 241 Why We Eat What We Eat: An Ecological Approach 3
NUTR 101 Introduction to the Nutrition Profession 1
NUTR 110 Introduction to Food Principles & Preparation 3
NUTR 235 Introduction to Nutrition for the Health Professions 3
NUTR 240 Nutrition for Exercise and Wellness 3

No more than four of the Foundations courses listed above may repeated.

Advancement to the Major
The application to the major is made available online on the program website during the months of September and February. Applications are due October 1st for spring admission and March 1st for summer/fall admission. The application may be submitted while courses above are in progress as long as they will be completed prior to the effective admission term. Applicants are notified of admission status via email from the program director within four weeks of the application deadline.

</tbody>
</table>

Electives (9 credits must be at the 300 level or above) 16-29

Students with Chemistry sequence culminating in CHEM 103 must complete 29 elective credits

Graduation Requirements
Once admitted to the program, students must earn a minimum GPA of 2.75 in all advanced core nutrition courses, and no more than three of the Core and Advanced Core courses may be repeated. Students must complete a minimum of 120 credits with a minimum cumulative GPA of 2.5 to be eligible for graduation.

Honors in the Major
Honors in the major are granted to students who earn a GPA of 3.500 or above on a minimum of 30 completed credits at UWM following advancement to a Health Sciences major.

Honors in the College of Health Sciences
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Nutritional Sciences, Minor (Department of Kinesiology)
The Minor in Nutritional Sciences provides students the opportunity to study food and nutrients, their physiological functions, normal nutritional requirements, and the myriad of influences on food choice and eating behavior throughout the life cycle. The required science foundation courses provide the necessary background of chemistry and biological sciences to understand the physiological basis of nutrition, as a multidisciplinary science with relevance to health.

Upon completion of the Minor in Nutritional Sciences, students will be able to:
• Describe the relationship between food and nutrients in human health and well-being;
• Discuss the function, physiology, dietary sources, and symptoms and consequences of deficiency and toxicity for macro- and micronutrients;
• Apply nutrition principles to the human life cycle: nutrient functions, needs, sources, and alterations during pregnancy, lactation, growth and development, maturation, and aging;
• Examine the multiple levels of influence (i.e., intrapersonal, interpersonal, institutional/organizational, community, political, and cultural) that shape food choice and eating behavior;
• Apply scientific principles of basic food chemistry in examining food's physical aspects and preparation; and
• Apply biological and biochemical principles to the understanding of the human digestion and metabolism of macro- and micronutrients.

Admission and Requirements

Students may declare their intent to pursue the Nutritional Sciences Minor on the program’s website. Students must satisfy the following requirements to be eligible to declare the minor:

• 2.5 Cumulative GPA
• Minimum grade of C in the following 15 credits of Core Nutrition Courses (or In Progress):

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

¹ This list of courses may be modified by the Nutritional Sciences Program Committee as additional courses are developed.

To be awarded the Minor in Nutritional Sciences, students will need to maintain a GPA of 2.50 with no grade lower than a C in the 21 credits of coursework.

Students concurrently enrolled in a bachelor’s degree program successfully completing the program requirements will be awarded the Minor in Nutritional Sciences at the time of graduation.

Academic advisors within the College of Health Sciences Office of Student Affairs will assist students enrolled in the program with the development of career goals and the selection of appropriate courses to further those goals. Please contact the Office of Student Affairs at (414) 229-2758.
OCCUPATIONAL SCIENCE AND TECHNOLOGY

The Department of Occupational Science and Technology (OST) offers a 120-credit undergraduate program in the area of occupational studies (OS). The OS undergraduate degree offers a flexible educational path. Combined with a blend of elective courses, a degree in the area of occupational studies may prepare the student to work in different health and human service settings. The OS degree combined with the Therapeutic Recreation (TR) courses offers a viable career path. There is a steady need for Recreational Therapists to assist in the care and prevention of age-related illness and injuries and provide opportunities for individuals with disabilities. It is recommended that students pursue employment under a Certified Therapeutic Recreation Specialist (CTRS) to be eligible to sit for the National Council for Therapeutic Recreation Certification (NCTRC) exam to obtain the professional credential. Additionally, graduates will be particularly well-prepared for further graduate study in occupational therapy and other disability-related disciplines. The efficient degree program is in concert with the University mission “to further academic and professional opportunities at all levels for women, minority, part-time, and financially or educationally disadvantaged students.” Students have the flexibility to complete the revised curriculum in a reasonable (4 year) period of time.

The Department of Occupational Science and Technology offers a Master of Science in Occupational Therapy that prepares students to become occupational therapists. During the program, students engage in graduate-level instruction embedded in the theory, research, and clinical underpinnings required to become evidence-based occupational therapy practitioners. Students may select a thesis option or project option in pursuing this degree. Students who are interested can choose to combine elective courses from the OT program with other courses on campus to receive the transcript-designated concentration in assistive technology and accessible design and/or ergonomics. (Note: The ergonomics concentration is being revised; admission to the program is temporarily suspended.) Graduates of the program are eligible to take the occupational therapist certification examination offered by the National Board for Certification in Occupational Therapy. The Master of Science in Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) (http://www.acoteonline.org) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE’s telephone number c/o AOTA is (301) 652-AOTA (2682).

Programs

- Assistive Technology and Accessible Design, Graduate Certificate (College of Health Sciences, Department of Occupational Science and Technology) (p. 898)
- Occupational Studies, BS (p. 899)
- Occupational Therapy, MS (p. 907)
- Occupational Therapy, MS: Assistive Technology and Accessible Design (p. 903)
- Occupational Therapy, MS: Ergonomics (p. 905)
- Therapeutic Recreation, Undergraduate Certificate (p. 908)
- Trauma Informed Care, Graduate Certificate (College of Health Sciences, Department of Occupational Science and Technology) (p. 909)

Graduate Admission Requirements

Each graduate program has admission requirements in addition to the general Graduate School admission requirements. Refer to Graduate Admission and Costs (p. 17) for the graduate school’s admission requirements, and to the specific program for the program’s admission requirements.

Undergraduate Admission

Students interested in the OS undergraduate program are encouraged to contact the College of Health Sciences Office of Student Affairs. Students with bachelor’s degrees in other areas are welcome and encouraged to contact Student Affairs for a credit evaluation.

Students Entering the OS Program Fall 2017

Admission to the Major

Students will automatically be admitted to the major after completion of 57 credits. Within those 57 credits, students must have a B- or better in BIO SCI 202, OCCTHPY 151 and OCCTHPY 201, PSYCH 101, and THERREC 202. At the time of admission to the major, students must declare at least one track that they will complete.

Upon admission to the occupational studies major, students must maintain a 2.75 cumulative GPA. Failure to attain a semester GPA of 2.75 or higher will result in the student being placed on academic probation for one semester. A second semester GPA below 2.75 will result in dismissal from the program. Any given course may be repeated only one time.

Occupational Studies Courses

OCCTHPY 151 Foundations of Scientific Inquiry for Occupational Studies
3 cr. Undergraduate.
Foundation of basic inquiry skills needed to pursue a career in health sciences. Attention is paid to observation, collection, visualization and reporting skills.
Prerequisites: none.
Course Rules: Counts as repeat of OccThpy 290 w/same topic.
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwarm.edu/schedule

OCCTHPY 201 Introduction to Occupational Science and Technology
3 cr. Undergraduate.
Survey of professions related to disability, occupation, assistive and quality of life technologies and rehabilitation.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwarm.edu/schedule

OCCTHPY 220 Gizmos and Gadgets: Introduction to Assistive Technology
1-3 cr. Undergraduate.
Survey of historical, current, and emerging assistive technology devices, services, and rehabilitation and disability through use of internet resources, print resources and guest speakers.
Prerequisites: none.
Course Rules: Counts as repeat of OccThpy 290 w/same topic. May be retaken to 3 cr max.
Current Offerings: http://uwarm.edu/schedule
OCCTHPY 245 Client Diversity in Health Sciences: An Interdisciplinary Perspective
3 cr. Undergraduate.
Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual's cultural identity.
Prerequisites: soph st or cons instr.
Course Rules: BMS(C L Sci)/ComSDis/HCA/Kin(HMS)/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

OCCTHPY 250 Concepts of Time and Occupation
3 cr. Undergraduate.
Examines the science and application of time related to human occupation, activity, and health through interactive and hands-on learning activities, videos and guest speakers.
Prerequisites: none.
Last Taught: Fall 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 260 Enhancing Health Through Activity, Occupation and Technology I
3 cr. Undergraduate.
Introduction to the role of activities, occupations, and technology in the promotion of good health and as interventions for individuals, groups and communities.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 280 Applied Human Anatomy for Health Professionals
3 cr. Undergraduate.
In-depth study of the human body with emphasis on applications pertinent to health professionals.
Prerequisites: Bio Sci 203(P) or cons instr.
Course Rules: Special course fee assessed for lab materials.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 290 Topics in Occupational Therapy
1-3 cr. Undergraduate.
Topics of current interest in occupational therapy. See Schedule of Classes for course offerings. May be retaken with change in topic to max of 9 cr. Prereq: none. Additional prereqs will be listed in the semester Timetable as appropriate.
Prerequisites: none.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 297 Study Abroad - Occupational Therapy
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared course work.
Prerequisites: acceptance to Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2008.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 301 Applied Neuroscience for Health Professionals
3 cr. Undergraduate.
A functional approach to the human nervous system and neuropathology. Orientation to evaluation and treatment for neurological disorders.
Prerequisites: admis to OccThpy prog; KIN(HMS) 325(P) or (C), or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 305 Applied Psychopathology
3 cr. Undergraduate.
Survey of psychopathology, psychosocial rehabilitative treatment theory and practice used in mental health settings. Lec, Dis.
Prerequisites: Acceptance in OccThpy prog; or cons instr.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 308 Musculoskeletal Pathology and Occupational Function
2 cr. Undergraduate.
The origin, nature, and course of musculoskeletal disorders are described and analyzed within the context of occupational performance and occupational biomechanics.
Prerequisites: admis to OccThpy prog.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 315 Group Process in Rehabilitation
3 cr. Undergraduate.
Study of, and participation in, group process specific to rehabilitation programs. Experimental.
Prerequisites: jr st in OccThpy or TherRec, OccThpy 305(P) or TherRec 308(P), or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 320 Introduction to Ergonomics for Healthcare Professionals
3 cr. Undergraduate.
Introduction to ergonomics and work-related musculoskeletal disorders with special focus on work and settings relevant to Occupational Therapy and other healthcare professions.
Prerequisites: jr st or cons instr.
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 322 Program Development in Rehabilitation
2 cr. Undergraduate.
Study of the development process for programs in rehabilitation. Lecture, Discussion, Experiential learning.
Prerequisites: jr st in OccThpy prog or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 323 Program Management in Rehabilitation
2 cr. Undergraduate.
Study of the management of programs in rehabilitation.
Prerequisites: sr st in OccThpy prog or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule
OCCTHPY 326 Occupational Therapy in Pediatrics I
3 cr. Undergraduate.
Evaluation of occupational performance and planning for treatment for the birth to 21 y/o population with occupational dysfunction. Includes experiential component.
Prerequisites: jr st in OccThpy; OccThpy 301(P).
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 328 Occupational Therapy in Physical Rehabilitation I
3 cr. Undergraduate.
Application of biomechanical principles to OT evaluation and treatment. Lec, lab.
Prerequisites: Acceptance in OccThpy prog.
Last Taught: Spring 2015, Spring 2014, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 329 Occupational Therapy in Gerontology
3 cr. Undergraduate/Graduate.
In-depth study of occupational therapy principles and practice in working with the elderly in institutions and the community.
Prerequisites: jr st in OccThpy Prog.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 330 Foundations of Professional Practice in Occupational Therapy
1-3 cr. Undergraduate.
Foundation for successful professional practice in the field of occupational therapy. Students will apply knowledge of core professional documents, ethics and leadership. Specific cr announced in Schedule of Classes each time course is offered.
Prerequisites: jr st in OccThpys Prog.
Course Rules: May not be retaken for cr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 340 Evidenced for Practice I: Applications of Biostatistics
3 cr. Undergraduate.
Applications of instrumentation, biostatistics and epidemiology in occupational studies. Emphasizes research design, measurement and interpretation of statistical results.
Prerequisites: jr st, OccThpy 151(P), Kin 270(P).
Last Taught: Fall 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 341 Evidence for Practice II: Appraising Evidence
3 cr. Undergraduate.
Critically examines current research evidence in occupational studies and health care. Emphasizes spectrum of quantitative and qualitative approaches. Prereq: OccThpy 340(C).
Prerequisites:
Current Offerings: http://uwm.edu/schedule

OCCTHPY 350 Professional Development Seminar I
1 cr. Undergraduate.
Integrate academic knowledge with observation skills; refine skills through client observation; complete facility tours and paired visits to OT-related sites.
Prerequisites: Acceptance in OccThpy prog; or cons instr.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 356 Enhancing Health Through Activity, Occupation and Technology II
3 cr. Undergraduate.
Integrate understanding of relationship of occupation and health, occupation-based intervention and technology. Reflect on personal occupations and design interventions for individuals, groups, communities.
Prerequisites: Acceptance in OccThpy prog. or cons instr.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 390 Professional Development Seminar II
1 cr. Undergraduate.
Integrate OT academic knowledge with observation and intervention skills; refine skills through client interaction; complete 1st Level I fieldwork
Prerequisites: jr st in OccThpy prog; OccThpy 350(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 401 Overview of Medical Conditions
3 cr. Undergraduate.
Overview of common impairments and related diagnoses such as spinal cord injury, head injury, burns, cognitive disorders and psychiatric disorders with implications for OT practice.
Prerequisites: TherRec 202(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 405 Occupational Therapy in Physical Rehabilitation II
3 cr. Undergraduate.
Neurodevelopmental evaluation and treatment procedures for persons with central nervous system damage. Lec, lab.
Prerequisites: sr st in OccThpy prog; OccThpy 308(P); OccThpy 401(P).
Current Offerings: http://uwm.edu/schedule

OCCTHPY 411 Occupational Therapy and Psychosocial Rehabilitation
3 cr. Undergraduate.
Advanced clinical techniques in psychosocial occupational therapy emphasizing social skills training, life coping skills, OT evaluations and intervention planning in rehabilitation and community settings.
Prerequisites: sr st in OccThpy prog; OccThpy 305(P) & 315(P).
Current Offerings: http://uwm.edu/schedule

OCCTHPY 420 Principles of Human Factors and Usability
3 cr. Undergraduate.
Introduction to principles of human factors, interaction, and usability as they pertain to the design of consumer devices and assistive technologies.
Prerequisites: jr st; OccThpy 220(P); or cons instr.
Course Rules: Counts as repeat of OccThpy 590 w/same topic.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 425 Occupational Therapy Senior Seminar
2 cr. Undergraduate.
Summary and analysis of occupational therapy services primarily in physical dysfunction treatment situations. 4-week mini-course.
Prerequisites: 2 sem sr st in OccThpy prog.
Current Offerings: http://uwm.edu/schedule
OCCTHPY 426 Occupational Therapy in Pediatrics II
3 cr. Undergraduate.
Evaluation of occupational performance and treatment implementation for the birth to 21 y/o population with occupational dysfunction. Lec and lab.
Prerequisites: sr st in OccThpy prog; OccThpy 326(P).
Current Offerings: http://uwm.edu/schedule

OCCTHPY 427 Essentials of Splinting
3 cr. Undergraduate/Graduate.
Evaluation and splint fabrication of upper and lower extremity and trunk. Hands-on lab experience in splint design using various patterns, applications, and materials.
Prerequisites: Bio Sci 203(P); Hum Kin 320(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 430 Foundations of Professional Practice in Occupational Therapy III
1-3 cr. Undergraduate.
Fieldwork, lecture, discussions on professional topics; OT in health, education, and community settings. Specific cr announced in Schedule of Classes each time course is offered.
Prerequisites: OccThpy 330(P) & 331(P).
Course Rules: May not be retaken for cr.
Last Taught: Fall 2005, Fall 2004, Fall 2003, Fall 2002.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 460 Professional Development Seminar III
3 cr. Undergraduate.
Integrate OT academic knowledge with observation and interaction skills; develop clinical techniques and analyze reflect on skills; complete 2nd Level I fieldwork
Prerequisites: sr st in OccThpy prog; OccThpy 390(P); or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 490 Professional Development Seminar IV
1 cr. Undergraduate.
Integrate OT academic knowledge with interaction skills; develop clinical techniques and analyze/reflect on skills; work on preparation for Level II fieldwork.
Prerequisites: sr st in OccThpy prog; OccThpy 460(P).
Current Offerings: http://uwm.edu/schedule

OCCTHPY 497 Study Abroad - Occupational Therapy:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UW sponsored program before course work level, content and credits are determined and/or in specially prepared course work.
Prerequisites: acceptance to Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 505 Work and Disability
3 cr. Undergraduate.
Constructs related to employment of people with disabilities (e.g. legislation; theories; interventions; accommodations; job placement, development, support) taught through experiential learning and case studies.
Prerequisites: jr st, or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 519 Therapeutic Communication
3 cr. Undergraduate/Graduate.
Development of therapeutic communication skills necessary for all occupational therapy practice settings.
Prerequisites: sr st or grad st in OT prog; or cons instr.
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 521 Essentials of Assistive and Rehabilitation Technology
3 cr. Undergraduate.
Fundamentals and applications of assistive and rehabilitation technology for the home, school, hospital, work place and community.
Prerequisites: jr. st, OccThpy 220(P) or cons instr.
Last Taught: Fall 2017.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 530 Contemporary Issues and Professional Preparation in Occupational Studies
3 cr. Undergraduate.
Exploration of contemporary issues and careers in the general areas of occupational studies. Attention is on preparation for entry level employment and/or graduate education.
Prerequisites: sr st, OccThpy 401(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 540 Evidence for Practice I
3 cr. Undergraduate/Graduate.
Introduction to research methods and measurement in occupational therapy with a focus on the scientific process and evidence.
Prerequisites: sr st or grad st in OT prog.
Last Taught: Summer 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 541 Evidence for Practice III: Creating Evidence
3 cr. Undergraduate/Graduate.
Seminar to study the research process, review of relevant research literature and use of basic research tools necessary for thesis/project development.
Prerequisites: sr st in OccThpy & OccThpy 341(P); or grad st in OccThpy; or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 542 Evidence for Practice II
3 cr. Undergraduate/Graduate.
Study of the research process, review of relevant research literature and use of basic research tools necessary for thesis/project development.
Prerequisites: sr st or grad st in OT, or cons instr.
Current Offerings: http://uwm.edu/schedule
OCCTHPY 550 Upper Extremity Evaluation and Treatment in Hand Therapy
3 cr. Graduate.
Evaluation and treatment of the upper extremity. Techniques of patient evaluation, pertinent anatomy, and recovery.
Prerequisites: grad st in OccThpy prog or DPT prog; or cons instr.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 590 Topics in Occupational Therapy:
1-3 cr. Undergraduate/Graduate.
Topics of current interest in O.T. see Schedule of Classes for course offerings.
Prerequisites: jr st in OccThpy prog or cons instr.
Course Rules: May be retaken with change in topic to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 593 Introduction to Biomedical and Rehabilitation Instrumentation
3 cr. Undergraduate/Graduate.
Familiarizes students with medical instrumentation in post acute care settings. Basic electrical, electronic and mechanical terminologies.
Prerequisites: jr st or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 595 Vision I: Introduction to Low Vision & Visual Impairment
3 cr. Undergraduate/Graduate.
Introduces student to visual impairment including blindness and ‘low vision’. Structure and function of the visual system and most common types of pathology.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 596 Vision II: Practical Aspects of Visual Impairment & Low Vision Intervention
3 cr. Undergraduate/Graduate.
Functional implications of visual system pathology; focus on practical aspects of adapting to visual impairment, low vision evaluation and access to service/resources.
Prerequisites: jr st or cons instr.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 599 Independent Study
1-6 cr. Undergraduate.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken for degree cr.
Last Taught: Fall 2017, Spring 2016, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 610 Advances in Occupational Science
3 cr. Undergraduate/Graduate.
Explores origins and recent developments in occupational science. Examines the multidimensional nature of occupation; the dynamics of person, environment, occupation interaction; applications to practice.
Prerequisites: sr st in Baccalaureate OccThpy prog or grad st.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 620 Introduction to Assistive and Rehabilitation Technology
3 cr. Undergraduate/Graduate.
Principles of assistive and rehabilitation technology application and foundation skills for professionals working with people with disabilities to evaluate products and strategies for their use.
Prerequisites: jr st; OccThpy 401(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 625 Design and Disability
3 cr. Undergraduate/Graduate.
Universal design principles/theories related to creating access for individuals with disabilities. Enables professionals to evaluate and provide recommendations for product and environment universal design.
Prerequisites: jr st or cons instr.
Last Taught: Fall 2017, Spring 2017, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 634 Collaborative Consultation/Teaming-Serving Young Children with Disabilities
3 cr. Undergraduate/Graduate.
Focus on development of collaboration and consultation skills for professionals employed in interdisciplinary and interagency settings.
Prerequisites: jr st.
Course Rules: ExcEduc 634, OccThpy 634, & ComSDis 634 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 701 Advanced Measurement and Instrumentation in Health Care
3 cr. Graduate.
Reviews and critiques measurement theories and instruments used by health related researchers and professionals. Includes traditional, outcome and contemporary methods differing from classical psychometric theory.
Prerequisites: grad st.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 703 Applied Neuroscience
3 cr. Graduate.
Emphasizes neurophysiology, neuroanatomy and disorders of the nervous system. Focus on relationship between structure and function of the nervous system as applied to OT.
Prerequisites: grad st in OT prog
Current Offerings: http://uwm.edu/schedule

OCCTHPY 704 Musculoskeletal Analysis and Occupational Function
3 cr. Graduate.
The origin, nature, and course of musculoskeletal and neurological disorders and their relationship to clinical biomechanics and occupational performance.
Prerequisites: grad st in OT prog
Current Offerings: http://uwm.edu/schedule
OCCTHPY 705 Occupational Therapy in Physical Rehabilitation I
3 cr. Graduate.
Development of assessment skills for common medical conditions that occupational therapists encounter in physical rehabilitation settings.
Prerequisites: grad st in OT program
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 706 Occupational Therapy in Physical Rehabilitation II
2-6 cr. Graduate.
Clinical application of occupational therapy interventions in a variety of rehabilitation settings.
Prerequisites: grad st in OT program
Last Taught: Spring 2018, Summer 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 707 Professional Development Seminar I
1 cr. Graduate.
Exploration of social and cultural factors that impact occupational therapy practice; includes 30 hours of service learning.
Prerequisites: grad st; Admins. to MSOT program
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 708 Professional Development Seminar II
1 cr. Graduate.
Development of skills in critical evaluation of OT practice through integration of academic knowledge and 40 hours of Level I fieldwork experience.
Prerequisites: grad st; Admins. to MSOT program, B- or better in OccThpy 707, or cons. instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 709 Professional Development Seminar III
1 cr. Graduate.
Critical evaluation of OT practice and preparation for Level II fieldwork through integration of academic knowledge and 40 hour Level I fieldwork experience.
Prerequisites: grad st; Admins to MSOT program, B- or better in OccThpy 708, or cons instr
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 710 Community Models of Occupational Therapy Practice
2 cr. Graduate.
Evaluation and application of occupational therapy knowledge to a wide array of community settings.
Prerequisites: grad st in OccThpy prgrm or cons instr
Current Offerings: http://uwm.edu/schedule

OCCTHPY 711 Professional Leadership for Occupational Therapists
3 cr. Graduate.
Critical analysis of trends, practice issues and strategies in the field of occupational therapy.
Prerequisites: grad st in OT program
Last Taught: Summer 2017, Summer 2016, Summer 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 718 Occupational Therapy in Acute Care
1-3 cr. Graduate.
This course provides a foundation for entry-level OT practitioners in the acute care setting with an awareness of common medical conditions and their treatment implications.
Prerequisites: grad st in OccThpy progmr or cons instr,
Course Rules: retakeable to 3 cr max.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 719 Occupational Therapy in Psychosocial Practice
3 cr. Graduate.
The nature of human occupation, areas of occupation, performance skills, and performance patterns within varied contexts for persons with behavioral and psychiatric disorders.
Prerequisites: grad st in OT program
Current Offerings: http://uwm.edu/schedule

OCCTHPY 720 Application of Occupational Science and Occupational Therapy Theory
3 cr. Graduate.
Critical analysis of occupational science and occupational therapy theories as they relate to practice issues, strategies, and research.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 721 Foundations of Professional Practice in Occupational Therapy
2 cr. Graduate.
Foundations for successful professional practice in the field of occupational therapy.
Prerequisites: grad st in OT program
Last Taught: Fall 2017, Fall 2016, Summer 2016, Summer 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 724 Advanced Design and Disability
3 cr. Graduate.
Accessible and universal design principles, theories and practices are taught enabling evaluation and design of products and environments for people with and without disabilities.
Prerequisites: Grad standing required; One class in assistive technology prior to this course recommended.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 725 Occupational Therapy Field Service I
6 cr. Graduate.
Provides students with opportunity to apply knowledge and practice in clinical setting through participation in therapy under supervision; integrates academic with professional knowledge.
Prerequisites: grad st; successful completion of required prof. entry courses
Current Offerings: http://uwm.edu/schedule

OCCTHPY 735 Occupational Therapy Field Service II
6 cr. Graduate.
Provides students with opportunity to apply knowledge and practice in clinical setting through participation in therapy under supervision; development of advanced knowledge and skills.
Prerequisites: grad st; OccThpy 725(C).
Current Offerings: http://uwm.edu/schedule
OCCTHPY 740 Occupational Therapy with Children and Families
4 cr. Graduate.
Examines current practices and future trends for evaluation and treatment of occupational performance between birth and 21 years of age within family and community contexts.
Prerequisites: grad st.
Last Taught: Spring 2018, Spring 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 741 Research Seminar
1 cr. Graduate.
Scholarly discussion forum for graduate students completing their thesis/project.
Prerequisites: grad st; OccThpy 890(C) or 990(C) or cons instr.
Last Taught: Spring 2014, Fall 2013, Spring 2011, Summer 2010.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 743 Advances in Child and Family Centered Occupational Therapy
2-3 cr. Graduate.
Exploration of child development and family systems from an ecological perspective. Current evaluation and intervention strategies are studied through contemporary trends and evidence for practice.
Prerequisites: OccThpy 740 or cons of instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 744 Advanced Occupational Therapy for Aging Adults
1-3 cr. Graduate.
The aging of America has wide-ranging implications for occupational therapy. This course provides students with knowledge and skills to evaluate and work with older adults.
Prerequisites: grad st in OccThpy prog or cons instr.
Course Rules: retakable to 3 cr max.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 745 Occupational Therapy Field Service III
1-6 cr. Graduate.
Additional, optional field placement beyond ACOTE requirements to accommodate special interests in treatment, health care systems and other professional settings.
Prerequisites: grad st; OccThpy 735 (C)
Current Offerings: http://uwm.edu/schedule

OCCTHPY 750 Computer Applications in Occupational Therapy Practice
3 cr. Graduate.
Exploration of the current and future uses of computer technology in the field of occupational therapy. Completion of a student-designed software application.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 760 Assistive and Rehabilitation Technology
3 cr. Graduate.
Surveys the use of assistive technology devices and applications for people with motor, sensory, and cognitive impairments.
Prerequisites: grad st; college-level computer course or equiv or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 770 Assessment in Assistive Technology and Accessible Design
3 cr. Graduate.
Background theory, principles of selection, application in practice, and procedures for applying assistive technology (AT) and universal design (UD) assessment and instrumentation.
Prerequisites: grad st; OccThpy 620(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 774 Trauma Counseling I: Theory and Research
3 cr. Graduate.
Seminar examining impact of trauma experience on individuals, groups and communities following a catastrophic event. Explores traumatic events, mental injuries and impact on memory, learning, physical health and dysfunctional behavior.
Prerequisites: grad st
Course Rules: Couns 774, Nurs 774, OccThpy 774, and Soc Wrk 774 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 775 Trauma Counseling II: Diagnosis and Treatment
3 cr. Graduate.
Seminar on diagnosis and assessment instruments as well as intervention and therapeutic techniques used to address trauma issues in counseling acute and chronic traumatized clients.
Prerequisites: grad st; Couns 774, Nurs 774, OccThpy 774 or Soc Wrk 774(P), or cons instr
Course Rules: Couns 775, Nurs 775, OccThpy 775, and Soc Wrk 775 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 777 Fieldwork in Assistive Technology
1-6 cr. Graduate.
Provides students with a school- or clinic-based experience in the delivery of assistive technology services.
Prerequisites: grad st & cons instr.
Course Rules: ExcEduc 777 & OccThpy 777 are jointly offered; they count as repeats of one another. May be retaken for 9 cr max.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2008.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 780 Physical Agents in Rehabilitation
1-3 cr. Graduate.
Application of physical agents to restore functional abilities in a rehabilitation setting; includes review of research literature and competency testing.
Prerequisites: Grad st in OccThpy prog or cons instr.
Course Rules: retakable to 3 cr max.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 786 Applied Biostatistics in Ergonomics
3 cr. Graduate.
Statistical methods used in ergonomic studies to analyze, summarize, and report measurements and data. 2 hr lec & 2 hr lab/week.
Prerequisites: grad st; Ind Eng 580; a course in statistics or cons instr.
Course Rules: Jointly offered with & counts as repeat of Ind Eng 786.
Current Offerings: http://uwm.edu/schedule
OCCTHPY 788 Legal Issues and Regulatory Agencies in Ergonomics
1 cr. Graduate.
Understanding of ergonomic regulations, regulatory sets, and agencies' and workers' compensations laws.
Prerequisites: grad st; Ind Eng 580(P); a course in statistics or cons instr.
Course Rules: Jointly offered with & counts as repeat of Ind Eng 788.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 790 Design Project
2-3 cr. Graduate.
Integration and application of concepts learned in other ergonomic courses to analyze and abate ergonomic hazards in a scientific manner.
Prerequisites: grad st; Ind Eng 780(P), 783(P), 786(P), 788(P) or cons instr.
Course Rules: Jointly offered with & counts as repeat of Ind Eng 790.
Last Taught: Fall 2016, Spring 2016, Fall 2014, Summer 2014.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 810 Critical Evaluation of Theory, Research and Practice
2 cr. Graduate.
Appraisal and application of knowledge and concepts acquired in academic and fieldwork education to occupational therapy practice.
Prerequisites: grad st in OT program or cons instr.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 880 Master's Project
1-6 cr. Graduate.
Preparation of an individual project under the supervision of the student’s major advisor.
Prerequisites: grad st; cons advisor.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 890 Research and Thesis
1-6 cr. Graduate.
Production of a dissertation under the supervision of the student’s major professor with the consultation of the degree committee.
Prerequisites: grad st; cons advisor.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 900 Research and Dissertation
1-6 cr. Graduate.
Production of a dissertation under the supervision of the student’s major professor with the consultation of the degree committee.
Prerequisites: grad st; cons advisor.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

OCCTHPY 990 Advanced Independent Study
1-3 cr. Graduate.
Supervised investigation of particular topic area either not covered by other occupational therapy courses or at a level of sophistication beyond that in a course.
Prerequisites: grad st; cons instr.
Last Taught: Fall 2017, Summer 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

Therapeutic Recreation Courses

THERREC 103 Introduction to Leisure
3 cr. Undergraduate.
Introductory survey of the historical, philosophical, sociological, developmental, and cultural aspects of recreation, leisure, and play.
Prerequisites: none.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

THERREC 200 Psycho/Social Aspects of Leisure
3 cr. Undergraduate.
Study of the psychological and sociological aspects of leisure participation.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THERREC 202 Disability: Society and the Person
3 cr. Undergraduate.
Goals are to introduce and sensitize students to individuals with disabilities and to enable students to understand the psychological and social impact of disability.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THERREC 203 Therapeutic Recreation Process
3 cr. Undergraduate.
Study of Therapeutic Recreation (TR) process including the values and underpinning of practice, and the inter-relationships between TR, health care and human service professionals.
Prerequisites: none.
Course Rules: Counts as a repeat of TherRec 390 with same topic. Course taught completely online.
Last Taught: UWinteriM 2018, Fall 2017, Summer 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
THERREC 245 Client Diversity in Health Sciences: An Interdisciplinary Perspective
3 cr. Undergraduate.
Interdisciplinary instruction on effective service delivery in the health sciences to culturally diverse individuals and families. Emphasis on the complexity of an individual's cultural identity.
Prerequisites: soph st or cons instr.
Course Rules: BMS(C L Sci)/ComSDis/HCA/Kin(HMS)/OccThpy/TherRec 245 are jointly offered; they count as repeats of one another.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

THERREC 297 Study Abroad - Therapeutic Recreation:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.
Prerequisites: Acceptance to Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

THERREC 300 Therapeutic Recreation Assessment and Documentation
4 cr. Undergraduate.
Study and practice of therapeutic recreation assessment and documentation techniques.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THERREC 301 Program Development and Evaluation in Therapeutic Recreation
3 cr. Undergraduate.
Study of systematic program design and evaluation techniques.
Prerequisites: jr st in TherRec major or cons instr.
Last Taught: Fall 2005, Fall 2004, Fall 2003, Fall 2002.
Current Offerings: http://uwm.edu/schedule

THERREC 303 Inclusive and Disability Programs in the Community
3 cr. Undergraduate.
Study of concepts and practices related to the delivery of community programs for individuals with disabilities.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

THERREC 308 Therapeutic Recreation in Physical Rehabilitation and Behavioral Health
4 cr. Undergraduate.
Therapeutic recreation services for individuals with physical disabilities and psychiatric disorders.
Prerequisites: none
Course Rules: Not open for cr for students with cr in TherRec 304(ER) or TherRec 305(ER).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THERREC 309 Therapeutic Recreation in Pediatrics and Gerontology
4 cr. Undergraduate.
Therapeutic recreation services for children/adolescents and elderly individuals.
Prerequisites: jr st or cons instr.
Course Rules: Not open for cr for students with cr in TherRec 306(ER) or 307(ER).
Current Offerings: http://uwm.edu/schedule

THERREC 310 Facilitation Techniques in Therapeutic Recreation
4 cr. Undergraduate.
Study of therapeutic recreation facilitation techniques.
Prerequisites: None.
Current Offerings: http://uwm.edu/schedule

THERREC 390 Topics in Therapeutic Recreation:
1-3 cr. Undergraduate.
Topics of current interest in therapeutic recreation. Specific credits and additional prerequisites will be announced in the Schedule of Classes whenever the course is offered.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THERREC 399 Independent Study in Therapeutic Recreation
1-3 cr. Undergraduate.
Individualized experience which enables the student to study current topics of interest to the therapeutic recreation specialist.
Prerequisites: jr st or cons instr.
Course Rules: May be retaken to max of 3 cr.
Current Offerings: http://uwm.edu/schedule

THERREC 400 Issues and Trends in Therapeutic Recreation (TR)
3 cr. Undergraduate.
Examination of the most current issues and trends in the field and advancement of the profession.
Prerequisites: TherRec 308(P) or cons instr.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

THERREC 401 Therapeutic Recreation Internship and Seminar
12 cr. Undergraduate.
Therapeutic recreation field instruction at approved agencies for forty hours per week for a full semester. Seminar to prepare students for professional involvement.
Prerequisites: must have completed all course work in the TherRec major.
Current Offerings: http://uwm.edu/schedule

Assistive Technology and Accessible Design, Graduate Certificate (College of Health Sciences, Department of Occupational Science and Technology)

The Certificate in Assistive Technology and Accessible Design is an interdisciplinary program designed to meet the demand for assistive technology and accessible design specialists. The Departments of Occupational Science and Technology and Communication Sciences Disorders in the College of Health Sciences, along with the Department of Exceptional Education in the School of Education, collaborate on the course offerings and management. The certificate follows a model of prerequisite disability and technology basic knowledge, survey of the fields, assessment, intervention and leadership. Completion of the certificate will help prepare the students to sit for State and National certification examinations as Assistive Technology Specialists, Rehabilitation Engineering Technologist and Low Vision Specialist.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission
Students interested in this certificate should contact one of the three sponsoring programs before enrolling in any certificate courses. Admission to the certificate requires evidence of a basic knowledge of disability and computer applications, and an undergraduate GPA of at least 2.75 or a graduate GPA of at least 3.0.

Credits and Courses
Generally, students in the health sciences and exceptional education will have sufficient coursework in disability related studies. Prerequisite evidence in disability related studies may be obtained at the
undergraduate level. One of the following is recommended to meet the computer applications requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>EXCEDUC 730</td>
<td>Assistive and Instructional Technology for Students with Disabilities</td>
<td>3</td>
</tr>
<tr>
<td>OCCTHPY 750</td>
<td>Computer Applications in Occupational Therapy Practice</td>
<td>3</td>
</tr>
</tbody>
</table>

The Certificate in Assistive Technology and Accessible Design requires completion of a minimum 15 credits as listed below. In special circumstances, the ATAD coordinator and advisory board may approve substitution of an equivalent Assessment or Intervention course relevant to assistive technology and adaptive design as appropriate.

Total Credits 15

---

1. Alternate related graduate-level course can substitute if this course has been completed on an undergraduate level.
2. Any U/G course must be taken at graduate level.

### Certificate Requirements

**Minimum Grade Requirement**

To be awarded the certificate, students must earn a minimum grade of B in the certificate courses (B- not allowed).

**Transfer Credit**

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

**Grade Point Average Requirement**

A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

**Articulation with Degree Programs**

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   - Degree programs must approve the courses from certificates that can double count toward the degree.
   - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.

2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.

3. A course may count toward no more than one certificate and one degree.

4. Students may not earn a certificate subsequent to a concentration in the same area.

**Time Limit**

Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

### Occupational Studies, BS

You've decided you enjoy working with persons with disabilities either through direct care or administrative service. Not quite sure which is the best career path? The Bachelor of Science in Occupational Studies allows you the chance to pursue a variety of career options. A flexible educational path, combined with a blend of elective courses, and you'll be prepared to work in different health and human service settings.

You will also be particularly well prepared for further graduate study in Occupational Therapy and other disability related disciplines. Acceptance and completion of the undergraduate program in occupational studies...
does not guarantee admission into the Master of Occupational Therapy Program.

Become part of a large interdisciplinary department with specialty areas in assistive technology, engineering, occupational therapy and therapeutic recreation. Learn from faculty who are among the strongest in the nation in terms of their leadership, professional credentials and research productivity.

<td><strong>Total Credits</strong></td>
<td>120-126</td>
</tr>
</tbody>
</table>

Degree Requirements

Students will automatically be admitted to the major after completion of 57 credits. Within those 57 credits students must have a B- or better in:

- BIO SCI 202
- OCCTHPY 151
- OCCTHPY 201
- PSYCH 101
- THERREC 202

At the time of admission to the major, students must declare at least one track that they will complete.

Upon admission to the major, students must maintain a 2.75 cumulative GPA. Failure to attain a semester GPA of 2.75 or higher will result in the student being placed on academic probation for one semester. A second semester GPA below 2.75 will result in dismissal from the program. Program required courses can be repeated. Any given course may be repeated only one time.

Students must achieve the following to complete an undergraduate degree in occupational studies:

1. Satisfactory completion of 120 credits with a cumulative 2.75 GPA or better in all credits earned at UWM. Because a master’s degree is required for professional practice as an occupational therapist or many other health-related fields, it is recommended that students maintain a GPA greater than 3.0 to be competitive with other Graduate School applicants;
2. Satisfactory completion of the University General Education Requirements (p. 33); and
3. Completion of the last 30 credits in residence at UWM.

Students are encouraged to contact your advisor at the beginning of your senior year to ensure that all requirements are being met.

Course of Study

The program is divided into foundation, core or required, track and free elective courses. The undergraduate program requires 120 credits for graduation. All students admitted to the professional program must satisfy University-wide General Education Requirements (GER) (p. 33), (except second-degree candidates who are exempt). English and mathematics competency requirements must also be met.

With 120 credits required to graduate with a bachelor’s degree in Occupational Studies, students need to take responsibility to complete all foundation and core courses, GER requirements, at least one program track, and sufficient free elective credits. A number of GER courses are part of the degree requirements. Recommended free electives and certificate/minor programs are listed to assist the student in creating an individualized area of study.

Requirements are subject to change as of the publication date of the catalog. Please check with the Office of Student Affairs for the most current information.

**Admission to the Major**

Students will automatically be admitted to the major after completion of 57 credits. Upon admission to the Occupational Studies major, students must maintain a 2.75 cumulative GPA. Students may repeat a departmental required course only one time.

**Degree Requirements**

Students must achieve the following to complete an undergraduate degree in occupational studies:

1. Satisfactory completion of 120 credits with a cumulative 2.75 GPA or better in all credits earned at UWM. Because a master's degree is required for professional practice as an occupational therapist or many other health-related fields, it is recommended that students maintain a GPA greater than 3.0 to be competitive with other Graduate School applicants;
2. Satisfactory completion of the University General Education Requirements (p. 33); and
3. Completion of the last 30 credits in residence at UWM.

Students are encouraged to contact your advisor at the beginning of your senior year to ensure that all requirements are being met.

**Course of Study**

The program is divided into foundation, core or required, and elective courses. The undergraduate program requires 120 credits for graduation. All students, except second degree candidates, admitted to the program must satisfy University-wide General Education Requirements (GER) (p. 33). English and mathematics competency requirements must also be met.

With 120 credits required to graduate with a bachelor's degree in Occupational Studies, students need to take responsibility to complete all required courses, GER requirements, and elective credits. A number of GER courses are part of the degree requirements. Some GER courses are available within the Occupational Science and Technology Department programs and the College of Health Sciences. See listing below for delineation of GER courses.

Requirements are subject to change. Please check with the Office of Student Affairs for the most current information.

### Department of Occupational Science and Technology

- **Occupational Therapy, MS: Assistive Technology and Accessible Design**

  The Concentration in Assistive Technology and Accessible Design is an interdisciplinary program designed to meet the demand for assistive technology and accessible design specialists. The College of Health Science’s Departments of Occupational Science & Technology and Communication Sciences Disorders, along with the School of Education’s Department of Exceptional Education, collaborate on the course offerings. The concentration emphasizes technologies for disability.

### Related Certificates

- Graduate Certificate in Applied Gerontology ([http://uwm.edu/graduateschool/applied-gerontology-certificate](http://uwm.edu/graduateschool/applied-gerontology-certificate))

The Department of Occupational Science and Technology offers a Master of Science in Occupational Therapy that prepares students to become occupational therapists. During the program, students engage in
graduate-level instruction embedded in the theory, research, and clinical underpinnings required to become evidence-based occupational therapy practitioners. Students may select a thesis option or project option in pursuing this degree. Students who are interested can choose to combine elective courses from the OT program with other courses on campus to receive the transcript-designated concentration in assistive technology and accessible design and/or ergonomics. (Note: The ergonomics concentration is being revised; admission to the program is temporarily suspended.)

Graduates of the program are eligible to take the occupational therapist certification examination offered by the National Board for Certification in Occupational Therapy. The Master of Science in Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) (http://www.acoteonline.org) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE's telephone number c/o AOTA is (301) 652-AOTA (2682).

All students admitted to the MS in Occupational Therapy degree program will be required to complete a Background Information Disclosure form (HFS64). A background check, which identifies a past criminal record, does not necessarily preclude an individual from pursuing studies in occupational therapy or becoming a successful practitioner. Should there be a discrepancy between the information reported by the student on HFS-64 and the reports issued by the Department of Justice and the Department of Health and Family Services, the student will be subject to dismissal from the occupational therapy program and reported to DHFS (HFS64). A background check, which identifies a past criminal record, will be required to complete a Background Information Disclosure form (HFS64). A background check, which identifies a past criminal record, will be required to complete a Background Information Disclosure form (HFS64).

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
Applications for the MS OT handled annually using the OT Centralized Application Service (OTCAS) (https://portal.otcas.org). OTCAS provides a full-service, Web-based application and admissions process for prospective occupational therapy program applicants.

Following are important dates for the 2017-2018 OTCAS application cycle, i.e. those applying to start the OT Program in Fall 2018.

- July 18, 2017: Applications open.
- January 15, 2018 (December 1 if international): Deadline for submission of all application material to OTCAS.

Once recommended for acceptance to UWM’s MS in Occupational Therapy Program, students need to apply to and be accepted by UWM’s Graduate School. However, students may apply to UWM’s Graduate School at any time prior to being recommended for acceptance to the OT Program.

Admission
The MS in Occupational Therapy Program admits students on the basis of a competitive application process. Students are accepted into the program once per year in Spring and begin professional coursework in the following Fall.

In addition to Graduate School requirements (http://uwm.edu/graduateschool/admission), applicants must meet these departmental requirements to be considered for admission to the program.

1. An undergraduate degree completed by the end of the Spring semester of the year prior to beginning the OT Program, from an accredited institution, with an overall cumulative grade point average (GPA) of a 3.0 (on a 4.0 scale).
2. Six prerequisite courses, required to be completed by end of Fall semester of the year prior to beginning the OT Program, with a minimum grade point average of 3.0 (on a 4.0 scale):

Select one of the following natural science courses:

- Physics ^2
- Biology ^2
- Chemistry ^2
- Psychology ^2

1 Courses requiring a lab component.
2 Courses with laboratory-based data analysis required.

3. Submission of scores on the General Test of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) taken within the last five years
4. Completed OTCAS application.
5. Three letters of recommendation: One letter must be from an academic source and one from a clinical/health-related source. The third letter can be either from an academic or clinical / health-related source. All three letters must use the OTCAS form.
6. Reasons Statement or Personal Essay: This is the same as the OTCAS essay. Address why you selected occupational therapy as a career and how an occupational therapy degree relates to your immediate and long-term professional goals.

For all admission and application related questions, please contact (414) 229-4713 or OT-program@uwm.edu.
Credits and Courses
The program is a tracked curriculum of 69 credits over 28 months, including a minimum of 24 weeks of full-time fieldwork during the program. OCCTHPY 810 serves as the capstone requirement for the degree. Students will enroll as full-time students for each term of study (Summer, Fall, Spring). There is no part-time option for students in the MS in OT program. Students must maintain a GPA of 3.0 and a grade of B- or better in all required courses. Students who do not maintain this will be placed on probation.

Program Requirements

Major Professor as Advisor
The Graduate School requires that each student have a major professor to advise, supervise, and approve the program of study. Students are assigned faculty advisors in the MS in OT program upon acceptance into the program.

Time Limit
The student must complete all degree requirements within four years of initial enrollment.

Occupational Therapy, MS: Ergonomics

Note: The concentration in ergonomics is being revised; admission to the program is temporarily suspended.

This concentration provides the skills and experience needed to practice ergonomics in work environments. Students learn theoretical concepts of occupational biomechanics, physiology, psychophysics, and human factors as well as numerous job analysis techniques. Students are taught how to synthesize and apply these theories and tools to reduce injuries, improve productivity and increase quality of service/goods in industry. Emphasis is placed on practical applications and solutions.

Related Certificates

- Certificate in Assistive Technology and Accessible Design (http://uwm.edu/graduateschool/assistive-technology-accessible-design-certificate)
- Certificate in Trauma-Informed Care (http://uwm.edu/graduateschool/trauma-informed-care-certificate)

The Department of Occupational Science and Technology offers a Master of Science in Occupational Therapy that prepares students to become occupational therapists. During the program, students engage in graduate-level instruction embedded in the theory, research, and clinical underpinnings required to become evidence-based occupational therapy practitioners. Students may select a thesis option or project option in pursuing this degree. Students who are interested can choose to combine elective courses from the OT program with other courses on campus to receive the transcript-designated concentration in assistive technology and accessible design and/or ergonomics. (Note: The ergonomics concentration is being revised; admission to the program is temporarily suspended.)

Graduates of the program are eligible to take the occupational therapist certification examination offered by the National Board for Certification in Occupational Therapy. The Master of Science in Occupational Therapy Program is accredited by the Accreditation Council for Occupational Therapy Education (ACOTE) (http://www.acoteonline.org) of the American Occupational Therapy Association (AOTA), located at 4720 Montgomery Lane, Suite 200, Bethesda, MD 20814-3449. ACOTE’s telephone number c/o AOTA is (301) 652-AOTA (2682).

All students admitted to the MS in Occupational Therapy degree program will be required to complete a Background Information Disclosure form (HFS64). A background check, which identifies a past criminal record, does not necessarily preclude an individual from pursuing studies in occupational therapy or becoming a successful practitioner. Should there be a discrepancy between the information reported by the student on HFS-64 and the reports issued by the Department of Justice and the Department of Health and Family Services, the student will be subject to dismissal from the occupational therapy program and reported to DHFS per HFS 12.20 (1)(c), Wis. Adm. Code

Graduates of the master’s program will be eligible to sit for the National Certification Examination for the Occupational Therapist administered by the National Board for Certification in Occupational Therapy (NBCOT). After successful completion of this exam, the individual will be an Occupational Therapist, Registered (OTR). In addition, most states require licensure to practice; however state licenses are usually based on the results of the NBCOT Certification Examination. Candidates for the NBCOT Certification Examination will be asked to answer questions related to the topic of felonies when applying for the exam. For further information on these limitations and other certification requirements, contact NBCOT at www.nbcot.org (http://www.nbcot.org) or The National Board for Certification in Occupational Therapy, 12 South Summit Avenue, Suite 100, Gaithersburg, MD 20877 (301) 990-7979. A felony conviction may affect a graduate’s ability to sit for the NBCOT certification examination or attain state licensure.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application

Applications for the MS OT handled annually using the OT Centralized Application Service (OTCAS) (https://portal.otcas.org). OTCAS provides a full-service, Web-based application and admissions process for prospective occupational therapy program applicants.

Following are important dates for the 2017-2018 OTCAS application cycle, i.e. those applying to start the OT Program in Fall 2018.

- July 18, 2017: Applications open.
- January 15, 2018 (December 1 if international): Deadline for submission of all application material to OTCAS.

Once recommended for acceptance to UWM’s MS in Occupational Therapy Program, students need to apply to and be accepted by UWM’s Graduate School. However, students may apply to UWM’s Graduate School at any time prior to being recommended for acceptance to the OT Program.

Admission

The MS in Occupational Therapy Program admits students on the basis of a competitive application process. Students are accepted into the program once per year in Spring and begin professional coursework in the following Fall.

In addition to Graduate School requirements (http://uwm.edu/graduateschool/admission), applicants must meet these departmental requirements to be considered for admission to the program.

1. An undergraduate degree completed by the end of the Spring semester of the year prior to beginning the OT Program, from an accredited institution, with an overall cumulative grade point average (GPA) of a 3.0 (on a 4.0 scale).
2. Six prerequisite courses, required to be completed by end of Fall semester of the year prior to beginning the OT Program, with a minimum grade point average of 3.0 (on a 4.0 scale):

1 Courses requiring a lab component.
2 Courses with laboratory-based data analysis required.
3. Submission of scores on the General Test of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) taken within the last five years
4. Completed OTCAS application.
5. Three letters of recommendation: One letter must be from an academic source and one from a clinical/health-related source. The third letter can be either from an academic or clinical/health-related source. All three letters must use the OTCAS form.
6. Reasons Statement or Personal Essay. This is the same as the OTCAS essay. Address why you selected occupational therapy as a career and how an occupational therapy degree relates to your immediate and long-term professional goals.

For all admission and application related questions, please contact (414) 229-4713 or OT-program@uwm.edu.

Credits and Courses
The program is a tracked curriculum of 69 credits over 28 months, including a minimum of 24 weeks of full-time fieldwork during the program. OCCTHPY 810 serves as the capstone requirement for the degree. Students will enroll as full-time students for each term of study (Summer, Fall, Spring). There is no part-time option for students in the MS in OT program. Students must maintain a GPA of 3.0 and a grade of B- or better in all required courses. Students who do not maintain this will be placed on probation.

Transcript-Designated Concentrations
Through judicious use of electives, students may also choose one of two transcript-designated concentrations. This may require completion of more than the minimum 69 credits.

Program Requirements
Major Professor as Advisor
The Graduate School requires that each student have a major professor to advise, supervise, and approve the program of study. Students are assigned faculty advisors in the MS in OT program upon acceptance into the program.

Time Limit
The student must complete all degree requirements within four years of initial enrollment.

Therapeutic Recreation, Undergraduate Certificate
Therapeutic Recreation (TR) is the provision of treatment services and recreation services to persons with illnesses or disabling conditions. The primary purposes of treatment services (also called recreation therapy) are to restore, remediate, or rehabilitate in order to improve functioning and independence. The primary purpose of recreation services is to provide recreation and leisure resources and opportunities to help improve health and well-being and enhance quality of life.

Therapeutic Recreation Specialists may work in hospitals, residential care, long-term care, schools, and a variety of community settings. Individuals served include people with mental, physical, or emotional disabilities. A variety of recreation/leisure activities are employed as tools to help those served attain independence and a high quality of life.

According to the U.S. Department of Labor, “The rapidly growing number of older adults is expected to spur job growth for recreational therapy professionals and paraprofessionals in assisted-living facilities, adult daycare programs, and other social assistance agencies. Continued growth also is expected in community residential care facilities, aswell as daycare programs for individuals with disabilities.” Given the projected need for recreation specialists, the College of Health Sciences at UWM has created a certificate program in Therapeutic Recreation (TR) available to a broad range of individuals, including students and TR and other human service professionals in the community. In addition, individuals who are certified with the National Council for Therapeutic Recreation Certification (NCTRC) may wish to complete certificate coursework to comply with continuing education requirements.

The certificate focuses on the development of knowledge and acquisition of skills and abilities in the areas of health and TR. Courses present the concepts of health, wellness, disease, and illness in relation to quality of life for individuals with disabilities. Specific skill development in the areas of assessment and facilitation techniques is also taught and complemented with an ongoing focus on emerging issues in the field of therapeutic recreation. In preparation for the nationally recognized certification examination, coursework covers topic areas included in the NCTRC Job Analysis categories. The program may be taken by UWM undergraduates concurrently with their chosen major, or as a post-baccalaureate educational certificate program.

Related Programs and Degrees
Students interested in pursuing a career in Therapeutic Recreation may wish to examine one of the following degree programs at UWM:

Bachelor of Art
- Psychology
- Sociology

Bachelor of Science
- Biological Sciences
- Nursing
- Occupational Studies
- Social Work

Notes:
- Completion of this certificate program partially fulfills the academic coursework requirements for the NCTRC Certified Therapeutic Recreation Specialist credential. Additional requirements are needed to fully qualify for the credential.
- Students interested in obtaining NCTRC certification are encouraged to visit the NCTRC website at www.nctrc.org (https://nctrc.org)

For more information about the certificate program, contact Patricia Thomas, TR Certificate Coordinator, at (414) 229-2507 or pthomas@uwm.edu.

Requirements
Five courses are required to successfully complete the totally online Certificate in Therapeutic Recreation. A minimum cumulative grade point average of 2.5 must be maintained on all the required coursework.

Trauma Informed Care, Graduate Certificate (College of Health Sciences, Department of Occupational Science and Technology)

The Certificate in Trauma-Informed Care will expose graduate students in several helping professions to the theory and practice of trauma-related service delivery. This is a multidisciplinary program that integrates knowledge from the social, behavioral, and health sciences. The primary goal of the program is to train graduate students from the helping professions in specialized knowledge and skills related to psychological trauma.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission

Students in good standing currently in a graduate program or those who have already completed a graduate degree are eligible for the certificate.

Credits and Courses

All students participating in the certificate program will complete 15 academic credits related to trauma theory and practice.

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.

1 COUNS 704 and COUNS 705 must be taken together to fulfill this requirement.

Time Limit
Certificate program time limits shall be established as follows:

• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
At UWM's College of Health Sciences, our goal is to develop practitioners, researchers and educators who will be leaders in the profession of physical therapy across the lifespan. And it’s a terrific time to join the PT field because physical therapists are in high demand: The U.S Bureau of Labor Statistics predicts that jobs for PTs will grow 34% between 2014-2024, much faster than average.

### Physical Therapy, DPT

The Doctor of Physical Therapy (DPT) is the classroom based and clinical education that prepares graduates for entry into the practice of physical therapy. The goal of this entry-level professional education program is to graduate students who are knowledgeable, service-oriented, and reflective practitioners who are able to render independent judgements in people with movement system dysfunction that limits activity and participation. Find out why you should choose UWM to start your career in physical therapy.

The program begins in early June and includes classroom, laboratory, research and clinical learning experiences. Admission to the DPT program is competitive. The faculty values a well-rounded applicant who has demonstrated both academic and personal/professional potential. Our graduates have perfect performance on the NPTE licensing examination.

The Doctor of Physical Therapy Program is accredited by the Commission on Accreditation in Physical Therapy Education (CAPTE), 1111 North Fairfax Street, Alexandria, Virginia 22314; telephone: 703-706-3245; e-mail: accreditation@apta.org; website: www.capteonline.org.

### Admission Requirements

#### Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

#### Admission

Admission to the program is highly competitive. A snapshot of the typical successful applicant is available on the program website’s Frequently Asked Questions (http://uwm.edu/healthsciences/academics/doctoral-physical-therapy/#faq) section. The DPT program enrolls students through the Physical Therapy Centralized Application Service (PTCAS) (http://www.ptcas.org). Policies and procedures related to consideration of the candidate are published on the PTCAS website and updated annually. Students apply to the UWM Graduate School after being recommended for Admission by the DPT program. Undergraduate degree and prerequisite coursework must be completed by the time the student enrolls in the DPT Program.

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these program requirements to be considered for admission to the program:

1. Completion of an undergraduate degree from an accredited institution with an overall cumulative grade point average (GPA) of a 3.0 (on a 4.0 scale).
2. Completion of 10 prerequisite courses with a minimum prerequisite grade point average of 3.0 (on a 4.0 scale).

1 Courses requiring a lab component.

3. Submission of scores on the General Test of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) taken within the last five years.
4. Completion of two, 20-hour-each observational experiences with a licensed physical therapist.
5. Two letters of recommendation, one of which must be an academic reference.
6. Responses to narrative essay questions.

**Selection**
Admission to the program is competitive. The program enrolls 26 students annually. Students are selected based on GPA, GRE (http://uwm.edu/graduateschool/admission/#gre) scores, two letters of recommendation (one academic reference, one personal reference), and narratives. The program will give preference during the selection process to candidates with pre-requisite requirements completed at the time of application to the program.

**Credits and Courses**
The program is a sequenced, competency-based curriculum of 121 credits including 36 weeks of internship in the final year of the program. Students will enroll as full time students for each term of study (Summer, Fall, Spring) and will enroll during Winter of their first year in the program. There is no part-time option for students, nor can courses be taken out of sequence in the DPT program.

**Program Requirements**

**Major Professor as Advisor**
The Graduate School requires that each student have a major professor to advise, supervise and approve the program of study. Students are assigned faculty advisors in the DPT program. Faculty advisors are core members of the DPT program faculty who are also licensed or eligible for licensure in the state of Wisconsin.
PRE-PROFESSIONAL PROGRAMS

Programs

- Pre-Physical Therapy (p. 913)

Pre-Physical Therapy

Students Interested in Physical Therapy

Physical therapy is an integral and unique component of the healthcare system. As a health profession, physical therapy focuses on the neuromuscular, musculoskeletal, and cardiopulmonary systems of the human body as these systems relate to human motion and function. Human movement and the ability to interact physically with one’s environment are essential components of physical, emotional, and social well-being. The physical therapist is dedicated to promoting health, preventing disease, and rehabilitating individuals disabled by injury or disease.

The American Physical Therapy Association (APTA) requires students pursuing a career in physical therapy to enter the profession with a post-baccalaureate degree.

An undergraduate degree in Kinesiology will prepare students by providing them with the necessary coursework required to enter most physical therapy graduate programs in the country, provided the student meets other admission criteria.

Requirements

DPT Program Admission

Admission to a DPT program is competitive. Students must maintain a cumulative GPA of 3.0 or better to be eligible for admission. Completion of UWM’s Kinesiology Bachelor of Science degree does not guarantee admission to UWM’s DPT program. Also, be aware of the admission requirements for each individual program as they do vary. Information about preparing for DPT is available in this document “Preparing to Apply for Admission to a Physical Therapy Program (http://uwm.edu/healthsciences/wp-content/uploads/sites/129/2015/06/BS-Kinesiology-Pre-PT-handout.pdf)”.

Sample Plan for Kinesiology Major Student Interested in Physical Therapy

Academic advisors within the College of Health Science Office of Student Affairs will assist students interested in Physical Therapy with the development of career goals and the selection of appropriate courses to further those goals. Please contact the Office of Student Affairs at 414-229-2758.
The School of Information Studies offers a Bachelor of Science degree in Information Science and Technology (BSIST), an undergraduate minor in Information Science and Technology (IST), a Master of Library and Information Science (MLIS), a Master of Science in Information Science & Technology (MSIST), a Certificate of Advanced Studies in Archives and Records Administration, a Certificate of Advanced Studies in Digital Libraries, and a PhD in Information Studies.

**Bachelor of Science in Information Science & Technology (BSIST)**

The Bachelor of Science in Information Science and Technology (BSIST) combines core IT skills like front-end web design, HCI and database management, with electives that you choose. The only degree of its kind in the UW System, the BSIST degree will set you apart from the competition.

**Master of Library and Information Science (MLIS)**

The Master of Library & Information Science (MLIS) program, accredited by the American Library Association since 1976, prepares librarians and information professionals to manage change in an urbanized, technologically oriented and knowledge-based society. Its systematic course of study enables individuals with a strong service orientation to apply principles of library and information science, to use current methods and tools, and to recognize the value of research.

**Master of Science in Information Science & Technology (MSIST)**

The Master of Science in Information Science and Technology is a professional graduate degree program for those who seek advanced training to meet the ever-increasing need for information technology (IT) professionals.

**Doctor of Philosophy in Information Studies (PhD)**

The Doctor of Philosophy in Information Studies prepares graduates for academic and professional careers where an in-depth knowledge of research processes and evaluation is needed. The program emphasizes the study of the representation, storage, retrieval, use, and impact of information resources on society. Graduates will contribute to the knowledge base of the discipline and will take on leadership roles as scholars and administrators in the discipline and the profession.

For information on SOIS’s degree programs please see the SOIS website at uwm.edu/informationstudies (https://uwm.edu/informationstudies).

**Requirements for Employment, Licensing, or Professional Organizations**

Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.

Information Studies Courses

INFOST 101 Information Literacy
1 cr. Undergraduate.
Emphasis on techniques in information gathering for students to build expertise in exploring information sources and services. Provides foundation for independent life-long learning experiences.
Prerequisites: none.
Last Taught: Spring 2013, Fall 2012, Spring 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

INFOST 110 Introduction to Information Science and Technology
3 cr. Undergraduate.
Introduces basic issues in information science, including the nature of information, information policy, knowledge organization, information services, and the relationships between information technologies and society.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 110X.
Current Offerings: http://uwm.edu/schedule

INFOST 120 Information Technology Ethics
3 cr. Undergraduate.
Comprehensive overview of the current ethical issues in information and technology use.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 120X.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

INFOST 150 Introduction to Information Resources on the Internet
3 cr. Undergraduate.
Overview of the internet and its resources and services. Introduction to information retrieval and research skills on the internet.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 150X.
General Education Requirements: HU
Last Taught: Spring 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

INFOST 210 Information Resources for Research
3 cr. Undergraduate.
Introduction to research processes necessary for effective, college-level, library research. Emphasizes analysis of research questions, development of search strategies, and critical evaluation of materials.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 210X.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

INFOST 210 Information Resources for Research
3 cr. Undergraduate.
Introduction to research processes necessary for effective, college-level, library research. Emphasizes analysis of research questions, development of search strategies, and critical evaluation of materials.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 210X.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

INFOST 230 Organization of Knowledge
3 cr. Undergraduate.
An interdisciplinary introduction to information and knowledge organization, including principles of conceptual systems in various disciplines and their relevance and application to knowledge organization.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 230X.
Current Offerings: http://uwm.edu/schedule

INFOST 240 Web Design I
3 cr. Undergraduate.
Uses popular authoring tools to cover the basics of organizing information.
Prerequisites: none.
Course Rules: Counts as repeat of InfoSt 240X.
Current Offerings: http://uwm.edu/schedule
INFOST 250 Internet Communications and Information Transfer
3 cr. Undergraduate.
Special emphasis will be upon the Internet and information communications and new communication technologies influencing information services.
Prerequisites: InfoSt(L&I Sci) 110(P).
Last Taught: Summer 2016, Summer 2015, Summer 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

INFOST 291 Special Topics in Information Science and Technology:
3 cr. Undergraduate.
New developments and research in information science & technology.
Specific credits and any additional prereqs announced in Schedule of Classes whenever course is offered.
Prerequisites: none.
Course Rules: May be retaken w/chg topic to 9 cr max.
Last Taught: Fall 2015, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 297 Study Abroad:
3 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Spring 2017, Fall 2016, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

INFOST 310 Human Factors in Information Seeking and Use
3 cr. Undergraduate.
Overview of human information needs, seeking, and processing, including human factors in the design, development and evaluation of information services.
Prerequisites: InfoSt 110(C).
Course Rules: Counts as repeat of InfoSt 310X.
Current Offerings: http://uwm.edu/schedule

INFOST 320 Web Design II
3 cr. Undergraduate.
Examination and utilization of advanced technologies and practices being employed in web usability and design.
Prerequisites: InfoSt 240(P).
Course Rules: Counts as repeat of InfoSt 491 Advanced Web Design & InfoSt 320X.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 325 Information Security I
3 cr. Undergraduate.
Introduction to issues and practices related to the protection of information and other digital assets.
Prerequisites: jr st.
Course Rules: Counts as repeat of InfoSt(L&I Sci) 491 w/same topic.
Current Offerings: http://uwm.edu/schedule

INFOST 330 Electronic Information Retrieval Systems
3 cr. Undergraduate.
Basics of using electronic information retrieval systems, emphasizing internet and commercial services, in order to obtain information. Includes weekly laboratory sessions.
Prerequisites: InfoSt(L&I Sci) 210(P) & 110(P).
Course Rules: Counts as repeat of InfoSt 330X.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Summer 2015.
Current Offerings: http://uwm.edu/schedule

INFOST 340 Introduction to Systems Analysis
3 cr. Undergraduate.
Theories, principles, and tools for planning, organizing, assessing, and evaluating information. Emphasizes the importance of user’s perspective. Covers the various stages of systems analysis and outlines the appropriate methods for each stage.
Prerequisites: InfoSt 310(C) & 410(C).
Course Rules: Counts as repeat of InfoSt 340X.
Current Offerings: http://uwm.edu/schedule

INFOST 350 Introduction to Application Development
3 cr. Undergraduate.
Introduction to the fundamental concepts of application development. Basic application development concepts will be explained, analyzed, and practiced.
Prerequisites: InfoSt 110(C) or cons instr.
Course Rules: Counts as repeat of InfoSt 291 with topic Intro to Programming.
Last Taught: Spring 2018, Fall 2017, Summer 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 350X Introduction to Application Development
3 cr. Undergraduate.
Introduction to the fundamental concepts of application development. Basic application development concepts will be explained, analyzed, and practiced.
Prerequisites: InfoSt 110(C) or cons instr.
Course Rules: Counts as repeat of InfoSt 291 with topic Intro to Programming.
Last Taught: Spring 2018, Fall 2017, Summer 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 370 Data Analysis and Visualization for the Information Professional
3 cr. Undergraduate.
Introduction to data analysis and visualization using simple statistical analyses to create graphical depictions of data that can improve comprehension, communication, and decision making.
Prerequisites: satisfaction of GER QL Part A.
Course Rules: Counts as repeat of InfoSt 370X.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
INFOST 375 Multimedia Web Design
3 cr. Undergraduate.
Fundamentals of interactive Web development and scripting, allowing
students to create Web animations and render interactivity of information
on the Web.
Prerequisites: InfoSt(L&I Sci) 240(P).
Course Rules: Counts as repeat of InfoSt 491 with topic of Flash & InfoSt
375X.
Current Offering: http://uwm.edu/schedule

INFOST 383 Native Mobile Applications
3 cr. Undergraduate.
Fundamentals of native mobile application development including
development environments, mobile OS considerations, and the potential
and limitations of mobile applications.
Prerequisites: none
Course Rules: Counts as repeat of InfoSt 491 w/similar topic.
Current Offering: http://uwm.edu/schedule

INFOST 385 Information Security II
3 cr. Undergraduate.
Advanced topics and practices in information security including social,
technological, educational and economic implications of information
security and privacy.
Prerequisites: InfoSt 325(P).
Course Rules: Counts as repeat of InfoSt(L&I Sci) 491 w/same topic.
Current Offering: http://uwm.edu/schedule

INFOST 399 Independent Study
1-3 cr. Undergraduate.
Guided readings or research under faculty supervision.
Prerequisites: jr st; 24 cr in IST major; cons instr.
Course Rules: May be retaken to max of 6 cr.
Current Offering: http://uwm.edu/schedule

INFOST 410 Database Information Retrieval Systems
3 cr. Undergraduate.
Introduces the design and development of different types of electronic
information systems, including database types, design issues, application
development, and software selection and evaluation.
Prerequisites: jr st.
Course Rules: Counts as repeat of InfoSt 410X.
Current Offering: http://uwm.edu/schedule

INFOST 425 Books, Paper, and Their Preservation
1 cr. Undergraduate/Graduate.
History, theory, and practical application of conservation solutions
currently practiced by professional conservators.
Prerequisites: jr st.
Current Offering: http://uwm.edu/schedule

INFOST 430 Multimedia Application Development
3 cr. Undergraduate.
This course covers the basic concepts of multimedia and their
applications in information services, including image representation and
processing and multimedia information delivery.
Prerequisites: InfoSt(L&I Sci) 310(P).
Last Taught: Fall 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offering: http://uwm.edu/schedule

INFOST 440 Web Application Development
3 cr. Undergraduate.
The interactive web design server interaction. Special emphasis on
database connectivity and application development on the Internet.
Prerequisites: InfoSt 240(P), InfoSt 350(P), or cons instr.
Course Rules: Counts as repeat of InfoSt 440X.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offering: http://uwm.edu/schedule

INFOST 465 Legal Aspects of Information Products and Services
3 cr. Undergraduate/Graduate.
Introduction to legal environment surrounding development and use of
information products and services, including intellectual property, and
issues specific to internet and other digital mediums.
Prerequisites: jr st.
Course Rules: Counts as repeat of InfoSt 465X.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offering: http://uwm.edu/schedule

INFOST 490 Senior Capstone
3 cr. Undergraduate.
Analysis, creation, development and presentation of an information
retrieval system project for an information organization.
Prerequisites: sr st; InfoSt(L&I Sci) 340(P) & 410(P).
Course Rules: Counts as repeat of InfoSt 490X.
Current Offering: http://uwm.edu/schedule

INFOST 491 Advanced Topics in Information Science & Technology
1-3 cr. Undergraduate.
Advanced examination of emerging developments and research in
information science & technology.
Prerequisites: jr st; additional prereq announced each offering.
Course Rules: May be retaken w/chg in topic to 15 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offering: http://uwm.edu/schedule

INFOST 495 Information Internship
1-3 cr. Undergraduate.
Field experience of 50-150 hours under faculty and field supervisor
guidance. Student must also complete a supervised field project.
Prerequisites: 12 cr in the IST major; cons instr.
Course Rules: May enroll in 2 sections in same term to 9 cr max.
Current Offering: http://uwm.edu/schedule
INFOST 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Program
Course Rules: May be retaken w/chg in topic.
Last Taught: Summer 2017, Summer 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

INFOST 501 Foundations of Library and Information Science
3 cr. Undergraduate/Graduate.
Historical introduction to library and information science (LIS); outline of the role of information agencies in disseminating knowledge to users; overview of research in LIS.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

INFOST 511 Organization of Information
3 cr. Undergraduate/Graduate.
Introduction to basic concepts in the theoretical, practical, and technological aspects of information organization.
Prerequisites: jr st.
Course Rules: Not open for cr to students with cr in InfoSt(L&I Sci) 530.
Current Offerings: http://uwm.edu/schedule

INFOST 520 Managing Library Collections
3 cr. Undergraduate/Graduate.
Theory and practice of collection management across formats including selection tools and criteria, acquisition and evaluation of collections, deselection, preservation, and other collection development topics.
Prerequisites: jr st; InfoSt(L&I Sci) 501(P) or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 521 Introduction to Reference Services and Resources
3 cr. Undergraduate/Graduate.
An investigation into reference services, reference interviews, and organization, including critical examination of basic reference sources.
Prerequisites: jr st; InfoSt(L&I Sci) 501(P), 571(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 524 Management of Libraries and Information Services
3 cr. Undergraduate/Graduate.
The library/information center as a service organization. Management of the library/information center: planning, budgeting, decision making, leadership styles, motivation, communication, personnel and financial management.
Prerequisites: jr st; InfoSt(L&I Sci) 501(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 547 User-Centered Interaction Design
3 cr. Undergraduate/Graduate.
Introduction of human-computer interaction theories and design processes. Emphasis is on applied user experience (UX) design.
Prerequisites: sr st.
Course Rules: Jointly offered with & counts as repeat of CompSci 547.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

INFOST 557 Information Access and Retrieval
3 cr. Undergraduate/Graduate.
An overview of the concepts and theory related to information retrieval.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

INFOST 582 Introduction to Data Science
3 cr. Undergraduate/Graduate.
Introduces basic concepts, background, theoretical, practical and technological aspects of data science.
Prerequisites: jr st; or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 583 Survey of Information Security
3 cr. Undergraduate/Graduate.
Introduces information security concepts, issues, and technological practices related to privacy, trust, and protection of information and digital assets.
Prerequisites: jr st or cons instr.
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 584 Survey of Web and Mobile Content Development
3 cr. Undergraduate/Graduate.
Current best practices and theory for the development of content and applications across different platforms, systems, and devices emphasizing responsive design and frameworks.
Prerequisites: jr st or cons instr.
Last Taught: Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 603 History of Books and Printing
3 cr. Undergraduate/Graduate.
The people, ideas, and events in the history of bookmaking from ancient times to the 1890’s.
Prerequisites: jr st.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 619 Topics in Information Organization:
1-3 cr. Undergraduate/Graduate.
Study of particular topics in Information Organization. Specific topics announced in Schedule of Classes each time course is offered.
Prerequisites: jr st & InfoSt(L&I Sci) 511(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

INFOST 622 Information Marketing
3 cr. Undergraduate/Graduate.
Concepts and principles of marketing and strategic planning as they apply to libraries and information agencies; case studies in information brokering and repackaging.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule
INFOST 627 Music Librarianship
3 cr. Undergraduate/Graduate.
Examination of materials used in obtaining music information and in establishing bibliographic control. Emphasis on reference, library instruction, collection management, and organization of music collections.
Prerequisites: jr st; InfoSt(L&I Sci) 511(531)(P), 571(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 632 Microcomputers for Information Resources Management:
3 cr. Undergraduate/Graduate.
Use and applications of microcomputers in various library and information management functions. Requires 1-2 hrs of weekly laboratory time.
Prerequisites: jr st & cons instr.
Last Taught: Summer 2011, Fall 2010, Summer 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

INFOST 642 School Library Media Programs and Resources
3 cr. Undergraduate/Graduate.
A study of the functions of the school library media center as an educational component including service, administration, collection development and utilization of materials.
Prerequisites: jr st; InfoSt(L&I Sci) 511(531)(P), 520(P), 571(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 644 School Library Practicum
1-3 cr. Undergraduate/Graduate.
Field experience of 210 hours in elementary and secondary school library media services under faculty and field supervisor guidance.
Prerequisites: jr st; InfoSt(L&I Sci) 511(531)(P), 520(P), 571(P) & 642(672)(C); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 645 Library Materials for Children
3 cr. Undergraduate/Graduate.
Introduction to print and media resources available in library collections; selection procedures, evaluation criteria, access and promotion of use of materials.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

INFOST 646 Library Materials for Young Adults
3 cr. Undergraduate/Graduate.
Criteria for evaluation and selection of materials for young adults, emphasizing current resources, techniques of reading guidance and book talks.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

INFOST 650 An Introduction to Modern Archives Administration
3 cr. Undergraduate/Graduate.
An introduction to the archives profession, archives administration, main uses of primary sources in academic research, and archival issues regarding the Internet and other technologies.
Prerequisites: jr st; InfoSt 501(C).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 655 Information and Records Management:
3 cr. Undergraduate/Graduate.
Principles and practices of information and records management: organizational information needs, retention, schedules, vital records protection, micrographics, records centers and records management policy.
Prerequisites: jr st.
Last Taught: Spring 2018, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

INFOST 656 Electronic Documents and Records Management
3 cr. Undergraduate/Graduate.
Advanced concepts, unique challenges, and on-going issues of electronic records management, including automated systems, information lifecycle management, access, legality, media stability, migration, and long-term preservation.
Prerequisites: jr st; InfoSt(L&I Sci) 655(P) or cons instr.
Course Rules: Counts as repeat of InfoSt(L&I Sci) 691 w/same topic.
Last Taught: Spring 2017, Fall 2013, Fall 2012, Spring 2012.
Current Offerings: http://uwm.edu/schedule

INFOST 660 Information Policy
3 cr. Undergraduate/Graduate.
Explore various aspects of information policy including privacy, intellectual property, and intellectual freedom; covers applicable methodologies.
Prerequisites: jr st.
Last Taught: Spring 2018, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

INFOST 661 Information Ethics
3 cr. Undergraduate/Graduate.
Ethical traditions, concepts, and principles for the information professions in the global information society; ethical implications of information technologies.
Prerequisites: jr st & InfoSt(L&I Sci) 110(P); 501(P) or cons instr.
Course Rules: Counts as a repeat of InfoSt(L&I Sci) 691 with similar topic/title.
Current Offerings: http://uwm.edu/schedule

INFOST 670 Instructional Technologies
3 cr. Undergraduate/Graduate.
Traditional technologies, multimedia formats, and computer-based technologies for instructional purposes.
Prerequisites: jr st, InfoSt(L&I Sci) 632(P).
Course Rules: No degree cr for students with cr in InfoSt(L&I Sci) 668 or 669.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule
INFOST 674 The Search Engine Society
3 cr. Undergraduate/Graduate.
Critical examination of the role of search engines in contemporary society, including impact on information organization and retrieval, information institutions, information policy, law, and ethics.
Prerequisites: jr st; InfoSt(L&I Sci) 501(P) or cons instr.
Course Rules: Counts as repeat of InfoSt(L&I Sci) 691 w/similar topic.
Last Taught: Summer 2016, Summer 2015.
Current Offerings: http://uwm.edu/schedule

INFOST 675 Information Technology and Organizations
3 cr. Undergraduate/Graduate.
Topical seminar, exploring the relationship between information technology (IT) culture, organizations and the organization of work, cultures, subcultures; sociology of IT work; enterprise systems; knowledge management; data mining and IT careers.
Prerequisites: jr st.
Last Taught: Spring 2016, Spring 2015, Fall 2013.
Current Offerings: http://uwm.edu/schedule

INFOST 682 Digital Libraries
3 cr. Undergraduate/Graduate.
Concepts and technologies for development of digital libraries. Topics include tools for multimedia digitization, organization of digital resources, and evaluation of digital libraries and gateways.
Prerequisites: jr st & InfoSt(L&I Sci) 110(P), 501(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 685 Electronic Publishing and Web Design
3 cr. Undergraduate/Graduate.
An introduction to principles of visual communications related to electronic media with emphasis on website development, electronic documents, and production and dissemination of electronic information.
Prerequisites: jr st.
Course Rules: Counts as repeat of InfoSt(L&I Sci) 691 w/similar topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 691 Special Topics in Information Science:
1-3 cr. Undergraduate/Graduate.
An exploration of current topics in information science. Specific topics and any additional prerequisites will be announced in Schedule of Classes each time course is offered.
Prerequisites: jr st; cons instr.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

