ADMISSION AND COSTS

• Undergraduate Admission (p. 12)
• Graduate Admission (p. 17)
• International Admission (p. 18)
• Tuition and Fees (p. 19)
• Aid and Scholarships (p. 20)
ENGINEERING AND APPLIED SCIENCE

Admission to the College of Engineering and Applied Science is selective. The primary review factors are the strength and quality of the high school curriculum, high school class rank if available, grade point average, and ACT or SAT results. Well-prepared applicants will have four years of high school mathematics at the level of algebra and above and four years of natural science including biology, chemistry, and physics. Relevant non-academic factors are also considered. See the CEAS section of this Catalog for additional specific information.

NURSING

High school science units must include at least one year of high school chemistry. Admission to the pre-nursing program is selective. The application priority date is March 1 for fall applicants. Apply as early as possible; applications will be accepted only until program capacity has been reached.

Peck School of the Arts

- Dance: An audition is required for entry into both the Dance BFA and BA. Audition dates are scheduled during the fall, spring, and summer terms. More information is available through the Dance department (http://uwm.edu/arts/dance).
- Art & Design: The Department of Art & Design requires all incoming students to submit a portfolio for review. The portfolio is required in order to be considered for the Art & Design Incoming Student Scholarship. Portfolio deadlines are October 15 (for spring admission) and March 1 (for summer or for fall admission with consideration for scholarships). More information through Art & Design (http://uwm.edu/arts/art-and-design).
- Music: Students wishing to enter the UWM Music Department must interview and/or audition for admittance to any of the Music degree programs. You must arrange for an instrument or voice audition in person, online, Skype, or alternate submission. More information here (http://uwm.edu/arts/apply).

Application Process

It is strongly recommended that you apply online (https://apply.wisconsin.edu). Most applicants find it faster and more convenient, and applications are received and processed much more quickly. To apply for admission as a new freshman, see the Freshman (p. 13) section of this page.

For the latest admissions information, visit the UWM’s Undergraduate Admissions (http://uwm.edu/undergrad-admission) page or call the Office of Undergraduate Admissions at (414) 229-2222.

Four-Year Graduation Guarantee

Many students choose to attend classes part time, but for others, attending full time in order to obtain their degree as quickly as possible is the top priority. If that is your goal, UWM’s Four-Year Graduation Guarantee may be for you.

To qualify, students must enter UWM as new freshmen during the fall term and must have appropriate academic preparation and placement test scores. They then sign a contract agreeing to satisfy other specified academic progress requirements while following the prescribed program of study. UWM, in turn, guarantees that students who fulfill these requirements will be able to complete their undergraduate degree within four years of initial enrollment at UWM. This program is available within all of UWM’s baccalaureate programs, although specific requirements
may vary. Your academic advisor can provide more information about this option, or contact the academic advising office of the school or college to which you will be seeking admission.

Advising and Orientation for New Students

All new students are assigned an academic advisor upon admission to UWM. New freshmen are required to participate in an advising, registration, and orientation program prior to their first semester of enrollment. These programs are held during the summer for students entering in the fall semester and during January for students entering in the spring semester. A family and guest orientation program is held concurrently with the student program.

In order to be invited to an orientation, new freshmen must take their Placement Tests, complete their University Housing contract or exemption form, pay their University Housing down payment (if applicable), and pay the $150 New Student Confirmation Deposit. More detailed information about this process will be mailed to you upon admission to the University. For more information, see our Admitted Students page (http://uwm.edu/admitted). Advising and enrollment programs for transfer and non-traditional students also are conducted each year. Participation is strongly encouraged. Information is linked through our Student Orientation page (http://uwm.edu/studentorientation/new-transfers-fall).

Summer Sessions Enrollment

Students admitted as degree candidates at UWM for the summer term may attend summer sessions and continue in the fall semester, provided they continue to satisfy established academic standards. Admission requirements are the same as for other semesters. Students enrolled for the spring semester automatically receive registration information for summer sessions.

New freshmen or transfer students admitted for the fall semester also may request a change of term to the preceding Summer Session in order to begin their studies earlier at UWM. For more information about a term change, call the Office of Undergraduate Admissions at (414) 229-2222. Or submit a term change form (http://uwm.edu/undergrad-admission/forms-resources/term-change-request).

Students enrolled at another college or university during the academic year who wish to attend UWM during the summer term only may qualify for admission as Summer Guest students. See the Non-degree (p. 15) section of this page for specific information.

Find more information about summer sessions enrollment here (https://uwm.edu/undergrad-admission/student-type/summer-session).

Admission to Pre-professional Programs

Students pursuing pre-professional programs in the School of Architecture and Urban Planning, Peck School of the Arts, Sheldon B. Lubar School of Business, School of Education, College of Engineering and Applied Science, College of Health Sciences, College of Nursing, and Helen Bader School of Social Welfare are admitted directly into those schools and colleges and are advised there. However, admission to a pre-professional program does not guarantee subsequent admission to the professional program or major.

Admission to the professional program/major occurs only after a student has completed the specific pre-professional requirements outlined in the school and college sections of this catalog. Admission to the pre-professional program does not imply or guarantee that a student will be able to enter or complete a professional program/major within any specific time period and, in fact, admission to some professional programs/majors is very competitive. Enrollment in required courses is subject to limitation.

Requirements for employment, licensing, or professional organizations: Students should be aware that some professions and occupations are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records prior to acceptance by the placement site. Students are responsible for obtaining the information necessary to become knowledgeable about special requirements such as these and should plan their studies accordingly.

For the latest admissions information, visit our website (http://uwm.edu/admission).

Freshman Admission Policy Statement

UWM will consider applicants who present evidence of appropriate preparation and potential for intellectual development. Both academic and non-academic factors will be assessed in an individualized, comprehensive applicant review. Academic factors considered include high school graduation or the equivalent, completion of an appropriate college preparatory curriculum, and evidence of academic ability and readiness based on the applicant’s high school record and performance on standardized tests. Relevant non-academic factors include characteristics or experiences that will contribute to UWM’s diversity, support the University’s educational mission, and provide additional evidence of the applicant’s academic potential.

Freshman Admission Standards

Freshman applicants will typically demonstrate an appropriate level of preparation and potential by providing evidence of the following:

1. High school graduation or its equivalent
Graduation from a recognized high school or its equivalent (e.g., high school equivalency certificate or a diploma based on the GED or Wisconsin High School Equivalency Examination) is required. All freshman applicants must submit an official high school transcript with their application. Those who have completed the General Educational Development or Wisconsin High School Equivalency Examination are required to submit official test results, in addition to ACT or SAT test results, and an official transcript of any high school work they have completed. Applicants who are home-schooled, who have completed an alternative high school curriculum, or whose secondary school credentials are otherwise non-traditional, will be given full consideration for admission but may be required to present additional evidence demonstrating academic preparation.

2. Completion of an appropriate college preparatory curriculum
Satisfactory completion of at least 17 credits (1 credit = 1 year) of high school courses, distributed as shown in the following chart, is the minimum expectation. Additional coursework beyond this minimum level is strongly encouraged and will increase the applicant’s likelihood of academic success at the university. Some academic programs have additional academic preparation requirements.
3. **Evidence of academic ability and readiness as demonstrated by academic performance in high school**
   All relevant academic factors are considered, including grades and grade point average; high school class rank (if available); choice of curriculum; and strength of the academic program relative to the course offerings available to the student in the high school.

4. **Evidence of academic ability and readiness as demonstrated by performance on standardized test**
   All freshman applicants except those who are age 21 or older the semester they wish to enter UWM must submit official ACT or SAT scores. Students over the age of 21 may submit standardized test scores if they so desire. In some cases, applicants may be asked to undergo additional testing or supply additional materials before an admission decision is made.

5. **Additional factors considered**
   Additional factors will be considered as part of the application review process. These might include, but are not limited to: evidence of leadership, creativity, special talents or abilities; membership in an underrepresented racial or ethnic group; veteran status; involvement in community service; educational or economic disadvantage; evidence of motivation and maturity; or other relevant factors that provide evidence of the applicant's readiness for university-level study. If we need to obtain additional information from you, we will communicate this to you after the initial review of your application. Applicants lacking some of the specific academic qualifications listed in sections 1-4 above may be offered admission if, on the basis of other factors, they appear to have a reasonable probability of success.

For the latest admissions information, visit our website (http://uwm.edu/admission).

**Transfer Student Admission and Acceptance of Transfer Credit**

**Transfer Admission Guidelines**
Transfer admission is a holistic and selective process, and no single criterion guarantees admission. The following factors are taken into consideration when reviewing applications:

- Demonstrated satisfactory academic progress
- Successful completion of college-level math and English courses
- Total credit hours completed
- Academic standing at previous institution

If you have fewer than 12 transferable credits, we will also review your high school academic records.

**Additional Specific Requirements**
Transfer admission to the College of Engineering and Applied Science, the School of Architecture and Urban Planning, and the College of Nursing is selective. Many programs in the Peck School of the Arts have audition or portfolio requirements. In addition, admission to many other individual programs/majors is competitive and subject to capacity limitations, with higher standards or additional criteria considered. For more details, check the admission requirements listed for the particular academic program in which you are interested.

International students have additional application requirements; see that section for details.

**Application Process**
Apply electronically via the University of Wisconsin System electronic application website (https://apply.wisconsin.edu). If you apply electronically, you will need to submit the necessary supporting documents separately. Electronic transcripts sent from schools and third party vendors should be sent to undergraduateadmissions@uwm.edu. Transfer applicants must submit, at minimum:

- a completed application form;
- official high school transcript(s);
- official transcript(s) from any post-secondary institution(s) attended; and
- the application fee (if required).

You will be notified of any additional materials needed to complete your application. Complete instructions and information about applicable deadlines are available on the website.

If you are unable to apply online, a PDF may be downloaded from https://apply.wisconsin.edu to print and mail in.

The Registrar's Office will review your prior college coursework and post your transfer credit equivalencies to your PAWS account. This process can take 1-2 weeks following admission to the university, so it is important that you apply early in order to have this information in time for academic advising and registration prior to your desired term of enrollment (see dates and deadlines below).

**Recommended Filing Dates for Transfer Students**
Filing and completing your application for admission (including all transcripts and the application fee) as early as possible is recommended so that transfer students are able to receive an appointment to register for classes at approximately the same time as continuing students.

In general, a decision on a complete application is made by the Office of Undergraduate Admissions within 2-4 weeks, and transfer credit evaluations are completed within four weeks of the date of admission. Recommended dates by which a completed application should be on file are as follows: February 15 (summer and fall terms) and September 15 (spring term).

**Application Deadlines for Transfer Students**

**Fall term:** UWM begins accepting undergraduate applications on September 15 for the following fall term, with a priority deadline of March 1. After the priority deadline, the Office of Undergraduate Admissions will continue to review applications on a case-by-case basis until enrollment capacity has been reached.