INFOST 710 Comparative Bibliography
3 cr. Graduate.
Introduction to concepts of knowledge records (i.e. documents, information objects, etc.) and the artifacts that convey them. A survey of techniques of enumerative, descriptive, and analytical bibliography, and bibliometric domain analysis.
Prerequisites: grad st; InfoSt 511(531) (P); or cons instr
Last Taught: Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 711 Cataloging and Classification
3 cr. Graduate.
Introduction to principles and practices of resource description, subject cataloging, and classification in a variety of library settings.
Prerequisites: grad st; InfoSt(L&I Sci) 511(531)(P) or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 712 Resource Description for Library Catalogs
3 cr. Graduate.
Application of standards and rules to the construction of tools for information retrieval, primarily digital resources and catalogs in library and information environments.
Prerequisites: grad st; L&I Sci 711(P) or cons instr
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 713 Subject Analysis in Library Catalogs
3 cr. Graduate.
Theories, principles, and major methods of subject cataloging and classification as practiced in interactive online environments.
Prerequisites: grad st; InfoSt(L&I Sci) 711(P) or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 714 Metadata
3 cr. Graduate.
Principles and application of metadata for networked information resource organization, representation, retrieval, and interoperability using a variety of schemes; focus on cultural heritage digital repositories.
Prerequisites: grad st; MLIS prereqs: InfoSt 501(P); InfoSt 571(R) or MSIST prereqs: InfoSt 582(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 715 Music Cataloging
3 cr. Graduate.
Bibliographic control of music materials. Descriptive cataloging, authority control, subject analysis and classification of music materials. Structure of music catalogs and requirements for effective retrieval.
Prerequisites: grad st; InfoSt 511(P)
Last Taught: Summer 2015.
Current Offerings: http://uwm.edu/schedule

INFOST 716 Thesaurus Construction
3 cr. Graduate.
Overview of thesaurus construction, vocabulary control and ontology. Design and construction of thesauri, including domain analysis, vocabulary extraction, concept clustering, ordering, structural relations, thesaurus maintenance.
Prerequisites: grad st; InfoSt(L&I Sci) 511(531)(P), 591(P).
Current Offerings: http://uwm.edu/schedule

INFOST 717 Information Architecture
3 cr. Graduate.
Introduction to information architecture and user experience design, focusing on designing user-centered organization, labeling, navigation, search, metadata, and knowledge organization systems for websites.
Prerequisites: grad st; InfoSt(L&I Sci) 511(531)(P).
Current Offerings: http://uwm.edu/schedule
INFOST 719 Advanced Topics in Information Organization
3 cr. Graduate.
Advanced study of a particular topic in Information Organization.
Prerequisites: grad st; InfoSt(L&I Sci) 511(P) or cons instr.
Course Rules: May be repeated w/ chg in topic to 9 cr. max.
Last Taught: Spring 2015, Fall 2014, Summer 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

INFOST 722 Entrepreneurship and Innovation for LIS Professionals
3 cr. Graduate.
Introduces entrepreneurial concepts and practices in the library and
information science professions, examines alternative career options, and
provides an opportunity to apply entrepreneurial methods and processes.
Prerequisites: InfoSt 501(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 734 Library Services and Resources for Adults
3 cr. Graduate.
Introduction to the wide range of services and materials with which the
library meets the needs of adult patrons.
Prerequisites: grad st; InfoSt(L&I Sci) 520(C), 571(P); or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 735 The Academic Library
3 cr. Graduate.
Administration of the college and university library, including a study of
budgets, personnel, building and collections requirements, and
cooperative programs.
Prerequisites: grad st; InfoSt(L&I Sci) 501(C), 511(531)(P), 520(C),
524(540)(R); & 571(C); or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 736 The Public Library
3 cr. Graduate.
Overview of issues and functions of american public libraries; including trends in
governance, program planning and evaluation, community
analysis, alternative funding, library use and users.
Prerequisites: grad st; InfoSt(L&I Sci) 501(C), 511(531)(P), 520(C),
524(540)(P); & 571(C); or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 738 Legal Information Sources and Services
3 cr. Graduate.
A study of legal sources of federal and Wisconsin law including the use of
law finders, statutes, cases and digests.
Prerequisites: grad st; InfoSt(L&I Sci) 571(P)
Current Offerings: http://uwm.edu/schedule

INFOST 739 Digital Information Services
3 cr. Graduate.
Examination of major issues involved in digital information services.
Comparison of differences and similarities between digital and face-to-
face services, evaluation of DIS and current trends.
Prerequisites: grad st; InfoSt(L&I Sci) 682(P); 510(P); & 571(P).
Current Offerings: http://uwm.edu/schedule

INFOST 740 Information Literacy Instruction
3 cr. Graduate.
Concepts and principles invoked in teaching information literacy;
emphasis on organizing and developing courses and individual sessions.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P)
Current Offerings: http://uwm.edu/schedule

INFOST 741 Multicultural Children's Literature
3 cr. Graduate.
Exploration of children's literature representing racialized groups in the
United States; discussion will focus on evaluating and selecting material.
Prerequisites: grad st; InfoSt(L&I Sci) 645(P) or equivalent; or cons instr.
Course Rules: Counts as repeat of 691 w/ same topic.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

INFOST 745 Library Services for Children and Young Adults
3 cr. Graduate.
A foundation for developing, planning, and programming library services to
meet the needs and interests of children and young adults; attention to
content and evaluation of literature for these groups.
Prerequisites: grad st; InfoSt(L&I Sci) 645(P) or 646(C); or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 750 Arrangement and Description in Archives
3 cr. Graduate.
Development of the intellectual framework and critical evaluation skills
necessary for the arrangement and description of archival collections.
Prerequisites: grad st; InfoSt(L&I Sci) 650(C) or cons instr
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 752 Archival Outreach: Programs and Services
3 cr. Graduate.
An introduction to archival outreach and reference services for sustaining
an archival program committed to public service.
Prerequisites: grad st; InfoSt 650(C) or cons instr.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 753 Preserving Information Media
3 cr. Graduate.
Examines all aspects of archival preservation of multiple media formats.
Includes discussions of preservation practice, policy and programming in
an archives.
Prerequisites: grad st; InfoSt(L&I Sci) 650(P) or cons instr.
Course Rules: InfoSt(L&I Sci) 791 with similar topic counts as repeat of
753.
Current Offerings: http://uwm.edu/schedule

INFOST 758 Technology Issues in Archives
3 cr. Graduate.
This course addresses technology issues facing archivists today and
its theoretical and practical implications in collection management,
arangement and description, reference, digitization, and electronic
records.
Prerequisites: grad st; INFOST 650; or cons instr.
Current Offerings: http://uwm.edu/schedule
INFOST 759 Fieldwork in Archives and Manuscripts
1-3 cr. Graduate.
Field experience of 50 to 150 hours in an archives or manuscript repository under faculty and field supervisor guidance. Student must also complete a supervised field project.
Prerequisites: grad st; InfoSt(L&I Sci) 571(P), 524(540)(P); 650(681)(P) or History 775(P); or cons instr.
Course Rules: May be repeated for total of 3 cr.
Current Offerings: http://uwm.edu/schedule

INFOST 761 Information Privacy
3 cr. Graduate.
Graduate seminar on information privacy, undertaking a multi-faceted, multi-disciplinary examination of the relationships between information, technology, law and privacy in our digital society.
Prerequisites: grad st
Course Rules: Counts as repeat of 763 w/similar topic.
Last Taught: Summer 2017.
Current Offerings: http://uwm.edu/schedule

INFOST 763 Topics in Information Policy
1-3 cr. Graduate.
An array of coursework specifically related to the social, ethical, economic, legal, and philosophical aspects of information.
Prerequisites: grad st
Course Rules: May be repeated w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

INFOST 774 Online Information Retrieval
3 cr. Graduate.
Study of bibliographic, non-bibliographic, full-text databases, including document delivery alternatives, evaluation and testing.
Prerequisites: grad st; InfoSt 501(P); 571(P); or cons instr.
Last Taught: Summer 2015, Summer 2013, Summer 2011, Summer 2010.
Current Offerings: http://uwm.edu/schedule

INFOST 780 XML for Libraries
3 cr. Graduate.
Overview of general markup languages; concepts and components of extensible markup language, and the future of publishing and libraries.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

INFOST 783 Information Storage and Retrieval
3 cr. Graduate.
Fundamental analysis and design principles and theories used in systems for the storage, processing, and retrieval of information.
Prerequisites: grad st; InfoSt(L&I Sci) 571(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 784 Information Security Management
3 cr. Graduate.
Investigation of key aspects of information security management such as policy, risk analysis and management, education and awareness training, legal compliance, ethical and legal conduct.
Prerequisites: grad st; InfoSt 583(P).
Current Offerings: http://uwm.edu/schedule

INFOST 785 Database Management Systems for Information Professionals
3 cr. Graduate.
Study of microcomputer data base management software (DBMS) and information retrieval (IR) systems and their potential applications for information services.
Prerequisites: grad st
Course Rules: Counts as repeat of InfoSt(L&I Sci) 891 w/ same topic.
Last Taught: Spring 2018, Fall 2018, Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 786 Multimedia
3 cr. Graduate.
Multimedia and its applications in information systems and instructional environments. Students develop essential skills in the evaluation, creation, editing, and rendering of multimedia.
Prerequisites: grad st; cons instr
Course Rules: Counts as repeat of InfoSt(L&I Sci) 891 w/ same topic.
Current Offerings: http://uwm.edu/schedule

INFOST 787 Library Automation
3 cr. Graduate.
The current status of automation and network activities among libraries, including an exploration of problems and prospects.
Prerequisites: grad st; InfoSt(L&I Sci) 511(531)(C) or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 788 Information Systems: Analysis and Design
3 cr. Graduate.
Analysis, design, and evaluation of information systems. The information system mission, goals and objectives are used to develop measures for judging system effectiveness and efficiency.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P), 571(P) or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 789 Electronic Networking and Information Services:
3 cr. Graduate.
Outlines basic concepts of communication technology, electronic networking, and available information resources and services for information professionals.
Prerequisites: grad st; InfoSt(L&I Sci) 510(P), 571(P) or cons instr
Last Taught: Fall 2006, Fall 2005, Fall 2004, Fall 2003.
Current Offerings: http://uwm.edu/schedule

INFOST 790 Project Design, Implementation, and Evaluation
3 cr. Graduate.
Culminating experience for MSIST degree program comprising the design, implementation, and evaluation of a capstone project related to the MSIST degree tracks.
Prerequisites: grad st; MSIST degree candidates only; InfoSt 547(P), InfoSt 582(P), InfoSt 583(P), InfoSt 584(P), CompSt 701(P), CompSt 702(P), and CompSt 703(P), or cons instr.
Current Offerings: http://uwm.edu/schedule
INFOST 791 Topics in Library and Information Science
1-3 cr. Graduate.
Graduate level treatment of current topics in library and information science. Specific topic and any additional prerequisites announced in Schedule of Classes each time course is offered.
Prerequisites: grad st; InfoSt 501(P) or cons instr
Course Rules: May be repeated w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

INFOST 799 Research Methods in Information Studies
3 cr. Graduate.
Knowledge of research concepts, methods, and evaluation in library and information science, and applications of research in the information professions.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P); 511(531)(P); 571(P), or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 823 Seminar in International and Multicultural Information Services
3 cr. Graduate.
Implications of global and multicultural trends for information services. Creation, diffusion and use of information in cross-cultural settings.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P), 524(540)(P), or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 832 Government Information Sources and Services
3 cr. Graduate.
Availability, selection, and use of federal, state, and local documents; international organization documents; or documents of selected foreign governments.
Prerequisites: grad st & InfoSt(L&I Sci) 571(P).
Current Offerings: http://uwm.edu/schedule

INFOST 833 Business Information Sources and Services
3 cr. Graduate.
Information services and basic sources in business and competitive intelligence.
Prerequisites: grad st; InfoSt(L&I Sci) 571(P).
Last Taught: Spring 2013, Fall 2009, Fall 2008, Summer 2008.
Current Offerings: http://uwm.edu/schedule

INFOST 834 Information Sources and Services in Science and Technology
3 cr. Graduate.
A study of the reference literature of science and technology; the structure of the literature; and services of the various information sources in those fields.
Prerequisites: grad st; InfoSt(L&I Sci) 571(P).
Current Offerings: http://uwm.edu/schedule

INFOST 835 Information Sources and Services in the Health Sciences
3 cr. Graduate.
A survey of the basic sources used to locate information in the fields of medicine, nursing, allied health and health care administration, along with an introduction to the traditional & innovative services offered by health science libraries.
Prerequisites: grad st; InfoSt(L&I Sci) 571(P)
Current Offerings: http://uwm.edu/schedule

INFOST 845 Doctoral Seminar: Issues in Educational and Media Technology
3 cr. Graduate.
Interdisciplinary overview of research and theories in educational and media technology. Emphasizes cognitive bases of knowledge transfer and implications for instructional systems design and technology.
Prerequisites: grad st; cons instr; Educ 701(P)
Current Offerings: http://uwm.edu/schedule

INFOST 850 Seminar in Modern Archives Administration
3 cr. Graduate.
In-depth exploration of several aspects of archival work through extensive readings, discussions, practical exercises and a major seminar paper.
Prerequisites: grad st; InfoSt(L&I Sci) 650(681)(P) or cons instr
Course Rules: Counts as repeat of Hist 777.
Current Offerings: http://uwm.edu/schedule

INFOST 855 Advanced Appraisal
3 cr. Graduate.
An overview of the history of archival appraisal and manuscript collecting, surveys recent appraisal methodologies and theories, providing practical experience in the application of appraisal theory and assessing the value of organizational records.
Prerequisites: grad st; INFOST 650; or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 861 Seminar in Intellectual Freedom
3 cr. Graduate.
Principles and practices of intellectual freedom, as related to the information professions. Emphasizes, but is not limited to, current issues in the u.s.
Prerequisites: grad st; InfoSt(L&I Sci) 520(P) or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 862 Legal Issues for Library and Information Managers
3 cr. Graduate.
Legal issues arising in various library settings, including access rights, privacy and confidentiality, copyright, intellectual freedom and information liability and malpractice.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P) or cons instr
Current Offerings: http://uwm.edu/schedule
INFOST 863 Feminism, Librarianship, and Information
3 cr. Graduate.
The nature of librarianship as a profession, issues related to information and technology, and practices of information services from gendered perspectives using applicable feminist theories.
Prerequisites: grad st; InfoSt 501(P); InfoSt 591(P)
Current Offerings: http://uwm.edu/schedule

INFOST 864 Public Libraries: Philosophy, Policy, Politics
3 cr. Graduate.
Explores advanced concepts of the public library as a political institution in the public sphere. Includes investigations of legislative foundations, funding, governance and social engagement.
Prerequisites: grad st; L&I Sci 501(P), 591(P), 736(P) or cons instr
Course Rules: Counts as repeat of L&I Sci 891 w/ the same topic.
Current Offerings: http://uwm.edu/schedule

INFOST 888 Candidate for Degree:
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee assessed for 1 cr.
Last Taught: Fall 2017, Spring 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 891 Advanced Topics in Library and Information Science:
1-3 cr. Graduate.
Seminar in advanced current topics in library and information science. Specific topics and any additional prerequisites announced in schedule of classes each time course is offered.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated with change in topic to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 898 Master's Thesis
1-3 cr. Graduate.
Research and writing in consultation with SOIS thesis advisor for M.L.I.S. candidates pursuing the Thesis Option. May be repeated until completion and defense of the thesis.
Prerequisites: grad st; InfoSt(L&I Sci) 890(P) or equiv; cons of thesis advisor.
Current Offerings: http://uwm.edu/schedule

INFOST 899 Master's Independent Study
3 cr. Graduate.
Advanced study under faculty guidance, on a special aspect of library and information services. Regular faculty consultation and written report(s) required.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P), 511(531)(P), 571(P), 591(P), or cons instr. Max of 6 cr between InfoSt(L&I Sci) 899 and 999 may count toward the MLIS.
Current Offerings: http://uwm.edu/schedule

INFOST 901 Current Issues in Information Studies
3 cr. Graduate.
Current topical issues in information studies, socializes doctoral students to research culture, and analyzes current research topics in the field.
Prerequisites: grad st (doctoral st); or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 902 Theoretical Foundations in Information Studies
3 cr. Graduate.
This doctoral seminar introduces students to a range of fundamental theoretical foundations and models relevant to information studies.
Prerequisites: grad st (doctoral st) or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 903 Qualitative Research Methods
3 cr. Graduate.
Qualitative research design, data collection, data analysis tools and techniques as well as theory building in the context of information study research.
Prerequisites: grad st (doctoral st) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

INFOST 904 Quantitative Research Methods
3 cr. Graduate.
Quantitative research designs, data process and analysis, inferential statistical methods and theories, applications in information studies, and evaluation of quantitative research studies.
Prerequisites: grad st (doctoral st) or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 905 Mixed Methods Research for Information Studies
3 cr. Graduate.
Presents techniques for designing and executing mixed methods research in information studies as well as arguments for and against the use of mixed methods for theory building.
Prerequisites: Counts as repeat of INFOST 891 w/ same topic. Prereqs: For MLIS: InfoSt 799(591)(P) or equiv or cons instr For PhD: InfoSt 903(P); InfoSt 904(P); or cons of instr.
Current Offerings: http://uwm.edu/schedule

INFOST 910 Doctoral Seminar in the Organization of Information
3 cr. Graduate.
In-depth and critical study of the historical, philosophical, theoretical, and methodological foundation of the organization of information.
Prerequisites: grad st; InfoSt(L&I Sci) 901(P), at least six grad credits in the organization of information, or cons instr.
Current Offerings: http://uwm.edu/schedule

INFOST 960 Doctoral Seminar in Information Policy
3 cr. Graduate.
Examination of the conceptual, institutional, and practical foundations of information policy, law, and ethics.
Prerequisites: grad st; InfoSt(L&I Sci) 660(P), 661(P), 862(P), 901(P), or cons instr.
Last Taught: Fall 2017, Spring 2016, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule
INFOST 970 Doctoral Seminar in Information Retrieval
3 cr. Graduate.
Advanced research concepts, methods, and applications for information retrieval (IR) and its evaluation, and current topics of research interest to the IR community.
Prerequisites: grad st; InfoSt(L&I Sci) 671(P), 901(P), or cons instr
Current Offerings: http://uwm.edu/schedule

INFOST 990 Fieldwork in Library and Information Science Services
1-3 cr. Graduate.
Fieldwork experience of 50 to 150 hours under faculty and field supervisor guidance. Student must also complete a supervised field project.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P), 511(531)(P), 571(P); cons instr.
Course Rules: May be repeated to max of 6 cr with cons adviser.
Current Offerings: http://uwm.edu/schedule

INFOST 997 Preliminary Examinations
1-6 cr. Graduate.
Available for doctoral students taking preliminary exams. May be repeated twice to a max of 6 cr with cons adviser.
Prerequisites: grad st.
Last Taught: Spring 2018, Fall 2017.
Current Offerings: http://uwm.edu/schedule

INFOST 998 Doctoral Dissertation
1-3 cr. Graduate.
Doctoral dissertation research and advisement for information studies PhD candidates and PhD candidates with an emphasis in library and information science.
Prerequisites: doctoral candidacy & cons doctoral advisor.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

INFOST 999 Independent Research
1-3 cr. Graduate.
Primary research under faculty guidance, on a special aspect of library and information services. Regular faculty consultation and written research report(s) required.
Prerequisites: grad st; InfoSt(L&I Sci) 501(P), 511(531)(P), 571(P), 591(P), or cons instr.
Course Rules: Carries 3 cr limit for MLIS; may be repeated to 6 cr max for advanced certificate students.
Current Offerings: http://uwm.edu/schedule

ADVANCED STUDY IN ARCHIVES AND RECORDS ADMINISTRATION, GRADUATE CERTIFICATE

The Certificate of Advanced Study (CAS) in Archives and Records Administration is designed to help working professionals to update their knowledge in core areas of their responsibilities or to develop another specialty in a library-information area. It will enable students to either alter the direction of a career path or to enrich, update, and strengthen their skills and their knowledge of their field.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission
A Master of Library and Information Science degree or a master’s degree in a closely related field such as computer science, educational technology, or history with a minimum of a 3.0 grade point average is required for admission.

Credits and Courses
The CAS candidate will complete 15 credits of coursework, planned in conjunction with his or her advisor, and approved by the Dean of the School of Information Studies as an individually designed program suited for the needs and professional objectives of the student.

A minimum of 12 credits must be taken in the School of Information Studies. Up to 3 credits may be taken in another school or department of UWM. Students may obtain up to three credits in independent study which is included as a part of the total approved program.

• See the list of School of Information Studies (http://catalog.uwm.edu/courses/infost) courses.

Certificate Requirements

Transfer Credit
No credits may be taken at an institution other than UWM.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:
• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
ADVANCED STUDY IN DIGITAL LIBRARIES, GRADUATE CERTIFICATE

The Certificate of Advanced Study (CAS) in Digital Libraries is designed to help working professionals update their knowledge and develop specialty relating to the acquisition, organization and maintenance of digital content, virtual collections and services. It will enable students to either alter the direction of a career path or to enrich, update, and strengthen their skills and their knowledge of their field.

Application Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission
A master of library and information science degree or a master’s degree in a closely related field such as computer science or educational technology with a minimum of a 3.0 grade point average is required for admission.

Credits and Courses
The CAS candidate will complete 15 credits of coursework, planned in conjunction with his or her advisor, and approved by the Dean of the School of Information Studies as an individually designed program suited for the needs and professional objectives of the student.

A minimum of 12 credits must be taken in the School of Information Studies.

No thesis is required, but students may obtain up to 3 credits in independent research which is included as a part of the total approved program.

• See the list of School of Information Studies (http://catalog.uwm.edu/courses/infost) courses.

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:
• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
INFORMATION SCIENCE AND TECHNOLOGY, BS

Information science, on which the Information Science and Technology program is based, is the study of the organization, storage, retrieval, dissemination, and use of information. Information technology (IT) is the collection of tools that make it possible to access and use information. Some graduates will go directly into jobs in business and industry sectors that rely heavily on information as a raw material or as a product. Other graduates may go on to graduate study in library and information science, information management, computer science, or telecommunications.

Career Opportunities

The Bachelor of Science in Information Science and Technology will give students a head start on any number of careers in the information industry:

- Information Architect
- Business Information Coordinator
- Network Manager
- IT Consultant
- Web Designer
- Technology Trainer
- Multimedia Specialist
- Human-Computer Interface Designer
- Software/Systems Developer
- Technical Writer
- Database Developer
- Digital Library Specialist
- E-Commerce Web Administrator

IST Mission Statement

The Bachelor of Science in Information Science and Technology aims to prepare graduates who are information and technology literate, and who are able to effectively deal with the theory, organization, management, and implementation of information tools and associated technologies in a range of interdisciplinary environments. In addition, we will:

- Educate students, including those who might not traditionally consider an educational path in information and technology, especially women and minorities.
- Open rewarding career opportunities by allowing students to combine the IST program with another area of study.
- Serve the state of Wisconsin by way of education, community participation, and collaborative research partnerships.
- Expand relationships with industry to develop and advance research in Information Science and Technology and its applications in interdisciplinary environments.
- Produce graduates who will become leaders in the growing information economy of Wisconsin and the world.

Related Area of Study

Each student will work with his/her advisor to select general electives, including related areas of study that are appropriate to his/her career goals and to complete the 120 total credit requirements for the BSIST degree. Because of its interdisciplinary and cross-functional nature, the BSIST program allows students to apply the study of the concepts and tools of information science, information architecture, and information technology to one or more related areas of study. The related area of study is a set of courses outside of the BSIST major, normally a minor or certificate in another field of study, typically including 18-22 credits. In some cases, students may choose to study two related areas as part of their BSIST program.

Related Areas of Study Selected List: Computer Science; Health Care Administration; Art & Design; General Business; Library & Information Science; Philosophy; Global Studies; Intelligent Systems; Communication; Digital Arts & Culture; Mass Communication & Journalism

With the help of their advisor, students create and customize their own related area of study. This may be credit-bearing courses that students will take to prepare for certification examinations such as Microsoft certifications, CISCO, etc., or a customized selection of courses chosen by students that will sharpen their skills in one or more selected areas of study.

Completing the Degree

The BSIST degree includes a total of 120 credits as follows:

1. Learn more about the General Education Requirements (p. 33).

To continue and graduate in the BSIST program, each student must maintain a grade point average of at least 2.5 in the major and a cumulative grade point average of at least 2.0 on all credits counted toward the degree.

**Four-Year Graduation Guarantee**

If a student satisfies all the obligations described in the Four-Year Graduation Guarantee, the student will be able to complete an undergraduate degree within four years. If the undergraduate degree completion in four years is delayed by the unavailability of courses, then UWM will relieve the student of the financial tuition burden for courses still required for graduation.

**IST Core Competencies**

The successful BSIST student will demonstrate understanding of the following:

- theoretical nature of information science and information technologies;
- organization and architecture of information based on understanding of the context, the content, and the user needs;
- user-centered information system and service development;
- information storage and retrieval systems;
- management of information, including the processes to enable the flow of information; and
- use of information and communication technology for managing and organizing information and content.

**Admission to the BSIST Program**

Standard UWM admission policies for freshmen and transfer students apply. Students may begin the program as freshmen or after completing several semesters as undeclared or other majors. Students may begin as transfer students from another accredited college or university or as students returning to get a second degree.

In addition to being available during standard class times, the BSIST degree is available fully online to serve students both on and off campus.

**Entrance Guidelines**

Students who meet the standard University admission requirements are admissible to the School of Information Studies. The same criteria for acceptance are applied to in-state and out-of-state students. For undergraduate admission requirements, see the Admission (p. 12) section of this catalog.

**Advising**

Students accepted by UWM who declare an interest in the IST program will be assigned a SOIS advisor. Students are expected to work closely with their IST advisor to tailor a program of electives to best suit their interests and career goals. IST students may also wish to explore minors or certificates in related areas such as computer science or technical writing. For information on Academic Advising for IST majors, please visit the SOIS Academic Advising (http://uwm.edu/informationstudies/resources/advising) page.

**Career Services**

Whether you are a recent graduate just starting your career or an alumni looking for a change, the School of Information Studies (SOIS) is committed to supporting students and alumni throughout their careers. Visit our career resources (http://uwm.edu/informationstudies/resources/career) page for career related resources and join us throughout the year for career workshops and networking opportunities.

**Honors in the Major**

Honors in the major are granted to students who earn a GPA of 3.500 or above for courses in the major.

High Honors in the Major are granted to students who earn a GPA of 3.750 or above for courses in the major.

**Honors in the School of Information Studies**

**Dean's Honor List**

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
INFORMATION SCIENCE AND TECHNOLOGY, MINOR

For undergraduate students in other degree programs outside the School of Information Studies, SOIS also offers an undergraduate minor in Information Science and Technology (IST).

Students who wish to become information and technology literate while pursuing studies in their major areas are candidates. For example, the minor is attractive to students majoring in the humanities, arts, and social sciences where the combination of their major field with the IST minor will help prepare students for careers in information-related work. Fields that combine well with the IST minor include English (particularly Technical Writing), Modern Languages, Communication, Mass Communication, Psychology, Sociology, and the arts. It should also be of interest to students majoring in professional fields such as Computer Science and Business Administration where the courses from IST will complement their major.

Requirements

Fulfillment of the minor entails completion of 18 credits from the following list of courses:

INFORMATION SCIENCE AND TECHNOLOGY, MS

The Master of Science in Information Science and Technology (MSIST) is a professional graduate degree program for those who seek advanced training to meet the ever increasing need for information technology (IT) professionals. The degree will be composed of 36 credit hours and will supplement our Bachelors of Science in Information Science and Technology.

The MSIST will provide essential skills and knowledge in the following areas:

- **User interface (UI) design and human computer interaction (HCI):** Equips students with the necessary knowledge and abilities to develop interaction design that supports and enables users of the mobile applications.
- **Web and mobile design and development:** Equips students with advanced technical knowledge and skills to develop mobile applications.
- **Data management and data science:** Provides students with advanced knowledge and skills to manage data sets generated by applications.
- **Information security:** Focuses on techniques on ensuring the security of all data captured, stored and analyzed through applications.
- **Generalist:** For students who require a customized program to meet their educational and employment needs.

### Admission Requirements

#### Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

#### Admission

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

- A resume.

#### Prerequisites

Preference will be given to those students who have a baccalaureate degree in information sciences, computer information systems, computer science, engineering, statistics, or a related field. Students with sufficient background gained through work experience or professional training in information technologies, such as networks, web services, and database development, will also be considered for admission to the program. Those who have neither of the aforementioned qualifications will be encouraged to take the following prerequisites, or their equivalents, before taking related courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>INFOST 240</td>
<td>Web Design I</td>

<tr>
<td>INFOST 410</td>
<td>Database Information Retrieval Systems</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 440</td>
<td>Web Application Development</td>
<td>3</td>
</tr>
</tbody>
</table>

If taken, these courses must have been completed within the last five years with a grade of B or better (B- not acceptable).

### Credits and Courses

The program requires 36 graduate-level credits, including eight, 3-credit core courses and 12 credits of electives.

### Electives for the Generalist Track

- Select 12 credit hours with the faculty advisor’s guidance

### Program Requirements

**Time Limit**

All degree requirements must be completed within seven years from the date of initial enrollment in the Master’s program.
INFORMATION SCIENCE AND TECHNOLOGY, MS/LIBRARY AND INFORMATION SCIENCES, MLIS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

• The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.

• The MLIS portion of the coordinated degrees can be completed online.

• Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

MSIST/MS Information Science and Technology

A Master of Science in Information Science and Technology/Master of Library and Information Science program prepares students for positions in information technology in all types of libraries, 54 credits.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Credits and Courses

Degree Requirements

Thirty hours will be required for the MLIS and twenty-four for the MSIST. SOIS reduces the MLIS by 6 credit hours of electives in consideration of another master’s degree. The requirements for the MSIST are its 8 core courses for 24 hours. In sum, for 54 credit hours a student can complete both the MLIS and MSIST degrees. Degrees will be awarded simultaneously.

• See the MSIST (p. 932) page and the MLIS (http://uwm.edu/graduateschool/library-information-science/#page) page for more information.

Information Science and Technology MS

The program requires 36 graduate-level credits, including eight, 3-credit core courses and 12 credits of electives.

### Important

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.
INFORMATION STUDIES, PHD

PhD Overview

The Doctor of Philosophy in Information Studies prepares graduates for academic and professional careers where an in-depth knowledge of research processes and evaluation is needed. The program emphasizes the study of the representation, storage, retrieval, use, and impact of information resources on society. Graduates will contribute to the knowledge base of the discipline and will take on leadership roles as scholars and administrators in the discipline and the profession.

SOIS Overview

Related Certificates

- Certificate of Advanced Study in Archives and Records Administration (http://uwm.edu/graduateschool/archives-records-administration-certificate)

The School of Information Studies prepares students for careers in libraries and the information professions. The School's array of graduate programs provides students with the opportunity to develop attitudes associated with progressive information services, and to develop an understanding of the value, role, and application of modern technology as it relates to library operations and the transfer of information.

In harmony with the mission of the University of Wisconsin-Milwaukee, a major urban research institute, the School of Information Studies strives to make significant contributions towards extending and enhancing the quality of information services and the promotion of information and technological literacy to a diverse society. The School of Information Studies is committed to excellence in instruction, research, and service.

Goals of the school are:

1. To prepare professionals who are able to provide leadership and adapt to change in a technological and knowledge-based environment for careers in libraries, school media centers, information systems, and related areas, according to accepted professional standards.
2. To enrich the library and information science profession through recruitment of students with strong academic skills from diverse cultural, geographic, and subject backgrounds.
3. To enable undergraduate students to achieve qualifications to pursue careers in the information professions through the provision of degree and certificate programs.
4. To enable students to develop specializations in the information professions at the graduate level through the provision of single and dual degree programs.
5. To promote a research orientation through participation in the Doctor of Philosophy degree program.
6. To contribute to the international knowledge base of library and information science through research and publication.
7. To facilitate the development, provision, and evaluation of library and information services through consultation services to individual organizations and leadership in professional associations locally, statewide, nationally, and internationally.
8. To offer opportunities for professionals and the wider community to update their skills and knowledge through advanced and continuing education courses, workshops, and programs offered nationally and internationally.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

Students begin the Information Studies doctoral program in the fall. Applications are accepted only for the fall semester.

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program in regular status:

- Have a cumulative GPA in coursework for the Master's degree of at least 3.5 and an undergraduate GPA of 3.0. Applicants possessing a Master of Library and Information Science, or a master's degree in an allied discipline, are encouraged to apply.
- Submit verbal and quantitative scores for the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/gre) taken within the past five years.
- Submit three letters of recommendation from qualified persons who can attest to the applicant's aptitude for doctoral study. At least one letter must be from an academic.
- Submit a writing sample that demonstrates the applicant's analytical and critical thinking skills. This may take the form of a published research paper, term paper from a previous graduate program, or earlier completed thesis.
- Applicants are encouraged to bring at least two years of relevant professional experience prior to entering the Ph.D. program.

Applicants lacking the requisite GPA or academic area may be considered for admission on probation, and may be required to complete preparatory coursework.

Credits and Courses

Students will need to complete a minimum of 30 credits of approved coursework at the 700-level or higher.

Standard Graduate School minimum and maximum credit loads (http://uwm.edu/graduateschool/academic-policies-procedures) apply. Full-time students are discouraged from taking more than 9 credits per semester.

Students, along with their major professor, should develop a plan for coursework that will prepare the student to carry out research in their areas of interest. Although an identified dissertation topic is not required upon entry to the program, students should begin to formulate ideas for potential topics as soon as possible thereafter.

Distance students to participate synchronously with local students and exam defense, dissertation proposal defense, and formal defense of physically present for all major program milestones, including preliminary long orientation on campus at the beginning of the program, and be encouraged to apply. Such students will be required to attend a week-long orientation on campus at the beginning of the program and be physically present for all major program milestones, including preliminary exam defense, dissertation proposal defense, and formal defense of the dissertation. SOIS doctoral seminars will be streamed live online for distance students to participate synchronously with local students and faculty, and students will be responsible for meeting all other program requirements via online courses or other approved means. Students begin the Information Studies doctoral program in the fall. Application materials for distance option students is June 30. An applicant whose file is incomplete will be asked to contact the Graduate School. Application requirements are the same for traditional and distance students. Distance students must also meet the UWM Graduate School residency requirements; physical residency in Milwaukee is not necessary.

**Preliminary Examinations / Preparatory Essays**

Students will be required to complete the doctoral preparatory essays towards the end of their coursework. The purpose of the essays will be to demonstrate the student's mastery of coursework and relevant subject matter and the student's qualifications to proceed with dissertation research. The essays will consist of three areas: research methods, the major area, and the minor area. The essays will represent non-credit research papers based on topics assigned by the student's doctoral committee, which will consist of at least three members, including one representing the student's minor. The timeline for completion of the essays will be at the committee's discretion. Based on the committee's assessment of the essays, students will be recommended for advancement toward the Ph.D. or academic dismissal from the program. If the essay results are found to be unsatisfactory, the student will have one opportunity to repeat the essay in a future semester after conferment with the major professor on how to prepare for the next attempt.

The preparatory essays must be successfully completed within four years of initial enrollment.

**Dissertation Proposal**

A doctoral committee of five faculty members will be in place by the time the student undertakes her/his dissertation proposal. The committee will consist of three members from the School of Information Studies, a faculty member in an allied area from outside the School, and a fifth member who may come from SOIS or another discipline. All doctoral committees shall be chaired by a major professor from the SOIS graduate faculty. Approval of the dissertation proposal, which ordinarily should occur within two semesters after successfully passing the preparatory essays, allows a student to proceed towards completion of the dissertation.

**Dissertation**

The candidate must write a dissertation which demonstrates her/his ability to formulate a research topic and pursue independent and original investigation that contributes to the knowledge base of the field.

**Dissertation Defense**

After submission of a reading copy of the dissertation to the student's doctoral committee, the candidate and the major professor will schedule a committee meeting for the purpose of undertaking an oral defense of the dissertation work by the candidate. At the conclusion of the candidate's oral remarks, the dissertation committee will vote on passing the candidate's dissertation work. A majority of the committee must vote to approve the dissertation and recommend granting of the Doctor of Philosophy degree.

Approval of the dissertation by the student's doctoral committee satisfies a final requirement for the Ph.D. degree in Information Studies from the UWM-SOIS.

**Time Limit**

All components of the Ph.D. program must be completed within seven years of matriculation.

---

**Research Methods and Design**

<table>
<thead>

</tr>
</thead>
<tbody>
<tr>
<td>INFOST 903</td>
<td>Qualitative Research Methods</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 904</td>
<td>Quantitative Research Methods</td>
<td>3</td>
</tr>
</tbody>
</table>

Select a minimum of 3 additional credits in approved research methods coursework.

**Specialized Area**

Select a minimum of 9 credits related to the specialized area(s) of the dissertation topics from the following:

- Approved existing graduate courses within SOIS
- Advanced special topics classes offered within SOIS at the 700-level or higher
- INFOST 999 Independent Research
- Courses offered outside of SOIS

**Electives**

Select 3 credits either within or outside of SOIS with approval of the major professor.

**Total Credits**

The student must meet minimum Graduate School residence requirements of one continuous academic year of full-time graduate studies at UWM; physical residency in Milwaukee is not necessary. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master's level.

**Distance Students**

Distance students (not located near Milwaukee, Wisconsin) are encouraged to apply. Such students will be required to attend a week-long orientation on campus at the beginning of the program, and be physically present for all major program milestones, including preliminary exam defense, dissertation proposal defense, and formal defense of the dissertation. SOIS doctoral seminars will be streamed live online for distance students to participate synchronously with local students and faculty, and students will be responsible for meeting all other program requirements via online courses or other approved means. Students begin the Information Studies doctoral program in the fall. Application materials for distance option students is June 30. An applicant whose file is incomplete will be asked to contact the Graduate School. Application requirements are the same for traditional and distance students. Distance students must also meet the UWM Graduate School residency requirements; physical residency in Milwaukee is not necessary.

**Program Requirements**

**Major Professor as Advisor**

Unless a student specifically requests a particular faculty member, all doctoral students initially are assigned an “interim” advisor. After the completion of 12 credits, a student is required to designate a faculty member from an approved list of major professors with specialized interests compatible with those of the student to act as the major professor. The major professor is expected to assist the student in planning the remainder of the program of studies, chair the student's preliminary examination committee, supervise the completion of the Ph.D. dissertation, and conduct the dissertation defense meeting. All students should consult the program handbook for additional details on school policies and procedures.

**Residence**

The student must meet minimum Graduate School residence requirements of one continuous academic year of full-time graduate studies at UWM; physical residency in Milwaukee is not necessary. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master's level.

**Distance Students**

Distance students (not located near Milwaukee, Wisconsin) are encouraged to apply. Such students will be required to attend a week-long orientation on campus at the beginning of the program, and be physically present for all major program milestones, including preliminary exam defense, dissertation proposal defense, and formal defense of the dissertation. SOIS doctoral seminars will be streamed live online for distance students to participate synchronously with local students and faculty, and students will be responsible for meeting all other program requirements via online courses or other approved means. Students begin the Information Studies doctoral program in the fall. Application materials for distance option students is June 30. An applicant whose file is incomplete will be asked to contact the Graduate School. Application requirements are the same for traditional and distance students. Distance students must also meet the UWM Graduate School residency requirements; physical residency in Milwaukee is not necessary.

**Preliminary Examinations / Preparatory Essays**

Students will be required to complete the doctoral preparatory essays towards the end of their coursework. The purpose of the essays will be to demonstrate the student's mastery of coursework and relevant subject matter and the student's qualifications to proceed with dissertation research. The essays will consist of three areas: research methods, the major area, and the minor area. The essays will represent non-credit research papers based on topics assigned by the student's doctoral committee, which will consist of at least three members, including one representing the student's minor. The timeline for completion of the essays will be at the committee's discretion. Based on the committee's assessment of the essays, students will be recommended for advancement toward the Ph.D. or academic dismissal from the program. If the essay results are found to be unsatisfactory, the student will have one opportunity to repeat the essay in a future semester after conferment with the major professor on how to prepare for the next attempt.

The preparatory essays must be successfully completed within four years of initial enrollment.

**Dissertation Proposal**

A doctoral committee of five faculty members will be in place by the time the student undertakes her/his dissertation proposal. The committee will consist of three members from the School of Information Studies, a faculty member in an allied area from outside the School, and a fifth member who may come from SOIS or another discipline. All doctoral committees shall be chaired by a major professor from the SOIS graduate faculty. Approval of the dissertation proposal, which ordinarily should occur within two semesters after successfully passing the preparatory essays, allows a student to proceed towards completion of the dissertation.

**Dissertation**

The candidate must write a dissertation which demonstrates her/his ability to formulate a research topic and pursue independent and original investigation that contributes to the knowledge base of the field.

**Dissertation Defense**

After submission of a reading copy of the dissertation to the student's doctoral committee, the candidate and the major professor will schedule a committee meeting for the purpose of undertaking an oral defense of the dissertation work by the candidate. At the conclusion of the candidate's oral remarks, the dissertation committee will vote on passing the candidate's dissertation work. A majority of the committee must vote to approve the dissertation and recommend granting of the Doctor of Philosophy degree.

Approval of the dissertation by the student's doctoral committee satisfies a final requirement for the Ph.D. degree in Information Studies from the UWM-SOIS.

**Time Limit**

All components of the Ph.D. program must be completed within seven years of matriculation.
Additional Information for Doctoral Students
For additional information on policies and procedures for doctoral students, please see the Graduate School Doctoral Requirements (http://uwm.edu/graduateschool/doctoral-requirements) page.
LIBRARY AND INFORMATION SCIENCE MLIS: ARCHIVAL STUDIES

MLIS: Archives Concentration
Archival studies offers you the opportunity to investigate the processes that shape the historical record. By studying how records are selected for preservation, arranged and described, and made accessible to the public, archives students have a unique opportunity to research a field that mixes history, ethics, technology and philosophy. Through this study, you are able to research the influences that help determine how society views itself.

The Archives Program provides a range of professional development opportunities, as well as alumni and other professional connections around the country in order to ensure that you are competitive in the job market and have a well-rounded view of the complex issues facing archives. Completion of this program provides you with a graduate degree that will help you gain employment at a variety of archives throughout the United States.

Related Certificates
• Certificate of Advanced Study in Archives and Records Administration (http://uwm.edu/graduateschool/archives-records-administration-certificate)
• Certificate of Advanced Study in Digital Libraries (http://uwm.edu/graduateschool/digital-libraries-certificate)

The School of Information Studies prepares students for careers in libraries and the information professions. The School's array of graduate programs provides students with the opportunity to develop attitudes associated with progressive information services, and to develop an understanding of the value, role, and application of modern technology as it relates to library operations and the transfer of information.

In harmony with the mission of the University of Wisconsin-Milwaukee, a major urban research institute, the School of Information Studies strives to make significant contributions towards extending and enhancing the quality of information services and the promotion of information and technological literacy to a diverse society. The School of Information Studies is committed to excellence in instruction, research, and service.

Goals of the school are:

1. To prepare professionals who are able to provide leadership and adapt to change in a technological and knowledge-based environment for careers in libraries, school media centers, information systems, and related areas, according to accepted professional standards.
2. To enrich the library and information science profession through recruitment of students with strong academic skills from diverse cultural, geographic, and subject backgrounds.
3. To enable undergraduate students to achieve qualifications to pursue careers in the information professions through the provision of degree and certificate programs.
4. To enable students to develop specializations in the information professions at the graduate level through the provision of single and dual degree programs.
5. To promote a research orientation through participation in the Doctor of Philosophy degree program.
6. To contribute to the international knowledge base of library and information science through research and publication.
7. To facilitate the development, provision, and evaluation of library and information services through consultation services to individual organizations and leadership in professional associations locally, statewide, nationally, and internationally.
8. To offer opportunities for professionals and the wider community to update their skills and knowledge through advanced and continuing education courses, workshops, and programs offered nationally and internationally.

Admission Requirements
Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
An applicant must apply to both the Graduate School and the School of Information Studies.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following additional requirements of the School of Information Studies to be considered for admission to the program:

1. Submission of scores on the General Test of the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre) or the Miller Analogies Test (MAT). (GRE or MAT scores are currently required of domestic applicants and will be required of international applicants beginning with the summer 2004 admission term.) The test scores should be sent directly to SOIS. The GRE/MAT requirement will be waived for applicants whose overall undergraduate GPA, as calculated by the UWM Graduate School, is at least 3.00, or who already hold another master's degree or Ph.D., or the equivalent.
2. Applicants from foreign institutions are required to submit the Test of English as a Foreign Language (TOEFL) score. The minimum acceptable score is 550 PBT or 79 iBT. A score of 6.5 or higher on the International English Language Testing System (IELTS) may be submitted in lieu of the TOEFL.
3. Two letters of recommendation from persons who can testify to the applicant's likelihood of success in the master's program in library and information science. References from former teachers or employers are preferred.

No prior coursework in library/information science is required. A student whose undergraduate grade point average is below 2.75 (4.0 basis) may be considered for admission on probation. See the Admission on Probation (http://uwm.edu/graduateschool/admission) section of this Web site.

Faculty Mentor
Each student is assigned a faculty mentor in the School of Information Studies at the time of admission to the master's program. The name of the faculty mentor is included in the student's letter of admission.
and may also be obtained from an academic advisor in the School of Information Studies.

**Credits and Courses**

The minimum degree requirement is 36 graduate credits, 30 of which must be in library and information science and up to 6 of which may be in related areas. Students who have already completed a master's or doctoral degree in a field other than library science may have the library and information science master's program reduced to 30 credits. Under special circumstances, up to 6 of these credits may be from another field in a closely allied area with advisor consent. Students who have completed library science courses at the undergraduate level may, upon request, have their coursework reviewed to determine whether the content was the equivalent of that in required courses in the School of Information Studies Program. However, the establishment of such equivalencies will not reduce the total number of credits required for the master's degree in library and information science, but merely enable the student to avoid unnecessary repetition.

The number of credits needed for each of the coordinated degree programs is 12 credits less than the sum of credits of the two programs if taken separately. All degree requirements of each component program, however, must be satisfied. This includes makeup courses for deficiencies, required courses, and graduation proficiency requirements.

The MLIS component of each coordinated program includes 30 credits of SOIS courses including the 12 credits of required courses.

The following are basic required courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>INFOST 501</td>
<td>Foundations of Library and Information Science</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 511</td>
<td>Organization of Information</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 571</td>
<td>Information Access and Retrieval</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 799</td>
<td>Research Methods in Information Studies</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Credits**: 12

**Minimum Grade Requirement in the Required Courses**

The minimum grade requirement for the required courses is a B. Students who earn a grade of B- or lower have not met the minimum requirement and will be allowed to repeat the required course once. Students are responsible for tuition in the repeated course; no credit is earned from the first attempt at the required course, or any required course for which a B- or lower is earned. Those who do not meet the minimum grade requirements upon repeating the course will be recommended for academic dismissal. Students may not register for a course for which any of the required courses is a prerequisite until the minimum grade requirement is met.

**Culminating Experience Requirement in Library and Information Science**

Effective Fall 2016, INFOST 799 meets the requirement for the culminating event for the MLIS program. If 591 was taken prior to the fall of 2016, it can still be used to meet the culminating event requirement. Said course must be taken in SOIS and cannot be transferred into the program.

**Thesis Option**

Students may choose the thesis option in order to satisfy the program requirements and must take at least three credits of thesis coursework in addition to the 36 credits required for the comprehensive examination option, making the minimum credits required for the thesis option 39 credits. However, only 3 credits of thesis coursework may count toward the total degree credit requirement of 39.

Those who already have a graduate degree must complete a minimum of 33 credits for this option. Students who choose the thesis option in the coordinated master's degree programs also need to take an additional 3 credits of thesis coursework. Thus, while total degree credits vary among the coordinated master's programs, the Master of Library and Information Science component of each requires 33 credits of SOIS coursework, three of which would be taken as thesis credit.

Students pursuing thesis options in both programs will be required to fulfill each program's thesis requirement and complete two separate theses. Students in the thesis option must take a minimum of 3 credits of research methods. A course other than INFOST 799 may be chosen in consultation with the major professor. Additional courses that do not count toward degree requirements may be required by individual circumstances.

Students must complete the required MLIS and research methods course before they will be allowed to defend the thesis proposal. Students must register for INFOST 898: Master's Thesis (1-3 credits), during every semester of thesis work. Students may select the thesis option at any point in their course of study, but are encouraged to make this decision and form their thesis committee as early as possible to avoid the necessity of taking additional coursework.

The faculty advisor assigned to each student upon admission may serve as the student's thesis advisor, but is not required to do so. It is the student's responsibility to enter into a mutually agreed upon advising relationship with a thesis advisor in SOIS, who then serves as chair of the thesis committee.

Students must pass an oral examination in defense of the thesis. The thesis defense may be repeated once. A student may withdraw from the thesis option; however, the student would need to meet all course requirements for the MLIS degree.

**Archives Concentration**

Students pursuing the Archives Concentration must take 15 credits of coursework in archives as electives within the overall MLIS program. To pursue the Archival Studies Concentration students must be admitted into the MLIS program and must submit the Archival Studies Concentration Declaration of Intent form (see SOIS website for details). This will allow the program coordinator to track your progress and communicate with you.

The Archival Studies concentration requires 15 credits of coursework planned in consultation with the student’s advisor. Credits for the concentration count as electives for the MLIS. The courses that qualify for the concentration are as follows:

<table>

LIBRARY AND INFORMATION SCIENCE MLIS: INFORMATION ORGANIZATION

MLIS: Information Organization Concentration
Preparing students for careers in cataloging, indexing, metadata work, or archival organization in a wide variety of settings, including libraries, archives, museums, private corporations, government agencies, and other organizations, the Information Organization (IO) Concentration provides a way for you to formally focus your studies on information organization within the context of your MLIS degree program and its requirements. The Concentration includes a mixture of theoretical and practical knowledge and skills, and will be posted on your transcript upon degree conferral.

Related Certificates
- Certificate of Advanced Study in Archives and Records Administration (http://uwm.edu/graduateschool/archives-records-administration-certificate)

The School of Information Studies prepares students for careers in libraries and the information professions. The School’s array of graduate programs provides students with the opportunity to develop attitudes associated with progressive information services, and to develop an understanding of the value, role, and application of modern technology as it relates to library operations and the transfer of information.

In harmony with the mission of the University of Wisconsin-Milwaukee, a major urban research institute, the School of Information Studies strives to make significant contributions towards extending and enhancing the quality of information services and the promotion of information and technological literacy to a diverse society. The School of Information Studies is committed to excellence in instruction, research, and service.

Goals of the school are:
1. To prepare professionals who are able to provide leadership and adapt to change in a technological and knowledge-based environment for careers in libraries, school media centers, information systems, and related areas, according to accepted professional standards.
2. To enrich the library and information science profession through recruitment of students with strong academic skills from diverse cultural, geographic, and subject backgrounds.
3. To enable undergraduate students to achieve qualifications to pursue careers in the information professions through the provision of degree and certificate programs.
4. To enable students to develop specializations in the information professions at the graduate level through the provision of single and dual degree programs.
5. To promote a research orientation through participation in the Doctor of Philosophy degree program.
6. To contribute to the international knowledge base of library and information science through research and publication.
7. To facilitate the development, provision, and evaluation of library and information services through consultation services to individual organizations and leadership in professional associations locally, statewide, nationally, and internationally.
8. To offer opportunities for professionals and the wider community to update their skills and knowledge through advanced and continuing education courses, workshops, and programs offered nationally and internationally.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/Registrar/contact-us) online.

Application
An applicant must apply to both the Graduate School and the School of Information Studies.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following additional requirements of the School of Information Studies to be considered for admission to the program:

1. Submission of scores on the General Test of the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre) or the Miller Analogies Test (MAT). (GRE or MAT scores are currently required of domestic applicants and will be required of international applicants beginning with the summer 2004 admission term.) The test scores should be sent directly to SOIS. The GRE/MAT requirement will be waived for applicants whose overall undergraduate GPA, as calculated by the UWM Graduate School, is at least 3.00, or who already hold another master’s degree or Ph.D., or the equivalent.
2. Applicants from foreign institutions are required to submit the Test of English as a Foreign Language (TOEFL) score. The minimum acceptable score is 550 PBT or 79 iBT. A score of 6.5 or higher on the International English Language Testing System (IELTS) may be submitted in lieu of the TOEFL.
3. Two letters of recommendation from persons who can testify to the applicant’s likelihood of success in the master’s program in library and information science. References from former teachers or employers are preferred.

No prior coursework in library/information science is required. A student whose undergraduate grade point average is below 2.75 (4.0 basis) may be considered for admission on probation. See the Admission on Probation (http://uwm.edu/graduateschool/admission) section of this Web site.

Faculty Mentor
Each student is assigned a faculty mentor in the School of Information Studies at the time of admission to the master’s program. The name of the faculty mentor is included in the student’s letter of admission and may also be obtained from an academic advisor in the School of Information Studies.

Credits and Courses
The minimum degree requirement is 36 graduate credits, 30 of which must be in library and information science and up to 6 of which may be in related areas. Students who have already completed a master’s or
doctoral degree in a field other than library science may have the library and information science master's program reduced to 30 credits. Under special circumstances, up to 6 of these credits may be from another field in a closely allied area with advisor consent. Students who have completed library science courses at the undergraduate level may, upon request, have their coursework reviewed to determine whether the content was the equivalent of that in required courses in the School of Information Studies Program. However, the establishment of such equivalencies will not reduce the total number of credits required for the master's degree in library and information science, but merely enable the student to avoid unnecessary repetition.

The number of credits needed for each of the coordinated degree programs is 12 credits less than the sum of credits of the two programs if taken separately. All degree requirements of each component program, however, must be satisfied. This includes makeup courses for deficiencies, required courses, and graduation proficiency requirements. The MLIS component of each coordinated program includes 30 credits of SOIS courses including the 12 credits of required courses.

The following are basic required courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>INFOST 501</td>
<td>Foundations of Library and Information Science</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 511</td>
<td>Organization of Information</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 571</td>
<td>Information Access and Retrieval</td>
<td>3</td>
</tr>
<tr>
<td>INFOST 799</td>
<td>Research Methods in Information Studies</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Credits**: 12

**Minimum Grade Requirement in the Required Courses**
The minimum grade requirement for the required courses is a B. Students who earn a grade of B- or lower have not met the minimum requirement and will be allowed to repeat the required course once. Students are responsible for tuition in the repeated course; no credit is earned from the first attempt at the required course, or any required course for which a B- or lower is earned. Those who do not meet the minimum grade requirements upon repeating the course will be recommended for academic dismissal. Students may not register for a course for which any of the required courses is a prerequisite until the minimum grade requirement is met.

**Culminating Experience Requirement in Library and Information Science**
Effective Fall 2016, INFOST 799 meets the requirement for the culminating event for the MLIS program. If 591 was taken prior to the fall of 2016, it can still be used to meet the culminating event requirement. Said course must be taken in SOIS and cannot be transferred into the program.

**Thesis Option**
Students may choose the thesis option in order to satisfy the program requirements and must take at least three credits of thesis coursework in addition to the 36 credits required for the comprehensive examination option, making the minimum credits required for the thesis option 39 credits. However, only 3 credits of thesis coursework may count toward the total degree credit requirement of 39.

Those who already have a graduate degree must complete a minimum of 33 credits for this option. Students who choose the thesis option in the coordinated master's degree programs also need to take an additional 3 credits of thesis coursework. Thus, while total degree credits vary among the coordinated master's programs, the Master of Library and Information Science component of each requires 33 credits of SOIS coursework, three of which would be taken as thesis credit.

Students pursuing thesis options in both programs will be required to fulfill each program's thesis requirement and complete two separate theses. Students in the thesis option must take a minimum of 3 credits of research methods. A course other than INFOST 799 may be chosen in consultation with the major professor. Additional courses that do not count toward degree requirements may be required by individual circumstances.

Students must complete the required MLIS and research methods course before they will be allowed to defend the thesis proposal. Students must register for INFOST 898: Master's Thesis (1-3 credits), during every semester of thesis work. Students may select the thesis option at any point in their course of study, but are encouraged to make this decision and form their thesis committee as early as possible to avoid the necessity of taking additional coursework.

The faculty advisor assigned to each student upon admission may serve as the student's thesis advisor, but is not required to do so. It is the student's responsibility to enter into a mutually agreed upon advising relationship with a thesis advisor in SOIS, who then serves as chair of the thesis committee.

Students must pass an oral examination in defense of the thesis. The thesis defense may be repeated once. A student may withdraw from the thesis option; however, the student would need to meet all course requirements for the MLIS degree.

**Information Organization Concentration**
Students pursuing the Information Organization Concentration must take 15 credits of coursework from the list of qualifying courses as electives within the overall MLIS program.

The Information Organization Concentration requires a minimum of 15 credits of coursework taken from the list of qualifying courses below. The student's concentration program must be approved by the SOIS Information Organization Curriculum Coordinator. A fieldwork experience of 1-3 credits with a focus on information organization is required of students without practical experience.

Courses that qualify for the concentration are as follows:

<table>

LIBRARY AND INFORMATION SCIENCE MLIS: PUBLIC LIBRARY

MLIS: Public Library Concentration
See yourself leading an information revolution in public libraries? The Public Library Concentration prepares MLIS graduates to positively engage with the range of opportunities facing the post-modern public library: extended community involvement, incorporation of emerging technologies, and pro-active advocacy for service populations.

Public library leaders build vital, resilient communities through their understanding of user needs, community partnerships, access to information and library services, and the legal and financial frameworks of public libraries. The objective of the Public Library Concentration is to enable graduates to take strong leadership positions with sensitivity to community needs and the possibilities engendered by new media technologies.

Students may not register for a course for which any of the required courses is a prerequisite until the minimum grade requirement is met.

Culminating Experience Requirement in Library and Information Science

Effective Fall 2016, INFST 799 meets the requirement for the culminating event for the MLIS program. If 591 was taken prior to the fall of 2016, it can still be used to meet the culminating event requirement. Said course must be taken in SOIS and cannot be transferred into the program.

Thesis Option

Students may choose the thesis option in order to satisfy the program requirements and must take at least three credits of thesis coursework in addition to the 36 credits required for the comprehensive examination option, making the minimum credits required for the thesis option 39 credits. However, only 3 credits of thesis coursework may count toward the total degree credit requirement of 39.

Those who already have a graduate degree must complete a minimum of 33 credits for this option. Students who choose the thesis option in the coordinated master's degree programs also need to take an additional 3 credits of thesis coursework. Thus, while total degree credits vary among the coordinated master's programs, the Master of Library and Information Science component of each requires 33 credits of SOIS coursework, three of which would be taken as thesis credit.

Students pursuing thesis options in both programs will be required to fulfill each program's thesis requirement and complete two separate theses. Students in the thesis option must take a minimum of 3 credits of research methods. A course other than INFST 799 may be chosen in consultation with the major professor. Additional courses that do not count toward degree requirements may be required by individual circumstances.

Students must complete the required MLIS and research methods course before they will be allowed to defend the thesis proposal. Students must register for INFST 898: Master's Thesis (1-3 credits), during every semester of thesis work. Students may select the thesis option at any point in their course of study, but are encouraged to make this decision and form their thesis committee as early as possible to avoid the necessity of taking additional coursework.

The faculty advisor assigned to each student upon admission may serve as the student's thesis advisor, but is not required to do so. It is the student's responsibility to enter into a mutually agreed upon advising relationship with a thesis advisor in SOIS, who then serves as chair of the thesis committee.

Students must pass an oral examination in defense of the thesis. The thesis defense may be repeated once. A student may withdraw from the thesis option; however, the student would need to meet all course requirements for the MLIS degree.

Public Library Concentration

Students pursuing the Public Library Concentration must take 15 credits of coursework from the list of qualifying courses as electives within the overall MLIS program. To pursue the Public Library Concentration students must be admitted into the MLIS program and must submit the Public Library Concentration Declaration of Intent form (see SOIS website for details). This will allow the program coordinator to track your progress and communicate with you.

The Public Library Concentration requires 18 credits of coursework planned in consultation with the student’s advisor. Credits for the concentration count as electives for the MLIS. The courses that qualify for the concentration are as follows:

<table>

LIBRARY AND INFORMATION SCIENCE, MLIS

Related Certificates
• Certificate of Advanced Study in Archives and Records Administration (http://uwm.edu/graduateschool/archives-records-administration-certificate)
• Certificate of Advanced Study in Digital Libraries (http://uwm.edu/graduateschool/digital-libraries-certificate)

The School of Information Studies prepares students for careers in libraries and the information professions. The School's array of graduate programs provides students with the opportunity to develop attitudes associated with progressive information services, and to develop an understanding of the value, role, and application of modern technology as it relates to library operations and the transfer of information.

In harmony with the mission of the University of Wisconsin-Milwaukee, a major urban research institute, the School of Information Studies strives to make significant contributions towards extending and enhancing the quality of information services and the promotion of information and technological literacy to a diverse society. The School of Information Studies is committed to excellence in instruction, research, and service.

Goals of the school are:

1. To prepare professionals who are able to provide leadership and adapt to change in a technological and knowledge-based environment for careers in libraries, school media centers, information systems, and related areas, according to accepted professional standards.
2. To enrich the library and information science profession through recruitment of students with strong academic skills from diverse cultural, geographic, and subject backgrounds.
3. To enable undergraduate students to achieve qualifications to pursue careers in the information professions through the provision of degree and certificate programs.
4. To enable students to develop specializations in the information professions at the graduate level through the provision of single and dual degree programs.
5. To promote a research orientation through participation in the Doctor of Philosophy degree program.
6. To contribute to the international knowledge base of library and information science through research and publication.
7. To facilitate the development, provision, and evaluation of library and information services through consultation services to individual organizations and leadership in professional associations locally, statewide, nationally, and internationally.
8. To offer opportunities for professionals and the wider community to update their skills and knowledge through advanced and continuing education courses, workshops, and programs offered nationally and internationally.

MLIS Program
The purpose of the MLIS program is to prepare librarians and information professionals who are able to manage change in an urbanized, technologically oriented, and knowledge-based society. The MLIS program provides a systematic course of study which enables individuals with a strong service orientation to apply principles of library and information science, use current methods and tools, and recognize the value of research.

Students may elect to specialize according to the type of library or information service which best meets their needs: i.e., school, public, academic, or special; or to follow a more generalized approach. Concentrations in archival studies, information organization, information technology, and public libraries are available.

Graduates of the Master of Library and Information Science degree program are expected to demonstrate the following competencies:

1. To apply scientific principles in developing and managing information resources designed to meet user needs and interests.
2. To analyze, describe, and organize resources for effective and efficient retrieval and dissemination of information.
3. To utilize knowledge of information sources, services, and systems to meet the informational needs of users.
4. To apply management principles in planning, developing, marketing, and evaluating library and information services.
5. To work in specialized areas of library and information service, utilizing knowledge obtained from concentrations within the School and in other disciplines.
6. To build upon current knowledge of information and communication theories and technologies in planning, design, development, and delivery of information services.

The master's degree program is designed to support each of these objectives with appropriate coursework and educational experiences.

The School of Information Studies offers students the opportunity to obtain certification from the Wisconsin Department of Public Instruction as library media specialists or school librarians. Students admitted to the Master of Library and Information Science degree program can incorporate in their degree program the courses for these licenses to the extent that these courses satisfy the degree requirements, either as required core courses or as electives. For additional information about these licenses and their relationship to the master's degree, consult the School Library Media Coordinator.

The advanced courses offered by the School of Information Studies may be selected on a non-degree basis by post-master's students who wish to continue their professional education or special competence in some phase of urban library and information services. The School's graduate courses are also open to graduate students in other fields of study, provided that they have completed the appropriate basic courses (or their equivalent).

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
An applicant must apply to both the Graduate School and the School of Information Studies.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following additional requirements of
the School of Information Studies to be considered for admission to the program:

1. Submission of scores on the General Test of the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre) or the Miller Analogies Test (MAT). (GRE or MAT scores are currently required of domestic applicants and will be required of international applicants beginning with the summer 2004 admission term.) The test scores should be sent directly to SOIS. The GRE/MAT requirement will be waived for applicants whose overall undergraduate GPA, as calculated by the UWM Graduate School, is at least 3.00, or who already hold another master's degree or Ph.D., or the equivalent.

2. Applicants from foreign institutions are required to submit the Test of English as a Foreign Language (TOEFL) score. The minimum acceptable score is 550 PBT or 79 IBT. A score of 6.5 or higher on the International English Language Testing System (IELTS) may be submitted in lieu of the TOEFL.

3. Two letters of recommendation from persons who can testify to the applicant's likelihood of success in the master's program in library and information science. References from former teachers or employers are preferred.

No prior coursework in library/information science is required. A student whose undergraduate grade point average is below 2.75 (4.0 basis) may be considered for admission on probation. See the Admission on Probation (http://uwm.edu/graduateschool/admission/) section of this Web site.

Facility Mentor
Each student is assigned a faculty mentor in the School of Information Studies at the time of admission to the master's program. The name of the faculty mentor is included in the student's letter of admission and may also be obtained from an academic advisor in the School of Information Studies.

Credits and Courses
The minimum degree requirement is 36 graduate credits, 30 of which must be in library and information science and up to 6 of which may be in related areas. Students who have already completed a master's or doctoral degree in a field other than library science may have the library and information science master's program reduced to 30 credits. Under special circumstances, up to 6 of these credits may be from another field in a closely allied area with advisor consent. Students who have completed library science courses at the undergraduate level may, upon request, have their coursework reviewed to determine whether the content was the equivalent of that in required courses in the School of Information Studies Program. However, the establishment of such equivalencies will not reduce the total number of credits required for the master's degree in library and information science, but merely enable the student to avoid unnecessary repetition.

The number of credits needed for each of the coordinated degree programs is 12 credits less than the sum of credits of the two programs if taken separately. All degree requirements of each component program, however, must be satisfied. This includes makeup courses for deficiencies, required courses, and graduation proficiency requirements. The MLIS component of each coordinated program includes 30 credits of SOIS courses including the 12 credits of required courses.

The following are basic required courses:

<table>
<thead>
<tr>

<td>3</td>
</tr>
<tr>
<td>INFOST 799</td>
<td>Research Methods in Information Studies</td>
<td>3</td>
</tr>
<tr>
<td>Total Credits</td>
<td></td>
<td>12</td>
</tr>
</tbody>
</table>

Minimum Grade Requirement in the Required Courses
The minimum grade requirement for the required courses is a B. Students who earn a grade of B- or lower have not met the minimum requirement and will be allowed to repeat the required course once. Students are responsible for tuition in the repeated course; no credit is earned from the first attempt at the required course, or any required course for which a B- or lower is earned. Those who do not meet the minimum grade requirements upon repeating the course will be recommended for academic dismissal. Students may not register for a course for which any of the required courses is a prerequisite until the minimum grade requirement is met.

Culminating Experience Requirement in Library and Information Science
Effective Fall 2016, INFOST 799 meets the requirement for the culminating event for the MLIS program. If 591 was taken prior to the fall of 2016, it can still be used to meet the culminating event requirement. Said course must be taken in SOIS and cannot be transferred into the program.

Thesis Option
Students may choose the thesis option in order to satisfy the program requirements and must take at least three credits of thesis coursework in addition to the 36 credits required for the comprehensive examination option, making the minimum credits required for the thesis option 39 credits. However, only 3 credits of thesis coursework may count toward the total degree credit requirement of 39.

Those who already have a graduate degree must complete a minimum of 33 credits for this option. Students who choose the thesis option in the coordinated master's degree programs also need to take an additional 3 credits of thesis coursework. Thus, while total degree credits vary among the coordinated master's programs, the Master of Library and Information Science component of each requires 33 credits of SOIS coursework, three of which would be taken as thesis credit.

Students pursuing thesis options in both programs will be required to fulfill each program's thesis requirement and complete two separate theses. Students in the thesis option must take a minimum of 3 credits of research methods. A course other than INFOST 799 may be chosen in consultation with the major professor. Additional courses that do not count toward degree requirements may be required by individual circumstances.

Students must complete the required MLIS and research methods course before they will be allowed to defend the thesis proposal. Students must register for INFOST 898: Master's Thesis (1-3 credits), during every semester of thesis work. Students may select the thesis option at any point in their course of study, but are encouraged to make this decision and form their thesis committee as early as possible to avoid the necessity of taking additional coursework.
The faculty advisor assigned to each student upon admission may serve as the student’s thesis advisor, but is not required to do so. It is the student’s responsibility to enter into a mutually agreed upon advising relationship with a thesis advisor in SOIS, who then serves as chair of the thesis committee.

Students must pass an oral examination in defense of the thesis. The thesis defense may be repeated once. A student may withdraw from the thesis option; however, the student would need to meet all course requirements for the MLIS degree.

Total Credits: 36-37

This program will provide school library certification to those who hold a Wisconsin teaching license. Candidates who do not hold a teaching license must also complete post-baccalaureate education coursework and activities to earn the MLIS and school library certification. Students in states other than Wisconsin must consult with their own licensing agencies to determine whether working with our program will meet that state’s licensure requirements.

Program Requirements

Time Limit
Students in the 36-credit program must complete all degree requirements within seven years of initial enrollment. Students in the 30-credit program must complete all degree requirements within five years of initial enrollment.

In cooperation with the Peck School of the Arts; the College of Health Sciences; and the College of Letters and Science, the School of Information Studies offers the following coordinated degree programs:

**M.S./MLIS**
A Master of Science in Anthropology/Master of Library and Information Science program to prepare students for positions as curators of museum libraries and as information specialists and researchers for local history collections and state historical societies, 51 credits.

**M.A./MLIS**
A Master of Arts in English/Master of Library and Information Science program to prepare students for positions as humanities librarians and curators of special subject collections in the humanities, 51 credits.

**M.A./MLIS**
A Master of Arts in Geography/Master of Library and Information Science program to prepare students for positions as map librarians, 48 credits.

**M.S./MLIS**
A Master of Science in Health Care Informatics/Master of Library and Information Science program to prepare students for positions as clinical informaticists, 56 credits.

**M.A./MLIS**
A Master of Arts in History/Master of Library and Information Science program to prepare students for positions as archivists, 48 credits.

**MSIST/MLIS**
A Master of Science in Information Science and Technology/Master of Library and Information Science program to prepare students for positions in information technology in all types of libraries, 54 credits.

**MALLT/MLIS**
A Master of Arts in Language, Literature, and Translation/Master of Library and Information Science program to prepare students for positions as librarians in a variety of libraries and curators of special subject collections, 51 credits.

**M.M./MLIS**
A Master of Music/Master of Library and Information Science program to prepare students for positions as music librarians. Students in the M.M. degree program will pursue a concentration in Music History and Literature, 54 credits.

**M.S./MLIS**
A Master of Science in Urban Studies/Master of Library and Information Science program to prepare students for positions as urban information specialists, 54 credits.

**M.A./MLIS**
A Master of Arts in Women’s and Gender Studies/Master of Library and Information Science program to prepare students for positions as information specialists in institutions of higher learning, libraries, and research centers, 54 credits.

Prerequisite to the award of either degree in these coordinated programs is the simultaneous award of its counterpart degree. For additional information on these programs, see the Anthropology ([http://uwm.edu/graduateschool/anthropology](http://uwm.edu/graduateschool/anthropology)), English ([http://uwm.edu/graduateschool/english](http://uwm.edu/graduateschool/english)), Language, Literature, and Translation ([http://uwm.edu/graduateschool/language-literature-translation](http://uwm.edu/graduateschool/language-literature-translation)), Geography...

LIBRARY AND INFORMATION SCIENCE, MLIS/ANTHROPOLOGY, MS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

MLIS/MS Anthropology

The MLIS/MS Anthropology Coordinated Degree Program (51 credits) prepares students for positions as curators of museum libraries; and as information specialists and researchers for local history collections and state historical societies.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet the UWM Graduate School requirements plus all admission requirements of both the School of Information Studies and the coordinated degree department. Please review the admission details of each program and contact an advisor with any questions.

Degree Requirements

Students enrolled in this program concurrently pursue the MS degree in Anthropology (p. 1028) (21 credits in Anthropology—9 fewer elective credits) and the MLIS degree (p. 951) (30 credits in SOIS). Candidates for the coordinated degree program will be expected to fulfill the degree requirements of both programs. Degrees will be awarded simultaneously.

Credits and Courses

Students in the Master's degree program in Anthropology are required to take a minimum of 30 credits, some of which are obtained by taking required courses. Required courses differ by concentration (requirements for students seeking to acquire a Certificate in Museum Studies are listed on that page.

Select two of the following:  6

ANTHRO 560  Introduction to Research Methods in Anthropology
ANTHRO 561  Techniques and Problems in Ethnography
ANTHRO 568  Introduction to Anthropological Statistics

**Advanced Seminar**

ANTHRO 940  Seminar in Problems in Cultural Anthropology:  3

**Electives**

Select 12 credits  12

Total Credits  30

Students may request a waiver for any of the above required courses except the advanced seminar. To request a waiver, a student must submit a letter to the Graduate Studies Committee. Requests must be accompanied by documentation demonstrating that the student is competent in the subject area of the course for which the waiver is sought. A waived course must be replaced by an anthropology course numbered 700 or above.

Students must maintain a B (3.0) average or better overall. The three core courses must be completed with an average of 3.0 or better. Students with a grade below a B in a core course subsequently accepted into the Ph.D. program must retake the course until they achieve a grade of B or better.

A thesis is required of all students; students may apply up to 6 credits of Research/Thesis courses toward meeting the minimum credits for the degree. The thesis must be formatted in accord with Graduate School requirements. Students will submit an electronic copy of the thesis to the Graduate School and a signed, unbound “hard” copy to the Department of Anthropology.

**Important**

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.
LIBRARY AND INFORMATION SCIENCE, MLIS/ENGLISH, MA

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

MLIS/MA English

The MLIS/MA English Coordinated Degree Program prepares students for positions as humanities librarians.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline, call the Registrar’s Office at (414) 229-3800 or submit a contact form online.

Admission

An applicant must meet the UWM Graduate School requirements plus all admission requirements of both the School of Information Studies and the coordinated degree department. Please review the admission details of each program and contact an advisor with any questions.

Requirements

Students interested in the English MA/MLIS program are expected to follow all the requirements and standards as described in this section of the Bulletin with the following exceptions: the 21 credits required for the MA in English in the coordinated degree program are to be taken within the Department. Courses in related areas must be approved by the Director of Graduate Studies in English. For more information on this program, see the Library and Information Science page.

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.

English Courses

Students admitted to the master’s program earn the degree by completing a minimum of 30 credits of graduate coursework in English, writing a final project, and passing an oral examination at the conclusion of their coursework.

Although students must enroll initially in one of the five plans of study described below, students who demonstrate a capacity for doctoral work, and wish to earn a Ph.D. at UWM, are advised to proceed as rapidly as possible to the PhD program. Ordinarily students are not allowed to proceed beyond 30 credits without having been admitted to the doctoral program. No more than 27 credits earned at the master’s level may be included in the 54 credits required for the Ph.D.

Plan A (Literature and Cultural Theory)

A minimum of 30 credits, including:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select 9 credits in literature courses (at least 3 credits pre-1800)</td>

<tr>
<td>Select 9 credits of electives</td>
<td>9</td>
<td></td>
</tr>
</tbody>
</table>

Total Credits | 30

1 Which may include up to 6 credits of ENGLISH 790.

Additional Requirements

- A final project, which shall be a paper of at least 30 pages which grows out of and significantly expands some aspect of the student’s literary studies.
- An oral examination, usually lasting an hour and a half, which covers the final project and a separate 30-book reading list.
- All credits must be 600-level or above, with no more than 6 credits at the 600 level. (ENGLISH 701 must be counted as an elective.)

Plan B (Rhetoric and Composition)

A minimum of 30 credits, including:

<table>

Internship or Elective
Select 9 credits in 700-level seminars in digital studies (theory, criticism, or writing) film and/or media ⁴

Additional Requirements
- Students can take no more than 6 credits in any combination of 400-level U/G courses and interdisciplinary courses.
- Students should consult with their advisor about which option would best suit their background and career goals. In general, students with little workplace experience will take the internship and those with substantial workplace experience will take a 700-level elective.

Note: Students who elect to complete a workplace project should expect to prepare a 30-page report justifying the project development and decisions in relationship to the relevant scholarly literature and/or in terms of empirical methods or studies conducted by the student.

Program Requirements

Final Project
A research paper or other project appropriate to the student’s professional goals.

Oral Examination
Usually lasting an hour and a half, the oral exam covers the final project and a reading list of at least 30 texts not listed in the project bibliography or works cited list.

Regulations Concerning Final Projects and Oral Examinations
1. Students should consult with their advisors before completing 24 credits to determine a final project. Ordinarily, it is a revised and expanded course or seminar paper of at least 30 pages. The project should demonstrate the student’s skills in research, critical analysis, argumentation, and prose style. For students in Plan C (Creative Writing), the project is a substantial portfolio, the exact character of which is determined in consultation with the student’s M.A. Committee. The project serves both as a concluding effort at the master’s level and also as an indication of a student’s potential for doctoral study.

2. In consultation with the student, the Director of Graduate Studies appoints an M.A. Examining Committee. At least two of the three members must be English Graduate Faculty. The M.A. Examining Committee administers the final Oral Examination, covering the project and a separate reading list of at least 30 texts, to be selected by the student and approved by the Committee.

3. The project must be submitted and the oral examination completed within one year after the completion of 24 credits. Students should remember that a maximum of 27 credits at the master’s level is applicable to the Ph.D. 54 credit requirement.

4. The Examining Committee offers a recommendation regarding the student’s qualifications for further graduate study at the doctoral level. The Committee Chair puts this recommendation in writing and places it in the student’s academic file.

5. Students who fail the oral examination may be required to revise their final project, retake the examination, or both. The oral examination may be retaken only once. No additional credits may be earned for the revision of the project after a failed examination. For further information regarding the M.A. project and examination, see the English Graduate Program Handbook.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Total Credits 30

1 Which may include up to 6 credits of ENGLISH 790.
LIBRARY AND INFORMATION SCIENCE, MLIS/GEOGRAPHY, MA

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

• The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
• The MLIS portion of the coordinated degrees can be completed online.
• Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

MLIS/MA Geography

The MLIS/MA Geography Coordinated Degree Program prepares students for positions as map librarians. Graduates of the program are qualified to assume positions as curators and staff in map collections of universities, governmental agencies, and industry.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Credits and Courses

The M.A. in Geography normally has a minimum requirement of 24 credits in geography. For the coordinated MA Geography/MLIS degree program, however, students can substitute 6 credits in INFOST courses for 6 credits of geography. This program, therefore, requires a total of 48 credits. Students must complete the 30 credits required for the MLIS degree and the 18 credits in Geography courses specified below.

Total Credits 19

The Geography Department offers opportunities for fieldwork that may count toward these requirements. In addition to off-campus fieldwork, the American Geographical Society Collection at the UWM Golda Meir Library provides many unique opportunities for map librarianship fieldwork and is an appropriate site for an internship.

Graduates of the program are qualified to assume positions as curators and staff members in map collections of universities, governmental agencies, and industry. In cases where map collections are not of sufficient size to warrant separation as distinct collections, knowledge of how to store, classify, and retrieve maps will be a valuable set of skills that enhance the qualifications of the information professional.

Important

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.
LIBRARY AND INFORMATION SCIENCE, MLIS/HEALTH CARE INFORMATICS, MS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

**Degree Requirements**

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

**MLIS Component**

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

**MLIS/MS Health Care Informatics**

The MLIS/MS Health Care Informatics Coordinated Degree Program is designed to provide students with theoretical and practical exposure to the evolving field of healthcare informatics as practiced in hospitals, clinics, professional offices, corporations, the government, the insurance industry, and higher education.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**

Students are admitted to both graduate programs separately and admission requirements (http://uwm.edu/graduateschool/admission) are consistent with those specified by the UWM Graduate School, the Department of Healthcare Informatics, and the MLIS program (http://uwm.edu/graduateschool/library-information-science) of the School of Information Studies.

**Credit and Courses**

Students accepted into this MS/MLIS program complete the following courses:

**Healthcare Informatics**

<table>

</table>
Select 3 credits

Total Credits

3

40-45

Students also must pass a comprehensive examination, or submit and successfully defend a thesis. The thesis option requires additional credits.

- Minimum Credits for MS: 29
- Minimum MLIS Credits: 27
- Minimum Total Credits for the Program: 56

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

**Important**
You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

**Program Requirements**

**Time Limit**

Students in the coordinated MS/MLIS degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.
**LIBRARY AND INFORMATION SCIENCE, MLIS/HISTORY, MA**

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

**Degree Requirements**
- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

**MLIS Component**
The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

**MLIS/MA History**
A Master of Arts in History/Master of Library and Information Science program to prepare students for positions as archivists, 48 credits.

**Admission Requirements**

**Application Deadlines**
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Select 6 credits in two seminars

Select 15 credits in electives in consultation with the student’s advisor

Total Credits

**Academic Review and Comprehensive Examination Reading List**
Within the first semester after completing 9 credits (including two of the following courses: HIST 712, HIST 713, a colloquium and/or seminar), Option B students are subject to an academic review. The Review is a one- to two-hour meeting involving the student, the student’s Major Professor and two other members of the History Graduate Faculty who will serve as examiners for the student’s comprehensive exam. With the assistance of his or her Major Professor, the student must prepare a reading list for the comprehensive exam in advance of the Review. The
Review involves an evaluation of the student’s academic progress in master’s coursework, two unrevised course papers, and the reading list for the comprehensive exam.

**Program Requirements**

**Comprehensive Examination**
The student must pass a written and oral comprehensive examination.

**Thesis (Option A)**
Not required, but with the approval of the Director of Graduate Studies in History, the student may substitute a thesis for the comprehensive examination requirement. MA/MLIS students who write a thesis are subject to the Academic Review and Thesis Prospectus requirements outlined above for Option A.

**Time Limit**
The student must complete all requirements for the coordinated degree within seven years of initial enrollment.
library and information science, mlis/information science and technology, ms

In collaboration with several other academic units at uw-milwaukee, sois offers students the opportunity to obtain two master's degrees concurrently—one in library and information science (mlis) and one in a subject area.

degree requirements

• the number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. all degree requirements of each component must be satisfied.
• the mlis portion of the coordinated degrees can be completed online.
• prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

mlis component

the master of library and information science (mlis) component of each of the coordinated programs includes 30 credits of sois courses. these include the mlis core courses (12 credits). the remaining 18 mlis credits are selected from the school's offerings in accordance with the student's goals in the coordinated degree program.

msist/ms information science and technology

a master of science in information science and technology/master of library and information science program prepares students for positions in information technology in all types of libraries, 54 credits.

admission requirements

application deadlines

if at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the registrar's office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

degree requirements

thirty hours will be required for the mlis and twenty-four for the msist. sois reduces the mlis by 6 credit hours of electives in consideration of another master's degree. the requirements for the msist are its 8 core courses for 24 hours. in sum, for 54 credit hours a student can complete both the mlis and msist degrees. degrees will be awarded simultaneously.

• see the msist (p. 932) page and the mlis (http://uwm.edu/graduateschool/library-information-science/#page) page for more information.

credits and courses

information science and technology ms

the program requires 36 graduate-level credits, including eight, 3-credit core courses and 12 credits of electives.

### Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.
LIBRARY AND INFORMATION SCIENCE, MLIS/LANGUAGE, LITERATURE, AND TRANSLATION, MA

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements
• The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
• The MLIS portion of the coordinated degrees can be completed online.
• Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component
The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

MLIS/MA Language, Literature, and Translation
Available to students interested in Linguistics or Spanish, the joint MLIS/MALLT program prepares students for specialized positions in libraries.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet the UWM Graduate School requirements plus all admission requirements of both the School of Information Studies and the coordinated degree department. Please review the admission details of each program and contact an advisor with any questions.

Requirements
Students interested in the MALLT/MLIS program will be expected to follow all of the requirements and standards as described in this section of the Bulletin. Nine of the 30 credits normally required for a MALLT degree will be satisfied by courses taken in SOIS. In the coordinated degree program, MALLT thesis option credits will be in addition to the 21 required MALLT credits. Courses in related areas must be approved by the Coordinator of MALLT.

• See the MALLT (p. 1539) and MLIS (p. 951) pages for more information.

LIBRARY AND INFORMATION SCIENCE, MLIS/MUSIC, MM

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

MLIS/MM Music (Music History and Literature concentration only)

The coordinated degree program (54 credits) prepare students in the Music History and Literature concentration for positions as music librarians.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UW Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 127</td>
<td>Materials of Theory I</td>
<td>2</td>
</tr>
<tr>
<td>MUSIC 128</td>
<td>Materials of Theory II</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 225</td>
<td>Materials of Theory III</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 123</td>
<td>Aural Theory I</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 124</td>
<td>Aural Theory II</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 226</td>
<td>Aural Theory III</td>

</tr>
<tr>
<td>MUSIC 230</td>
<td>Form Analysis</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 421</td>
<td>Materials of Contemporary Music</td>
<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpoonan@uwm.edu, 414-229-2286)
2. A one-page resume of the applicant’s performance experience and extracurricular activities.
3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UW Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Credits and Courses

Minimum degree requirement is 30 graduate credits, 27 of which must be in specified music areas, 3 of which may be in one of the other areas or in a related field.

**Electives**

- Music History: 6 credits
- Other Areas of Music: 1 credit

Select one of the following: 3-30 credits

3 credits of General Electives (UG or G)

30 credits in Library Science if M.M./MLIS major

Total Credits: 30-57

The program must also include:

- MUSIC 314, if not previously completed.
- Reading knowledge of German, French or Italian (see below for specific details).

**Important**

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.
LIBRARY AND INFORMATION SCIENCE, MLIS/URBAN STUDIES, MS

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements
- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component
The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

MLIS/MS Urban Studies
A Master of Science in Urban Studies/Master of Library and Information Science program to prepare students for positions as urban information specialists, 54 credits.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Credits and Courses
Students in the MS/MLIS program follow all of the requirements and standards as described in this section of the Bulletin with the following joint exceptions: 21 of the 24 credits, including the optional 3 credits for a master's thesis, required for the Urban Studies portion of the joint degree are taken within USP. All courses in related areas and any exceptions to the 21 credit rule must be reviewed by the Coordinator of Urban Studies. All courses selected are expected to be consistent with the objectives of the Urban Studies program.

Urban Studies
The minimum degree requirement is 30 graduate credits. All Urban Studies students are required to take a core curriculum of 15 credits:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>URB STD 901</td>
<td>Seminar: Urban Social Structure</td>
<td></td>
</tr>
<tr>
<td>URB STD 913</td>
<td>Seminar in Urban Political Process</td>
<td></td>
</tr>
<tr>
<td>URB STD 945</td>
<td>The Internal Structure of the City</td>
<td></td>
</tr>
<tr>
<td>URB STD 971</td>
<td>Seminar on the History of American Urban Problems</td>
<td></td>
</tr>
</tbody>
</table>

Total Credits: 15

Paper or Thesis
A master's paper or thesis is required to receive the MS degree in Urban Studies. A master's paper may be developed from a seminar paper and should demonstrate conceptual ability and research competence in a sub-area of Urban Studies. It is expected that the master's paper will be prepared in a scholarly fashion conforming to the format characteristics of journal articles published in the chosen area of study.

Regardless of the option chosen, the student, in consultation with the faculty advisor, must assemble a committee of three faculty (two of whom cannot be from the same department and must be USP faculty) who will serve as the paper or thesis examination committee. The student must pass an oral examination based on the paper or thesis. Students may opt to enroll in URB STD 990 and earn up to 3 credits toward the MS degree for their paper/thesis research and writing.

LIBRARY AND INFORMATION SCIENCE, MLIS/WOMEN'S & GENDER STUDIES, MA

In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

- The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
- The MLIS portion of the coordinated degrees can be completed online.
- Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

MLIS/MA Women's and Gender Studies

The coordinated program is designed to provide students with theoretical and practical exposure to evolving information retrieval and organization, and the field of feminist research and scholarship.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

Students are admitted to both graduate programs separately and admission requirements (http://uwm.edu/graduateschool/admission) are consistent with those specified by the UWM Graduate School, the MA in Women's and Gender Studies program in the College of Letter & Science, and the MLIS program (http://uwm.edu/graduateschool/library-information-science) of the School of Information Studies.

Credit and Courses

Students accepted into this MA/MLIS program complete the following courses:

| WGS 711 | Advanced Women's and Gender Studies Research Methods (G) | 3 |
| Select one WGS G or U/G course | 3 |
| Electives | Select 9 credits in WGS courses or cross-listed courses with Women's and Gender Studies (excluding InfoSt) | 9 |
| Total Credits | 24 |

1 Excluding WGS 497, WGS 599, WGS 700, WGS 990, WGS 999.

Total WGS credits: 24 (maximum of 6 U/G cr; and maximum 3 cr of WGS 999)

Library and Information Science

| Code | Title | Credits |
| INFOST 501 | Foundations of Library and Information Science (U/G) | 3 |
| INFOST 511 | Organization of Information (U/G) | 3 |
| INFOST 571 | Information Access and Retrieval (U/G) | 3 |
| INFOST 799 | Research Methods in Information Studies (G) | 3 |

Electives

Select 18 credits in consultation with faculty advisor

The following are recommended electives:

| INFOST 861 | Seminar in Intellectual Freedom | 3 |
| INFOST 891 | Advanced Topics in Library and Information Science: | 1-3 |

Total Credits 34-36

1 Six credits taken in WGS also count as electives for a total of 24 crs electives.

Total MLIS Credits: 30 (min of 33 with SOIS thesis option)

Total Credits for Coordinated Program: 54 (57 with thesis)

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

Important

You must refer to the catalog pages of both individual master's programs to ensure that you meet all requirements for both degrees.

Time Limit

Students in the coordinated MA/MLIS degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.
LETTERS AND SCIENCE
(COLLEGE OF)

The College of Letters and Science is the largest academic unit of the University of Wisconsin-Milwaukee. Study of the liberal arts and sciences provides a broad base of knowledge and an array of skills cited by employers as critical to professional success, even more than the major: critical thinking, problem solving, oral and written communication, ability to work well with others, and adaptability to change.

Graduate Policies and Regulations
The Graduate School policies and regulations can be found at Graduate School Policies (p. 22). Please refer to the specific program for program policies and regulations.

Undergraduate Policies and Regulations
Semester Course Load (UWM Policy)
Students in Letters and Science may carry a maximum of 18 credits in a regular semester. In extraordinary circumstances, an overload may be granted to a student with a high GPA who has no outstanding incompletes. Students should contact their Letters and Science advisor for instructions on requesting an overload. Additional fees are assessed for credits beyond 18.

Bachelors of Arts and Bachelors of Science Degree Requirements (Letters & Science Policy)
Specific degree requirements for the Bachelor of Arts and Bachelor of Sciences degrees are listed on on the individual pages for those majors. Students are cautioned to meet with their advisor(s) regularly to ensure they understand all requirements they need to complete in order to graduate, including major requirements, UWM general education requirements, Letters and Science breadth requirements, and Letters and Science degree requirements. Students should not rely on pre-printed sample plans as those are intended as samples only and may not apply to every student’s exact circumstances.

Declaration of an Intended Major (Letters & Science Policy)
Students who are not yet eligible to declare a major formally may declare an intended major in an academic discipline of interest to them. The declaration of an intended major is encouraged as soon as a student finds they are interested in a particular area. This action permits the department to identify students to whom to send information concerning programs, scholarships, opportunities (e.g., internships), and other matters relating to the area of study. Students may declare an intended major by completing a brief form available online (http://uwm.edu/letters-science/wp-content/uploads/sites/255/2016/05/Intended_Major_Form.pdf) or from the L&S Advising Office (HLT 142).

Declaration of a Major (UWM Policy)
After completing 15 credits and before 75 credits have been earned, students must declare a major by contacting the appropriate academic department or program. Specific information on how to declare a major can be found on that program’s web site. Failure to declare the major before 75 credits have been earned may result in a delay of graduation. Some departments or programs specify course and/or GPA requirements that students must satisfy prior to declaring the major.

Major GPA Requirement (Letters & Science Policy)
The College requires that students attain at least a 2.5 GPA in all credits in the major, including courses attempted at UWM and courses taken elsewhere and transferred to UWM. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other than the home department. Contact your major faculty advisor for information on whether those credits will count as part of the major GPA.

Cumulative GPA Requirement (UWM Policy)
To be eligible for a bachelor’s degree, students must attain a cumulative GPA of 2.0 on all credits that count toward a degree, including any transfer work.

Major and Minor Residency Requirement (Letters & Science Policy)
The College requires that students complete at least 15 credits of their major in upper-division (numbered 300 or above) courses at UWM in order to earn that major from UWM. The College requires that students complete at least 9 credits of their minor in upper-division (numbered 300 or above) courses at UWM in order to earn that minor from UWM.

Degree Residency Requirements (Letters & Science Policy)
In order to provide maximum flexibility while preserving the institutional identity of a UWM degree, the College requires students to:
1. Take the last 30 credits of their program at UWM, or
2. Take 45 of the last 60 credits at UWM, or
3. Take at least 90 of the 120 credits needed for a degree at UWM

Credits earned through credit-by-examination, retroactive credit in foreign languages, and the College Level Examination Program do not count toward residency, but they also do not interrupt residency.

Transfer Credit Limitations and Requirements (Letters & Science Policy)
Students who transfer to UWM from a UW two-year college, Milwaukee Area Technical College, Madison Area Technical College, or Nicolet Technical College may transfer up to 72 credits taken at a two-year school.

Students who transfer to UWM from a junior college outside Wisconsin must earn the final 48 credits at UWM or in another bachelor’s degree-granting college or university in accord with the requirements stated above.
Research Requirement (Letters & Science policy)
Within their major, students must complete a research experience approved by the L&S Faculty.

Major Requirements (Letters & Science policy)
To complete a major, students must satisfy all the requirements of the major as stated in the department or program entry in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

Committee Interdisciplinary Major
The Committee Interdisciplinary Major (CIM) is designed to meet the individual needs of the students. Upon request by a student, a committee of three or more individuals from two or more academic units may develop a major based on that student’s abilities and needs. All committee majors must be approved by the major academic units involved. The CIM requires a minimum of 30 credits, of which at least 15 must be in upper-division (numbered 300 or above) Letters and Science courses taken in residence at UWM. The CIM must include coursework in at least two L&S academic units. Most academic units outside the College also may be selected as part of the major. However, at least 18 credits in the major must be earned in Letters and Science courses. Non-L&S courses selected as part of a CIM will not count toward the 90 L&S credits required for the degree, but they will satisfy part of the 30 elective credits available to L&S students.

To propose a CIM, students should obtain a “Declaration of Committee Interdisciplinary Major” form from the Office of Student Academic Services. They must prepare a written statement defining the goals of their proposed major, and then identify three individuals from two or more academic units who are willing to function as the major oversight committee. One individual may be an academic staff member, but at least two must be faculty members. Academic staff members of CIM committees must be approved by the CIM committee chair and the Assistant Dean for L&S Student Academic Services. At least two committee members must be from L&S. A member of the L&S faculty serves as committee chair and major advisor. The student and committee members together identify the courses that will be required for the major. The declaration form is completed and signed by the committee chair and then sent for approval to the chair/director of every academic unit in which courses in the major will be taken. Students present the completed declaration form to the Office of Student Academic Services at any time between the 15th and 75th credit. An academic advisor, in consultation with the Assistant Dean for Student Academic Services, will either approve or deny the proposal. Should the proposal be denied, the student and the committee chair will receive a written explanation of the denial. Students may appeal a denial to the L&S Academic Policies and Curriculum Committee. The proposal also may be reworked and resubmitted.

Minors (Letters & Science Policy)
The completion of a minor is optional. The College requires that students attain at least a 2.5 GPA in all credits in the minor, including courses attempted at UWM and any courses taken elsewhere and transferred to UWM for the minor. Individual departments may require higher GPAs for graduation. Students must complete at least 9 credits of upper-division (numbered 300 or above) courses in the minor at UWM in order to earn the minor from UWM.

Minimum Number of Cumulative Credits (UWM Policy)
To complete a bachelor’s degree, 120 degree credits are required.

Other Credit Requirements, Bachelor of Arts (Letters & Science Policy)
For the Bachelor of Arts degree, as part of the 120 total credits needed, students must complete at least 36 credits in upper-division (numbered 300 or above) courses offered by the College of Letters and Science.

At least 90 credits of the 120 total credits must be completed in courses offered by the College of Letters and Science, allowing students to take as electives up to 30 credits in courses offered by other schools and colleges at UWM. There is no limit to the number of credits that may be taken in one department. No more than 6 credits from a single course outside the College may be counted toward the degree. A maximum of 12 credits in military science courses may be counted toward the degree as non-L&S electives. No more than 6 credits of field experience taken outside the College and no more than 6 credits in sport and recreation courses may be counted toward the degree. No “life experience” credits may be counted toward the degree.

Other Credit Requirements, Bachelor of Science (Letters & Science Policy)
For the Bachelor of Science degree, as part of the 120 total credits needed, students must complete at least 36 credits in upper-division courses (numbered 300 or above) offered by the College of Letters and Science. At least 30 of these 36 credits must be from natural science curricular areas or other courses approved as advanced natural sciences.

At least 90 credits of the 120 total credits must be completed in courses offered by the College of Letters and Science, allowing students to take as electives up to 30 credits in courses offered by other schools and colleges at UWM. There is no limit to the number of credits that may be taken in one department. No more than 6 credits from a single course outside the College may be counted toward the degree. A maximum of 12 credits in military science courses may be counted toward the degree as non-L&S electives. No more than 6 credits of field experience taken outside the College and no more than 6 credits in sport and recreation courses may be counted toward the degree. No “life experience” credits may be counted toward the degree.

Eligibility for Prior Degree Requirements (Letters & Science Policy)
A student who declares their major within five years of entering the UW System as a degree candidate at any campus may choose to satisfy the requirements in force at the time of the declaration of major. Alternatively, a student may choose to satisfy any set of requirements that was in place at any time since they first entered the UW System as a degree-seeking student. Students are advised to consult with their advisor to determine whether an earlier set of requirements would be more advantageous.

Similarly, returning students who have been out of school for a long amount of time, should consult their advisor about which set of requirements may apply and which would be the best path for their specific circumstances.
Second Baccalaureate Degree Requirements (Letters & Science Policy)

Students who already hold a bachelor’s degree from UWM or from another university who wish to earn a second baccalaureate degree can do so by satisfying all current requirements for that undergraduate degree in the College of Letters and Science. The second bachelor’s degree must be a different degree than the first bachelor’s degree (e.g. a student who holds a bachelor of science degree may seek a bachelor of arts degree, but a student who already holds a bachelor of arts degree may not seek a second bachelor of arts degree).

Coursework previously completed, whether at UWM or elsewhere, may be used to satisfy requirements. However, students must complete a minimum of 30 credits at UWM after the date upon which the first degree was awarded. If more than 30 credits are needed to complete all degree requirements, the last 30 credits must be completed at UWM. Of these 30 credits, at least 24 must be in courses offered through the College of Letters and Science. And, at least 20 of the 30 credits must be in upper-division courses, numbered 300 or above. Students must satisfy the current requirements for the chosen major.

Post-Baccalaureate Second Major or Additional Major Requirements (Letters & Science Policy)

Students who already hold a bachelor’s degree from UWM or from another university who wish to add an additional major to their credentials can do so by completing only the requirements for that major. Students are not required to complete an entire second degree. Students who opt for this path will leave UWM with certification that they have completed an additional major that can then be listed on a resume along with their original degree (e.g. “Bachelor of Arts with a psychology major from the University of Illinois, with a second major in sociology from UWM”).

All credit and grade point average requirements currently in effect for the selected major are enforced. This means that students must complete a minimum of 15 advanced credits (numbered 300 or above) at UWM, and they must complete the version of the major in effect at the time of declaration. Students participating in the program must provide transcripts of all prior non-UWM work. Those with a prior degree are admitted with senior standing. Completion of the major is certified by the major department and recorded on an official UWM transcript.

Changing Majors (UWM Policy)

Current UWM students with a major outside of the College of Letters and Science who wish to change to a major within the College of Letters and Science, may do so at any time as long as they are in good academic standing (minimum 2.0 GPA). Complete this form [http://uwm.edu/letters-science/wp-content/uploads/sites/255/2016/05/Change_Of_Program_Form.pdf](http://uwm.edu/letters-science/wp-content/uploads/sites/255/2016/05/Change_Of_Program_Form.pdf), schedule an appointment with a Letters and Science advisor by calling (414) 229-4654, and bring the form to your appointment. Students should carefully note that degree requirements differ significantly between the different Schools and Colleges at UWM and a thorough discussion with an advisor is recommended before making this change, especially if the student is several years into his/her college career.

If you are not currently in good standing, you may still make an appointment with an advisor to discuss ways to raise your GPA and classes you can take prior to transferring into L&S.

Make a Program Change (Add, drop, withdraw, etc.) (Letters & Science Policy)

Many changes can be made on a self-service basis directly in PAWS up to two weeks after the start of a class. After that point in time, students should consult the Letters and Science advising website [http://uwm.edu/letters-science/advising/answers-forms](http://uwm.edu/letters-science/advising/answers-forms) for instructions on how to make a program change; there are different instructions depending on how many weeks have past since the start of the semester.

Grade Appeal Policy (Letters & Science Policy)

Students should review the Letters and Science policy for grievances and grade appeals [http://uwm.edu/letters-science/advising/answers-forms/policies/appeal-procedure-for-grades](http://uwm.edu/letters-science/advising/answers-forms/policies/appeal-procedure-for-grades).

Academic Probation and Academic Drop (UWM Policy)

Students with a cumulative GPA below a 2.0 are placed on academic probation. While on academic probation, if the next semester’s GPA remains below a 2.0, the student will be dropped for one semester. However, if the student’s semester GPA is at least a 2.0 but the cumulative GPA remains below a 2.0, the student may continue attending UWM on probation. The probation status will be removed when the cumulative GPA rises to a 2.0 or higher.

Return from Academic Drop (UWM Policy)

Students may appeal to return after being dropped by contacting their advisor. Appeals will only be considered if significant and extenuating non-academic reasons can be presented. Students may be asked to provide verifiable documentation of medically-related or other circumstances.

A student who is allowed to return will be placed into a final probation status. A student who is on final probation who earns a semester GPA of at least 2.0 will be allowed to continue on final probation until the cumulative GPA rises above a 2.0. However, if a student fails to earn at least a 2.0 semester GPA, they will be dropped for two years.

Incomplete Policy (Letters & Science Policy)

Students should review the Letters and Science policy for incompletes [http://uwm.edu/letters-science/advising/answers-forms/policies/incomplete-policy](http://uwm.edu/letters-science/advising/answers-forms/policies/incomplete-policy).

Concurrent Enrollment (Letters & Science Policy)

Students should review the Letters and Science concurrent enrollment policy [http://uwm.edu/letters-science/advising/answers-forms/policies/concurrent-enrollment-policy](http://uwm.edu/letters-science/advising/answers-forms/policies/concurrent-enrollment-policy). Concurrent enrollment refers to taking classes at both UWM and another university during the same semester. Permission is required for Fall and Spring concurrent enrollment; permission is not required to concurrently enroll in more than one university during the summer.

Repeat Policy (UWM Policy)

Students should review UWM’s policy on repeats [http://uwm.edu/onestop/enrolling/eligibility-to-enroll](http://uwm.edu/onestop/enrolling/eligibility-to-enroll). The policy can be found on the campus’ OneStop website under the section called “Enrollment Policies.”

Academic Advising and Admissions Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their
major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

### Undergraduate Opportunities

#### Online Coursework and Online Majors

The College of Letters and Science offers a variety of coursework online or in a blended format (partially online and partially in-person). No distinction is made between an “online” student and an “in-person” student; students register for any combination of course formats that they wish to take. Almost all students choose to take at least one online class during their college career. All coursework is taught by the same faculty members and is of the same rigor whether it is online or in-person.

As of January 2018, there are six majors and minors available entirely online: communication, history, Jewish studies, political science, psychology, and sociology.

#### Independent Learning Program

The University of Wisconsin System offers online independent learning opportunities (https://il.wisconsin.edu) to students at all campuses whereby they can earn college credit.

Letters and Science students may take advantage of this program in one of two ways:

1. Students who meet the following criteria may be able to take a UW Independent Learning course for free:
   - enrolled full-time in either fall or spring semester
   - will also enroll in one or more UW Independent Learning course during the first two weeks of the fall or spring semester
   - will complete the UW Independent Learning course during fall or spring semester rather than completing it at-your-own-pace
   - will be taking a class or classes through UW Independent Learning that are not offered by UWM online (for example, foreign language courses)

   If you meet these criteria, you should petition to take a UW independent Learning course for free by contacting the Assistant Dean for Student Academic Services, Cindy Piercy at cindy@uwm.edu. Include in your email your name, student ID, and information about the class(es) you seek to take through the UW Independent Learning program.

2. Students can also choose to pay out-of-pocket for UW Independent Learning courses if they are part-time students or wish to take an Independent Learning course during summer term or UWinterIM term. Letters and Science imposes a one-year time limit to complete any UW Independent Learning class to have it count for credit.

All students should consult with their advisor prior to registering for a UW Independent Learning course to make sure they understand any other restrictions related to repeating a course that was previously taken or our concurrent enrollment policy (http://uwm.edu/letters-science/advising/answers-forms/policies/concurrent-enrollment-policy).

#### Credit for Demonstrated Equivalent Preparation (non-foreign language)

Under certain circumstances, a department may grant credits toward graduation for knowledge or abilities attained through previous work, i.e., coursework or other systematic study as determined by the department. Although the College of Letters and Science places no limit on the number of credits that may be obtained in this way, departments, if they choose to do so, may set limits on the number of credits they will grant.

Departments other than foreign language departments may grant a student credits toward graduation for a University course in which they request and pass a special University examination. An examination for credit must be based on work equivalent to a course given at UWM, and the credits granted will be for the corresponding course. In order to justify the request for an examination for credit, the student must present evidence of previous preparation to the department. Permission for such examinations must be secured in advance from the Dean of the College upon recommendation of the department chair. Examinations for credit will be taken at a time specified by the department. In general, a student may not take such an examination if any previous enrollment in the target course appears on the student’s record, whether or not the course was completed.

#### Credit for Demonstrated Equivalent Preparation (retro credits for foreign language)

Foreign language departments may allow students to receive credit for prerequisite language courses at the 100 and 200 level upon completion of higher-level entry courses in that language. For example, a student whose placement test score allows them to start at the Third-Semester Spanish, for example, would receive the credits for First-Semester Spanish and Second-Semester Spanish if they successfully complete Third-Semester Spanish with a B or better. As a general policy, a grade of B or above is required, but individual departments may set a higher grade requirement. Only the grade in the completed course is computed into the grade point average; no GPA points are calculated for the retro credits. A student who earns below the required grade in the starting course becomes, thereafter, ineligible for “retro” credits in the language involved.
The number of credits that can be earned in this way is limited to a maximum of 16 in any one language.

Credits granted for the courses skipped will be equal to the credit value of those course(s) or a maximum of 4 credits for each, whichever is smallest. Students may not be granted "retro" credits for courses at the 300 level and above, except where the fourth-semester course in a regular language sequence is numbered 300 or above.

In the foreign languages, retro credits also may be granted to transfer students under the following circumstances:

- Retro credits granted by another institution will be accepted at UWM if they were granted based on a course that generates retro credits at UWM and if the student has earned the grade that is required at UWM.
- A transfer student coming from an institution that does not grant retro credits but who took a foreign language course that transfers as a qualifying course at UWM may apply for retro credits if the student satisfies UWM standards for receiving retro credits.

In both cases, the number of retro credits awarded will be limited to the number of credits students at UWM are granted for each prerequisite course.

Students who want more information should contact the chair of the appropriate language department.

First-Year Seminars
The First-Year Seminar Program gives freshmen the opportunity to participate in a small learning community during their first semester, helping to ease the transition to college.

Limited to just 20 first-year students, each seminar provides a unique opportunity for students to get to know their professors and fellow students. In this small seminar setting, the professor serves as a mentor, coaching and helping students to achieve success. First-year seminars emphasize the development of collaboration, teamwork, written and oral communication skills, creative and analytical thinking, and skills for college success.

Seminars are offered in a wide variety of interest areas across the natural sciences, social sciences, and humanities. Most first-year seminars are offered for three credits and can be applied to degree requirements. See the Schedule of Classes (https://www4.uwm.edu/schedule) for a list of first-year seminars taught in the current semester.

For more information, contact your advisor or our admissions counselors at (414) 229-7711 or let-sci@uwm.edu.

Independent Study
Certain departments allow qualified students to register for independent study. Credits are awarded for academic activities pursued outside the formal classroom setting under the supervision of a member of the Letters and Science faculty or instructional academic staff. The activities may include reading, research, or special projects. In most departments, independent study is offered at the lower (course number 199) and upper levels (course number 699), although both levels are not available in all departments.

In order to apply for lower-level independent study, students must have a 2.5 GPA or above on all credits attempted at UWM. The upper-level independent study course carries a prerequisite of junior standing and a 2.5 UWM GPA. Departments may opt to set higher GPA prerequisites. To ascertain class standing and cumulative GPA for new transfer, special, and summer-only students, a transcript of all previous college work must be submitted. Some independent study courses may have departmental prerequisites in addition to these college-wide prerequisites. Departments do not have the authority to waive college-wide prerequisites. To see if a particular department offers independent, see that department's course listings in this catalog.

Students interested in an independent study should work with the individual they have chosen as their supervising instruction to prepare a study proposal describing the plan of study. The study proposal must be approved by the department chair and forwarded to the Office of Student Academic Services via your Letters and Science advisor.

Internships and Experiential Opportunities
Students are strongly encouraged to enhance their classroom knowledge with experiential knowledge gained through work, volunteer, and internship experiences. These experiences are vital to career exploration and for building a resume prior to graduation.

Students find internships through a variety of sources: some use their own network to find opportunities, some majors provide assistance or host a job board, and some organizations will post opportunities with the UWM Career Planning and Resource Center (http://uwm.edu/careerplan). Students should explore all avenues, including speaking with both their major advisor and their Letters and Science advisor, to find experiential learning opportunities.

Some internships may be available for college credit or for pay, or a combination of both. Students should inquire of all details and arrange for proper registration for credit if that is an option with their major advisor.

Research Experience (Office of Undergraduate Research (OUR))
Many programs in the College of Letters and Science work closely with the Office of Undergraduate Research (OUR) to offer research experiences for undergraduates. Research spans the natural sciences, social sciences, and humanities and highly-motivated students can contribute to the creation of knowledge, sometimes even achieving professional publication alongside of faculty members.

As early as the first year in college, students can work side-by-side with faculty members and graduate students on research projects. Opportunities can include credit, pay, or a combination of both. OUR staff will help students identify possible research projects and arrange for students to meet with the faculty members. Students can browse current opportunities at their website (https://uwm.edu/our).

Certificate Programs
Certificates are similar to minors in terms of the number of credits required. Where a minor consists of all coursework from the same department, a certificate draws on classes from multiple areas all centered around a common theme such as Asian Studies.

All certificate programs are open to current students pursuing a degree in any area, including areas outside of the College of Letters and Science. Some certificates are also open to non-degree seeking students or students who already hold a bachelor's degree either from UWM or from another university. Interested students should check with the director
Letters & Science: Humanities Courses

L&S HUM 192 First-Year Seminar:
3 cr. Undergraduate.
Specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: HU
Last Taught: Fall 2014, Fall 2012, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

L&S HUM 289 Internship in Humanities, Lower Division:
1-6 cr. Undergraduate.
Application of basic principles of humanities in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in humanities; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

L&S HUM 293 Sophomore Scholars Seminar:
3 cr. Undergraduate.
Specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: soph st.
Course Rules: Open only to soph. Retakable w/chg in topic to 6 cr max.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

L&S HUM 296 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

L&S HUM 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

L&S HUM 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

L&S HUM 489 Internship in Humanities, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of humanities in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in humanities; 2.25 gpa; cons supervising faculty.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

L&S HUM 496 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: jr st; acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Last Taught: Spring 2018, Fall 2017, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

L&S HUM 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

L&S HUM 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Last Taught: Fall 2013, Summer 1987.
Current Offerings: http://uwm.edu/schedule
L&S HUM 701 Topics in the Humanities:
1-3 cr. Graduate.
Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
Prerequisites: grad st; cons instr
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

L&S HUM 800 Newberry Library Renaissance Seminar:
1-3 cr. Graduate.
Graduate seminars at the Newberry Library on such topics as philology, paleography, and archival sciences. Specific topics and any additional prerequisites announced in schedule of classes each time course is offered.
Prerequisites: grad st; cons major adviser & chair of Renaissance Advisory Comm
Course Rules: Retakable w/topic chg to 9 cr max.
Current Offerings: http://uwm.edu/schedule

Letters & Science: Natural Sciences Courses

L&S NS 111 Introduction to the Practice of Pharmacy
1 cr. Undergraduate.
Overview of pharmacy, including historical perspectives. Specialization options, current issues and future trends; service learning component.
Prerequisites: cons L&S pre-health professions advisor.
Current Offerings: http://uwm.edu/schedule

L&S NS 120 STEM CELL Success and Career Seminar
1 cr. Undergraduate.
Strategies and practices to promote college success in STEM disciplines Retakable for cr to 4 cr max.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

L&S NS 289 Internship in Natural Sciences, Lower Division:
1-6 cr. Undergraduate.
Application of basic principles of natural sciences in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in natural sciences; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hrs work in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

L&S NS 295 Seminar in the Natural Sciences:
1-3 cr. Undergraduate.
Seminar on various topics in the natural sciences. Topic and prerequisites (if any) announced in Schedule of Classes each time course is offered.
Prerequisites: none.
Course Rules: Retakable w/chg in topic to 6 cr max.
General Education Requirements: NS
Current Offerings: http://uwm.edu/schedule

L&S NS 296 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Last Taught: Spring 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

L&S NS 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

L&S NS 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add’l sem.
Prerequisites: none; add’l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

L&S NS 489 Internship in Natural Sciences, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of natural sciences in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in natural sciences; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hrs work in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

L&S NS 496 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff. One credit for 45 hrs research.
Prerequisites: jr st; acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Current Offerings: http://uwm.edu/schedule

L&S NS 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule
L&S NS 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

Letters & Science: Social Sciences Courses

L&S SS 193 First-Year Seminar:
3 cr. Undergraduate.
Specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

L&S SS 268 Practicum in Mock Trial I
1-3 cr. Undergraduate.
Introduction to the issues, concepts, and practice of mock trial.
Prerequisites: none.
Course Rules: Retakable to 6 cr max. Students may not earn more than a total of 9 cr in Pol Sci/L&S SS 268/468 combined.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

L&S SS 289 Internship in Social Sciences, Lower Division:
1-6 cr. Undergraduate.
Application of basic principles of social sciences in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in social sciences; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hrs work in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

L&S SS 291 UROP Seminar
1 cr. Undergraduate.
Discussion of the methodology and intellectual underpinnings of academic research. Required of all UROP participants.
Prerequisites: acceptance to UROP; conc reg in UROP apprenticeship.
Course Rules: Retakable to max 4 cr in any combination of L&S SS 291, 294, & 295.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

L&S SS 296 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

L&S SS 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Last Taught: Spring 2017, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

L&S SS 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

L&S SS 468 Practicum in Mock Trial II
1-3 cr. Undergraduate.
Continuation of the study of the issues, concepts, and practice of mock trial.
Prerequisites: jr st; Commun/Pol Sci 268(P); satisfaction of GER English Composition competency req.
Course Rules: Retakable to 6 cr max. Students may not earn more than a total of 9 cr in Pol Sci/L&S SS 268/468 combined.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

L&S SS 489 Internship in Social Sciences, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of social sciences in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in social sciences; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Last Taught: Fall 2014, Summer 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

L&S SS 496 UROP Apprenticeship, Upper-Level
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff. One credit for 45 hrs research.
Prerequisites: jr st; acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: Retakable to 9 cr max in any combination of UROP Apprenticeship courses.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

L&S SS 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Last Taught: Spring 2017, Fall 2016, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
**L&S SS 498 Washington Internship**
9 cr. Undergraduate.
Thirty-six hours of work per week in approved internships in Washington, D.C. supervised by the Washington Center for Learning Alternatives. Weekly seminar attendance.
**Prerequisites:** jr st, nomination by Washington Intern Committee, & conc reg in appropriate 699 or other independent study course.
**Course Rules:** Cr/no cr only.
**Last Taught:** Summer 2014, Spring 2013, Fall 2011, Summer 2011.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**L&S SS 499 Ad Hoc:**
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
**Prerequisites:** jr st; add'l prereqs may be assigned to specific topic.
**Course Rules:** Retakable w/chg in topic.
**Last Taught:** Fall 1997, Spring 1997, Fall 1996.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**Honors Courses**

**HONORS 200 Honors Seminar: The Shaping of the Modern Mind:**
3 cr. Undergraduate.
Introduction to honors work through seminar study of basic texts and problems in the development of modern civilization.
**Prerequisites:** grade of B- or better in English 102(P) or score at level 4 on EPT; cons Honors College dir.
**Course Rules:** Not open to students w/cr in Honors courses at 300-level or above. Retakable once w/chg in topic. Students may not elect cr/no cr option.
**General Education Requirements:** HU, OWCB
**Last Taught:** Spring 2018, UWinteriM 2018, Fall 2017, Spring 2017.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 297 Study Abroad:**
1-9 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.
**Prerequisites:** acceptance for Study Abroad Prog & cons Honors College dir.
**Course Rules:** Retakable w/chg in topic.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 299 Ad Hoc:**
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
**Prerequisites:** none; add'l prereqs may be assigned to specific topic.
**Course Rules:** Retakable w/chg in topic.
**Last Taught:** Spring 1995, Fall 1994, Spring 1994, Fall 1993.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 310 Introduction to Clinical Medicine for Premedical Students**
1 cr. Undergraduate.
Through both lecture/discussion and experience, students will explore various components of the medical profession in a clinical setting.
**Prerequisites:** soph st; Bio Sci 150 or Chem 102; cons both Honors College dir & premedical advisor, L&S.
**Last Taught:** Fall 2009, Fall 2008, Fall 2007, Fall 2006.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 350 Honors Seminar in the Humanities:**
3 cr. Undergraduate.
Seminar on inter-disciplinary topics or on the broader implications of a faculty member's research.
**Prerequisites:** soph st; Honors 200(P); cons Honors College Dir.
**Course Rules:** Retakable w/chg in topic to 9H cr max. Cr/no cr not permitted.
**General Education Requirements:** HU
**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Fall 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 351 University Honors Seminar in the Social Sciences:**
3 cr. Undergraduate.
Seminar on inter-disciplinary topics or on the broader implications of a faculty member's research.
**Prerequisites:** soph st; Honors 200 (P); cons Honors College Dir.
**Course Rules:** Retakable w/chg in topic to 9H cr max. Cr/no cr not permitted.
**General Education Requirements:** SS
**Last Taught:** Spring 2018, UWinteriM 2018, Fall 2017, Summer 2017.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 352 Honors Seminar in the Natural Sciences:**
3 cr. Undergraduate.
Seminar on inter-disciplinary topics or on the broader implications of a faculty member's research.
**Prerequisites:** soph st; Honors 200(P); cons Honors College dir.
**Course Rules:** Retakable w/chg in topic to 9H cr max. Cr/no cr not permitted.
**General Education Requirements:** NS
**Last Taught:** Spring 2018, Fall 2017, Spring 2016, Spring 2014.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 380 Honors Seminar in the Arts:**
3 cr. Undergraduate.
Selected topics in the theory and practice of creative and expressive arts. Taught by practicing artists.

**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Fall 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**HONORS 497 Study Abroad:**
1-9 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work levels, content, and credits are determined and/or in specially prepared program course work.
**Prerequisites:** jr st; acceptance for Study Abroad Prog; cons Honors College dir.
**Course Rules:** Retakable w/chg in topic.
**Last Taught:** Summer 2017, Summer 2013, Summer 2011.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
HONORS 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances,
can be offered in one add'l sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Last Taught: Spring 1996.
Current Offerings: http://uwm.edu/schedule

HONORS 685 Honors Tutorial
1-3 cr. Undergraduate.
Advanced study in interdisciplinary topics.
Prerequisites: jr st in Honors College, cons instr & Honors College dir.
Course Rules: Retakable to max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HONORS 686 Research in Honors
3-6 cr. Undergraduate.
Student assists with a faculty member's current research, then designs
and completes original major research paper under the faculty member's
supervision.
Prerequisites: jr st in Honors College, 9 cr in Honors, cons instr & Honors
College dir.
Course Rules: Retakable once to 6H cr max.
Current Offerings: http://uwm.edu/schedule

HONORS 687 Senior Honors Project
3-6 cr. Undergraduate.
Performance, exhibit, musical composition, or technical/professional
project completed under supervision of faculty member. For students in
majors in which a thesis is not appropriate.
Prerequisites: sr st in Honors College, cons instr & Honors College dir.
Course Rules: Not open for cr or enroll to students with Honors 689(ER).
Retakable once to 6H cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

HONORS 689 Senior Honors Thesis
3-6 cr. Undergraduate.
Independent research project under faculty supervision. Honors with
Distinction awarded for successful completion of thesis.
Prerequisites: sr st in Honors College; cons instr & Honors College dir.
Course Rules: Not open for cr or enroll to students with Honors 687(ER).
Retakable once to 6H cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

AFRICAN AND AFRICAN DIASPORA STUDIES

African and African Diaspora Studies is the discipline that studies the cultures, societies, and political economies of people of African descent in the United States and throughout the world. African and African Diaspora Studies uses both quantitative and qualitative methods of inquiry to describe, explain, evaluate, and predict the lived experiences of people of African descent. The major in African and African Diaspora Studies thus educates students in the best traditions of the liberal arts and sciences, providing them with a sound knowledge of the past, present, and future roles of people of African descent in structuring life in diverse societies. The department's courses are designed to satisfy the needs of students who desire to specialize in African and African Diaspora Studies or whose career objectives make it desirable to have knowledge of the people of African descent in the United States and throughout the world.

Students thinking of majoring or minoring in African and African Diaspora Studies are encouraged to contact the department for assistance at uwm.edu/african-diaspora-studies/contact-us.

Programs
- African and African Diaspora Studies, BA (p. 992)
- Africology, Minor (p. 996)
- Africology, PhD (p. 997)

African and African Diaspora Studies Courses

3 cr. Undergraduate.
An analysis of race, class and gender in the evolution of political, economic, and social structures in Caribbean and Latin American societies.
Prerequisites: jr st.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

AFRICOL 450 Cultural Transmissions: Black Africa and Black America
3 cr. Undergraduate/Graduate.
A cross-national and cross-cultural comparison of the societies and cultures of black Americans and black Africans.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

AFRICOL 451 Rites of Passage in Black Societies
3 cr. Undergraduate/Graduate.
Foundations of the use of rites of passage in different societies throughout Africa and the African diaspora.
Prerequisites: jr st.
Last Taught: Fall 2013, Spring 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

AFRICOL 489 Internship in Africology, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of Africology in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in Africol; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

AFRICOL 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Program.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

AFRICOL 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one addl sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 1995.
Current Offerings: http://uwm.edu/schedule

AFRICOL 545 Raising Children, 'Race-ing' Children
3 cr. Undergraduate/Graduate.
Analysis of the social meaning of race in the US through the lens of childhood and adolescence; how children come to understand and navigate racism.
Prerequisites: jr st or grad st.
Course Rules: Counts as a repeat of Africol 565 w/similar topic.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

AFRICOL 565 Selected Texts/Topics in Africology
3 cr. Undergraduate/Graduate.
Examination of selected problems, issues, and themes in Africology.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

AFRICOL 699 Independent Study
1-6 cr. Undergraduate.
See Advanced Independent Study.
Prerequisites: jr st; 2.5 GPA; writ cons instr, dept chair & asst dean for SAS.
Course Rules: May be retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Summer 2017, Fall 2015.
Current Offerings: http://uwm.edu/schedule

AFRICOL 700 Foundations and Theories in Africology
3 cr. Graduate.
Seminar on historical, theoretical and institutional development of Africology. Topics examined will include Pan-Africanism, Black Feminism, Afrocentrism, Diaspora Theory, Critical Race Theory, and others.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule
AFRICOL 701 Theories and Methods in Empirical Research in Africology  
3 cr. Graduate.  
Applicability of particular empirical theories and qualitative/quantitative  
methods to a range of substantive problems and issues pertaining to  
peoples of African descent.  
Prerequisites: grad st; approp upper-level math or stats course  
Current Offerings: http://uwm.edu/schedule

AFRICOL 705 Classic Works: Intellectual Production in Africa and the  
Diaspora I  
3 cr. Graduate.  
Conceptual and value foundations of normative theory in relation to  
forms of social organization.  
Prerequisites: grad st  
Current Offerings: http://uwm.edu/schedule

AFRICOL 706 Classic Works: Intellectual Production in Africa and the  
Diaspora II  
3 cr. Graduate.  
Advanced study of elements of normative theory such as justice, equality,  
freedom, and obligation in societal construction and reconstruction in  
Africa and the Diaspora.  
Prerequisites: grad st; Africol 705(P)  
Current Offerings: http://uwm.edu/schedule

AFRICOL 708 Critical Literary Theory I: Cultural Roots of Africological  
Literary Theory  
3 cr. Graduate.  
Exploitation and oppression as primary sources of Africological literary  
three; cultural components include identity, enemy, objective, strategy,  
and tactics.  
Prerequisites: grad st  
Last Taught: Fall 2017, Fall 2014, Fall 2013, Fall 2012.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 709 Critical Literary Theory II: Modern Concepts in the African  
World  
3 cr. Graduate.  
Intensive examination of cardinal elements in critical literary theory in  
the context of ideas and behaviors that have shaped the lives of Africans and  
their descent historically.  
Prerequisites: grad st; Africol 708(P)  
Last Taught: Spring 2012.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 799 Graduate Independent Study  
1-3 cr. Graduate.  
Independent work supervised by a member of the graduate faculty.  
Prerequisites: grad st; cons instr.  
Course Rules: Retakable w/ chg in topic to 9 cr max.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 800 Introduction to Qualitative Research Methods in Africology  
3 cr. Graduate.  
Various qualitative methods and methodological issues germane to  
Africology, including archival research, interviewing, focus groups,  
participant observation, and analysis of representations.  
Prerequisites: grad st.  
Last Taught: Fall 2016, Spring 2014.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 804 Qualitative Interviewing and Grounded Theory  
3 cr. Graduate.  
In-depth, hands-on examination of qualitative interviewing in research.  
Students design, conduct, and analyze qualitative interviews using  
grounded theory. Seminar-style course.  
Prerequisites: grad st; prior coursework in qualitative methods or cons  
instr.  
Course Rules: No cr for students who have cr in Africol 880 w/same  
topic.  
Last Taught: Fall 2014.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 808 Critical Literary Theory II: Modern Concepts in the African  
World  
3 cr. Graduate.  
Investigation into public policy and development in Africa and the  
Diaspora.  
Prerequisites: grad st  
Last Taught: Spring 2012.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 812 Political Economy: Conceptual  
3 cr. Graduate.  
Advanced analysis of varieties of conceptual frameworks in the literature  
of political economy.  
Prerequisites: grad st  
Current Offerings: http://uwm.edu/schedule

AFRICOL 814 Public Policies, Development, and Underdevelopment in  
Africa & the Diaspora  
3 cr. Graduate.  
Investigation into public policy and development in Africa and the  
Diaspora.  
Prerequisites: grad st  
Last Taught: Fall 2014.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 816 Political Economy of Development in African Countries  
3 cr. Graduate.  
The importance of political institutions in shaping economic performance  
to advance understanding of economic development in the context of  
sub-Saharan African countries.  
Prerequisites: grad st.  
Last Taught: Fall 2011.  
Current Offerings: http://uwm.edu/schedule

AFRICOL 817 Political Economy of Development in African Countries II  
3 cr. Graduate.  
Growth-enhancing governance, economic performance, and economic  
development in sub-Saharan African Countries.  
Prerequisites: grad st; Africol 816(P) or cons instr.  
Course Rules: Counts as repeat of Africol 880 w/same topic.  
Last Taught: Spring 2013.  
Current Offerings: http://uwm.edu/schedule
AFRICOL 818 Race Matters: Government and Politics in Latin America and the Caribbean
3 cr. Graduate.
Presence, role, status, situation, and conditions of Afro-Americans (Afro-Latins and Afro-Caribbeans) in the Americas, from the federal republic of Mexico to the Argentine republic.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

AFRICOL 820 Political Economy of Income and Wealth Inequality
3 cr. Graduate.
Seminar on economic inequality, with special emphasis on the United States. No cr for students who have cr in Africol 880 w/same topic.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

AFRICOL 821 Race and Inequality
3 cr. Graduate.
Discrimination and racial inequality along socio-economic dimensions.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

AFRICOL 834 Seminar on Slavery
3 cr. Graduate.
Culture and political economy of slavery; historical context for American slavery; slavery as political and economic issue; social-psychology of slavery; persistence of slavery's legacies.
Prerequisites: grad st
Last Taught: Spring 2012.
Current Offerings: http://uwm.edu/schedule

AFRICOL 836 Comparative Social Institutions in African World Communities
3 cr. Graduate.
Origins, nature, and functioning of social institutions in African world communities; continuity and change; development of community and cultural identities of Africans and their descendents; theoretical/analytical approaches.
Prerequisites: grad st
Last Taught: Fall 2013.
Current Offerings: http://uwm.edu/schedule

AFRICOL 837 Memory and Tradition: Identity-Making and Memory in the African Diaspora
3 cr. Graduate.
Role of memory and tradition in forming collective and individual identities in the African Diaspora; symbolic value and functional aspects; focus on sub-Saharan Africa.
Prerequisites: grad st
Last Taught: Spring 2017, Fall 2010.
Current Offerings: http://uwm.edu/schedule

AFRICOL 840 Healing Traditions in the African Diaspora
3 cr. Graduate.
Advanced study of healing traditions, practices, and rituals throughout the African Diaspora.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

AFRICOL 845 Race/Ethnicity and the Psychology of Oppression
3 cr. Graduate.
Psychological processes involved in creating and sustaining oppressive societies; emphasis on the role of racism societally and the impact of oppression on individuals and groups.
Prerequisites: grad st
Last Taught: Fall 2015, Spring 2012.
Current Offerings: http://uwm.edu/schedule

AFRICOL 851 African-American Literary Theory and Criticism
3 cr. Graduate.
An intensive study of historical and contemporary trends in African-American literary criticism and theory.
Prerequisites: grad st
Last Taught: Fall 2013.
Current Offerings: http://uwm.edu/schedule

AFRICOL 852 Folklore in the African World:
3 cr. Graduate.
A close scrutiny of a particular forms of folk literature of people of African descent.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 6 cr max.
Last Taught: Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

AFRICOL 862 Development of African-American Children in Urban and Rural Areas
3 cr. Graduate.
Developmental processes facing African-American children, including identity development and racial socialization, impact of environment, notion of 'a single African-American identity;' theories and methodological approaches.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

AFRICOL 865 The Quest for Pan-Africanism
3 cr. Graduate.
History and future motion of movement to create a united Africa; political, economic, and social barriers to unification; united Africa in the global community.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

AFRICOL 866 Black Power Reconsidered
3 cr. Graduate.
The salience of black power in the context of campaigns for educational equality; urban politics, economic justice, residential segregation, urban renewal, anti-colonial struggle, and cultural politics.
Prerequisites: grad st.
Course Rules: No cr for students w/cr in Africol 880 w/similar title.
Current Offerings: http://uwm.edu/schedule

AFRICOL 867 Problems in African American Urban History
3 cr. Graduate.
Ways scholars have conceptualized and interpreted 20th century African American urban life; assumptions and logic that undergird various approaches; potential intellectual and political implications.
Prerequisites: grad st.
Course Rules: No cr for students w/cr in Africol 880 with similar title.
Current Offerings: http://uwm.edu/schedule
AFRICOL 868 Black Intellectuals and the Public Sphere
3 cr. Graduate.
How black intellectuals have defined knowledge and positioned
themselves politically and professionally; the various spheres in which
they operate.
Prerequisites: grad st.
Last Taught: Spring 2015.
Current Offerings: http://uwm.edu/schedule

AFRICOL 880 Seminar on Issues in Africology:
3 cr. Graduate.
Research seminar on issues of interest in Africology.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

AFRICOL 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load
requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr will be assessed.
Current Offerings: http://uwm.edu/schedule

AFRICOL 990 Dissertation Research
1-3 cr. Graduate.
Research or dissertation work for students in the doctoral program.
Prerequisites: grad st; cons instr.
Course Rules: Retakable as necessary to complete the dissertation.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

African and African Diaspora Studies, BA

African and African Diaspora Studies examines cultures, societies
and political economies of peoples of African origin and desent. This
includes not just peoples of the African continent but everyone with
African roots around the globe, often referred to as the African diaspora.
The study of African and African Diaspora Studies is relevant to everyone,
regardless of race, gender, ethnicity, nationality or religion. You will
find value in the program if you are interested in working within the
U.S. or internationally in health services, education, journalism, social
work, politics, law, business, the non-profit sector, trade, the arts and
government agencies.

Through coursework in history, literature, political science, economics,
and more, students will examine a variety of issues and themes through
an African-centric lens. Along the way, they will be honing their skills in
communication, information analysis, and research - all skills cited by
employers as critically important in their hiring process.

Requirements
Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters &
Science and with 36 of the 90 credits in L&S upper-level (numbered
above 300) courses. The College requires that students must complete
in residence at UWM at least 15 credits in upper-division (numbered 300
or above) courses in their major. Students are also required to complete
University-wide General Education Requirements and the specific L&S
requirements listed below.

To complete a major, students must satisfy all the requirements of the
major as stated in this catalog. Students who declare their majors within
five years of entering the UW System as a degree candidate may satisfy
the requirements outlined in any catalog issued since the time they
entered. Credits used to satisfy the major also may be used to satisfy
other degree requirements.
### University General Education Requirements (GER)

</table>

### College of Letters & Science Requirements

#### I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

*Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.*

#### II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>MATH 102 Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>MATH 103 Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>MATH 105 Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>MATH 108 Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>MATH 175 Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

*Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.*

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
</tr>
<tr>
<td></td>
<td>AFRICOL 220 Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td></td>
<td>ANTHRO 568 Introduction to Anthropological Statistics</td>
<td></td>
</tr>
<tr>
<td></td>
<td>ATM SCI 500 Statistical Methods in Atmospheric Sciences</td>
<td></td>
</tr>
<tr>
<td></td>
<td>BIO SCI 465 Biostatistics</td>
<td></td>
</tr>
<tr>
<td></td>
<td>ECON 210 Economic Statistics</td>
<td></td>
</tr>
<tr>
<td></td>
<td>GEOG 247 Quantitative Analysis in Geography</td>
<td></td>
</tr>
<tr>
<td></td>
<td>HIST 595 The Quantitative Analysis of Historical Data</td>
<td></td>
</tr>
<tr>
<td></td>
<td>MTHSTAT 215 Elementary Statistical Analysis</td>
<td></td>
</tr>
<tr>
<td></td>
<td>PHILOS 211 Elementary Logic</td>
<td></td>
</tr>
<tr>
<td></td>
<td>POL SCI 390 Political Data Analysis</td>
<td></td>
</tr>
<tr>
<td></td>
<td>POL SCI 392 Survey Research</td>
<td></td>
</tr>
<tr>
<td></td>
<td>PSYCH 210 Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td></td>
<td>SOCIOL 261 Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

*Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.*

#### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Completed in one of the following ways:</td>
<td>0-18</td>
</tr>
<tr>
<td></td>
<td>Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)</td>
<td></td>
</tr>
</tbody>
</table>

*Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part B, listed above.*
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>9</td>
</tr>
</tbody>
</table>

Completed in one of the following ways:

- Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above
- Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.
- Complete 9 credits in combination of the two options above.

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+ designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>12</td>
</tr>
</tbody>
</table>

Complete 12 credits of L&S Courses with Humanities Breadth designation; no more than 6 credits from a single subject area.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>12</td>
</tr>
</tbody>
</table>

Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>12</td>
</tr>
</tbody>
</table>

Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>3</td>
</tr>
</tbody>
</table>

Complete 3 credits in a course with Cultural Diversity (CD) designation.

** Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

VI. The Major
The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

African and African Diaspora Major Requirements
All majors must be accepted by the department, and their programs must be arranged with a departmental advisor. To be retained as majors, students must maintain a GPA of 2.500 or better in African and African Diaspora courses attempted at UWM. In addition, students must attain a 2.500 GPA in all major courses attempted, including any transfer work. A total of 36 credits is required to complete the major; 15 credits at the 300 level or above must be taken in residence at UWM.

Select one of the following:

- AFRICOL 300 Urban Violence
- AFRICOL 319 African American Urban History
- AFRICOL 320 Black Cultures in Latin America and the Caribbean
- AFRICOL 321 Black Workers in the 21st Century
- AFRICOL 326 Economic Problems of Black Business
- AFRICOL 329 Economic Growth and Sustainable Development in Africa
- AFRICOL 341 Black Politics and City Government
- AFRICOL 344 Global Black Social Movements
- AFRICOL 352 Extended Families in Black Societies
- AFRICOL 372 African-American Literary Movements: The Harlem Renaissance
- AFRICOL 414 The Black Woman in America, Africa, and the Caribbean
- AFRICOL 699 Independent Study

Total Credits: 33-39

1 With departmental approval, the statistics requirement may be satisfied with another statistics course.
With departmental approval, the research methods requirement may be satisfied with another methods course.

AFRICOL 100 is highly recommended. Though not required, 100-level courses prepare students for higher-level African and African Diaspora courses. No more than 6 credits of 100-level courses can count toward the major.

With departmental approval, students can complete 3 credits in AFRICOL 699 that involves completion of a research experience designed according to departmental standards.

Options
Majors specialize in one of two options: political economy or culture and society.

**Option A: Political Economy**

Letters & Science Advising
The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus' general education requirements and the College's degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising/) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the College of Letters and Science
Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Africology, Minor
African and African Diaspora Studies examines cultures, societies and political economies of peoples of African origin and descent. This includes not just peoples of the African continent but everyone with African roots around the globe, often referred to as the African diaspora. The study of African and African Diaspora Studies is relevant to everyone, regardless of race, gender, ethnicity, nationality or religion. You will find value in the program if you are interested in working within the U.S. or internationally in health services, education, journalism, social work, politics, law, business, the non-profit sector, trade, the arts and government agencies.

Through coursework in history, literature, political science, economics, and more, students will examine a variety of issues and themes through an African-centric lens. Along the way, they will be honing their skills in communication, information analysis, and research - all skills cited by employers as critically important in their hiring process.

Requirements
The purpose of the minor is to expose students to a range of concepts, theories and phenomena that ground the discipline of African and African Diaspora Studies. Students are required to take 18 credits, 12 of which must be completed at or above the 300 level. Up to 6 credits at the 100 level may count toward the minor. Nine credits at the 300 level or above must be taken in residences at UWM. The College of Letters and Science requires that students attain at least a 2.500 GPA on all minor credits attempted at UWM. In addition, students must attain a 2.500 GPA on all minor credits attempted, including any transfer work.

Cross-Listed Courses
The following courses offered by other departments may be used to satisfy the requirements of the undergraduate major or minor in African and African Diaspora Studies.

Africology, PhD

The PhD in African and African and Diaspora Studies is grounded in the axiomatic assumption that, as the imperatives of global integration significantly transform human relations, the twenty-first century will witness an exponential expansion of the institutional delivery of Africological knowledge. Across the planet today, Africa remains the only continent with a vast store of natural resources (e.g., uranium, oil, copper, nickel) that are underutilized. With the demand for energy increasing exponentially worldwide, knowledge and understanding of the cultures and political economies of African countries and societies clearly are in the self-interest of the global community. Because of this twenty-first century imperative, the Department of African and African and Diaspora Studies has designed the PhD degree around two concentrations: Political Economy and Public Policy, and Culture and Society: Africa and the African Diaspora.

The fields of concentration are the substantive core of the PhD program. Political economy entails the normative and empirical relations of political and economic phenomena in given sociocultural contexts. Public policy entails the making of binding, authoritative decisions that produce, allocate, reproduce, and reallocate societal resources. Political, economic, cultural, and social elements interact continually in every political economy, and public policy substantially frames their patterns of interaction. Through a range of research methods and techniques, the concentration in political economy and public policy grounds students in local, national, and transnational political economies and public policies. Relevant courses and seminars in such fields as economics, political science, sociology, urban planning, geography, and history will be utilized.

All cultures share in common at least eight attributes. These are species life, species being, language, religion, food, literature-art-science-technology, institutions, and transgenerational memory. Systematic comparisons of these elements of cultures in Africa and in the African Diaspora worldwide afford sound explanations of, and novel insights into, the behaviors of Africans and their descent. This concentration in comparative cultures will enable students to scrutinize rigorously exchanges, admixtures, fusions, retentions, and disappearances of cultural elements in Africa and the African Diaspora in regard to their contemporary significance. Relevant courses and seminars in English, foreign languages and literatures, history, and sociology will complement those offered in the department.

Admission

To be considered for admission, an applicant must meet UWM Graduate Faculty requirements for admission plus the departmental requirements listed below. A master’s degree is not a prerequisite for this PhD program.

1. Possession of an overall undergraduate grade point average of 3.33 (B+)
2. Submission of scores within the last five years from the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre)
3. Submission of three letters of recommendation from individuals who are familiar with the applicant’s academic work
4. Submission of a writing sample (10-15 pages) of the applicant’s written work, signaling one’s aptitude for graduate study

Normally, students are admitted only for the fall semester. However, in extraordinary circumstances, a student may be permitted to begin PhD studies in the spring semester. The department does not offer a terminal M.A. degree. Students applying without a master’s degree are admitted to the PhD program in the equivalent of master’s status.

Admission to the graduate program is based on a careful review of the applicant’s academic qualifications, and is highly competitive. Successful candidates usually have a high grade point average (GPA) in their undergraduate majors, as well as overall. There are, of course, a variety of factors that come into play over the years of an applicant’s studies, and so the admissions committee will consider closely a student’s academic profile, as well as accomplishments that are germane to his/her application.

It is the policy of the Graduate Faculty that “Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. No course credits earned in making up deficiencies may be counted as program credits required for the degree.”

Language or Mathematics/Statistics Proficiency

Students are expected to enter the PhD program with proficiency in a language other than English and/or in mathematics/statistics. Students may satisfy the language requirement by passing a translation examination administered by a faculty member, or by completing, with a grade of C or better, the final course in a four-semester sequence in a language approved by the department. Native speakers of a departmentally approved language may petition the graduate advisor for an exemption to the foreign language requirement.

Proficiency in mathematics/statistics is indicated by completion of two courses at the upper-division level (numbered 300 and above or requiring junior standing) with at least a B average. Students who have not completed this requirement in the context of their undergraduate (or master’s degree) studies must take courses to satisfy the requirement during their PhD studies.

Credits earned in satisfying this requirement do not count toward the required credits for the PhD degree. The language or mathematics/statistics proficiency requirement must be completed prior to the doctoral preliminary examinations. Students are encouraged strongly to have the proficiency requirements completed by the time they take the comprehensive examination.
Credits and Courses

The PhD degree requires completion of at least 54 graduate credits—48 credits of coursework, and 6 dissertation credits. Students may count up to a maximum of 6 credits in dual level undergraduate/graduate courses toward the degree. Precise numbers of credits and actual course requirements will be determined after review of the applicant's previous coursework.

Required

During the first three semesters in the program, the following courses in Forms of Reasoning are required:

<table>

Area of Concentration/Electives 36

Dissertation 6

AFRICOL 990 Dissertations Research

Total Credits 54

Fields of Concentration

Following completion of the core courses, students must select one of two concentrations. The Department of African and African Diaspora Studies has been structured conceptually and empirically around two fields of concentration: Political Economy and Public Policy, and Culture and Society: Africa and the African Diaspora. Students will select one of these concentrations by the end of their comprehensive exams and will work with their faculty advisor to develop an appropriate program of study. In consultation with their faculty advisor, students may elect to take a concentration of 6 to 9 credits outside of the Department.

Program Requirements

Major Professor as Advisor

Upon admission to the program, students are required to consult with the Director of Graduate Studies about the department's expectations of them, as well as elucidate their own expectations of the department. Soon afterward, students must secure individual advisors, drawn from the department's faculty.

Residence

The student must complete at least half of the graduate credits required for the PhD in residence (http://uwm.edu/graduateschool/doctoral-requirements/#residence) at UWM in doctoral status. In addition, the student must complete at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions.

The Comprehensive Examination

Prior to the end of each entering student's third semester of enrollment, s/he is required to take and pass the department's graduate student comprehensive examination (written and oral) in order to continue his/her studies toward the PhD degree. There are no exceptions to this requirement. The comprehensive examination is administered in the spring and fall semesters of each academic year.

The examination will be administered by three (3) members of the department's faculty, who will grade the written work and conduct the orals. Members of the examination committee rotate each academic year. Students must pass the written examination to be eligible for the oral examination.

Students who pass the comprehensive examination are permitted to proceed toward the PhD degree. Failing the exam will result in a recommendation to the Graduate School for the student's academic dismissal. The comprehensive examination is not repeatable. Upon passing the exam, students continue to take courses in the concentrations in preparation for the doctoral preliminary examinations and independent research.

The Doctoral Preliminary Examinations

Students will take written and oral doctoral preliminary examinations in two of their three fields of concentration, which they will select.

To be eligible to take the preliminary examinations, which are administered in the fall and spring semesters of each academic year, student must:

- Be registered.
- Have an overall GPA of at least 3.0 (B), at the time of the examination.
- Have completed all coursework—there shall be no incompletes (Is) at the time of the examination.
- Have satisfied the foreign language or mathematics/statistics requirement.
- Have made one presentation to the department's faculty as a whole in the Departmental Faculty Colloquium Series. The purpose of the presentation is to <refine a student's knowledge of a given subject; socialize students in the rigors of making scholarly presentations on one's research before future peers; and prepare students for the demands of interviews for future jobs. A student will not be judged to either have passed or failed the presentation. Rather, s/he will be given constructive comments concerning the substance and style of his/her presentation. Generally, each colloquium will last for two (2) hours.
- Have fulfilled all residency requirements.
- Have secured, in addition to their primary departmental advisor, a secondary advisor from outside the department should they plan to use their extra-departmental field of concentration as one of the two written-examination fields.

Those who pass the written examinations with a grade of at least a B on each shall then proceed to take the oral examination. Should a student fail one of the two written examinations, s/he upon petition to the Director of Graduate Studies and the Graduate Studies Committee, may be permitted to retake it at the next scheduled examination cycle. Students who fail both written examinations will not be permitted to retake them.

Failure of both written examinations, or the retake of a written examination, or the oral examination, will result in a recommendation to the Graduate School for the student's academic dismissal. Students who pass the preliminary examinations shall proceed to prepare a dissertation prospectus.
The preliminary examinations must be taken within five years of enrollment in the PhD program.

A student’s dissertation committee shall consist of four (4) graduate faculty members, including his/her major professor. At least three (3) of the four members must be from the Department of African and African Diaspora Studies.

**Dissertation Prospectus (Proposal Hearing)**

Prior to undertaking research for the dissertation, a student is required to prepare a dissertation prospectus, with the advice and consent of his/her advisor and Dissertation Committee. Acceptance of the dissertation proposal establishes an agreement between the student and the Dissertation Committee as to the nature and scope of the research to be conducted, and the procedure for completing the dissertation. Prior to the Dissertation Committee's approval of the prospectus, research involving the use of human subjects must receive the approval of the Institutional Review Board.

**Dissertator Status**

Specific requirements which must be completed before a doctoral student qualifies for dissertator status are described on the Graduate School Doctoral Requirements page.

**Dissertation**

The dissertation is a major piece of original research representing a substantial contribution to an existing body of knowledge. The original research findings embodied in the dissertation should be acceptable for publication in a refereed journal. The student's advisor and Dissertation Committee provide guidance in completing the dissertation. Once a student's dissertation has been approved by his/her advisor and Dissertation Committee, the document, in approved Graduate School format, is ready to be filed with the Graduate School.

**Time Limit**

It is expected that students entering the program with a baccalaureate degree should normally complete their PhD degree within six (6) years. However, because circumstances beyond a student's control may prevent completion of requirements according to this timeline, students will be granted a maximum of ten years to complete the degree.
AMERICAN INDIAN STUDIES

The American Indian Studies Program offers an undergraduate major through the Committee Interdisciplinary Major and an undergraduate certificate in American Indian Studies. These academic programs draw primarily on courses from anthropology, history, literature, sociology, and education to help students develop a depth of knowledge about — and methodological skills for studying — the life experiences, culture, and languages of the native peoples of the Americas. Although interdisciplinary, American Indian Studies encompasses a distinct body of knowledge. The program's faculty and staff members are involved in ongoing research and publication in this discipline as well as related academic disciplines.

There are two distinct features that distinguish UWM's academic programs in American Indian Studies. The Electa Quinney Institute (https://uwm.edu/eqi) is a campus resource that facilitates the development of new programs, services, and research opportunities in partnership with the American Indian community. UWM also is home to more American Indian faculty than any other school in the UW System.

Programs

- American Indian Studies, Undergraduate Certificate (p. 1004)
- Anishinaabe Language, Undergraduate Certificate (p. 1005)
- Committee Interdisciplinary Major, BA: American Indian Studies (p. 1006)

American Indian Studies Courses

AIS 101 Introduction to American Indian Studies
3 cr. Undergraduate.
Indigenous experience in the land now called U.S.A.; colonization, tradition and spirituality, indigeneousness and sovereignty; current issues, e.g., language preservation, treaty rights, social justice. Theoretical approaches.
Prerequisites: none.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

AIS 105 Anishinaabe Ethnobotany: Plants in Anishinaabe Culture
3 cr. Undergraduate.
Anishinaabe botanical knowledge as it relates to Anishinaabe culture.
Prerequisites: none.
Course Rules: No cr for students who have cr in Bio Sci 105.
General Education Requirements: CD
Last Taught: Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

AIS 106 Anishinaabe Ethnobotany: Plants in Anishinaabe Philosophy
3 cr. Undergraduate.
Anishinaabe philosophical and religious beliefs incorporating botanical knowledge.
Prerequisites: none.
Course Rules: AIS 106 & ReligSt 106 are jointly offered; they count as repeats of one another.
General Education Requirements: CD
Current Offerings: http://uwm.edu/schedule

AIS 151 First-Semester Anishinaabemowin (Ojibwe)
4 cr. Undergraduate.
First-semester speaking, listening, and writing skills in Anishinaabemowin (Ojibwe), the language of the Great Lakes Three Fires Confederacy and current Ojibwe, Odawa, and Potawatomi nations.
Prerequisites: none.
Course Rules: Counts toward L&S Language Requirement and Foreign Language GER. Satisfies Cultural Diversity GER.
General Education Requirements: CD
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

AIS 152 Second-Semester Anishinaabemowin (Ojibwe)
4 cr. Undergraduate.
Second-semester speaking and listening skills in Ojibwe; continued study of the culture of native Ojibwe speakers.
Prerequisites: AIS 151 or level 2 placement. Generates L&S credit for demonstrated equivalent preparation (4 retro cr).
Course Rules: Satisfies L&S Language Requirement and Foreign Language GER. Meets Cultural Diversity GER.
General Education Requirements: CD
Current Offerings: http://uwm.edu/schedule

AIS 192 First-Year Seminar
3 cr. Undergraduate.
Specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: CD, HU
Current Offerings: http://uwm.edu/schedule

AIS 193 First-Year Seminar
3 cr. Undergraduate.
Specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: CD, SS
Current Offerings: http://uwm.edu/schedule

AIS 199 Independent Study
3 cr. Undergraduate.
Independent work supervised by a member of the AIS Program instructional staff.
Prerequisites: 2.5 GPA; writ cons instr, prog coord, & asst dean for SAS.
Course Rules: Retakable w/chg in topic to 6 cr max.
Last Taught: Spring 2018, Fall 2017.
Current Offerings: http://uwm.edu/schedule
AIS 203 Western Great Lakes American Indian Community Life of the Past
3 cr. Undergraduate.
Study of western Great Lakes American Indian community life of the past, with an emphasis on pre-European conditions, social organizations, value systems, family life, ceremonial life.
Prerequisites: none.
Course Rules: Counts as a repeat of Ethnic 203.
General Education Requirements: SS, CD
Last Taught: Fall 2017, Fall 2016, Fall 2015, Summer 2015.
Current Offerings: http://uwm.edu/schedule

AIS 225 The Aztec Empire
3 cr. Undergraduate.
Formation and expansion of the Aztec empire; description and analysis of Aztec culture, with an emphasis on archaeological and ethnohistoric perspectives.
Prerequisites: none.
Course Rules: AIS 225 & Anthro 225 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

AIS 251 Third Semester Anishinaabemowin (Ojibwe)
4 cr. Undergraduate.
Third-semester speaking, listening and writing skills in Anishinaabemowin, the language of the Great Lakes Three Fires Confederacy and current Ojibwe, Odawa and Potawatomi nations.
Prerequisites: AIS 152 or level 3 placement. Generates L&S credit for demonstrated equivalent preparation (8 retro cr).
Course Rules: Satisfies L&S Language Requirement and Foreign Language GER. Meets Cultural Diversity GER.
General Education Requirements: CD
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

AIS 252 Fourth Semester Anishinaabemowin (Ojibwe)
4 cr. Undergraduate.
Fourth-semester speaking, listening and writing skills in Anishinaabemowin the language of the Great Lakes Three Fires Confederacy and current Ojibwe, Odawa and Potawatomi nations.
Prerequisites: AIS 251 or level 4 placement. Generates L&S credit for demonstrated equivalent preparation (12retro cr).
Course Rules: Satisfies L&S Language Requirement and Foreign Language GER. Meets Cultural Diversity GER.
General Education Requirements: CD
Current Offerings: http://uwm.edu/schedule

AIS 262 North American Indian History to 1887
3 cr. Undergraduate.
A survey of Native American history from aboriginal times to 1887. Emphasis will be placed on American policies and change within Indian societies.
Prerequisites: none.
Course Rules: AIS 262 & Hist 262 are jointly offered; they count as repeats of one another.
General Education Requirements: CD, SS
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

AIS 263 North American Indian History Since 1887
3 cr. Undergraduate.
A survey of American Indian history since 1887 with emphasis on federal policies and changing Indian societies in the twentieth century.
Prerequisites: none.
Course Rules: AIS 263 & Hist 263 are jointly offered; they count as repeats of one another.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

AIS 276 Introduction to American Indian Literature:
3 cr. Undergraduate.
Literature of the American Indian, focusing on major forms, prominent themes, or a particular tribe of time period.
Prerequisites: grade of C or better in English 102(P) or score at level 4 on EPT.
Course Rules: AIS 276 & English 276 are jointly offered; w/same topic, they count as repeats of one another. Retakable w/chg in topic to 9 cr max.
General Education Requirements: HU, CD
Current Offerings: http://uwm.edu/schedule

AIS 289 Internship in American Indian Studies, Lower Division:
1-6 cr. Undergraduate.
Application of basic principles of American Indian Studies in a business, organizational, educational, political, or other appropriate settings.
Prerequisites: AIS 101(P); 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

AIS 296 UROP Apprenticeship, Lower Division
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Current Offerings: http://uwm.edu/schedule

AIS 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

AIS 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add’l sem.
Prerequisites: none; add’l prereqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule
AIS 308 Archaeology of North America
3 cr. Undergraduate/Graduate.
Main pre-Columbian cultures on the North American continent, north of Mexico.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: AIS 308 & Anthro 308 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2014.
Current Offerings: http://uwm.edu/schedule

AIS 310 Archaeology of Middle America
3 cr. Undergraduate/Graduate.
Historical development and ecological settings of cultures and civilizations in Mexico and Central America from earliest times to the Spanish conquest.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: AIS 310 & Anthro 310 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2015.
Current Offerings: http://uwm.edu/schedule

AIS 311 The World of the Ancient Maya
3 cr. Undergraduate/Graduate.
Historical development of ancient Maya civilization from its origins to the Spanish Conquest.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: AIS 311 & Anthro 311 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

AIS 314 American Indian Societies and Cultures
3 cr. Undergraduate/Graduate.
Description and analysis of selected indigenous American cultures including subsistence, sociopolitical organizations, beliefs and Euro-American Indian policy.
Prerequisites: jr st; Anthro 102(R).
Course Rules: AIS 314 & Anthro 314 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

AIS 320 Social Change in American Indian Societies
3 cr. Undergraduate.
American Indian societal change studied from a combination of theoretical perspectives: examination of the variation in American Indian responses to Western political and economic impacts.
Prerequisites: jr st; any Sociol 100-level course or Sociol 224(P).
Course Rules: AIS 320 & Sociology 320 are jointly offered; they count as repeats of one another.
General Education Requirements: CD, SS
Last Taught: Fall 2011.
Current Offerings: http://uwm.edu/schedule

AIS 321 Contemporary Issues of the American Indian
3 cr. Undergraduate.
Development of the institutional structure of American Indian affairs; current economic and social problems, contemporary manifestations of American Indian spirit, e.g., activism and cultural experiences.
Prerequisites: jr st; any Sociol 100 level course or Sociol 224(P).
Course Rules: AIS 321 & Sociol 321 are jointly offered; they count as repeats of one another.
General Education Requirements: SS, CD
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

AIS 360 Ezhi-Kinomaageying: Anishinaabe Curriculum
3 cr. Undergraduate.
Hist of Anishinaabe language instruction, including impact of social and political movements and contemporay trends. Review and creation of effective instructional methods for teaching Anishinaabemowin.
Prerequisites: AIS 252(P) or cons instr.
Course Rules: Generates L&S credit for demonstrated equivalent preparation (16 retro cr).
Last Taught: Spring 2018, Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

AIS 362 System Failure: Globalization and Language Extinction
3 cr. Undergraduate/Graduate.
Role of globalization in the projected extinction of a large number of the world's languages within the next century.
Prerequisites: jr st; a course in social science; a course in linguistic anthro; or cons instr.
Course Rules: AIS 362, Anthro 362, & Global 362 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2014.
Current Offerings: http://uwm.edu/schedule

AIS 370 Anishinaabebiige: Archival to Contemporary Writing
3 cr. Undergraduate.
Introduction to researching, reading, and creating archival material for proficient speakers of Anishinaabemowin.
Prerequisites: AIS 252(P) or cons instr.
Course Rules: Generates L&S credit for demonstrated equivalent preparation (16 retro crs).
Current Offerings: http://uwm.edu/schedule

AIS 372 Survey of American Indian Literature
3 cr. Undergraduate.
A general, representative study of the literature of the American Indian.
Prerequisites: jr st; satisfaction of GER English Composition Competency req.
Course Rules: AIS 372 & English 372 are jointly offered; they count as repeats of one another.
General Education Requirements: HU, CD
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
AIS 473 History of Wisconsin Indians
3 cr. Undergraduate/Graduate.
History of Wisconsin tribes from their earliest years to the present, including European contacts, treaties, the fur trade, and wars.
**Prerequisites:** jr st; satisfaction of English Composition competency req.
**Course Rules:** AIS 473 & Hist 473 are jointly offered; they count as repeats of one another.
**General Education Requirements:** CD
**Last Taught:** Fall 2017, Spring 2017, Spring 2015, Spring 2014.
**Current Offerings:** http://uwm.edu/schedule

AIS 474 Topics in North American Indian History:
3 cr. Undergraduate/Graduate.
Detailed examination of such topics as Indian legal status, culture change, Indian education, Pan-Indianism and gender roles.
**Prerequisites:** jr st; satisfaction of GER English Composition competency req.
**Course Rules:** Retakable w/chg in topic to 9 cr max. AIS 474 & Hist 474 are jointly offered; they count as repeats of one another.
**General Education Requirements:** CD
**Current Offerings:** http://uwm.edu/schedule

AIS 475 American Indian History, Law, and Government
3 cr. Undergraduate/Graduate.
American Indian political systems; their interaction with U.S. Indian policy. Indigenous systems of governance; European legal justification for colonization; American Indian sovereignty; Federal-Tribal relationship.
**Prerequisites:** jr st; satisfaction of GER English Composition competency req.
**Course Rules:** No cr for students w/cr in Hist 474 w/similar topic. AIS 475 & Hist 475 are jointly offered; they count as repeats of one another.
**General Education Requirements:** CD
**Last Taught:** Spring 2018, Fall 2016, Fall 2015, Fall 2014.
**Current Offerings:** http://uwm.edu/schedule

AIS 489 Internship in American Indian Studies, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of American Indian Studies in a business, organizational, educational, political, or other appropriate setting.
**Prerequisites:** jr st; 2.25 gpa; cons supervising faculty member.
**Course Rules:** One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
**Last Taught:** Summer 2015, Spring 2015, Fall 2012.
**Current Offerings:** http://uwm.edu/schedule

AIS 496 UROP Apprenticeship, Upper Division
1-3 cr. Undergraduate.
Advanced-level undergraduate research participation in a project developed with a supervising member of the faculty or staff.
**Prerequisites:** jr st; acceptance to UROP; prior or conc reg in UROP seminar.
**Course Rules:** One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
**Current Offerings:** http://uwm.edu/schedule

AIS 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
**Prerequisites:** jr st; acceptance for Study Abroad Prog.
**Course Rules:** Retakable w/chg in topic.
**Current Offerings:** http://uwm.edu/schedule

AIS 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add’l sem.
**Prerequisites:** jr st; add’l prereqs may be assigned to specific topic.
**Course Rules:** Retakable w/chg in topic.
**Current Offerings:** http://uwm.edu/schedule

AIS 520 Studies in American Indian Literature:
3 cr. Undergraduate.
Critical study of themes, figures, aspects, trends, etc., in American Indian Literature.
**Prerequisites:** jr st; satisfaction of GER English Composition competency req.
**Course Rules:** AIS 520 & English 520 are jointly offered; w/same topic, they count as repeats of one another. Retakable w/chg of topic to 9 cr max.
**General Education Requirements:** CD
**Last Taught:** Spring 2015, Fall 2014, Spring 2014, Fall 2013.
**Current Offerings:** http://uwm.edu/schedule

AIS 525 American Indian Literature, Culture, and Creative Arts
3 cr. Undergraduate/Graduate.
Critical methods in understanding indigenous literature, cultures, and creative arts; uses of arts in indigenous cultures; how arts influence people’s views of indigenous peoples.
**Prerequisites:** jr st; completion of GER English Composition competency req.
**Course Rules:** AIS 525 & English 525 are jointly offered; they count as repeats of one another.
**Current Offerings:** http://uwm.edu/schedule

AIS 600 Field Project - Capstone Research or Applied Project
3 cr. Undergraduate.
Research or applied project on area of student’s interest under supervision of AIS faculty member. Formal field project paper required.
**Prerequisites:** jr st; declared AIS major.
**Last Taught:** Spring 2017.
**Current Offerings:** http://uwm.edu/schedule

AIS 632 Seminar in American Indian Literature:
3 cr. Undergraduate/Graduate.
Focus on major forms, prominent themes, or tribal traditions in the literature of the American Indian.
**Prerequisites:** sr st; satisfaction of GER English Composition competency req; 9 cr English and/or CompLit at the 300-level or above; or grad st.
**Course Rules:** AIS 632 & English 632 are jointly offered; w/same topic they count as repeats of one another. Retakable w/chg in topic of 6 cr max.
**Last Taught:** Fall 2016, Spring 2015, Spring 2014, Fall 2012.
**Current Offerings:** http://uwm.edu/schedule
American Indian Studies, Undergraduate Certificate

The American Indian Studies program provides students with a thorough understanding of the Native American tribal nations in North America and their influence and impact in today's culture and society.