**Spring term:** Applications for the spring term (classes start in January) are typically accepted until December 15. However, some programs have earlier deadlines and/or requirements. Check our website (http://uwm.edu/undergrad-admission) for up-to-date information.

Earlier deadlines apply for certain programs and applications received after enrollment capacity has been reached may not be reviewed. The application priority date for Nursing and Architecture and Urban Planning is March 1 (for the subsequent fall term) or November 1 (for the spring term). For Art & Design or Music, apply by March 1 for scholarship consideration. Check our website (http://uwm.edu/undergrad-admission) for up-to-date information and for applicable deadlines for other terms.
Transfer Credit Acceptance
Credit is generally awarded for relevant and appropriate college-level coursework successfully completed at institutions accredited by a regional accrediting association. Credit also may be awarded for college-level work successfully completed at degree-granting institutions accredited by other national accrediting organizations that are recognized by the Council for Higher Education Accreditation (CHEA), assuming the provisions outlined below also are met. (Foreign institutions must be recognized by the Ministry of Education, or equivalent, of the home country.)

In order for credit to be awarded, courses must typically be similar in nature, level, and content to a course in UWM's undergraduate curriculum, and be applicable to one of UWM's academic programs at the baccalaureate level. Credit generally is not awarded for continuing education coursework or for courses that are remedial, vocational, technical, or doctrinal in nature.

Additional transfer credit may be awarded to students who enter specific programs for which UWM has established articulation agreements or other program-specific transfer credit agreements, with a partner institution.

Seventy-two (72) credits is the maximum total number of credits that may be awarded for coursework earned at one or any combination of two-year (associate degree level) institution(s).

In addition to credit for courses completed at other schools, students can also receive transfer credit for previous education or training or by testing on their current knowledge. See Transfer Information (http://uwm.edu/registrar/students/transfer-information) for more information.

Credit Transfer from the Wisconsin Technical College System (WTCS)
Students enrolled in the Wisconsin Technical College System who wish to continue their education at UWM may transfer credits toward their bachelor's degree in the following ways:

- Students enrolled in a WTCS liberal arts program (at present, these are offered at Chippewa Valley Technical College, Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, and Western Technical College) may be eligible to transfer up to 72 credits toward the baccalaureate degree.
- Students enrolled at other WTCS programs or campuses may be eligible to transfer some appropriate general education coursework toward the baccalaureate degree.
- There also are many program-specific transfer credit agreements governing acceptance of credit from some WTCS programs. For details, see Transferring Course Credits (http://uwm.edu/onestop/degree-planning/transfer-credits/transferring-course-credits).
- The UWM Office of Undergraduate Admissions maintains an office at the MATC-Milwaukee downtown campus in order to assist students with transfer-related questions. For more specific information, get in touch (http://uwm.edu/contact) for easy access to an online information request form, as well as phone, email, live chat, or social media contact information.

For more information about these or other transfer opportunities, students should consult with their Wisconsin Technical College advisor, the UWM Office of Undergraduate Admissions, or the UWM Registrar's Office.

Another helpful resource is the online Transfer Information System (http://tis.uwssa.edu) (TIS), which shows students how courses can transfer from one public Wisconsin institution to another.

For the latest admissions information, visit our website (http://uwm.edu/admission).

Re-entering and Re-admitted Students
Students who have not been enrolled at UWM for more than two semesters must file a re-entry application to return to the University. Official transcripts of all college work taken during the absence from UW-Milwaukee must be submitted. This application is available on our Forms & Resources (http://uwm.edu/undergrad-admission/forms-resources) page.

UWM begins accepting undergraduate applications on September 15 for the following fall term, with a priority deadline of March 1. After the priority deadline, the Office of Undergraduate Admissions will continue to review applications on a case-by-case basis until enrollment capacity has been reached. Applications for the spring term (classes start in January) are typically accepted until December 15. However, some programs have earlier deadlines and/or requirements. Check our website (http://uwm.edu/undergrad-admission) for up-to-date information.

In addition to filing a re-entry application to the University, a student who has been dropped from the University because of poor academic performance must be approved for re-admission by the dean of the school or college from which the student was dropped. Students should schedule an appointment with their academic advisor to begin the school or college approval process.

For more information about re-entry procedures or to request an application form, contact the Office of Undergraduate Admissions at (414) 229-2222.

For the latest admissions information, visit our website (http://uwm.edu/admission).

Who should apply as Undergraduate Non-degree Student?

- Guest students from another institution who want to take classes over summer or winter break and then transfer them back to their current institution
- Students who are taking prerequisites to get into a graduate program or professional school (ex: medical school, law school, etc.)
- Students who already have a bachelor's degree and want to complete an undergraduate certificate program at UWM. Please also contact the department — a certificate program application may be required in addition to the non-degree university application
- Students who want to take some courses at UWM for personal or professional enrichment but do not want an undergraduate degree from UWM. You can either audit the courses (lower cost − no credit, no grades) or you can take courses for credit (transcribed and can be used towards a degree)

60+ Auditors or Disabled Auditors: Request a packet to be mailed to you by calling 414-229-4672.

Who should not apply as an Undergraduate Non-degree

- If you are wanting to receive an undergraduate degree from UWM you should apply as a degree-seeking student. Please review
the transfer or new freshmen application process here (https://apply.wisconsin.edu).

- If you are considering graduate school, please meet with the graduate school to talk about required prerequisites prior to applying as an undergraduate non-degree student

**Non-degree Admission Guidelines**

If you have already attended or are currently attending another college or university, then you must be in good financial standing at that institution (not have any past due accounts) to qualify for admission at UWM.

You must have graduated from a recognized high school at least one year prior to the desired semester of enrollment, or be admissible based upon acceptable GED test scores. Exceptions can be made if you are attending another university and can provide a copy of your admissions letter.

In most cases, we will not need your transcripts for admission. No transferable coursework or other credits earned (e.g. via AP or CLEP exam) will be posted to your UWM non-degree student record. Therefore, if you would like to take a course at UWM that requires a prerequisite you have earned elsewhere, you may need to get permission from the department to add the course.

**Non-degree Financial Aid**

Non-degree students do not automatically qualify for federal student aid. To qualify for aid at UWM, students need to be enrolled at least half time in an eligible certificate/certification program or be enrolled half time to complete prerequisites for a UWM graduate program. You will complete the Non-degree Enrollment Verification Form and have an advisor in your degree program sign it (not your non-degree advisor.) You can find this form here (http://uwm.edu/onestop/finances/receiving-financial-aid/non-degree-students).

For the latest admissions information, visit our website (http://uwm.edu/admission).

**Information for Out-of-State Students**

Residency

Residency, for tuition purposes, is governed by Wisconsin statute. It is the mutual responsibility of the University and the student to make certain that he or she is correctly classified as a resident or nonresident for tuition purposes. If an error is discovered, the student will be notified that he or she must pay the non-resident portion of the tuition immediately. Students who question their status should contact the Office of Undergraduate Admissions in Mellencamp Hall, Room 212, (414) 229-4672. A student who wishes to appeal the nonresident classification should request a non-residency appeal form prior to the tuition due date for the semester. For more information regarding residency, visit our Out of State admissions (https://uwm.edu/undergrad-admission/student-type/out-of-state) page.

**Minnesota/Wisconsin Reciprocity Agreement**

Minnesota residents may be eligible to participate under the Minnesota/Wisconsin Reciprocity Agreement. Students certified under this program pay tuition at a special rate that is less than non-resident tuition. A certification year runs from July 1 through June 30, although degree students are normally certified once during the full duration of their academic career if they remain continuously enrolled.

Persons not certified by the date on which fees are due will be required to pay non-resident tuition and fees. The appropriate amount will then be refunded upon certification by the State of Minnesota Office of Higher Education Reciprocity Program. For more information, contact the State of Minnesota Office of Higher Education (http://www.ohd.state.mn.us/mPg.cfm?pageID=97), 1450 Energy Park Dr., Suite 350, St. Paul, MN 55108, (651) 642-0567, or (800) 657-3866.

**Midwest Student Exchange Program**

UWM participates in the Midwest Student Exchange Program (http://msep.mhec.org) (MSEP), a collaborative program that enables qualified students to attend a participating college or university in another MSEP state at a substantial discount from the usual tuition rate. Students attending UWM as part of the MSEP will pay 150% of the Wisconsin resident rate.

**Milwaukee Advantage Program (MAP)**

Illinois students are eligible to receive an additional $1,000 award each year through the Milwaukee Advantage Program (MAP). The MAP award is renewable.

- MAP will be offered at both fall/spring terms. Spring term admits will be eligible for $500.
- Must be enrolled full time in order to be eligible. Falling below full-time status will result in cancellation of award.

**Special Admission Programs for Students Still Enrolled in High School**

The High School Special Program and the Early College Credit Program are designed to allow qualified high school students to enroll in university courses concurrently with high school classes. Applicants must generally rank in the upper 10% of their high school class and have a 3.5 GPA. For further information, contact your high school guidance counselor or the UWM Office of Undergraduate Admissions at (414) 229-2222. You also may review the information on our Dual Enrollment (https://uwm.edu/dualenrollment) website.

**Placement Testing**

All incoming freshmen admitted to UW-Milwaukee are required to complete placement testing in math and English. Depending on your course of study, you also may be required to take an exam in chemistry and/or a foreign language. These tests help determine appropriate placement in your college courses and must be completed before you can enroll for classes. Transfer students and re-entry students may be required to take placement tests also, depending on previous coursework and intended degree plan. Check with your advisor to determine if you need to complete placement tests.

More information on course placement (http://uwm.edu/onestop/enrolling/eligibility-to-enroll/#placement) can be found on our One Stop Enrollment and Financial Services (http://uwm.edu/onestop/enrolling/eligibility-to-enroll/#placement) site.

GRADUATE ADMISSION

Master’s and Doctoral
You must meet Graduate School and specific program requirements for admission. Please navigate to the Graduate School website (http://uwm.edu/graduateschool/admission) to see the Master’s and Doctoral graduate school admission requirements. Refer to the program for its specific admission requirements.

Please be aware of recommended and required deadlines (http://uwm.edu/graduateschool/program-deadlines). We recommend applying at least one year in advance of the term you wish to start.

Graduate Certificate
A certificate program is a sequence of courses that provides specialized knowledge and skills for personal enrichment, professional advancement, or career change. Certificate programs may provide:

- A basic introduction to an established field of study.
- An interdisciplinary approach linking several fields.
- A concentrated focus on a sub-field.

You must meet Graduate School and specific certificate program requirements for admission. Please go to the Graduate School website (http://uwm.edu/graduateschool/certificate-admission) to see the graduate school admission requirements. Refer to the certificate program for its specific admission requirements.