Our program embraces everyone interested in understanding the treaties, history, cultures, and politics that shaped the formation of North America and continue to have relevance today. While UWM does attract a number of students with Native American ancestry to the program, our classes are full of people from all types of backgrounds. They all share a common interest in understanding the past in order to impact the present. There are 565 tribal nations in the U.S., and 12 are located in the state of Wisconsin. UWM is a national driving force in this academic area because of our location; we have the most Native American faculty of any other UW school in Wisconsin.

Certificates are similar to minors in terms of credit requirements but draw on coursework from multiple fields of study rather than from a single department.

Eligibility

The American Indian Studies Certificate is intended to enhance a bachelor’s degree. The certificate is available to all students seeking a bachelor’s degree from UWM and to students who previously have received a bachelor's degree from UWM or any other accredited college or university.

Requirements

To obtain the certificate, the student must complete, with a minimum grade point average of 2.500, at least 18 credits in approved American Indian Studies courses, of which 12 must be earned in residence at UWM. Of these 12 residence credits, nine must be taken at the 300 level or above. 12 of the 18 required credits must be in the College of Letters and Science, with at least 6 of these at the 300 level or above. No more than 9 credits from any one department may count toward the certificate. A maximum of 6 credits of independent study may count toward program requirements. Courses for the certificate may not be taken on a credit/no credit basis.

Independent study courses focusing on the American Indian experience may be accepted with the approval of the Certificate Program Coordinator. If the core course is not offered in the years an undergraduate student is pursuing the certificate, the student can petition the Certificate Program Coordinator to accept another course in its stead. Other courses not on this list but relevant to the study of American Indians may be accepted with the approval of the Certificate Program Coordinator.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the Certificate Program Coordinator. Students currently enrolled at UWM who have fulfilled some of the program's requirements prior to the program's approval may have their credits applied retroactively to the certificate program.

The following are required:

### Anishinaabe Language, Undergraduate Certificate

The Certificate in Anishinaabe Language (also known as Ojibwe) at UWM is an academic program that provides students with academic inquiry into Anishinaabe Language and culture.

The Anishinaabe language is spoken by the tribes of the Three Fires Confederacy: the Ojibwe, Odawa, and Potawatomi who share an origin story of migrating together to the western Great Lakes prior to European contact. The peoples of these three related tribes today live in Michigan, Minnesota, Ontario and Wisconsin on more than 80 U.S. or Canadian recognized reservations and offer job opportunities, particularly in education, for individuals who have proficiency in Anishinaabe language.

Anishinaabemowin is today considered an “endangered language” due to the historical implementation of federal policies on both sides of the border that attempted to promote English-only education in federal boarding schools. Children were punished for speaking their birth language. However, Anishinaabe is also one of the North American Indian languages that, due to the number of remaining speakers and intensive language programs in tribal communities is expected to survive through the 21st century.

Certificates are similar to minors in terms of credit requirements but draw on coursework from multiple fields of study rather than from a single department.

#### Eligibility

The program is open to all student’s seeking a bachelor’s degree from UWM, to students who previously earned a bachelor’s degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students), but who have a strong interest in the subject. Students currently involved in baccalaureate studies at UWM who successfully complete the requirements of the certificate program will be awarded the certificate at the time of graduation. Other students will receive the certificate upon completion of the program requirements.

#### Requirements

To obtain the certificate, the student must complete 25 credits in approved courses as indicated below with a minimum grade point average of 2.500. Twelve of these credits must be earned in residence at UWM, including nine at the 300 level and above. Courses for the certificate may not be taken on a credit/no credit basis.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the Certificate Program Advisory Committee. Students currently enrolled at UWM who have fulfilled some of the program’s requirements prior to the program’s approval may have their credits applied retroactively to the certificate program.

Committee Interdisciplinary Major, BA: American Indian Studies

The Committee Interdisciplinary Major with a focus in American Indian Studies provides students with a thorough understanding of the Native American tribal nations in North America and their influence and impact in today’s culture and society.

Our program embraces everyone interested in understanding the treaties, history, cultures, and politics that shaped the formation of North America and continue to have relevance today. While UWM does attract a number of students with Native American ancestry to the program, our classes are full of people from all types of backgrounds. They all share a common interest in understanding the past in order to impact the present. The curriculum develops the depth of students’ experience with the methodologies and sources used in the field of American Indian Studies. Although interdisciplinary, American Indian Studies encompasses a distinct body of knowledge. Students majoring in American Indian Studies can select from a wide variety of courses organized under three areas:

• Culture and Creative Expression
• History, Law, and Government
• Education and Community Policy Studies

There are 565 tribal nations in the US, and 12 are located in the state of Wisconsin. UWM is a national driving force in this academic area because of our location; we have the most Native American faculty of any other UW campus in Wisconsin.

Students in our program will receive lots of personalized attention and will find support and camaraderie in groups and events like our American Indian Student Services office and our annual Pow Wow. The personalized nature of our program is also reflected in the capstone research project, planning for which begins in junior year. Students will work with a faculty member to complete a capstone research project which focuses on that student’s particular niche interest in the field of American Indian Studies.

Requirements
Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

Contact Information
Current Students contact Margaret Noodin, noodin@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu
College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 103</td>
<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 201</td>
<td>Statistical Literacy for College Students III</td>
<td>3</td>
</tr>
<tr>
<td>MATH 202</td>
<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 205</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 208</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 215</td>
<td>Mathematical Explorations for Elementary Teachers II</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

IV. International Requirement

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Completed in one of the following ways: 1</td>
<td>0-18</td>
<td></td>
</tr>
</tbody>
</table>

Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)

Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)

V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU); Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arts</td>
<td>Select 3 credits</td>
<td></td>
</tr>
</tbody>
</table>

Humanities

Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *

Social Sciences

Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *

Natural Sciences

Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.

Complete 9 credits in combination of the two options above.
VI. The Major

The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

American Indian Studies Major Requirements

The Committee Interdisciplinary Major submajor in American Indian Studies requires completion of 33 credits in approved American Indian Studies and American Indian Studies-related courses. Of these 33 credits, 15 credits in advanced-level courses (numbered 300 and above) must be completed in residence at UWM. The College of Letters and Science requires that students earn at least a 2.500 GPA on all credits attempted for the major at UWM. In addition, a 2.500 GPA on all major credits, including any transfer work, is required.

The major curriculum is developed around a core of 15 credits that includes an introduction to the field, two focus courses, and six credits in research and practice. The focus courses are designed to ensure that students accomplish study in major areas related to the experience of American Indian tribal societies and communities. Beyond that, students are encouraged to shape their own programs to meet individual needs and interests through the required field/research capstone project and the selection of elective courses. The capstone research topic will be focused on a student’s particular interest area and will begin in the junior year. The project will be approved and supervised by a faculty member who will guide the student’s research, service project, or applied project through to formal evaluation by a committee of faculty members. A formal field project paper will be presented to the committee.

American Indian Studies

Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *

Cultural Diversity

Complete 3 credits in a course with Cultural Diversity (CD) designation. **

* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the College of Letters and Science

Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information
Current Students contact Associate Professor Michael Wilson, michael@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

ANCIENT MEDITERRANEAN STUDIES, UNDERGRADUATE CERTIFICATE

As of Fall 2018, the Ancient Mediterranean Studies certificate program has suspended admission. This means that unless you have been accepted into this degree program prior to Fall 2018, you will not be able to earn the certificate. The following information is provided solely for the benefit of students accepted into the Ancient Mediterranean Studies certificate program prior to Fall 2018.

Requirements

While the program requires some study of the ancient languages, proficiency in Latin and Greek is not required for certification. Students, however, may obtain a certificate in Ancient Mediterranean Studies with Language Proficiency if they complete, as part of or in addition to the certificate requirements, 9 credits in Latin or Greek courses numbered 300 and above or pass a proficiency exam. Students also are encouraged to take advantage of the opportunities for study abroad, including fieldwork in archaeology, which may be used to fulfill certificate requirements. Students must achieve a grade point average of 3.000 or higher in the courses that satisfy the Program requirements, and all such courses must be graded rather than taken on a credit/no credit basis. Of the 24 required credits, at least 9 credits must be taken at the advanced level (numbered 300 and above) in residence at UWM. At least 12 credits must be taken in courses in the College of Letters and Science, with at least 6 of these at the advanced level.

Students enrolled in the Certificate in Ancient Mediterranean Studies (CAMS) Program must complete a minimum of 24 credits, distributed as follows:

</table>

Select 6 credits in Art History, chosen from ArtHist 101 and/or 300-level or above ArtHist courses from the approved list.

Select two semesters at any level in one of the following languages:
- Latin
- Greek

Guidelines for Substitutions

Generally, substitutions for core requirements will not be allowed except in cases when an equivalent course has been taken at another university. In such cases, the student must petition the CAMS advisory committee and provide the following documentation: a formal statement of justification, a syllabus, and a transcript.

ANTHROPOLOGY

Anthropology is the study of human beings and their cultures, past and present, throughout the world. The discipline examines and compares the world’s culture patterns in all their variety and studies humans as biological organisms. Through archaeology, it attempts to shed light on the long history and evolution of humans and their ways of life. In these pursuits, anthropologists favor comparative and evolutionary perspectives. As a result, anthropological studies are wide-ranging with respect to topic and far-reaching with respect to both space and time.

- Museum Studies, Graduate Certificate (p. 1035)

Anthropology Courses

ANTHRO 101 Introduction to Anthropology: Human Origins
3 cr. Undergraduate.
Principles of evolution, Mendelian genetics, human adaptability, and concept of race; natural history of primates; human evolution; archaeological evidence for the evolution of culture.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ANTHRO 102 Introduction to Anthropology: Culture and Society
3 cr. Undergraduate.
Science of human behavior in different cultural contexts; human biological and cultural variability; human societies of the present and recent past; dynamics of culture change.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ANTHRO 103 Digging Up the Past: Approaches to Archaeology
3 cr. Undergraduate.
Why and how extinct cultures are studied. Current archaeological approaches, reconstructing past environments, ethnographic analogy, experimental archaeology.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ANTHRO 104 Lifeways in Different Cultures: A Survey of World Societies
3 cr. Undergraduate.
Variety and diversity of human cultural adaptations. Specific peoples and cultures are discussed with respect to their similarities and uniquenesses.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ANTHRO 105 Introduction to Linguistic Anthropology
3 cr. Undergraduate.
Methods, techniques, and models of analysis of linguistic anthropology and their applications to the other subfields of anthropology.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ANTHRO 106 Food and Culture
3 cr. Undergraduate.
Social and cultural implications of food; nutritional and dietetic concerns of secondary interest. 2 hrs lec, 1 hr dis.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Fall 2017, Summer 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ANTHRO 107 First-Year Seminar
3 cr. Undergraduate.
The specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule
ANTHRO 199 Independent Study
1-3 cr. Undergraduate.
For further information, consult dept chair.
Prerequisites: 2.5 GPA; writ cons instr, dept chair & asst dean for SAS.
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ANTHRO 203 Religions of Hunting-Gathering and Horticultural Societies
3 cr. Undergraduate.
A survey of the religious beliefs and practices of hunting-gathering and horticultural societies and their relationships to other aspects of culture.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ANTHRO 212 The Past on Tap: The Archaeology of Fermented Beverages
3 cr. Undergraduate.
Introduction to the production, distribution and consumption of fermented beverages in the ancient world with a particular emphasis on archaeological evidence.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

ANTHRO 213 American Indian Peoples of Wisconsin
3 cr. Undergraduate.
Past and contemporary societies and cultures of American Indians of Wisconsin, including the Chippewa (Ojibwa), Menominee, Winnebago, Oneida, Potawatomi, Stockbridge-Munsee.
Prerequisites: none.
General Education Requirements: SS, CD
Current Offerings: http://uwm.edu/schedule

ANTHRO 214 Ancient Civilizations of Latin America
3 cr. Undergraduate.
A comparative archaeological overview of various civilizations that flourished in Latin America prior to the arrival of Spanish conquistadors in the early 16th century.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

ANTHRO 225 The Aztec Empire
3 cr. Undergraduate.
Formation and expansion of the Aztec empire; description and analysis of Aztec culture, with an emphasis on archaeological and ethnohistoric perspectives.
Prerequisites: none.
Course Rules: AIS 225 & Anthro 225 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

ANTHRO 229 Madness and Culture
3 cr. Undergraduate.
Madness of some kind as a recognized universal in human experience; variation in how madness is expressed, classified, and treated over time and across cultures.
Prerequisites: none.
Last Taught: Spring 2013.
Current Offerings: http://uwm.edu/schedule

ANTHRO 250 Women's Roles in Cross-Cultural Perspective
3 cr. Undergraduate.
Investigation of cross-cultural similarities and differences in women's roles; insights into the nature of women's roles in North American society.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ANTHRO 281 Dead Men Do Tell Tales: An Introduction to Forensic Science
3 cr. Undergraduate.
A multidisciplinary view of how forensic scientists contribute to the many ways that physical evidence is collected, analyzed, and evaluated.
Prerequisites: none.
Course Rules: Jointly offered with & counts as repeat of Chem/BMS(C L Sci)/Crm Jst 281.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ANTHRO 285 Medicolegal Death Investigation
3 cr. Undergraduate.
Lectures on the fundamentals of death investigation as outlined by national guidelines for death investigators.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ANTHRO 289 Internship in Anthropology, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of anthropology in a business, organizational, educational, political, or other appropriate settings.
Prerequisites: Anthro 101(P), 102(P), 103(P) or 360(P); 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ANTHRO 296 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. May be retaken to 9 cr max in any combination of UROP apprenticeship courses. Not open to jrs & srs.
Current Offerings: http://uwm.edu/schedule

ANTHRO 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule
ANTHRO 298 Study Abroad: Brazil
3 cr. Undergraduate.
Three weeks in Brazil participating in seminars, visiting urban businesses, religious centers, squatter settlements, etc., and traveling to rural cattle ranches, sugar cane plantations etc.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

ANTHRO 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ANTHRO 301 Human Evolution and Variation
3 cr. Undergraduate.
Theory, mechanisms, and processes of biological evolution applied to problems of the primate and human fossil record and contemporary human populations. 2 hrs lec, 2 hrs lab.
Prerequisites: soph st; Anthro 101(P), Bio Sci 100(P), 102(P), or 150(P), or cons instr.
General Education Requirements: NS+
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ANTHRO 302 Anthropology and Popular Culture
3 cr. Undergraduate/Graduate.
Aspects of popular culture including music, information technology, tourism, and film, video, and museum-spectacles in light of anthropological theory.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ANTHRO 304 Violence and Warfare in Prehistory
3 cr. Undergraduate/Graduate.
Archaeological evidence for the origin and maintenance of violence and warfare in prehistory. How archaeological inquiry is affected by current politics, ethics, and morality.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Last Taught: Fall 2016, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ANTHRO 305 The Celtic World
3 cr. Undergraduate/Graduate.
Archaeology, folklore and literature of the Celtic peoples in the British Isles and on the continent, explored and analyzed from an anthropological and historical perspective.
Prerequisites: jr st.
Last Taught: Spring 2018, Fall 2014, Fall 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

ANTHRO 306 European Archaeology
3 cr. Undergraduate/Graduate.
Old World cultural development focusing on prehistoric Europe from the Paleolithic to the Roman period; European developments compared to other parts of the Old World.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Last Taught: Spring 2017, Fall 2015, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ANTHRO 307 World Archaeology: Foundations of Civilization
3 cr. Undergraduate/Graduate.
Cultural developments in selected areas of Old and New Worlds; emphasis on origins of plant and animal domestication, sedentary life, and transition to urban civilization.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ANTHRO 308 Archaeology of North America
3 cr. Undergraduate/Graduate.
Main pre-Columbian cultures on the North American continent, north of Mexico.
Prerequisites: jr st; Anthro 103 (P) or cons instr.
Course Rules: AIS 308 & Anthro 308 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2014, Fall 2011, Fall 2008, Fall 2005.
Current Offerings: http://uwm.edu/schedule

ANTHRO 309 Archaeology of Central and South America
3 cr. Undergraduate/Graduate.
Main pre-Columbian cultures and civilizations of Central and South America, including the Caribbean.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Last Taught: Fall 2016, Fall 2013, Spring 2012, Spring 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 310 Archaeology of Middle America
3 cr. Undergraduate/Graduate.
Historical development and ecological settings of cultures and civilizations in Mexico and Central America from earliest times to the Spanish conquest.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: AIS 310 & Anthro 310 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2015, Spring 2011, Fall 2009, Fall 2008.
Current Offerings: http://uwm.edu/schedule

ANTHRO 311 The World of the Ancient Maya
3 cr. Undergraduate/Graduate.
Historical development of ancient Maya civilization from its origins to the Spanish Conquest.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: AIS 311 & Anthro 311 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule
ANTHRO 313 Archaeology of the American Southwest
3 cr. Undergraduate/Graduate.
Pre-Hispanic cultures of the southwestern United States and
northwestern Mexico.
Prerequisites:
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

ANTHRO 314 American Indian Societies and Cultures
3 cr. Undergraduate/Graduate.
Description and analysis of selected indigenous American cultures
including subsistence, sociopolitical organizations, beliefs and Euro-
American Indian policy.
Prerequisites: jr st; Anthro 102(R).
Course Rules: AIS 314 & Anthro 314 are jointly offered; they count as
repeats of one another.
Last Taught: Spring 2018, Spring 2015, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 320 Peoples and Cultures of Africa
3 cr. Undergraduate/Graduate.
Description and analysis of the cultures of Africa, especially south of the
Sahara.
Prerequisites: Preq: jr st; Anthro 102(R); grade of C or better in English
102(P) or score 637 or higher on EPT.
Current Offerings: http://uwm.edu/schedule

ANTHRO 322 Europe in Anthropological Perspective
3 cr. Undergraduate/Graduate.
Key topics in the anthropology of Europe, including nationalism and
ritual, gender and politics, borders and immigration, and bureaucracy and
citizenship.
Prerequisites: jr st; Anthro 102(R).
Last Taught: Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 325 Japanese Culture and Society
3 cr. Undergraduate/Graduate.
Japanese culture and society, including marriage and the family, work
life, education, rural and urban social organization, gender, ritual and life
cycle.
Prerequisites: jr st; Anthro 102(R).
Last Taught: Fall 2015, Spring 2014, Fall 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

ANTHRO 326 Peoples and Cultures of South Asia
3 cr. Undergraduate/Graduate.
The subcontinent south of the Himalayas, including India, Nepal,
Pakistan, Bangladesh, and Sri Lanka.
Prerequisites: jr st; Anthro 102(R).
Last Taught: Spring 2016, Fall 2013, Spring 2011, Spring 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 328 Comparative Studies of Music, Race, and Gender in
Nationalism
3 cr. Undergraduate/Graduate.
A comparative study of the processes of nation-formation and of
the roles played by race, gender, and music in constructing national
identities.
Prerequisites: jr st; Anthro 102(R); grade of C or better in English 102(P)
or score 637 or higher on EPT.
Last Taught: Fall 2010, Fall 2009, Fall 2008, Fall 2007.
Current Offerings: http://uwm.edu/schedule

ANTHRO 335 American Indians of the Southeast
3 cr. Undergraduate/Graduate.
Description and analysis of Southeastern Indian cultures, including
subsistence, sociopolitical organizations, beliefs, and Euro-American
relations.
Prerequisites: jr st; Anthro 102(R) & 314(R).
Current Offerings: http://uwm.edu/schedule

ANTHRO 340 Cultures of Online Games and Virtual Worlds
3 cr. Undergraduate/Graduate.
Anthropological understandings of online games and virtual worlds
including: conceptual foundations, current topics, methodological issues,
and first-hand experience.
Prerequisites: jr st.
Last Taught: UWinteriM 2018, UWinteriM 2017, Summer 2016, Summer
2015.
Current Offerings: http://uwm.edu/schedule

ANTHRO 349 Seminar in Ethnography and Cultural Processes
3 cr. Undergraduate/Graduate.
How sociocultural processes are confronted and represented through the
genre of ethnography; new monographs used to chart innovations in the
form.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

ANTHRO 351 Anthropological Theories of Religion
3 cr. Undergraduate.
Anthropological theories of religion covering magic and witchcraft,
oral moral, sacred and profane, alienation, capitalism, neurosis, ritual,
fetishism, fundamentalism, conversion, sacrifice, and healing.
Prerequisites: jr st.
Course Rules: Anthro 351 & ReligSt 351 are jointly offered; they count as
repeats of one another.
Current Offerings: http://uwm.edu/schedule

ANTHRO 354 Anthropology, Aesthetics, and Art
3 cr. Undergraduate/Graduate.
Arts and aesthetics in anthropological perspective; their relation to other
aspects of culture, prehistoric and contemporary art, and material culture.
Prerequisites: jr st; Anthro 102(R).
Last Taught: Spring 2018, Fall 2015, Fall 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule
ANTHRO 355 Globalization, Culture, and Environment
3 cr. Undergraduate.
Anthropological approaches to examining the concept of environmental justice as a crucial component of global security.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
General Education Requirements: SS
Last Taught: Fall 2016, Fall 2012, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 361 Applications in Linguistic Anthropology
3 cr. Undergraduate/Graduate.
Advanced work in linguistic anthropology designed to give students applied skills in cross-linguistic studies.
Prerequisites: jr st; Anthro 105(360)(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ANTHRO 362 System Failure: Globalization and Language Extinction
3 cr. Undergraduate/Graduate.
Role of globalization in the projected extinction of a large number of the world's languages within the next century.
Prerequisites: jr st; a course in social science; a course in linguistic anthropo; or cons instr.
Course Rules: AIS 362, Anthro 362, & Global 362 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2014, Spring 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 380 Anthropological Applications of GIS
3 cr. Undergraduate/Graduate.
Use of GIS in archaeology, cultural anthropology, and physical anthropology.
Prerequisites: jr st; a course in anthro.
Current Offerings: http://uwm.edu/schedule

ANTHRO 381 Honors Seminar
3 cr. Undergraduate.
Selected topics in cultural anthropology, ethnography, prehistory, and human evolution.
Prerequisites: soph st; Honors 200(P); cons Honors College dir.
Course Rules: May be retaken w/chg in topic to 9 cr max.
General Education Requirements: SS
Last Taught: Spring 2018, Spring 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ANTHRO 400 Human Sociobiology
3 cr. Undergraduate/Graduate.
Application of the principles of evolutionary theory and behavioral ecology to the social and cultural life of humans and other primates.
Prerequisites: jr st; Anthro 101(R) or 102(R).
Last Taught: Fall 2016, Fall 2014, Spring 2011, Fall 2007.
Current Offerings: http://uwm.edu/schedule

ANTHRO 401 Primate Populations
3 cr. Undergraduate/Graduate.
Ecological behavioral genetic and multidisciplinary field studies of nonhuman primates.
Prerequisites: jr st; Anthro 301(P) or cons instr; grade of C or better in English 102(P) or score of 637 or higher on EPT.
Current Offerings: http://uwm.edu/schedule

ANTHRO 402 Primate Evolution
3 cr. Undergraduate/Graduate.
Evolution, adaptation, and distribution of living primates, including humans, comparative primate adaptations and skeletal anatomy.
Evolutionary theory and its application to the primate fossil record.
Prerequisites: jr st; Anthro 301(P) or cons instr.
General Education Requirements: NS
Current Offerings: http://uwm.edu/schedule

ANTHRO 403 The Human Skeleton
3 cr. Undergraduate/Graduate.
Morphological and functional examination of the skeletal system. Microscopic and biomedical considerations of bone and cartilage, age, sex, and regional differences among modern human populations. Combined lec/lab.
Prerequisites: jr st; Anthro 301(P) or cons instr.
General Education Requirements: NS
Last Taught: Fall 2017, Fall 2016, Fall 2015, UWinteriM 2015.
Current Offerings: http://uwm.edu/schedule

ANTHRO 404 Seminar in Human Evolutionary Physiology
3 cr. Undergraduate/Graduate.
Evolutionary principles influencing human populations. Variation within and between human groups.
Prerequisites: jr st; Anthro 301(P) or cons instr; grade of C or better in English 102(P) or score level 4 on EPT.
Current Offerings: http://uwm.edu/schedule

ANTHRO 405 Forensic Anthropology
3 cr. Undergraduate/Graduate.
Techniques in the forensic analysis of human skeletal material. Introduction to death investigation and forensic pathology.
Prerequisites: jr st; Anthro 403(P).
Current Offerings: http://uwm.edu/schedule

ANTHRO 406 Evolutionary Biology & Human Diseases
3 cr. Undergraduate/Graduate.
Evolutionary principles applied to our understanding of infectious and chronic diseases common to human populations, both past and present.
Prerequisites: jr st; Anthro 301(R), Bio Sci 100(R) or 150(R).
Last Taught: Fall 2014, Spring 2013, Fall 2010, Spring 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 407 Neuroanthropology
3 cr. Undergraduate/Graduate.
Anthropological theories of human brain evolution, and its role in complex human cultural traits, including sociality, language, tool manufacture, cognition, and emotion.
Prerequisites: jr st; Anthro 101(P) or Bio Sci 150(P).
Course Rules: Counts as repeat of Anthro 641 with same topic.
Last Taught: Fall 2016, Fall 2015, Spring 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule
ANTHRO 408 Hormones and Behavior
3 cr. Undergraduate/Graduate.
Roles of hormones in evolution and expression of animal behaviors, particularly aggression, stress, mating, parenting, and cognition; emphasis on humans.
Prerequisites: jr st; intro course in physical anthro, bio sci, or psych.
Course Rules: Counts as repeat of Anthro 641 w/same topic.
Current Offerings: http://uwm.edu/schedule

ANTHRO 409 Evolution, Religion, and Human Biology
3 cr. Undergraduate/Graduate.
Nature and evolutionary origins of human religion as well as empirical evidence for the effects of religion on human health.
Prerequisites: jr st; Anthro 101(P) or an intro bio sci course.
Current Offerings: http://uwm.edu/schedule

ANTHRO 420 Power and Ideology in Archaeology
3 cr. Undergraduate/Graduate.
Nature of and relationship between power and ideology in past societies; theoretical perspectives and methods used by archaeologists to study power and ideology.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: Counts as a repeat of Anthro 641 w/similar title.
Last Taught: Fall 2015, Fall 2012, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 421 Cities in the Ancient World
3 cr. Undergraduate/Graduate.
Cross-cultural comparison of the world's first cities; the emergence of cities and their role in the development of ancient civilizations.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Last Taught: Spring 2013, Spring 2012.
Current Offerings: http://uwm.edu/schedule

ANTHRO 424 Ethnoarchaeology
3 cr. Undergraduate/Graduate.
Combination of ethnographic methods with archaeological research questions to achieve a better understanding of material culture.
Prerequisites: jr st; Anthro 102(P) or 103(P) or cons instr.
Course Rules: Counts as a repeat of Anthro 641 w/same topic.
Last Taught: Fall 2016.
Current Offerings: http://uwm.edu/schedule

ANTHRO 425 Hunter-Gatherer Lifeways: Past and Present
3 cr. Undergraduate/Graduate.
Cross-cultural comparisons of hunter-gatherer societies, including archaeological, ethnohistorical, and ethnographic approaches.
Prerequisites: jr st; Anthro 102(P) or 103(P) or cons instr.
Last Taught: Spring 2016, Fall 2011, Spring 2010, Fall 2008.
Current Offerings: http://uwm.edu/schedule

ANTHRO 426 Who Owns the Past?
3 cr. Undergraduate/Graduate.
Social/political ramifications of the study, interpretation, presentation, conservation of the archaeological past; institutions/stakeholders involved in those processes: museums, scholars, ethnic groups, the public.
Prerequisites: jr st; Anthro 102(P) or 103(P) or cons instr.
Course Rules: Counts as a repeat of Anthro 641 w/same topic.
Last Taught: Fall 2016, Spring 2015, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 431 Cities and Culture
3 cr. Undergraduate/Graduate.
Cross-cultural analysis; relation of urban space to community, capitalism, migration, class, globalization, social and artistic movements; methods for ethnographic study.
Prerequisites: jr st; Anthro 102(R).
Current Offerings: http://uwm.edu/schedule

ANTHRO 439 Culture and Global Health
3 cr. Undergraduate/Graduate.
Contemporary global health through the lens of cultural anthropology and related social sciences; local communities' response to globally-directed intervention into disease.
Prerequisites: jr st.
Course Rules: Anthro 439 & Global 439 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

ANTHRO 440 Medical Anthropology
3 cr. Undergraduate/Graduate.
Comparative study of medical systems; cultural meaning of illness and the healing process; social origins of disease.
Prerequisites: jr st; Anthro 102(P); grade of C or better in English 102(P) or score of 637 or higher on EPT.
Last Taught: Fall 2016, Fall 2014, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 441 Nature, Knowledge, and Technoscience in Anthropological Perspective
3 cr. Undergraduate/Graduate.
Anthropological approaches to contemporary issues of science in society; critical perspectives on knowledge construction with respect to culture and indigenous traditions, race, class and gender.
Prerequisites: jr st.
Last Taught: Fall 2014, Fall 2012, Fall 2011, Fall 2008.
Current Offerings: http://uwm.edu/schedule

ANTHRO 442 Humanitarianism in Global Perspective
3 cr. Undergraduate/Graduate.
Anthropological study of global humanitarianism through specific case studies. Themes include politics of representation, intervention, war, genocide, trauma, child soldiers, and human trafficking.
Prerequisites: jr st; a social science course (P).
Course Rules: Anthro 442 & Global 442 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2015, Spring 2014, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ANTHRO 443 Medicine and Pharmaceuticals in the Global Age
3 cr. Undergraduate/Graduate.
The practices of medicine and the distribution of pharmaceuticals globally.
Prerequisites: jr st; Anthro 440(R).
Course Rules: Anthro 443 & Global 443 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule
**ANTHRO 445 Psychological Anthropology**
3 cr. Undergraduate/Graduate.
The relationship between individual and society; cultural influences on cognition, personality, identity, and emotion; and the comparative study of mental disorder.
**Prerequisites:** jr st; Anthro 102(R).
**Last Taught:** Fall 2013, Fall 2011, Fall 2004, Spring 2004.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 446 The Child in Different Cultures**
3 cr. Undergraduate/Graduate.
Relationship of child development to particular cultural milieus; methods of child training in different cultures and their effects on the development of adult personality.
**Prerequisites:** jr st; Anthro 102(R) or Psych 101(R) or Sociol 101(R).
**General Education Requirements:** SS
**Last Taught:** Spring 2018, Spring 2010, Spring 2008, Spring 2006.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 447 The Global Politics of Human Rights**
3 cr. Undergraduate/Graduate.
Historical and theoretical context of human rights discourse; anthropology of human rights; case studies of efforts to protect human rights in particular social settings.
**Prerequisites:** jr st; Anthro 102(R).
**Course Rules:** Anthro 447 & Global 447 are jointly offered; they count as repeats of one another.
**Last Taught:** Fall 2017, Fall 2014, Spring 2012, Fall 2007.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 448 Cultural and Human Ecology**
3 cr. Undergraduate/Graduate.
Relationships of human societies to natural environments; energy systems involved in processes of human adaptation; ways in which culture and society operate as dynamic components of that exchange.
**Prerequisites:** jr st; Anthro 102(R).
**Last Taught:** Fall 2017, Spring 2014, Spring 2012, Spring 2010.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 449 The Human Economy**
3 cr. Undergraduate/Graduate.
Uses and allocation of resources; modes of production and distribution and their relationship to kinship, politics, and other aspects of culture.
**Prerequisites:** jr st.
**Last Taught:** Fall 2016, Fall 2013, Spring 2010, Fall 2006.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 450 Political Anthropology**
3 cr. Undergraduate/Graduate.
Political organization: forms of authority, responsibility, accountability, and power in societies at different levels of social complexity and in different ecological contexts.
**Prerequisites:** jr st; Anthro 102(R).
**Last Taught:** Spring 2017, Fall 2014, Fall 2013, Fall 2010.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 460 Anthropological Theory**
3 cr. Undergraduate/Graduate.
Critical examination of the development and current status of the major paradigms and theories employed in anthropological studies.
**Prerequisites:** sr st; Anthro 102(R).
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 465 Historic Preservation in Archaeology**
3 cr. Undergraduate/Graduate.
Historic preservation and cultural resource management in American archaeology; the legislative base, federal and state programs, the national register, regional planning, and research orientations.
**Prerequisites:** jr st.
**Last Taught:** Fall 2014, Spring 2012, Spring 2009, Spring 2005.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 466 Historical Archaeology**
3 cr. Undergraduate/Graduate.
Development of the historical archaeology discipline; issues of method and theory; use of documentary, oral, and material culture evidence to interpret the recent past. Counts as repeat of Anthro 641 with same topic. 
**Prereq:** jr st; Anthro 103 (P) or cons instr.
**Prerequisites:**
**Last Taught:** Fall 2017, Fall 2015, Spring 2011.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 467 Archaeological Curation: A Practicum in the Care of Research Collections**
3 cr. Undergraduate/Graduate.
Practicum in archaeological curation focusing on conservation and preservation, pest management, storage, collection accessibility, accountability, curation policies, federal regulations, and ethics.
**Prerequisites:** jr st; Anthro 103(P) or cons instr; or grad st.
**Course Rules:** Counts as repeat of Anthro 641 w/similar topic.
**Last Taught:** Spring 2017.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ANTHRO 468 General Anthropology**
3 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
**Prerequisites:** jr st; acceptance for Study Abroad Prog.
**Course Rules:** May be retaken w/chg in topic.
**Last Taught:** Summer 2017, Spring 2017, Summer 2016, Spring 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
ANTHRO 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances,
can be offered in one add'l sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ANTHRO 501 Archaeology of Death
3 cr. Undergraduate/Graduate.
Archaeological study of mortuary behavior and osteology to understand
-cultural variability in social organization, disease, nutrition, and violence.
Prerequisites: jr st; Anthro 103(P) or cons instr; grade of C or better in
English 102(P) or score 637 or higher on EPT.
Last Taught: Fall 2015, Fall 2013, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 502 Lithic Analysis: Stone Tools and Human Behavior
3 cr. Undergraduate/Graduate.
Stone tool production use, and archaeological analysis; experimental
knapping, heat treatment, and other exercises. No cr for student w/cr in
Anthro 641 w/similar topic.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Last Taught: Fall 2015.
Current Offerings: http://uwm.edu/schedule

ANTHRO 525 Zooarchaeology: Analysis of Faunal Remains
3 cr. Undergraduate/Graduate.
Theory and method, including practical labs, in the analysis of animal
remains from archaeological contexts.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ANTHRO 535 Analysis of Archaeological Ceramics
3 cr. Undergraduate/Graduate.
Archaeological approaches to ceramic analysis including theory and
methods; ethnoarchaeological, experimental, compositional, and stylistic
approaches; practical skills including sorting, typing, and reporting
ceramic assemblages.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: Counts as repeat of Anthro 641 with similar topic.
Last Taught: Fall 2017, Spring 2016, Fall 2013, Spring 2011.
Current Offerings: http://uwm.edu/schedule

ANTHRO 540 Applications of Anthropology
3 cr. Undergraduate/Graduate.
Uses of anthropological concepts, methods, and findings in human
problems resulting from culture change.
Prerequisites: jr st; Anthro 102(R).
Last Taught: UWinterIM 2012, UWinterIM 2011, UWinterIM 2010,
UWinterIM 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 543 Cross-Cultural Study of Religion
3 cr. Undergraduate/Graduate.
Various approaches to the study of religion; religions of selected non-
Western societies.
Prerequisites: jr st; Anthro 102(R).
Last Taught: Fall 2015, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ANTHRO 544 Religious Giving in Anthropological Perspective
3 cr. Undergraduate.
Seminar on religious directives for giving in historical and cross-cultural
perspective, including Christian, Hindu, Buddhist, Muslim, and Jewish
ideas of charity, philanthropy, and social welfare.
Prerequisites: jr st.
Course Rules: Anthro 544 & ReligSt 544 are jointly offered; they count as
repeats of one another.
Current Offerings: http://uwm.edu/schedule

ANTHRO 560 Introduction to Research Methods in Anthropology
3 cr. Undergraduate/Graduate.
Problem and research design formulation. How to ask and answer
scientific questions using methods and techniques common to all fields
of anthropology.
Prerequisites: jr st; Anthro 102(R).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ANTHRO 561 Techniques and Problems in Ethnography
3 cr. Undergraduate/Graduate.
Methods of fieldwork for cultural anthropologists; design of field studies;
techniques for collection and analysis of field data; field projects.
Prerequisites: jr st; Anthro 102(R).
Current Offerings: http://uwm.edu/schedule

ANTHRO 562 Techniques and Problems in Archaeology
3 cr. Undergraduate/Graduate.
Methods of fieldwork in archaeology; strategies of archaeological
investigations; introduction to archaeological site mapping Lec, lab.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ANTHRO 565 Seminar in Regional Archaeology:
3 cr. Undergraduate/Graduate.
Seminar in archaeology of specific geographic areas. Consult Schedule of
Classes for specific semester's content.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2015, Fall 2012, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ANTHRO 566 Archaeological Analysis and Report Preparation:
3-6 cr. Undergraduate/Graduate.
Students will organize, describe, analyze, and interpret actual
archaeological materials. Each student will assist in writing an
archaeological report. Fee assessed according to nature and location of
field trips.
Prerequisites: jr st; Anthro 103(P) or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Fall 2016, Fall 2014, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule
ANTHRO 567 Archaeological Field School  
3-6 cr. Undergraduate/Graduate.  
Archaeological methods and techniques under field conditions, at one or more sites. Field work five days a week, evening lectures. Fee assessed according to nature and location of field school.  
Prerequisites: jr st; cons instr.  
Course Rules: May be retaken to 9 cr max.  
Current Offerings: [link to schedule]  
ANTHRO 568 Introduction to Anthropological Statistics  
3 cr. Undergraduate/Graduate.  
Statistical models and their basic assumptions; statistical inference in biological and cultural anthropology; probability theory; nonparametric and parametric methods.  
Prerequisites: jr st; Anthro 101(P) or 102(P) or 103(P) or cons instr.  
Course Rules: Anthro 570 & Linguist 570 are jointly offered; they count as repeats of one another.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: [link to schedule]  
ANTHRO 570 Issues in Bilingualism  
3 cr. Undergraduate/Graduate.  
Study of bilingual competence, bilingual community, and second language acquisition from sociolinguistic, psycholinguistic, and general linguistic standpoints.  
Prerequisites: jr st.  
Course Rules: Anthro 570 & Linguist 570 are jointly offered; they count as repeats of one another.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: [link to schedule]  
ANTHRO 585 Internship in Forensic Toxicology  
1-3 cr. Undergraduate.  
Practical experience in a forensic toxicology laboratory under the supervision of a toxicologist.  
Prerequisites: jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.  
Course Rules: Anthro 585, Chem 585, BMS(C L Sci) 585, & Crm Jst 585 are jointly offered; they count as repeats of one another.  
Last Taught: Fall 2014, Spring 2012.  
Current Offerings: [link to schedule]  
ANTHRO 594 Internship in Forensic Science  
1-3 cr. Undergraduate.  
On-site shadowing of evidence analyst at State Crime Laboratory.  
Prerequisites: jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281(P); Chem 221(P) or 223(P); Crm Jst 480(P); Hepatitis B vaccine series or waiver.  
Course Rules: Anthro 594, Chem 594, BMS(C L Sci) 594, & Crm Jst 594 are jointly offered; they count as repeats of one another.  
Last Taught: Fall 2014, Spring 2012.  
Current Offerings: [link to schedule]  
ANTHRO 636 Geochronology  
3 cr. Undergraduate/Graduate.  
Theory and application of radiometric and other numerical dating methods in geology, archaeology, and paleoanthropology.  
Prerequisites: jr st, Anthro 101(P) or 102(P) or 103(P); or grad st.  
Course Rules: Anthro 636 & Geo Sci 636 are jointly offered; they count as repeats of one another.  
Current Offerings: [link to schedule]  
ANTHRO 641 Seminar in Anthropology  
3 cr. Undergraduate/Graduate.  
A research seminar in any of the several recognized areas of anthropology.  
Prerequisites: jr st, Anthro 101(P) or 102(P) or 103(P); or grad st.  
Course Rules: May be retaken w/chg in topic to 9 cr max.  
Last Taught: Fall 2017, Fall 2016, Spring 2015, Fall 2014.  
Current Offerings: [link to schedule]  
ANTHRO 649 Ethnography of Institutions  
3 cr. Undergraduate/Graduate.  
A research seminar in any of the several recognized areas of anthropology.  
Prerequisites: jr st, Anthro 101(P) or 103(P); or Geo Sci 100(P), & cons instr; or grad st & cons instr.  
Current Offerings: [link to schedule]  
ANTHRO 699 Independent Work  
1-3 cr. Undergraduate.  
Advanced independent work under the supervision of an Anthro faculty or instructional academic staff member. Students must submit a study proposal. For further information, consult dept undergrad prog coord.  
Prerequisites: jr st; 2.5 GPA; writ cons instr, dept chair & asst dean for SAS.  
Course Rules: May be retaken w/chg in topic.  
Last Taught: Fall 2016, Summer 2016, Spring 2016, Fall 2015.  
Current Offerings: [link to schedule]  
ANTHRO 705 Advanced Topics in Ethnography  
3 cr. Graduate.  
Critical examination of peoples and cultures of selected areas of the world.  
Prerequisites: grad st.  
Course Rules: Retakable w/chg in topic to 9 cr max.  
Current Offerings: [link to schedule]
ANTHRO 720 History and Theory of Museums  
3 cr. Graduate.  
History of the museum idea and its contemporary forms; educational, scientific, and changing uses of museums; museums and other institutions; museum professionalism and ethics.  
Prerequisites: grad st; cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 721 Administration and Organization of Museums  
3 cr. Graduate.  
Administration and organizational problems in modern museums; finances and budgets; legal-administrative problems; relations with support groups and volunteers, record keeping, management of museum projects.  
Prerequisites: grad st; cons instr; grade of B or better in Anthro 720(P).  
Current Offerings: http://uwm.edu/schedule

ANTHRO 722 Visitor Experience and Design in Museums  
3 cr. Graduate.  
Development and design of the museum visitor experience with a holistic approach including exhibitions, programs, and experience design.  
Prerequisites: grad st; cons instr; grade of B or better in Anthro 721(P).  
Current Offerings: http://uwm.edu/schedule

ANTHRO 723 Museum Curation  
3 cr. Graduate.  
Practicum in the collection, organization, storage, care and scientific use of museum collections. Projects available in various specialties, dependent upon interest and special faculty arrangements.  
Prerequisites: grad st; cons instr; grade of B or better in Anthro 721(P).  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 724 Internship in Museum Studies  
3 cr. Graduate.  
Supervised practical experience in museums arranged on an individual basis.  
Prerequisites: grad st; Anthro 720(P); cons instr.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 744 Theories of Social Action: Understanding Agency & Social Structure  
3 cr. Graduate.  
Seminar on theories of social action. Practice and performance theories and the structure vs. agency debate.  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 762 Advanced Archaeological Analysis  
3 cr. Graduate.  
Study and practice in major phases of archaeological analysis.  
Prerequisites: grad st; cons instr.  
Course Rules: Retakable w/chg in topic to 9 cr max.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 763 Professionalism in Anthropology  
3 cr. Graduate.  
Skills needed to work in academia or an applied field; relevant to any of the four sub-fields or anthropology (archaeology, cultural, biological, or linguistic).  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 768 Topics in Advanced Research Design in Anthropology  
3 cr. Graduate.  
Methods of fitting various models to qualitative categorizations of archaeological, ethnographical, and biological data. Includes chi-square and multiclassificatory chi-squares, scaling, cluster analysis, markov chains, and game theory.  
Prerequisites: grad st; Anthro 568(R).  
Last Taught: Fall 2015, Fall 2013, Fall 2010, Spring 2007.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 797 Study Abroad:  
1-6 cr. Graduate.  
Allows graduate students to enroll in UWM sponsored program before course work level, content, and credits are determined and/or in specifically-prepared program course work.  
Prerequisites: grad st; acceptance in Study Abroad Prog.  
Course Rules: Retakable w/ chg in topic.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 801 A Survey of Physical Anthropology  
3 cr. Graduate.  
Reviews biological principles essential to an understanding of evolution. Reviews fields central to physical anthropology and human evolution: primatology, paleontology, anatomy, human genetics, population genetics.  
Prerequisites: grad st.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 802 Perspectives on Prehistory  
3 cr. Graduate.  
Surveys current theoretical and methodological concepts in archaeology, and their application to specific research problems. Readings include studies from both the old and new worlds.  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 803 Survey of Cultural Anthropology  
3 cr. Graduate.  
A survey of major theoretical and methodological issues central to cultural anthropology.  
Prerequisites: grad st.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

ANTHRO 804 Linguistic Anthropology  
3 cr. Graduate.  
A survey of major theoretical and methodological issues central to cultural anthropology.  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule
ANTHRO 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr will be assessed.
Current Offerings: http://uwm.edu/schedule

ANTHRO 920 Advanced Seminar in Museological Problems
3 cr. Graduate.
Use of museum collections/museums to examine museum work regarding legal considerations, ethics, documentation; use of collections to test theories and develop conceptual exhibits.
Prerequisites: grad st; Anthro 720(P).
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

ANTHRO 940 Seminar in Problems in Cultural Anthropology:
3 cr. Graduate.
Content varies.
Prerequisites: grad st; cons instr.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

ANTHRO 942 Seminar in Prehistory and Archaeology:
3 cr. Graduate.
Prerequisites: grad st; cons instr.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

ANTHRO 969 Seminar in Linguistic Anthropology:
3 cr. Graduate.
Advanced topics in the anthropological study of language.
Prerequisites: grad st; cons instr.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

ANTHRO 990 Research and Thesis
1-3 cr. Graduate.
Prerequisites: grad st; writ cons instr; writ cons dept chair.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ANTHRO 999 Advanced Independent Study
1-3 cr. Graduate.
Prerequisites: grad st; writ cons instr.
Course Rules: Retakable to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
Anthropology, BA

Anthropology is the scientific study of human beings and their cultures across time and space. In the broadest sense, anthropology is about how the human species came to be, how it developed myriad ways of living in the world, and how those ways may change in the future. It is the major most closely associated with archaeology.

Anthropology is a unique field that combines elements of social science and natural science. Students will find themselves in all types of settings - out in the field collecting physical samples, in a lab analyzing fossils and specimens, interviewing individuals and groups to collect oral histories, in the library and community researching, and in the classroom learning how to fit all of the pieces of evidence into a cohesive theory.

Students at UWM will be exposed to all types of anthropological work. Some may find themselves more drawn to the "people" side of things and gravitate more towards electives that focus on culture and societal structures. Social anthropologists may examine issues such as workplace behavior, religious rituals, art, family structures or gender relations. Others may find linguistic anthropology - the study of the development of languages - more interesting. Students who have always envisioned themselves digging up artifacts will find archaeology or biological anthropology of most interest.

Regardless of specialization, hands-on experience is critical. UWM offers all types of field experience and research opportunities, locally and at spots around the globe.

Requirements

Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

University General Education Requirements (GER)

<table>

</table>

Part B

Course designated as QL-B; may be completed through a major-specific course requirement

**Arts**

Select 3 credits

**Humanities**

Select 6 credits

**Social Sciences**

Select 6 credits

**Natural Sciences**

Select 6 credits (at least two courses including one lab)

**UWM Foreign Language Requirement**

Complete Foreign Language Requirement through:

- Two years (high school) of a single foreign language
- Two semesters (college) of a single foreign language
- Or equivalent

**UWM Cultural Diversity Requirement**

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM's Cultural Diversity requirement

**College of Letters & Science Requirements**

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

*Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.*

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 103</td>
<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
</tbody>
</table>
MATH 175  Mathematical Explorations for Elementary Teachers I  3

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
<td></td>
</tr>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td>ANTHRO 568</td>
<td>Introduction to Anthropological Statistics</td>
<td></td>
</tr>
<tr>
<td>ATM SCI 500</td>
<td>Statistical Methods in Atmospheric Sciences</td>
<td></td>
</tr>
<tr>
<td>BIO SCI 465</td>
<td>Biostatistics</td>
<td></td>
</tr>
<tr>
<td>ECON 210</td>
<td>Economic Statistics</td>
<td></td>
</tr>
<tr>
<td>GEOG 247</td>
<td>Quantitative Analysis in Geography</td>
<td></td>
</tr>
<tr>
<td>HIST 595</td>
<td>The Quantitative Analysis of Historical Data</td>
<td></td>
</tr>
<tr>
<td>MTHSTAT 215</td>
<td>Elementary Statistical Analysis</td>
<td></td>
</tr>
<tr>
<td>PHILOS 211</td>
<td>Elementary Logic</td>
<td></td>
</tr>
<tr>
<td>POL SCI 390</td>
<td>Political Data Analysis</td>
<td></td>
</tr>
<tr>
<td>POL SCI 392</td>
<td>Survey Research</td>
<td></td>
</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

**Note:** This requirement is not the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Completed in one of the following:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)</td>
<td>0-18</td>
<td></td>
</tr>
<tr>
<td>Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### IV. International Requirement

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Completed in one of the following ways:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above</td>
<td>9</td>
<td></td>
</tr>
<tr>
<td>Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Complete 9 credits in combination of the two options above</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arts</td>
<td>Select 3 credits</td>
<td></td>
</tr>
<tr>
<td>Humanities</td>
<td>Complete 12 credits of L&amp;S courses with Humanities Breadth designation; no more than 6 credits from a single subject area.</td>
<td>12</td>
</tr>
<tr>
<td>Social Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area.</td>
<td>12</td>
</tr>
<tr>
<td>Natural Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area.</td>
<td>12</td>
</tr>
<tr>
<td>Cultural Diversity</td>
<td>Complete 3 credits in a course with Cultural Diversity (CD) designation.</td>
<td>3</td>
</tr>
</tbody>
</table>

* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

### VI. The Major

The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.
Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Anthropology Major Requirements

Students majoring in anthropology can select from a wide variety of courses organized under four subfields:

- Cultural Anthropology
- Archaeology
- Physical (or Biological) Anthropology
- Linguistic Anthropology

Although majors take some coursework in each of the four subfields, they are encouraged to shape their own programs to meet individual needs and interests. Students majoring in anthropology must earn a GPA of 2.500 or better in anthropology courses attempted at UWM. In addition, the College of Letters and Science requires that students attain a 2.500 or better GPA in all anthropology courses attempted, including any transfer work. The major in anthropology requires 36 credits within the department. At least 15 credits in advanced-level courses (numbered 300 or above) must be taken in residence at UWM.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the College of Letters and Science

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and
Anthropology, Minor

Anthropology is the scientific study of human beings and their cultures across time and space. In the broadest sense, anthropology is about how the human species came to be, how it developed myriad ways of living in the world, and how those ways may change in the future. It is the major most closely associated with archaeology.

Anthropology is a unique field that combines elements of social science and natural science. Students will find themselves in all types of settings - out in the field collecting physical samples, in a lab analyzing fossils and specimens, interviewing individuals and groups to collect oral histories, in the library and community researching, and in the classroom learning how to fit all of the pieces of evidence into a cohesive theory.

Students at UWM will be exposed to all types of anthropological work. Some may find themselves more drawn to the "people" side of things and gravitate more towards electives that focus on culture and societal structures. Social anthropologists may examine issues such as workplace behavior, religious rituals, art, family structures or gender relations. Others may find linguistic anthropology - the study of the development of languages - more interesting. Students who have always envisioned themselves digging up artifacts will find archaeology or biological anthropology of most interest.

Regardless of specialization, hands-on experience is critical. UWM offers all types of field experience and research opportunities, locally and at spots around the globe.

Requirements

The anthropology minor requires 18 credits within the department, including the following:

1 Waiver or substitution in any of these categories may be approved, in some circumstances, by the assistant to the chair for undergraduate affairs in consultation with the student’s advisor.

Students must earn 9 credits in advanced-level courses (numbered 300 or above) taken in residence at UWM. The College requires that students attain at least a 2.500 GPA on all credits in the minor attempted at UWM. In addition, students must attain a 2.500 GPA on all minor credits attempted, including any transfer work.
Anthropology, MS

The Department of Anthropology offers programs of graduate study designed to provide a broad background in all significant facets of the discipline—biological as well as cultural, analytic as well as descriptive—while still encouraging specialization. It provides training both for students interested in an academic career in anthropology and for those concerned with practical issues approached from the integrative perspective of anthropology.

The department, in cooperation with the Milwaukee Public Museum, also offers a program leading to a Certificate in Museum Studies. The Milwaukee Public Museum, the fourth largest natural history museum in the country, is the site for methods courses that provide the student practical experience in museum work and for courses in the history and theory of museum exhibits. Each student’s program of studies includes training in anthropological theory and methods, issues and problems in cultural anthropology, archaeology, anthropological linguistics and physical anthropology, as well as topics that focus on the student’s area of particular interest.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major in anthropology comparable to that at UWM.
2. Three letters of recommendation.
3. A writing sample such as a relevant term paper, article submission, etc.
4. Submission of scores from the General Test of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre).

Applicants without an undergraduate major in anthropology can meet the first requirement in either of two ways:

1. By having completed junior-level courses in three of the four subfields of anthropology (archaeology, biological anthropology, cultural anthropology, or linguistics) with grades of B or better. These courses may be taken at any accredited college or university if they were not part of the applicant’s undergraduate career. Applicants also may take them as special students at UWM. Applicants planning to take such courses should check with the Director of Graduate Studies to verify that the courses will be acceptable.
2. Applicants lacking courses in anthropology may be admitted to the program and be allowed to take the core classes and advanced

Contact Information
Current Students contact Associate Professor Jean Hudson, jhudson@uwm.edu

This course may satisfy requirements in more than one category. However, no single course may count for more than two requirements.
seminars without deficiencies under certain conditions. For example, an applicant with an outstanding GPA or very high GRE scores who has an undergraduate major closely related to his or her proposed field of specialization could be admitted under this option.

Students are expected to satisfy deficiency requirements within three semesters of enrolling in the program. Deficiencies are monitored by the Graduate School and the Director of Graduate Studies. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

Application deadlines for admission to the program are January 15th for the following Fall semester and September 15th for the following Spring semester. Applicants requesting financial assistance may have other deadlines to be considered eligible. Contact the department’s Director of Graduate Studies for specific financial aid deadlines.

Credits and Courses
Students in the Master’s degree program in Anthropology are required to take a minimum of 30 credits, some of which are obtained by taking required courses. Required courses differ by concentration (requirements for students seeking to acquire a Certificate in Museum Studies are listed on that page.

Students may request a waiver for any of the above required courses except the advanced seminar. To request a waiver, a student must submit a letter to the Graduate Studies Committee. Requests must be accompanied by documentation demonstrating that the student is competent in the subject area of the course for which the waiver is sought. A waived course must be replaced by an anthropology course numbered 700 or above.

Students must maintain a B (3.0) average or better overall. The three core courses must be completed with an average of 3.0 or better. Students with a grade below a B in a core course subsequently accepted into the Ph.D. program must retake the course until they achieve a grade of B or better.

A thesis is required of all students; students may apply up to 6 credits of Research/Thesis courses toward meeting the minimum credits for the degree. The thesis must be formatted in accord with Graduate School requirements. Students will submit an electronic copy of the thesis to the
Program Requirements

Major Professor as Advisor
The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student selects an advisor, in consultation with the Director of Graduate Studies, by the end of the first semester of the program.

Thesis Defense
The student must pass an oral thesis defense. The examination committee must consist of at least three individuals, with a majority being members of the Anthropology Department.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Anthropology, MS/Library and Information Science, MLIS

In collaboration with several other academic units at UWM-Milwaukee, SOIS offers students the opportunity to obtain two Master's degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements

• The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
• The MLIS portion of the coordinated degrees can be completed online.
• Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component

The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School's offerings in accordance with the student's goals in the coordinated degree program.

MLIS/MS Anthropology

The MLIS/MS Anthropology Coordinated Degree Program (51 credits) prepares students for positions as curators of museum libraries; and as information specialists and researchers for local history collections and state historical societies.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet the UWM Graduate School requirements plus all admission requirements of both the School of Information Studies and the coordinated degree department. Please review the admission details of each program and contact an advisor with any questions.

Degree Requirements
Students enrolled in this program concurrently pursue the MS degree in Anthropology (p. 1028) (21 credits in Anthropology—9 fewer elective credits) and the MLIS degree (p. 951) (30 credits in SOIS). Candidates for the coordinated degree program will be expected to fulfill the degree requirements of both programs. Degrees will be awarded simultaneously.

**Electives**
Select 12 credits 12
Total Credits 30

Students may request a waiver for any of the above required courses except the advanced seminar. To request a waiver, a student must submit a letter to the Graduate Studies Committee. Requests must be accompanied by documentation demonstrating that the student is competent in the subject area of the course for which the waiver is sought. A waived course must be replaced by an anthropology course numbered 700 or above.

Students must maintain a B (3.0) average or better overall. The three core courses must be completed with an average of 3.0 or better. Students with a grade below a B in a core course subsequently accepted into the Ph.D. program must retake the course until they achieve a grade of B or better.

A thesis is required of all students; students may apply up to six credits of Research/Thesis courses toward meeting the minimum credits for the degree. The thesis must be formatted in accord with Graduate School requirements. Students will submit an electronic copy of the thesis to the Graduate School and a signed, unbound “hard” copy to the Department of Anthropology.

**Important**
You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.

**Anthropology, PhD**

The Department of Anthropology offers programs of graduate study designed to provide a broad background in all significant facets of the discipline—biological as well as cultural, analytic as well as descriptive—while still encouraging specialization. It provides training both for students interested in an academic career in anthropology and for those concerned with practical issues approached from the integrative perspective of anthropology.

The department, in cooperation with the Milwaukee Public Museum, also offers a program leading to a Certificate in Museum Studies. The Milwaukee Public Museum, the fourth largest natural history museum in the country, is the site for methods courses that provide the student practical experience in museum work and for courses in the history and theory of museum exhibits. Each student’s program of studies includes training in anthropological theory and methods, issues and problems in cultural anthropology, archaeology, anthropological linguistics and physical anthropology, as well as topics that focus on the student’s area of particular interest.

**Admission Requirements**

**Application Deadlines**
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**
An applicant must meet Graduate School (http://uwm.edu/graduateschool/admission) requirements plus the following departmental requirements to be considered for admission to the program:

1. A general master’s degree in anthropology or equivalent preparation without the master’s degree. An applicant with a master’s degree in another field may be admitted if the student has a grade point average of 3.0 (4.0 scale) in graduate work and is approved by the departmental Graduate Admissions Committee.
2. Three letters of recommendation.
3. A writing sample such as a relevant term paper, article submission, etc.
4. Submission of scores from the General Test of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/gre).

Applicants are accepted into the PhD program only if a faculty member agrees to serve as major professor. Applicants are encouraged to contact the faculty member they wish to work with prior to applying to the
program. The applicant’s statement of purpose should identify his or her proposed major professor.

Application deadlines for admission to the program are January 15th for the following fall semester and September 15th for the following spring semester. Applicants requesting financial assistance may have other deadlines to be considered eligible. Contact the department’s graduate advisor for specific financial aid deadlines.

Reapplication
A student who receives the master’s degree must formally reapply for admission to the Graduate School before continuing studies toward the PhD.

Credits and Courses
Minimum degree requirement is 54 graduate credits beyond the bachelor's degree, at least 27 of which must be earned in residence at UWM. A student lacking any of the courses (or equivalents taken elsewhere) required to attain a Master’s degree in his/her major area of concentration must complete these courses as part of his/her PhD work.

Foreign Language/Specialization

A foreign language or specialized scholarly skill

<table>
<thead>
<tr>
<th>Total Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>15</td>
</tr>
</tbody>
</table>

Foreign Language or Specialized Scholarly Skill
The candidate may satisfy this requirement by demonstrating one of the following:

- Proficiency in a foreign language useful in the student’s career.
- Proficiency in mathematical, statistical, or computer skills.
- Proficiency in other skills that meet departmental approval.

Program Requirements
Doctoral Preliminary Examination and Dissertation Proposal Defense
The candidate must pass an oral doctoral preliminary examination as one of the qualifications for achieving dissertator status. Candidates choose two to four topics in consultation with their advisor for the Preliminary Examination. The topics must be broader than, but related to, the focus of the candidate’s proposed dissertation research. The topics must be approved by the Department’s Graduate Studies Committee and the Department faculty. The preliminary examination must be passed within five years of initial enrollment for a student to be eligible to continue in the program.

The candidate must pass a formal dissertation proposal hearing prior to starting dissertation research.

Dissertation
The candidate must prepare a dissertation reporting in the candidate’s own style the results of an original research investigation representing a substantive creative contribution.

The dissertation must be formatted in accord with Graduate School requirements. Students will submit an electronic copy of the dissertation to the Graduate School and a signed, unbound “hard” copy to the Department of Anthropology.

Dissertation Defense
As the final step toward the degree, the candidate must pass an oral examination before his/her doctoral committee in defense of the dissertation.

Residence
The student must meet minimum Graduate School residence requirements.

Time Limit
All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

Death Investigation, Undergraduate Certificate (College of Letters and Science, Department of Anthropology)
The Biomedical Sciences Program, Criminal Justice Program, and Departments of Anthropology and Chemistry cooperate in offering three certificates in the area of forensic sciences. Sponsored jointly by the Colleges of Letters and Science and Health Sciences and the Helen Bader School of Social Welfare, these certificate curricula are designed to train
students in basic skills that will provide the foundation for careers in the fields of law enforcement, death investigation, pathology, and toxicology. Certificates are offered in Death Investigation, Forensic Science, and Forensic Toxicology. Where applicable, the curriculum meets the criteria required for professional certification examinations (Medicolegal Death Investigation, Toxicological Chemist).

Eligibility
Undergraduate students who pursue a forensic sciences certificate maintain their identity as majors in their home departments and continue to progress toward a baccalaureate degree while in the certificate program. Courses include lecture presentations and laboratory experiences that cover fundamental areas of forensic science and provide unique instruction on techniques that are essential in the specific certificates. Students are given instruction by faculty members at UWM and forensic professionals in the Milwaukee community. Any of the programs may be pursued as a post-baccalaureate educational certificate. Individuals who are not enrolled in a degree program at UWM, but are seeking continuing education for career development, may be admitted to courses in the certificate programs by meeting prerequisites with equivalent experience or consent of the instructor.

Requirements
To receive a certificate in Death Investigation, Forensic Science, or Forensic Toxicology, students must complete at least one half of the required credits on the UWM campus. A minimum grade point average of 2.500 must be achieved on the required credits. All options within the certificate require at least a basic knowledge of chemistry and biology. To meet this requirement, prior to registering themselves in the certificate program, students must successfully complete CHEM 100 or equivalent and BIO SCI 100 or equivalent.

The following courses must be completed successfully to obtain a Certificate in Death Investigation:

<table>

Museum Studies, Graduate Certificate

The Museum Studies Program was established in 1963 as a cooperative venture between UW-Milwaukee and the Milwaukee Public Museum. The goal of the program is to provide, in a museum environment, the basic scholarship and functional training to equip the student with the skills necessary to assume professional entry-level museum positions in:

- museums
- galleries
- archives
- historical societies
- related institutions

Coursework is structured to develop a high degree of professionalism and responsibility, skills in problem solving, critical thinking and evaluation, writing, oral presentation, decision-making, and teamwork.

The program stresses professional museum standards and ethics and proper care and interpretation of collections while providing the opportunity for the development of expertise and special skills. The program is designed to be practical and realistic.

The Certificate in Museum Studies must be completed in conjunction with a UWM graduate degree program. The certificate is designed to supplement a student’s graduate discipline and assumes that each student will have a firm footing in his/her academic field.

The program is listed and administered through the Anthropology Department at UW-Milwaukee and taught off-campus at the Milwaukee Public Museum (MPM) by museum professionals. All applicants to the Museum Studies certificate program must comply with a background check as required by Milwaukee Public Museum policy. Individuals with criminal records cannot be admitted to the program.

Regular individual academic advising and career planning are important features of the program. The majority of graduates of the program find a paid position in a museum within one year of graduation. Graduates of the program have assumed responsibilities in museums and related institutions across the country as directors, curators, collections managers, registrars, educators, and more.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application

Students must complete a minimum of 15 credits to earn the Museum Studies Graduate Certificate. Those interested in attaining the Certificate must indicate this in their application to their chosen graduate degree program in addition to completing a separate application for the Certificate. Students deciding to pursue the Certificate after having started a graduate degree program must both notify in writing the Director of Graduate Studies of their chosen graduate program and complete the Certificate online application.

Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted to a certificate program.

Credits and Courses

The certificate program consists of five courses (15 credits) at the graduate level. The four core courses must be taken in the following sequence, while the fifth course may be taken at any time after the completion of ANTHRO 721:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ANTHRO 720</td>
<td>History and Theory of Museums</td>
<td>3</td>
</tr>
<tr>
<td>ANTHRO 721</td>
<td>Administration and Organization of Museums</td>
<td>3</td>
</tr>
<tr>
<td>ANTHRO 722</td>
<td>Visitor Experience and Design in Museums</td>
<td>3</td>
</tr>
<tr>
<td>ANTHRO 723</td>
<td>Museum Curation</td>
<td>3</td>
</tr>
<tr>
<td>ANTHRO 724</td>
<td>Internship in Museum Studies</td>
<td>3</td>
</tr>
<tr>
<td>Total Credits</td>
<td></td>
<td>15</td>
</tr>
</tbody>
</table>

The fifth course requirement (ANTHRO 724) can be satisfied through supplementary coursework at UWM or through completion of a 150-hour internship at the Milwaukee Public Museum or other approved institution. Anthropology, Art History, History, and Educational Psychology all offer courses that supplement the Museum Studies curriculum and fulfill the required elective. The structure and scheduling of the coursework requires at least two years for completion, since each course is taught only once a year and the four courses must be taken in sequence.

Certificate Requirements

Transfer Credit

No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.
Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:

• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

ART HISTORY

The history of art is the study of humanity's efforts to express its ideas, experiences, and beliefs in visual and graphic form: in painting, sculpture, architecture, graphic art, design, film, and performance arts. It also is the historical study of the attempt to reorder the physical environment through urban and architectural planning. Courses in the Department of Art History are designed to train students to deal with such studies in the context of the cultural, social, political, economic, and religious climates of different historical eras, as well as to foster an understanding of the specific development, materials, theory, and parameters of art. Internships and colloquia in art museum studies afford qualified students more specialized experience in connoisseurship, curatorial practices, and arts management.

Students in Art History at UWM have unique access to thousands of pieces of artwork. The Emile H. Mathis Art Gallery contains over 7,000 objects covering Western and non-Western art and spanning a time frame from ancient to contemporary art. Notable artists represented in the Gallery include Jean Arp, Joan Miro, Henry Moore, Victor Vasarely, Alexander Calder, and Pablo Picasso. Check out the video of the Mathis Gallery (https://www.youtube.com/watch?v=7ClNKGnwnOQ).