Please be aware of recommended and required deadlines (http://uwm.edu/graduateschool/program-deadlines). We recommend applying at least one year in advance of the term you wish to start.

Non-Degree
This admission category (also referred to as Graduate Special) allows you to take courses for graduate credit without pursuing a degree. Acceptance as an NDC does not guarantee admission to a graduate degree program.

Some programs have a minimum undergraduate grade point average for NDC admission. In addition, there are limits to the number of NDC credits that can be considered for transfer to a degree program (see Master’s Requirements (http://uwm.edu/graduateschool/masters-requirements/#credit_transfers) for transferring credits to a master’s program and Doctoral Requirements (http://uwm.edu/graduateschool/doctoral-requirements/#transfer_credit) for transferring credits to a doctoral program)

NDC students are usually not eligible for financial aid. Check with the Financial Aid Office regarding your particular situation. International applicants need to contact the Center for International Education (http://www4.uwm.edu/cie) for additional NDC requirements.

You must meet Graduate School and specific program requirements for admission. Please go to the Graduate School website (http://uwm.edu/graduateschool/non-degree-admission) to see the graduate school admission requirements. Please contact the specific program for their Non-Degree admission requirements.

Off-Campus
The Off Campus application is for graduate students not pursuing a degree or certificate program and are interested in participating in face-to-face or hybrid classes being offered somewhere other than the UWM main campus. Certain professional development courses or special programs may also be offered through the Off Campus application.

A bachelor’s degree is required for admission.

You must apply for Off-Campus admission using the Panthera Graduate School Application (https://graduateschool-apply.uwm.edu). Look for the Off Campus Application link at the bottom of the left menu on the application home page.

Re-entering Admission
If you plan to return to your graduate program after an absence of two or more semesters (excluding summer and UWinterM sessions), you must apply to re-enter the Graduate School.

Please refer to the Graduate School website (http://uwm.edu/graduateschool/re-entering-graduate-school) to determine if you meet the Re-Entry admission requirements prior to submitting an application.
INTERNATIONAL ADMISSION

International Student Admission

UWM’s Center for International Education processes applications for students with significant education from outside the U.S., and any student who requires a student visa to study at UWM. Application requirements are located on the Center for International Education website (http://uwm.edu/cie/international-admissions/application-requirements).

Contact Information

Center for International Education
Garland Hall, Room 138

Phone: (414) 229-4846
iss@uwm.edu

uwm.edu/cie/international-admissions/ (http://uwm.edu/cie/international-admissions)
TUITION AND FEES

Please visit UWM’s One Stop Enrollment and Financial Services (http://uwm.edu/onestop/finances/estimating-your-costs/tuition) website for the most up-to-date information on the following:

- Tuition/Fee Schedules (http://uwm.edu/onestop/finances/estimating-your-costs/tuition)
- Cost Calculators (http://uwm.edu/onestop/finances/estimating-your-costs/uwm-total-cost-estimator)
- Billing, Payment Plans, and Refunds (http://uwm.edu/onestop/finances/billing-and-payment)
- Bursar’s Office Policies and Procedures (http://uwm.edu/onestop/finances/bursars-office-policies-procedures)

Phone: (414) 229-4541
finaid@uwm.edu

uwm.edu/financialaid/ (http://uwm.edu/financialaid)
AID AND SCHOLARSHIPS

Most students (and their families) need to use a combination of tools to help finance their college education. Information to help you with all your financing questions can be found in the Finances section of the UWM One Stop Enrollment and Financial Services (http://uwm.edu/onestop/finances) website. This includes information on:

- Military Education Benefits (http://uwm.edu/onestop/finances/veterans-services)
- Work Study and Student Employment (http://uwm.edu/onestop/finances/work-study-student-employment)

Other resources at One Stop (http://uwm.edu/onestop) include tools to develop a budget, determine most recent costs, apply for financial aid, and enter an installment plan. You will also find the contact information for both the Financial Aid Department and Bursar’s Office. Please feel free to contact staff for help with any questions you may have. You can also use our Virtual agent, Ask the Panther (http://uwm.intellireponse.com/financialaid), for answers to many of the most common questions we receive.

Contact Information

Department of Financial Aid, Student Employment, and Military Education Benefits
Mellencamp Hall, Room 162

Phone: (414) 229-4541
finaid@uwm.edu

uwm.edu/financialaid/ (http://uwm.edu/financialaid)
This catalog includes academic policies, procedures, programs, courses, and requirements in effect at the time of publication. The University faculty and administration reserve the right to make changes in these regulations; some of these changes may affect students’ programs. Efforts will be made to publicize all changes, but it is the responsibility of students to ascertain the requirements of their programs at all times.

- Undergraduate Policies (p. 27)
- Graduate Policies (p. 22)
GRADUATE POLICIES

Add/Drop Policy
You may add or drop courses after the stated deadline only under extraordinary circumstances not related to academic performance. You must complete a Graduate School Request for Exception Form (http://uwm.edu/graduateschool/wp-content/themes/uwmwebid-graduateschool/media/exception-request.pdf). If you request a drop for medical reasons, you must supply documentation from a physician. Such add/drops require approval of your instructor, your graduate program unit, and the Graduate School.

Courses dropped after the fourth week of classes remain on your record and are noted on transcripts with the W (Withdrawal) symbol.

Refer to the Registrar’s Office Website (https://uwm.edu/registrar) for Add/Drop (Change of Registration) instructions and deadlines. Add/Drop forms are available online (http://uwm.edu/onestop/wp-content/uploads/sites/82/2017/06/registration_change_form.pdf).

Appealing Academic Decisions
See Appeals, Grievances, and Exception Requests (http://uwm.edu/graduateschool/appeals-exceptions).

Audit Courses
You do not receive a grade or earn graduate credit for audited courses. Auditors usually attend a course for the information available, generally without the commitment to carry out the assignments required for a grade. During the first week of classes, check with your instructor for the attendance and coursework standards expected of auditors. Some courses cannot be audited; those marked with a # in the Schedule of Classes are closed to auditors.

Auditing a course has additional consequences for financial aid, maximum credit load and fellowship purposes. Please see specific sections regarding these items.

Change of Degree Program
If you decide to change from one degree program to another, you must submit a new Degree Application to the Graduate School.

Pursuing two programs at one time
Unless you are enrolled in a formally approved coordinated degree program, you may not work toward two UWM graduate degrees at the same time. If you are admitted to a second degree program before receiving a graduate degree in the first program, you are considered to have formally withdrawn from the first program and are no longer eligible for the degree in the first program.

Continuation
Your continuation in the Graduate School is at the discretion of the Graduate School, the student’s graduate program unit and the major professor. The minimum graduation GPA requirement is a cumulative 3.0 (4.0 basis) or better in all work taken toward the degree.

Academic Warning
You will receive an academic warning if your semester grade point average falls below 3.0.

Graduate Dean’s OK Required to Continue
You will receive a “Graduate Dean’s OK Required to Continue” if your cumulative grade point average falls below 3.0.

- If your semester GPA and cumulative GPA are both below 3.0, the Graduate Dean’s OK will take precedence over an Academic Warning. You will be prevented from further registration unless you petition the Graduate School and receive a positive recommendation from your graduate program unit.

Academic Dismissal
The graduate program unit may recommend that you be academically dismissed for poor academic performance, lack of progress toward degree, or failure to meet graduate faculty policy or program requirements. The Graduate School, in consultation with the graduate program, may also initiate a dismissal for these reasons. In all cases, the Dean of the Graduate School makes the final decision regarding academic dismissal.

Recommendation for dismissal may be initiated for, but is not limited to, the following:

- A cumulative graduate grade point average below 3.0.
- Failing the doctoral preliminary examination.
- Failing the dissertation defense.
- Failing to have the doctoral dissertation accepted within the time period specified for deferral status (reverts to failed dissertation defense).
- Failing to successfully defend the doctoral dissertation upon a second attempt within the specified time period.
- Exceeding the time limit for degree completion.
- Accumulating U grades in thesis or dissertation courses.

Courses
Undergraduate/graduate
The courses listed for each graduate program in the Bulletin have been approved for graduate credit. Some 300-699 courses carry a U/G credit designation, meaning they have been approved to be offered for both undergraduate and graduate credit. To receive graduate credit, you must have graduate status and meet the special graduate student requirements indicated by the instructor on the syllabus. However, in any given semester a U/G course might be offered for undergraduate credit only. Consult the credit-level column in the Schedule of Classes to determine whether a U/G course is currently being offered for graduate credit. You will not receive graduate credit for any course that is not offered for graduate credit or for any U/G course for which you did not register as a graduate student.

Graduate
All 700-999 courses carry a G credit designation, meaning they have been approved to be offered for graduate credit only. You must have current graduate status to be eligible to earn graduate credit in these courses. Students in other classifications must obtain the instructor’s approval to enroll in G courses. In a graduate student’s program the majority of courses are expected to be in the 700-999 group.

Credit/No Credit Basis
You may not register for a course on a credit/no credit basis, except when a course is offered only for credit/no credit. (By definition, a grade of C- or above is required to receive credit under this type of registration.)
You can check your grades and other academic information on the PAWS Website (http://paws.uwm.edu).

Credit Requirements
Credit requirement information can be found in the following sections of this handbook: The Master’s Degree; Doctor of Philosophy Degree; and Financial Assistance, for requirements for recipients of Graduate School-administered awards or assistantships.

Dean
Your dean is Marija Gajdardziska-Josifovska. Her official title is Dean of the Graduate School.

Exceptions to Graduate School Policy
Exceptions to Graduate School academic policies and procedures may be granted (except in the case of credit overload) if the student and his or her graduate program representative are able to show that circumstances beyond the student’s control—illness, family emergency, etc.—prevented the student from complying with the policies. (Ignorance of the rules is not an acceptable reason to request an exception.)

Requests for exceptions must be submitted on a Graduate School Request for Exception Form (http://uwm.edu/graduateschool/wp-content/themes/uwmwebid-graduateschool/media/exception-request.pdf) prior to the semester in which the rule or requirement applies, if at all possible.

Listed below are common types of exception requests, and the required elements and supporting signature for each type.

Credit Overload
The maximum credit load for graduate students is 12 credits. Audited courses, Sport and Recreation courses, and zero-credit colloquium/seminar courses are excluded from the total credit count.

Requests to carry an overload will be considered if the student has a strong academic record and no outstanding incompletes. The request must be supported by the student’s advisor, who must verify that the student’s cumulative grade point average falls below 3.0 and the student’s cumulative grade point average falls below 3.0.

Dean’s OK Required to Continue
A graduate student will receive a Graduate Dean’s OK Required to Continue action if any of the following conditions exist:

- The student’s cumulative grade point average falls below 3.0
- The student is not removed from probation status within three enrolled semesters
- The student does not satisfy course deficiencies within three enrolled semesters.

This action precludes registration for a subsequent semester.

To receive permission to register following this action, students must demonstrate academic improvement and must show that factors that led to the placement of the Graduate Dean’s OK have been negated. The request must include a program of study for the following semester and must be supported by the graduate program representative and the student’s advisor.

Extension of Time Limit
The master’s degree must be completed in five years for programs requiring 30 or fewer credits. For master’s programs requiring more than 30 credits, the time limit is seven years. This includes capstone requirements such as a successful thesis defense or passing a comprehensive exam.

The doctoral degree must be completed within ten years of initial enrollment in a doctoral program at UWM. This includes successful completion of all coursework, internships, examinations, the dissertation and the dissertation defense.

For students entering doctoral program in the fall of 2000 and later, doctoral preliminary examinations must be passed within five years of initial enrollment.

Requests for extending time limits must include all of the following:

1. An explanation for the delay
2. An explanation of how the factors that caused the delay have been resolved, or what steps are being taken to prevent further delays
3. A schedule for completion of the degree, including anticipated semester of graduation. Master’s students writing a thesis and all doctoral students requesting time limit extensions should address the following as appropriate:
   - Is literature review complete?
   - Is data collection complete?
   - Is data analysis complete?
   - Number of chapters written
   - Number of chapters read by Major Professor
   - Tentative defense date
4. A supporting statement from the Major Professor verifying progress-to-date

The request also must be supported by the graduate program representative.

Late Add/Registration
Student should state whether he or she has been attending class(es). Instructors should verify attendance or confirm that the student may successfully join the class at this time. A completed Change of Registration form, signed by the course instructor(s), should accompany the Graduate School Request for Exception Form (http://uwm.edu/graduateschool/wp-content/themes/uwmwebid-graduateschool/media/exception-request.pdf). If the exception is approved, the student is responsible for all late fees in addition to the tuition payment.

Late Drop/Withdrawal (Past the Deadline)
This type of request will be considered only for reasons unrelated to academic performance. A completed Change of Registration form, signed by the course instructor (for drops), or a completed withdrawal form should accompany the Request for Exception form. In either case, the course instructor(s) should verify successful completion of course requirements to date. The request also must be supported by the graduate program representative.

Re-entry After Five-Year Absence
Students who want to re-enter a graduate degree program following a 5 year (or greater) absence must be able to demonstrate retention of knowledge from previous coursework taken for the degree. Additionally, instructors must verify that the course content has not changed significantly since the student completed the coursework. Students should list remaining course and degree requirements (e.g., thesis) to be completed for the degree and a timetable for completion. The request must be supported by the student’s advisor, who must verify that the timetable is reasonable, and the graduate program representative.
Other Policy Exceptions
For guidance on required elements to support other types of exceptions, contact the Assistant Dean of Graduate Education at 414-229-6569.

Full-Time Enrollment
Graduate students enrolled for a minimum of 8 credits per semester or 6 credits during a summer session are considered full time, with the exceptions described below. (Fellowship recipients see Fellowship Compliance.)

UWM teaching and project assistants who are employed for one-third (33%) time or more must enroll for a minimum of 6 credits per semester. They are considered full-time with this minimum enrollment. The Graduate School and/or graduate program unit reserves the option to require a higher credit minimum for those who hold Graduate School awards (see Financial Assistance).

During the semester that you are preparing for doctoral prelims, you may enroll for a minimum of 1 graduate credit and still be considered full time for financial aid or grant purposes. This status is available for one semester only, and does not fulfill residence requirements (http://uwm.edu/graduateschool/doctoral-requirements/#residence). To request this option, you must have already submitted your Application for the Doctoral Preliminary Examination.

Doctoral students (including teaching, research, and project assistants) who have reached dissertator status are required to carry 3 dissertator credits.

Grade Definitions
- A: Superior work
- B: Satisfactory, but undistinguished work
- C: Work below the standard expected of graduate students
- D/P: Unsatisfactory work

Grades without associated grade points
- K: Pass
- E: Fail
- S: Satisfactory
- U: Unsatisfactory

Other course status designations
- I: Incomplete
- PI: Permanent Incomplete
- Credit: C- or above in credit/no credit course
- No Credit: Below C- in a credit/no credit course
- NC: Not Completed (audit courses only)
- P: Progress
- W: Withdrawal

Grades or course status outcomes of D+, D-, F+, F, E, I, PI, NC, U, W, and WR may not be used toward meeting degree requirements. The P course status designation must be converted to a grade upon the completion of the course requirements.

S and U grades
S and U are the only valid grades for master's capstone courses, master's theses, doctoral dissertation courses, and courses for which students register on an audit basis.

Holds (Service Indicators)
A hold may be placed on your record for the following reasons:
- An unpaid debt to the University.
- Failure to maintain continuous registration (http://uwm.edu/graduateschool/doctoral-requirements/#continuous)
dissertator_enrollment) (dissertators only).
- Failure to show proof of insurance (international students only).
- Official transcript required for admission not received.
- Administrative obligation.

A hold on your record prohibits you from registering for classes, obtaining transcripts, or receiving your diploma. In addition, international students with holds cannot have non-immigrant papers processed by the Center for International Education (CIE).

You can check for holds on your record using the PAWS Website (http://paws.uwm.edu).

Incomplete Policy
An I (Incomplete) may be assigned by the instructor if you are unable to finish all the course requirements during the original semester of enrollment. An Incomplete course status designation is appropriate only when the following conditions are present:

1. You have done satisfactory work in a substantial fraction of the course requirements prior to grading time and provide the instructor with evidence of potential success in the remaining work.
2. Extraordinary circumstances, not related to performance in the class, such as illness or a family emergency, have prevented you from finishing the course requirements on time.

An Incomplete will not be given to enable you to do additional work to improve a grade. The instructor may deny a request for an Incomplete and assign a grade based on the work completed at that point.

It is your responsibility to initiate a request for an Incomplete. Reasons for requesting the Incomplete must be acceptable to the instructor. If approved, the instructor will indicate the conditions for the removal of the Incomplete, including the date for submitting all remaining work. You are responsible for seeing that the Incomplete is removed by the deadline and that the instructor has reported the grade to the Graduate School.

Other course status designations
- I: Incomplete
- PI: Permanent Incomplete
- Credit: C- or above in credit/no credit course
- No Credit: Below C- in a credit/no credit course
- NC: Not Completed (audit courses only)
- P: Progress
- W: Withdrawal

Grades or course status outcomes of D+, D-, F+, F, E, I, PI, NC, U, W, and WR may not be used toward meeting degree requirements. The P course status designation must be converted to a grade upon the completion of the course requirements.

S and U grades
S and U are the only valid grades for master's capstone courses, master's theses, doctoral dissertation courses, and courses for which students register on an audit basis.

A hold on your record prohibits you from registering for classes, obtaining transcripts, or receiving your diploma. In addition, international students with holds cannot have non-immigrant papers processed by the Center for International Education (CIE).

You can check for holds on your record using the PAWS Website (http://paws.uwm.edu).

Incomplete Policy
An I (Incomplete) may be assigned by the instructor if you are unable to finish all the course requirements during the original semester of enrollment. An Incomplete course status designation is appropriate only when the following conditions are present:

1. You have done satisfactory work in a substantial fraction of the course requirements prior to grading time and provide the instructor with evidence of potential success in the remaining work.
2. Extraordinary circumstances, not related to performance in the class, such as illness or a family emergency, have prevented you from finishing the course requirements on time.

An Incomplete will not be given to enable you to do additional work to improve a grade. The instructor may deny a request for an Incomplete and assign a grade based on the work completed at that point.

It is your responsibility to initiate a request for an Incomplete. Reasons for requesting the Incomplete must be acceptable to the instructor. If approved, the instructor will indicate the conditions for the removal of the Incomplete, including the date for submitting all remaining work. You are responsible for seeing that the Incomplete is removed by the deadline and that the instructor has reported the grade to the Graduate School.
The instructor may change the I to a grade (including an F) or to a PI (Permanent Incomplete) if the remaining work is not submitted by the deadline for completion.

**Permanent Incomplete**
If you do not complete the remaining work within one year of the end of the term of original registration for the course, the Incomplete will be administratively changed to a Permanent Incomplete (PI). (A PI is not computed into the grade point average.) The PI will remain on your record, except in cases where you completed the work, but the instructor failed to file a grade change in time.

If you wish to receive credit for a course in which you received a not completed, you must register for the course again and satisfy the requirements for the course as set forth under the second registration. You may not register for a course in which an I remains on record.

You may graduate with a course status of PI if all degree requirements have been met. All Incompletes must be changed to grades or PIs before you may graduate.

**Major Professor as Advisor**
You must have a major professor from your chosen graduate program unit. Many graduate program units assign a temporary advisor to direct the entering student's work.

The major professor advises on courses and graduate faculty requirements and supervises research. For the master's candidate, the major professor is chair of the master's thesis committee, if a thesis is required. For the doctoral candidate, the major professor serves as the chair of the dissertation committee and of the committee hearing the dissertation defense. All major professors must be members of the UWM Graduate Faculty. Doctoral advisors require approval by the doctoral program unit and the Graduate School.

**Maximum/Minimum Credit Load**
You may not register for more than 12 credits in a semester or 9 credits in the eight-week summer session or a total of 12 credits in all sessions between the end of Semester II and the beginning of Semester I. Audit, sport/recreation, and colloquium seminar credits are not counted when determining a graduate student's credit load; undergraduate credits are counted.

**Minimum Credit Load**
Every student who uses University resources must be enrolled at UWM. Minimum registration is 1 credit per semester or summer. If you are a doctoral student with dissertation status, see Doctoral Dissertation Enrollment (http://uwm.edu/graduateschool/doctoral-requirements/#dissertation_enrollment) on the Doctoral Requirements page.

A student undertaking research and/or working on a project, paper, or thesis enrolls at UWM according to the amount of time required for the investigation as determined by the instructor and the major professor. You must be registered during the semester in which your degree is awarded.

**Minnesota/Wisconsin Reciprocity Agreement**

**Special Note to Minnesota Residents:**
A tuition reciprocity agreement exists between Wisconsin and Minnesota. This agreement stipulates that residents of Minnesota can attend Wisconsin institutions in approved programs and be assessed the approved reciprocity tuition rate, plus segregated fees assessed to all students. If you wish to take advantage of the Minnesota-Wisconsin Tuition Reciprocity Agreement (http://www.ohe.state.mn.us/mPg.cfm?pageID=97), you should apply for certification as a Minnesota resident to:

You may also contact the UWM Office of the Registrar at (414) 229-3796. A certification year runs from July 1 through June 30.

If you are not certified by the date fees are due, you must pay non-resident tuition and fees; the appropriate amount will be refunded upon certification by the Minnesota Office of Higher Education.