Programs

- Art History and Criticism, Minor (p. 1046)
- Art History, BA (p. 1046)
- Art History, MA (p. 1050)

Art History Courses

ARTHIST 101 Ancient and Medieval Art and Architecture
3 cr. Undergraduate.
The great originative styles of Egypt, Greece, Rome, and the Christian West in architecture, sculpture, and painting.
Prerequisites: none.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

3 cr. Undergraduate.
Representative masters in the historical development of European painting, sculpture, and architecture from the fifteenth century to the present.
Prerequisites: none.
General Education Requirements: HU
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARTHIST 103 History of Architecture
3 cr. Undergraduate.
Architecture from Stonehenge to the present, examining the nature of the art, major styles and significant architects, and relation to society, technology, and the environment.
Prerequisites: none.
General Education Requirements: HU
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARTHIST 104 African, New World and Oceanic Art and Architecture
3 cr. Undergraduate.
Major art forms in oceanic, pre-Columbian, American Indian, and African art; their functions and meanings.
Prerequisites: none.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

ARTHIST 105 Asian Art and Architecture
3 cr. Undergraduate.
Functions and meanings of major art forms in the art of Asia, including India, China, Japan, and Southeast Asia.
Prerequisites: none.
General Education Requirements: HU
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARTHIST 111 Entertainment Arts: Film, Television, and the Internet
3 cr. Undergraduate.
History of film, television, and the Internet. Focus on economic and aesthetic features of these media and interrelationships among them. Models for critiquing each form.
Prerequisites: none.
Course Rules: ArtHist 111, English 111, & FilmStd 111 are jointly offered; they count as repeats of one another.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

ARTHIST 192 First-Year Seminar
3 cr. Undergraduate.
The specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

ARTHIST 205 History of Film I: Development of an Art
3 cr. Undergraduate.
The technology, style, history, and theory of the medium. Aesthetic advances from silent to color and sound films. Contributions of various nationalities and artists.
Prerequisites: none.
Course Rules: ArtHist 205 & FilmStd 205 are jointly offered; they count as repeats of one another.
General Education Requirements: HU
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ARTHIST 206 History of Film II: Development of an Art
3 cr. Undergraduate.
The technology, style, history, and theory of the medium. Aesthetic advances from silent to color and sound films. Contributions of various nationalities and artists.
Prerequisites: none.
Course Rules: ArtHist 206 & FilmStd 206 are jointly offered; they count as repeats of one another.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

ARTHIST 210 The Art and Architecture of the First Cities: A Global Perspective
3 cr. Undergraduate.
The art and monuments of the first cities of the ancient world from the Near East to the Americas which gave rise to urbanization as we know it.
Prerequisites: none.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

3 cr. Undergraduate.
Masterpieces by Spanish artists, including El Greco, Velazquez, and Goya; the social and intellectual forces at play in their works.
Prerequisites: soph st.
Current Offerings: http://uwm.edu/schedule

ARTHIST 261 Modern Art
3 cr. Undergraduate.
Survey of characteristics and developments of modern art movements. Representative theories, groups, and personalities.
Prerequisites: none.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

ARTHIST 270 Pre-Columbian Art, Myth, and Legacy
3 cr. Undergraduate.
The conquest of the Americas and the art of three Pre-Columbian civilizations: the Aztec, Maya, and Inca.
Prerequisites: none.
Last Taught: Spring 2015, Fall 2012.
Current Offerings: http://uwm.edu/schedule

ARTHIST 281 Modern and Contemporary Chinese Art
3 cr. Undergraduate.
Comprehensive survey of modern and contemporary Chinese art history.
Prerequisites: none.
Last Taught: Fall 2015, Spring 2014, Spring 2012.
Current Offerings: http://uwm.edu/schedule
ARTHIST 289 Internship in Art History, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of art history in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in ArtHist; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ARTHIST 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ARTHIST 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ARTHIST 307 Film Directors:
3 cr. Undergraduate/Graduate.
Comprehensive analysis of the technique, style, and themes of specific major film artists. Biographical, cultural, artistic influences on artists' work.
Prerequisites: jr st; ArtHist 205(R) or 305(R).
Course Rules: May be retaken w/chg in topic to 9 cr max. ArtHist 307 & FilmStd 307 are jointly offered; w/same topic they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

ARTHIST 308 Film Styles:
3 cr. Undergraduate/Graduate.
A stylistic analysis of film of major filmmakers made within the structures of particular genres, such as gangsters, musicals, westerns, horror, science fiction and studios.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic to 9 cr max. ArtHist 308 & FilmStd 308 are jointly offered; w/same topic they count as repeats of one another.
Last Taught: Fall 2014, Spring 2014, Fall 2013, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ARTHIST 312 Minoan and Mycenaean Art and Archaeology
3 cr. Undergraduate/Graduate.
Architecture, sculpture, and painting in the Aegean during the Bronze Age, with emphasis on recent archaeological discoveries.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

ARTHIST 313 Greek Art and Archaeology
3 cr. Undergraduate/Graduate.
Major developments in Greek art from Archaic times through the Hellenistic period. Emphasis on architecture, sculpture, and painting of the Archaic and Classical periods.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

3 cr. Undergraduate/Graduate.  
Art and culture in Spain and its empire, including Mexico and Peru. Major artists such as El Greco, Velázquez, and Ribera.  
Prerequisites: jr st or cons instr.  
Last Taught: Spring 2017, Fall 2015, Spring 2011, Fall 2007.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 349 American Postmodernism 1960-2000  
3 cr. Undergraduate/Graduate.  
Prerequisites: ArtHist 102(P)  
Last Taught: Fall 2016, Fall 2012, Fall 2006, Fall 2003.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 351 English Art: 1550-1850  
3 cr. Undergraduate/Graduate.  
Architecture, painting, and sculpture in England from Elizabeth I to the Great Exhibition of 1851; emphasis on Wren, Adam, Reynolds, Gainsborough, Constable, and Turner.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 353 American Art: Colonial Period - 1870  
3 cr. Undergraduate/Graduate.  
Architecture, painting, sculpture, and decorative arts of colonial America through the civil war period with emphasis on their aesthetic and social contexts.  
Prerequisites: jr st.  
Last Taught: Fall 2016, Fall 2013, Fall 2011, Spring 2010.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 354 American Art: 1870 - Present  
3 cr. Undergraduate/Graduate.  
Painting, sculpture, and the decorative arts from 1870 to the present with emphasis on their aesthetic and social contexts.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 355 American Folk Art  
3 cr. Undergraduate/Graduate.  
Survey of American folk art from colonization to the present. Emphasis on major styles and themes, regional developments, and relationship to the fine arts.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 357 Nineteenth-Century Painting in Europe  
3 cr. Undergraduate/Graduate.  
History of European painting from 1800 to 1900.  
Prerequisites: jr st.  
Last Taught: Spring 2016, Fall 2014, Fall 2012, Summer 2008.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 358 Modern Painting I: 1850-1900  
3 cr. Undergraduate/Graduate.  
Realist, Impressionist, and Post-Impressionist movements in historical and intellectual contexts; emphasis on Courbet, Manet, Renoir, Degas, Pissaro, Seurat, Cezanne, Gauguin, Ensor, Munch, Van Gogh.  
Prerequisites: jr st.  
General Education Requirements: HU  
Last Taught: Fall 2017, Fall 2016, Spring 2012, Spring 2011.  
Current Offerings: http://uwm.edu/schedule

ARTHIST 359 Modern Architecture I: The European Foundations of Modern Architecture  
3 cr. Undergraduate/Graduate.  
An aesthetic, stylistic, theoretical, technical and functional study of European architecture from the end of the Baroque style to the beginning of Modernism.  
Prerequisites: jr st; ArtHist 101(R) & 102(R).  
Current Offerings: http://uwm.edu/schedule

ARTHIST 360 Modern Architecture II: The Rise of Modern Architecture  
3 cr. Undergraduate/Graduate.  
Emphasizing the work of the major modern architect, the course traces the evolution of architecture from the beginnings of Modernism to the present time.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule
ARTHIST 361 Modern Architecture III: Contemporary Architecture
3 cr. Undergraduate/Graduate.
The intellectual, visual, and social evolution of architecture since the early 1960's.
Prerequisites: jr st; ArtHist 360(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ARTHIST 363 Modern Sculpture: 1880-1945
3 cr. Undergraduate/Graduate.
Development of the Expressionist, Cubist, Futurist, Dada, Surrealist, and Constructivist movements and work of independent sculptors against the twentieth century historical and intellectual background.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

ARTHIST 364 Modern Painting II: 1900 to the Present
3 cr. Undergraduate/Graduate.
Development of the Fauve, Cubist, Expressionist, Dada, Surrealist, and Abstract movements against the historical and intellectual background of the twentieth century. Emphasis on leading individual twentieth century artists.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

3 cr. Undergraduate/Graduate.
An investigation of the craft or decorative arts-specially furniture, ceramics, glass, metalwork, and textiles-from the Great Exhibition of 1851 to the present.
Prerequisites: jr st.
Last Taught: Spring 2016, Fall 2011, Fall 2008, Fall 2006.
Current Offerings: http://uwm.edu/schedule

ARTHIST 369 Introduction to Contemporary Art
3 cr. Undergraduate/Graduate.
Legacies of Minimalism and Conceptual Art on global contemporary art movements such as site-specific art, earth and land art, institutional critique, body and performance art.
Prerequisites: jr st.
Course Rules: Counts as repeat of ArtHist 470 w/same topic.
Last Taught: Fall 2017, Fall 2015, Spring 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

ARTHIST 370 Trends in Contemporary Architecture
3 cr. Undergraduate/Graduate.
Current trends in architectural practice, focusing on organic and animate built forms, as well as modular and portable structures within performative, digital, and visual architecture.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

ARTHIST 371 African Art
3 cr. Undergraduate/Graduate.
Art of the indigenous peoples of different sections of Africa, with consideration of both aesthetic qualities and the social context of the art.
Prerequisites: jr st.
Last Taught: Spring 2017, Fall 2014, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ARTHIST 372 Art of the Inca and their Ancestors
3 cr. Undergraduate/Graduate.
Native arts of South America before European contact; emphasis on artistic developments in the Andean region.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

ARTHIST 373 Art of Ancient Mexico and Central America
3 cr. Undergraduate/Graduate.
Arts of ancient Mexico and Central America; emphasis on the Olmec, the Maya, and the Aztecs.
Prerequisites: jr st.
Last Taught: Fall 2010, Fall 2009, Fall 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule

ARTHIST 375 Art of the Aztec Empire
3 cr. Undergraduate/Graduate.
Comprehensive introduction to the art of the Aztec Empire, including architecture, monumental sculpture, small-scale sculpture, ceramics, painting, lapidary work, goldwork, and featherwork.
Prerequisites: jr st.
Course Rules: Counts as repeat of ArtHist 499 with same subtitle.
Current Offerings: http://uwm.edu/schedule

ARTHIST 381 Honors Seminar:
3 cr. Undergraduate.
Specific topics vary.
Prerequisites: soph st; Honors 200(P); cons Honors College dir.
Course Rules: May be retaken w/chg in topic to 9 cr max.
General Education Requirements: HU
Last Taught: Fall 2017, Spring 2017, Fall 2013, Spring 2012.
Current Offerings: http://uwm.edu/schedule
ARTHIST 382 Chinese Art and Architecture  
3 cr. Undergraduate/Graduate.  
Chinese bronzes, jades, painting, sculpture, and architecture from the Neolithic (5000 B.C.E.) to the modern period, including Buddhist, Daoist, Confucianist, and Communist art.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule  

ARTHIST 383 Japanese Art and Architecture  
3 cr. Undergraduate/Graduate.  
Japanese temples, shrines, paintings, prints, and crafts from the Neolithic to the modern period, including films, Zen art, and the tea ceremony.  
Prerequisites: jr st.  
Last Taught: Spring 2018, Fall 2016, Spring 2015.  
Current Offerings: http://uwm.edu/schedule  

ARTHIST 384 Art and Archaeology of the Chinese Bronze Age  
3 cr. Undergraduate/Graduate.  
In-depth study of ritual bronzes and other crafts created for nobles and commoners of the Bronze Age, with emphasis on recent archaeological discoveries.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule  

ARTHIST 386 Art, Ritual, and Ethnicity of China  
3 cr. Undergraduate/Graduate.  
In depth introduction to the ethnic arts and religions of China; architecture, painting, film, and religious ceremonies of Daoism, Buddhism, and Dongba.  
Prerequisites: jr st or cons instr.  
Last Taught: Spring 2017, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

3 cr. Undergraduate/Graduate.  
Florentine and other Italian architecture in the fifteenth and sixteenth centuries; such artists as Brunelleschi, Alberti, Bramante, Leonardo da Vinci, Michelangelo, and Palladio.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule  

ARTHIST 447 Topics in Early Modern Art:  
3 cr. Undergraduate/Graduate.  
Key themes, genres, and artists in European art from the fourteenth through the seventeenth centuries. Themes may include gender, politics, and religion.  
Prerequisites: jr st.  
Course Rules: May be retaken w/chg in topic to 9 cr max.  
Last Taught: Fall 2005.  
Current Offerings: http://uwm.edu/schedule  

ARTHIST 458 A Comparative History of Architecture and Urbanism:  
3 cr. Undergraduate/Graduate.  
Physical history of contrasting cities, concentrating on architectural development of all types: institutional, commercial, industrial, residential, and recreational. Emphasizes historical context as well as formal development.  
Prerequisites: jr st.  
Course Rules: May be retaken w/chg in topic to 9 cr max.  
Current Offerings: http://uwm.edu/schedule  

ARTHIST 459 American Architecture  
3 cr. Undergraduate/Graduate.  
Architecture in the United States from its beginnings in the 17th century to its absorption into international Modernism at the time of World War II.  
Prerequisites: jr st; ArtHist 103(P) or 102(P) or cons instr.  
Current Offerings: http://uwm.edu/schedule
**ARTHIST 462 Frank Lloyd Wright**
3 cr. Undergraduate/Graduate.
The work of America's and Wisconsin's best-known architect presented in its historical, cultural and philosophical contexts.
**Prerequisites:** jr st; one of the following courses recom: ArtHist 102(R), 359(R), 360(R), 459(R).
**Last Taught:** Fall 2017, Fall 2011, Fall 1996, Fall 1993.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 463 Cubism and its Inheritance**
3 cr. Undergraduate/Graduate.
The development of Cubism by Picasso and Braque and its progeny in Paris, in futuristic Italy, and in constructivist Russia.
**Prerequisites:** jr st.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 464 European Art, 1890-1910**
3 cr. Undergraduate/Graduate.
European art in a pivotal period in the history of modern painting, architecture, and sculpture; post-impressionism, symbolism, art nouveau, fauvism, expressionism, and cubism.
**Prerequisites:** jr st.
**Last Taught:** Fall 2013, Spring 2009.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 465 Dada and Surrealist Art**
3 cr. Undergraduate/Graduate.
Two major twentieth-century art movements; their sources, major proponents, and later influence; Duchamp, De Chirico, Ernst, Giacometti, Picasso, Miro, Magritte, Dali.
**Prerequisites:** jr st.
**Last Taught:** Spring 2016, Fall 2012, Fall 2010, Fall 2007.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 469 American Artists Revealed:**
3 cr. Undergraduate/Graduate.
Focus on prominent 19th and 20th century American master artists working in various genres and formal approaches.
**Prerequisites:** jr st.
**Course Rules:** May be retaken w/chg in topic to 6 cr max.
**Last Taught:** Spring 2017, Spring 2014, Fall 2010, Summer 2005.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 470 Topics in American Art:**
3 cr. Undergraduate/Graduate.
In-depth examination of important themes, genres, or subgroups in the evolution of American art.
**Prerequisites:** jr st.
**Course Rules:** May be retaken w/chg in topic to 6 cr max.
**Last Taught:** Fall 2017, Spring 2016, Fall 2015, Spring 2015.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 471 Topics in Contemporary Art:**
3 cr. Undergraduate.
Art from the 1960s to the present.
**Prerequisites:** jr st.
**Course Rules:** May be retaken w/chg in topic to 6 cr max.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 472 History and Theory of New Media Art**
3 cr. Undergraduate/Graduate.
The history and critical theory of new media artworks, focusing on artists who utilize interactive technologies.
**Prerequisites:** jr st.
**Last Taught:** Fall 2017, Fall 2015, Fall 2014, Spring 2013.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 473 Art and Performance**
3 cr. Undergraduate/Graduate.
Intersections between art and performance, beginning in the 1960s, and including performance and body art, live art, dance, and participatory or relational post-studio art practice.
**Prerequisites:** jr st.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 474 Maya Art**
3 cr. Undergraduate/Graduate.
Ancient Maya art, with emphasis on the Classic Period florescence, its development, and major themes.
**Prerequisites:** jr st.
**Last Taught:** Fall 2012, Spring 2010, Spring 2007, Spring 2004.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 480 Chinese Painting**
3 cr. Undergraduate/Graduate.
Major developments in Chinese painting from 6 B.C.E. to the modern period, including landscapes, figures, flowers-and-birds, and calligraphy.
**Prerequisites:** jr st.
**Last Taught:** Spring 2018, Fall 2012, Spring 2010, Fall 2008.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 481 Topics in Chinese Art:**
1-3 cr. Undergraduate/Graduate.
In-depth examination of important themes, genres, or subgroups in the evolution of Chinese art.
**Prerequisites:** jr st.
**Course Rules:** May be retaken w/chg in topic to 6 cr max.
**Last Taught:** Spring 2016, Fall 2011, Fall 2010, Spring 2007.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 482 Topics in Non-Western Art:**
3 cr. Undergraduate/Graduate.
In-depth examination of major themes, genres, or regional sub-groups within the field of non-western art.
**Prerequisites:** jr st.
**Course Rules:** May be retaken w/chg in topic to 6 cr max.
**Last Taught:** Spring 2015, Fall 2011, Spring 2010, Spring 2009.
**Current Offerings:** http://uwm.edu/schedule

**ARTHIST 489 Internship in Art History, Upper Division**
1-6 cr. Undergraduate.
Application of advanced principles of art history in a business, organizational, educational, political, or other appropriate setting.
**Prerequisites:** jr st; 300-level or above course in ArtHist; 2.25 gpa; cons supervising faculty member.
**Course Rules:** One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.
**Last Taught:** Spring 2013, Fall 2012, Summer 2012, Fall 2011.
**Current Offerings:** http://uwm.edu/schedule
ARTHIST 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course
work level, content, and credits are determined and/or in specially
prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ARTHIST 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances,
can be offered in one add'l sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ARTHIST 501 Colloquium in Method and Theory:
3 cr. Undergraduate.
An undergraduate research seminar in various aspects of the history of
art, with papers presented by students.
Prerequisites: jr st; declared Art History major; cons instr.
Course Rules: Satisfies L&S research req. May not be retaken for cr.
Current Offerings: http://uwm.edu/schedule

ARTHIST 691 Art Museum Internship
3 cr. Undergraduate.
Supervised practical experience in local art museums arranged on
individual basis. Introduction to curatorial and/or administrative duties;
'hands on' treatment of works of art.
Prerequisites: jr st; at least 6 cr ArtHist at the 300 level or above & cons
internship coord.
Course Rules: May be retaken for 3 additional cr.
Current Offerings: http://uwm.edu/schedule

ARTHIST 699 Independent Study
1-3 cr. Undergraduate.
Advanced independent work under the supervision of an ArtHist faculty
or instructional academic staff member. Students must submit a study
proposal. For more information, consult dept chair.
Prerequisites: jr st; 2.5 GPA; writ cons instr, dept chair & asst dean for SAS.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ARTHIST 700 Proseminar in Art History
3 cr. Graduate.
Historiography and methodology of art history.
Prerequisites: grad st or cons instr
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ARTHIST 703 Introduction to Art Museum Studies I
3 cr. Graduate.
History and theory of the art museum; emphasis on the discourse of the
modern museum, and selected issues in contemporary exhibition and
display.
Prerequisites: grad st.
Course Rules: Course fee may be assessed.
Last Taught: Spring 2017, Fall 2014, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ARTHIST 704 Introduction to Art Museum Studies II
3 cr. Graduate.
Methodologies and technologies of art museum work, including
collection management, exhibition organization, catalogue production,
and educational programming. Course fee may be assessed.
Prerequisites: grad st; ArtHist 703(P).
Current Offerings: http://uwm.edu/schedule

ARTHIST 710 Colloquium in Ancient Art and Archaeology:
3 cr. Graduate.
Directed readings and discussions on topics in the arts of greece,
rome, egypt, or the near east. Emphasis on scholarly source materials
and methodological approaches. Specific topic and any additional
prerequisites will be announced in the schedule of classes each time the
course is offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2017, Fall 2013, Fall 2010, Fall 2006.
Current Offerings: http://uwm.edu/schedule

ARTHIST 720 Colloquium in Medieval Art/Architecture:
3 cr. Graduate.
Directed readings and discussions on topics in early christian byzantine
and western medieval art and architecture. Emphasis on scholarly
source material and methodological approaches. Specific topic and any
additional prerequisites will be announced in the schedule of classes each
time the course is offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

ARTHIST 730 Colloquium in Renaissance/Baroque Art/Architecture:
3 cr. Graduate.
Directed readings and discussions on topics in the arts of the
renaisance and/or baroque periods. Emphasis on scholarly source
material and methodology. Specific topic and any additional prerequisites
will be announced in the schedule of classes each time the course is
offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule
ARThIST 740 Colloquium in Latin American Art:
3 cr. Graduate.
Directed readings, critical discussions, and short written reports on topics in Latin American art, 1492 to the present. Emphasis on scholarly sources and methodological approaches.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2007.
Current Offerings: http://uwm.edu/schedule

ARThIST 750 Colloquium in Ancient Art:
3 cr. Graduate.
Directed readings, critical discussions, and short written reports on topics in ancient art. Emphasis on scholarly sources and methodological approaches. Specific topic and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2007.
Current Offerings: http://uwm.edu/schedule

ARThIST 760 Colloquium in Modern Art/Architecture:
3 cr. Graduate.
Directed readings, critical discussions, and short written reports on topics in modern art/architecture 1800-present. Emphasis on scholarly sources and methodological approaches. Specific topic and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2007.
Current Offerings: http://uwm.edu/schedule

ARThIST 761 Colloquium in Film History, Theory, Criticism:
3 cr. Graduate.
Readings in contemporary historiography and theory methodologies. Application of criticism to films and periods. 12 essays, 1 paper. Specific topic and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2015, Fall 2012, Spring 2010, Fall 1999.
Current Offerings: http://uwm.edu/schedule

ARThIST 770 Colloquium in Non-Western Art:
3 cr. Graduate.
Problems in the traditional arts of pre-Columbian America, Africa, and Oceania. Develops methodological skills in art history through the exploration of art in non-western societies. Specific topic and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Fall 2012, Spring 2011, Fall 2010, Spring 2009.
Current Offerings: http://uwm.edu/schedule

ARThIST 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule

ARThIST 890 Independent Field Study
1-3 cr. Graduate.
Independent research in local archives, on local monuments, or on archaeological expeditions.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2016, Fall 2012, Spring 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ARThIST 891 Art Museum Internship
3 cr. Graduate.
Supervised practical experience in local art museums arranged on individual basis. Introduction to curatorial and/or administrative duties; 'hands on' treatment of works of art.
Prerequisites: grad st; at least 6 cr in ArtHist at grad level & cons internship coord.
Course Rules: Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ARThIST 901 Problems in Art History:
3 cr. Graduate.
Selected problems in art historical scholarship. Students will research scholarly problems in depth and present the results in both oral and written form. Specific topic and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
Prerequisites: grad st; one 700-level colloquium in ArtHist & cons instr.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

ARThIST 990 Thesis Research
3-6 cr. Graduate.
Prerequisites: grad st & writ cons grad advisor or instr.
Course Rules: Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ARThIST 991 Thesis Exhibition
3-6 cr. Graduate.
Organization and installation of an art exhibition.
Prerequisites: grad st; ArtHist 700(P); writ cons grad advisor or instr.
Course Rules: Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ARThIST 999 Reading and Research
1-3 cr. Graduate.
Advanced independent research. For information, consult department chair.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2016, Fall 2015, Summer 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

Art History and Criticism, Minor

Students interested in examining history through the lens of paintings, sculptures, film, architecture, graphics, and decorative arts will find Art History to be an ideal major. Throughout time, humans have expressed their emotions, beliefs, and ideals through these mediums, and today's students can use these objects to understand culture, society, politics, economies, and religions and apply the lessons learned to modern issues.

What can you do with an Art History minor? The answer turns out to be quite a bit.

Alumni follow a variety of career paths, and their skills are applicable to many types of jobs. Popular careers include teacher or professor, museum or gallery curator, art dealer, arts administrator, art appraiser, and historic preservation consultant, some of which require education beyond a bachelor's degree. Other students choose to branch out into related fields that require a broad knowledge of culture and communication such as journalism, law, marketing, administration, interior design, photography, library science, and cultural/heritage studies.

Much of what happens after college depends on what a student does during college. A student who wants to work in a gallery should ensure the s/he gains hands-on experience during college through internships, volunteer work, and part-time jobs. Experiential learning is critical - it grounds what a student learns in the classroom with the real world.

Students who are more interested in the production of art (such as becoming a film maker or artist) should explore the majors offered through UWM's Peck School of the Arts (p. 82).

Requirements

Students should declare the minor in art history after they have completed 15 degree credits, and before they have earned 75 degree credits. A minimum 2.500 GPA must be maintained in all Art History courses attempted at UWM. In addition, students must attain a 2.500 GPA in all minor credits attempted, including any transfer work. It requires at least 18 credits in the department, including the following:

<table>

Art History, BA

Students interested in examining history through the lens of paintings, sculptures, film, architecture, graphics, and decorative arts will find Art History to be an ideal major. Throughout time, humans have expressed their emotions, beliefs, and ideals through these mediums, and today's students can use these objects to understand culture, society, politics, economies, and religions and apply the lessons learned to modern issues.

What can you do with an Art History major? The answer turns out to be quite a bit. Art History majors follow a variety of career paths, and their skills are applicable to many types of jobs. Popular careers include teacher or professor, museum or gallery curator, art dealer, arts administrator, art appraiser, and historic preservation consultant, some of which require education beyond a bachelor's degree. Other students choose to branch out into related fields that require a broad knowledge of culture and communication such as journalism, law, marketing, administration, interior design, photography, library science, and cultural/heritage studies. Much of what happens after college depends on what a student does during college. A student who wants to work in a gallery should ensure the s/he gains hands-on experience during college through internships, volunteer work, and part-time jobs. Experiential learning is critical - it grounds what a student learns in the classroom with the real world.
Students who are more interested in the production of art (such as becoming a film maker or artist) should explore the majors offered through UWM’s Peck School of the Arts (p. 82).

Requirements
Course of Study – Bachelor of Arts Degree
Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

</tbody>
</table>

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement.

College of Letters & Science Requirements
I. English Writing Requirement
Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning
To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>

<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AFRICOL 220</td>

</tr>
<tr>
<td>POL SCI 392</td>
<td>Survey Research</td>
<td></td>
</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
</tbody>
</table>
III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

### Code | Title | Credits
--- | --- | ---
Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language) | 0-18
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language) | 0-18

IV. International Requirement

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

### Code | Title | Credits
--- | --- | ---
Completed in one of the following ways:| 9
Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above | 9
Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas. | 9
Complete 9 credits in combination of the two options above. | 9

V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

### Code | Title | Credits
--- | --- | ---
Arts | Select 3 credits | 3
Humanities | Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. | 12
Social Sciences | Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. | 12
Natural Sciences | | 

VI. The Major

The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

### Art History Major Requirements

The major in art history and criticism consists of 30 credits in the department.

### Code | Title | Credits
--- | --- | ---
**Required** | | 
ARTHIST 101 | Ancient and Medieval Art and Architecture | 3
ARTHIST 102 | Renaissance to Modern Art and Architecture | 3
**Additional Requirements** | | 
The following 3 credits are strongly advised: | 3
ARTHIST 104 | African, New World and Oceanic Art and Architecture | 3
| or ARTHIST 105 | Asian Art and Architecture | 3
L&S research requirement | ARTHIST 501 | Colloquium in Method and Theory. | 3
**Major Option** | | 
Select one of the following options: | 24
Option A: Standard Major | | 
Option B: Broad Major | | 
Total Credits | | 36

1 Taken during their junior or senior year with permission from the instructor.
Major Options
A minimum 2.500 GPA is required in all ArtHist courses attempted at UWM. In addition, students must attain a 2.500 GPA on all major credits attempted, including any transfer work. Fifteen credits at the 300 level or above must be taken in residence at UWM.

Option A: Standard Major
This option is recommended for students who are interested in obtaining a well-balanced approach to the study of art history. It provides an introduction to most major areas of inquiry in art history and to different scholarly approaches to study in this field. It is recommended especially for students who wish to continue into graduate studies in art history and to pursue careers in college teaching or museum or gallery work.

1. Distribution requirement, 15 credits. At least 3 credits each in five of the following areas: Ancient, Medieval, Renaissance-Baroque, 19th-20th Century, Non-Western, and Film. At least 9 of the 15 credits must be at the 300 level or above.
2. Electives, 9 credits. At least 6 of these 9 credits must be at the 300 level or above.
3. Language requirement. Reading ability in at least one foreign language, preferably French or German, to be demonstrated either by taking two years of college-level language with grades of B or better or by taking and passing a reading exam administered by the Art History Department. Students planning to go to graduate school are advised that most graduate schools require PhD candidates to demonstrate reading knowledge of both French and German. Other languages such as Italian, Spanish, Dutch, Greek, or Latin also may be required, depending on a student's field of specialization.

Option B: Broad Major
This option is designed for students who wish to tailor their own programs of study to pursue specific individual interests in art history, to tie in with studies in other fields (e.g., double majors), or for personal enrichment. It requires at least 24 credits of the student's choice in ArtHist courses beyond ARTHIST 101 and ARTHIST 102, of which at least 15 must be at the 300 level or above.

Letters & Science Advising
The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus' general education requirements and the College's degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the Major
Art history majors who meet the following criteria are awarded honors in the major:

1. 3.500 cumulative GPA in all UWM graded credits;
2. 3.500 GPA in all credits that count toward the major;
3. 3.500 GPA in all advanced credits that count toward the major;
4. Completion of one of the following:
   • Six credits of French, German, Italian, or Spanish at the 200 level or above with grades of B or better (equivalent level coursework in another language may be substituted with faculty approval); or
   • The Art History Department's French or German translation exam with passing grade.
5. Completion of ARTHIST 501

Honors in the College of Letters and Science

Dean's Honor List
GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
**Art History, MA**

The Department of Art History offers a graduate program leading to a Master of Arts degree. The graduate program prepares students for either a career in the arts or for Ph.D.-level work at other universities. Course offerings cover the full range of western art, including film studies and electronic arts. Non-western courses in Pre-Columbian, Asian, Islamic, and African art are also offered.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. A minimum of 15 credits in Art History.
2. Submission of scores on the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre).
3. Two letters of recommendation from persons familiar with applicant’s academic or professional activities and potential.
4. A writing sample to the Department of Art History, for example, an undergraduate art historical term paper.
5. Strongly recommended, though not required: background in languages, history or classics. Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

**Credits and Courses**

**Thesis Track: MA in Art History with an Emphasis on Methods and Criticism**

Minimum degree requirement is 30 graduate credits in Art History, of which a minimum of 18 credits must be 700- to 900-level courses. The 18 credits must include:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARTHIST 700</td>
<td>Proseminar in Art History *</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 891</td>
<td>Art Museum Internship</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>6 credits of ArtHist 991 Thesis Research</td>
<td></td>
</tr>
</tbody>
</table>

1. Must be taken in the student’s first fall semester.

2. These courses do not count toward the overall 30 credit requirement for the degree.

Under special circumstances, 3 credits in 700- to 900-level work may be substituted for 3 of the 6 credits of thesis research. In addition, students may take a maximum of 6 credits of independent research (890, 891 and/or 999); however, these credits may not be taken in the first 6 credits of graduate work in the Department, and not until all deficiencies (if any) have been satisfied. Furthermore, they may not be counted toward the required 18 credits of 700- to 900-level courses. They will count, however, toward the overall number of credits needed to graduate.

Of the total 30 credits, 12 credits must be distributed across three of the following four areas: Ancient-Medieval; Renaissance-Baroque; Modern (1750-the Present including Film); and non-Western. At least 9 of these credits must be taken in courses numbered 700 or above.

The following courses may not be used to satisfy the distribution requirement, although they will count toward the overall number of credits needed to graduate:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARTHIST 351</td>
<td>English Art: 1550-1850</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 353</td>
<td>American Art: Colonial Period - 1870</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 355</td>
<td>American Folk Art</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 459</td>
<td>American Architecture</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 703</td>
<td>Introduction to Art Museum Studies I</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 704</td>
<td>Introduction to Art Museum Studies II</td>
<td>3</td>
</tr>
</tbody>
</table>

Upon petition to the director of graduate studies, a student may be permitted to take up to 6 credits in appropriate areas outside Art History (e.g., anthropology, literature, history, music history, philosophy, film).

**Thesis**

In addition to completing all the coursework required for the degree, the student must write a thesis on a subject selected in consultation with the advisor. This study must demonstrate the student’s ability to organize material and her/his familiarity with relevant research methods and art-historical literature. The student must pass an oral defense of the thesis.

**Curatorial Track: MA in Art History with an Emphasis on Museums and Curatorial Practice**

Minimum degree requirement is 30 graduate credits in Art History, of which a minimum of 18 credits must be 700- to 900-level courses. The 18 credits must include:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARTHIST 700</td>
<td>Proseminar in Art History *</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 891</td>
<td>Art Museum Internship</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>6 credits of ArtHist 991 Thesis Exhibition</td>
<td></td>
</tr>
</tbody>
</table>

* Must be taken in the student’s first fall semester.

The following courses do not count toward the required 18 credits above the 700 level, but they are required for the 30 credits toward the degree.
Under special circumstances, 3 credits in 700- to 900-level work may be substituted for 3 of the 6 credits of thesis research. In addition, students may take a maximum of 6 credits of independent research (890, 891 and/or 999); however, these credits may not be taken in the first 6 credits of graduate work in the Department, and not until all deficiencies (if any) have been satisfied. Furthermore, they may not be counted toward the required 18 credits of 700- to 900-level courses. They will count, however, toward the overall number of credits needed to graduate. All students must take the Proseminar in Art History (ArtHist 700) in their first fall semester.

Of the total 30 credits, 12 credits must be distributed across three of the following four areas: Ancient-Medieval; Renaissance-Baroque; Modern (1750-the Present including Film); and non-Western. At least 9 of these credits must be taken in courses numbered 700 or above. The following courses may not be used to satisfy the distribution requirement, although they will count toward the overall number of credits needed to graduate:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARTHIST 351</td>
<td>English Art: 1550-1850</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 353</td>
<td>American Art: Colonial Period - 1870</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 355</td>
<td>American Folk Art</td>
<td>3</td>
</tr>
<tr>
<td>ARTHIST 459</td>
<td>American Architecture</td>
<td>3</td>
</tr>
</tbody>
</table>

Upon petition to the graduate advisor, a student may be permitted to take up to 6 credits in appropriate areas outside Art History (e.g., anthropology, literature, history, music history, philosophy, film).

**Exhibition**

The student on this curatorial track must also organize an exhibition accompanied by a scholarly catalog on a subject selected in consultation with the advisor. This exhibition must demonstrate the student's ability to organize material and her/his familiarity with relevant research methods and art historical literature. The exhibition is considered the equivalent of a formal thesis and the accompanying written work must be submitted to the Graduate School in appropriate format.

**Program Requirements**

**Major Professor as Advisor**

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Graduate Advisor.

**Language Requirement**

Students must demonstrate a reading knowledge of one art historical language, e.g. French, German, Italian, Spanish or other language as appropriate. Students must take the departmental reading exam in the language of their choice at least once by the time they have completed 9 credits. If they do not pass the exam on the first attempt, they will be expected to enroll in an appropriate language course. Students may not enroll in thesis research (990) unless they have passed the language examination.

**Thesis or Exhibition**

The student must either write a thesis or organize an exhibition accompanied by a scholarly catalog on a subject selected in consultation with the advisor. This study or exhibition must demonstrate the student's ability to organize material and familiarity with research methods and art historical literature pertinent to the student's topic and area of interest. The exhibition is considered the equivalent of a formal thesis and the accompanying written work must be submitted to the Graduate School in appropriate format.

**Time Limit**

The student must complete all degree requirements within five years of initial enrollment. It is expected that a full-time student will normally complete all of the requirements for the degree within two years.
ASIAN STUDIES, UNDERGRADUATE CERTIFICATE

The Asian Studies Undergraduate Certificate combines the study of Asian languages, culture, politics, and history, and is particularly well-suited to majors from business, global studies, international studies, journalism and advertising, the visual and performing arts, communication, economics, the natural sciences, political science, or any discipline that involves interactions with the Asian world.

Students who obtain this certificate are better equipped to work in global industry and business, international politics, technology, tourism, and media because they’re able to better analyze Asian societies and act with cultural awareness and understanding. Students can choose to obtain the certificate with or without an Asian language focus, with the latter requiring more language classes. The certificate is interdisciplinary with coursework from economics, history, comparative literature, anthropology, political science, sociology, and art history.

Eligibility

The Undergraduate Certificate in Asian Studies is open to all students seeking a bachelor’s degree from UWM, to those who previously received a bachelor’s degree from UWM or any other accredited college or university, and to people who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject area.

Requirements

Students enrolling in the Asian Studies Certificate Program are required to earn a minimum of 18 credits, at least 9 of which must be completed at UWM. Of the 18 credits, at least 12 credits must be taken in courses in the College of Letters and Science, and 9 of those must be at the upper level (numbered 300 and above). Of the required credits, at least 9 must be at the 300 level or above, of which 6 credits must be non-language courses. Courses counting for the certificate may not be taken on a credit/no credit basis. Students must achieve a grade point average of 2.700 or above in all courses counting toward the certificate. A maximum of 6 credits in a combination of approved independent study and/or relevant Asia-focused courses from other schools and colleges may count toward the requirements of the program. All students are required to complete an exit survey before the certificate is awarded.

To earn the Certificate in Asian Studies, students must fulfill the requirements for one of two tracks:

- **Track A** (22 credits): 6 courses, including 2 courses in a single Asian language (10 crs.), 1 gateway course (3 crs.), and 3 upper-level electives (9 crs.); or
- **Track B** (18-22 credits): 6 courses, including 1 gateway course (3 crs.) with the remaining courses chosen from the list of electives. Students must take a minimum of 3 upper-level courses (9 crs.), and no language courses are required. However, as electives, students may choose to take a course in any single Asian language or 2 courses (up to 10 crs.) in any combination of Chinese, Japanese, or Korean.

Students majoring or minoring in Chinese or Japanese may only earn the Asian Studies Certificate through Track B. Interested students should contact the Asian Studies Program Advisor as soon as they decide to pursue the certificate. The advisor’s role is to help the student design a program of study from among the available courses and to guide the student in completing that program.

### Electives

The following courses have been approved for the Certificate in Asian Studies:

<table>

**Exit Survey**

All students are required to complete an exit survey upon completion of their required coursework. The survey allows certificate students to reflect on their experiences while providing important information to help improve the program. The exit survey is conducted online for a limited period of time during the fall and spring semesters. Students who are
about to complete or have finished all coursework should contact Tracy Buss (tbuss@uwm.edu) concerning the exit survey.

Please note: The exit survey is a program requirement. Failure to complete the survey prior to graduation will delay processing of the graduation clearance.

BIOLOGICAL SCIENCES

Biology is the study of life. Biologists analyze organism functions at the cellular and molecular levels using genetics, biochemistry, and microscopy. They also study interactions between organisms and with the environment by examining behavior, morphology, physiology and genetics. Students can take a broad curriculum within Biological Sciences or focus on specific areas, such as ecology, evolution and behavior, cell and molecular biology, or microbiology.

Studies in Biological Sciences have applications across many areas including agriculture, medicine, and the environment. Biological Sciences is a popular choice for students preparing for careers in healthcare, agriculture, natural resources and environmental sciences, food management, bioremediation, as well as the biomedical and biotechnology fields. A degree in Biological Sciences also prepares students for professional careers in medicine, dentistry, pharmacy, veterinary science, and education, and graduate studies in the life sciences.

Field Stations

Pigeon Lake Field Station is a natural laboratory sponsored by the 14 campuses of the University of Wisconsin System, located in the Chequamegon National Forest, about 30 miles from Lake Superior in northern Wisconsin's Bayfield County. Pigeon Lake Field Station offers summer programs in a variety of disciplines, including biology. Work completed at Pigeon Lake is credited as resident study by UWM. For additional information, contact the Biological Sciences Department office.

The UWM Field Station is an area of almost 2,500 acres devoted to the study of natural history and biology. Located about 25 miles north of campus on the Cedarburg Bog in the Town of Saukville, the station includes a wide variety of natural areas ranging from old-growth forest to acid bog and several lakes. Many biological sciences courses use the Field Station for instruction and to provide hands-on research opportunities. The Field Station provides internship and independent study opportunities for biology students; it also offers short courses for credit through the department. For additional information, contact the Biological Sciences Department office.

Programs

- Biological Sciences, BA (p. 1065)
- Biological Sciences, BS (p. 1070)
- Biological Sciences, Minor (p. 1075)
- Biological Sciences, MS (p. 1075)
- Biological Sciences, PhD (p. 1077)
- Microbiology, BA (p. 1078)
- Microbiology, BS (p. 1083)

Biological Sciences Courses

BIO SCI 100 Survey of Zoology
3 cr. Undergraduate.
Surveys of the animal kingdom, with emphasis on the importance of animals to humans. Study of phyla as represented by types, classification, structure, and life histories. Introduction to cytology, genetics, evolution, and ornithology. 2 hrs lec, 2 hrs lab.
Prerequisites: none.
Course Rules: Does not carry cr toward bio sci major.
General Education Requirements: NS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 101 General Survey of Microbiology
4 cr. Undergraduate.
The nature and activities of microorganisms, including surveys of bacteria, fungi, viruses, immunology, and disease applications. 3 hrs lec, 3 hrs lab.
Prerequisites: Chem 101(P) or 102(P).
Course Rules: Intended primarily for nursing students. Does not carry cr toward bio sci major.
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

BIO SCI 102 Elements of Biology
3 cr. Undergraduate.
Organization and function of living systems. 2 hrs lec, 2 hrs lab.
Prerequisites: none.
Course Rules: Intended for non-majors; does not carry cr toward bio sci major.
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

BIO SCI 103 Topics in Modern Biology
3 cr. Undergraduate.
How biological factors, processes, and reactions affect living systems. Emphasis on current issues in biology such as genetic engineering, bioethics, and population concerns.
Prerequisites: none, except as may be required for specific topics.
Course Rules: Intended for non-majors; does not carry cr toward bio sci major. May be retaken w/chg in topic to 9 cr max. Students w/cr in Bio Sci 226 or 250 may not take 103 w/those topics.
General Education Requirements: NS
Current Offerings: http://uwm.edu/schedule

BIO SCI 104 Plants in Today’s World
3 cr. Undergraduate.
Introduction to major plant groups; principles of structure and function, ecology, and gardening. 2 hrs lec, 2 hrs lab.
Prerequisites: none.
General Education Requirements: NS+
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
BIO SCI 150 Foundations of Biological Sciences I
4 cr. Undergraduate.
Fundamental principles of biology (ecology, evolution, genetics, molecular and cell biology) integrated through evolutionary framework. First of two-course sequence for bio sci, other science majors. 3 hrs lec, 3 hrs lab. Open to freshmen.
Prerequisites: Chem 100(P) or 102(P) or conc reg.
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

BIO SCI 152 Foundations of Biological Sciences II
4 cr. Undergraduate.
Organismal diversity, emphasizing structural and functional relationships in microorganisms, plants, and animals. Second of a two-course sequence for Bio Sci & other natural science majors. 3 hr lec, 3 hr lab.
Prerequisites: grade above C- in Bio Sci 150(P).
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

BIO SCI 194 First-Year Seminar:
3 cr. Undergraduate.
The specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: NS
Last Taught: Fall 2015, Fall 2014, Fall 2012, Fall 2009.
Current Offerings: http://uwm.edu/schedule

BIO SCI 201 Human Structure and Function
3 cr. Undergraduate.
Brief introduction to human anatomy and physiology. 2 hrs lec; 3 hrs lab.
Prerequisites: none.
General Education Requirements: QLB, NS+
Current Offerings: http://uwm.edu/schedule

BIO SCI 202 Anatomy and Physiology I
4 cr. Undergraduate.
Anatomy and physiology of the human body including cell, tissues, skeletal, muscular, and nervous systems. 3 hrs lec, 3 hrs lab.
Prerequisites: none.
Course Rules: Required of students in nursing, med tech & med rec admin. Cannot be combined with Bio Sci 150 & 203 for more than 9 cr toward the bio sci major.
Current Offerings: http://uwm.edu/schedule

BIO SCI 203 Anatomy and Physiology II
4 cr. Undergraduate.
Anatomy and physiology of the human body including cardiovascular, respiratory, digestive, excretory, endocrine, and reproductive systems. 3 hrs lec, 3 hrs lab.
Prerequisites: C or better in either Bio Sci 202(P) or 315(P).
Course Rules: Cannot be combined with Bio Sci 150 & 202 for more than a total of 9 cr toward bio sci major. Cell & Molec Bio.
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

BIO SCI 206 Biology of Women
3 cr. Undergraduate.
An anatomical and physiological view of the human female life cycle with emphasis on women's health.
Prerequisites: course in biology.
General Education Requirements: NS
Current Offerings: http://uwm.edu/schedule

BIO SCI 210 Introduction to Fermentation Biology
3 cr. Undergraduate.
Principles and microbiology of fermentation in the production of food and beverages.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

BIO SCI 289 Internship in Biological Sciences, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of biological sciences in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in Bio Sci; 2.50 gpa; cons supervising faculty member.
Course Rules: Specific topics may satisfy major area req; consult dept. One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max; combined limit of 3 cr in Bio Sci 289 & 489 counts toward Bio Sci major.
Last Taught: Spring 2016, Fall 2015, Summer 2015, Fall 2010.
Current Offerings: http://uwm.edu/schedule

BIO SCI 290 Independent Study and Research:
1-3 cr. Undergraduate.
Directed library or laboratory/field research in biological sciences.
Prerequisites: 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.
Course Rules: Specific topics may satisfy major area req; consult dept. May be retaken to 6 cr max. Does not count as a Bio Sci lab course.
Last Taught: Spring 2018, Spring 2016, Spring 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

BIO SCI 296 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff. One credit for 45 hrs research.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: May be retaken to 9 cr max in any combination of UROP Apprenticeship courses. Not open to jrs and srs.
Current Offerings: http://uwm.edu/schedule
BIO SCI 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM-sponsored program before course
work level, content, and credits are determined and/or in specially-
prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2013, Spring 2013, Fall 2012, Spring 2012.
Current Offerings: http://uwm.edu/schedule

BIO SCI 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances,
can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: Specific topics may satisfy major area req; consult dept.
May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

BIO SCI 301 General Ecology
4 cr. Undergraduate.
Complex interrelationships between organisms and their environment.
Physiological and behavioral adaptations, populations, biotic
communities, ecosystems. 3 hrs lec, 3 hrs lab, field work.
Prerequisites: grade of C or better in Bio Sci 152(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 305 Human Parasitology
4 cr. Undergraduate.
Biology, diagnosis and epidemiology of human parasitic diseases. For life
science and clinical lab science students interested in public health. 3 hrs
lec, 3 hrs lab.
Prerequisites: jr st; Bio Sci 310(C) or Bio Sci 325(C) or cons instr.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

BIO SCI 310 General Ecology
4 cr. Undergraduate.
Complex interrelationships between organisms and their environment.
Physiological and behavioral adaptations, populations, biotic
communities, ecosystems. 3 hrs lec, 3 hrs lab, field work.
Prerequisites: grade of C or better in Bio Sci 152(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 315 Cell Biology
3 cr. Undergraduate.
Cell structure and function at the molecular level. Flow of material,
energy, and information within prokaryotic and eukaryotic cells. 3 hrs lec.
Prerequisites: grades of C or better in both Bio Sci 152(P) & Chem 104(P).
Course Rules: Cell & Molec Bio; Microbio.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 316 Laboratory in Genetics and Cell Biology
2 cr. Undergraduate.
Laboratory studies in genetics and cell biology using microorganisms,
plants, and animals. Hypothesis testing, data collection, computer and
literature analyses, and writing of scientific papers. 1 hr dis, 3 hr lab.
Prerequisites: grades of C or better in both Bio Sci 152(P) & Chem 104(P); Bio
Sci 315(C) or 325(C).
Course Rules: Cell & Molec Bio; Microbio.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 317 Cell & Molec Bio: Microbio.
2 cr. Undergraduate.
Cell and molecular biology of microorganisms. 3 hrs lec, 3 hrs lab.
Prerequisites: Bio Sci 152(P) & 315(C), or Chem 104(P).
Course Rules: Cell & Molec Bio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 318 Animal Physiology
3 cr. Undergraduate.
Structure and function of the vertebrate neuromuscular system, with
special emphasis on the nervous system. 3 hrs lec, 3 hrs lab.
Prerequisites: Bio Sci 152(P).
Course Rules: Field trip schedules (if any) and fees will be announced in
class.
Current Offerings: http://uwm.edu/schedule

BIO SCI 325 Genetics
4 cr. Undergraduate.
Principles of inheritance. Fundamental concepts of genetics. 3 hrs lec, 2
hrs dis.
Prerequisites: grade of C or better in Bio Sci 150(P); Bio Sci 152(C) or
203(P); Chem 104(C).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 330 Developmental Biology
3 cr. Undergraduate.
Development of living organisms at the molecular, cellular, and
organismal levels. 3 hrs lec.
Prerequisites: grade of C or better in either Bio Sci 315(P) or 325(P) or
cons instr.
Course Rules: Cell & Molec Bio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 340 Animal Physiology
3 cr. Undergraduate.
Structure and function of the vertebrate neuromuscular system, with
special emphasis on the nervous system. 3 hrs lec, 3 hrs lab.
Prerequisites: Bio Sci 152(P).
Course Rules: Field trip schedules (if any) and fees will be announced in
class.
Current Offerings: http://uwm.edu/schedule

BIO SCI 345 Introduction to Neuroscience I: From Neuron to Brain
3 cr. Undergraduate.
Basic principles of neuronal systems and behavior; analysis of systems for
sensation and perception, learning and memory, language, emotion, and
motion.
Prerequisites: BioSci 152(P) & 315(C), or Psych 254(P).
Course Rules: Cell & Molec Bio. Bio Sci/Psych 354 & 355 may be taken
in either order. Bio Sci 354 & Psych 354 are jointly offered; they count as
repeats of one another.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

BIO SCI 350 Human Parasitology
4 cr. Undergraduate.
Biology, diagnosis and epidemiology of human parasitic diseases. For life
science and clinical lab science students interested in public health. 3 hrs
lec, 3 hrs lab.
Prerequisites: jr st; Bio Sci 310(C) or Bio Sci 325(C) or cons instr.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

BIO SCI 355 Introduction to Neuroscience II: From Brain to Behavior
3 cr. Undergraduate.
Basic principles of neural systems and behavior; analysis of systems for
sensation and perception, learning and memory, language, emotion, and
motion.
Prerequisites: BioSci 152(P) & 315(C), or Psych 254(P).
Sci 355 & Psych 355 are jointly offered; they count as repeats of one
another.
Current Offerings: http://uwm.edu/schedule

BIO SCI 356 Developmental Biology
3 cr. Undergraduate.
Development of living organisms at the molecular, cellular, and
organismal levels. 3 hrs lec.
Prerequisites: grade of C or better in either Bio Sci 315(P) or 325(P) or
cons instr.
Course Rules: Cell & Molec Bio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 358 Birds of Wisconsin
2 cr. Undergraduate.
Bird taxonomy and ecology, including the identification of Wisconsin
birds. 4 hrs lab & field work.
Prerequisites: jr st; Bio Sci 150(P).
Course Rules: Field trip schedules (if any) and fees will be announced in
class.
Current Offerings: http://uwm.edu/schedule

BIO SCI 360 Animal Physiology
3 cr. Undergraduate.
Structure and function of the vertebrate neuromuscular system, with
special emphasis on the nervous system. 3 hrs lec, 3 hrs lab.
Prerequisites: Bio Sci 152(P).
Course Rules: Field trip schedules (if any) and fees will be announced in
class.
Current Offerings: http://uwm.edu/schedule

BIO SCI 365 Introduction to Neuroscience I: From Neuron to Brain
3 cr. Undergraduate.
Basic principles of neuronal systems and behavior; analysis of systems for
sensation and perception, learning and memory, language, emotion, and
motion.
Prerequisites: BioSci 152(P) & 315(C), or Psych 254(P).
Sci 354 & Psych 354 are jointly offered; they count as repeats of one
another.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

BIO SCI 366 Developmental Biology
3 cr. Undergraduate.
Development of living organisms at the molecular, cellular, and
organismal levels. 3 hrs lec.
Prerequisites: grade of C or better in either Bio Sci 315(P) or 325(P) or
cons instr.
Course Rules: Cell & Molec Bio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 370 Animal Physiology
3 cr. Undergraduate.
Cellular and organ system physiology and comparative aspects of
structure-function relationships.
Prerequisites: Bio Sci 315(P) or cons instr.
Course Rules: Cell & Molec Bio.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
BIO SCI 372 Animal Physiology and Neurobiology Laboratory
1 cr. Undergraduate.
Neural integration of animal cells and organ systems. Comparative experimental approach examining structure-function relationships. 3 hrs lab.
Prerequisites: Bio Sci 370(C) or Bio Sci/Psych 354(C) or 355(C).
Course Rules: Cell & Molec Bio.
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

BIO SCI 380 Honors Seminar:
3 cr. Undergraduate.
Selected topics in modern and traditional biology and their relation to society.
Prerequisites: soph st; Honors 200(P); cons Honors College dir.
Course Rules: Specific topics may satisfy major area req; consult dept. May be retaken w/chg in topic to 9 cr max.
General Education Requirements: NS
Last Taught: Spring 2018, Spring 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 383 General Microbiology
4 cr. Undergraduate.
Nature and properties of microorganisms. Molecular biology and genetics of bacteria and viruses. Major groups, ecological relationships, and taxonomy. 3 hrs lec, 4 hrs lab.
Prerequisites: grade of C or better in Bio Sci 325(P) or cons instr; Chem 341(C) or 343(C).
Course Rules: Cell & Molec Bio; Microbio.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 401 Immunology
3 cr. Undergraduate/Graduate.
Fundamentals of the immune response, including cellular, physiological and molecular aspects. 3 hrs lec.
Prerequisites: jr st, grade of C or better in Bio Sci 315(P) or 325(P); Chem 341(P) or 343(P); or cons instr.
Course Rules: Cell & Molec Bio; Microbio.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BIO SCI 402 Immunological Techniques
3 cr. Undergraduate/Graduate.
Modern methods and protocols in immunology. 6 hrs lab.
Prerequisites: jr st; Bio Sci 401(P).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 405 General Virology
3 cr. Undergraduate/Graduate.
Basic course in nature of viruses: bacterial, plant, and animal. The use of viruses in model systems for molecular biology and agents of disease.
Prerequisites: jr st; Bio Sci 325(P); Bio Sci 315(P) or 383(P); Chem 501(R).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 406 Marine Biology
3 cr. Undergraduate/Graduate.
Marine biology with a strong ecological focus; physical and chemical constraints that marine environments impose on organisms; specialized adaptations of marine organisms in response. 3 hrs lec, 1 hr dis.
Prerequisites: jr st; grades of C or better in Bio Sci 152(P) & 310(C) or consent of instructor.
Last Taught: Spring 2018, Fall 2016, Fall 2014, Spring 2013.
Current Offerings: http://uwm.edu/schedule

BIO SCI 407 Plant Systematics and Evolution
3 cr. Undergraduate/Graduate.
Survey of important plant families; plant systematic theory, current techniques in data collection and analysis. 2 hrs lec/dis; 4 hrs lab.
Prerequisites: jr st; Bio Sci 152(P); Bio Sci 310(C) or 325(C); or grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

BIO SCI 430 Animal Behavior-Ethology
3 cr. Undergraduate/Graduate.
Animal behavior from the biologist's point of view, relating species-characteristic behavior to environment, internal function, ontogeny, and evolution. 3 hrs lec/dis.
Prerequisites: jr st; Bio Sci 310(P) or 316(C).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BIO SCI 440 Ecology and Evolution of Amphibians and Reptiles
3 cr. Undergraduate/Graduate.
Evolutionary history of amphibians and reptiles; their patterns of biological diversity, morphology, life history, ecology, and behavior. For upper-level undergrad and grad students. 3 hrs lec.
Prerequisites: jr st; Bio Sci 310 (P).
Current Offerings: http://uwm.edu/schedule

BIO SCI 451 Field Methods in Conservation
3 cr. Undergraduate/Graduate.
Introduction to methods, techniques and tools for natural area management, including plant/animal surveys, vegetation/habitat description, and incorporating hands-on experience. 2 hr lec/dis; 4 hrs lab.
Prerequisites: jr st; Bio Sci 310(P) or equiv or cons instr.
Course Rules: Jointly offered with & counts as repeat of CES 451.
Last Taught: Fall 2017.
Current Offerings: http://uwm.edu/schedule

BIO SCI 455 Cellular, Molecular and Developmental Neurobiology
3 cr. Undergraduate/Graduate.
Nervous systems from cellular, molecular, and developmental perspectives; from basic biophysical properties of neurons to cellular and molecular basis of nervous system development and function.
Prerequisites: jr st, grade of C or better in Bio Sci 315(P); or grad st.
Current Offerings: http://uwm.edu/schedule
BIO SCI 458 Community Ecology
3 cr. Undergraduate/Graduate.
Theories and models in community ecology. Analysis of biological communities emphasizing the origin, maintenance and consequences of species diversity within local communities.
Prerequisites: jr st; Bio Sci 152(P) & 310(P) or cons instr; or grad st.
Last Taught: Spring 2018, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

BIO SCI 465 Biostatistics
3 cr. Undergraduate/Graduate.
Simple distribution; statistical inference; simple regression theory; experimental design; analysis of variance and covariance as they relate to biology.
Prerequisites: jr st; Bio Sci 150(P); Math 105(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 469 Genomic Data Analysis
2 cr. Undergraduate/Graduate.
Methods for the analysis of large-scale genomic data sets, including whole-genome association studies and transcriptomics.
Prerequisites: jr st; Bio Sci 325(P) & 465(P) or equiv; or cons instr.
Current Offerings: http://uwm.edu/schedule

BIO SCI 475 Tropical Biology:
3 cr. Undergraduate/Graduate.
Ecology and biogeography of various types of tropical forests, including required field trip to area being studied.
Prerequisites: jr st; BioSci 310(P); cons instr.
Course Rules: Required field trip at participants’ expense. May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

BIO SCI 480 Ecological Genetics
3 cr. Undergraduate/Graduate.
Origin and maintenance of genetic variation within and among populations. Fundamental theory and application to ecology and conservation.
Prerequisites: jr st, Bio Sci 310(P) & 325(P); or equiv.
Course Rules: 3 hrs lec/dia.
Last Taught: Fall 2017, Fall 2015, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

BIO SCI 489 Internship in Biological Sciences, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of biological sciences in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in Bio Sci; 2.50 gpa; cons supervising faculty member.
Course Rules: Specific topics may satisfy major area req; consult dept. One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max; combined limit of 3 cr in Bio Sci 289 & 489 counts toward Bio Sci major.
Current Offerings: http://uwm.edu/schedule

BIO SCI 490 Molecular Genetics
3 cr. Undergraduate/Graduate.
Molecular mechanisms of higher organisms and model systems. Topics include gene structure, genetic and genomic analysis, gene expression and regulation. 2 hrs lec, 1 hr dis.
Prerequisites: jr st; Bio Sci 325(P); Bio Sci 315(C) & 316(C).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 495 Internship in Biotechnology, Upper Division
3-6 cr. Undergraduate.
Application of advanced principles in microbiology and biotechnology in appropriate settings.
Prerequisites: jr st; Bio Sci 383(303)(P) & 529(650)(P); declared microbio major; 2.5 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hrs in internship. May be retaken to 6 cr max.
Last Taught: Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 496 UROP Apprenticeship, Upper-Level
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff. One credit for 45 hrs research.
Prerequisites: jr st; acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: May be retaken to 9 cr max in any combination of UROP apprenticeship courses.
Last Taught: Spring 2017, Fall 2016, Fall 2015, Summer 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM-sponsored program before course work level, content, and credits are determined and/or in specially-prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2016, Fall 2014, Fall 2013, Spring 2013.
Current Offerings: http://uwm.edu/schedule

BIO SCI 498 Developmental Genetics
3 cr. Undergraduate/Graduate.
How genetic model organisms contribute to our knowledge of biology and how this knowledge impacts human health.
Prerequisites: jr st; grade of C or better in Bio Sci 325(P).
Course Rules: Cell & Molec Bio.
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add’l sem.
Prerequisites: jr st; add’l prereqs may be assigned to specific topic.
Course Rules: Specific topics may satisfy major area req; consult dept. May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule
BIO SCI 500 Plant Physiology
3 cr. Undergraduate/Graduate.
Major biological activities of plants; including growth, development, and metabolism. 3 hrs lec/dis.
Prerequisites: jr st; Bio Sci 325(P); Bio Sci 310(P) or 315(P) or cons instr.
Course Rules: Cell & Molec Bio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 501 Plant and Aquatic Ecophysiology Laboratory
3 cr. Undergraduate/Graduate.
Hands-on examination of ecophysiological activities in plants and aquatic ecosystems using diverse field and lab experimental methods. 1 hr lec, 1 hr dis. 2 hrs lab.
Prerequisites: jr st; Bio Sci 325(P) or 310(P).
Course Rules: Cell & Molec Bio.
Last Taught: Fall 2016, Fall 1987, Fall 1986.
Current Offerings: http://uwm.edu/schedule

BIO SCI 502 Introduction to Programming and Modeling in Ecology and Evolution
3 cr. Undergraduate/Graduate.
Using R statistical language to teach script programming to address data manipulation, statistical modeling, and simple simulations in an ecological and evolutionary context.
Prerequisites: jr st; intro stats (e.g., Bio Sci 465).
Course Rules: Counts as repeat of Bio Sci 599 w/similar topic.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 505 Conservation Biology
3 cr. Undergraduate/Graduate.
Genetic and ecological approaches to the conservation of biological diversity. Topics include biology of rare plants and animals, design of nature reserves, and restoration ecology. 3 hrs lec.
Prerequisites: jr st; Bio Sci 152(P) or 325(260)(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 507 Environmental Microbiology
3 cr. Undergraduate/Graduate.
Bacteria from the environment; emphasis on aquatic systems; biogeochemical cycles, bioremediation, and environmental control of gene expression.
Prerequisites: jr st; Bio Sci 383(P).
Course Rules: Cell & Molec Bio; Microbio.
Last Taught: Fall 2013, Fall 2011, Fall 2010, Spring 2004.
Current Offerings: http://uwm.edu/schedule

BIO SCI 511 Ichthyology
3 cr. Undergraduate/Graduate.
The diverse biology of fishes focusing on behavioral, biomechanical, genetic, and physiological adaptations to diverse ecological systems.
Prerequisites: jr st; grade of C or better in Bio Sci 310(P); or cons instr.
Course Rules: Bio Sci 511 & FrshWtr 511 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

BIO SCI 512 Limnology I
3 cr. Undergraduate/Graduate.
The ecology of freshwater ecosystems as influenced by physical and chemical processes.
Prerequisites: jr st; Bio Sci 150(P) & 152(P), course in chem; or cons instr.
Last Taught: Fall 2017, Fall 2015, Fall 2013, Fall 2010.
Current Offerings: http://uwm.edu/schedule

BIO SCI 523 Evolution and Ecology of Birds
3 cr. Undergraduate/Graduate.
Study of the origin and maintenance of diversity in birds. Topics include systematics, biogeography, life-history behavior, and conservation. 3 hrs lec.
Prerequisites: jr st; Bio Sci 152(P) & 310(P).
Current Offerings: http://uwm.edu/schedule

BIO SCI 529 Molecular Biology of Microorganisms
3 cr. Undergraduate/Graduate.
Molecular analysis of microbial genetic systems of bacteria, phage, fungi, and yeast. 2 hrs lec, 1 hr dis.
Prerequisites: jr st; Bio Sci 383(P).
Course Rules: Cell & Molec Bio; Microbio.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BIO SCI 532 Behavioral Ecology
3 cr. Undergraduate/Graduate.
Behavioral adaptations of organisms in relation to their environment, including social organization, territoriality, cooperation and conflict, parental care, breeding strategies, foraging.
Prerequisites: jr st; Bio Sci 310(P).
Current Offerings: http://uwm.edu/schedule

BIO SCI 535 Bacterial Pathogenesis
3 cr. Undergraduate/Graduate.
Structural and physiological characteristics of important bacteria causing human and animal diseases. Interactions between pathogen and host, including host defense mechanisms.
Prerequisites: jr st; Bio Sci 383(P).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 536 Applied Microbiology and Biotechnology
3 cr. Undergraduate/Graduate.
Real-world application of natural and genetically-engineered microorganisms to bioremediation, waste treatment, agriculture and production of food, beverages, chemicals, fuels, enzymes, vaccines and pharmaceuticals. 3 hrs lec.
Prerequisites: jr st; Bio Sci 383(P) or cons instr.
Course Rules: Cell and Molec Bio; Microbio.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2004.
Current Offerings: http://uwm.edu/schedule
**BIO SCI 537 Industrial Microbiology and Biochemistry Laboratory**  
2 cr. Undergraduate/Graduate.  
Experiments using industrial fermentation approaches for isolation of biologically-relevant molecules, e.g., antibiotics; analysis of their function and activity using microbiological and biochemical techniques.  
**Prerequisites:** Bio Sci 383(P); Chem 501(P).  
**Course Rules:** Bio Sci 537 & Chem 537 are jointly offered; they count as repeats of one another. Cell & Molec Bio; Microbio.  
**Last Taught:** Fall 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 539 Laboratory Techniques in Molecular Biology**  
4 cr. Undergraduate/Graduate.  
Molecular biological techniques, including cell cultures, RNA and DNA isolation, cloning and sequencing of genes; use of expression vectors; protein electrophoresis. 2 hrs lec/dis, 6 hrs lab.  
**Prerequisites:** jr st, Bio Sci 315(P), 316(P), & 325(P).  
**Course Rules:** Cell & Molec Bio; Microbio.  
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 540 Microbial Diversity and Physiology**  
3 cr. Undergraduate/Graduate.  
Physiology, ecology, and diversity of microorganisms. 3 hrs lec.  
**Prerequisites:** jr st, Bio Sci 383(P).  
**Course Rules:** Cell & Molec Bio; Microbio.  
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 542 Biological Electron Microscopy**  
3 cr. Undergraduate/Graduate.  
Theory, design, and operating principles of scanning and transmission electron microscopes; preparation of biological specimens.  
**Prerequisites:** jr st, Bio Sci 315(P) & 316(P), or cons instr.  
**Course Rules:** Cell & Molec Bio; Microbio.  
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 543 Scanning Electron Microscopy Laboratory**  
2 cr. Undergraduate/Graduate.  
Lab/dis with an emphasis on ‘hands-on’ exercises including biological specimen prep, microscope operation and photography.  
**Prerequisites:** jr st, Bio Sci 542(C) & cons instr.  
**Course Rules:** Cell & Molec Bio.  
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 544 Transmission Electron Microscopy Laboratory**  
3 cr. Undergraduate/Graduate.  
Lab/dis with an emphasis on ‘hands-on’ exercises including fixation and sectioning of biological specimens, microscope operation and photography.  
**Prerequisites:** jr st, 3 cr in Bio Sci 542(C), cons instr.  
**Course Rules:** Cell & Molec Bio; Microbio.  
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 545 Physiology of Reproduction**  
3 cr. Undergraduate/Graduate.  
Mammalian reproductive physiology with emphasis on humans; neuroendocrine control of reproductive cycles, pregnancy, and lactation; clinical implications; biological aspects of human population control.  
**Prerequisites:** jr st; Chem 103(P) or 341(P) or 343(P); Bio Sci 315(P); or cons instr.  
**Course Rules:** Cell & Molec Bio.  
**Last Taught:** Spring 2016, Spring 2015, Spring 2014, Spring 2013.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 556 Developmental Neurobiology**  
3-4 cr. Undergraduate/Graduate.  
The mechanisms involved in the genesis and maintenance of nervous system organization. 3 hrs lec, 1 hr dis.  
**Prerequisites:** jr st; Bio Sci 354(P) or 356(P) or cons instr.  
**Course Rules:** Cell & Molec Bio. Grad students enroll in lec & dis for 4 cr. Undergrads may enroll in lec only for 3 cr or lec & dis for 4 cr.  
**Last Taught:** Fall 2013, Fall 2011, Fall 2009, Fall 2007.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 556E Topics in Field Biology**  
1-2 cr. Undergraduate/Graduate.  
Intensive mini-course on applied and basic field biology topics, e.g. vegetation sampling; natural area management; wetland delineation; identification, ecology of a taxon. On-line component; 2 or more days (depending on topic) in-person instruction.  
**Prerequisites:** jr st; Bio Sci 310(P) or equivalent; add'l prereqs may be required depending on topic.  
**Course Rules:** May be retaken w/chg in topic to 6 cr max.  
**Last Taught:** UWinterM 2018, Summer 2017, UWinterM 2017, Fall 2016.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 564 Endocrinology**  
3 cr. Undergraduate/Graduate.  
Physiological, biochemical, and phylogenetic aspects of hormonal communication; emphasis on vertebrates. 3 hrs lec.  
**Prerequisites:** jr st; Chem 103(P) or 341(P) or 343(P); Bio Sci 315(P); or cons instr.  
**Course Rules:** Cell & Molec Bio.  
**Last Taught:** Spring 2017, Spring 2015, Spring 2014, Fall 2011.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 565 Eukaryotic Gene Regulation**  
3 cr. Undergraduate/Graduate.  
Molecular mechanism by which genes are regulated in higher eukaryotes, including humans. Role of gene regulation during normal development and disease in eukaryotes.  
**Prerequisites:** jr st, Bio Sci 315(P) or 325(P); or grad st.  
**Course Rules:** Cell & Molec Bio.  
**Last Taught:** Fall 2017, Spring 2017, Spring 2016, Spring 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BIO SCI 566 Cell Biology of Human Disease**  
3 cr. Undergraduate/Graduate.  
Cellular and molecular mechanisms of human developmental diseases; cell signaling in the treatment and prevention of diseases and genetic syndromes.  
**Prerequisites:** jr st, BioSci 315(P); or grad st.  
**Course Rules:** Cell & Molec Bio.  
**Last Taught:** Spring 2018, Fall 2016, Fall 2015, Fall 2013.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
BIO SCI 572 Functional Genomics
3 cr. Undergraduate/Graduate.
Organization, function, and analysis of genes, proteins, and genomes using internet databases and bioinformatic tools; current knowledge of genomes in various organisms; transcriptomics and proteomics. 2 hrs lec, 1 hr dis.
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 573 Cellular Evolution
3 cr. Undergraduate/Graduate.
Theories concerning the origin of life on Earth and the evolution of cellular structure and function, culminating in the emergence of the multicellular kingdoms. 2 hrs lec, 1 hr dis.
Prerequisites: sr st; Bio Sci 315(P) or 325(P); Bio Sci 316(P); Chem 341/342(P) or 343/344/345(P), or cons instr; Bio Sci 383(R) or 490(R) or Chem 501(R) or 601(R).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 575 Evolutionary Biology
3 cr. Undergraduate/Graduate.
Evolutionary processes in natural populations. Topics include mating patterns, speciation, gene flow, natural selection, and genetic approaches to conservation. 3 hrs lec.
Prerequisites: jr st; Bio Sci 312(P) & 325(260)(P).
Course Rules: Grad students must reg conc in Bio Sci 776.
Current Offerings: http://uwm.edu/schedule

BIO SCI 580 Experimental Microbiology
4 cr. Undergraduate/Graduate.
Modern experimental approaches to study of microbial physiology and genetics. 2 hrs lec/6 hrs lab.
Prerequisites: jr st; Bio Sci 383(P).
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 596 Neuropharmacology
3 cr. Undergraduate/Graduate.
Cellular and molecular mechanisms of drug action on the nervous system. Topic include drug affects on neurotransmitters, receptors, cell signaling, and neurological disease/disorders.
Prerequisites: jr st; BioSci/Psych 354(P) or 355(P) or Psych 654(P) or cons instr.
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 597 RNA Structure, Function, and Metabolism
3 cr. Undergraduate/Graduate.
Structural and functional complexity of RNA. RNA as genetic material, enzymes and regulators; micro RNAs as potential therapeutics.
Prerequisites: jr st; Bio Sci 325(P) or cons instr.
Course Rules: Cell & Molec Bio; Microbio.
Current Offerings: http://uwm.edu/schedule

BIO SCI 599 Special Topics in Biological Sciences:
1-3 cr. Undergraduate/Graduate.
In-depth examination of important subjects in one or more areas of the biological sciences. Specific credits and add'l prereqs announced in Schedule of Classes each time course offered.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2016, Fall 2014, Fall 2013, Spring 2013.
Current Offerings: http://uwm.edu/schedule

BIO SCI 611 Seminar on Recent Advances in Limnology and Oceanography:
2 cr. Undergraduate/Graduate.
Lectures and discussion of current issues in limnology and oceanography; focus on a specific issue or research topic.
Prerequisites: jr st; Bio Sci 512(P) or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

BIO SCI 670 Senior Seminar in Biological Sciences
1 cr. Undergraduate.
Examination of biological literature and preparation, presentation, and discussion of oral reports by individual students.
Prerequisites: sr st; Bio Sci lab course numbered 300-349; declared Bio Sci major.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 671 Undergraduate Seminar in Microbiology
1 cr. Undergraduate.
Examination of microbiological literature; preparation, presentation, and discussion of oral reports by individual students.
Prerequisites: sr st; Bio Sci 383(P).
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 672 Undergraduate Seminar in Cell and Molecular Biology
1 cr. Undergraduate.
Examination of cell and molecular biology literature; preparation, presentation, and discussion of oral reports by individual students.
Prerequisites: sr st; Bio Sci 315(P) & 316(P).
Current Offerings: http://uwm.edu/schedule

BIO SCI 695 Independent Study in Freshwater Sciences for Biological Sciences Students
1-3 cr. Undergraduate.
Independent and original research on a topic not available as a regular course; conducted under the direction of faculty or staff scientist from the School of Freshwater Science.
Prerequisites: jr st; Bio Sci 325(P); one of Bio Sci 310(P), 315(P)/316(P), or 383(P); 2.500 GPA; writ cons instr, dept chair, & asst dean for SAS.
Course Rules: Bio Sci 695 & FrshWtr 695 are jointly offered; w/same subject, they count as repeats of one another. Maybe be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.
Last Taught: Fall 2017, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule
BIO SCI 697 Independent Study in Cell and Molecular Biology
1-3 cr. Undergraduate.
Independent and original research conducted under the direction of a cell/molecular biology faculty or staff member.
Prerequisites: jr st; Bio Sci 315(P) & 316(P); 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.
Course Rules: May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 698 Independent Study in Microbiology
1-3 cr. Undergraduate.
Introduction to research. Independent and original study conducted under the direction of a faculty or staff member.
Prerequisites: jr st; Bio Sci 385(P); 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.
Course Rules: May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.
Current Offerings: http://uwm.edu/schedule

BIO SCI 699 Independent Study
1-3 cr. Undergraduate.
Independent study on a topic not available as a regular course; conducted under the supervision of a faculty member. Requires submission of a formal study proposal.
Prerequisites: jr st, Bio Sci 325(260)(P); Bio Sci 310(P) or Bio Sci 315(P) & 316(P); 2.5 gpa; writ cons instr, dept chair, & asst dean for SAS.
Course Rules: May be retaken to 6 cr max. Satisfies Bio Sci research req; does not count as a Bio Sci lab course.
Current Offerings: http://uwm.edu/schedule

BIO SCI 725 Recent Advances in Molecular Microbiology and Immunology
3 cr. Graduate.
Current developments and research in molecular microbiology and/or immunology. 3 hrs lec.
Prerequisites: grad st or cons instr.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2011, Spring 2010, Fall 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule

BIO SCI 750 Scientific Writing
2 cr. Graduate.
Writing techniques for the sciences, including proposal writing, submission of papers to journals. Writing and editing research proposals, scientific papers, and review papers. Critique of published papers.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

BIO SCI 800 Graduate Capstone in Biological Sciences:
2 cr. Graduate.
Capstone Seminar involving extensive research and evaluation of the scientific literature on a specific topic. Group and individual oral presentations required. Not re-takable for credit.
Prerequisites: Open only to MS students in non-thesis track; cons instr.
Current Offerings: http://uwm.edu/schedule

BIO SCI 899 Advanced Independent Studies
1-3 cr. Graduate.
Special studies at the graduate level involving independent reading, library research, and/or field for laboratory study other than thesis research.
Prerequisites: grad st; cons instr.
Course Rules: Retakable w/chg in topic to 8 cr max.
Current Offerings: http://uwm.edu/schedule

BIO SCI 900 Biology Colloquium
1 cr. Graduate.
Talks by invited speakers and faculty members on topics of biological interest.
Prerequisites: grad st.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 925 Seminar: Molecular and Cell Biology
1-2 cr. Graduate.
Current topics in molecular biology examined in a seminar format.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 927 Seminar: Population and Community Ecology
1-2 cr. Graduate.
Current topics in population and community ecology examined in a seminar format.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

BIO SCI 928 Seminar: Aquatic Biology
1-2 cr. Graduate.
Current topics in aquatic biology examined in a seminar format.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

BIO SCI 929 Seminar: Behavioral Biology
1-2 cr. Graduate.
Current topics in behavioral biology examined in a seminar format.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 931 Seminar in Systematic Biology and Evolution
1-2 cr. Graduate.
Current topics in systematic biology and evolution explored in a seminar format.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule
BIO SCI 933 Seminar in Neuroscience
2 cr. Graduate.
Student oral and poster presentations in cellular, molecular, behavioral, and cognitive neuroscience. Students will also write evaluations and summaries of external presentations.
Prerequisites: grad st in Psych, Bio Sci, or Ed Psych or cons instr
Course Rules: Retakable to 8 cr max. Bio Sci 933 & Psych 933 are jointly offered; students may enroll under only one of the curricular areas in any single semester.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BIO SCI 934 Research Advances in Cell and Molecular Biology
1-10 cr. Graduate.
Presentation and discussion of original research and current topics in cell and molecular biology. Retakable to 10 cr max.
Prerequisites: grad st
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 935 Research Advances in Evolution, Ecology, and Behavior
1-10 cr. Graduate.
Presentation and discussion of original research and current topics in evolution, ecology, and behavior. Retakable to 10 cr max.
Prerequisites: grad st
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 936 Research Advances in Microbiology
1-10 cr. Graduate.
Presentation and discussion of original research and current topics in microbiology. Retakable to 10 cr max.
Prerequisites: grad st
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BIO SCI 990 Research
1-8 cr. Graduate.
Mentored research in partial fulfillment of thesis requirements.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

Cross-listed Courses
The following courses offered by other departments may be used to fulfill the requirements of the undergraduate major and minor in biological sciences:

<table>

Biological Sciences, BA

Biology is the study of life. Biologists analyze organism functions at the cellular and molecular levels using genetics, biochemistry, and microscopy. They also study interactions between organisms and with the environment by examining behavior, morphology, physiology and genetics. Students can take a broad curriculum within Biological Sciences or focus on specific areas, such as ecology, evolution and behavior; cell and molecular biology, or microbiology. Studies in Biological Sciences have applications across many areas including agriculture, medicine, and the environment. Biological Sciences is a popular choice for students preparing for careers in healthcare, agriculture, natural resources and environmental sciences, food management, bioremediation, as well as the biomedical and biotechnology fields. A degree in Biological Sciences also prepares students for professional careers in medicine, dentistry, pharmacy, veterinary science, and education, and graduate studies in the life sciences.
Related Areas of Study
The Conservation and Environmental Science (p. 1156) major is an alternative, interdisciplinary program for students with specific interests in conservation or environmental science. The Pre-Forestry (Wildlife Management) (p. 1696) curriculum is located in the Pre-Professional Programs (p. 1694) section.

Requirements
Course of Study – Bachelor of Arts Degree
Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

University General Education Requirements (GER)

Arts

Select 3 credits 3

Humanities

Select 6 credits 6

Social Sciences

Select 6 credits 6

Natural Sciences

Select 6 credits (at least two courses including one lab) 6

UWM Foreign Language Requirement

Complete Foreign Language Requirement through:
Two years (high school) of a single foreign language

Two semesters (college) of a single foreign language

Or equivalent

UWM Cultural Diversity Requirement

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement

College of Letters & Science Requirements

I. English Writing Requirement
Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning
To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>

<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</tbody>
</table>
Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area.

**Natural Sciences**

Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area.

**Cultural Diversity**

Complete 3 credits in a course with Cultural Diversity (CD) designation.

* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

**VI. The Major**

The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

**Research Requirement**

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

**Biological Sciences Major Requirements**

The Biological Sciences major requires the following:

- A minimum of 34 credits in Biological Sciences, of which 26 must be at the advanced (300 and above) level.
- At least 15 of the advanced credits must be taken in residence at UWM.
- Completion of four (4) laboratory courses
- A GPA of 2.500 in Biological Sciences courses attempted at UWM.
- A GPA of at least 2.500 in all major credits attempted, including any transfer work.

No more than eight (8) credits in 100-level courses in Biological Sciences may be applied toward the major, and students may not combine BIO SCI 150, BIO SCI 202, and BIO SCI 203 for more than 9 credits toward the major. A combined limit of 6 credits in BIO SCI 290, BIO SCI 489, BIO SCI 695, BIO SCI 697, BIO SCI 698, BIO SCI 699, HONORS 687, and HONORS 689 counts toward the major.

Additional requirements for the major include the following:
<table>
<thead>
<tr>

### Physics Foundation

Select one of the following options: 9-10

**Option 1:**
- PHYSICS 120: General Physics I (Non-Calculus Treatment)
- PHYSICS 122: General Physics II (Non-Calculus Treatment)
- PHYSICS 121: General Physics Laboratory I (Non-Calculus Treatment) (at least one semester)

**Option 2:**
- PHYSICS 209: Physics I (Calculus Treatment)
- PHYSICS 210: Physics II (Calculus Treatment)
- PHYSICS 214: Lab Physics I (Calculus Treatment) (at least one semester)

**Option 3:**
- PHYSICS 219: Physics I: Calculus-Based, Studio Format
- PHYSICS 220: Physics II: Calculus-Based, Studio Format

### Chemistry Foundation

**Part A:**
- CHEM 102: General Chemistry 5
- CHEM 104: General Chemistry and Qualitative Analysis 5

**Part B:**
Select one of the following options: 5-8

**Option 1:**
- CHEM 341: Introductory Survey of Organic Chemistry
- CHEM 342: Introductory Organic Chemistry Laboratory

**Option 2:**
- CHEM 343: Organic Chemistry
- CHEM 344: Organic Chemistry Laboratory
- CHEM 345: Organic Chemistry

1 For students in the Cell and Molecular Biology (CMB) option, CHEM 343, CHEM 344, and CHEM 345 are required, and a second physics lab is strongly recommended.

### Research Requirement

Select one of the following: 1-6

- BIO SCI 611: Seminar on Recent Advances in Limnology and Oceanography
- BIO SCI 670: Senior Seminar in Biological Sciences
- BIO SCI 671: Undergraduate Seminar in Microbiology
- BIO SCI 672: Undergraduate Seminar in Cell and Molecular Biology
- HONORS 686: Research in Honors
- HONORS 687: Senior Honors Project
- HONORS 689: Senior Honors Thesis
- BIO SCI 695: Independent Study in Freshwater Sciences for Biological Sciences Students
- BIO SCI 697: Independent Study in Cell and Molecular Biology
- BIO SCI 698: Independent Study in Microbiology
- BIO SCI 699: Independent Study

Capstone option for Biological Sciences/CES double majors only:
- CES 471: Practicum in Natural Resources Management

### Laboratory Course Requirement

Select one of the following: 1-4

- BIO SCI 202: Anatomy and Physiology I
- BIO SCI 203: Anatomy and Physiology II
- BIO SCI 358: Birds of Wisconsin
- BIO SCI 372: Animal Physiology and Neurobiology Laboratory
- BIO SCI 383: General Microbiology
- BIO SCI 402: Immunological Techniques
- BIO SCI 407: Plant Systematics and Evolution
- BIO SCI 451: Field Methods in Conservation
- BIO SCI 501: Plant and Aquatic Ecophysiology Laboratory
- BIO SCI 537: Industrial Microbiology and Biochemistry Laboratory
- BIO SCI 539: Laboratory Techniques in Molecular Biology
- BIO SCI 543: Scanning Electron Microscopy Laboratory
- BIO SCI 544: Transmission Electron Microscopy Laboratory
- BIO SCI 580: Experimental Microbiology

### Electives

Select electives to reach a total of 26 upper-division (numbered 300 and above) credits and one additional laboratory course

<table>
<thead>

<td>Laboratory in Genetics and Cell Biology</td>
<td>2</td>
</tr>
<tr>
<td>BIO SCI 325</td>
<td>Genetics</td>
<td>4</td>
</tr>
</tbody>
</table>

**Laboratory Course Requirement**

Select at least one of the following: 1-4

- BIO SCI 203  
  Anatomy and Physiology II
- BIO SCI 372  
  Animal Physiology and Neurobiology Laboratory
- BIO SCI 383  
  General Microbiology
- BIO SCI 402  
  Immunological Techniques
- BIO SCI 501  
  Plant and Aquatic Ecophysiology Laboratory
- BIO SCI 537  
  Industrial Microbiology and Biochemistry Laboratory
- BIO SCI 539  
  Laboratory Techniques in Molecular Biology
- BIO SCI 543  
  Scanning Electron Microscopy Laboratory
- BIO SCI 544  
  Transmission Electron Microscopy Laboratory
- BIO SCI 580  
  Experimental Microbiology

**Electives**

1. Choose at least one U-only Cell and Molecular Biology course numbered between 350 and 399 3-4
2. Choose at least one U/G Cell and Molecular Biology course numbered 400 or above 3

**Research Requirement**

- BIO SCI 672  
  Undergraduate Seminar in Cell and Molecular Biology 1-3
- or BIO SCI 697  
  Independent Study in Cell and Molecular Biology

**Additional Requirement**

Select additional Cell and Molecular Biology courses to reach a total of at least 18 credits beyond the core courses and a total of at least 26 upper-division (numbered 300 and above) credits 25-31

---

**Letters & Science Advising**

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office ([https://uwm.edu/letters-science/advising/contact-advising](https://uwm.edu/letters-science/advising/contact-advising)) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website ([https://uwmilwaukee.campus.eab.com](https://uwmilwaukee.campus.eab.com)) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

**Department Advising**

Students should contact an advisor ([uwm.edu/biology/undergraduate/advising](http://uwm.edu/biology/undergraduate/advising)) as soon as possible in their freshman year about required courses and the recommended course sequence within Biological Sciences programs. The student should attend fall or spring departmental Open Advising or contact a Department of Biological Sciences faculty advisor ([uwm.edu/biology/undergraduate/advising](http://uwm.edu/biology/undergraduate/advising)) who will then guide the student in planning his/her course choices to accomplish his/her goals. Students should consult their College academic advisors in Holton Hall and their faculty advisors in the Department of Biological Sciences prior to each registration period.