**Minor: Option A (Doctoral Students)**
A doctoral student may be required to supplement the major by completing a minimum of 8 to 12 credits in a single discipline, which designates the minor field. The courses must be planned with the minor professor and identified on the student's Program of Study. A cumulative GPA of 3.0 must be earned in the minor. The minor examination is administered by the faculty of the minor discipline. Option A minors are identified on the graduate student’s transcript.

**Overloads**
Requests to exceed the maximum credit load are considered under the following circumstances:

- You are taking undergraduate certification coursework.
- You are making up deficiencies.
- You have exceptional circumstances resulting in special hardship.

You must have a cumulative GPA of 3.0 and no outstanding incompletes to be considered for overload approval. You must submit a Request for Exception Form (http://uwm.edu/graduateschool/wp-content/themes/uwwebid-graduateschool/media/exception-request.pdf) along with recommendations from your major professor and your graduate program representative explaining the reasons and justification for the exception. To be considered, your exception request must be submitted to Graduate Student Services before the enrollment period of the semester in question.

If you enroll for more than the maximum credit load without permission, courses will be dropped to reduce your course load to the maximum allowed.

Only individual student requests are reviewed. Overload requests for groups of students are not considered.

**Permanent Incomplete**
See Incomplete Policy above.

**Re-entering the Graduate School**
If you plan to return to your graduate program after an absence of two or more semesters (excluding summer and UWinterI sessions), you must apply to re-enter. Following are requirements for re-entering students:

- Completion of a semester's work within the past five years.
- A cumulative graduate GPA of 3.0.
- Clearance of academic and administrative holds.
- Being within the time limit for degree completion.
You may also need the approval of your graduate program unit. Check with your unit about its re-entry requirements.

You can apply via the Panthera Admission Application (https://graduateschool-apply.uwm.edu). A $20 processing fee is required for re-entry.

**Repeating Courses**

You are allowed to repeat a course once in which a grade of B- or lower was earned. Both attempts appear on your transcript and both grades are calculated in the graduate grade point average. Only one attempt may be counted toward meeting degree requirements.

**Time Limit — Master’s**

If your master’s program requires 30 credits or fewer, you must complete all degree requirements within five years of your first enrollment in the program. If your program requires over 30 credits, you must complete all requirements within seven years. Some programs may have shorter time limits.

**Time Limit — Doctoral**

All requirements for the doctoral degree must be completed within 10 years of the date you first enrolled in a doctoral program at UWM. This includes all coursework, the dissertation, and examinations required for the degree. Some programs may have shorter time limits. If you entered your doctoral program in the fall semester of 2000 or after, you have five years from your semester of entry to pass the preliminary examination.

**Transcripts**

Official graduate transcripts and unofficial copies can be obtained in Mitchell 261 or by completing and submitting an official Transcript Request form. To request a copy of your official transcripts complete the online form (https://www.credentials-inc.com/CGI-BIN/dvcglt.pgm?ALUMTROG03896) and follow the guidelines outlined below.

**Effective March 1, 2018 the fee for official transcripts sent through the mail will be $12.**

To request an unofficial copy of your transcripts download the unofficial transcript request form (http://uwm.edu/graduateschool/wp-content/themes/uwmwebid-graduateschool/media/transcript-request-form.pdf) and mail it to the address listed on the form. You can also view your unofficial transcripts through PAWS by following the guidelines below.

**Guidelines**

2. Transcript requests must come from the student/former student. Requests from a third party will be processed only with written permission from the student/former student.
3. Due to FERPA regulations, the Graduate School cannot send unofficial transcripts electronically.
4. To request unofficial transcript by mail, send completed form.
5. Transcripts will be withheld if any obligations to the University have not been satisfied.
6. Make checks payable to “UWM.” UWM does not accept credit card information by fax.

Please call (414) 229-6569 for more information.

Viewing Unofficial Transcripts Through PAWS

Current students may access unofficial transcripts via PAWS. Directions are as follows:

1. Log into PAWS (https://paws.uwm.edu/psp/saprod/?cmd=login&languageCd=ENG&).
2. Under Academics, navigate to the dropdown menu.
4. Click on the arrow next to dropdown menu 5. Under type, select Graduate Transcript.
5. Click Submit Transcript Request.
6. Check your UWM e-mail for a PDF of your transcript.

**Winter Session**

UWinteriM is a three-week session held during winter break. A schedule of classes is available during the fall semester. The following rules apply to graduate students:

- UWinteriM enrollment does not affect time-to-degree calculations.
- Graduation deadlines for fall, spring, and summer semesters are unaffected by UWinteriM enrollment. If you complete your degree requirements (e.g., thesis/dissertation defense, master’s comprehensive exam, final course) during UWinteriM, you will graduate in May, but will not have to register during the spring semester.
- UWinteriM classes cannot satisfy enrollment requirements for graduate assistants (RA, TA, PA) or graduate school fellows. Students with teaching assistantships during UWinteriM are not required to register for UWinteriM classes.
- You may not register for more than three credits during UWinteriM.

**Withdrawal**

Withdrawal is the formal termination of a student’s complete registration in all courses for the semester. To simply stop attending classes does not constitute a withdrawal. Withdrawals are not accepted by telephone. You must fill out a withdrawal form or send a letter by certified mail to give notice to the Graduate School of the withdrawal. The postmark date or the date the withdrawal form is received by the Graduate School becomes the effective date. This date determines the amount of fee/tuition that will be assessed. Check the UWM Website (http://uwm.edu/onestop/dates-and-deadlines/interactive-adddrop-calendar) for withdrawal deadlines and to determine the effect of withdrawal on your fees.

You may withdraw after the deadline only for reasons other than academic difficulty. You must first submit a Request for Exception (http://uwm.edu/graduateschool/wp-content/themes/uwmwebid-graduateschool/media/exception-request.pdf) to Graduate Student Services. If you request withdrawal for medical reasons, you must supply documentation from a physician.

Withdrawals will be noted on your transcript. Withdrawals after the fourth week of classes remain on your academic record with the course number and title followed by a W symbol.
UNDERGRADUATE POLICIES

Degree Requirements
The minimum number of credits required for graduation is 120, but many degree programs require 130 or more. Consult individual program pages in this catalog for the specific degree requirements associated with each program or major.

Class Standing/Level in School
Prerequisites for certain courses are determined by class standing. The chart below presents the number of credits for the different class standings.

<table>
<thead>
<tr>
<th>Class Standing</th>
<th>Business &amp; Information Studies</th>
<th>L&amp;S</th>
<th>Nursing</th>
<th>All Others</th>
</tr>
</thead>
<tbody>
<tr>
<td>Sophomore</td>
<td>24-55</td>
<td>24-55</td>
<td>28-57</td>
<td>24-57</td>
</tr>
<tr>
<td>Junior</td>
<td>56-85</td>
<td>56-87</td>
<td>58-95</td>
<td>58-85</td>
</tr>
<tr>
<td>Senior</td>
<td>86 or more</td>
<td>88 or more</td>
<td>96 or more</td>
<td>86 or more</td>
</tr>
</tbody>
</table>

The prerequisite given in the course listing refers to the qualifications and/or standing needed to enroll in a given course. If no prerequisite is listed, the course is generally open to all students. If more than one prerequisite is listed, all are necessary unless a choice is clearly indicated. A student who enrolls in a course without the required prerequisites may be dropped.

Course Load
A full course load for undergraduates is considered to be a minimum of 12 credits. This definition may differ from that of the Veterans Administration, the Selective Service System, or other agencies. UWM assumes no responsibilities in this connection.

Grading System
UWM uses a letter grade system that includes "plus" and "minus" grades and is based on a 4.000 scale. For convenience in computing averages, each letter grade carries a specified number of points per credit. The scale of grades and points follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>(Points per credit)</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>(4.000) Excellent</td>
</tr>
<tr>
<td>A-</td>
<td>(3.670)</td>
</tr>
<tr>
<td>B+</td>
<td>(3.330)</td>
</tr>
<tr>
<td>B</td>
<td>(3.000) Good</td>
</tr>
<tr>
<td>B-</td>
<td>(2.670)</td>
</tr>
<tr>
<td>C+</td>
<td>(2.330)</td>
</tr>
<tr>
<td>C</td>
<td>(2.000) Fair</td>
</tr>
<tr>
<td>C-</td>
<td>(1.670)</td>
</tr>
<tr>
<td>D+</td>
<td>(1.330)</td>
</tr>
<tr>
<td>D</td>
<td>(1.000) Poor</td>
</tr>
<tr>
<td>D-</td>
<td>(0.670)</td>
</tr>
<tr>
<td>F (0-16)</td>
<td>(0.000) Fail</td>
</tr>
</tbody>
</table>

In addition, students may be allowed to take a limited number of courses on a "Credit/No Credit" basis, and may enroll on an "Audit" basis in courses for which they do not wish to obtain college credit. The following symbols are used where grade points are not involved:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>I</td>
<td>Incomplete</td>
</tr>
<tr>
<td>S</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory</td>
</tr>
<tr>
<td>Credit</td>
<td>C- or above (credit/no credit courses only)</td>
</tr>
<tr>
<td>No Credit</td>
<td>Below C- (credit/no credit courses only)</td>
</tr>
<tr>
<td>NC</td>
<td>Not completed (audit courses only)</td>
</tr>
<tr>
<td>Not Rptd</td>
<td>Grade was not submitted in time to be reported</td>
</tr>
<tr>
<td>W</td>
<td>Course dropped by student after fourth week of semester or first quarter of shorter session</td>
</tr>
<tr>

<td>Administrative drop (enrollment in course violates permitted number of repeats), effective March 2002</td>
</tr>
<tr>
<td>R</td>
<td>Repeat course (counts in GPA)</td>
</tr>
<tr>
<td>#</td>
<td>Repeat course (does not count in GPA)</td>
</tr>
</tbody>
</table>

F Grades – Additional Information
Effective fall 2004, the University modified its system for assigning grades of F in order to comply with federal requirements for students receiving financial aid. When reporting a grade of F, instructors also will report a number corresponding to the student’s "week of last participation" in the course. This is the last week of the term for which there is documented evidence of the student’s participation in the course. A student receiving the grade of F0 would, therefore, be one who never attended or participated, whereas a student grade of F16 would signify completion of the entire term. The numeral for "week of last participation" will be reflected on unofficial transcripts and grade reports. On official transcripts, only the grade of F will be reflected.

Grade Point Average
The number of grade points earned in a course is computed by multiplying the points for the grade by the number of credits offered for the course. (Example: A B earned in a three-credit course would give you nine grade points.)

The general quality of a student’s work is expressed in terms of the grade point average (GPA). This is the total number of grade points earned divided by the total number of GPA credits. The highest possible average is 4.000 or an A in every subject.