**Major or Minor Declaration:**

Biological Sciences students should complete Bio Sci 150 and be enrolled in Bio Sci 152 before officially declaring a major in Biological Sciences. Students can declare a major or minor by contacting a faculty advisor in Biological Sciences or attending fall or spring departmental Open Advising. Students can declare more than one major or a combination of major and minors ([uwm.edu/biology/undergraduate/declare-majorminor](http://uwm.edu/biology/undergraduate/declare-majorminor)).

**Failure to complete a declaration of major may result in a delay in graduation.**

**Honors in the Major**

Students in Biological Sciences who meet all of the following criteria are awarded honors in the major upon graduation:

1. 3.500 cumulative GPA in all UWM graded credits attempted;
2. 3.750 GPA in UWM courses counting toward the major;
3. 3.500 GPA in all advanced credits that count toward the major; and
4. Complete a laboratory or field research independent study (BIO SCI 695, BIO SCI 697, BIO SCI 698, or BIO SCI 699) or internship (BIO SCI 489 or CES 489).

Students who believe they may qualify for honors in Biological Sciences should apply to the Department of Biological Sciences during their last semester of study.

Honors in the College of Letters and Science

Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information
Current Students contact the Department directly, bioscsci@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

http://uwm.edu/biology/undergraduate/majors/

Biological Sciences, BS

Biology is the study of life. Biologists analyze organism functions at the cellular and molecular levels using genetics, biochemistry, and microscopy. They also study interactions between organisms and with the environment by examining behavior, morphology, physiology and genetics. Students can take a broad curriculum within Biological Sciences or focus on specific areas, such as ecology, evolution and behavior, cell and molecular biology, or microbiology.

Studies in Biological Sciences have applications across many areas including agriculture, medicine, and the environment. Biological Sciences is a popular choice for students preparing for careers in healthcare, agriculture, natural resources and environmental sciences, food management, bioremediation, as well as the biomedical and biotechnology fields. A degree in Biological Sciences also prepares students for professional careers in medicine, dentistry, pharmacy, veterinary science, and education, and graduate studies in the life sciences.

Requirements
Course of Study – Bachelor of Science Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated upper-level Natural Science. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

</tr>
</tbody>
</table>

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement
Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required.

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>

</table>

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a Writing requirement. Students must satisfy the English Writing Requirement by completing ENGLISH 102 on the English Placement Test (EPT).

II. Mathematics and Formal Reasoning
To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>

<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.
VI. The Major
The College requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement.
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Biological Sciences Major Requirements
The Biological Sciences major requires the following:

- A minimum of 34 credits in Biological Sciences, of which 26 must be at the advanced (300 and above) level.
- At least 15 of the advanced credits must be taken in residence at UWM.
- Completion of four (4) laboratory courses
- A GPA of 2.500 in Biological Sciences courses attempted at UWM.
- A GPA of at least 2.500 in all major credits attempted, including any transfer work.

No more than eight (8) credits in 100-level courses in Biological Sciences may be applied toward the major, and students may not combine BIO SCI 150, BIO SCI 202, and BIO SCI 203 for more than 9 credits toward the major. A combined limit of 6 credits in BIO SCI 290, BIO SCI 489, BIO SCI 695, BIO SCI 697, BIO SCI 698, BIO SCI 699, HONORS 686, HONORS 687, and HONORS 689 counts toward the major.

Flexible Biological Sciences Option

Part B:

Select one of the following options: 5-8

Option 1:

- CHEM 341 Introductory Survey of Organic Chemistry
- CHEM 342 Introductory Organic Chemistry Laboratory

Option 2:

- CHEM 343 Organic Chemistry
- CHEM 344 Organic Chemistry Laboratory
- CHEM 345 Organic Chemistry

1 For students in the Cell and Molecular Biology (CMB) option, CHEM 343, CHEM 344, and CHEM 345 are required, and a second physics lab is strongly recommended.

Students who plan to attend graduate or professional schools are advised to take the one-year sequence of Organic Chemistry with lab, a course in Biochemistry (CHEM 501; also counts toward major), and two semesters of Calculus.
BIO SCI 695 Independent Study in Freshwater Sciences for Biological Sciences Students
BIO SCI 697 Independent Study in Cell and Molecular Biology
BIO SCI 698 Independent Study in Microbiology
BIO SCI 699 Independent Study

Capstone option for Biological Sciences/CES double majors only:
CES 471 Practicum in Natural Resources Management

Laboratory Course Requirement
Select one of the following: 1-4
- BIO SCI 202 Anatomy and Physiology I
- BIO SCI 203 Anatomy and Physiology II
- BIO SCI 358 Birds of Wisconsin
- BIO SCI 372 Animal Physiology and Neurobiology Laboratory
- BIO SCI 383 General Microbiology
- BIO SCI 402 Immunological Techniques
- BIO SCI 407 Plant Systematics and Evolution
- BIO SCI 451 Field Methods in Conservation
- BIO SCI 501 Plant and Aquatic Ecophysiology Laboratory
- BIO SCI 537 Industrial Microbiology and Biochemistry Laboratory
- BIO SCI 539 Laboratory Techniques in Molecular Biology
- BIO SCI 543 Scanning Electron Microscopy Laboratory
- BIO SCI 544 Transmission Electron Microscopy Laboratory
- BIO SCI 580 Experimental Microbiology

Electives
Select electives to reach a total of 26 upper-division (numbered 300 and above) credits and one additional laboratory course

Total Credits 18-27

Cell and Molecular Biology Option

Core Courses
- BIO SCI 150 Foundations of Biological Sciences I 4
- BIO SCI 152 Foundations of Biological Sciences II 4
- BIO SCI 316 Cell Biology 3
- BIO SCI 315 General Ecology 4
- BIO SCI 325 Genetics 4
- BIO SCI 325 Genomics 4
- BIO SCI 325 Biostatistics 4

Laboratory Course Requirement
Select at least one of the following: 1-4
- BIO SCI 203 Anatomy and Physiology II
- BIO SCI 372 Animal Physiology and Neurobiology Laboratory
- BIO SCI 383 General Microbiology
- BIO SCI 402 Immunological Techniques
- BIO SCI 501 Plant and Aquatic Ecophysiology Laboratory

Electives
Select at least one U-only Cell and Molecular Biology course numbered between 350 and 399 3-4
Select at least one U/G Cell and Molecular Biology course numbered 400 or above 3

Research Requirement
- BIO SCI 672 Undergraduate Seminar in Cell and Molecular Biology 1-3
- or BIO SCI 697 Independent Study in Cell and Molecular Biology

Additional Requirement
Select additional Cell and Molecular Biology courses to reach a total of at least 18 credits beyond the core courses and a total of at least 26 upper-division (numbered 300 and above) credits

Total Credits 25-31

1 For a full listing of courses, please see the Schedule of Classes (http://uwm.edu/schedule).

Ecology, Evolution, and Behavior Option

Required Biological Sciences Courses
- BIO SCI 150 Foundations of Biological Sciences I 4
- BIO SCI 152 Foundations of Biological Sciences II 4
- BIO SCI 310 General Ecology 4
- BIO SCI 325 Genetics 4
- BIO SCI 465 Biostatistics 4

Laboratory Course Requirement
Select at least one of the following: 2-4
- BIO SCI 358 Birds of Wisconsin
- BIO SCI 383 General Microbiology
- BIO SCI 407 Plant Systematics and Evolution
- BIO SCI 451 Field Methods in Conservation
- BIO SCI 501 Plant and Aquatic Ecophysiology Laboratory
- BIO SCI 502 Intro to Programming and Modeling in Ecology and Evolution
- BIO SCI 539 Laboratory Techniques in Molecular Biology

Research Requirement
Select one of the following: 1-6
- BIO SCI 611 Seminar on Recent Advances in Limnology and Oceanography
- BIO SCI 670 Senior Seminar in Biological Sciences
Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus' general education requirements and the College's degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless of their major in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Department Advising

Students should contact an advisor (uwm.edu/biology/undergraduate/advising/ (http://uwm.edu/biology/undergraduate/advising/)) as soon as possible in their freshman year about required courses and the recommended course sequence within Biological Sciences programs. The student should attend fall or spring departmental Open Advising or contact a Department of Biological Sciences faculty advisor (uwm.edu/biology/undergraduate/advising/ (http://uwm.edu/biology/undergraduate/advising/)) who will then guide the student in planning his/her course choices to accomplish his/her goals. Students should consult their College academic advisors in Holton Hall and their faculty advisors in the Department of Biological Sciences prior to each registration period.

Major or Minor Declaration:

Biological Sciences students should complete Bio Sci 150 and be enrolled in Bio Sci 152 before officially declaring a major in Biological Sciences. Students can declare a major or minor by contacting a faculty advisor in Biological Sciences or attending fall or spring departmental Open Advising. Students can declare more than one major or a combination of major and minors (uwm.edu/biology/undergraduate/declare-majorminor/ (http://uwm.edu/biology/undergraduate/declare-majorminor/)).

Failure to complete a declaration of major may result in a delay in graduation.

Honors in the Major

Students in biological sciences who meet all of the following criteria are awarded honors in the major upon graduation:

1. 3.500 cumulative GPA in all UWM graded credits attempted;
2. 3.750 GPA in UWM courses counting toward the major;
3. 3.500 GPA in all advanced credits that count toward the major; and
4. Complete a laboratory or field research independent study (BIO SCI 697, BIO SCI 698, or BIO SCI 699) or internship (BIO SCI 489 or CES 489).

Students who believe they may qualify for honors in biological sciences should apply to the Department during their last semester of study.

Honors in the College of Letters and Science

Dean's Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.
**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Contact Information**

Current Students contact the Department directly, biosci@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

http://uwm.edu/biology/undergraduate/majors/

**Biological Sciences, Minor**

Biology is the study of life. Biologists analyze organism functions at the cellular and molecular levels using genetics, biochemistry, and microscopy. They also study interactions between organisms and with the environment by examining behavior, morphology, physiology and genetics. Students can take a broad curriculum within Biological Sciences or focus on specific areas, such as ecology, evolution and behavior, cell and molecular biology, or microbiology.

Studies in Biological Sciences have applications across many areas including agriculture, medicine, and the environment. Biological Sciences is a popular choice for students preparing for careers in medicine, dentistry, pharmacy, food management, bioremediation, as well as the biomedical and healthcare, agriculture, natural resources and environmental sciences, and is truncated at the third decimal (e.g., 3.499).

**Requirements**

At least 9 credits must be taken at or above the 300 level in residence at UWM. Students must maintain a GPA of 2.500 in minor courses attempted at UWM. In addition, students must attain a GPA of 2.500 in all minor courses attempted, including any transfer work. The minor consists of 19 credits in Biological Sciences including the following:

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

**Additional Requirements**

Select at least 7 additional credits in courses that carry credit toward the major

**Total Credits**

19-21

**Contact Information**

Current Students contact the Department directly, biosci@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

http://uwm.edu/biology/undergraduate/

**Biological Sciences, MS**

The Department of Biological Sciences offers graduate programs in biology with areas of concentration in botany; microbiology; cellular and molecular biology; genetics; physiology and morphology of plants and animals; terrestrial and aquatic ecology; behavioral biology; conservation biology; and evolution.

Both a thesis and non-thesis track are offered within the MS degree. The thesis track is a research-based degree and is intended for students pursuing careers in formal research or planning to continue study towards the Ph.D. degree. The non-thesis track is a coursework-intensive MS degree designed for students desiring a graduate education to enhance employment opportunities or prior to obtaining a professional degree. Students may switch from the non-thesis track to the thesis track if all requirements are met (e.g., GRE) and with written approval of the student’s advisor and the Graduate Program Director.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Fall Semester**

- 12/01 - MS Thesis Track / PhD Thesis Track
- 05/01 - MS Non-Thesis Track

**Spring Semester**

- 10/01 - MS Non-Thesis Track

**Thesis Track**

Students are required to maintain full-time status and develop a formal thesis to earn the degree. Admission is during the fall semester only. When applying for admission, applicants should describe in their personal statement as completely as possible their specific research interests within biological sciences. Applicants are strongly encouraged to establish contact, before or during the application process, with Biological Sciences faculty members whose research interests are closest to their own, regarding the likelihood of one serving as the student’s major professor. To assist the applicant in this process, a Biological Sciences Graduate Program brochure is available, which
describes the research activities of the faculty. The brochure can be obtained by contacting the departmental office.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate coursework equivalent to the Biological Sciences major at UWM, including coursework in the following areas of plant or animal science: cellular and molecular biology or genetics; organismal biology; ecology. Additional coursework in chemistry through organic or biochemistry; mathematical preparation including at least one course in calculus, statistics, or biometry; and a year of physics are strongly encouraged.

2. Submission of scores from one of the following exams: the General Test of the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre), Medical College Admission Test (MCAT), Dental Admission Test (DAT), Pharmacy College Admission Test (PCAT) or Praxis test.

3. At least two letters of recommendation from persons familiar with the applicant’s scholarship.

4. International students must meet the minimum department requirements for English proficiency: completion of a baccalaureate or higher degree within the last 2 years from an institution where English is the sole language of instruction with a minimum of 2 years attendance; a minimum TOEFL score of 79 overall with a minimum score of 23 on the Speaking portion; a minimum IELTS score of 6.5 overall with a minimum score of 7.0 on the Speaking portion; or a minimum CAE score of C1 overall with a minimum of 185 on the Speaking portion.

Credits and Courses
Thesis Track
Minimum degree requirement is 30 graduate credits, at least 24 of which must be in biological sciences and up to 6 of which may be in related courses. Of the 24 credits, at least 12 must be course or seminar credits. The student must take at least two seminars during the course of the student’s program up to a maximum of 4 credits counting toward the degree; and enroll in Biology Colloquium (BIO SCI 900) each semester with a maximum of 4 colloquium credits counting toward the degree. The student must enroll in a minimum of 12 credits in research (BIO SCI 990). The student plans a program of studies in consultation with the major professor. If desired, a special area of concentration (botany, microbiology, physiology) may be declared. A cumulative GPA of 3.0 or higher on a 4.0 scale is required to receive the MS degree.

Non-Thesis Track
Minimum degree requirement is 30 graduate credits, at least 20 of which must be in courses offered by the Department of Biological Sciences.

</tbody>
</table>

Select additional BIO SCI credits to fulfill the required 20 credits

Total Credits: 12
Any remaining course work may be completed in other departments within UWM with the approval of the student’s advisor and the Graduate Program Director.

A cumulative GPA of a 3.0 or higher on a 4.0 scale is required to receive the MS degree.

Capstone Requirements

All students in the non-thesis MS track must enroll once in BIO SCI 800. For successful completion of the capstone, students must demonstrate the ability to read and understand current scientific literature in the biological sciences, and apply acquired knowledge in biological sciences to a topic presentation.

In addition to BIO SCI 800, all students must submit a minimum of two examples of scientific writing that have been completed and graded during their graduate studies. At least one of these must be from a laboratory course or experience. These documents must be submitted to the Graduate Program Director and will be used as a portfolio to demonstrate the students’ analytic and scientific writing abilities.

Program Requirements

Thesis Track

MS Graduate Advisory Committee

The MS Graduate Advisory Committee is selected by the major professor in consultation with the student, by the end of the first year of enrollment. The MS Advisory Committee consists of the major professor and two other graduate faculty members. The Committee must meet at least once a year to monitor and formally report on the student’s academic and research progress.

Oral Examination

The student must pass an MS oral examination. The examination should be taken by the end of the first year of enrollment and must be taken no later than the end of the second year of enrollment. The student’s MS Advisory Committee administers the oral examination.

Thesis

Students must prepare and defend a formal thesis reporting the results of their research. During the final year of study, students must present a seminar on their research, with prior public announcement. Submission of the final thesis to the Graduate School is required to complete the MS degree.

Major Professor as Advisor

The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. The Graduate Committee assigns a faculty advisor as a necessary prerequisite to admission.

Time Limit

Thesis Track, student must complete all degree requirements within five years of initial enrollment

Non Thesis Track

MS Graduate Advisor

Upon admission to the program, the student will be assigned an advisor whose research background is similar to the student’s stated area of interest and career goals. Students may request a specific advisor from the faculty list; however, requesting an advisor does not guarantee availability. During the first semester of study the student and advisor must complete and submit a Plan of Study to the Graduate Program Director. The Plan of Study will detail the coursework to be taken for completion of the degree and can be modified at any time during the program.

Time Limit

Student must complete all degree requirements within three years of initial enrollment.

Biological Sciences, PhD

The Department of Biological Sciences offers graduate programs in biology with areas of concentration in botany; microbiology; cellular and molecular biology; genetics; physiology and morphology of plants and animals; terrestrial and aquatic ecology; behavioral biology; conservation biology; and evolution.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission:

• Applicant must present at least 30 credits in one or more areas of biological sciences and must show substantial evidence of scholarly potential. A master’s degree is not prerequisite for admission to the PhD program.

• Other academic preparation: a year of general physics including at least one semester of laboratory; one year of general college chemistry with laboratory, plus at least one semester of organic chemistry with laboratory or biochemistry with laboratory; two courses in college mathematics chosen from among courses in calculus, biometry or statistics.

• Submission of scores on the General Test of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre).

• Acceptance by a faculty member in the program who will act as major professor (sponsor): see Major Professor as Advisor.

• Three letters of recommendation from persons familiar with the applicant’s scholarship, research achievements and potential.

Applicants may be admitted with specific course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements with a grade of C or better within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree. The student is expected to maintain a grade of B in all other coursework.

Reapplication

A student in the MS program, or who receives the master’s degree at UWM, must formally reapply for admission to the Graduate School before continuing studies toward the PhD

Credits and Courses

Minimum degree requirement is 54 credits beyond the bachelor’s degree, at least 27 of which must be earned in residence at UWM.
At least 30 of the 54 credits must be in biological sciences; 12 credits may be earned in allied sciences, including those in the secondary area of concentration or minor field(s).

**Program Requirements**

**Major Professor as Advisor**
The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The graduate committee assigns the incoming biological sciences student to an advisor whose experience and research most closely approximates the student's own career interests. Before the student's preliminary examination either this initially assigned advisor or another qualified staff member is designated as the student's major professor.

**Secondary Area of Concentration**
The student must select a secondary area of concentration either within biological sciences or in an allied science, and must present at least 9 credits of coursework in that area to the departmental Graduate Committee. A university minor (option A or B) may qualify as a secondary area of concentration upon approval by the departmental Graduate Committee.

**Language or Data Analysis Proficiency**
The student must demonstrate proficiency either in a foreign language or data analysis. The student can demonstrate language proficiency in one language other than English (German, French, Russian or Spanish preferred), either through examinations or through 12 credits of specified coursework, either before or after admission to the program. The student can demonstrate proficiency in data analysis by presenting 12 credits in one or more of the following: mathematics (200-level or above), statistics, computer science.

**Residence**
The student must meet Graduate School residence requirements (http://uwm.edu/graduateschool/doctoral-requirements/#residence).

**PhD Advisory Committee**
The PhD Advisory Committee shall be selected by the major professor in consultation with the student by the end of the first year of enrollment. The PhD Advisory Committee shall consist of the major professor and four other graduate faculty members. One of the faculty should reflect competency in the secondary area of concentration. When the advisory committee is formed, the student must prepare a departmental “certification document” for the approval of the committee. The committee must meet at least once a year to monitor and formally report on the student’s academic and research progress.

**Dissertation Proposal and Doctoral Preliminary Examination**
Prior to the doctoral preliminary examination, the student submits a preliminary written dissertation proposal to the student's PhD Advisory Committee and delivers an oral presentation of relevant research in progress. The doctoral preliminary examination is in two parts. Part I is a written exam; Part II is an oral exam. Parts I and II of the doctoral preliminary examination must be taken with a warrant from the Graduate School; and must be taken before the end of the second or third year of full-time enrollment (before completion of 24 or 36 credits for students with a MS or B.S. degree, respectively). Deviation from this plan must be approved by the Graduate Committee.

**Dissertator Status**
Specific requirements which must be completed before the Graduate School places a doctoral student in dissertator status are described in the Doctor of Philosophy Degree requirements (http://uwm.edu/graduateschool/doctoral-requirements) section.

**Dissertation**
In consultation with the major professor the candidate must select a suitable research project and submit a written research plan. The final dissertation proposal constitutes the student’s written research plan which is subject to approval of the PhD Advisory Committee. This plan is to be submitted to the Department. The research plan will be reviewed for progress annually. During the final year of study the candidate must present a seminar, with prior public announcement, on this research and must prepare a dissertation reporting the results of this research. The original research findings embodied in this dissertation should be acceptable for publication in a refereed journal.

**Dissertation Defense**
As the final step toward the degree the candidate must defend the dissertation before the PhD Advisory Committee.

**Time Limit**
All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program. For additional information on Graduate School PhD requirements, see the Doctor of Philosophy Degree requirements (http://uwm.edu/graduateschool/doctoral-requirements) section.

**Microbiology, BA**

Microorganisms were the first living things on Earth, and they remain the most abundant and the most diverse of all organisms. Microorganisms cause diseases of plants, animals and humans, and play critical roles in biogeochemical cycles and bioremediation, and are also important in the food and biotechnology industries.

As a microbiologist, students will be on the cutting edge of developments in industrial production processes, public health, biotechnology, and drug discovery. The Microbiology major prepares students for a variety of careers in the fields of microbiology, molecular biology, biotechnology, and health related professions, and for graduate and professional studies in areas such as medical microbiology, industrial microbiology, environmental microbiology, microbial biotechnology, and molecular biology.

**Requirements**

**Course of Study – Bachelor of Arts Degree**
Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.
To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

</tbody>
</table>

**College of Letters & Science Requirements**

**I. English Writing Requirement**

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

*Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.*

**II. Mathematics and Formal Reasoning**

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 103</td>
<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

*Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.*

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Complete one of the following:</td>
<td></td>
</tr>
<tr>
<td></td>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
</tr>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td>ANTHRO 568</td>
<td>Introduction to Anthropological Statistics</td>
<td></td>
</tr>
<tr>
<td>ATM SCI 500</td>
<td>Statistical Methods in Atmospheric Sciences</td>
<td></td>
</tr>
<tr>
<td>BIO SCI 465</td>
<td>Biostatistics</td>
<td></td>
</tr>
<tr>
<td>ECON 210</td>
<td>Economic Statistics</td>
<td></td>
</tr>
<tr>
<td>GEOG 247</td>
<td>Quantitative Analysis in Geography</td>
<td></td>
</tr>
<tr>
<td>HIST 595</td>
<td>The Quantitative Analysis of Historical Data</td>
<td></td>
</tr>
<tr>
<td>MTHSTAT 215</td>
<td>Elementary Statistical Analysis</td>
<td></td>
</tr>
<tr>
<td>PHILOS 211</td>
<td>Elementary Logic</td>
<td></td>
</tr>
<tr>
<td>POL SCI 390</td>
<td>Political Data Analysis</td>
<td></td>
</tr>
<tr>
<td>POL SCI 392</td>
<td>Survey Research</td>
<td></td>
</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

*Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.*

**III. Foreign Language Requirement**

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.
Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

**VI. The Major**
The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

**Microbiology Major Requirements**
Microbiology is the study of microorganisms such as bacteria, archaea, protists, fungi, and viruses. Prospective Microbiology majors should consult with a faculty advisor as early as possible, preferably before the beginning of the junior year, in order to outline an appropriate course of study. Students should consult their advisor at least once each semester.

There are two options within the Microbiology major:

- Microbiology Standard Option
- Industrial Fermentation and Biotechnology Option

The Industrial Fermentation and Biotechnology Option is offered jointly with the Department of Chemistry and Biochemistry. For both options, at least 15 credits of advanced (300 and above) Microbiology courses must be taken in residence at UWM. Students must attain an average GPA of 2.500 in Microbiology courses attempted at UWM. In addition, students must attain a 2.500 GPA on all major credits attempted, including any transfer work.

**Microbiology Standard Option**
The Microbiology option requires a minimum of 34 credits in Microbiology. The required and elective courses in Biological Sciences, CHEM 501, and BMS 534, BMS 535, BMS 539, and BMS 540 count as "Microbiology" courses for this purpose. A combined limit of 6 credits in BIO SCI 290, BIO SCI 695, BIO SCI 697, BIO SCI 698, and BIO SCI 699 counts toward the major.

**Research Requirement**
Select credits in the following:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIO SCI 495</td>
<td>Internship in Biotechnology, Upper Division</td>
<td></td>
</tr>
</tbody>
</table>
Additional Electives

Students choose courses from this list to complete their 26 credits of upper-level (300 or above) microbiology courses.

<table>
<thead>
<tr>

<tr>
<td>BMS 539</td>
<td>Public Health Microbiology</td>
<td>2</td>
</tr>
<tr>
<td>BMS 540</td>
<td>Public Health Microbiology Lab</td>
<td>2</td>
</tr>
</tbody>
</table>

1 Only BIO SCI 699 or HONORS 686, HONORS 687, or HONORS 689 projects that are determined by the student's microbiology faculty advisor to have microbiology content count toward the major.

2 Students may elect to take these BMS courses to earn credit toward the Microbiology major option provided that they earn 30 advanced credits in Natural Sciences within the College of Letters and Science, as required for the BS degree.

Industrial Fermentation and Biotechnology Option

1 When determined by the student's Microbiology faculty advisor to have Microbiology content.
The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

### Department Advising

Students should contact an advisor (uwm.edu/biology/undergraduate/advising/ (http://uwm.edu/biology/undergraduate/advising)) as soon as possible in their freshman year about required courses and the recommended course sequence within Biological Sciences programs. The student should attend fall or spring departmental Open Advising or contact a Department of Biological Sciences faculty advisor (uwm.edu/biology/undergraduate/advising/ (http://uwm.edu/biology/undergraduate/advising)) who will then guide the student in planning his/her course choices to accomplish his/her goals. Students should consult their College academic advisors in Holton Hall and their faculty advisors in the Department of Biological Sciences prior to each registration period.

### Major or Minor Declaration:

Biological Sciences students should complete Bio Sci 150 and be enrolled in Bio Sci 152 before officially declaring a major in Biological Sciences. Students can declare a major or minor by contacting a faculty advisor in Biological Sciences or attending fall or spring departmental Open Advising. Students can declare more than one major or a combination of major and minors (uwm.edu/biology/undergraduate/declare-majorminor/ (http://uwm.edu/biology/undergraduate/declare-majorminor)).

### Failure to complete a declaration of major may result in a delay in graduation.

### Honors in the Major

Students in biological sciences who meet all of the following criteria are awarded honors in the major upon graduation:

1. 3.500 cumulative GPA in all UWM graded credits attempted;
2. 3.750 GPA in UWM courses counting toward the major;
3. 3.500 GPA in all advanced credits that count toward the major;
Complete a laboratory or field research independent study (BIO SCI 697, BIO SCI 698, or BIO SCI 699) or internship (BIO SCI 489 or CES 489).

Students who believe they may qualify for honors in biological sciences should apply to the Department during their last semester of study.

Honors in the College of Letters and Science

Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information
Current Students contact the Department directly, biosci@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu
https://uwm.edu/biology/undergraduate/major-in-microbiology/

Microbiology, BS
Microorganisms were the first living things on Earth, and they remain the most abundant and the most diverse of all organisms. Microorganisms cause diseases of plants, animals and humans, and play critical roles in biogeochemical cycles and bioremediation, and are also important in the food and biotechnology industries.

As a microbiologist, students will be on the cutting edge of developments in industrial production processes, public health, biotechnology, and drug discovery. The Microbiology major prepares students for a variety of careers in the fields of microbiology, molecular biology, biotechnology, and health related professions, and for graduate and professional studies in areas such as medical microbiology, industrial microbiology, environmental microbiology, microbial biotechnology, and molecular biology.

Course of Study – Bachelor of Science Degree
Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated upper-level Natural Science. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

UWM Foreign Language Requirement

Complete Foreign Language Requirement through:

- Two years (high school) of a single foreign language
- Two semesters (college) of a single foreign language
- Or equivalent

UWM Cultural Diversity Requirement

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement
College of Letters & Science Requirements

I. English Writing Requirement
Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond English 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning
To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 211</td>
<td>Survey in Calculus and Analytic Geometry</td>
<td>4</td>
</tr>
<tr>
<td>MATH 221</td>
<td>Honors Calculus I</td>
<td>5</td>
</tr>
<tr>
<td>MATH 231</td>
<td>Calculus and Analytic Geometry I</td>
<td>4</td>
</tr>
</tbody>
</table>

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 212, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td>ANTHRO 568</td>
<td>Introduction to Anthropological Statistics</td>
<td></td>
</tr>
<tr>
<td>ATM SCI 500</td>
<td>Statistical Methods in Atmospheric Sciences</td>
<td></td>
</tr>
<tr>
<td>BIO SCI 465</td>
<td>Biostatistics</td>
<td></td>
</tr>
<tr>
<td>ECON 210</td>
<td>Economic Statistics</td>
<td></td>
</tr>
<tr>
<td>GEOG 247</td>
<td>Quantitative Analysis in Geography</td>
<td></td>
</tr>
<tr>
<td>HIST 595</td>
<td>The Quantitative Analysis of Historical Data</td>
<td></td>
</tr>
<tr>
<td>MTHSTAT 215</td>
<td>Elementary Statistical Analysis</td>
<td></td>
</tr>
<tr>
<td>PHILOS 211</td>
<td>Elementary Logic</td>
<td></td>
</tr>
<tr>
<td>POL SCI 390</td>
<td>Political Data Analysis</td>
<td></td>
</tr>
<tr>
<td>POL SCI 392</td>
<td>Survey Research</td>
<td></td>
</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement
Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required. Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Completed in one of the following ways:</td>
<td>9</td>
</tr>
<tr>

<td>Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 9 credits in combination of the two options above</td>
<td></td>
</tr>
</tbody>
</table>

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>

<td>12</td>
</tr>
<tr>
<td></td>
<td>Cultural Diversity</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 3 credits in a course with Cultural Diversity (CD) designation.</td>
<td>3</td>
</tr>
</tbody>
</table>

* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

VI. The Major
The College requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a
2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

**Research Requirement.**
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

**Microbiology Major Requirements**
Microbiology is the study of microorganisms such as bacteria, archaea, protists, fungi, and viruses. Prospective Microbiology majors should consult with a faculty advisor as early as possible, preferably before the beginning of the junior year, in order to outline an appropriate course of study. Students should consult their advisor at least once each semester.

There are two options within the Microbiology major:

- Microbiology Standard Option
- Industrial Fermentation and Biotechnology Option

The Industrial Fermentation and Biotechnology Option is offered jointly with the Department of Chemistry and Biochemistry. For both options, at least 15 credits of advanced (300 and above) Microbiology courses must be taken in residence at UWM. Students must attain an average GPA of 3.000 in Microbiology courses attempted at UWM. In addition, students must attain a 2.500 GPA on all major credits attempted, including any transfer work.

**Microbiology Standard Option**
The Microbiology option requires a minimum of 34 credits in Microbiology. The required and elective courses in Biological Sciences, CHEM 501, and BMS 534, BMS 535, BMS 539, and BMS 540 count as "Microbiology" courses for this purpose. A combined limit of 6 credits in BIO SCI 290, BIO SCI 695, BIO SCI 697, BIO SCI 698, and BIO SCI 699 counts toward the major.

**Microbiology Electives**

<table>

1 Only BIO SCI 699 or HONORS 686, HONORS 687, or HONORS 689 projects that are determined by the student's microbiology faculty advisor to have microbiology content count toward the major.

2 Students may elect to take these BMS courses to earn credit toward the Microbiology major option provided that they earn 30 advanced credits in Natural Sciences within the College of Letters and Science, as required for the BS degree.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your
assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

### Department Advising

Students should contact an advisor (uwm.edu/biology/undergraduate/advising) as soon as possible in their freshman year about required courses and the recommended course sequence within Biological Sciences programs. The student should attend fall or spring departmental Open Advising or contact a Department of Biological Sciences faculty advisor (uwm.edu/biology/undergraduate/advising) who will then guide the student in planning his/her course choices to accomplish his/her goals. Students should consult their College academic advisors in Holton Hall and their faculty advisors in the Department of Biological Sciences prior to each registration period.

### Major or Minor Declaration

Biological Sciences students should complete Bio Sci 150 and be enrolled in Bio Sci 152 before officially declaring a major in Biological Sciences. Students can declare a major or minor by contacting a faculty advisor in Biological Sciences or attending fall or spring departmental Open Advising. Students can declare more than one major or a combination of major and minors (uwm.edu/biology/undergraduate/declare-majorminor).

Failure to complete a declaration of major may result in a delay in graduation.

### Honors in the Major

Students in biological sciences who meet all of the following criteria are awarded honors in the major upon graduation:

1. 3.500 cumulative GPA in all UWM graded credits attempted;
2. 3.750 GPA in UWM courses counting toward the major;
3. 3.500 GPA in all advanced credits that count toward the major; and
4. Complete a laboratory or field research independent study (BIO SCI 697, BIO SCI 698, or BIO SCI 699) or internship (BIO SCI 489 or CES 489).

Students who believe they may qualify for honors in biological sciences should apply to the Department during their last semester of study.

### Honors in the College of Letters and Science

#### Dean's Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

#### Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

#### Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

#### Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

### Contact Information

Current Students contact the Department directly, biosci@uwm.edu

Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

BUSINESS AND TECHNICAL COMMUNICATIONS, UNDERGRADUATE CERTIFICATE

In today's uncertain economy, it is more important than ever for workers to be multi-skilled and flexible in their professional areas. The Business and Technical Communications Undergraduate Certificate combines an innovative approach with practical skills in writing, research, communication, and technologies that will enable students to improve their skills for working in a broad range of contexts.

Students will develop competencies in communication that are critical to a wide range of contemporary jobs and organizations:

- Business and technical communication
- Strategic writing skills
- Organizational leadership skills
- Information design
- Project management

The Certificate is available in a traditional face-to-face and online format, and is also available via the University of Wisconsin System's Flexible Option. The UW Flexible Option offers a new way to earn a college degree or certificate, different from both face-to-face classroom instruction and traditional online instruction (http://flex.wisconsin.edu/competency-based-education-what-it-is-how-its-different-and-why-it-matters-to-you). In the UW Flexible Option program, you will:

- Earn credit for what you know
- Advance at your own pace
- Receive personalized support
- Start when you want, at the beginning of any month
- Learn skills employers value

Eligibility

Students who wish to enroll in the Undergraduate Certificate must be admitted to UWM and will have to meet the basic prerequisites of the courses that are equivalent to each given competency set. For ENGLISH 206, that will mean having passed or tested out of ENGLISH 102. All other courses in the Certificate require ENGLISH 206 as a prerequisite. Students concurrently completing a bachelor's degree receive the Certificate upon completion of their degree requirements; post-baccalaureate special students and non-degree students will be awarded the Certificate upon successful completion of all program requirements.

Program Requirements

To obtain the certificate, students first must complete ENGLISH 206, after which they may study the additional competency sets in any order. Completing the Undergraduate Certificate means having gained credit in all six courses, with a minimum grade point average of 2.500. Students also must meet College of Letters and Science residency requirements, which means that at least nine of their Certificate upper-level (numbered 300 and above) credits must be earned at UWM.

CELTIC STUDIES

Celtic Studies examines the history, culture, and languages of the Celtic region.

The Center for Celtic Studies provides interdisciplinary, international educational opportunities for UWM students. Our program includes on-campus instruction by UWM and visiting international faculty, as well as study-abroad options in Ireland, Great Britain, and Europe. We provide a wide range of course and research topics relating to cultures—both historical and modern—that share Celtic influence: the early Continental Celts and the Breton, Cornish, Galician, Irish, Manx, Scots, and Welsh peoples.

Students can concentrate their studies on the Celtic languages, both spoken and written, or they may choose to investigate the broader themes of the Celtic world, such as art, archaeology, literature, history, folklore, music and myth.

Programs

• Celtic Studies, Undergraduate Certificate (p. 1090)

Celtic Studies Courses

CELTIC 103 First Semester Gaelic
3 cr. Undergraduate.
Beginning Gaelic for students with no previous knowledge of the language. Counts as repeat of Linguis 131 with ‘First Semester Gaelic’ subtitle.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CELTIC 104 Second Semester Gaelic
3 cr. Undergraduate.
Continuation of Celtic 103(Linguis 181).
Prerequisites: Celtic 103(Linguis 181)(P).
Course Rules: Counts as repeat of Linguis 132 with ‘Second Semester Gaelic’ subtitle.
Current Offerings: http://uwm.edu/schedule

CELTIC 133 Celtic Crossings: Overview of the History and Cultures of the Celtic World
3 cr. Undergraduate.
Interdisciplinary exploration of the archaeology, history, literature, language, myth, and arts of the Celtic peoples (Cornish, Irish, Scots, Welsh, Manx, Breton, & Galician).
Prerequisites: none.
General Education Requirements: HU
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CELTIC 192 First-Year Seminar:
3 cr. Undergraduate.
Specific topics announced in Schedule of Classes each time course is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: HU
Last Taught: Fall 2011, Fall 2010, Fall 2009, Fall 2008.
Current Offerings: http://uwm.edu/schedule

CELTIC 193 First-Year Seminar:
3 cr. Undergraduate.
Specific topics announced in Schedule of Classes each time course is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

CELTIC 199 Independent Study
1-3 cr. Undergraduate.
Independent work supervised by Celtic Studies faculty or staff member. Written course proposal required prior to reg. For additional information, consult prog coord.
Prerequisites: 2.50 gpa on at least 12 graded cr; writ cons instr & prog coord.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

CELTIC 203 Third Semester Gaelic
3 cr. Undergraduate.
Continuation of Celtic 104 (Linguis 182).
Prerequisites: Celtic 104(Linguis 182)(P).
Course Rules: Counts as repeat of Linguis 231 with ‘Irish (Gaelic)’ subtitle.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

CELTIC 204 Fourth Semester Gaelic
3 cr. Undergraduate.
Continuation of Celtic 203(Linguis 281).
Prerequisites: Celtic 203(Linguis 281)(P).
Course Rules: Counts as repeat of Linguis 232 with ‘Irish (Gaelic)’ subtitle.
Current Offerings: http://uwm.edu/schedule

CELTIC 250 Selected Topics in Celtic Studies:
3 cr. Undergraduate.
Focus on an individual Celtic group or one particular aspect of Celtic culture.
Prerequisites: none.
Course Rules: Not open to students with cr in Ethnic 250 with similar topic. Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule
Celtic Studies, Undergraduate Certificate

Celtic Studies examines the history, culture, and languages of the Celtic region.

The Undergraduate Certificate in Celtic Studies is open to all students interested in learning about the history, folklore, art, language, and culture of Ireland, Scotland, and Wales. The features of the region are explored from both a historical perspective and through a modern day lens. The certificate complements a number of different majors such as history, political science, English, anthropology, and art history, and can make graduates more marketable for international careers and graduate programs.

Certificate complements a number of different majors such as history, political science, English, anthropology, and art history, and can make graduates more marketable for international careers and graduate programs.

Certificates are similar to minors in terms of credit requirements but draw on coursework from multiple fields of study rather than from a single department.

Eligibility

The Undergraduate Certificate Program in Celtic Studies is open to all students seeking a bachelor’s degree from UWM, to students who previously have received a bachelor’s degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject. To be admitted to the University as non-degree students, individuals must meet regular University admission requirements. All students will receive the certificate upon successful completion of the program requirements.
Requirements

To obtain the certificate, students must complete 18 credits in required courses with a minimum GPA of 2.750, including CELTIC 133 and at least 9 credits in upper-division (numbered 300 and above) courses selected from Celtic courses and/or the list of approved electives. At least half the credits for the certificate must be taken in residence at UWM. All students are urged to participate in a study abroad program. Credits earned via study abroad through a UWM-sponsored program count as residence credits. No more than 9 credits from a single curricular area may count toward the certificate requirements, and students must select courses from at least three different curricular areas in completing their requirements.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the certificate program committee.

Students elect one of the following options:

Option A: Language Emphasis

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CELTIC 133</td>

CHEMISTRY AND BIOCHEMISTRY

While our faculty are internationally recognized in all of the major divisions of chemistry, our department is particularly strong in Medicinal Chemistry, Biochemistry, and Surface Science. We are a midsized department where students receive advanced training and carry out cutting-edge research that crosses the bounds of traditional chemistry into the fields of physics, materials, life science and science education.

Programs

- Biochemistry, BA (p. 1101)
- Biochemistry, BS (p. 1106)
- Chemistry, BA (p. 1111)
- Chemistry, BS (p. 1116)
- Chemistry, Minor (p. 1121)
- Chemistry, MS (p. 1122)
- Chemistry, PhD (p. 1123)
- Course in Chemistry, BS (p. 1124)
- Death Investigation, Undergraduate Certificate (College of Letters and Science, Department of Chemistry and Biochemistry) (p. 1128)
- Forensic Science, Undergraduate Certificate (College of Letters and Science, Department of Chemistry and Biochemistry) (p. 1129)
- Forensic Toxicology, Undergraduate Certificate (College of Letters and Science, Department of Chemistry and Biochemistry) (p. 1129)

Chemistry and Biochemistry Courses

CHEM 100 Chemical Science
4 cr. Undergraduate.
Introductory course in general inorganic chemistry designed for the student with little or no previous science training. 3 hrs lec, 1 hr dis.
Prerequisites: Math 105(C) or Math 108(C) or Math 116(C) or Level 30 on Math Placement Test.
Course Rules: Not open for cr to students who have cr in Chem 102.
General Education Requirements: NS
Current Offerings: http://uwm.edu/schedule

CHEM 101 Chemical Science
5 cr. Undergraduate.
Introductory chemistry with an emphasis on organic chemistry and selected aspects of general chemistry. 3 hrs lec, 2 hrs lab, 1 hr dis.
Prerequisites: a score of 1 on the chem placement test, & Level 30 on Math Placement Test or a satisfactory grade in any appropriate math course equal to or greater than UWM Math 105 or 108; or a grade of C or better in Chem 100(P).
Course Rules: Designed for students in nursing and related fields. Not open for cr to students who have cr in Chem 341 or 343; may not serve as prereq for Chem 341 or 343.
General Education Requirements: NS+
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 102 General Chemistry
5 cr. Undergraduate.
Introductory college chemistry. Modern fundamental principles of chemistry, with emphasis on the chemistry of nonmetals. 3 hrs lec, 3 hrs lab, 1 hr dis.
Prerequisites: score of 1 on chem placement test, & Level 30 on Math Placement Test or a satisfactory grade in any appropriate math course equal to or greater than UWM Math 105 or 108; or min grade C in Chem 100(P).
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

CHEM 103 Survey of Biochemistry
5 cr. Undergraduate.
The nature of materials of biological systems. 3 hrs lec, 1 hr dis, 3 hrs lab.
Prerequisites: grade of C or better in Chem 101(P).
Course Rules: Designed for students in nursing and related fields. Not open for cr to chem majors; may not serve as a prereq for Chem 341 or 343.
General Education Requirements: NS+
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 104 General Chemistry and Qualitative Analysis
5 cr. Undergraduate.
Continuation of Chem 102. 3 hrs lec, 3 hrs lab, 1 hr dis.
Prerequisites: grade C or better in Chem 102(P).
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule

CHEM 105 General Chemistry for Engineering
5 cr. Undergraduate.
Modern principles of chemistry with emphasis on applications in engineering fields.
Prerequisites: score of 1 on chem placement test, Level 30 on Math Placement Test or a satisfactory grade in any appropriate math course equal to or greater than UWM Math 105 or 108; or in grade C in Chem 100(P).
Course Rules: Not open to those w/cr in Chem 104(ER). Not a prereq for Chem 221, 341, or 343.
General Education Requirements: NS+
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 106 Chemistry in the World Around Us--Chemistry for the Non-Science Major
3 cr. Undergraduate.
An introduction to chemistry with an emphasis on outlining how chemistry affects our everyday lives. 3 hrs lec, 2 hrs lab/dis.
Prerequisites: none.
Course Rules: Intended for non-science majors and minors; does not carry cr toward chem or biochem majors or chem minor.
General Education Requirements: NS+
Current Offerings: http://uwm.edu/schedule
CHEM 185 Basic Chemistry for Teachers
3 cr. Undergraduate.
Chemical models, atoms, and molecules; properties of elements; useful chemical reactions; application to elementary education classrooms. 2 hrs lec; 2 hrs lab/dis.
Prerequisites: Math 176(P) or cons instr.
General Education Requirements: NS+
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 194 First-Year Seminar:
3 cr. Undergraduate.
The specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: NS
Last Taught: Fall 2016, Fall 2015, Fall 2002, Fall 2001.
Current Offerings: http://uwm.edu/schedule

CHEM 210 Introduction to Fermentation Chemistry
3 cr. Undergraduate.
Concepts of chemistry in the context of fermentation. The ideas of mass balance, equilibrium, rate and catalysis are applicable to fermentation.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

CHEM 221 Elementary Quantitative Analysis
4 cr. Undergraduate.
Introduction to modern chemical analysis, including volumetric, gravimetric, electrochemical, and chromatographic methods. 2 hrs lec, 6 hrs lab.
Prerequisites: a grade of C or better in Chem 104(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 281 Dead Men Do Tell Tales: An Introduction to Forensic Science
3 cr. Undergraduate.
A multidisciplinary view of how forensic scientists contribute to the many ways that physical evidence is collected, analyzed, and evaluated.
Prerequisites: none.
Course Rules: Jointly offered with & counts as repeat of Anthro/BMS(C L Sci)/Crm Jst 281.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 285 Medicolegal Death Investigation
3 cr. Undergraduate.
Lectures on the fundamentals of death investigation as outlined by national guidelines for death investigators.
Prerequisites: none.
Course Rules: Jointly-offered with & counts as repeat of Anthro/BMS(C L Sci)/Crm Jst 285.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

CHEM 289 Internship in Chemistry, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of chemistry in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in chem; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

CHEM 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem. May be retaken w/chg in topic.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Last Taught: Spring 2018, Fall 2015.
Current Offerings: http://uwm.edu/schedule

CHEM 311 Introduction to Inorganic Chemistry
3 cr. Undergraduate.
Inorganic chemistry; solid state chemistry, coordination chemistry, main-group chemistry.
Prerequisites: grade of C or better in Chem 104(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 341 Introductory Survey of Organic Chemistry
3 cr. Undergraduate.
Intended for students who expect to take only one semester of organic chemistry.
Prerequisites: grade of C or better in Chem 104(P); conc reg in Chem 342(R).
Course Rules: Not open for cr to students who have credit in Chem 343.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 342 Introductory Organic Chemistry Laboratory
2 cr. Undergraduate.
6 hrs lab.
Prerequisites: a grade of C or better in Chem 104(P); conc reg in Chem 341(R).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 343 Organic Chemistry
3 cr. Undergraduate.
For students who intend to take more than one semester of organic chemistry.
Prerequisites: grade of C or better in Chem 104(P).
Course Rules: Not open for cr to students who have credit in Chem 341.
Current Offerings: http://uwm.edu/schedule
CHEM 344 Organic Chemistry Laboratory
2 cr. Undergraduate.
6 hr lab.
Prerequisites: grade C or better Chem 343(P); conc reg Chem 345(R).
Course Rules: Not open for cr to students who have credit in Chem 342.
Current Offerings: http://uwm.edu/schedule

CHEM 345 Organic Chemistry
3 cr. Undergraduate.
Continuation of Chem 343.
Prerequisites: grade of C or better in Chem 343(P); conc reg Chem 344(R).
Current Offerings: http://uwm.edu/schedule

CHEM 381 Honors Seminar:
3 cr. Undergraduate.
Discussion of aspects of the relationship of chemistry and society.
Prerequisites: soph st; Honors 200(P); cons Honors College dir; add'l prereq possible depending on specific topic.
Course Rules: May be retaken w/chg in topic to 9 cr max.
General Education Requirements: NS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 399 Special Chemical Problems:
1-4 cr. Undergraduate.
Directed study or research on topics selected by the instructor.
Prerequisites: Chem 104(P); cons instr.
Course Rules: May be retaken to 7 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 481 Criminalistics
3 cr. Undergraduate.
Instruction on collection, preservation, and analysis of physical evidence from crime scenes. Instruction on the rules of evidence and expert testimony.
Prerequisites: jr st; Admis to Forensic Sci cert prog; Anthro/Chem/C L Sci/Crm Jst 281(P); Crm Jst 480(P).
Course Rules: Anthro 481, Chem 481, BMS(C L Sci) 481, & Crm Jst 481 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

CHEM 489 Internship in Chemistry, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of chemistry in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in Chem; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

CHEM 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

CHEM 501 Introduction to Biochemistry
3 cr. Undergraduate/Graduate.
The chemistry of biological systems.
Prerequisites: jr st; grade of C or better in Chem 221(P) or 223(P), & Chem 341(P) or 343(P).
Course Rules: Does not count toward graduate degree in chemistry.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 502 Development of Modern Chemistry
2 cr. Undergraduate/Graduate.
Traces the development of chemistry from ancient to modern times.
Prerequisites: jr st; a grade of C or better in Chem 221(P) or 223(P), & Chem 341(P) or 343(P).
Course Rules: Does not count toward graduate degree in Chemistry.
Current Offerings: http://uwm.edu/schedule

CHEM 511 Inorganic Chemistry
3 cr. Undergraduate/Graduate.
Introduction to theoretical principles and descriptive chemistry of the elements.
Prerequisites: jr st.
Course Rules: Does not count toward a graduate degree in Chemistry.
Current Offerings: http://uwm.edu/schedule

CHEM 524 Instrumental Analysis
3 cr. Undergraduate/Graduate.
Chemical equilibria, separations, and theory and practice of instrumental measurements.
Prerequisites: jr st; grade of C or better in Chem 221(P) or 223(P).
Course Rules: Does not count toward a graduate degree in chemistry.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 537 Industrial Microbiology and Biochemistry Laboratory
2 cr. Undergraduate/Graduate.
Experiments using industrial fermentation approaches for isolation of biologically-relevant molecules, e.g., antibiotics; analysis of their function and activity using microbiological and biochemical techniques.
Course Rules: Bio Sci 537 & Chem 537 are jointly offered; they count as repeats of one another.
Last Taught: Fall 2015.
Current Offerings: http://uwm.edu/schedule
CHEM 541 Bioprocess Chemical Engineering
3 cr. Undergraduate.
Technical aspects of biotechnology and fermentation based on reactor design and function.
Prerequisites: jr st; grade of C or better in Chem 501 (P).
Last Taught: Fall 2015.
Current Offerings: http://uwm.edu/schedule

CHEM 543 Bioproduct Regulatory Protocols Laboratory
3 cr. Undergraduate/Graduate.
Experiments in the production, purification, and characterization of biopharmaceuticals for the treatment of human disease in compliance with ICH and FDA guidelines.
Prerequisites: jr st; Chem/Bio Sci 537 (P); Chem 541 (P); Chem 501 (P).
Current Offerings: http://uwm.edu/schedule

CHEM 560 Biophysical Chemistry
3 cr. Undergraduate/Graduate.
General course designed for majors in fields other than chemistry.
Prerequisites: jr st; grade of C or better in Chem 104 (P); Math 211 (P) or equiv.
Course Rules: Does not count toward a graduate degree in chemistry.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 561 Physical Chemistry I
3 cr. Undergraduate/Graduate.
Primary focus on chemical thermodynamics.
Prerequisites: jr st; grades of C or better in Chem 104 (P), Physics 210 (P) & 215 (P), & Math 233 (P); ElecEng 234 (R) or Math 234 (R).
Course Rules: Does not count toward a graduate degree in chemistry.
Current Offerings: http://uwm.edu/schedule

CHEM 562 Physical Chemistry II
3 cr. Undergraduate/Graduate.
Continuation of Chem 561; course content is largely kinetics, statistical mechanics, and quantum chemistry.
Prerequisites: jr st; grade of C or better in Chem 561 (P).
Course Rules: Does not count toward a graduate degree in chemistry.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 563 Physical Chemistry Laboratory
1-2 cr. Undergraduate/Graduate.
Prerequisites: jr st & grade of C or better in Chem 221 (P) or 223 (P) & Chem 561 (P).
Course Rules: Carries grad cr for students other than chem students.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 582 Advanced Chemistry Laboratory I
2 cr. Undergraduate.
Modern advanced chemical synthesis techniques.
Prerequisites: grade of C or better in Chem 344 (P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 584 Advanced Chemistry Laboratory II
2 cr. Undergraduate.
Advanced laboratory for analysis and characterization of chemical compounds.
Prerequisites: grade of C or better in Chem 344 (P), 524 (P), & 563 (P).
Current Offerings: http://uwm.edu/schedule

CHEM 585 Internship in Forensic Toxicology
1-3 cr. Undergraduate.
Practical experience in a forensic toxicology laboratory under the supervision of a toxicologist.
Prerequisites: jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281 (P) & 285 (P); Chem 221 (P) or 223 (P); Crm Jst 480 (P); Hepatitis B vaccine series or waiver.
Course Rules: Anthro 585, Chem 585, BMS(C L Sci) 585, & Crm Jst 585 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

CHEM 589 Internship in Death Investigation
1-3 cr. Undergraduate.
Practical experience in death investigation under the supervision of a death investigator and forensic pathologist.
Prerequisites: jr st; admis to Forensic Sci certif prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281 (P); Chem 221 (P) or 223 (P); Crm Jst 480 (P); BMS(C L Sci) 620 (R); Hepatitis B vaccine series or waiver.
Course Rules: Anthro 589, Chem 589, BMS(C L Sci) 589, & Crm Jst 589 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2012, Fall 2002.
Current Offerings: http://uwm.edu/schedule

CHEM 594 Internship in Forensic Science
1-3 cr. Undergraduate.
On-site shadowing of evidence analyst at State Crime Laboratory.
Prerequisites: jr st; admis to Forensic Sci cert prog; Anthro/Chem/BMS(C L Sci)/Crm Jst 281 (P); Chem 221 (P) or 223 (P); Crm Jst 480 (P); Hepatitis B vaccine series or waiver.
Course Rules: Anthro 594, Chem 594, BMS(C L Sci) 594, & Crm Jst 594 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

CHEM 599 Special Projects in Chemistry
3-5 cr. Undergraduate/Graduate.
Directed study or research on subjects selected by the instructor. For further information consult dept chair.
Prerequisites: jr st; cons instr.
Course Rules: May be retaken to 7 cr max. Does not count toward a graduate degree in chemistry.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

CHEM 601 Biochemistry: Protein Structure and Function
3 cr. Undergraduate/Graduate.
Cellular synthesis of proteins, protein structure/function, enzyme mechanisms.
Prerequisites: jr st; grades of C or better in Chem 345 (P), 501 (P), & either 560 (C) or 562 (C).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
CHEM 602 Biochemistry: Cellular Processes
3 cr. Undergraduate/Graduate.
Biosynthesis and metabolism of nucleic acids, structure and replication of DNA, control of gene expression, signal transduction.
Prerequisites: jr st; grade of C or better in Chem 501(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

CHEM 603 Introduction to Biochemistry Laboratory
2 cr. Undergraduate/Graduate.
Experiments in biological preparations, colorimetry, chromatography, and radioisotope techniques.
Prerequisites: jr st; grades of C or better in Chem 221(P) or 223(P) & in Chem 501(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 604 Biochemistry: Metabolism
3 cr. Undergraduate/Graduate.
Glycolysis, photosynthesis, biosynthesis, metabolism.
Prerequisites: jr st; grade of C or better in Chem 501(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

CHEM 611 Physical Inorganic Chemistry
3 cr. Undergraduate/Graduate.
Physical and theoretical aspects of inorganic chemistry (spectroscopy, crystallography, kinetic and theoretical methods) are discussed.
Prerequisites: Chem 511(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

CHEM 612 Transition Metal and Organometallic Chemistry
3 cr. Undergraduate/Graduate.
Advanced survey of elements, emphasizing transition elements and organometallic species. Main group organometallics and actinides and lanthanides briefly discussed.
Prerequisites: Chem 511(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

CHEM 613 Main Group Chemistry
3 cr. Undergraduate/Graduate.
Advanced survey of metallic and non-metallic main group elements.
Prerequisites: jr st & grade of C or better in Chem 511(P); or grad st.
Current Offerings: http://uwm.edu/schedule

CHEM 614 Bio-Inorganic Chemistry
3 cr. Undergraduate/Graduate.
Inorganic chemistry for biological systems; metalloproteins; coordination chemistry in enzymes.
Prerequisites: jr st; grade of C or better in Chem 511(P).
Current Offerings: http://uwm.edu/schedule

CHEM 628 Nuclear and Radiochemistry
3 cr. Undergraduate/Graduate.
Survey of modern nuclear and radiochemistry; emphasis on the interactions of radiation with matter and application in radiation detection and measurement.
Prerequisites: jr st.; grades of B or better in Chem 524(P), 561(P), 562(P), & 563(P) or equiv; cons instr for undergrads.
Course Rules: Counts as repeat of Chem 726 w/same topic.
Current Offerings: http://uwm.edu/schedule

CHEM 630 Computational Chemistry
3 cr. Undergraduate/Graduate.
Computer modeling techniques for molecular systems.
Prerequisites: jr st; grade of C or better in Chem 562(P) or cons instr.
Last Taught: Fall 2014, Fall 2012, Fall 2010, Spring 2003.
Current Offerings: http://uwm.edu/schedule

CHEM 640 Advanced Survey of Organic Chemistry
3 cr. Undergraduate/Graduate.
Application of modern instrumental methods to the separation, analysis, and identification of organic compounds.
Prerequisites: jr st; a grade of C or better in Chem 345(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 647 Physical Methods of Organic Chemistry
3 cr. Undergraduate/Graduate.
Application of modern instrumental methods to the separation, analysis, and identification of organic compounds.
Prerequisites: jr st; a grade of C or better in Chem 345(P), 346(P), 524(P).
Last Taught: Spring 2015, Fall 2013, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

CHEM 650 Physical Inorganic Chemistry
3 cr. Undergraduate/Graduate.
Prerequisites: sr st; a grade of C or better in Chem 562(P).
Last Taught: Fall 2014, Fall 2013, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

CHEM 661 Intermediate Chemical Thermodynamics
3 cr. Undergraduate/Graduate.
Prerequisites: jr st; grade of C or better in Chem 562(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 662 Chemical Kinetics and Dynamics
3 cr. Undergraduate/Graduate.
Present understanding of reaction kinetics and dynamics. Topics range from experimental methods for kinetics measurements to microscopic theories of reaction rates.
Prerequisites: sr st; grade of C or better in Chem 562(P).
Last Taught: Fall 2017, Fall 2016, Fall 2014, Spring 2013.
Current Offerings: http://uwm.edu/schedule

CHEM 690 Scientist Career Transitions Seminar
1 cr. Undergraduate.
Preparation of science undergraduates for transition to science-related employment internships.
Prerequisites: soph st; Chem 344(C) & 345(C) or equiv; 3.000 GPA in science courses; cons instr.
Course Rules: Counts as repeat of Chem 489 with similar topic.
Current Offerings: http://uwm.edu/schedule
CHEM 691 Senior Research
1-4 cr. Undergraduate.
Introduction to chemical research. Independent and original study done under the direction of a staff member; communication of results. Recom for Chem majors.
Prerequisites: sr st; cons instr.
Course Rules: May be retaken with change in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 692 Senior Thesis
2-6 cr. Undergraduate.
Introduction to chemical research. Independent and original study done under the direction of a staff member. Recom for chem majors.
Prerequisites: sr st; grade of C or better in English 102(P) or score at level 4 on EPT; cons instr.
Course Rules: May be retaken with change in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 697 Senior Seminar
1 cr. Undergraduate.
Prerequisites: sr st.
Current Offerings: http://uwm.edu/schedule

CHEM 701 Topics in Biochemistry:
2-4 cr. Graduate.
Selected topics in biochemistry. Two topics, each for 2 cr, will last 1/2 of the semester. Students may enroll in either (2 cr) or both (4 cr). The 3 cr option offers a more complete coverage of a single topic for a full semester.
Prerequisites: grad st; grade of C or better in Chem 501(P) or 601(P).
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

CHEM 702 Advanced Survey of Inorganic Chemistry
3 cr. Graduate.
Graduate-level treatment of theoretical principles and descriptive chemistry of the elements.
Prerequisites: grad st.
Last Taught: Fall 2010, Fall 2008, Fall 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule

CHEM 710 Advanced Survey of Inorganic Chemistry
3 cr. Graduate.
Graduate-level treatment of theoretical principles and descriptive chemistry of the elements.
Prerequisites: grad st.
Last Taught: Fall 2010, Fall 2008, Fall 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule

CHEM 711 Topics in Inorganic Chemistry:
3 cr. Graduate.
Selected topics of current research interest in inorganic chemistry are discussed in detail.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Fall 2015, Spring 2015, Fall 2013, Fall 2005.
Current Offerings: http://uwm.edu/schedule

CHEM 712 Physical Organic Chemistry
3 cr. Graduate.
Survey of modern electrochemical theory and applications to measurement of solution concentrations, rate constants, thermodynamic quantities, transport properties, and adsorption phenomena.
Prerequisites: grad st; grade of C or better in Chem 524(P) or 621(P).
Current Offerings: http://uwm.edu/schedule

CHEM 724 Electrochemistry
3 cr. Graduate.
Survey of modern electrochemical theory and applications to measurement of solution concentrations, rate constants, thermodynamic quantities, transport properties, and adsorption phenomena.
Prerequisites: grad st; grade of C or better in Chem 524(P) or 621(P).
Current Offerings: http://uwm.edu/schedule

CHEM 726 Topics in Analytical Chemistry:
3 cr. Graduate.
Selected topics which reflect current advances in analytical chemistry.
Prerequisites: grad st.
Course Rules: May be retaken with change in topic to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

CHEM 740 Advanced Organic Chemistry-Methods in Synthetic Chemistry
3 cr. Graduate.
Discussion of name reactions and other synthetic methods of preparative significance used in organic syntheses. Introduction and modification of functional groups. Recent examples of application from modern organic chemistry.
Prerequisites: grad st; a grade of C or better in Chem 345(P).
Current Offerings: http://uwm.edu/schedule

CHEM 741 Topics in Organic Chemistry:
2-3 cr. Graduate.
Current topics in organic chemistry, e.g., organometallic compounds, bioorganic chemistry, non-covalent interactions, reaction mechanisms, alkaloid total synthesis or photochemistry. Offered w/1 topic (3cr), w/2 (2cr ea); if two, take one or both.
Prerequisites: grad st; grade of C or better in Chem 501(P) or 601(P).
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 742 Topics in Organic Chemistry:
2-3 cr. Graduate.
Current topics in organic chemistry, e.g., organometallic compounds, bioorganic chemistry, non-covalent interactions, reaction mechanisms, alkaloid total synthesis or photochemistry. Offered w/1 topic (3cr), w/2 (2cr ea); if two, take one or both.
Prerequisites: grad st; grade of C or better in Chem 501(P) or 601(P).
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

CHEM 743 Medicinal Chemistry: Drug Discovery/Lead Optimization & DNA as Drug Targets
3 cr. Graduate.
Major principles of drug discovery; focus on nucleic acids as drug targets.
Prerequisites: grad st.
Course Rules: Counts as repeat of Chem 741 w/ Medicinal Chemistry I topic.
Last Taught: Fall 2015.
Current Offerings: http://uwm.edu/schedule

CHEM 744 Medicinal Chemistry: Pharmacokinetics/Enzymes & Receptors as Drug Targets
3 cr. Graduate.
Principles of drug development; focus on protein drug targets.
Prerequisites: grad st.
Course Rules: Counts as repeat of Chem 741 w/ Medicinal Chemistry II subtitle.
Current Offerings: http://uwm.edu/schedule

CHEM 748 Physical Organic Chemistry
3 cr. Graduate.
Application of kinetics and other physical principles to the determination of reaction mechanisms.
Prerequisites: grad st; a grade of C or better in Chem 562(P) & 640(P).
Current Offerings: http://uwm.edu/schedule
CHEM 762 Topics in Physical Chemistry
3 cr. Graduate.
In-depth discussion of selected topics of current interest in modern physical chemistry.
Prerequisites: grad st.
Course Rules: Retakable with change in topic to 9 cr max.
Last Taught: Spring 2017, Fall 2016, Fall 2008, Spring 1996.
Current Offerings: http://uwm.edu/schedule

CHEM 765 Statistical Thermodynamics
3 cr. Graduate.
Fundamental principles of statistical mechanics, with applications to topics of physiochemical interest.
Prerequisites: grad st; grade of C or better in Chem 661(P).
Current Offerings: http://uwm.edu/schedule

CHEM 767 Basic Quantum Chemistry
3 cr. Graduate.
Basic postulates of quantum mechanics and consequences. Exact solutions for simple systems. Approximation methods for complex systems. Group theory and applications in organic, inorganic, and physical chemistry.
Prerequisites: grad st; a grade of C or better in Chem 562(P), 564(P), & Math 234(P).
Current Offerings: http://uwm.edu/schedule

CHEM 769 Surface Chemistry II
3 cr. Graduate.
Discussion of kinetic methods of studying reaction mechanisms with particular emphasis on catalytic reactions.
Prerequisites: grad st; grade of C or better in Chem 768(P).
Current Offerings: http://uwm.edu/schedule

CHEM 780 Modern Industrial Organic Chemistry
3 cr. Graduate.
Organic chemical processes - comprehensive emphasis on chemistry, polymers (preparation, properties, application), energy aspects, raw material supplies, impact on nation's and world's economics.
Prerequisites: grad st.
Course Rules: Recommended for minor in polymer chem.
Current Offerings: http://uwm.edu/schedule

CHEM 781 Pulsed NMR Spectroscopy Theory and Practice
3 cr. Graduate.
Discussion and hands on practice of modern FT NMR approaches applied to analysis of chemical structure and dynamics in organic, inorganic, and biochemical molecules.
Prerequisites: grad st; cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 782 Liquid Chromatography-Mass Spectrometry Fundamentals and Applications
3 cr. Graduate.
Discussion and hands on practice of modern mass spectrometry, with a focus on liquid chromatography/mass spectrometry (LC/MS) and LC/tandem MS (LC/MS/MS), as well as ICP-MS.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

CHEM 798 Scientific Glassblowing
1 cr. Graduate.
Techniques in design and maintenance of scientific glassware including low pressure systems together with consideration of the chemical structure and properties of common glasses.
Prerequisites: grad st.
Last Taught: Fall 2017, Spring 2016, Fall 2015, Spring 2014.
Current Offerings: http://uwm.edu/schedule

CHEM 900 Chemistry Colloquium
0 cr. Graduate.
Weekly lectures on current research by members of the department and visiting scientists.
Prerequisites: grad st.
Course Rules: Fee assessed for 1 cr. Required of all Chem grad students.
Last Taught: Spring 2012, Fall 2011, Spring 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

CHEM 912 Graduate Seminar
1 cr. Graduate.
Research problems in chemistry. Weekly papers and reports.
Prerequisites: grad st.
Course Rules: Required of all candidates for advanced degree.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 931 Advanced Seminar in Analytical Chemistry
1 cr. Graduate.
Weekly discussions and reports on recent developments and current progress in analytical chemistry. Topics will differ each semester, reflecting current work of particular interest.
Prerequisites: grad st & enroll in Chem 993(C).
Course Rules: Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 932 Advanced Seminar in Biochemistry
1 cr. Graduate.
Weekly discussions and reports on recent developments and current progress in biochemistry. Topics will differ each semester, reflecting current work of particular interest.
Prerequisites: grad st & enroll in Chem 996(C).
Course Rules: Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
CHEM 933 Advanced Seminar in Inorganic Chemistry
1 cr. Graduate.
Weekly discussions and reports on recent developments and current progress in inorganic chemistry. Topics will differ each semester, reflecting current work of particular interest.
Prerequisites: grad st & enroll in Chem 994(C).
Course Rules: Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 934 Advanced Seminar in Organic Chemistry
1 cr. Graduate.
Weekly discussions and reports on recent developments and current progress in organic chemistry. Topics will differ each semester, reflecting current work of particular interest.
Prerequisites: grad st & enroll in Chem 990(C).
Course Rules: Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 935 Advanced Seminar in Physical Chemistry
1 cr. Graduate.
Weekly discussions and reports on recent developments and current progress in physical chemistry. Topics will differ each semester, reflecting current work of particular interest.
Prerequisites: grad st & enroll in Chem 992.
Course Rules: Retakable to 9 cr max. No more than 9 cr may be accumulated in courses numbered 931-935.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 990 Research: Organic
1-9 cr. Graduate.
Prerequisites: grad st.
Course Rules: Retakable.
Current Offerings: http://uwm.edu/schedule

CHEM 991 Research: Chemical Education
1-9 cr. Graduate.
Research in chemical education.
Prerequisites: grad st
Course Rules: Retakable.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CHEM 992 Research: Physical
1-9 cr. Graduate.
Prerequisites: grad st.
Course Rules: Retakable.
Current Offerings: http://uwm.edu/schedule

CHEM 993 Research: Analytical
1-9 cr. Graduate.
Prerequisites: grad st.
Course Rules: Retakable.
Current Offerings: http://uwm.edu/schedule

CHEM 994 Research: Inorganic
1-9 cr. Graduate.
Prerequisites: grad st.
Course Rules: Retakable.
Current Offerings: http://uwm.edu/schedule

CHEM 995 Research: Biochemical
1-9 cr. Graduate.
Prerequisites: grad st.
Course Rules: Retakable.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

Biochemistry, BA

The Department of Chemistry and Biochemistry curriculum provides a thorough undergraduate education for students planning careers as research scientists, industrial chemists, and educators in universities or in secondary schools. In addition, department courses provide a foundation in the basic science of chemistry to students majoring in biological or physical sciences, students planning a career in medicine or other health-related fields, students in the College of Engineering and Applied Science, and students in the liberal arts. Especially in its graduate programs, the department stresses interdisciplinary approaches, as exemplified by the Laboratory for Surface Studies and the Great Lakes WATER Institute. It also cooperates with chemists of the Milwaukee area’s industrial and scientific community.

Course of Study: Major Options in Chemistry and Biochemistry

Students may choose from five different curricular options in chemistry and biochemistry:

1. Standard Chemistry Major
2. Course in Chemistry Degree Program
3. Chemistry Major with a Biochemical Option
4. Standard Biochemistry Major
5. Biochemistry Major with an Industrial Fermentation and Biotechnology Option
6. Biochemistry Major with a Clinical Pharmacology Option (BS only)

For any option, at least 15 credits must be taken in chemistry courses numbered 300 or above in residence at UWM. The College requires that students attain at least a 2.500 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.500 GPA on all credits attempted, including any transfer work. Undergraduate research is encouraged strongly for students in any of the chemistry options. In some cases, students may start research with a faculty member as early as their freshman year. Information about research opportunities may be obtained from the department office or from SAACS (the American Chemical Society student affiliate group). Pre-medical students who choose to follow one of the chemistry or biochemistry options should see the L&S pre-professional programs section in this catalog and should consult their pre-medical advisor and an advisor in chemistry regularly.

The opportunity to participate in research as an undergraduate is a distinct advantage for UWM undergraduates. At most large, research universities, research opportunities for undergraduates are limited; there are fewer of them and they often are reserved for juniors or seniors. At UWM, you can get involved as early as freshman year. Students work directly with faculty and graduate students on their current research projects, and sometimes find themselves published in a peer-reviewed journal right alongside the faculty member. Participating in undergraduate research is an excellent way to enhance your resume for graduate school or employment.

Biochemistry is a specialty within chemistry that focuses on the basic substances and elements that make up living creatures, including plants, animals and humans.

Biochemistry is a popular major for students preparing to go on to medical school, veterinary school, dental school or other similar healthcare professional programs that require a foundation in both biology and chemistry. However, students also pursue many other types of paths including lab research in areas related to water, healthcare, and manufacturing; forensics work for municipalities or agencies; agriculture; genetics; scientific writing and promotion; sales and marketing in science fields; food safety and production; legal consulting on scientific matters; pharmaceutical production; and more.

Graduate studies in Biochemistry can be found under the Chemistry and Biochemistry (http://uwm.edu/letters-science/programs/?classification=GRAD) department, with both a Master of Science and the terminal PhD available.
Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

*Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.*

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 103</td>

<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

*Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.*

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Complete one of the following:</td>
<td></td>
</tr>
<tr>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
<td></td>
</tr>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>

</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

*Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete*
the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement
Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>0-18</td>
</tr>
</tbody>
</table>

Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language)

Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language)

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>9</td>
</tr>
</tbody>
</table>

Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above

Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.

Complete 9 credits in combination of the two options above.

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD+) designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td>9</td>
</tr>
</tbody>
</table>

Select 3 credits

Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *

Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *

Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *

Complete 3 credits in a course with Cultural Diversity (CD) designation. **

* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

VI. The Major
The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Prerequisite Preparation for Majors in Chemistry and Biochemistry
General chemistry is a prerequisite to all further courses in chemistry. This requirement is satisfied by CHEM 102 and CHEM 104. Students without high school chemistry or whose background in science is weak may need to take CHEM 100 first.

Mathematics and physics also are required for a major in chemistry. Three semesters of calculus and two semesters of calculus-based physics (or equivalents) are prerequisites to physical chemistry, which, in turn, is required for the advanced chemistry courses that are part of the major.

Students considering a major in chemistry or biochemistry should enroll in general chemistry and mathematics in their first semester, if at all possible, and physics should be started as soon as its prerequisites are met. Because the study of chemistry is cumulative, postponing one’s start in math and chemistry courses is likely to delay completion of the degree. It is recommended that chemistry majors follow the suggested sequence for the Course in Chemistry degree program as closely as possible for the first two years.

Students are urged to contact the Chemistry and Biochemistry Department for academic advice as soon as they believe they have an interest in a major in chemistry.

Declaration of Major Requirements
To declare a chemistry or biochemistry major, the following are required:

- completion of CHEM 102 and CHEM 104;
- completion or concurrent registration in CHEM 343; and
- a GPA of 2.500 or better in all Chem courses attempted.
Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

**Biochemistry Major Requirements**

The biochemistry major differs from the standard chemistry major with a biochemical option in a number of ways intended to provide for students a more intensive education in biochemistry so that they are prepared for work in the biochemical industry upon completing their baccalaureate degree. Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

There are two options in the biochemistry major:

- Biochemistry General Option
- Industrial Fermentation and Biotechnology Option (which is offered jointly with the Department of Biological Sciences)

**Requirements**

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the Major

Students in any of the chemistry or biochemistry options who meet all of the following criteria are awarded honors in the major upon graduation:

- 3.500 cumulative GPA in all UWM graded credits;
- 3.750 GPA in all UWM chemistry credits;
- 3.500 GPA in all advanced credits in chemistry (numbered above 300); and
- Six credits of senior thesis with an average grade of B or better.

Students who believe they may qualify for honors in chemistry should apply to the department during their last semester of study.

A departmental "Undergraduate Awards Program and Research Symposium" is held each spring to highlight undergraduate research accomplishments and honor students who have distinguished themselves in various areas. Among the awards are the Durward Layde...
Memorial Fellowship, the Chemistry Emeritus Award for the Outstanding Junior, the McFarland Awards for the best undergraduate research poster presentations, as well as awards for Outstanding Performance in Introductory Chemistry, Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry (Kovacic Award), and Physical Chemistry (Vanselow Award).

**Honors in the College of Letters and Science**

**Dean's Honor List**
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Contact Information**
Current Students contact Senior Lecturer Gloria Freschl, freschl@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu
http://uwm.edu/chemistry/undergraduate/biochemistry/

### Biochemistry, BS

The Department of Chemistry and Biochemistry curriculum provides a thorough undergraduate education for students planning careers as research scientists, industrial chemists, and educators in universities or in secondary schools. In addition, department courses provide a foundation in the basic science of chemistry to students majoring in biological or physical sciences, students planning a career in medicine or other health-related fields, students in the College of Engineering and Applied Science, and students in the liberal arts. Especially in its graduate programs, the department stresses interdisciplinary approaches, as exemplified by the Laboratory for Surface Studies and the Great Lakes WATER Institute. It also cooperates with chemists of the Milwaukee area’s industrial and scientific community.

### Course of Study: Major Options in Chemistry and Biochemistry

Students may choose from five different curricular options in chemistry and biochemistry:

1. Standard Chemistry Major
2. Course in Chemistry Degree Program
3. Chemistry Major with a Biochemical Option
4. Standard Biochemistry Major
5. Biochemistry Major with an Industrial Fermentation and Biotechnology Option
6. Biochemistry Major with a Clinical Pharmacology Option (BS only)

For any option, at least 15 credits must be taken in chemistry courses numbered 300 or above at UWM. The College requires that students attain at least a 2.500 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.500 GPA on all credits attempted, including any transfer work. Undergraduate research is encouraged strongly for students in any of the chemistry options. In some cases, students may start research with a faculty member as early as their freshman year. Information about research opportunities may be obtained from the department office or from SAACS (the American Chemical Society student affiliate group). Pre-medical students who choose to follow one of the chemistry or biochemistry options should see the L&S pre-professional programs section in this catalog and should consult their pre-medical advisor and an advisor in chemistry regularly.

The opportunity to participate in research as an undergraduate is a distinct advantage for UWM undergraduates. At most large, research universities, research opportunities for undergraduates are limited; there are fewer of them and they often are reserved for juniors or seniors. At UWM, you can get involved as early as freshman year. Students work directly with faculty and graduate students on their current research projects, and sometimes find themselves published in a peer-reviewed journal right alongside the faculty member. Participating in undergraduate research is an excellent way to enhance your resume for graduate school or employment.

Biochemistry is a specialty within chemistry that focuses on the basic substances and elements that make up living creatures, including plants, animals and humans.

Biochemistry is a popular major for students preparing to go on to medical school, veterinary school, dental school or other similar healthcare professional programs that require a foundation in both biology and chemistry. However, students also pursue many other types of paths including lab research in areas related to water, healthcare, and manufacturing; forensics work for municipalities or agencies; agriculture; genetics; scientific writing and promotion; sales and marketing in science fields; food safety and production; legal consulting on scientific matters; pharmaceutical production; and more.