The UWM grade point average recorded on your official transcript is based solely upon credits earned or attempted at UWM on a regular graded basis. Even though you may receive credits for coursework taken elsewhere, such transfer credits are not counted as part of the GPA at UWM. Some schools and colleges have different standards for GPA calculation and may include transfer work for admission or graduation; see degree requirements within each school/college for specifics. Credits granted by examination or UWM credits taken on an audit or credit/no
credit grading basis also are excluded from the official UWM grade point average.

If you are returning to UWM and have not previously earned your bachelor's degree, your cumulative GPA will continue from your last point of enrollment. If you have previously earned your bachelor's degree, you should apply as a "Second Degree" student. Your credits and GPA will start over with the courses you take upon your return, and your original record cannot be altered.

**University-wide Academic Action Policy**

The University-wide Academic Action Policy establishes minimum standards for undergraduate students enrolled in schools and colleges. Individual schools and colleges may adopt stricter criteria; students should consult the school/college advising offices for specific information.

A student whose GPA falls below minimum university-wide standards for any grading period will be subject to the following academic actions.

- **Academic Probation:** Imposed on students whose cumulative GPA falls below 2.000. The student on academic probation whose semester GPA is 2.000 or better, but whose cumulative GPA remains below 2.000, is permitted to continue on academic probation.
- **Cleared Probation:** Achieved when cumulative GPA increases to 2.000 or above.
- **Dropped for One Semester:** Imposed on any student on academic probation who fails to earn a semester GPA of 2.000.
- **Final Probation:** Applies to a student who is permitted to enroll after any drop action. The student on final probation whose semester GPA is 2.000 or better, but whose cumulative GPA remains below 2.000, is permitted to continue on final academic probation.
- **Dropped for Two Years:** Imposed on any student on final probation who fails to achieve a semester and cumulative GPA of 2.000 or better.
- **Re-instatement/Re-admission:** A dropped student may be re-instated immediately after a drop action or re-admitted after the drop period. A re-admitted or re-instated student is placed on final probation.

**Academic Drop**

Academic drop is dismissal from the University for academic ineligibility. Academic drop is initiated by administrative offices. The student must apply for re-admission and be granted permission to re-enroll by the dean of the school or college from which the student was dropped.

**Incompletes**

You may be given an incomplete if you have carried a subject successfully until near the end of the semester but, because of illness or other unusual and substantiated cause beyond your control, have been unable to take or complete the final examination or to complete some limited amount of coursework. An incomplete is not given unless you prove to the instructor that you were prevented from completing the course requirements for just cause as indicated above.

Undergraduates are required to complete a course marked incomplete within the timeframe specified in the Incomplete Policy (S-31). If you do not remove the incomplete during this period, the report of I will lapse to F.

**Overloads**

The maximum credit load for undergraduates is 18 credits in all schools and colleges, except Fine Arts (18 credits or three studio courses). Students enrolling in more than 18 credits will be assessed extra tuition above the normal full-time rate. A student must obtain approval for an overload in the office of his/her academic dean. Different credit load maximums apply during the summer and winter sessions. Consult the UWinterM or Summer Sessions Schedule of Classes.

**Repeating Courses**

Unless a restriction is stated in the Schedule of Classes, undergraduates may repeat a course only once, and only the higher of the two grades will be calculated into the grade point average (GPA). Both attempts will appear on the student's transcript.

If the UWM course repeats a course for which the student received transfer credit, only the UWM course will be calculated into the GPA, regardless of grade. Both attempts will be shown on the transcript. Once a bachelor's degree has been earned, the academic career (credits, GPA, and coursework) starts over with any subsequent enrollment and the original record cannot be altered. Courses taken after the bachelor's degree has been earned do not count as repeats of courses taken prior to the posting of the degree.

A student will not be permitted to repeat any course more than once without the prior approval of the student's school/college advising office. Further restrictions apply. More information at uw.edu/onestop. The single repeat limit also applies to courses taken for audit or credit/no credit.

Note: Exceptions to this policy are variable-topic courses, which may be taken for credit as often as permitted for that particular course, as specified in the Schedule of Classes. A variable-topic course may count as a repeat of a previously taken course only if the topic is identical to that of the student's earlier enrollment and the repeat occurs within the same academic career.

Students who took a course as a repeat prior to fall 1988 are entitled to one additional enrollment. Transfer students who did not previously take a course at UWM are entitled to one repeat at UWM of a course taken at a previous institution.

In courses of limited enrollment, students who have not taken the course previously have priority over students who are repeating the course. Individual schools and colleges may adopt stricter criteria. It is generally advisable for any student to consult an advisor before registering to repeat a course.

If you have previously earned your degree from UWM, your attempted and earned credits as well as your cumulative GPA will start over with the courses you take in pursuit of your second degree. Courses taken as part of your first degree will not be considered repeats. Your original record cannot be altered.

**Residence Credit Requirement**

Consult individual school or college sections for requirements regarding the number and kinds of credits a student must take in residence at UWM to be eligible to receive a UWM degree.
Graduation

Students must meet the graduation requirements of their school or college, which includes notifying the advising office in the school or college of their intent to graduate at least one semester prior to graduation. Generally, students may begin to apply for May Commencement in mid-November, and December Commencement in mid-April. To apply for graduation, log in to PAWS (https://paws.uwm.edu/psp/saprod/?cmd=login). From the "Academics" section of your Student Center, click on the "Other Academic" drop-down box, select "Apply for Graduation," and click on the double arrows to proceed to the application.

Commencement exercises are held in either May or December. Students who graduate at the end of the summer sessions participate in May Commencement. Students who graduate at the end of the UWinterIM session participate in December Commencement. Attendance at Commencement is optional.

Commencement Honors are listed on each Undergraduate program page.

Excess Credits Policy

A University of Wisconsin System (UWS) policy is in effect at all UWS institutions. Under this policy, students pursuing their initial undergraduate degree(s) who have accumulated more than 165 total credits (counting all credits earned at UW campuses as well as credits taken at WTCS institutions and accepted for degree credit at UWS institutions) will be assessed a 100% surcharge on tuition for any additional credits (i.e., your tuition will be doubled). For more specific information about this policy, contact your academic advisor.

Students Called to Military Service

Students called into active military service should contact the Military Educational Benefits Office for more information, Mellencamp Hall 168, (414) 229-5699, or visit the website (https://www4.uwm.edu/mebo).

Credit/No Credit Option

To be granted credit for a course for which you have registered credit/no credit, you must earn a grade of C- or better. Consult the table below to determine whether you may enroll for courses on a credit/no credit basis. Courses may not be taken credit/no credit if they are to be used to satisfy the GER English and mathematics competencies or awarding of final honors.

<table>
<thead>
<tr>
<th>School or College</th>
<th>Who qualifies?</th>
<th>Which course may be taken?</th>
<th>Limits</th>

</tbody>
</table>

Education

Undergraduates in Education and Pre-Education.

Please see your advisor.

Please see your advisor.

Engineering and Applied Science

Undergraduates in Engineering and Applied Science.

Free elective or arts/humanities/social science elective courses.

Maximum of 12 credits; no more than three credits in any one semester.

Health Sciences

Undergraduates admitted to the College of Health Sciences.

No required courses in any of the pre-professional or professional programs may be taken on a C/NC basis.

Only one course, regardless of number of credits, may be taken per semester. A maximum of 12 credits may be taken C/NC.

Information Studies

Undergraduates in Information Resources.

All non-Information Studies (courses outside the School of Information Studies) that are not required as part of the student's major.

Maximum of eight courses; one course per semester.

Letters and Science

Undergraduates in Letters and Science.

Courses other than Honors courses that are not in the student's major or minor.

One course per semester; maximum of eight courses.

Nursing

Undergraduates in Nursing.

Non-clinical elective courses in Nursing.

Maximum of six credits; no more than one course per semester.
Undergraduate Policies

| Social Welfare | Undergraduate majors and pre-majors in Social Work and Criminal Justice. Only used in courses outside the 54-65 credit requirements in the Social Work or Criminal Justice major. One course per semester, maximum of eight courses. |

University Special and Off-Campus

University Special Students should contact an advisor in the Office of Undergraduate Admissions (http://uwm.edu/undergrad-admission). Off-campus students should contact the appropriate program coordinator.

Some courses are offered on a C/NC basis only. These may be taken in addition to the above limits. C/NC courses are not counted in the GPA, but courses in which credit is earned will count toward graduation. Courses may be changed from a regular graded basis to C/NC or vice versa only during the same period as courses may be added. Only one such change may be made per semester per course.

The University of Wisconsin-Milwaukee is an equal opportunity, affirmative action institution, and does not discriminate on the basis of race, sex, color, creed, national origin, disability, or any other protected status recognized by Wisconsin or federal law. In 1990, s. 36.12, Wisconsin Statutes, was enacted, which provides as follows: No student may be denied admission to, participation in, or the benefits of, or discriminated against in any service, program, course, or facility of the UW System or its institutions or centers because of the student's race, color, creed, religion, sex, national origin, disability, ancestry, age, sexual orientation, pregnancy, marital status, or parental status.

University policies also prohibit harassment or retaliation against complainants on any of these bases. These policies are in compliance with all relevant Wisconsin and federal laws, rules, and regulations.

Questions about the application of any of these policies, or complaints about violations, may be directed to the appropriate admitting or employing office, or to the campus Office of Equity and Diversity Services, Mitchell Hall, Room 359, or phone (414) 229-5923.

An information booklet on the UWM Disciplinary Guidelines and the appropriate sections of the Wisconsin Administrative Code covering conduct on University lands and student disciplinary procedures is available in the lobby of Mellencamp Hall and in several offices, including the Office of the Dean of Students, Mellencamp Hall, Room 118. Board of Regents rules require adherence by students and others present on the campus. Failure to comply with these rules may subject students to disciplinary action and to civil forfeitures. State of Wisconsin Statutes and Federal Law also apply on the campus of the University.

Under the provision of the Family Educational Rights and Privacy Act of 1974, a student is entitled to review the education records related to the student that the University maintains. A student may request a hearing regarding any alleged inaccurate, misleading, or inappropriate information contained in the record.

The University may not disclose information from a student’s record to a third party unless the student gives consent, or unless permitted to do so by the Family Educational Rights and Privacy Act of 1974. A student may contact the Undergraduate Records Office or the Office of the Dean of Students, both in Mellencamp Hall, for further information.

You may restrict the release of your address and phone number and other limited information by checking a box on your registration form. If you do this, your address and phone number will not appear on most mailing lists used by UWM student organizations, campus departments, or on mailing lists obtained from UWM by non-University groups.

The various academic units at UWM have set up appeals and grievance procedures. Students may avail themselves of these procedures by contacting a department chair, the dean's office of the school or college from which the course was taken, or the Office of the Dean of Students.