Graduate studies in Biochemistry can be found under the Chemistry and Biochemistry (http://uwm.edu/letters-science/programs/?classification=GRAD) department, with both a Master of Science and the terminal PhD available.
Requirements
Course of Study – Bachelor of Science Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in designated upper-level Natural Science. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

University General Education Requirements (GER)

<td><strong>UWM Cultural Diversity Requirement</strong></td>
<td></td>
</tr>
</tbody>
</table>

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement.

College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond English 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 211</td>
<td>Survey in Calculus and Analytic Geometry</td>
<td>4</td>
</tr>
<tr>
<td>MATH 221</td>
<td>Honors Calculus I</td>
<td>5</td>
</tr>
<tr>
<td>MATH 231</td>
<td>Calculus and Analytic Geometry I</td>
<td>4</td>
</tr>
</tbody>
</table>

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 212, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td>ANTHRO 568</td>
<td>Introduction to Anthropological Statistics</td>
<td></td>
</tr>
<tr>
<td>ATM SCI 500</td>
<td>Statistical Methods in Atmospheric Sciences</td>
<td></td>
</tr>
<tr>
<td>BIO SCI 465</td>
<td>Biostatistics</td>
<td></td>
</tr>
<tr>
<td>ECON 210</td>
<td>Economic Statistics</td>
<td></td>
</tr>
<tr>
<td>GEOG 247</td>
<td>Quantitative Analysis in Geography</td>
<td></td>
</tr>
<tr>
<td>HIST 595</td>
<td>The Quantitative Analysis of Historical Data</td>
<td></td>
</tr>
<tr>
<td>MTHSTAT 215</td>
<td>Elementary Statistical Analysis</td>
<td></td>
</tr>
<tr>
<td>PHILOS 211</td>
<td>Elementary Logic</td>
<td></td>
</tr>
<tr>
<td>POL SCI 390</td>
<td>Political Data Analysis</td>
<td></td>
</tr>
<tr>
<td>POL SCI 392</td>
<td>Survey Research</td>
<td></td>
</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.
III. Foreign Language Requirement
Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required.

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Completed in one of the following ways: ¹</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above</td>
<td>9</td>
</tr>
<tr>
<td></td>
<td>Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 9 credits in combination of the two options above.</td>
<td></td>
</tr>
</tbody>
</table>

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+ designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arts</td>
<td>Select 3 credits</td>
<td>3</td>
</tr>
<tr>
<td>Humanities</td>
<td>Complete 12 credits of L&amp;S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *</td>
<td>12</td>
</tr>
<tr>
<td>Social Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *</td>
<td>12</td>
</tr>
<tr>
<td>Natural Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Natural Sciences Breadth designation, including laboratory or field courses from three different curricular areas.</td>
<td>12</td>
</tr>
<tr>
<td>Cultural Diversity</td>
<td>Complete 3 credits in a course with Cultural Diversity (CD) designation. **</td>
<td>3</td>
</tr>
</tbody>
</table>

¹ Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

² Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

VI. The Major
The College requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement.
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Prerequisite Preparation for Majors in Chemistry and Biochemistry
General chemistry is a prerequisite to all further courses in chemistry. This requirement is satisfied by CHEM 102 and CHEM 104. Students without high school chemistry or whose background in science is weak may need to take CHEM 100 first.

Mathematics and physics also are required for a major in chemistry. Three semesters of calculus and two semesters of calculus-based physics (or equivalents) are prerequisites to physical chemistry, which, in turn, is required for the advanced chemistry courses that are part of the major.

Students considering a major in chemistry or biochemistry should enroll in general chemistry and mathematics in their first semester, if at all possible, and physics should be started as soon as its prerequisites are met. Because the study of chemistry is cumulative, postponing one's start in math and chemistry courses is likely to delay completion of the degree. It is recommended that chemistry majors follow the suggested sequence for the Course in Chemistry degree program as closely as possible for the first two years.

Students are urged to contact the Chemistry and Biochemistry Department for academic advice as soon as they believe they have an interest in a major in chemistry.

Declaration of Major Requirements
To declare a chemistry or biochemistry major, the following are required:
- completion of CHEM 102 and CHEM 104;
- completion or concurrent registration in CHEM 343; and
- a GPA of 2.500 or better in all Chem courses attempted.

Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

Biochemistry Major Requirements
The biochemistry major differs from the standard chemistry major with a biochemical option in a number of ways intended to provide for students a more intensive education in biochemistry so that they are prepared for work in the biochemical industry upon completing their baccalaureate degree. Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

There are three options in the biochemistry major:
- Biochemistry General Option
- Biochemistry with Clinical Pharmacology Option
- Biochemistry with Industrial Fermentation and Biotechnology Option
  (which is offered jointly with the Department of Biological Sciences)

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.
When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the Major

Students in any of the chemistry or biochemistry options who meet all of the following criteria are awarded honors in the major upon graduation:

- 3.500 cumulative GPA in all UWM graded credits;
- 3.750 GPA in all UWM chemistry credits;
- 3.500 GPA in all advanced credits in chemistry (numbered above 300); and
- Six credits of senior thesis with an average grade of B or better.

Students who believe they may qualify for honors in chemistry should apply to the department during their last semester of study.

A departmental "Undergraduate Awards Program and Research Symposium" is held each spring to highlight undergraduate research accomplishments and honor students who have distinguished themselves in various areas. Among the awards are the Durward Layde Memorial Fellowship, the Chemistry Emeritus Award for the Outstanding Junior, the McFarland Awards for the best undergraduate research poster presentations, as well as awards for Outstanding Performance in Introductory Chemistry, Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry (Kovacic Award), and Physical Chemistry (Vanselow Award).

Honors in the College of Letters and Science

Dean's Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information

Current Students contact Senior Lecturer Gloria Freschl, freschl@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

http://uwm.edu/chemistry/undergraduate/biochemistry/

Chemistry, BA

The Department of Chemistry and Biochemistry curriculum provides a thorough undergraduate education for students planning careers as research scientists, industrial chemists, and educators in universities or in secondary schools. In addition, department courses provide a foundation in the basic science of chemistry to students majoring in biological or physical sciences, students planning a career in medicine or other health-related fields, students in the College of Engineering and Applied Science, and students in the liberal arts. Especially in its graduate programs, the department stresses interdisciplinary approaches, as exemplified by the Laboratory for Surface Studies and the Great Lakes WATER Institute. It also cooperates with chemists of the Milwaukee area's industrial and scientific community.

Course of Study: Major Options in Chemistry and Biochemistry

Students may choose from five different curricular options in chemistry and biochemistry.

1. Standard Chemistry Major
2. Course in Chemistry Degree Program
3. Chemistry Major with a Biochemical Option
4. Standard Biochemistry Major
5. Biochemistry Major with an Industrial Fermentation and Biotechnology Option
6. Biochemistry Major with a Clinical Pharmacology Option (BS only)

For any option, at least 15 credits must be taken in chemistry courses numbered 300 or above in residence at UWM. The College requires that students attain at least a 2.500 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.500 GPA on all credits attempted, including any transfer work. Undergraduate research is encouraged strongly for students in any of the chemistry options. In some cases, students may start research with a faculty member as early as their freshman year. Information about research opportunities may be obtained from the department office or from SAACS (the American Chemical Society student affiliate group). Pre-medical students who choose to follow one of the chemistry or biochemistry options should see the L&S pre-professional programs section in this catalog and should consult their pre-medical advisor and an advisor in chemistry regularly.

The opportunity to participate in research as an undergraduate is a distinct advantage for UWM undergraduates. At most large, research universities, research opportunities for undergraduates are limited; there are fewer of them and they often are reserved for juniors or seniors. At UWM, you can get involved as early as freshman year. Students
work directly with faculty and graduate students on their current research projects, and sometimes find themselves published in a peer-reviewed journal right alongside the faculty member. Participating in undergraduate research is an excellent way to enhance your resume for graduate school or employment.

Chemistry is the study of the elementary parts and substances that make up our world, both the parts that occur in nature as well as man-made objects.

Chemistry is known as the "central science" because of its relationship to all other sciences. Because it is the foundation of other sciences, UWM Chemistry alumni are prepared to go on to countless number of professional roles. While your first impression may be that chemistry majors all end up working in a laboratory surrounded by beakers and test tubes, there is more to the major than that.

Our majors go into medical research, healthcare professions, manufacturing (particularly research and development), scientific writing and marketing, law (particularly areas of law that deal with science such as intellectual property), forensics and toxicology, aspects of engineering and production, teaching, sales, consulting, and government agency work.

Requirements

Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

University General Education Requirements (GER)

</table>

College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 103</td>
<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

**Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete one of the following:</td>
<td></td>
<td></td>
</tr>
<tr>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
AFRICOL 220  Introduction to Statistics in Africology
ANTHRO 568  Introduction to Anthropological Statistics
ATM SCI 500  Statistical Methods in Atmospheric Sciences
BIO SCI 465  Biostatistics
ECON 210  Economic Statistics
GEOG 247  Quantitative Analysis in Geography
HIST 595  The Quantitative Analysis of Historical Data
MTHSTAT 215  Elementary Statistical Analysis
PHILOS 211  Elementary Logic
POL SCI 390  Political Data Analysis
POL SCI 392  Survey Research
PSYCH 210  Psychological Statistics
SOCIOL 261  Introduction to Statistical Thinking in Sociology

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement
Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 100</td>
<td>General Chemistry</td>
<td>3</td>
</tr>
<tr>
<td>CHEM 102</td>
<td>Principles of Chemistry</td>
<td>3</td>
</tr>
<tr>
<td>CHEM 104</td>
<td>Physical Chemistry</td>
<td>3</td>
</tr>
</tbody>
</table>

* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CHEM 100</td>

<td>Physical Chemistry</td>
<td>3</td>
</tr>
</tbody>
</table>

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+), students must complete the Breadth Requirement.

<table>
<thead>

<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select 3 credits in a course with Cultural Diversity (CD) designation. **</td>
<td>3</td>
<td></td>
</tr>
</tbody>
</table>

VI. The Major
The College of Letters and Science requires that students attain a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Prerequisite Preparation for Majors in Chemistry and Biochemistry
General chemistry is a prerequisite to all further courses in chemistry. This requirement is satisfied by CHEM 102 and CHEM 104. Students without high school chemistry or whose background in science is weak may need to take CHEM 100 first.

Mathematics and physics also are required for a major in chemistry. Three semesters of calculus and two semesters of calculus-based physics (or equivalents) are prerequisites to physical chemistry, which, in turn, is required for the advanced chemistry courses that are part of the major.
Students considering a major in chemistry or biochemistry should enroll in general chemistry and mathematics in their first semester, if at all possible, and physics should be started as soon as its prerequisites are met. Because the study of chemistry is cumulative, postponing one’s start in math and chemistry courses is likely to delay completion of the degree. It is recommended that chemistry majors follow the suggested sequence for the Course in Chemistry degree program as closely as possible for the first two years.

Students are urged to contact the Chemistry and Biochemistry Department for academic advice as soon as they believe they have an interest in a major in chemistry.

**Declaration of Major Requirements**

To declare a chemistry or biochemistry major, the following are required:

- completion of CHEM 102 and CHEM 104;
- completion or concurrent registration in CHEM 343; and
- a GPA of 2.500 or better in all Chem courses attempted.

Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

**Chemistry Major Requirements**

**Standard Chemistry Major Option**

The standard chemistry major option may be followed in either the Bachelor of Science or Bachelor of Arts degree. It provides a suitable background for students preparing for employment in chemistry and related scientific fields or for subsequent graduate study.

**Total Credits**: 63-67

**Standard Chemistry Major with a Biochemical Option**

The standard chemistry major with a biochemical option differs from the standard major option in that some of the chemistry courses required by the standard option are omitted, and courses in biochemistry and biological sciences are added. Some students planning further study in biochemistry, molecular biology, or medicine may prefer this option.

**Total Credits** 81-83

1. Courses that may be optional for standard chemistry major; required for the Course in Chemistry degree.
2. Courses that are omitted for the standard chemistry major with the biochemical option. In addition, students must take CHEM 501, CHEM 603, and two courses selected from CHEM 601, CHEM 602, CHEM 604, and CHEM 614. BIO SCI 150 and BIO SCI 325 also are required for the biochemistry option.

**Letters & Science Advising**

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus' general education requirements and the College's degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uw.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uw.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

**Honors in the Major**

Students in any of the chemistry or biochemistry options who meet all of the following criteria are awarded honors in the major upon graduation:
The Department of Chemistry and Biochemistry curriculum provides Chemistry, BS
https://uwm.edu/chemistry/undergraduate/
(414) 229-7711 or let-sci@uwm.edu

Prospective Students contact a Letters & Science Admissions Counselor.
Current Students contact Senior Lecturer Gloria Freschl,
Contact Information above.

Students who believe they may qualify for honors in chemistry should apply to the department during their last semester of study.

A departmental "Undergraduate Awards Program and Research Symposium" is held each spring to highlight undergraduate research accomplishments and honor students who have distinguished themselves in various areas. Among the awards are the Durward Layde Memorial Fellowship, the Chemistry Emeritus Award for the Outstanding Junior, the McFarland Awards for the best undergraduate research poster presentations, as well as awards for Outstanding Performance in Introductory Chemistry, Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry (Kovacic Award), and Physical Chemistry (Vanselow Award).

Honors in the College of Letters and Science

Dean's Honor List
GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information
Current Students contact Senior Lecturer Gloria Freschl,
freschl@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at
(414) 229-7711 or let-sci@uwm.edu
https://uwm.edu/chemistry/undergraduate/

Chemistry, BS
The Department of Chemistry and Biochemistry curriculum provides a thorough undergraduate education for students planning careers as
research scientists, industrial chemists, and educators in universities or in secondary schools. In addition, department courses provide a foundation in the basic science of chemistry to students majoring in biological or physical sciences, students planning a career in medicine or other health-related fields, students in the College of Engineering and Applied Science, and students in the liberal arts. Especially in its graduate programs, the department stresses interdisciplinary approaches, as exemplified by the Laboratory for Surface Studies and the Great Lakes WATER Institute. It also cooperates with chemists of the Milwaukee area's industrial and scientific community.

Course of Study: Major Options in Chemistry and Biochemistry
Students may choose from five different curricular options in chemistry and biochemistry.
1. Standard Chemistry Major
2. Course in Chemistry Degree Program
3. Chemistry Major with a Biochemical Option
4. Standard Biochemistry Major
5. Biochemistry Major with an Industrial Fermentation and Biotechnology Option
6. Biochemistry Major with a Clinical Pharmacology Option (BS only)

For any option, at least 15 credits must be taken in chemistry courses numbered 300 or above in residence at UWM. The College requires that students attain at least a 2.500 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.500 GPA on all credits attempted, including any transfer work. Undergraduate research is encouraged strongly for students in any of the chemistry options. In some cases, students may start research with a faculty member as early as their freshman year. Information about research opportunities may be obtained from the department office or from SAACS (the American Chemical Society student affiliate group). Pre-medical students who choose to follow one of the chemistry or biochemistry options should see the L&S pre-professional programs section in this catalog and should consult their pre-medical advisor and an advisor in chemistry regularly.

The opportunity to participate in research as an undergraduate is a distinct advantage for UWM undergraduates. At most large, research universities, research opportunities for undergraduates are limited; there are fewer of them and they often are reserved for juniors or seniors. At UWM, you can get involved as early as freshman year. Students work directly with faculty and graduate students on their current research projects, and sometimes find themselves published in a peer-reviewed journal right alongside the faculty member. Participating in undergraduate research is an excellent way to enhance your resume for graduate school or employment.

Chemistry is the study of the elementary parts and substances that make up our world, both the parts that occur in nature as well as man-made objects.
Chemistry is known as the "central science" because of its relationship to all other sciences. Because it is the foundation of other sciences, UWM Chemistry alumni are prepared to go on to countless number of professional roles. While your first impression may be that chemistry majors all end up working in a laboratory surrounded by beakers and test tubes, there is more to the major than that.

Our majors go into medical research, healthcare professions, manufacturing (particularly research and development), scientific writing
and marketing, law (particularly areas of law that deal with science such as intellectual property), forensics and toxicology, aspects of engineering and production, teaching, sales, consulting, and government agency work.

**Requirements**

**Course of Study – Bachelor of Science Degree**

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated upper-level Natural Science. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

**University General Education Requirements (GER)**

**College of Letters & Science Requirements**

**I. English Writing Requirement**

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond English 102 on the English Placement Test (EPT).

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

**II. Mathematics and Formal Reasoning**

To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 211</td>
<td>Survey in Calculus and Analytic Geometry</td>
<td>4</td>
</tr>
<tr>
<td>MATH 221</td>
<td>Honors Calculus I</td>
<td>5</td>
</tr>
<tr>
<td>MATH 231</td>
<td>Calculus and Analytic Geometry I</td>
<td>4</td>
</tr>
</tbody>
</table>

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 212, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td>ANTHRO 568</td>
<td>Introduction to Anthropological Statistics</td>
<td></td>
</tr>
<tr>
<td>ATM SCI 500</td>
<td>Statistical Methods in Atmospheric Sciences</td>
<td></td>
</tr>
<tr>
<td>BIO SCI 465</td>
<td>Biostatistics</td>
<td></td>
</tr>
<tr>
<td>ECON 210</td>
<td>Economic Statistics</td>
<td></td>
</tr>
<tr>
<td>GEOG 247</td>
<td>Quantitative Analysis in Geography</td>
<td></td>
</tr>
<tr>
<td>HIST 595</td>
<td>The Quantitative Analysis of Historical Data</td>
<td></td>
</tr>
<tr>
<td>MTHSTAT 215</td>
<td>Elementary Statistical Analysis</td>
<td></td>
</tr>
<tr>
<td>PHILOS 211</td>
<td>Elementary Logic</td>
<td></td>
</tr>
<tr>
<td>POL SCI 390</td>
<td>Political Data Analysis</td>
<td></td>
</tr>
<tr>
<td>POL SCI 392</td>
<td>Survey Research</td>
<td></td>
</tr>
<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

**Note:** This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To
complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement
Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required. Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Completed in one of the following ways: ¹</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above</td>
<td>9</td>
</tr>
<tr>
<td></td>
<td>Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.</td>
<td></td>
</tr>
<tr>
<td></td>
<td>Complete 9 credits in combination of the two options above.</td>
<td></td>
</tr>
</tbody>
</table>

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD+/+) designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Arts</td>
<td>Select 3 credits</td>
<td>3</td>
</tr>
<tr>
<td></td>
<td>Complete 12 credits of L&amp;S courses with Humanities Breadth designation; no more than 6 credits from a single subject area.</td>
<td>12</td>
</tr>
<tr>
<td>Social Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area.</td>
<td>12</td>
</tr>
<tr>
<td>Natural Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Natural Sciences Breadth designation, including laboratory or field courses from three different curricular areas.</td>
<td>12</td>
</tr>
<tr>
<td>Cultural Diversity</td>
<td>Complete 3 credits in a course with Cultural Diversity (CD) designation.</td>
<td>3</td>
</tr>
</tbody>
</table>

¹ Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

² Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

VI. The Major
The College requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement.
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Prerequisite Preparation for Majors in Chemistry and Biochemistry
General chemistry is a prerequisite to all further courses in chemistry. This requirement is satisfied by CHEM 102 and CHEM 104. Students without high school chemistry or whose background in science is weak may need to take CHEM 100 first.

Mathematics and physics also are required for a major in chemistry. Three semesters of calculus and two semesters of calculus-based physics (or equivalents) are prerequisites to physical chemistry, which, in turn, is required for the advanced chemistry courses that are part of the major.

Students considering a major in chemistry or biochemistry should enroll in general chemistry and mathematics in their first semester, if at all possible, and physics should be started as soon as its prerequisites are met. Because the study of chemistry is cumulative, postponing one's start in math and chemistry courses is likely to delay completion of the degree. It is recommended that chemistry majors follow the suggested sequence for the Course in Chemistry degree program as closely as possible for the first two years.

Students are urged to contact the Chemistry and Biochemistry Department for academic advice as soon as they believe they have an interest in a major in chemistry.

Declaration of Major Requirements
To declare a chemistry or biochemistry major, the following are required:

- completion of CHEM 102 and CHEM 104;
- completion or concurrent registration in CHEM 343; and
- a GPA of 2.500 or better in all Chem courses attempted.

Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

Chemistry Major Requirements
Standard Chemistry Major Option
The standard chemistry major option may be followed in either the Bachelor of Science or Bachelor of Arts degree. It provides a suitable
background for students preparing for employment in chemistry and related scientific fields or for subsequent graduate study.

Total Credits 63-67

Standard Chemistry Major with a Biochemical Option

The standard chemistry major with a biochemical option differs from the standard major option in that some of the chemistry courses required by the standard option are omitted, and courses in biochemistry and biological sciences are added. Some students planning further study in biochemistry, molecular biology, or medicine may prefer this option.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the Major

Students in any of the chemistry or biochemistry options who meet all of the following criteria are awarded honors in the major upon graduation:

- 3.500 cumulative GPA in all UWM graded credits;
- 3.750 GPA in all UWM chemistry credits;
- 3.500 GPA in all advanced credits in chemistry (numbered above 300); and
- Six credits of senior thesis with an average grade of B or better.

Students who believe they may qualify for honors in chemistry should apply to the department during their last semester of study.

A departmental "Undergraduate Awards Program and Research Symposium" is held each spring to highlight undergraduate research accomplishments and honor students who have distinguished themselves in various areas. Among the awards are the Durward Layde Memorial Fellowship, the Chemistry Emeritus Award for the Outstanding Junior, the McFarland Awards for the best undergraduate research poster presentations, as well as awards for Outstanding Performance in Introductory Chemistry, Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry (Kovacic Award), and Physical Chemistry (Vanselow Award).

Honors in the College of Letters and Science

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.
Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information

Current Students contact Senior Lecturer Gloria Freschl, freschl@uwm.edu

https://uwm.edu/chemistry/undergraduate/

Chemistry, Minor

Chemistry is the study of the elementary parts and substances that make up our world, both the parts that occur in nature as well as man-made objects.

Chemistry is known as the "central science" because of its relationship to all other sciences. Thus, a minor in chemistry nicely complements any other science major.

Our alumni go into medical research, healthcare professions, manufacturing (particularly research and development), scientific writing and marketing, law (particularly areas of law that deal with science such as intellectual property), forensics and toxicology, aspects of engineering and production, teaching, sales, consulting, and government agency work.

The opportunity to participate in research as an undergraduate is a distinct advantage for UWM undergraduates. At most large, research universities, research opportunities for undergraduates are limited; there are fewer of them and they often are reserved for juniors or seniors. At UWM, you can get involved as early as freshman year. Students work directly with faculty and graduate students on their current research projects, and sometimes find themselves published in a peer-reviewed journal right alongside the faculty member. Participating in undergraduate research is an excellent way to enhance your resume for graduate school or employment.

Requirements

The minor in Chemistry consists of a minimum of 20 credits in chemistry, with at least 9 of these at or above the 300 level in residence at UWM.

Students must maintain an average GPA of 2.500 in all minor courses attempted at UWM. In addition, students must attain a 2.500 GPA on all minor courses attempted, including any transfer work. CHEM 106 does not count toward the minor and is not included in the minor GPA. For further information regarding degree requirements, see the Chemistry Academic Undergraduate Advisor, Gloria Freschl. Please bring a copy of your transcript when meeting with the advisor to declare a major. Unofficial, free-of-charge UWM transcripts may be obtained from the Department of Enrollment Services in Mellencamp Hall, Room 274.

Chemistry, MS

The Department of Chemistry and Biochemistry offers a graduate program of studies with a choice of areas of specialization in analytical, organic, inorganic and physical chemistry or in biochemistry. The student is expected to develop breadth of study beyond the boundaries of traditional areas and disciplines. The student is afforded the opportunity of interdisciplinary study in the Surface Studies Laboratory and in the Center for Great Lakes Studies.

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus this departmental requirement to be considered for admission to the program.

1. Undergraduate preparation in chemistry and related areas equivalent to a chemistry major which includes at least one year each of physical and organic chemistry with laboratories, and one course each in analytical and inorganic chemistry with physical chemistry prerequisite.

2. Submission of scores from the General Test of the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre). The Chemistry Subject Test is strongly recommended.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree. See Special Non-Thesis Option below for additional requirements for admission to that option.

Standard Thesis Option

Major Professor as Advisor
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. The entering student is assigned a temporary advisor; a permanent advisor must be selected by the end of the first semester of study. The major professor serves as the student’s research mentor.

* This requirement may be modified for part-time students who may be employed during normal hours of the seminar and colloquium.

Graduate School regulations require that a majority of all courses taken be at the 700-999 level.

Prior to initial registration, the student takes advisory examinations to assess that individual’s preparation in analytical, organic, inorganic, physical, and biochemistry.

In consultation with the major professor, the student plans a program based on the results of these examinations. The student also must participate in at least one term of part-time teaching as a teaching assistant.

Thesis
The student writes a thesis, essentially a formal report of that student’s research. Since the MS is largely a research degree, the quality of research reported in the thesis is an important measure of the student’s success in the program.

Comprehensive Examination
The student must pass a final oral examination in defense of the thesis. At the discretion of the examining committee, this examination may include topics in addition to the thesis.

Special Non-Thesis Option For Students With Professional Experience In Chemistry

Additional Admission Requirements
In addition to the general requirements noted above for the master’s degree program, applicants must have a minimum of five years of professional chemistry experience beyond the BA or BS degree, including a sizable amount of research or development laboratory work. Since the Department of Chemistry and Biochemistry believes that the problem-solving experience of research is an indispensable part of graduate study, applicants will be interviewed by a faculty committee to assess the prior research experience as appropriate background for the program.

Major Professor as Advisor
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. For this option, the major professor is chosen (by the Graduate Subcommittee) before admission to the program, and serves as a member of the committee which assesses the prior research experience of the student. The major professor should be from the area of chemistry in which the student intends to concentrate the major portion of course efforts.

Credits and Courses
Minimum degree requirement is 30 graduate credits. Normally these include at least five 600-899 level courses, chosen by the student in consultation with the advisor. A minimum grade point average of 3.00 must be earned in formal coursework, not including research courses (CHEM 990-CHEM 996) or seminars (CHEM 912, CHEM 931-CHEM 935). Students must complete a minimum of 6 credits in research. The remaining credits are taken in research and seminars.

<tr>
<td></td>
<td><strong>Total Credits</strong></td>
<td>30</td>
</tr>
</tbody>
</table>
Papers and Comprehensive Examinations
The student prepares two survey papers exploring subjects in more depth than the coverage in coursework. Of these, one is in a major area and one is in a minor area. These must be approved by the student’s examining committee, which consists of three faculty members representing the areas of the papers. One paper must be approved at least six months before the comprehensive examination. An oral comprehensive examination covers both the areas of the papers and other areas at the discretion of the committee.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Chemistry, PhD
The Department of Chemistry and Biochemistry offers a graduate program of studies with a choice of areas of specialization in analytical, organic, inorganic and physical chemistry or in biochemistry. The student is expected to develop breadth of study beyond the boundaries of traditional areas and disciplines. The student is afforded the opportunity of interdisciplinary study in the Surface Studies Laboratory and in the Center for Great Lakes Studies.

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus departmental requirements as given for admission to the master’s program. A master’s degree is not a prerequisite for admission to the PhD program in chemistry.

Reapplication
A student who receives the master’s degree must formally reapply for admission to the Graduate School before continuing studies toward the PhD Major.

Professor as Advisor
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. The entering student is assigned a temporary advisor; a permanent advisor must be selected by the end of the first semester of study. The major professor serves as the student’s research mentor.

Credits and Courses
Minimum degree requirement is 54 graduate credits beyond the bachelor’s degree, at least 27 of which must be earned in residence at UWM. The student plans an individual program of studies in consultation with the major professor.

<table>

<td>18</td>
<td></td>
</tr>
<tr>
<td>Research courses</td>
<td>28</td>
<td></td>
</tr>
</tbody>
</table>

Coursework must include one of the following:
- a minor of 9 to 12 credits in a single department;
- a minor of 9 to 12 credits in two or more departments;
- a coherent program of at least 9 credits concentrated in an area of chemistry outside the student’s principal area of emphasis.

A Program of Studies, including coursework and proposed research, must be approved by the Department. A minimum grade point average of 3.00 must be earned in coursework in Chemistry, not including research (CHEM 900-CHEM 996) or seminars (CHEM 912-CHEM 935). Graduate School regulations require that a majority of all courses taken be at the 700-999 level.

The Department has no formal language requirement but the student is responsible for familiarity with published literature in the area of that student’s research.

The student must also participate in at least one semester of part-time teaching as a teaching assistant. The first stage of the student’s program includes general preparation as in the master’s program, as well as specialized courses in principal areas of interest and the initiation of research.

Admission to the second stage of the PhD program is based upon satisfactory performance in courses, research, and in departmental examinations. Upon entrance, the student takes proficiency examinations in analytical, inorganic, organic, and physical chemistry. Departmental approval to continue in the doctoral program is attained by passing an advanced qualifying examination in the major area. This examination must be completed by the end of the fourth semester of study. In the second stage of the program, the student concentrates on the development and execution of original research. Additional coursework may also be required to complete the program of studies.

Residence
The student must meet minimum Graduate School residence requirements (http://uwm.edu/graduateschool/residence/requirements/).

Doctoral Preliminary Examination
The student must take a doctoral preliminary examination. This serves to qualify the student for formal admission by the Graduate School to candidacy for the degree.

Dissertation
Candidates must each present a dissertation reporting the results of independent, original research carried out under the direction of their major professor. At least three months before the Dissertation Defense, at a time when most of the experimental work has been completed, the student meets with the Examining Committee for a preliminary review of the research to be described in the dissertation.

Dissertation Defense
The candidate must, as the final step toward the degree, defend the dissertation in an oral examination. The candidate also presents a public dissertation seminar, describing research in completed form for the
Department and others who may be interested. A student who does not pass this examination within five years of admission to candidacy may be required to take another preliminary examination and be readmitted to candidacy.

**Time Limit**
All degree requirements must be completed within 10 years from the date of initial enrollment in the doctoral program. For additional information view the Graduate School PhD requirements (http://uwm.edu/graduateschool/doctoral-requirements).

**Course in Chemistry, BS**

The Department of Chemistry and Biochemistry curriculum provides a thorough undergraduate education for students planning careers as research scientists, industrial chemists, and educators in universities or in secondary schools. In addition, department courses provide a foundation in the basic science of chemistry to students majoring in biological or physical sciences, students planning a career in medicine or other health-related fields, students in the College of Engineering and Applied Science, and students in the liberal arts. Especially in its graduate programs, the department stresses interdisciplinary approaches, as exemplified by the Laboratory for Surface Studies and the Great Lakes WATER Institute. It also cooperates with chemists of the Milwaukee area's industrial and scientific community.

**Course of Study: Major Options in Chemistry and Biochemistry**

Students may choose from five different curricular options in chemistry and biochemistry:

1. **Standard Chemistry Major**
2. **Course in Chemistry Degree Program**
3. **Chemistry Major with a Biochemical Option**
4. **Standard Biochemistry Major**
5. **Biochemistry Major with an Industrial Fermentation and Biotechnology Option**
6. **Biochemistry Major with a Clinical Pharmacology Option (BS only)**

For any option, at least 15 credits must be taken in chemistry courses numbered 300 or above in residence at UWM. The College requires that students attain at least a 2.500 GPA on all credits in the major attempted at UWM. In addition, students must attain a 2.500 GPA on all credits attempted, including any transfer work. Undergraduate research is encouraged strongly for students in any of the chemistry options. In some cases, students may start research with a faculty member as early as their freshman year. Information about research opportunities may be obtained from the department office or from SAACS (the American Chemical Society student affiliate group). Pre-medical students who choose to follow one of the chemistry or biochemistry options should see the L&S pre-professional programs section in this catalog and should consult their pre-medical advisor and an advisor in chemistry regularly.

The opportunity to participate in research as an undergraduate is a distinct advantage for UWM undergraduates. At most large, research universities, research opportunities for undergraduates are limited; there are fewer of them and they often are reserved for juniors or seniors. At UWM, you can get involved as early as freshman year. Students work directly with faculty and graduate students on their current research projects, and sometimes find themselves published in a peer-reviewed journal right alongside the faculty member. Participating in undergraduate research is an excellent way to enhance your resume for graduate school or employment.

The Course in Chemistry is a professional degree program that follows a curriculum approved by the American Chemical Society. It differs from the chemistry major in requiring more courses in chemistry and fewer in the social sciences and humanities. While any of the chemistry curriculum options (except the biochemistry major), with an appropriate choice of electives, provides a suitable basis for graduate study or employment in chemistry or a related field, the Course in Chemistry is a more complete program and carries additional professional recognition.

**Requirements**

**Course of Study – Bachelor of Science Degree**

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated upper-level Natural Science. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

**University General Education Requirements (GER)**

UWM Foreign Language Requirement
Complete Foreign Language Requirement through:
- Two years (high school) of a single foreign language
- Two semesters (college) of a single foreign language
- Or equivalent

UWM Cultural Diversity Requirement
One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement

College of Letters & Science Requirements

I. English Writing Requirement
Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond English 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning
To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

PSYCH 210 | Psychological Statistics
SOCIOL 261 | Introduction to Statistical Thinking in Sociology

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement
Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required.

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than those taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<td>Complete 12 credits of L&amp;S courses with Humanities Breadth designation; no more than 6 credits from a single subject area.</td>
<td></td>
</tr>
<tr>
<td>Social Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area.</td>
<td></td>
</tr>
<tr>
<td>Natural Sciences</td>
<td>Complete 12 credits of L&amp;S Courses with Natural Sciences Breadth designation, including laboratory or field courses from three different curricular areas.</td>
<td></td>
</tr>
<tr>
<td>Cultural Diversity</td>
<td>Complete 3 credits in a course with Cultural Diversity (CD) designation.</td>
<td></td>
</tr>
</tbody>
</table>
* Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

VI. The Major
The College requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Research Requirement.
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Prerequisite Preparation for Majors in Chemistry and Biochemistry
General chemistry is a prerequisite to all further courses in chemistry. This requirement is satisfied by CHEM 102 and CHEM 104. Students without high school chemistry or whose background in science is weak may need to take CHEM 100 first.

Mathematics and physics also are required for a major in chemistry. Three semesters of calculus and two semesters of calculus-based physics (or equivalents) are prerequisites to physical chemistry, which, in turn, is required for the advanced chemistry courses that are part of the major.

Students considering a major in chemistry or biochemistry should enroll in general chemistry and mathematics in their first semester, if at all possible, and physics should be started as soon as its prerequisites are met. Because the study of chemistry is cumulative, postponing one’s start in math and chemistry courses is likely to delay completion of the degree. It is recommended that chemistry majors follow the suggested sequence for the Course in Chemistry degree program as closely as possible for the first two years.

Students are urged to contact the Chemistry and Biochemistry Department for academic advice as soon as they believe they have an interest in a major in chemistry.

Declaration of Major Requirements
To declare a chemistry or biochemistry major, the following are required:

* completion of CHEM 102 and CHEM 104;
* completion or concurrent registration in CHEM 343; and
* a GPA of 2.500 or better in all Chem courses attempted.

Students who are interested in graduate work in biochemistry should follow the standard chemistry major with a biochemical option.

**Course in Chemistry Major Requirements**
The Course in Chemistry program also has specific requirements outside of the sciences. To graduate, students are required to have an overall GPA of 2.000 and a 2.500 GPA in chemistry courses other than Chem 106. A total of at least 18 credits in the humanities, social sciences, and arts is required. This course array supersedes the College of Letters and Science breadth requirements; courses must be selected to include the campus-wide GER distribution requirements (6 cr each in humanities and social sciences, 3 cr in arts, and 3 cr in cultural diversity). Students also must complete two courses (at least 6 credits) in a single language (including American Sign Language) other than English at the 100 level or above with grades of C or higher. This requirement is satisfied by two years of a single language (including American Sign Language) other than English taken in high school. English 102 with a grade of C or better or a score of 4 on the English placement exam also is required.

¹ Courses that may be optional for standard chemistry major; required for the Course in Chemistry degree.
² Courses that are omitted for the standard chemistry major with the biochemical option. In addition, students must take CHEM 501, CHEM 603, and two courses selected from CHEM 601, CHEM 602, CHEM 604, and CHEM 614. BIO SCI 150 and BIO SCI 325 also are required for the biochemistry option.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus' general education requirements and the College's degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uw.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic counselors. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

Honors in the Major

Students in any of the chemistry or biochemistry options who meet all of the following criteria are awarded honors in the major upon graduation:

- 3.500 cumulative GPA in all UWM graded credits;
- 3.750 GPA in all UWM chemistry credits;
- 3.500 GPA in all advanced credits in chemistry (numbered above 300);
- Six credits of senior thesis with an average grade of B or better.

Students who believe they may qualify for honors in chemistry should apply to the department during their last semester of study.
A departmental "Undergraduate Awards Program and Research Symposium" is held each spring to highlight undergraduate research accomplishments and honor students who have distinguished themselves in various areas. Among the awards are the Durward Layde Memorial Fellowship, the Chemistry Emeritus Award for the Outstanding Junior, the McFarland Awards for the best undergraduate research poster presentations, as well as awards for Outstanding Performance in Introductory Chemistry, Analytical Chemistry, Biochemistry, Inorganic Chemistry, Organic Chemistry (Kovacic Award), and Physical Chemistry (Vanselow Award).

Honors in the College of Letters and Science

Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information

Current Students contact Senior Lecturer Gloria Freschl, freschl@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

Death Investigation, Undergraduate Certificate (College of Letters and Science, Department of Chemistry and Biochemistry)

The Biomedical Sciences Program, Criminal Justice Program, and Departments of Anthropology and Chemistry cooperate in offering three certificates in the area of forensic sciences. Sponsored jointly by the Colleges of Letters and Science and Health Sciences and the Helen Bader School of Social Welfare, these certificate curricula are designed to train students in basic skills that will provide the foundation for careers in the fields of law enforcement, death investigation, pathology, and toxicology. Certificates are offered in Death Investigation, Forensic Science, and Forensic Toxicology. Where applicable, the curriculum meets the criteria required for professional certification examinations (Medicolegal Death Investigation, Toxicological Chemist).

Eligibility

Undergraduate students who pursue a forensic sciences certificate maintain their identity as majors in their home departments and continue to progress toward a baccalaureate degree while in the certificate program. Courses include lecture presentations and laboratory experiences that cover fundamental areas of forensic science and provide unique instruction on techniques that are essential in the specific certificates. Students are given instruction by faculty members at UWM and forensic professionals in the Milwaukee community. Any of the programs may be pursued as a post-baccalaureate educational certificate. Individuals who are not enrolled in a degree program at UWM, but are seeking continuing education for career development, may be admitted to courses in the certificate programs by meeting prerequisites with equivalent experience or consent of the instructor.

Requirements

To receive a certificate in Death Investigation, Forensic Science, or Forensic Toxicology, students must complete at least one half of the required credits on the UWM campus. A minimum grade point average of 2.500 must be achieved on the required credits. All options within the certificate require at least a basic knowledge of chemistry and biology. To meet this requirement, prior to registering themselves in the Forensic Sciences Certificate Program, students must successfully complete CHEM 100 or equivalent and BIO SCI 100 or equivalent.

The following courses must be completed successfully to obtain a Certificate in Death Investigation:

CHILDHOOD AND ADOLESCENCE STUDIES, UNDERGRADUATE CERTIFICATE

The Undergraduate Certificate in Childhood and Adolescence Studies (CAS) covers topics related to children and their social worlds. Through its classes, students examine how race, class, gender, sexuality, and disability impact development and cognition. CAS is an interdisciplinary program built around a core of liberal arts courses, with primary course offerings in sociology and psychology, and other complementary courses drawn in from health sciences, social work, education, and criminal justice.

Students complete the certificate with a better understanding of children and adolescence and how they are affected by society, culture, religion, politics, economics, health, and education policy. The certificate complements a number of different majors including education, psychology, sociology, social work and political science, and can make graduates more marketable for jobs that involve working with children.

Certificates are similar to minors in terms of credit requirements but draw on coursework from multiple fields of study rather than from a single department.

Eligibility

The Childhood and Adolescence Studies Undergraduate Certificate is intended to enhance a bachelor's degree. The Program is open to all students seeking a bachelor’s degree from UWM and to students who previously have received a bachelor’s degree from UWM or any other accredited college or university. Students currently involved in baccalaureate studies who successfully complete the requirements of the program will be awarded the certificate at the time of graduation. Students who already have a bachelor’s degree will receive the certificate upon completion of the program requirements.

Requirements

To obtain the certificate, the student must complete, with a minimum grade point average of 2.500, at least 18 credits in approved childhood and adolescence studies courses as indicated below. Courses for the certificate may not be taken on a credit/no credit basis.

Twelve of the 18 required credits must be earned in residence at UWM. Of these twelve residence credits, nine must be taken at the 300 level or above. Of the 18 required credits, 12 must be in the College of Letters and Science, with at least six of these at the 300 level or above. Three credits must be elected from outside the College of Letters and Science. No more than nine credits from any one department may count toward the Childhood and Adolescence Studies Certificate.

A maximum of six credits in Independent Study may count toward program requirements.

Electives

Select at least 6 credits from approved Letters and Science courses below
Select at least 3 credits from approved Non-L&S courses below
Select 3 additional credits from the list of approved courses below

Total Credits 18

1 Students may petition the CAS Advisory Committee for approval of appropriate courses not on the approved list.

Approved Courses

Independent study courses focusing on children and adolescents may be accepted with the approval of the CAS Advisory Committee. If a core course is not offered in the years an undergraduate student is pursuing the certificate, the student can petition the CAS Advisory Committee to accept another course in its stead. Other courses not on this list but relevant to the study of children and adolescents may be accepted with the approval of the CAS Advisory Committee.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the CAS Advisory Committee.

Students currently enrolled at UWM who have fulfilled some of the program’s requirements prior to the program’s approval may have their credits applied retroactively to the certificate program.

COMMUNICATION

The study of communication examines how language is used to generate meanings within and across various contexts, cultures, and media. The mission of the Department of Communication is to provide students with education in the theory, history, ethics and practice of communication and to prepare them for careers and leadership in a wide variety of professions.

Communication Courses

COMMUN 101 Introduction to Interpersonal Communication
3 cr. Undergraduate.
Basic concepts for understanding communication in interpersonal relationships. Combines a theoretical approach with a skills approach to the study of interpersonal communication.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

COMMUN 103 Public Speaking
3 cr. Undergraduate.
Principles of public address in informative, persuasive and special occasion situations with emphasis on the theory, composition, and presentation of speeches.
Prerequisites: none.
General Education Requirements: HU
Current Offerings: http://uwm.edu/schedule

COMMUN 105 Business and Professional Communication
3 cr. Undergraduate.
Analysis and application of communication principles and practices (interpersonal communication, teamwork issues, public speaking, technological communication) fundamental to successful participation in organizational and professional activities.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

COMMUN 192 First-Year Seminar:
3 cr. Undergraduate.
Specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Offered as cr/no cr only. May be retaken to 6 cr max, w/3 cr max from any one faculty member.

COMMUN 199 Independent Study
1-3 cr. Undergraduate.
Independent study under the supervision of an appropriate faculty or staff member. For further information, consult dept chair.
Prerequisites: 2.5 GPA; writ cons instr, dept chair, & asst dean for SAS.
Course Rules: May be retaken to 6 cr max.
Last Taught: Fall 2014, Fall 2013, Spring 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

COMMUN 200 Introduction to Communication Research
3 cr. Undergraduate.
The purposes and basic processes of communication.
Prerequisites: none.
Last Taught: Spring 2012, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

COMMUN 260 Elements of Human Communication Theory
3 cr. Undergraduate.
Theory and research in fundamental concepts, antecedents, consequences, and effects of human communication; emphasis on range of approaches to the study of human communication.
Prerequisites: soph st; Commun 101(P).
Current Offerings: http://uwm.edu/schedule

COMMUN 264 Persuasive Speaking
3 cr. Undergraduate.
Designed specifically to increase students' understanding of and proficiency in various techniques and modes of persuasive speaking.
Prerequisites: Commun 103(P).
Current Offerings: http://uwm.edu/schedule

COMMUN 285 Communicating with Older Adults
3 cr. Undergraduate.
Application of communication research and theory to the understanding of communication with, about, and among older adults.
Prerequisites: none.
Last Taught: Fall 2017.
Current Offerings: http://uwm.edu/schedule

COMMUN 288 Research Practicum
1-3 cr. Undergraduate.
Research experience under the supervision of a member of the Commun faculty.
Prerequisites: Commun 200(P); 3.00 overall gpa; satisfaction of GER English Composition competency req; writ cons instr.
Course Rules: Offered as cr/no cr only. May be retaken to 6 cr max, w/3 cr max from any one faculty member.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2010.
Current Offerings: http://uwm.edu/schedule
COMMUN 296 UROP Apprenticeship
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. May be retaken to 9 cr max in any combination of UROP apprenticeship courses. Not open to jrs & srs.
Last Taught: Spring 2013, Fall 2011, Spring 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

COMMUN 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2015.
Current Offerings: http://uwm.edu/schedule

COMMUN 298 Internship in Communication
1-3 cr. Undergraduate.
Field experience in profit/nonprofit organization; course examines professional communication issues.
Prerequisites: 2.0 gpa overall; writ cons internship dir.
Course Rules: May be retaken to 6 cr max. Offered as cr/no cr only.
Current Offerings: http://uwm.edu/schedule

COMMUN 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

COMMUN 300 Interviewers and Interviewing
3 cr. Undergraduate.
Focuses on information-getting interviews. Discussion, practice, and analysis of interviewer effects, setting, question form, sequence, and wording.
Prerequisites: jr st; satisfaction of English Composition competency req.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 301 Interpersonal Communication Processes
3 cr. Undergraduate.
Focused analysis of the processes involved in face to face communication, includes the examination of the communication variables which define, sustain, or change interpersonal relationships.
Prerequisites: jr st; Commun 101(P); satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule

COMMUN 302 Communication in Organizations
3 cr. Undergraduate.
Factors affecting structure and function of communication in organizations. Emphasis on concepts and principles enhancing effective management of communication processes.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 303 Human Communication and Technology
3 cr. Undergraduate.
Examination of the actual and potential role of technology in facilitating satisfying communication relationships.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 304 Communication in Groups and Teams
3 cr. Undergraduate.
Analysis of communication processes in groups and teams; includes examination of theories and research findings; addresses group and team participation and decision-making skills.
Prerequisites: jr st; Commun 105(P); satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 305 Instructional Communication for Human Resource Trainers
3 cr. Undergraduate.
Theory and practice of instructional communication methods used to train employees of profit and nonprofit organizations.
Prerequisites: jr st; Commun 103(P) or 105(P); satisfaction of GER English Composition competency req.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 306 Critical Analysis of Communication
3 cr. Undergraduate.
Nature, development, and applications of criticism, with major emphasis on contemporary communication situations.
Prerequisites: jr st; satisfaction of Oral and Written Communication Part A GER.
General Education Requirements: OWCB
Current Offerings: http://uwm.edu/schedule
COMMUN 350 Intercultural Communication
3 cr. Undergraduate.
Overview of U.S. intercultural communication, including communication issues for interracial and interethnic communication.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
General Education Requirements: CD, SS
Current Offerings: http://uwm.edu/schedule

COMMUN 362 Argumentation and Debate
3 cr. Undergraduate.
The theory and practice of argumentation with emphasis on critical thinking, argument analysis, and preparation of policy and evaluative arguments.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
General Education Requirements: HU
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

COMMUN 363 Communication in Human Conflict
3 cr. Undergraduate.
Investigation of the relationship between communication and the processes of human conflicts. Focus upon the nature and origin of human conflict and communicative strategies which may be used to manage conflict situations.
Prerequisites: jr st; Comm 101(P); satisfaction of GER English Composition competency req.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 365 Negotiation Skills Workshop
3 cr. Undergraduate.
Simulation-based, interactive workshop on improving student's understanding of the negotiation process; building communicative effectiveness as a negotiator in various business and personal contexts.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Fall 2017, Spring 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 370 Quantitative Research in Communication
3 cr. Undergraduate.
Concepts, strategies and methods in the quantitative assessment of problems in the study of human communication as a behavioral science.
Prerequisites: jr st; satisfaction of Quantitative Literacy, Part A GER.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 372 Qualitative Research in Communication
3 cr. Undergraduate.
Concepts, strategies, and methods in the qualitative, social-scientific study of human communication. Emphasis on interviews, focus groups, and participant observation.
Prerequisites: jr st; satisfaction of Oral & Written Communication Part A GER.
General Education Requirements: OWCB
Last Taught: Summer 2017, Summer 2015.
Current Offerings: http://uwm.edu/schedule

COMMUN 380 Honors Seminar:
3 cr. Undergraduate.
Topics related to current social problems and communication.
Prerequisites: soph st; Honors 200(P); cons Honors College dir.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2000, Fall 1997.
Current Offerings: http://uwm.edu/schedule

COMMUN 381 Health Communication
3 cr. Undergraduate.
Theory and process of health communication at multiple levels: individual, social network, organizational, community, and societal. Current research in health communication.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 401 Communication in Marital and Family Relationships
3 cr. Undergraduate.
Social scientific approach to the study of communication in marital/family relationships. Examination of theory and research concerning communication processes in marital/family relationships.
Prerequisites: jr st; Comm 101(P); satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule

COMMUN 402 Gender and Communication
3 cr. Undergraduate.
Course focuses on interactive relationships between gender, communication, and culture; in particular, the ways in which communication creates and perpetuates gendered identities and gendered interaction.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 410 Organizational Communication Technology
3 cr. Undergraduate.
Conceptual and analytical consideration of communication consequences and needs related to technological assimilation and designing work environments.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 413 Rhetoric and the Internet
3 cr. Undergraduate.
Critical exploration and analysis of the internet as a communication phenomenon.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule
COMMUN 423 Decision-Making and Creativity
3 cr. Undergraduate.
Key issues in decision making and creativity at various organizational levels and across different decision making domains.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Last Taught: Spring 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 435 Rhetoric in Western Thought
3 cr. Undergraduate.
A survey of rhetorical theory in western thinking since ancient Greece.
Prerequisites: jr st; Commun 103(P); satisfaction of GER English Composition competency req.
Last Taught: Fall 2007, Fall 2004, Fall 2002.
Current Offerings: http://uwm.edu/schedule

COMMUN 436 Recent Rhetorical Theory
3 cr. Undergraduate.
Recent American and European theories of rhetoric as a dimension of human communication.
Prerequisites: jr st; Commun 103(P); satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule

COMMUN 440 Contemporary Problems in Freedom of Speech
3 cr. Undergraduate.
Current legal and regulatory issues that involve freedom of speech.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule

COMMUN 450 Cross-Cultural Communication
3 cr. Undergraduate.
Theories, research methods, and communication issues in cross-cultural, international interactions.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule

COMMUN 462 Communication in the Legal Process
3 cr. Undergraduate.
Theory and research in argumentation and persuasion and application in the legal process.
Prerequisites: jr st; Commun 103(P) or 362(262)(P); satisfaction of GER English Composition competency req.
Last Taught: Fall 2007, Fall 2005, Fall 2004, Fall 2003.
Current Offerings: http://uwm.edu/schedule

COMMUN 464 Theory and Practice of Persuasion
3 cr. Undergraduate.
Consideration of principles and methods of persuasion, with practice in the analysis and preparation of persuasive messages.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Fall 2017, Summer 2017, Summer 2016, Fall 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 472 Rhetoric of Radicalism in the United States
3 cr. Undergraduate.
Rhetoric of radical movements in the United States including the American Revolution, the abolitionist and free love movements, Black Nationalism, women’s liberation, and contemporary radical movements.
Prerequisites: jr st.
Course Rules: Counts as repeat of Commun 651 w/similar topic.
Current Offerings: http://uwm.edu/schedule

COMMUN 474 Rhetoric of Women’s Rights in the US
3 cr. Undergraduate.
Rhetoric of women’s rights and its relationship to equality and participation.
Prerequisites: jr st.
Course Rules: Counts as repeat of Commun 651 w/similar topic.
Last Taught: Spring 2012.
Current Offerings: http://uwm.edu/schedule

COMMUN 481 Interpersonal Issues in Health Communication
3 cr. Undergraduate.
Theory and practice of health communication at the interpersonal level, including such topics as personal relationships, provider-patient interaction, technology, and interpersonal education and prevention.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Last Taught: Spring 2012, Fall 2011, Summer 2011, Spring 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; satisfaction of GER English Composition competency req; acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

COMMUN 499 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one addl sem.
Prerequisites: jr st; satisfaction of GER English Composition competency req; addl prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

COMMUN 550 International and Global Communication
3 cr. Undergraduate/Graduate.
Models, theories, and contexts of relational communication between people from different nation states, viewed from interpersonal, small group, organizational, and rhetorical perspectives.
Prerequisites: jr st; Commun 350(P) or 450(P); satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule
COMMUN 581 Health Communication Interventions
3 cr. Undergraduate.
Theories, strategies, and methods in the design of health promotional and disease prevention interventions. Development of ethical and culturally responsive communication strategies.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Last Taught: Spring 2008.
Current Offerings: http://uwm.edu/schedule

COMMUN 588 Research Practicum
1-3 cr. Undergraduate.
Advanced research experience under the supervision of a member of the Commun faculty.
Prerequisites: jr st; commun major or minor; 3.00 overall gpa; Commun 200(P), 335(P), or 370(P); satisfaction of GER English Composition competency req; writ cons instr.
Course Rules: Offered as cr/no cr only. May be retaken to 6 cr max, w/3 cr max from any one faculty member.
Last Taught: Spring 2018, Fall 2016, Spring 2016, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMMUN 597 Practicum in Teaching Communication
1-3 cr. Undergraduate.
Prerequisites: jr st; declared commun major or minor; 3.00 gpa in Commun; satisfaction of GER English Composition competency req; writ cons instr.
Course Rules: May be retaken to 6 cr max, with max of 3 cr from any one faculty member.
Current Offerings: http://uwm.edu/schedule

COMMUN 627 Designing and Developing Communication Courses and Programs
3 cr. Undergraduate/Graduate.
Theory/methods in designing/developing communication courses/programs for academic (college)/organizational (training) environments. Students design/develop instructional materials for online and/or onsite delivery.
Prerequisites: jr st; 9 cr Commun 300-level or above; declared Commun or BAOA major; satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 631 Current Topics in Interpersonal Communication/Conflict Management
3 cr. Undergraduate.
Research-oriented approaches to interpersonal communication/conflict management. Specific topics announced in Schedule of Classes when course is offered.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

COMMUN 641 Current Topics in Organizational/Professional Communication:
3 cr. Undergraduate.
Research-oriented approaches to organizational/professional communication. Specific topics announced Schedule of Classes when course is offered.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

COMMUN 651 Current Topics in Rhetorical/Public Communication:
3 cr. Undergraduate.
Research-oriented approaches to rhetorical/public communication. Specific topics announced in Schedule of Classes when course is offered.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Fall 2009, Fall 2007.
Current Offerings: http://uwm.edu/schedule

COMMUN 655 Cultural Training and Adjustment
3 cr. Undergraduate/Graduate.
Theories and research related to the role of communication in cultural adjustment processes, cultural training, and evaluation of training.
Prerequisites: jr st; Commun 350(P) or 450(P); satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 660 Communication Capstone Seminar:
3 cr. Undergraduate.
Applying theory and principles from across the major to a focused learning experience.
Prerequisites: sr st; 9 crs Commun 300-level or above; declared Commun major; satisfaction of GER English Composition competency req; or cons instr.
Course Rules: May not be retaken for cr, but may be repeated for higher grade.
Current Offerings: http://uwm.edu/schedule

COMMUN 662 Seminar in Communication:
3 cr. Undergraduate.
Taught in seminar format.
Prerequisites: sr st; 9 crs Commun 300-level or above; declared Commun major; satisfaction of GER English Composition competency req; or cons instr.
Course Rules: May not be retaken for cr, but may be repeated for higher grade.
Current Offerings: http://uwm.edu/schedule
COMMUN 665 Introduction to Mediation
3 cr. Undergraduate/Graduate.
Course focuses on learning about the mediation process, related theories, and its application in a variety of contexts. Students receive twenty hours of mediation training.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

COMMUN 667 Great American Speakers and Issues
3 cr. Undergraduate/Graduate.
Selected great speakers and their speeches on major issues in American history.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Current Offerings: http://uwm.edu/schedule

COMMUN 672 Communication and Social Order
3 cr. Undergraduate/Graduate.
The role of communication in both maintaining and challenging social structures and hierarchies.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Spring 2013, Fall 2010, Fall 2008, Fall 2007.
Current Offerings: http://uwm.edu/schedule

COMMUN 675 Communication in International Mediation and Peacebuilding
3 cr. Undergraduate/Graduate.
The various forms of international mediatory activity employed to bring sustainable peace to areas gripped by ethnic and social conflict.
Prerequisites: jr st; satisfaction of GER English Composition competency req; or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 681 Seminar in Communication in a World of AIDS
3 cr. Undergraduate/Graduate.
Communication issues surrounding education and prevention of HIV infection both in the United States and across the world.
Prerequisites: jr st; satisfaction of GER English Composition competency req.
Last Taught: Spring 2012, Fall 2011, Fall 2010, Spring 2010.
Current Offerings: http://uwm.edu/schedule

COMMUN 697 Organizational Administration Capstone
3 cr. Undergraduate.
Internship, case analysis, or independent study that synthesizes course work in graded paper.
Prerequisites: sr st; declared org adm major; satisfaction of GER English Composition competency req; cons instr.
Course Rules: Commun 697, Econ 697, & Sociol 697 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

COMMUN 698 Internship in Communication
3 cr. Undergraduate.
Field experience in a profit/nonprofit organization; course examines professional communication issues.
Prerequisites: jr st; declared Commun major or approved program of study; 9 cr Commun 300-level or above; 2.5 overall gpa; satisfaction of GER English Composition and Math competency reqs; writ cons internship dir.
Course Rules: May be retaken w/chg in organization to 6 cr max.
Current Offerings: http://uwm.edu/schedule

COMMUN 699 Advanced Independent Reading
1-3 cr. Undergraduate.
Advanced independent work under the supervision of a Commun faculty or instructional academic staff member. Students must submit a study proposal. For more information, consult dept dir of undergrad stds.
Prerequisites: jr st; 2.5 gpa; satisfaction of GER English Composition competency req; writ cons inst, dept chair, & asst dean for SAS.
Course Rules: May be retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2015, Fall 2014, Summer 2014.
Current Offerings: http://uwm.edu/schedule

COMMUN 700 Quantitative Research in Communication
3 cr. Graduate.
Introduction to the methods and techniques of quantitative research in communication, with special focus on problems of experimental and field research.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 701 Critical Analysis of Communication
3 cr. Graduate.
Introduction to the methods and techniques of humanistic research in communication, with special focus on problems of criticism and history.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 702 Qualitative Research in Communication
3 cr. Graduate.
Methods and techniques of qualitative research in communication; special focus on problems of discourse analysis and interaction observation.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 710 Managerial Communication
3 cr. Graduate.
Designed for organizational communication practitioners; surveys analytic and implementation skills necessary for effective management of communication processes.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule
COMMUN 715 Technology for Health Communication
3 cr. Graduate.
Seminar designed to introduce students to both significant theoretical perspectives and empirical studies related to communication technology for health promotion.
Prerequisites: grad st
Last Taught: Fall 2013, Spring 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 727 Seminar in Communication and E-Learning
3 cr. Graduate.
Theoretical and applied issues related to teaching communication within an e-learning environment.
Prerequisites: grad st.
Course Rules: For individuals interested in college teaching/corporate training.
Current Offerings: http://uwm.edu/schedule

COMMUN 735 Rhetorical Theory
3 cr. Graduate.
Critical study of various humanistic theories of rhetorical communication. Major emphasis on contemporary theories, trends, and concepts.
Prerequisites: grad st.
Last Taught: Spring 2018, Fall 2012, Fall 2010, Fall 2007.
Current Offerings: http://uwm.edu/schedule

COMMUN 750 Theory and Research in Intercultural Communication
3 cr. Graduate.
Major theories and contemporary research in the field of intercultural, cross-cultural, and global communication.
Prerequisites: grad st.
Last Taught: Fall 2015, Fall 2013, Spring 2012.
Current Offerings: http://uwm.edu/schedule

COMMUN 762 Argumentation in Theory and Practice
3 cr. Graduate.
Argumentation theories in a performance-based context to train citizen-scholars. Assumes no prior knowledge of argumentation theories.
Prerequisites: grad st.
Last Taught: Fall 2015, Fall 2012, Fall 2010, Fall 2008.
Current Offerings: http://uwm.edu/schedule

COMMUN 770 Measurement and Evaluation in Speech Communication
3 cr. Graduate.
Consideration of problems and methods of formulating, constructing, and interpreting tests, measurements, and evaluation procedures related to speech communication.
Prerequisites: grad st; Commun 700(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 772 Rhetorical Leadership and Ethics
3 cr. Graduate.
The practice of responsible leadership from the humanities-based perspective of rhetoric.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 800 Proseminar: The Discipline of Communication
3 cr. Graduate.
The theoretical, conceptual, and pedagogical parameters of communication as a discipline.
Prerequisites: grad st; admission to Commun M.A. Program or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMMUN 801 Seminar in Interpersonal Communication
3 cr. Graduate.
Overview of current perspectives and critical analysis of research in verbal and nonverbal aspects of interpersonal communication.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2013, Fall 2010, Spring 2009.
Current Offerings: http://uwm.edu/schedule

COMMUN 802 Marital and Family Communication
3 cr. Graduate.
Examination of how communication functions to develop, maintain, enrich, or limit family relationships.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 803 Gender and Communication
3 cr. Graduate.
Seminar on interactive relationships between gender, communication, and culture; emphasis on the ways in which communication creates and perpetuates gendered identities and gendered interaction.
Prerequisites: grad st.
Last Taught: Fall 2009, Fall 2007, Fall 2005.
Current Offerings: http://uwm.edu/schedule

COMMUN 804 Seminar on Sexuality and Communication
3 cr. Graduate.
Formation of and communication about sexuality and sexual issues; connections among media, technology, and interpersonal forms of communication.
Prerequisites: grad st.
Course Rules: Counts as repeat of Commun 860 w/similar topic.
Last Taught: Spring 2014, Fall 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 805 Seminar on Issues in Interpersonal Communication:
3 cr. Graduate.
In-depth study and discussion of application of interpersonal communication research and theory.
Prerequisites: grad st.
Course Rules: Counts as repeat of Commun 860 with same subtitle. Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2017, Fall 2016, Fall 2014, Spring 2012.
Current Offerings: http://uwm.edu/schedule

COMMUN 806 Understudied Close Relationships
3 cr. Graduate.
How communication functions to develop, maintain, enrich, or limit understudied close relationships.
Prerequisites: grad st.
Course Rules: Counts as a repeat of Commun 805 w/similar topic.
Last Taught: Spring 2014.
Current Offerings: http://uwm.edu/schedule
COMMUN 807 Dark Side of Close Relationships
3 cr. Graduate.
Challenging, complicated, stressful, and unpleasant communication in close relationships.
Prerequisites: grad st.
Course Rules: Counts as a repeat of Commun 805 w/similar topic.
Last Taught: Spring 2015.
Current Offerings: http://uwm.edu/schedule

COMMUN 810 Studies of Communication in Organizations
3 cr. Graduate.
Surveys theory and research on communication processes that constitute and maintain organizations. Topics include communication and networks, managerial hierarchy, power, and organizational culture.
Prerequisites: grad st.
Last Taught: Spring 2016, Fall 2011, Fall 2009, Fall 2007.
Current Offerings: http://uwm.edu/schedule

COMMUN 812 Communication Policy for Organizations
3 cr. Graduate.
Best practices for translating communication laws and regulations into organizational operations, drawing on both social science and the law.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 813 Seminar in Mediated Communication
3 cr. Graduate.
Advanced course focusing on theory and research pertaining to relationships between human communication processes and interactive technologies.
Prerequisites: grad st.
Last Taught: Spring 2016, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 815 Communication Technologies in Organizations
3 cr. Graduate.
Examination of theory and research addressing the use of technologies in the organizational communication process.
Prerequisites: grad st.
Course Rules: Counts as repeat of Comm 860 w/ same topic.
Last Taught: Spring 2015.
Current Offerings: http://uwm.edu/schedule

COMMUN 820 Communication in Customer Service Settings
3 cr. Graduate.
Theory and research addressing communication in customer service settings.
Prerequisites: grad st.
Course Rules: Counts as a repeat of Commun 860 w/similar title.
Current Offerings: http://uwm.edu/schedule

COMMUN 823 Seminar in Small Group Communication
3 cr. Graduate.
Examination of theory and research in small group communication: methods, applications, and problems of small group communication.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 827 Seminar in Instructional Communication
3 cr. Graduate.
Theory and practice of teaching communication using face-to-face and online methods and in academic (college) and organizational (training) environments.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 830 Negotiation
3 cr. Graduate.
Theory and research addressing negotiation as fundamentally a communicative process.
Prerequisites: grad st.
Course Rules: Counts as repeat of Commun 860 w/ same topic.
Current Offerings: http://uwm.edu/schedule

COMMUN 835 Seminar in Contemporary Public Address
3 cr. Graduate.
Observation and analysis of verbal and nonverbal messages, forms, situations, strategies and media in contemporary public communication.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 837 Instructional Communication in the College Classroom
3 cr. Graduate.
Theory and practice of instructional communication in the college classroom; research connected to students’ own teaching development.
Prerequisites: grad st
Last Taught: Fall 2016, Fall 2013, Spring 2012.
Current Offerings: http://uwm.edu/schedule

COMMUN 850 Seminar in Intercultural Communication
3 cr. Graduate.
Examination of advanced theory and research in intercultural and international communication; methods and problems of intercultural communication research.
Prerequisites: grad st.
Last Taught: Spring 2018, Fall 2014, Fall 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 860 Seminar: Issues in Communication:
3 cr. Graduate.
In-depth study and discussion of application of communication research and theory. Content varies.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

COMMUN 862 Public Deliberation
3 cr. Graduate.
Emerging literature on deliberative democracy; ethical, practical, and political possibilities for public argument and decision making.
Prerequisites: grad st
Last Taught: Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule
COMMUN 864 Communication and Social Influence
3 cr. Graduate.
Advanced theory and experimental studies in persuasion.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 865 Theory and Practice of Mediation
3 cr. Graduate.
Course extends learning about mediator communication competence by exploring professional, ethical and theoretical issues in third party intervention. Students receive advanced mediation training and field experience.
Prerequisites: grad st; Commun 665(P).
Last Taught: Spring 2015, Spring 2013, Fall 2009, Fall 2007.
Current Offerings: http://uwm.edu/schedule

COMMUN 872 Rhetorics of Constituting Community and Social Controversy
3 cr. Graduate.
Advanced theories of promoting and disrupting identification or division and social conflict through rhetoric.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

COMMUN 873 The Digital Mirror
3 cr. Graduate.
Public messages about a wide range of technologies as purposeful statements about our identity as a technoculture and technocitizens.
Prerequisites: grad st
Last Taught: Spring 2015, Fall 2011, Fall 2008.
Current Offerings: http://uwm.edu/schedule

COMMUN 874 Rhetoric of Women's Rights in the US
3 cr. Graduate.
The rhetorical tradition of women's rights in the U.S. and its use as a lens to reflect on rhetorical theory and criticism.
Prerequisites: grad st
Last Taught: Spring 2018, Fall 2013, Spring 2011.
Current Offerings: http://uwm.edu/schedule

COMMUN 881 Interpersonal Health Communication
3 cr. Graduate.
Examination of theory and research in interpersonal communication in the management of health and illness.
Prerequisites: grad st
Course Rules: Counts as repeat of Commun 860 w/ same topic.
Last Taught: Fall 2010.
Current Offerings: http://uwm.edu/schedule

COMMUN 882 The Rhetoric of Kenneth Burke
3 cr. Graduate.
Synthesis, analysis, and critique of Kenneth Burke’s work on rhetoric and its influences.
Prerequisites: grad st
Last Taught: Fall 2014, Fall 2009.
Current Offerings: http://uwm.edu/schedule

COMMUN 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule

COMMUN 893 Rhetoric of(and the Internet)
3 cr. Graduate.
The concept of 'The Internet' in popular culture; opportunities and obstacles the internet presents to rhetorical communication.
Prerequisites: grad st
Last Taught: Fall 2009, Fall 2006.
Current Offerings: http://uwm.edu/schedule

COMMUN 900 Philosophy and Practice of Communication
3 cr. Graduate.
Philosophical and theoretical perspectives on the scholarly study of human communication.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

COMMUN 913 Advanced Topics in Group Communication:
3 cr. Graduate.
Theory of and research on emerging issues related to the study and teaching of group communication.
Prerequisites: grad st.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

COMMUN 950 Theory Building in Communication and Culture
3 cr. Graduate.
The processes of conducting scientific inquiry about communication and culture.
Prerequisites: grad st; Commun 750(P); Commun 850(P).
Current Offerings: http://uwm.edu/schedule

COMMUN 965 The Discourse of Conflict
3 cr. Graduate.
Conflict talk in various contexts; collection, analysis, and transcription of the discourse of conflict.
Prerequisites: grad st; Commun 665(P), 765 (P), or 865(P)
Last Taught: Fall 2014, Fall 2011, Spring 2010.
Current Offerings: http://uwm.edu/schedule

COMMUN 971 Meta-Analysis: Practice and Application
3 cr. Graduate.
Meta-analysis as means of quantitative literature summary for social sciences with application to education and health.
Prerequisites: grad st.
Course Rules: Counts as repeat of Commun 972 w/similar subtitle.
Last Taught: Fall 2017, Fall 2014, Fall 2010.
Current Offerings: http://uwm.edu/schedule
COMMUN 972 Advanced Methods in Communication Research: 3 cr. Graduate.
Multivariate statistical methods. Advanced and emerging new methodologies for communication research.
Prerequisites: grad st; Commun 700(P), 701(P), 702(P), 770(P); or cons instr
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2017, Fall 2015, Fall 2012, Fall 2009.
Current Offerings: http://uwm.edu/schedule

COMMUN 973 Topics in Rhetorical Research: 3 cr. Graduate.
In-depth examination of a particular area of rhetorical research, with focus on methodologies; students reflect on epistemic, publication, and professional issues.
Prerequisites: grad st
Course Rules: Retakable w/chg in topic to 9 cr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

COMMUN 981 Communication and HIV/AIDS 3 cr. Graduate.
Communication issues and challenges facing individuals and agencies surrounding HIV and AIDS in the United States and other countries.
Prerequisites: grad st
Last Taught: Spring 2015, Spring 2010.
Current Offerings: http://uwm.edu/schedule

COMMUN 990 Research and Thesis 1-12 cr. Graduate.
Production of a thesis under the supervision of student’s major professor with consultation of the degree committee.
Prerequisites: grad st & cons instr.
Current Offerings: http://uwm.edu/schedule

COMMUN 998 Communication Internship 1-3 cr. Graduate.
Student applies course work in profit or nonprofit setting; synthesizes course and work experience in graded paper.
Prerequisites: grad st; 12 grad cr Commun or, for mediation interns, 6 grad cr from Mediation Cert course list; writ cons sponsoring agency or organization; cons supervising faculty member & Commun grad prog dir.
Course Rules: Retakable to 3 cr max.
Current Offerings: http://uwm.edu/schedule

COMMUN 999 Independent Study 1-3 cr. Graduate.
Supervised investigation of a particular topic area either not covered by other communication courses or at a level of sophistication beyond that in other courses.
Prerequisites: grad st; cons instr.
Course Rules: Retakable to 3 cr max for M.A. students, and 9 cr max for Ph.D. students.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

Communication, BA

Communication is a broad field, covering all of the different ways humans can exchange information - orally, through written word, and through nonverbal and visual cues. The study of communication involves the analysis of the communication patterns, settings, and tools that people use. Regardless of industry, in survey after survey, almost every employer ranks communication skills as one of their top three criteria when hiring.

Communication students at UWM not only graduate with top-notch communication skills, but they also have a thorough understanding of communication as a process and as a system. They are the individuals who can work with all types of people, bringing out their best. Communication majors go on to all types of work, but the common denominator is that their work most likely involves lots of interaction with others. Sales, marketing, media, public relations, human resources, mediation, law, journalism, merchandising, advertising, education, public office, and social welfare are just a few of the most popular post-college careers. At UWM, students can focus their Communication electives around four tracks: interpersonal communication; rhetoric and public communication; intercultural communication; or technology and communication. The Communication major can be completed entirely
online if desired. Or, students can mix-and-match online and in-person classes in whatever combination they wish.

Requirements
Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

University General Education Requirements (GER)

<td></td>
</tr>
</tbody>
</table>

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement

College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>

<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
<td></td>
</tr>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>

<td></td>
</tr>
</tbody>
</table>
III. Foreign Language Requirement
Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

Code | Title                                                                 | Credits |
--- |----------------------------------------------------------------------|--------|
** | Successful completion of the 4th semester of college work or equivalent in one language other than English (including American Sign Language) | 0-18   |
** | Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language) |        |

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

Code | Title                                                                 | Credits |
--- |----------------------------------------------------------------------|--------|
** | Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above | 9      |
** | Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas. |        |
** | Complete 9 credits in combination of the two options above. |        |

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (H), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Code | Title                                                                 | Credits |
--- |----------------------------------------------------------------------|--------|
** | Select 3 credits                                                                 | 3      |
** | Complete 12 credits of L&S courses with Humanities Breadth designation; no more than 6 credits from a single subject area. | 12     |
** | Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. | 12     |

VI. The Major
The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Communication Major Requirements
A major in communication consists of at least 36 credits in communication courses. Students must earn at least a B- grade in COMMUN 101, COMMUN 103, and COMMUN 105. At least 18 of the 36 credits must be numbered 300 or above, 15 of these taken in residence at UWM.

Graduation with a major in Communication requires a cumulative GPA of at least 2.500 in all communication courses attempted at UWM as well as a 2.500 GPA in all major credits attempted, including any transfer work. All courses in the major, with the exception of COMMUN 298, must be taken for graded credit. The College of Letters and Science requires that students complete a research experience in their major. The Department of Communication has structured COMMUN 335, COMMUN 370, and COMMUN 372 to satisfy that requirement. In these courses, students must produce a written final research paper that involves conducting independent research in addition to evaluating research in the field and integrating it with their findings. Students will present their research in oral form to their course colleagues.

Code | Title                                                                 | Credits |
--- |----------------------------------------------------------------------|--------|
** | COMMUN 101 Introduction to Interpersonal Communication | 3      |
** | COMMUN 103 Public Speaking | 3      |
** | COMMUN 105 Business and Professional Communication | 3      |

Select one of the following:
A maximum of 6 credits earned in any combination of the following courses may count toward the minimum number of credits required for the major in communication:

**Letters & Science Advising**

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus' general education requirements and the College's degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmiilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.
Honors in the Major
Communication majors who want to graduate with honors in the major must attain a 3.000 GPA on all UWM graded credits attempted, a 3.750 GPA on all coursework taken to complete the major, and a 3.750 GPA on advanced (300 level and above) courses in the major. A minimum of 24 credits, at least 15 at the 300-level or above, in communication courses must be taken in residence at UWM.

Honors in the College of Letters and Science
Dean's Honor List
GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information
Current Students contact the Department directly, commdept@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

Communication, MA
Related Certificates
- Graduate Certificate in Mediation and Negotiation (http://uwm.edu/graduateschool/mediation-negotiation-certificate)
- Graduate Certificate in Rhetorical Leadership (http://uwm.edu/graduateschool/rhetorical-leadership-certificate)
- Graduate Certificate in Professional Writing and Communication (http://uwm.edu/graduateschool/professional-writing-communication-certificate)
- Graduate Certificate in Teaching and Learning in Higher Education (http://uwm.edu/graduateschool/teaching-learning-higher-education-certificate)

The Department of Communication offers MA and PhD programs. The Master of Arts is designed to provide breadth and depth of study in the following areas: Organizational/Professional Communication, Intercultural/International Communication, Interpersonal Communication/Mediation, and Rhetoric/Public Communication. The program provides initial and advanced preparation for a variety of careers including continued study leading to the PhD degree.

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/Registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission/) plus these departmental requirements to be considered for admission to the program:

1. Possess the equivalent of an undergraduate major in speech, speech communication, or related areas.
2. Possess an undergraduate grade point average of 3.00 in the major.
3. Submit three letters of recommendation from persons capable of judging the applicant's capacity for success in a graduate program of study.
4. Submit scores from verbal, quantitative, and analytical sections of the Graduate Record Examination.
5. Submit a sample of written work from an academic and/or professional assignment.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

Applicants without the requisite grade point average may be considered for admission on a probationary basis.

Major Professor as Advisor
The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The major professor should be designated no later than the end of the student's first year of enrollment. The incoming student is assigned the Graduate Coordinator or other program faculty member as an initial advisor until a major professor is selected.

Credits and Courses
The minimum degree requirement is 30 credits, including 24 credits taken in the Department of Communication; that is, a maximum of 6 credits taken outside the department may count toward the total credits required. Students must take 24 of the 30 required credits in courses numbered 700 or above.

Students must complete either a professional project or a thesis.

<table>

</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>General</td>
<td></td>
</tr>
</tbody>
</table>
The MA Portfolio Project will provide students with an opportunity to:

- Compile documentation of academic accomplishments during the pursuit of an MA
- Synthesize the primary contributions of MA coursework
- Critically reflect upon accomplishments in written work.
- Reflect upon the accomplishment of their initial goals and objectives for the MA, and articulate future career goals and objectives that will utilize the skills/knowledge gained.
- Establish a connection with a field expert (e.g., an individual who works in the student's desired employment sector or a member of a community group with whom the student hopes to work) and gain additional information about activities the student may wish to pursue after graduation.

**Thesis Option**

A thesis involves applied or basic research and is a proven method for developing specialized knowledge and skills that can enhance an individual's expertise within a substantive area of study. A thesis is recommended for students who intend to continue study toward the Ph.D. degree or plan research-related employment. If the thesis option is elected, the student must initiate and write an original research project under the guidance of his/her major professor; the student also must pass an oral defense of the finished project conducted by his/her thesis committee.

**Time Limit**

The student must complete all degree requirements within five years of initial enrollment.

**Communication, MA: Rhetorical Leadership**

Interested students may complete a concentration in rhetorical leadership that will be designated on their transcripts.

**Admission**

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Possess the equivalent of an undergraduate major in speech, speech communication, or related areas.
2. Possess an undergraduate grade point average of 3.00 in the major.
3. Submit three letters of recommendation from persons capable of judging the applicant's capacity for success in a graduate program of study.
4. Submit scores from verbal, quantitative, and analytical sections of the Graduate Record Examination.
5. Submit a sample of written work from an academic and/or professional assignment.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted as program credits required for the degree.

Applicants without the requisite grade point average may be considered for admission on a probationary basis.

**Major Professor as Advisor**

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. The major professor should be designated no later than the end of the student's first year of enrollment. The incoming student is assigned the Graduate
Coordinator or other program faculty member as an initial advisor until a major professor is selected.

## Credits and Courses

The minimum degree requirement is 30 credits, including 24 credits taken in the Department of Communication; that is, a maximum of 6 credits taken outside the department may count toward the total credits required. Students must take 24 of the 30 required credits in courses numbered 700 or above.

Students must complete either a professional project or a thesis.

### Electives

Students complete 24 credits in elective courses, most of them selected from courses in the Department of Communication, with the following caveats. A maximum of 6 credits below the 700 level may be counted toward the degree. A maximum of 6 credits in courses outside the department may count toward the degree. No more than 9 credits selected from the combination of COMMUN 998, COMMUN 999, and courses outside the department may count toward the degree. In addition, the following restrictions on the number of credits that may count toward the degree are placed on these courses:

<table>
<thead>
<tr>

### MA Portfolio Project

At the master’s level, the MA Portfolio Project (MAPP) is designed to allow students to synthesize their accomplishments during the MA program and identify their strengths and needs as they pursue objectives beyond graduate school. In conjunction with the completion of 30-credit hours (per Department of Communication MA guidelines), students who successfully complete a MAPP will meet the requirements for the MA in Communication.

The MA Portfolio Project will provide students with an opportunity to:

- Compile documentation of academic accomplishments during the pursuit of an MA
- Synthesize the primary contributions of MA coursework
- Critically reflect upon accomplishments in written work.
- Reflect upon the accomplishment of their initial goals and objectives for the MA, and articulate future career goals and objectives that will utilize the skills/knowledge gained.
- Establish a connection with a field expert (e.g., an individual who works in the student's desired employment sector or a member of a community group with whom the student hopes to work) and gain additional information about activities the student may wish to pursue after graduation.
- Reflect upon one's understanding of future pursuits and draw connections between the MA experience and the nature of this type of work/service.

### Thesis Option

A thesis involves applied or basic research and is a proven method for developing specialized knowledge and skills that can enhance an individual’s expertise within a substantive area of study. A thesis is recommended for students who intend to continue study toward the Ph.D. degree or plan research-related employment. If the thesis option is elected, the student must initiate and write an original research project under the guidance of his/her major professor; the student also must pass an oral defense of the finished project conducted by his/her thesis committee.

### Time Limit

The student must complete all degree requirements within five years of initial enrollment.

### Rhetorical Leadership Concentration

The concentration requires the following courses, which students may select to meet the MA degree’s course requirements:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</tbody>
</table>

#### MA Portfolio Project

At the master’s level, the MA Portfolio Project (MAPP) is designed to allow students to synthesize their accomplishments during the MA program and identify their strengths and needs as they pursue objectives beyond graduate school. In conjunction with the completion of 30-credit hours (per Department of Communication MA guidelines), students who successfully complete a MAPP will meet the requirements for the MA in Communication.
COMMUN 862  Public Deliberation
COMMUN 865  Theory and Practice of Mediation
COMMUN 872  Rhetorics of Constituting Community and Social Controversy (if not selected above)
COMMUN 873  The Digital Mirror
COMMUN 882  The Rhetoric of Kenneth Burke
COMMUN 893  Rhetoric of and the Internet
COMMUN 972  Advanced Methods in Communication Research: (Subtitle, with a rhetorical topic) 1
COMMUN 998  Communication Internship (with rhetorical leadership topic directed by a member of the Rhetorical Leadership Committee)

Total Credits 15

1  Students may count COMMUN 701 or COMMUN 972, but not both, toward concentration requirements. COMMUN 701 can count as a concentration elective or the required methods course above—not both.

These courses complete one content area and 12 elective credits of the degree.

Communication, Minor

Communication is a broad field, covering all of the different ways humans can exchange information - orally, through written word, and through nonverbal and visual cues. The study of communication involves the analysis of the communication patterns, settings, and tools that people use. Regardless of industry, in survey after survey, almost every employer ranks communication skills as one of their top three criteria when hiring.

Communication students at UWM not only graduate with top-notch communication skills, but they also have a thorough understanding of communication as a process and as a system. They are the individuals who can work with all types of people, bringing out their best. Sales, marketing, media, public relations, human resources, mediation, law, journalism, merchandising, advertising, education, public office, and social welfare are just a few of the most popular post-college careers.

At UWM, students can focus their Communication electives around four tracks: interpersonal communication; rhetoric and public communication; intercultural communication; or technology and communication.

The Communication minor can be completed entirely online if desired. Or, students can mix-and-match online and in-person classes in whatever combination they wish.

Requirements

The College of Letters & Science requires that students attain at least a 2.500 GPA on all credits in the minor attempted at UWM, and at least a 2.500 GPA on all minor credits attempted when any transfer work is included along with the UWM work. In addition, students must earn at least a B- grade in each of the three core courses, COMMUN 101, COMMUN 103, and COMMUN 105. A minor in communication consists of at least 18 credits in communication courses, as distributed below:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMMUN 101</td>
<td>Introduction to Interpersonal Communication</td>
<td>3</td>

- Graduate Certificate in Teaching and Learning in Higher Education (http://uwm.edu/graduateschool/teaching-learning-higher-education-certificate)

The Department of Communication offers MA and PhD programs. The Doctor of Philosophy in Communication provides study and training for entry into academic or professional careers that would necessitate theory-driven basic or applied research on communication practices and outcomes. The program’s thrust emphasizes studying the effects of professional communication practices on organizational goals and outcomes. The program's thrust emphasizes studying the effects of professional communication practices on organizational goals and outcomes. The program's thrust emphasizes studying the effects of professional communication practices on organizational goals and outcomes. The program's thrust emphasizes studying the effects of professional communication practices on organizational goals and outcomes. The program's thrust emphasizes studying the effects of professional communication practices on organizational goals and outcomes.

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission), hold a master’s degree in communication or a related field, and meet these departmental requirements to be considered for admission to the program in regular status:

- Have a cumulative GPA of at least a 3.33 (B+) in course work for the master’s degree.
- Submit letters of recommendation from at least three (3) communication professionals attesting to the student’s capability to perform satisfactorily at the doctoral level (academic references preferred).
- Submit a writing sample that demonstrates the applicant’s analytical and critical thinking skills.

Applicants lacking the requisite GPA, and those without the Master of Arts/Science in Communication (or an equivalent degree) may be considered for admission on probation, and may be required to complete preparatory coursework.

Reapplication/Readmission
Students who receive the MA in Communication from UWM must reapply to be considered for admission to the PhD program.

Major Professor as Advisor
Initially, unless a student specifically requests a particular faculty member, all doctoral students are assigned an “interim” advisor. After the completion of 12 credits, a student is required to designate a faculty member with specialized interests compatible with those of the student to act as the major professor. The major professor is expected to assist the student in planning the remainder of the program of studies, chair the student’s preliminary examination committee, supervise the completion of the PhD dissertation, and conduct of the dissertation defense meeting. All students should consult the departmental handbook for additional details on departmental policies and procedures.

Residence
The student must meet minimum Graduate School residence requirements (http://uwm.edu/graduateschool/doctoral-requirements/residence) of one continuous academic year of full-time graduate studies at UWM. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master’s level.

Credits and Courses
To fulfill the credit requirement for the PhD in Communication, a student must complete at least 54 credits beyond the master’s degree, of which at least 48 credits must be in courses numbered 700 or above. Thirty-three (33) credits must be taken from the Communication Department. Students may complete 6 credit hours in courses below 700 offered outside the Department of Communication. Courses taken toward a master’s degree will not apply to the doctoral program of studies. The 54 credits must be distributed as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMMUN 900</td>
<td>Philosophy and Practice of Communication</td>
<td>3</td>
</tr>
<tr>
<td>COMMUN 990</td>
<td>Research and Thesis</td>
<td>6</td>
</tr>
</tbody>
</table>

Total Credits: 54
Students will determine additional research-tool credits in consultation with their advisor, so as to demonstrate methodological competence in their chosen area of study.

No more than 12 credits of COMMUN 990 may be applied toward the 54-credit requirement.

**Comprehensive Preliminary Examination**

A student must pass all components of a comprehensive preliminary examination to be advanced to candidacy for the doctoral degree. The examining committee is responsible for setting an examination schedule agreeable to all parties subject to the constraints that:

1. examinations must include at least 18 hours of questioning, and
2. must be completed in no longer than two (2) calendar weeks.

Each member of the examining committee must read and pass the student on all examination questions the faculty member contributes. The student must receive a passing evaluation from all members of the committee on the written portion of the examination in order to attempt an oral defense of the examination. An affirmative vote constitutes the committee’s decision to advance the student to candidacy for the doctoral degree.

Students who fail the doctoral preliminary examination may not proceed to the dissertation. The exam may be retaken only once. The preliminary examination must be successfully completed within five years of initial enrollment.

**Dissertation**

The candidate, under the supervision of the major professor and in collaboration with a dissertation committee, must write a dissertation that demonstrates the ability to formulate a research topic and pursue an independent and original investigation of the chosen topic. The practices for the dissertation will conform to the guidelines established by the UWM Graduate School. The dissertation committee shall be composed of the major professor and four additional graduate faculty members (at least three of whom must be from the Communication Department’s graduate faculty). The dissertation committee is responsible for assessing the dissertation project, which involves approving the dissertation prospectus proposal, reviewing working drafts of research in progress, and, finally, evaluating the candidate's ability to defend decisions made during the course of research. After submission of a reading copy of the dissertation to the faculty dissertation committee, the candidate and the major professor will schedule a committee meeting for the purpose of undertaking an oral defense of the dissertation work by the candidate. At the conclusion of the candidate’s oral remarks, the dissertation committee will vote on passing the candidate’s dissertation work. A majority of the committee must vote to approve the dissertation and recommend granting of the Doctor of Philosophy degree.

**Time Limit**

All components of the PhD program must be completed within 10 years of matriculation.

**Communication, PhD: Rhetorical Leadership**

Interested students may complete a concentration in rhetorical leadership that will be designated on their transcripts.

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission), hold a master’s degree in communication or a related field, and meet these departmental requirements to be considered for admission to the program in regular status:

- Have a cumulative GPA of at least a 3.33 (B+) in course work for the master’s degree.
- Submit letters of recommendation from at least three (3) communication professionals attesting to the student’s capability to perform satisfactorily at the doctoral level (academic references preferred).
- Submit a writing sample that demonstrates the applicant’s analytical and critical thinking skills.

Applicants lacking the requisite GPA, and those without the Master of Arts/Science in Communication (or an equivalent degree) may be considered for admission on probation, and may be required to complete preparatory coursework.

**Reapplication/Readmission**

Students who receive the MA in Communication from UWM must reapply to be considered for admission to the PhD program.

**Major Professor as Advisor**

Initially, unless a student specifically requests a particular faculty member, all doctoral students are assigned an “interim” advisor. After the completion of 12 credits, a student is required to designate a faculty member with specialized interests compatible with those of the student to act as the major professor. The major professor is expected to assist the student in planning the remainder of the program of studies, chair the student’s preliminary examination committee, supervise the completion of the PhD dissertation, and conduct the dissertation defense meeting. All students should consult the departmental handbook for additional details on departmental policies and procedures.

**Residence**

The student must meet minimum Graduate School residence requirements (http://uwm.edu/graduateschool/doctoral-requirements/#residence) of one continuous academic year of full-time graduate studies at UWM. This can be satisfied by completing at least 8 graduate credits in each of two consecutive semesters, or 6 or more graduate credits in each of three consecutive semesters, exclusive of summer sessions. Residence credit cannot be earned at the master’s level.

**Credits and Courses**

To fulfill the credit requirement for the PhD in Communication, a student must complete at least 54 credits beyond the master’s degree, of which at least 48 credits must be in courses numbered 700 or above. Thirty-three (33) credits must be taken from the Communication Department. Students may complete 6 credit hours in courses below 700 offered outside the Department of Communication. Courses taken toward a
The candidate, under the supervision of the major professor and in collaboration with a dissertation committee, must write a dissertation that demonstrates the ability to formulate a research topic and pursue an independent and original investigation of the chosen topic. The practices for the dissertation will conform to the guidelines established by the UWM Graduate School. The dissertation committee shall be composed of the major professor and four additional graduate faculty members (at least three of whom must be from the Communication Department's graduate faculty). The dissertation committee is responsible for assessing the dissertation project, which involves approving the dissertation prospectus proposal, reviewing working drafts of research in progress, and, finally, evaluating the candidate's ability to defend decisions made during the course of research. After submission of a reading copy of the dissertation to the faculty dissertation committee, the candidate and the major professor will schedule a committee meeting for the purpose of undertaking an oral defense of the dissertation work by the candidate. At the conclusion of the candidate's oral remarks, the dissertation committee will vote on passing the candidate's dissertation work. A majority of the committee must vote to approve the dissertation and recommend granting of the Doctor of Philosophy degree.

**Time Limit**

All components of the PhD program must be completed within 10 years of matriculation.

**Transcript-Designated Concentration in Rhetorical Leadership**

Within the Ph.D., students may elect to fulfill a transcript-designated concentration in Rhetorical Leadership by completing 15 credits as follows:

<table>
<thead>
<tr>

**Total Credits** 15

1. Students may count COMMUN 701 or COMMUN 972, but not both, toward concentration requirement.
Mediation and Negotiation, Graduate Certificate

The Department of Communication, in cooperation with the Master’s in Human Resources and Labor Relations (MHRLR) and the Lubar School of Business, offers the Graduate Certificate in Mediation and Negotiation. The program of study is designed to provide practical and theoretical knowledge for students who wish to pursue or advance careers that involve managing or resolving disputes in organizational, educational, community, or family contexts. The program is designed to meet the increasing need of business, organized labor, public sector, and community organizations for people with skills in conflict resolution.

Using an interdisciplinary approach, the program offers a basic knowledge of mediation and negotiation between individuals and across organizations, allows some specialization in further coursework, and is integrated with a final course involving either field-work or a research paper written under the direction of an expert in the area. Students can complete the Graduate Certificate in Mediation and Negotiation while enrolled either part-time or full-time.

With the approval of the program, students admitted to either the Master of Arts in Communication or the Master of Human Resources and Labor Relations degree program may apply courses taken to meet certificate requirements toward their degree.

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Eligibility and Admission
Students applying for the Certificate Program in Mediation and Negotiation must hold a bachelor’s degree and must have earned a 2.75 GPA overall or must furnish substantial evidence of ability to succeed in graduate-level work.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Certificate Requirements

Credits and Courses
The certificate requires 12 credits, including 9 credits of coursework and 3 credits of field work or research.

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.

2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.

3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

**Time Limit**
Certificate program time limits shall be established as follows:

- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

**Rhetorical Leadership, Graduate Certificate**

Leadership is a highly valued, yet always scarce resource in all areas requiring coordinated action: civil society, professional work, profit and non-profit venues, religious and social action contexts. Communication's Rhetorical Leadership certificate program prepares leaders with humanistic knowledge, skills and attitudes through five graduate courses.

"Rhetorical Leadership and Ethics" covers rhetoric's role in and potential for responsible leadership in multiple arenas; it is informed by the long history of debate over the legitimacy of studying rhetoric as a means of promoting joint action.

"Theories of Rhetorical Communication" introduces certificate students to the vast, nearly three millennia-long theoretical range of the rhetorical tradition.

"Communication and Social Order" examines how existing institutions and values get established and "naturalized" using symbolic action and conversely how they can be challenged strategically through rhetoric.

The more advanced "Rhetoric of Constituting Community and Social Controversy" addresses explicitly the rhetorical range available to leaders, whether their main goal is constituting communities or promoting change in ways that the existing decision-making channels cannot accommodate.

"Argumentation in Theory and Practice" integrates argumentative theory and practice in ways that are useful for potential leaders; it involves some performance-based learning that requires students to test their preferred theory alternatives in action.

**Application Deadlines**
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

---

### Eligibility and Admission

Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted to a certificate program.

**Application**
- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Students who have little experience in positions of responsibility will be encouraged to participate in a relevant internship during the course of their studies. The program will assist students in identifying appropriate opportunities.

**Grade Point Average Requirement**
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

**Transfer Credit**
No more than 20% of the required credits may be taken at an institution other than UWM. Courses will be considered for transfer into the certificate program only if the applicant can provide ample, acceptable evidence that the course taken is substantially the same as one of the five courses that constitute the certificate program. The Rhetorical Leadership Committee will make such determinations, and its decision is final. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program. No transfer credit is allowed for post-graduate students.

**Grade Point Average Requirement**
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

**Articulation with Degree Programs**
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   - Degree programs must approve the courses from certificates that can double count toward the degree.
   - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   - Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.

3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

**Time Limit**
Certificate program time limits shall be established as follows:
- 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
- 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
CONSERVATION AND ENVIRONMENTAL SCIENCE

The alarming rate of climate change, habitat destruction and, species extinction over the last 2 decades has catalyzed our resolve to find solutions to growing environmental problems:

- the contamination of air, water and soil;
- the spread of toxic chemicals;
- invading species driving out native populations, and
- the progressive loss of habitats that species need to grow, survive, and reproduce.

These problems are not simple; finding solutions requires the integration and interpretation of biological, chemical, geological, and social sciences.

Coursework in our undergraduate interdisciplinary program provides training in areas such as ecosystem management, natural resources conservation, environmental assessment, and environmental education.

Programs

- Conservation and Environmental Science, Minor (p. 1157)
- Conservation and Environmental Sciences, BA (p. 1158)
- Conservation and Environmental Sciences, BS (p. 1163)

Conservation and Environmental Science Courses

CES 199 Independent Study
1-3 cr. Undergraduate.
For further information, consult dept chair.
Prerequisites: 2.5 gpa; writ cons instr, dept chair & asst dean for SAS.
Course Rules: Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

CES 210 Introduction to Conservation and Environmental Science
3 cr. Undergraduate.
Relations between human populations and resource depletion, pollution and ecosystem disturbance; search for solutions. Discussion section includes some community activities with environmental organization. 2 hrs lec, 1 hr dis
Prerequisites: none.
General Education Requirements: NS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CES 289 Internship in Environmental Studies, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of environmental studies in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: intro course in CES; 2.50 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

CES 290 Seminar: Cool Power to Slow Global Warming
3 cr. Undergraduate.
Climate change - myth? science? Global warming causes; energy for sustainability; non-renewable (coal, oil, nuclear power), renewable (sun, wind, hydro, biomass, biogas) sources; predictions for 2050.
Prerequisites: none.
General Education Requirements: NS
Last Taught: Spring 2007.
Current Offerings: http://uwm.edu/schedule

CES 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM-sponsored program before course work level, content, and credits are determined and/or in specially prepared course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Last Taught: Spring 2016, Spring 2014, Fall 2010.
Current Offerings: http://uwm.edu/schedule

CES 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period.
Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add’l sem.
Prerequisites: none; add’l preqs may be assigned to specific topic.
Course Rules: Retakable w/chg in topic.
Last Taught: Spring 1984.
Current Offerings: http://uwm.edu/schedule

CES 451 Field Methods in Conservation
3 cr. Undergraduate/Graduate.
Introduction to methods, techniques and tools for natural area management, including plant/animal surveys, vegetation/habitat description, and incorporating hands-on experience. 2 hr lec, 3 hrs lab.
Prerequisites: jr st; Bio Sci 310(P) or equiv or cons instr.
Course Rules: Jointly offered with and counts as repeat of Bio Sci 451.
Last Taught: Fall 2017.
Current Offerings: http://uwm.edu/schedule

CES 461 The Politics and Policy of Sustainability
3 cr. Undergraduate/Graduate.
Principles of environmental policy, governance, and management for global sustainability.
Prerequisites: jr st; CES 210(P) or cons instr.
Course Rules: CES 461, FrshWtr 461, & Global 461 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

CES 471 Practicum in Natural Resources Management
4 cr. Undergraduate/Graduate.
Preparation and presentation of a natural resource or environmental management plan for a real-world client. 3 hrs lec, 1 hr. dis.
Prerequisites: sr st; Bio Sci 310(P); declared CES major; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
At UWM, students with a passion for nature and the environment can obtain a solid education in the natural sciences that are central to environmental science - biology, geosciences, and chemistry - and the social sciences of geography, economics, and politics which guide the application of conservation and environmental science in the real world.

Students at UWM can focus their conservation and environmental science work around land resources, water resources, biological resources/biodiversity, or environmental analysis. Internships and field work complement classroom learning. These opportunities can be found to help students gain practical experience in their field of interest.

Conservation and Environmental Science, Minor

Overview of United States environmental and natural resource law. Application of advanced principles of environmental studies in a business, organizational, educational, political, or other appropriate setting.

Prerequisites: jr st, 300-level or above course in Conservation & Environmental Sciences; 2.5 GPA; cons supervising faculty member.

Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.

Current Offerings: http://uwm.edu/schedule

CES 490 Senior Seminar: Conservation and Environmental Science

Course Rules: Counts as repeat of CES 499 with same topic.

Current Offerings: http://uwm.edu/schedule

CES 497 Study Abroad:

Course Rules: Counts as a repeat of CES 499 w/similar topic.

Last Taught: Spring 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

CES 499 Ad Hoc:

Course Rules: Retakable w/chg in topic.

Last Taught: Spring 2016, Fall 2015, Fall 2014, Fall 2011.
Current Offerings: http://uwm.edu/schedule

CES 515 Environmental Law for Natural Resource Managers

Prerequisites: jr st; CES 210(P) or cons instr.

Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.

Current Offerings: http://uwm.edu/schedule

CES 550 Introduction to Science Interpretation

Prerequisites: jr st; CES 210(P) or cons instr.

Current Offerings: http://uwm.edu/schedule

CES 551 Application of Science Interpretation

Prerequisites: jr st; CES 550(P).

Last Taught: Spring 2006.
Current Offerings: http://uwm.edu/schedule

CES 571 Practical Approaches to a Sustainable Future

Course Rules: Counts as repeat of CES 499 w/similar topic.

Last Taught: Spring 2015, Spring 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

CES 576 Principles of Stream Management and Restoration

Prerequisites: jr st; 2.5 GPA; writ cons instr, dept chair, & asst dean for SAS.

Course Rules: Retakable w/chg in topic.

Last Taught: Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

CES 699 Advanced Independent Study

Prerequisites: jr st or cons instr.

Course Rules: Retakable w/chg in topic to 9 cr max.

Current Offerings: http://uwm.edu/schedule
Requirements

The Conservation and Environmental Science minor requires completion of a minimum of 25 credits distributed among CES courses and approved electives, with at least 12 credits in upper-level (numbered 300 and above) courses. Students must complete at least 9 upper-level credits for the minor in residence at UWM and must attain a 2.500 GPA on all UWM credits attempted for the minor. In addition, the College requires that students attain a 2.500 GPA on all minor credits attempted, including transfer work.

Total Credits 25-27

1 Students pursuing BS degrees and those interested in taking upper-level natural science classes such as BIO SCI 310 should take CHEM 102 and BIO SCI 150 as part of their introductory core requirements.

2 Selected from the list of approved elective courses for the CES major, found here (p. 1158) or here (p. 1163). At least 6 of these must be taken outside the student’s major program and at least 3 must be from the natural sciences.

</table>

Or equivalent course

Part B

Course designated as QL-B; may be completed through a major-specific course requirement

Arts

Select 3 credits

Humanities

Select 6 credits

Social Sciences

Select 6 credits

Natural Sciences

Select 6 credits (at least two courses including one lab)

UWM Foreign Language Requirement

Complete Foreign Language Requirement through:

- Two years (high school) of a single foreign language
- Two semesters (college) of a single foreign language
- Or equivalent

UWM Cultural Diversity Requirement

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement

College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

   - MATH 102: Mathematical Literacy for College Students II
   - MATH 103: Contemporary Applications of Mathematics
   - MATH 105: Introduction to College Algebra
   - MATH 108: Algebraic Literacy II
   - MATH 175: Mathematical Explorations for Elementary Teachers I

   Note: This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

   - AFRICOL 220: Introduction to Statistics in Africology
   - ANTHRO 568: Introduction to Anthropological Statistics
   - ATM SCI 500: Statistical Methods in Atmospheric Sciences
   - BIO SCI 465: Biostatistics
   - ECON 210: Economic Statistics
   - GEOG 247: Quantitative Analysis in Geography
   - HIST 595: The Quantitative Analysis of Historical Data
   - MTHSTAT 215: Elementary Statistical Analysis
   - PHILOS 211: Elementary Logic
   - POL SCI 390: Political Data Analysis
   - POL SCI 392: Survey Research
   - PSYCH 210: Psychological Statistics
   - SOCIOL 261: Introduction to Statistical Thinking in Sociology

   Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language).

IV. International Requirement
See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Completed in one of the following ways:

- Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above.
- Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas.
- Complete 9 credits in combination of the two options above.

V. Breadth Requirement
Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+ designation, L&S students must complete the Breadth requirement.

<table>

</tbody>
</table>

Required Introductory Core

- BIO SCI 150 Foundations of Biological Sciences I 4
- BIO SCI 152 Foundations of Biological Sciences II 4
- CES 210 Introduction to Conservation and Environmental Science 3
- CHEM 102 General Chemistry 5
- GEO SCI 100 Introduction to the Earth 3
- or GEO SCI 120 Geology of the Planets 3
- GEO SCI 102 Principles of Historical Geology 3
- or GEO SCI 150 Introduction to Ocean Sciences 3
- GEOG 215 Introduction to Geographic Information Science 3

Mid-Level Distributional Requirement

- BIO SCI 310 General Ecology 4
- GEOG 350 Conservation of Natural Resources 3

Upper-Level Core

Select 18 upper-level approved CES electives with at least 3 credits taken from each of the following areas

- Biological Sciences
- Geosciences
- Geography

Research Requirement

- CES 471 Practicum in Natural Resources Management 4

Total Credits 54

VI. The Major
The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Conservation and Environmental Science

Major Requirements
For those students interested in the Water Track, please see the Bachelor of Science in Conservation and Environmental Science (p. 1163) major.

Coursework for the Major (Conservation and Natural Resources Track)
The Conservation and Natural Resources Track requires a minimum of 54 credits, 29 of which are advanced-level. All students in the Conservation and Natural Resources track must fulfill the required 36 credits (25 lower-level core credits, and 11 advanced-level credits) and an additional 18 advanced-level credits from among the approved Conservation and Natural Resources Track electives.

</tr>
</tbody>
</table>

Other Potential Courses

Because of the interdisciplinary nature of the Conservation and Environmental Science Program, students are encouraged to work with the program coordinator to identify classes that will enable them best to gain the knowledge to achieve their goals. CES students can petition the Program to accept many classes beyond those listed above, if they are appropriate for the major and the individual student's program of study. For example, the following courses may apply:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARCH 390</td>
<td>Special Topics:</td>
<td>1-3</td>

<td>Independent Work.</td>
<td>1-3</td>
</tr>
<tr>
<td>GEO SCI 699</td>
<td>Advanced Independent Reading</td>
<td>1-3</td>
</tr>
</tbody>
</table>

Declaration of Major

Students wishing to declare the major can obtain the necessary information and materials from the Biological Sciences Office (Lapham Hall, Room 181) or the CES Program Coordinator's office (Lapham Hall, Room 393) or from their College of Letters and Science advisor.

In order to be accepted into the CES program, students should be in their sophomore year and have completed:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>CES 210</td>
<td>Introduction to Conservation and Environmental Science</td>
<td>3</td>
</tr>
<tr>
<td>BIO SCI 150</td>
<td>Foundations of Biological Sciences I</td>
<td>4</td>
</tr>
<tr>
<td>GEO SCI 100</td>
<td>Introduction to the Earth</td>
<td>3</td>
</tr>
<tr>
<td>or GEOG 120</td>
<td>Our Physical Environment</td>
<td></td>
</tr>
</tbody>
</table>

In addition to course work in the major, good communication skills are essential; students should take courses in public speaking and technical writing. Computer literacy and knowledge of statistics also are highly desirable. Additionally, introductory courses in economics, ethics, political science, and sociology are recommended. The coordinator or a Letters and Science advisor can provide a current list of recommended courses.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmillwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the College of Letters and Science

Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable
semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Contact Information**
Current Students contact Mai Phillips, phillipm@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

https://uwm.edu/conservation-environmental-science/undergraduate/

**Conservation and Environmental Sciences, BS**
At UWM, students with a passion for nature and the environment can obtain a solid education in the natural sciences that are central to environmental science - biology, geosciences, and chemistry - and the social sciences of geography, economics, and politics which guide the application of conservation and environmental science in the real world.

Students at UWM can focus their conservation and environmental science work around land resources, water resources, biological resources/biodiversity, or environmental analysis. Internships and field work complement classroom learning. These opportunities can be found locally at UWM’s own Field Station (http://uwm.edu/letters-science/programs/?discipline=Field+Station), on Lake Michigan aboard UWM’s R/V Neeskay vessel, and at local agencies, or abroad in places as far flung as Iceland, Africa, Romania and the Caribbean.

An active Conservation Club is another student advantage at UWM. Activities range from on-campus sustainability projects to professional networking and more.

UWM’s CES major builds on students’ passion to solve environmental issues through either a BS or a BA degree. The BS requires more courses in math, biology, chemistry, and science and is suitable for careers in field or laboratory work, while the BA has fewer electives in science for a career in public programming, education, or administration.

Because of the breadth and flexibility of this major, students should consult with the Director and/or Coordinator to plan a course of study, preferably before the start of their sophomore year. It is particularly important to begin the introductory course sequences early, since they are prerequisites for advanced courses.

It is recommended that students obtain at least one semester of practical work or internship experience, either as an employee or as a volunteer, with state or federal resource management agencies, consulting firms, conservation or environmental organizations, or with nature centers or local parks.

**Requirements**

**Course of Study – Bachelor of Science Degree**
Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses and 30 of those 36 credits in designated upper-level Natural Science. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

**College of Letters & Science Requirements**

**I. English Writing Requirement**
Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond English 102 on the English Placement Test (EPT).
I. Introduction

The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, Bachelors of Sciences degree students must satisfy the following two requirements:

1. Complete one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 211</td>
<td>Survey in Calculus and Analytic Geometry</td>

<tr>
<td>MATH 221</td>
<td>Honors Calculus I</td>
<td>5</td>
</tr>
<tr>
<td>MATH 231</td>
<td>Calculus and Analytic Geometry I</td>
<td>4</td>
</tr>
</tbody>
</table>

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 212, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

<tr>
<td>PSYCH 210</td>
<td>Psychological Statistics</td>
<td></td>
</tr>
<tr>
<td>SOCIOL 261</td>
<td>Introduction to Statistical Thinking in Sociology</td>
<td></td>
</tr>
</tbody>
</table>

III. Foreign Language Requirement

Two courses (minimum of 6 credits) in a language (including American Sign Language) other than English at the 100 level or above are required. Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

IV. International Requirement

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

IV. International Requirement

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

Note: This requirement is NOT the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BS, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

VI. The Major

The College requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires
that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement.
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

**Conservation and Environmental Science Major Requirements**

Conservation and Environmental Sciences offers two undergraduate tracks with separate sets of required classes: Conservation and Natural Resources and Water Resources.

The Conservation and Natural Resources Track is the broader of the two tracks, and gives students the widest range of options. Areas of emphasis, or focus areas, within this track include Land Resources, Conservation Biology, GIS Application, Natural Resource Policy, and Environmental Interpretation.

The Water Resources Track provides students with knowledge and skills critical for futures relating to water resources. Within this track, students may choose to focus on Environmental Chemistry and Toxicology, Surface and Groundwater Hydrology, or Aquatic Ecology and Limnology. Completion of this track will prepare students for graduate studies in water resources.

**Coursework for the Major (Conservation and Natural Resources Track)**

The Conservation and Natural Resources Track requires a minimum of 54 credits, 29 of which are advanced-level. All students in the Conservation and Natural Resources track must fulfill the required 36 credits (25 lower-level core credits, and 11 advanced-level credits) and an additional 18 advanced-level credits from among the approved Conservation and Natural Resources Track electives.

Coursework for the Major (Water Resources Track)

The Water Resources Track requires a minimum of 61 credits, 29 of which are advanced-level. All students in the Water Resources Track must fulfill the required 43 credits (32 lower-level core credits, and 11 advanced-level credits) and an additional 18 advanced-level credits from among the approved Water Resources Track electives.

Approved CES Course Electives For Both Tracks Outside of the College of Letters and Science

Note: Although the following courses may count as credits toward the CES major requirements, they do not count to satisfy the advanced L&S credits requirement for the degree. Consult the Coordinator before enrolling in any of these courses.

In addition to course work in the major, good communication skills are essential; students should take courses in public speaking and technical writing. Computer literacy and knowledge of statistics also are highly desirable. Additionally, introductory courses in economics, ethics, political science, and sociology are recommended. The coordinator or a Letters and Science advisor can provide a current list of recommended courses.

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available.

Declaration of Major

Students wishing to declare the major can obtain the necessary information and materials from the Biological Sciences Office (Lapham Hall, Room 181) or the CES Program Coordinator's office (Lapham Hall, Room 393) or from their College of Letters and Science advisor.

In order to be accepted into the CES program, students should be in their sophomore year and have completed:

Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available.
for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmiwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the “Declaration of Major” information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

**Honors in the College of Letters and Science**

**Dean’s Honor List**
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is **not** rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Contact Information**
Current Students contact Mai Phillips, phillipm@uwm.edu
Prospective Students contact a Letters & Science Admissions Counselor at (414) 229-7711 or let-sci@uwm.edu

https://uwm.edu/conservation-environmental-science/undergraduate/
COURSES APPROVED FOR THE L&S INTERNATIONAL REQUIREMENT

Note: All Study Abroad classes count towards the International requirement, and all third- and fourth-semester foreign language courses offered through the College of Letters & Science count towards the international requirement. Where a course topic appears (in parentheses), only that particular topic can be applied to the International requirement.

Coding Key

HU May also satisfy Humanities (HU) General Education Requirement.
NS May also satisfy the Natural Sciences (NS) General Education Requirement.
NS + May also satisfy the Natural Sciences Lab (NS+) General Education Requirement.
SS May also satisfy the Social Sciences (SS) General Education Requirement.
OWCB May also satisfy the Oral and Written Communication Part B (OWCB) General Education Requirement.
QLB May also satisfy the Quantitative Literacy Part B (QLB) General Education Requirement.

CULTURES AND COMMUNITIES, UNDERGRADUATE CERTIFICATE

One of the most exciting things about college is the opportunity to meet and work with people from so many different backgrounds and walks of life. Cultures and Communities operates around the premise that learning to work across differences of cultural background and experience is a process essential to intellectual growth and lifelong learning, and ultimately to building a better world. The Cultures and Communities (CC) undergraduate certificate program promotes such experiences through its unique array of interdisciplinary classes, collaborative projects, and community-based learning.

The Certificate provides students with a thorough understanding of the social construction of cultural identities and their relationship to history, society, politics, and economics. Students explore the multicultural construction of America and examine the community and culture of art, sexuality, gender, race, health, ethics, religion, and technology. The certificate is valuable and applicable in any career that involves working with people - which is almost everything.

As part of the requirements for the certificate, students complete a service learning component where they work in the community, tying their classroom learning to real world experiences. And, because so many of these classes also count as general education requirements, many students find it quite seamless to add the certificate into their education plan.

Eligibility

The Cultures and Communities Certificate is open to all degree-seeking undergraduates at UWM to complement the student’s major. All students are required to complete an exit survey before the certificate is awarded.

Requirements

Students must complete at least 3 credits in each of the areas below, including one course with a service learning component. All students are required to complete an exit survey before the certificate is awarded.

The following list of courses approved for the CC certificate indicates which requirement of the certificate is fulfilled by each course and how each course counts toward the University General Education Requirements. L&S students who wish to have their CC courses count toward their Letters and Science breadth requirements must select L&S courses. A single course may satisfy only one area. For the most up-to-date list, contact the Cultures and Communities Program office.

### Contact Information

Current Students contact the Program’s advisor, cc-info@uwm.edu

Prospective Students contact a Letters & Science Admissions Counselor at
(414) 229-7711 or let-sci@uwm.edu
http://uwm.edu/cultures-communities/students/
DIGITAL ARTS AND CULTURE

The Digital Arts and Culture (DAC) area is interdisciplinary, combining courses in the areas of arts, humanities, social sciences, and information studies. The undergraduate program offers two learning tracks, a certificate and an multi-disciplinary major.

Programs

- Committee Interdisciplinary Major, BA: Digital Arts and Culture (p. 1205)
- Digital Arts and Culture, Undergraduate Certificate (p. 1210)

Digital Arts and Culture Courses

DAC 199 Independent Study
1-3 cr. Undergraduate.
Independent work supervised by Digital Arts and Culture faculty or staff member. Written course proposal required prior to reg. For additional information, consult prog coord.
Prerequisites: 2.5 gpa; writ cons instr, prog coord, & asst dean for SAS.
Course Rules: Retakable w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

DAC 289 Internship in Digital Arts and Culture, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of Digital Arts and Culture in business, organizational, educational, political, or other appropriate setting.
Prerequisites: 2.5 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Current Offerings: http://uwm.edu/schedule

DAC 296 UROP Apprenticeship, Lower Division
1-3 cr. Undergraduate.
Undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Current Offerings: http://uwm.edu/schedule

DAC 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

DAC 489 Internship in Digital Arts and Culture, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of Digital Arts and Culture in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 2.5 gpa; cons supervising faculty member.
Course Rules: One cr earned for academic work based on 40 hours in internship. Retakable to 6 cr max.
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

DAC 496 UROP Apprenticeship, Upper Division
1-3 cr. Undergraduate.
Advanced-level undergraduate research participation in a project developed with a supervising member of the faculty or staff.
Prerequisites: jr st; acceptance to UROP; prior or conc reg in UROP seminar.
Course Rules: One credit for 45 hrs research. Retakable to 9 cr max in any combination of UROP apprenticeship courses.
Current Offerings: http://uwm.edu/schedule

DAC 497 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: Retakable w/chg in topic.
Current Offerings: http://uwm.edu/schedule

DAC 661 Digital Engagement Seminar
3 cr. Undergraduate/Graduate.
Production of a digital portfolio demonstrating achievement of DAC program learning goals.
Prerequisites: declared DAC major; completion of 12 cr approved DAC courses.
Current Offerings: http://uwm.edu/schedule

DAC 699 Advanced Independent Study
1-3 cr. Undergraduate.
Independent work supervised by Digital Arts and Culture faculty or staff member. Writ course proposal req’d prior to reg. For add’l info, consult prog coord.
Prerequisites: jr st; 2.50 gpa; writ cons instr, prog coord, & asst dean for SAS.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

Committee Interdisciplinary Major,
BA: Digital Arts and Culture

The Committee Interdisciplinary Major with a focus on Digital Arts and Culture (DAC) is an interdisciplinary degree program, combining courses in the areas of arts, humanities, social sciences, and information studies. The major aims to empower learning communities by leading students to a variety of opportunities: to develop skills and understanding of new knowledge production and research methods; to operate with confidence as media practitioners and global communicators with a diverse range of media literacies; and to collaborate and contribute as creative problem solvers using digital media in a networked culture.

Students who complete the Digital Arts & Culture major will be able to:

- Analyze digital and electronic media systems, explaining what these platforms do and how they do it.
- Engage with complex digital issues: online, offline, via ubiquitous computing hardware and software.
- Organize information, both architecturally and visually, structuring software, websites, advertisements, social media, and more.
- Demonstrate hands-on, collaborative, and cross-disciplinary, media production with artists and designers.
Coursework is drawn from three schools/colleges at UWM: Peck School of the Arts, College of Letters and Science, and School of Information Studies, with an overarching interest in the study and practice of Arts, Information, and Media.

Five categories of courses define the themes of the major:

- **Core Culture**, introducing students to essential cultural and historical dimensions of Digital Art and network practices.
- **Media Systems**, providing an overview of media industries.
- **Digital Composition**, building on the foundations of the 100-level core culture courses, encompassing courses that set out competencies in composing with concepts and tools of digital media for students to achieve.
- **Understanding Digital Culture**, engaging at the upper levels to analyze more complex systems and issues.
- **Practicing the Digital Arts**, also engaging at the upper levels, as a means of gaining practical experience organizing and collaborating in media production processes.

**Requirements**

**Course of Study – Bachelor of Arts Degree**

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

**University General Education Requirements (GER)**

**Select 3 credits**

**Humanities**

Select 6 credits

**Social Sciences**

Select 6 credits

**Natural Sciences**

Select 6 credits (at least two courses including one lab)

**UWM Foreign Language Requirement**

Complete Foreign Language Requirement through:

- Two years (high school) of a single foreign language
- Two semesters (college) of a single foreign language
- Or equivalent

**UWM Cultural Diversity Requirement**

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement

**College of Letters & Science Requirements**

**I. English Writing Requirement**

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

**Note:** This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

**II. Mathematics and Formal Reasoning**

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 102</td>
<td>Mathematical Literacy for College Students II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 103</td>
<td>Contemporary Applications of Mathematics</td>
<td>3</td>
</tr>
<tr>
<td>MATH 105</td>
<td>Introduction to College Algebra</td>
<td>3</td>
</tr>
<tr>
<td>MATH 108</td>
<td>Algebraic Literacy II</td>
<td>3</td>
</tr>
<tr>
<td>MATH 175</td>
<td>Mathematical Explorations for Elementary Teachers I</td>
<td>3</td>
</tr>
</tbody>
</table>

   **Note:** This requirement is the same as the University General Education Requirement for Quantitative Literacy Part A, listed above.

2. Complete one course (at least 3 credits) at the 200 level or above chosen from courses in Mathematics, PHILOS 211, or Letters and Science statistics courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>3 or more credits in any 200-level or above Math course</td>
<td></td>
</tr>
<tr>
<td>AFRICOL 220</td>
<td>Introduction to Statistics in Africology</td>
<td></td>
</tr>
<tr>
<td>ANTHRO 568</td>
<td>Introduction to Anthropological Statistics</td>
<td></td>
</tr>
</tbody>
</table>
### II. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD+/+) designation, L&S students must complete the Breadth requirement.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BIBL 201</td>
<td>Introduction to Cultural Diversity</td>
<td>3</td>
</tr>
</tbody>
</table>

**Note:** This requirement is **NOT** the same as the University General Education Requirement for Quantitative Literacy Part B. To complete the BA, students must take one of the L&S approved courses. The courses listed here will satisfy the QL-B requirement.

### III. Foreign Language Requirement

Placement testing may be used to satisfy all or part of this requirement. Language courses (including American Sign Language) other than English taken in high school may be used to satisfy all or part of this requirement. One year of high school language equates to one semester of college work.

Completion of the L&S Language Requirement also satisfies the university-wide Foreign Language GER, but not vice versa.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

**Note:** Students should check their course selections carefully with the list of approved L&S Breadth Courses (p. 1178). Students are advised to select at least 6 credits worth of courses in each of the Humanities, Social Science, and Natural Sciences areas that can satisfy both the campus-wide General Education Requirements and the L&S Breadth requirement.

### IV. International Requirement

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete in one of the following ways: 1</td>
<td></td>
<td>9</td>
</tr>
</tbody>
</table>

- Complete 3 courses (min. 9 cr) in a single foreign language (not including literature-in-translation or American Sign Language) at the 3rd semester level and above
- Complete 3 non-language courses (min. 9 credits) with an international content chosen from at least 2 curricular areas
- Complete 9 credits in combination of the two options above

### V. Breadth Requirement

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD+/+) designation, L&S students must complete the Breadth requirement.

- Select 3 credits
- Complete 12 credits of L&S Courses with Humanities Breadth designation; no more than 6 credits from a single subject area. *
- Complete 12 credits of L&S Courses with Social Science Breadth designation; no more than 6 credits from a single curricular area. *
- Complete 12 credits of L&S Courses with Natural Sciences Breadth designation, including at least one laboratory or field course; no more than 6 credits from a single curricular area. *
- Complete 3 credits in a course with Cultural Diversity (CD) designation. **

** Students are advised to select a course that satisfies the Cultural Diversity requirement as well as a Humanities or Social Science breadth/GER requirement.

### VI. The Major

The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

### Research Requirement

Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

### Digital Arts and Culture Degree Requirements

You are strongly advised to consult both the DAC advisor and your L&S advisor to ensure you stay on track towards a degree. A total of 36 credits is required for the major, of which at least 15 upper-level L&S credits must be completed in residence at UWM. No more than 21 credits from a single curricular area may count toward the submajor. Students must earn a 2.500 GPA on all UWM credits that count toward the submajor. In addition, the College requires that students earn a minimum 2.500 GPA on all submajor credits including transfer work.

### Letters & Science Advising

The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless if their major is in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uw.mx/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uw.mx/campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uw.mx.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.
All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the College of Letters and Science

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Digital Arts and Culture, Undergraduate Certificate

The Digital Arts and Culture (DAC) undergraduate certificate is an interdisciplinary degree program, combining courses in the areas of arts, humanities, social sciences, and information studies.

The program aims to empower learning communities by leading students to a variety of opportunities: to develop skills and understanding of new knowledge production and research methods; to operate with confidence as media practitioners and global communicators with a diverse range of media literacies; and to collaborate and contribute as creative problem solvers using digital media in a networked culture.

Students in the Digital Arts & Culture program will be able to:

• Engage with complex digital issues: online, offline, via ubiquitous computing hardware and software.
• Organize information, both architecturally and visually, structuring software, websites, advertisements, social media, and more.
• Demonstrate hands-on, collaborative, and cross-disciplinary, media production with artists and designers.

Coursework is drawn from three schools/colleges at UWM: Peck School of the Arts, College of Letters and Science, and School of Information Studies, with an overarching interest in the study and practice of Arts, Information, and Media.

Five categories of courses define the themes of the program:

• Core Culture, introducing students to essential cultural and historical dimensions of Digital Art and network practices.
• Media Systems, providing an overview of media industries.
• Digital Composition, building on the foundations of the 100-level core culture courses, encompassing courses that set out competencies in composing with concepts and tools of digital media for students to achieve.
• Understanding Digital Culture, engaging at the upper levels to analyze more complex systems and issues.
• Practicing the Digital Arts, also engaging at the upper levels, as a means of gaining practical experience organizing and collaborating in media production processes.

Eligibility

The certificate program is open to all students seeking a bachelor’s degree from UWM, to students who previously received a bachelor’s degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject. To be admitted to the university as non-degree students, individuals must meet regular university admission requirements. Students who complete the certificate as part of their undergraduate work are awarded the certificate at the time of graduation. Students already possessing a bachelor’s degree and non-degree students receive the certificate upon completion of the program requirements.

Requirements

To obtain the certificate, students must complete a minimum of 24 credits with a GPA of 2.50 or above; at least 9 of these credits must be at the 300 level or above. At least 12 credits must be in courses from the College of Letters and Science, and at least 6 of the L&S credits must be at the 300 level or above. No more than 15 credits from a single curricular area may apply toward satisfaction of the certificate requirements. The following requirements must be met. All courses are 3 credits unless otherwise noted.

ECONOMICS

Economics is the study of choice. In a world with scarce resources (such as raw materials, labor, time), economists study how people choose to use those resources to make people as well-off as possible. The economics curriculum stresses both theory and application of important economic issues in society, such as unemployment, inflation, exchange rates, labor markets, economic development, environmental policies, and international trade and finance.

The Department of Economics in the College of Letters and Science offers a wide variety of courses in economic theory, policy, and statistics.

Related Programs
A related special major is international studies (p. 1490); a related degree program is the BA in Global Studies (p. 1438).

Programs
- Economics, BA (p. 1220)
- Economics, MA (p. 1224)
- Economics, Minor (p. 1225)
- Economics, PhD (p. 1225)

Economics Courses

ECON 100 Introductory Economics
3 cr. Undergraduate.
A one semester survey of current national and international economic problems. Useful as preparation for Econ 103 and 104. Not required of economics majors.
Prerequisites: none.
Course Rules: Not open for cr to students who have cr in Econ 103 & 104.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 103 Principles of Microeconomics
3 cr. Undergraduate.
Economic reasoning; price determination, specialization, and efficiency. Applications include international trade, antitrust, environmental protection, highway congestion.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ECON 104 Principles of Macroeconomics
3 cr. Undergraduate.
Composition of national income, interrelationship of sectors; determination of national income and productivity; relationship between national income, inflation, money, interest rates; U.S. global economies interaction.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ECON 110 Economics of Personal Finance
1 cr. Undergraduate.
Economics of personal financial management; development of successful financial skills; activity-based course with assignments emphasizing students’ individual situations.
Prerequisites: none.
Course Rules: No cr for students who have cr in Econ 258 w/same topic.
Current Offerings: http://uwm.edu/schedule

ECON 193 First-Year Seminar
3 cr. Undergraduate.
The specific topics are announced in the Schedule of Classes each time the class is offered.
Prerequisites: none.
Course Rules: Open only to freshmen. Students may earn cr in just one L&S First-Year Sem (course numbers 192, 193, 194).
General Education Requirements: SS
Last Taught: Fall 2017, Fall 2016, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

ECON 199 Independent Study
1-3 cr. Undergraduate.
For further information, consult dept chair.
Prerequisites: 2.5 gpa; writ cons instr, dept chair & asst dean for SAS.
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 210 Economic Statistics
3 cr. Undergraduate.
Basic probability and statistics; numerical and graphical methods of describing data, elementary probability, random variables and probability distributions, hypothesis testing, simple linear regression.
Prerequisites: Math 105(P), or Math 108(P), or Math Placement Level 30 or higher.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 231 Analysis of American Industries
3 cr. Undergraduate.
Performance of key U.S. industries (e.g. education, beer, cars, medicinal drugs, radio, television, sports, steel, food, music recording); their responses to changing national/international economic conditions.
Prerequisites: soph st; Econ 103(P).
Current Offerings: http://uwm.edu/schedule

ECON 248 Economics of Discrimination
3 cr. Undergraduate.
Use of economic theory to examine the history, current status, and policies regarding various minority groups in the United States. Applications include education, housing, jobs.
Prerequisites: none.
General Education Requirements: SS, CD
Last Taught: Fall 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule
ECON 258 Selected Topics in Economics:
1-3 cr. Undergraduate.
Focus on special topics not normally discussed in detail in other existing courses.
Prerequisites: soph st; cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 289 Internship in Economics, Lower Division
1-6 cr. Undergraduate.
Application of basic principles of economics in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: 100-level course in Econ; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr granted for academic work based on 40 hrs in the internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course work level, content and credits are determined and/or in specially prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2017, Summer 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ECON 299 Ad Hoc:
1-6 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: none; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ECON 301 Intermediate Microeconomics
3 cr. Undergraduate.
Contemporary theory of consumption, production, pricing, resource allocation, and distribution.
Prerequisites: Econ 103(P).
Current Offerings: http://uwm.edu/schedule

ECON 302 Intermediate Macroeconomics
3 cr. Undergraduate.
Analysis of savings, production, investment and other aggregates in the national and international economy as related to the determination of national income, inflation, and unemployment.
Prerequisites: Econ 104(P).
Current Offerings: http://uwm.edu/schedule

ECON 310 Research Methods for Economics
3 cr. Undergraduate/Graduate.
Statistical research methods, especially cross-section and time-series regression, applied to evaluation of empirical literature and a directed research project.
Prerequisites: jr st; Econ 210(P) or cons instr.
Course Rules: Not open for cr to students who have cr in Econ 513(531).
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

ECON 325 Money and Banking
3 cr. Undergraduate.
Stocks, bonds, derivatives, foreign exchange. Analysis of commercial banks, investment banks, brokerages, etc. Domestic and international monetary theory and policy. Risk insurances, regulations, deregulation.
Prerequisites: Econ 104(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 328 Environmental Economics
3 cr. Undergraduate.
Evaluating public policy of environmental and natural resources. Regulation of pollution, endangered species, natural resources, and other case studies.
Prerequisites: Econ 103(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 333 Economics and Law
3 cr. Undergraduate.
Prerequisites: Econ 103(P).
Last Taught: Spring 2012.
Current Offerings: http://uwm.edu/schedule

ECON 335 Economics of Antitrust Laws
3 cr. Undergraduate.
Examination of laws intended to increase competition; their evolution through landmark cases involving price fixing, mergers toward monopoly, and unfair competition including IBM, AT&T, Microsoft.
Prerequisites: Econ 103(P).
Current Offerings: http://uwm.edu/schedule

ECON 351 Introduction to International Economic Relations
3 cr. Undergraduate.
International economics and finance, determinants and structure of international trade, commercial policy, foreign exchange markets, and balance of payments.
Prerequisites: Econ 100(P); or both 103(P) & 104(P).
Course Rules: Not open for cr to students who have cr in both Econ 454 & 455.
Current Offerings: http://uwm.edu/schedule
ECON 353 Economic Development
3 cr. Undergraduate.
Examination of determinants of growth, modernization, poverty, and inequality in developing countries of Africa, Asia, and Latin America. Analysis of development strategies.
Prerequisites: Econ 103(P) & 104(P).
Current Offerings: http://uwm.edu/schedule

ECON 381 Honors Seminar
3 cr. Undergraduate.
Examination of current economic issues such as energy, environment, poverty, and human resource development.
Prerequisites: soph st; Honors 200(P); cons Honors College dir.
Course Rules: May be retaken w/chg in topic to 9 cr max.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

ECON 404 Economic Applications of Game Theory
3 cr. Undergraduate.
Strategic interaction among decision makers. Studies multi-party decision problems of a firm, a government, or a country.
Prerequisites: jr st; Econ 301(R) or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 411 Economic Forecasting Methods
3 cr. Undergraduate/Graduate.
Prerequisites: jr st; Econ 210(P); Econ 310(P) or cons instr.
Last Taught: Spring 2018, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 413 Statistics for Economists
3 cr. Undergraduate/Graduate.
Elements of probability; joint marginal and conditional distributions; measures of central tendency and dispersion, calculus of expectations; central limit theorem. Estimation and testing of economic relations.
Prerequisites: jr st; Econ 210(P); Math 211(P) or cons instr, or Math 231(P). Math 232(R) & 233(R).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 415 Economics of Employment and Labor Relations
3 cr. Undergraduate/Graduate.
Analysis of wage setting, labor markets, human capital and collective bargaining. Study of labor standards, regulation and the role of unions and government.
Prerequisites: jr st; Econ 103(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 426 Public Economics
3 cr. Undergraduate/Graduate.
Economic analysis of government and policy, including taxation and expenditures, policy responses to market failures, redistributional programs, and related topics.
Prerequisites: jr st; Econ 104(P) & 301(P).
Current Offerings: http://uwm.edu/schedule

ECON 432 Industrial Organization
3 cr. Undergraduate/Graduate.
Economic analysis of asymmetric information, barriers to competitive entry, licensing, pricing practices/transactions costs; application to markets for insurance, computers, health care, used cars, food.
Prerequisites: jr st; Econ 301(P).
Last Taught: Spring 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

ECON 447 Labor Economics
3 cr. Undergraduate/Graduate.
The economics of unions, minimum wage, poverty and welfare programs; influence of international trade on domestic labor markets. Study of labor supply and labor demand.
Prerequisites: jr st; Econ 301(P).
Current Offerings: http://uwm.edu/schedule

ECON 448 Economics of Human Resources
3 cr. Undergraduate/Graduate.
The economics of education, training, discrimination, and workplace incentives. Study of hiring, promotion, and job search.
Prerequisites: jr st; Econ 103(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 450 Health Economics
3 cr. Undergraduate/Graduate.
Efficiency of medical care, health insurance and access to care, alternative models of health care delivery, health behaviors and public policy.
Prerequisites: jr st; Econ 103(P).
Current Offerings: http://uwm.edu/schedule

ECON 454 International Trade
3 cr. Undergraduate/Graduate.
Prerequisites: jr st; Econ 301(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 455 International Finance
3 cr. Undergraduate/Graduate.
International monetary system; spot and foreign exchange markets; balance of payments; international adjustment mechanisms; international finance policy; history and institution.
Prerequisites: jr st; Econ 302(P).
Last Taught: Spring 2018, Spring 2017, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ECON 458 Selected Topics in Economics:
3 cr. Undergraduate/Graduate.
Variable content course designed to focus on special topics not normally discussed in detail in other existing courses.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 489 Internship in Economics, Upper Division
1-6 cr. Undergraduate.
Application of advanced principles of economics in a business, organizational, educational, political, or other appropriate setting.
Prerequisites: jr st; 300-level or above course in Econ; 2.25 gpa; cons supervising faculty member.
Course Rules: One cr granted for academic work based on 40 hrs in the Internship. May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course work level, content, and credits are determined and/or in specially prepared program course work.
Prerequisites: jr st; acceptance in Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ECON 499 Ad Hoc:
1-3 cr. Undergraduate.
Course created expressly for offering in a specified enrollment period. Requires only dept & assoc dean approval. In exceptional circumstances, can be offered in one add'l sem.
Prerequisites: jr st; add'l prereqs may be assigned to specific topic.
Course Rules: May be retaken w/chg in topic.
Last Taught: Fall 2002, Fall 1993.
Current Offerings: http://uwm.edu/schedule

ECON 506 Mathematical Economics I
3 cr. Undergraduate/Graduate.
Mathematical techniques used in economic analysis, including calculus and matrix algebra. Applications include optimizing behavior of firms and consumers.
Prerequisites: jr st, Econ 301(P); Math 211(P) & cons instr, or Math 231(P). Math 232(R) & 233(R).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 513 Introduction to Econometrics
3 cr. Undergraduate/Graduate.
Multiple regression, generalized least squares, specification analysis, multicollinearity, multiple equations including simultaneous equations.
Prerequisites: jr st, Econ 413(P).
Current Offerings: http://uwm.edu/schedule

ECON 525 The Economics of Water
3 cr. Undergraduate/Graduate.
Comprehensive development of water resource economics for engineers, scientists, and economists; analysis of the public and private sector economics of water resources.
Prerequisites: jr st; Econ 103(P), Math 231(P); a statistics course; or cons instr.
Current Offerings: http://uwm.edu/schedule

ECON 560 Mathematical Economics II
3 cr. Undergraduate/Graduate.
Difference and differential equations applied to economic variables such as human capital, consumption, learning, energy use, and pollution. Essential preparation for graduate work.
Prerequisites: jr st; Econ 506(P).
Current Offerings: http://uwm.edu/schedule

ECON 697 Organizational Administration Capstone
3 cr. Undergraduate.
Internship, case analysis, or independent study that syntheses course work in graded paper.
Prerequisites: sr st; declared org adm major; satisfaction of GER English Composition competency req; cons instr.
Course Rules: Commun 697, Econ 697, & Sociol 697 are jointly offered; they count as repeats of one another.
Current Offerings: http://uwm.edu/schedule

ECON 699 Independent Work
1-3 cr. Undergraduate.
Prerequisites: jr st, 2.5 gpa & writ cons instr, dept chair & asst dean for SAS.
Course Rules: May be retaken w/topic chg.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 701 Economic Theory: Microeconomics
4 cr. Graduate.
Conventional theory of the behavior of firms, consumers, and markets; partial and general equilibria.
Prerequisites: grad st; Econ 301(P), Econ 506(R).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 702 Economic Theory: Macroeconomics
4 cr. Graduate.
Aggregative economic analysis, problems of aggregation and significant aggregates; national income, flow-of-funds, and input-output.
Prerequisites: grad st; Econ 302(P), Econ 506(R).
Current Offerings: http://uwm.edu/schedule

ECON 703 Econometrics
4 cr. Graduate.
Regression theory, generalized least squares, heteroscedasticity, autocorrelation, multi-colinearity, distributed lags, and discrete variable models, system of equations.
Prerequisites: grad st
Course Rules: No cr for students who have grad cr in Econ 513.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ECON 706 Mathematical Economics
3 cr. Graduate.
Mathematical analysis of modern economic problems; dynamic input-output system, stability analysis, general equilibrium analysis, optimizing theory including linear and non-linear programming, activity analysis and turnpike theory, and mathematical growth models.
Prerequisites: grad st; Econ 506(P) & 606(P).
Last Taught: Fall 2007, Fall 2005, Fall 2004, Fall 2003.
Current Offerings: http://uwm.edu/schedule

ECON 707 Industrial Organization I
3 cr. Graduate.
Exploration of the relationship between industrial structure and market performance. Topics covered include r&d, advertising and government regulations. Prereq: grad st; Econ 301(P), 302(P) & 506(P), or cons instr.
Prerequisites: grad st; Econ 301(P) or cons instr; Econ 413(431)(R).
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ECON 708 Industrial Organization II
3 cr. Graduate.
Evaluation of the economic impact of the anti-trust laws. Topics covered include horizontal restraint, vertical restraint, patent, and mergers.
Prerequisites: grad st; Econ 301(P), 302(P), & 413(P).
Current Offerings: http://uwm.edu/schedule

ECON 709 Industrial Organization II
3 cr. Graduate.
Trends in U.S. urbanization and suburbanization. Studies of urban household and firm behavior. General equilibrium analytical and simulation models of urban structure.
Prerequisites: grad st; Econ 301(P).
Last Taught: Fall 2007, Fall 2005, Fall 2004, Fall 2003.
Current Offerings: http://uwm.edu/schedule

ECON 710 Applied Econometrics
3 cr. Graduate.
Specification, estimation and testing of economic theory. Application of distributed lags, autoregressive models, system of equations, discrete choice models and cointegration principles.
Prerequisites: grad st; Econ703(P).
Current Offerings: http://uwm.edu/schedule

ECON 711 Urban Economic Theory
3 cr. Graduate.
Trends in U.S. urbanization and suburbanization. Studies of urban household and firm behavior. General equilibrium analytical and simulation models of urban structure.
Prerequisites: grad st; Econ 301(P).
Current Offerings: http://uwm.edu/schedule

ECON 712 Regional Economic Theory
3 cr. Graduate.
Location theory and land-use patterns, regional social accounts and input-output models, shift-share analysis, regional econometric model, and growth policies.
Prerequisites: grad st; Econ 301(P) or cons instr; Econ 413(431)(R).
Current Offerings: http://uwm.edu/schedule

ECON 713 Money, Income, and Prices
3 cr. Graduate.
Analysis of the demand for money by monetary theorists. Integration of theories into general equilibrium macro-models.
Prerequisites: grad st; Econ 302(P). Econ 702(R).
Last Taught: Fall 2016, Fall 2014, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ECON 714 Foundations of Econometric Methods
3 cr. Graduate.
Prerequisites: grad st; Econ 413(431)(P) & 506(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ECON 715 Econometric Methods I
3 cr. Graduate.
Review of statistical inference, asymptotic distribution theory, multivariate regression model and its extension, and use of prior information; estimation and testing of econometric models.
Prerequisites: grad st; Econ 734(635)(P) or cons instr.
Last Taught: Fall 2016, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

ECON 716 Econometric Methods II
3 cr. Graduate.
Analysis of state and local government expenditures and revenues; demand for urban services, costs of supplying them, and methods of financing them.
Prerequisites: grad st; Econ 301(P).
Current Offerings: http://uwm.edu/schedule

ECON 717 Labor Economics I
3 cr. Graduate.
Human capital investments: determinants of earnings (education, experience, incentives, discrimination, unions, compensating differentials); public sector labor markets; issues of retirement and aging.
Prerequisites: grad st; Econ 701(C).
Last Taught: Fall 2017, Fall 2015, Fall 2014, Spring 2013.
Current Offerings: http://uwm.edu/schedule

ECON 718 Labor Economics II
3 cr. Graduate.
Income distribution and inequality; migration and immigration; fertility, family structure, human capital and labor supply, unemployment and job search; selection bias; specialization and work organization.
Prerequisites: grad st; Econ 701(C).
Current Offerings: http://uwm.edu/schedule

ECON 719 Labor Economics III
3 cr. Graduate.
Economic and behavioral theories of collective bargaining, bargaining structure, impasses and truces, union effects, management goals, terms of the agreement and national policy.
Prerequisites: grad st; Ind Rel 701(R).
Course Rules: May not be substituted for Econ 751 or 752 in meeting the concentration req of the Econ MA Non-thesis option or in preparing for Ph D prelims.
Current Offerings: http://uwm.edu/schedule
ECON 755 Comparative Labor Markets and Employment Relations
3 cr. Graduate.
Labor market institutions, practices and performance. The U.S. is compared with western europe, japan and elsewhere.
Prerequisites: grad st; Econ 210(P) & 415(451)(P) or cons instr.
Course Rules: May not substitute for Econ 751 or 752.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ECON 774 Economic Development - Theory
3 cr. Graduate.
Theories relating to production, distribution, and capital formation in less-developed nations.
Prerequisites: grad st; Econ 301(P) & 302(P).
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ECON 775 Economic Development - Policy
3 cr. Graduate.
Planning, case studies, and empirical analysis of less-developed nations.
Prerequisites: grad st; Econ 301(P) & 302(P).
Current Offerings: http://uwm.edu/schedule

ECON 790 Research Seminar for M.A. Students
3 cr. Graduate.
Basic research methods and guidance in developing a research proposal and writing a formal research paper.
Prerequisites: grad st
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ECON 801 Advanced Microeconomic Theory I
3 cr. Graduate.
Decision-making under risk and over time, general equilibrium and welfare, market failure, and applications, including demand systems, household production, interpersonal economics, and hedonic pricing.
Prerequisites: grad st; Econ 701(P) & 506(P). Econ 606(R).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 802 Advanced Macroeconomic Theory I
3 cr. Graduate.
Money, credit, and governmental operations in aggregative analysis; critical study of some aggregative and analytical systems.
Prerequisites: grad st; Econ 702(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ECON 803 Advanced Microeconomic Theory II
3 cr. Graduate.
Theory of the firm, imperfect competition, game theory, asymmetric information, transaction costs and applications including matching/search, factor markets, contract theory, mechanism design and specialization.
Prerequisites: grad st; Econ 506 (P) & 701(P); Econ 606 (R).
Current Offerings: http://uwm.edu/schedule

ECON 804 Advanced Macroeconomic Theory II
3 cr. Graduate.
New growth theories, new Keynesian theories, role of information in macro models, and financial markets and macro economy.
Prerequisites: grad st; Econ 802(P).
Current Offerings: http://uwm.edu/schedule

ECON 806 Mathematical Economics
3 cr. Graduate.
Applications of dynamic optimization technique to modern economic problems; optimal economic growth, optimal pricing, optimal stabilization policies, etc.
Prerequisites: Econ 706(P).
Current Offerings: http://uwm.edu/schedule

ECON 811 Monetary Theory and Policy
3 cr. Graduate.
Study of money, credit, and liquidity as related to income, employment, and prices. Study of goals and effectiveness of monetary and banking policy.
Prerequisites: grad st; Econ 701(P). Econ 702(C) or cons instr.
Current Offerings: http://uwm.edu/schedule

ECON 831 Econometric Methods II
3 cr. Graduate.
Identification problem, econometric model building, and simultaneous equation techniques such as two- and three-stage least squares and full- and limited-information maximum likelihood methods.
Prerequisites: grad st; Econ 735(P).
Current Offerings: http://uwm.edu/schedule

ECON 871 The Pure Theory of International Trade
3 cr. Graduate.
Examines for both static and growing economies the impact of trade upon relative prices of goods and factors of production.
Prerequisites: grad st; Econ 701(P).
Current Offerings: http://uwm.edu/schedule

ECON 872 Money in the International Economy
3 cr. Graduate.
Examines the theory and measurement of the balance of payments, appropriate policies for internal and external balance, the problems of making international payments and the issue of exchange rate flexibility.
Prerequisites: Econ 702(P) & 455(576)(P).

ECON 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule
ECON 905 Seminar: Banking and Monetary Theory:
3 cr. Graduate.
Consideration of the relationship between monetary policy and short-run fluctuations and long-run economic trends.
Prerequisites: grad st; Econ 831(P) or cons instr.
Course Rules: May be retaken with change in topic to 6 cr max.
Last Taught: Fall 2017, Fall 2013, Spring 2013, Spring 2012.
Current Offerings: http://uwm.edu/schedule

ECON 915 Seminar: Econometric Methods:
3 cr. Graduate.
Selected advanced topics in econometric methods and their application to current economic problems.
Prerequisites: grad st; Econ 835(P).
Course Rules: Retakable w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 931 Seminar: Regulated Industries:
3 cr. Graduate.
Research in the field of public utilities and other regulated industries, with emphasis on changing the emerging transportation problems.
Prerequisites: grad st; Econ 701(P).
Course Rules: Retakable w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 947 Seminar: Public Finance:
3 cr. Graduate.
Advanced study of public finance problems and literature. Research.
Prerequisites: grad st; Econ 701(P) & 702(P).
Course Rules: Retakable w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 974 Seminar: Economic Development and Growth:
3 cr. Graduate.
Analysis of advanced topics relating to the process of economic development and theory of growth.
Prerequisites: grad st; Econ 774(P) & 775(P).
Course Rules: Retakable w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 990 Graduate Thesis
1-3 cr. Graduate.
Reserved for research in connection with doctoral thesis.
Prerequisites: grad st; cons major prof.
Course Rules: Retakable as necessary to fulfill thesis requirements.
Current Offerings: http://uwm.edu/schedule

ECON 991 Workshop in Economic Research:
2-3 cr. Graduate.
Individual research and group discussion of selected problems in economic theory and its applications.
Prerequisites: grad st & cons instr.
Course Rules: Retakable with change in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

ECON 999 Independent Work
1-3 cr. Graduate.
Prerequisites: grad st; cons instr.
Course Rules: Retakable w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

Economics, BA

Economics is the study of choice and decision-making in the face of scarce resources, both at the individual and group levels. Economists examine tradeoffs between different actions and behaviors; analyze different scenarios such as a change in prices, cultural values, or law; and seek to explain and predict human behavior.

Students often ask what the difference is between Economics and Finance. The areas are interrelated and inform and influence each other. Professionally, there is also crossover, with economists working in financial markets and financial experts working on economic policy. In broad terms, economics focuses on concepts related to overall markets, government policy, and decision-making influences. Finance tends to focus on individual businesses and individual people, including the study of assets and liabilities, and financial statements and reporting.

At UWM, students of economics have access to faculty members who are internationally recognized experts in their field. Focus areas for students to choose from include economic theory, quantitative methods including econometrics, public policy, law and the economy, labor economics, and international economic relations.

Many are surprised to learn about the diverse career paths a major in Economics can lead to. Individuals with strong analytical ability and skill working with data and statistics are in high demand in financial management, accounting, human resources, data management, law, marketing, insurance, and more.

Requirements

Course of Study – Bachelor of Arts Degree

Complete 120 credits including 90 credits in the College of Letters & Science and with 36 of the 90 credits in L&S upper-level (numbered above 300) courses. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major. Students are also required to complete University-wide General Education Requirements and the specific L&S requirements listed below.

To complete a major, students must satisfy all the requirements of the major as stated in this catalog. Students who declare their majors within five years of entering the UW System as a degree candidate may satisfy the requirements outlined in any catalog issued since the time they entered. Credits used to satisfy the major also may be used to satisfy other degree requirements.

University General Education Requirements (GER)

<table>
<thead>

UWM Foreign Language Requirement

Complete Foreign Language Requirement through:

<table>
<thead>
<tr>
<th>Two years (high school) of a single foreign language</th>
</tr>
</thead>
<tbody>
<tr>
<td>Two semesters (college) of a single foreign language</td>
</tr>
<tr>
<td>Or equivalent</td>
</tr>
</tbody>
</table>

UWM Cultural Diversity Requirement

One course from the Arts, Humanities, or Social Sciences must also satisfy UWM’s Cultural Diversity requirement

College of Letters & Science Requirements

I. English Writing Requirement

Students must satisfy the English Writing Requirement by completing ENGLISH 102 with a grade of C or higher or by placing beyond ENGLISH 102 on the English Placement Test (EPT).

Note: This requirement is the same as the University General Education Requirement for Oral and Written Communication Part A. The College of Letters & Science does not have a specific requirement for a writing course beyond English 102, but students must complete the university-wide requirement for Oral and Written Communication Part B listed above.

II. Mathematics and Formal Reasoning

To satisfy the Mathematics and Formal Reasoning Requirement, students must satisfy the following two requirements:

1. Achieve a Math Placement Level of at least 30 or earn at least 3 credits with a grade of C or higher in one of the following courses or an equivalent course:
Successful completion of the 3rd semester of college work or equivalent in one language other than English (including American Sign Language) PLUS the 2nd semester of college work or equivalent in another language other than English (including American Sign Language).

**IV. International Requirement**

See Approved Courses for the L&S International Requirement (p. 1169) for course options.

**V. Breadth Requirement**

Along with completing the University General Education Requirements of 3 credits in the Arts (A); 6 credits in the Humanities (HU), Social Sciences (SS), and Natural Sciences (NS/NS+); and a course with the Cultural Diversity (CD/+) designation, L&S students must complete the Breadth requirement.

**VI. The Major**

The College of Letters and Science requires that students attain at least a 2.5 GPA in all credits in the major attempted at UWM. In addition, students must attain a 2.5 GPA on all major credits attempted, including any transfer work. Individual departments or programs may require higher GPAs for graduation. Some departmental majors require courses...
from other departments. Contact your major department for information on whether those credits will count as part of the major GPA. The College requires that students must complete in residence at UWM at least 15 credits in upper-division (numbered 300 or above) courses in their major.

Research Requirement
Within their majors, students must complete a research experience approved by the L&S faculty. A list of courses satisfying the research requirement in each major can be found here (p. 1174).

Economics Major Requirements
To major in economics, students must earn grades of at least C in ECON 103 and ECON 104, attain at least a 2.500 GPA on all credits in the major attempted at UWM, and attain at least a 2.500 GPA on all major credits attempted when any transfer work is included along with the UWM work. The major in economics requires a minimum of 30 credits plus a research requirement including the following:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>

<tr>
<td>Electives 1</td>
<td>Select at least one course at the 400 level or above (excluding ECON 415)</td>
<td>3</td>
</tr>
<tr>
<td>Electives 1</td>
<td>Select 12 additional credits in ECON</td>
<td>12</td>
</tr>
</tbody>
</table>

Research Requirement
Select 3 credits (see below)
Total Credits 33

1 At least 15 credits must be in upper-division (300 level and above) economics courses taken in residence at UWM
2 BUS ADM 210 or MTHSTAT 215 may be substituted for ECON 210 and will count in the major GPA.

Research Requirement
All majors in economics must complete an independent research experience by selecting, from the list below, a 400- or 500-level course in which they will write and present a research paper. The contents of the paper and the presentation of the results will be arranged with the faculty member teaching the course.

<table>
<thead>

Letters & Science Advising
The College of Letters and Science provides general academic advising for all students with a major in the College, particularly as it relates to campus’ general education requirements and the College’s degree requirements. We also provide specialized advising for pre-professional students (pre-med, pre-dental, pre-pharmacy, etc.) regardless of their major in Letters and Science or not. Prospective students, including high school students and students seeking to transfer to a program in Letters and Science may also receive advising from our admissions counselors.

Upon admission, students are assigned an advisor in the College advising office. Academic advising is available Monday through Friday from 8:30 a.m. to 4:30 p.m. by appointment. Appointments outside of these times may be available and phone appointments are available for online students. The advising office (https://uwm.edu/letters-science/advising/contact-advising) is located on the first floor of Holton Hall. Current students should call (414) 229-4654 to schedule an appointment or use the Student Success Collaborative website (https://uwmilwaukee.campus.eab.com) to make an appointment with your assigned advisor; online scheduling is only available if you already have a Letters & Science advisor assigned to you. Prospective students should call (414) 229-7711 or email let-sci@uwm.edu.

When students declare a major, they will receive an additional faculty advisor located within the major department who will assist with requirements for that major. Students should read the "Declaration of Major" information on the website of the major that they are interested in. In some cases, the student will need to choose a faculty advisor as part of the declaration process.

All students are cautioned to consult their Letters & Science academic advisor AND their major advisor prior to each registration period to ensure they understand all requirements. Do not rely on pre-printed sample plans, as they are intended to be samples only and may not be right for your particular situation.

Honors in the Major
Departmental honors are awarded upon graduation to students who achieve a 3.00 GPA on all UWM graded credits attempted, a 3.50 GPA on all credits that count toward the major, and a 3.50 GPA on all credits in advanced-level (numbered 300 and above) courses that count toward the major.

Honors in the College of Letters and Science
Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Contact Information
Current Students contact Associate Professor Rebecca Neumann, rneumann@uwm.edu

Economics, MA

The Department of Economics offers graduate programs of study designed to prepare students for careers in education and for careers in administrative and research positions in government, industry and labor. The programs are built upon a solid core of training in economic theory and in quantitative analysis, with area concentrations in econometrics, economic growth and development, industrial organization, international economics, labor economics and human resources, mathematical economics, monetary theory and policy, and urban and regional economics.

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major in economics and one semester of calculus. Alternatively, adequate preparation at the undergraduate level equivalent to two semesters of coursework in intermediate economic theory, one semester of statistics, and one semester of calculus.
2. Submission of scores on the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) General Test or equivalent quantitative courses is recommended. Test of English as a Foreign Language exam is required for applicants whose native language is not English.
3. Two letters of recommendation from persons familiar with applicant’s scholastic achievement and potential.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The deficiencies are monitored by the Graduate School and the individual graduate program unit. Deficiencies are to be made up through the following:

- in economic theory through ECON 301 and ECON 302;
- in statistics through ECON 210; and
- in calculus through MATH 211.

Major Professor as Advisor
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. In Economics the newly admitted master’s student is advised by the Graduate Study advisor.

Credits and Courses

Option A: Thesis Option
Minimum degree requirement is 30 graduate credits.

Additional Requirements
Select one of the following:

1. One area of concentration
   - ECON 506 Mathematical Economics I
   - ECON 606 Mathematical Economics II

Select 6 additional credits of graduate work
Total Credits 30

The student must select one area of concentration offered by the Department and must take at least two semesters in this concentration in courses numbered 700 or above (except ECON 990, ECON 991 and ECON 999).

Latin American Concentration
A concentration on Latin America is available. A student with previous interest and commitment in Latin American studies, who is able to demonstrate—through examination—good reading ability and fair conversational ability in Spanish or Portuguese, is permitted to select this concentration under Option A. Requirements for this concentration are:

</tr>
<tr>
<td>Select 9 additional credits of graduate work</td>
<td>9</td>
<td></td>
</tr>
</tbody>
</table>

Total Credits 27

Thesis
An acceptable thesis must be written on the student’s area of concentration.

Comprehensive Examination
The student must pass a final oral examination in defense of the thesis.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Option B: Non-Thesis Option

1. The student must select one area of concentration offered by the Department and must take at least two semesters in this concentration in courses numbered 700 or above (except ECON 990, ECON 991 and ECON 999).
Economics, Minor

Economics is the study of choice and decision-making in the face of scarce resources, both at the individual and group levels. Economists examine tradeoffs between different actions and behaviors; analyze different scenarios such as a change in prices, cultural values, or law; and seek to explain and predict human behavior.

Students often ask what the difference is between Economics and Finance. The areas are interrelated and inform and influence each other. Professionally, there is also crossover, with economists working in financial markets and financial experts working on economic policy. In broad terms, economics focuses on concepts related to overall markets, government policy, and decision-making influences. Finance tends to focus on individual businesses and individual people, including the study of assets and liabilities, and financial statements and reporting.

At UWM, students of economics have access to faculty members who are internationally recognized experts in their field. Focus areas for students to choose from include economic theory, quantitative methods including econometrics, public policy, law and the economy, labor economics, and international economic relations.

Requirements

The College of Letters & Science requires that students attain at least a 2.500 GPA on all credits in the minor attempted at UWM, and at least a 2.500 GPA on all minor credits attempted when any transfer work is included along with the UWM work. The minor in economics requires a minimum of 18 credits:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 104</td>
<td>Principles of Macroeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 210</td>
<td>Economic Statistics ¹</td>
<td>3</td>
</tr>
</tbody>
</table>

¹ BUS ADM 210 or MTHSTAT 215 may be substituted for ECON 210 and will count in the minor GPA.