### UWM Equal Opportunity Policy

It is the policy of the University of Wisconsin-Milwaukee to provide equal opportunity and prohibit discrimination and harassment for its employees and students in all programs, activities, and employment. UWM is committed to actively implement all federal and state equal opportunity and affirmative action laws, executive orders, policies, plans, rules, and regulations.

UWM’s Discriminatory Conduct Policy (Including Sexual Harassment) (S-47) defines discrimination as conduct that

1. adversely affects any aspect of an individual’s employment, education, or participation in activities or programs at UWM; and
2. is based on one or more characteristics of the individual that are protected under federal, state, or local laws.

Characteristics that are protected under federal, state, or local law (protected statuses) may include age; ancestry; arrest or conviction record; color; disability; gender identity/expression; identity as a veteran, disabled veteran, or Vietnam veteran; marital status; membership in the National Guard, state defense force, or any other reserve component of the military forces of the United States or this state; national origin; pregnancy; political affiliation; race; religion; sex; sexual orientation; or use of lawful products off the premises during non-working hours (e.g., smoking cigarettes).

Harassment is a form of prohibited discrimination. UWM defines harassment as conduct that

1. is of any type (oral, written, graphic, or physical);
2. is directed towards or against a person because of the person’s protected status (as listed above); and
3. unreasonably interferes with the individual’s work, education, or participation in activities or programs at UWM, or creates a working or learning environment that a reasonable person would find threatening or intimidating.

Sexual harassment includes unwanted sexual advances, requests for sexual favors, and other verbal and physical conduct of a sexual nature.

Speech or expressive behavior (e.g., use of visual, recorded, or written materials) used in the context of an instructional setting may be found to constitute harassment only if the speech is persistent, pervasive, and not germane to the subject matter, or so singularly severe as to create a hostile environment. Protected Expressive Behavior in an instructional situation is explained in UWM Selected Academic and Administrative Policies No. S-44, Public Expression of Opinion.
In addition, the University prohibits retaliation against individuals who engage in protected activities under the policy. Retaliation is defined as employment or academic decisions that are made because a student, employee, or applicant for employment has made a complaint, assisted with or served as a witness in an investigation, or instituted proceedings alleging discrimination.

UWM maintains a written affirmative action plan in order to meet its commitment to the principles of equal opportunity and affirmative action. The plan is available to all persons for inspection and is on reserve in the University Library and on UWM’s website.

To protect the rights of employees and students, numerous grievants are encouraged to resolve complaints by working with the relevant parties and administrators, inquiries involving complaints of discrimination or harassment based on protected class status may be directed to the UWM Office of Equity and Diversity Services, Mitchell Hall 359, (414) 229-5923.

Hate/Bias Incident Reporting

In the last few years, there has been an increased focus on the reporting of hate- and bias-motivated incidents on university campuses across the nation. UWM defines a hate- or bias-motivated incident as any disruptive conduct (oral, written, graphic, or physical) that is against an individual, or individuals, because of their actual, or perceived, race, color, national origin/ancestry, religion, sex, age, disability, sexual orientation, gender identity/expression, veteran and National Guard status, marital status, pregnancy, political affiliation, or arrest/conviction record. If you believe the incident involves criminal conduct, please call 911 or 9-911 (UWM campus police) from a UWM phone, in addition to completing the Hate/Bias Incident Reporting Form (https://www4.uwm.edu/eds/hatebias/form/index.cfm?aa1=edit). You may use this form to report any hate/bias incident that has occurred

1. on UWM property, buildings, or housing; and/or
2. at UWM-sponsored events or activities, regardless of location.

University Policies and Programs Concerning Illicit Drugs and Alcohol

Consistent with the federal Drug Free Schools and Communities Act, the University of Wisconsin-Milwaukee (UWM) maintains a comprehensive alcohol and other drug abuse prevention program. This includes interventions that target at-risk individuals, programs that target the student body as a whole, and environmental-level strategies that impact the college and surrounding community. UWM prohibits the unlawful possession, use, distribution, manufacture, or dispensing of illicit drugs and alcohol on university property or as part of university activities. Each semester, students receive information that describes pertinent laws, rules, and sanctions, as well as the health effects of abuse, and a list of treatment resources.

Please Note:

For the latest enrollment information, check online at our One Stop Enrollment and Financial Services (http://uwm.edu/onestop/degree-planning/transfer-credits/transferring-course-credits) site.

Eligibility to Enroll

You can find more information on enrollment eligibility (http://uwm.edu/onestop/enrolling/eligibility-to-enroll) at UWM’s One Stop site.

Enrollment is the process of signing up for classes, which is typically completed electronically in PAWS (https://paws.uwm.edu/psp/saprod/?cmd=login). Continuing students are generally able to enroll in classes as long as these requirements are met:

- Enrollment in classes at UWM within the past two fall/spring terms (if not, an application for re-entry to UWM (http://uwm.edu/undergrad-admission/student-type/re-entry) must be submitted)
- An application for graduation was not submitted for the current semester (if so, the Registrar’s Office (https://uwm.edu/registrar) must be contacted to postpone graduation or an application must be submitted for a new program to pursue after graduation)
- No Holds (http://uwm.edu/onestop/enrolling/eligibility-to-enroll/#holds) exist in PAWS (https://paws.uwm.edu) (view Hold details in PAWS)

New students must be officially admitted in order to be eligible to enroll. New freshmen enroll during New Student Orientation (https://uwm.edu/studentsuccess/newstudentorientation).

For more information about the application and admission processes, see the Admission section (https://www4.uwm.edu/academics/undergraduatecatalog.cfm?u=Admission.html) of this catalog.

Academic Advising Prior to Enrollment

All students are assigned an academic advisor upon admission to UWM and all new freshmen must meet with their advisor before they will be permitted to enroll for their first term. Academic advising prior to enrollment is strongly encouraged for all students.

These requirements are subject to change. If you are unsure of the requirements for your particular program, or do not know who your academic advisor is, consult your school/college advising office (http://uwm.edu/onestop/pages学术-advising-offices).

Enrollment Procedures and Deadlines

The initial enrollment cycle begins in October for the winter term, November for the spring term, March for the summer term, and April for the fall term. The Schedule of Classes may be viewed online at uwm.edu/schedule (http://www4.uwm.edu/schedule).

Continuing students are assigned enrollment appointment times that can be viewed on PAWS. Enrollment appointments indicate the first opportunity to enroll online using PAWS after priority enrollment begins. New and re-entering students will receive enrollment information as soon as appropriate after admission. New freshmen enroll as part of New Student Orientation (http://uwm.edu/studentorientation).

Students are assigned an “earliest possible” enrollment date and time based on their level and total earned credits within their level (e.g., graduate student, senior, junior, sophomore, freshman, special/non-degree student). More information on enrollment appointments (http://uwm.edu/onestop/enrolling/eligibility-to-enroll/#appointment) can be found at One Stop.

Details about the enrollment process, deadlines for a particular term, and penalties for late enrollment are described at O (http://uwm.edu/onestop)ne Stop (http://uwm.edu/onestop/enrolling/eligibility-to-enroll/#appointment). Please ensure that you are taking advantage of your earliest opportunity to enroll, as well as complying with necessary procedures and deadlines.
Priority Enrollment Appointments

The following student populations have been granted priority in assigned enrollment appointments, applicable to continuing and transfer students:

- Military veterans*
- Honors College students
- Student Athletes
- Student Dance/cheer Team members
- Students approved for priority enrollment through the Accessibility Resource Center (http://uwm.edu/arc).

* Student veterans can be approved for priority enrollment once verified by the Military Education Benefits Office (http://uwm.edu/onestop/finances/veterans-services).

Priority Enrollment Appointments are assigned beginning the first hour of the first day of each semester’s enrollment period.

Change of Enrollment/Add and Drop or Withdrawal from Classes

After initial enrollment, students have the opportunity to modify their class schedule by adding, dropping, or withdrawing from classes during specific periods prior to the start of the semester. Such changes can be made without financial penalty until the start of the term (or before the start of a particular summer session). However, significant financial penalties can apply for changes made beyond the appropriate deadlines, and some departments have unique deadlines and approval requirements governing how and when students may add and drop particular courses. Some academic programs also require their students to obtain specific approval for adding or dropping courses. Consult the Interactive Add/Drop Calendar (http://uwm.edu/onestop/dates-and-deadlines/interactive-adddrop-calendar) and Important Dates by Term (http://uwm.edu/onestop/dates-and-deadlines/important-dates-by-term) for dates, deadlines, and procedures.

Late Enrollment and Late Payment Fees

Additional fees and penalties will be assessed of students who enroll after published deadlines or who pay their fees/tuition assessments late. Consult the Interactive Add/Drop Calendar (http://uwm.edu/onestop/dates-and-deadlines/interactive-adddrop-calendar) and Important Dates by Term (http://uwm.edu/onestop/dates-and-deadlines/important-dates-by-term) in order to avoid these penalties.

Concurrent Enrollment

Students wishing to enroll concurrently at UWM and at another college or university may do so only with the advance approval of their UWM school/college advising office.

Students enrolled part time at more than one UW campus normally pay fees separately to each campus. Students enrolled full time at one campus and part time at another generally pay full-time tuition at their full-time campus and only segregated fees at the part-time campus. However, some specialized programs or courses with special class fees may require payment above the full-time fee rate. Contact the Registrar’s Office (https://uwm.edu/registrar/contact-us) for additional details.

ID Cards

UW System regulations require that each student have a picture ID card. This card is used in the UWM Library, the Klotsche Center, the Union, and other places to verify student status and eligibility for participation or service. Students are expected to obtain their ID during their first semester at UWM. ID cards may be obtained in the PantherCard Office, Union 143.

If you are enrolled only in online courses and wish to obtain an ID card verifying your affiliation with UWM, go to uwm.edu/onestop (http://uwm.edu/onestop) for more information.

Program Integrity

Pursuant to the U.S. Department of Education’s Program Integrity Rule, the University of Wisconsin-Milwaukee is required to provide all prospective and current students with the contact information of the state agency or agencies that handle complaints against postsecondary educational institutions offering distance learning or correspondence education within that state. Students are encouraged to utilize the institution’s internal complaint or review policies and procedures through the Dean of Students Office (http://uwm.edu/deanofstudents/assistance/complaints-and-grievances) or Office of the Provost (https://uwm.edu/academicaffairs) (414-229-3203) prior to filing a complaint with the state agency or agencies. This link (http://www.sheeo.org/sites/default/files/project-files/Complaint%20Process%20Links.pdf) provides a list of contacts in each state with whom a student may file a complaint.

Online Program Information

The following states require UWM to publish specific statements regarding the offering of online programs in their states:

Alabama
The University of Wisconsin-Milwaukee is authorized by:
Alabama Commission on Higher Education
P.O. Box 302000
Montgomery, AL 36104-3758

Alaska
UW-Milwaukee is exempt from authorization under AS 14.48 and 20 AAC 17.015 because the programs are online or distance delivered and do not have a physical presence in the state.

Georgia
UWM is registered with the Georgia Nonpublic Postsecondary Education Commission and is subject to the complaint procedures posted on the GNPEC website (https://gnpec.georgia.gov/student-complaints).

Indiana
The University of Wisconsin-Milwaukee is authorized by:
The Indiana Board for Proprietary Education
101 W. Ohio Streete, Suite 670
Indianapolis, IN 46204-1984

Maryland
UWM is registered with the Maryland Higher Education Commission. UWM is subject to investigation of complaints by the Office of the Attorney General of the Maryland Higher Education Commission (MHEC).

Contact information for MHEC:
Maryland Higher Education Commission
6 N. Liberty Street, 10th Floor
Baltimore, Maryland 21201
Minnesota
UW-Milwaukee is registered as a private institution with the Minnesota Office of Higher Education pursuant to Minnesota Statutes, sections 136A.61 to 136A.71. Registration is not an endorsement of the institution. Credits earned at the institution may not transfer to all other institutions.

Washington
The University of Wisconsin-Milwaukee is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes the University of Wisconsin-Milwaukee to offer field placement components for specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

General Education Requirements
The General Education Requirements are intended to give structure to each student’s education while providing the student the greatest possible freedom to design an individual academic program. These requirements include two major categories, competency and distribution.

The competency requirements are designed to assure basic proficiency in oral and written communication, quantitative literacy, and foreign language. The GER Quantitative Literacy Part A and Oral and Written Communications Part A requirements should be completed early in the academic career to ensure acquisition of critical skills for subsequent coursework. Many UWM schools/colleges require completion of Part A of those competencies prior to advancing to the professional portion of the major. Completion of the relevant Part A competency is also a prerequisite for some intermediate and advanced courses. The distribution requirements are designed to provide students with a broad body of knowledge in the areas of the arts, humanities, natural sciences, and social sciences as a foundation for specialization.

Specific GER requirements are as follows:

Competency Requirements

Oral and Written Communication (OWC) Competency

OWC Part A
Completion of OWC Part A can be demonstrated by satisfying one of the following options:

1. earning at least three credits with a grade of C or higher in ENGLISH 1021; or
2. transferring at least three credits with a grade of C or higher in a course equivalent to ENGLISH 102 or higher level expository writing course1; or
3. achieving an appropriate score on the English Placement Test (EPT).

OWC Part B
The OWC Part B is satisfied by completing an approved advanced course (at least three credits) with a significant written or oral communication component by students who have completed the Part A requirement.

Courses that count toward the OWC Part B requirement may be offered in a variety of disciplines and students are encouraged to choose the course that matches their interests and helps them best meet the requirements of their degrees.

Quantitative Literacy (QL) Competency

QL Part A
Completion of QL Part A can be demonstrated by satisfying one of the following options:

1. earning at least three credits with a grade of C or higher in MATH 102, MATH 103 (formerly 106), MATH 105, MATH 108, MATH 111/PHILOS 111, MATH 175, or equivalent courses1; or
2. achieving a placement code of at least 30 on the mathematics placement test.

QL Part B
The QL Part B is satisfied by completing at least one approved QL Part B course (at least three credits) as decided by the major. QL Part B courses make significant use of quantitative tools in the context of other course material.

Foreign Language
Completion of the foreign language requirement can be demonstrated by satisfying one of the following options:

1. complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language; or
2. complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college-level instruction in a single foreign language; or
3. demonstrate foreign language ability at least equivalent to 6 credits in two consecutive college semesters of a single foreign language by means of a satisfactory score on an approved placement, proficiency, departmental, or other appropriate examination.

Distribution Requirements
Courses taken for distribution provide the general educational background for each student. The distribution requirements comprise course choices from the following knowledge areas:

• The Arts. Three credits in a course in the history, philosophy, theory, or practice of the creative and interpretive arts (e.g., visual arts, dance, music, and theatre).
• The Humanities. A total of 6 credits in at least two courses.
• The Natural Sciences. A total of 6 credits in at least two courses. At least one course must include laboratory or field experience illustrating the generation and testing of data and the application of concepts and knowledge to the solution of problems.
• The Social Sciences. A total of 6 credits in at least two courses.
• Cultural Diversity. All UWM students who are subject to the GER (and entered UWM in fall 1989 or later) must complete, as part of their distribution requirements, 3 credits pertaining to the study of the life experiences of African Americans, Latino/Hispanic Americans, American Indians, or Asian Americans.

A list of GER Standard Distribution courses may be found online at uw.edu/schedule/ (http://www4.uwm.edu/schedule). Individual schools and colleges may have limitations on what GER courses from
other schools and colleges can be counted; students should check with their advisor.

**Exceptions to GER**

Students who entered UWM as freshmen and/or earned transferable credit as a college student prior to September 2013 are not responsible for the Oral and Written Communication Part B or the Quantitative Literacy Part B.

Students who entered UWM as freshmen and/or earned transferable credit as a college student prior to September 1999 are not responsible for the GER foreign language competency. However, individual schools and colleges may require completion of higher-level foreign language courses; students are strongly encouraged to check with their advisors and/or review their Academic Requirements report on PAWS.

In general, second degree candidates from an accredited institution and students whose first semester in a degree program at an accredited institution predates September 1986 are not subject to the General Education Requirements.

All degree programs have specific requirements beyond GER. Consult with an academic advisor to design an appropriate course of study.
OPPORTUNITIES AND RESOURCES

• UWM Online (p. 39)
• Academic Enrichment (p. 40)
• Catalog Glossary (p. 43)
HONORS COLLEGE

The Honors College is open to qualified undergraduates from all UWM schools and colleges. The college offers seminars and individualized instruction in the humanities, arts, social sciences, and natural sciences. It is particularly appropriate for students who want more engaged and writing-intensive studies or who are preparing for graduate, law, medical, or professional school.

Students who complete the Honors curriculum receive the degree designations "Honors Degree" or "Honors with Distinction" on their diplomas and transcripts.

Administration
Peter Sands, Director
Laura Blaska, Associate Director
Jill Budny, Assistant Director

Admission
Students pursuing their first bachelor's degree can join the Honors College as freshmen, continuing, or transfer students. Freshmen are admitted based upon a holistic review of their UWM application and high school record. Freshmen are automatically considered once they have been admitted to UWM. Selected students are notified by mail.

Continuing UWM and transfer students should have a cumulative GPA equivalent to their academic standing (see Requirements (p. 36)) and have met the University English requirement by testing out of, or receiving a B- or better, in ENGLISH 102. Interested continuing and transfer students should contact the Honors College to schedule an appointment with an Honors advisor to discuss how the curriculum can be integrated into their academic plans.

Continuing in the Honors College
Honors College students must meet the following cumulative GPA/enrollment criteria:

1. To continue in the Honors College, students must maintain the following minimum grade point averages for work done at UWM by the beginning of their year in school:
   - Freshman (after first semester) 3.0
   - Sophomore 3.3
   - Junior 3.4
   - Senior/to graduate with an Honors degree 3.5

2. Students admitted as new freshmen who need to complete the University English Requirement must complete Honors 200 in the first semester following their completion of the English Requirement.

3. Students who do not take Honors courses for two consecutive semesters will be considered "inactive" and dropped from the Honors College.

Students are encouraged to review the Honors College Handbook (http://uwm.edu/honors/academics/studenthandbooks) for additional information.

Notification of Ineligible Students
At the end of each semester, the Honors College will review students’ academic records to determine whether they meet the criteria for continuation in the program. The Honors College will notify by mail all students who fail to meet these criteria, stating that they no longer are eligible to enroll in Honors classes. If these students already are enrolled in Honors classes for the next semester, they will be dropped administratively.

Regaining Honors College Eligibility
1. Students who become ineligible by failing to maintain the minimum grade point average may apply for reinstatement if they subsequently raise their grade point average to the required level.

2. Students who become ineligible after two consecutive semesters with no Honors courses may apply for reinstatement.

3. In either case, students applying for reinstatement must indicate in writing how they propose to complete Honors requirements before graduation.

Course of Study
Freshmen and sophomores entering the Honors College must complete HONORS 200, earning a grade of B- or better, before taking other honors courses (except for honors calculus, which can be taken concurrently). Following HONORS 200, which may be repeated once with a change in topic, students with sophomore standing or above may take departmental Honors seminars at 3 credits each.

With the exception of HONORS 200 and HONORS 380, Honors seminars are retakable with a change in topic to a maximum of 9 credits. HONORS 200 and HONORS 380 are retakable once.

**Advanced Independent Study**

Independent study courses are offered through the Honors College and through academic departments across campus. Course numbers and prerequisites vary by department.

- HONORS 685 Honors Tutorial
- HONORS 686 Research in Honors
- *HONORS 687 Senior Honors Project
- *HONORS 689 Senior Honors Thesis

*Students may not do both a Senior Thesis and a Senior Project.*

**Graduate Courses**

Courses at the 700 level and above may be counted toward the Honors College graduation requirements. This option normally is open only to seniors in the program who meet the necessary prerequisites. Permission for an Honors student to take a graduate course must be obtained from the instructor of the course, the department chair, the dean of the appropriate school/college, and the Honors College director.

**Other Options**

A maximum of 9 Honors credits earned at other universities may be applied to the Honors College graduation requirements with the director's approval. Honors credits also may be earned through approved Study Abroad Programs.

**Graduating with Honors**

All UWM Undergraduate Schools and Colleges offer the Honors Degree, a special diploma awarded to students who complete Honors College requirements. Students who complete six credit options of Senior Thesis, Senior Honors Project, or Research in Honors, receive a special "Honors with Distinction" degree.

Graduating with an Honors Degree provides convincing evidence of outstanding academic achievement, a valuable accomplishment students can note on resumes and graduate school applications.

**Graduation Requirements**

An Honors Degree requires 21 Honors credits and at least a 3.5 cumulative grade point average at graduation. All Honors credits count toward the total credits required for graduation. Students must earn a grade of B- or better to receive Honors credit for a course. At least 12 of the 21 Honors credits must be earned at UWM, with at least 9 credits in upper-level Honors seminars at UWM.

Students who plan to graduate "Honors with Distinction" need to successfully complete one of the following courses for two consecutive semesters, to a total of six credits: HONORS 686, HONORS 687, or HONORS 689.

**Contact Information**

Honors College
Starting college undecided is extremely common. Nearly 1 in 4 new students at UWM haven't chosen a major. Our specialized advisors will guide you in your course selection, allowing you to explore your options while keeping you on track for a timely graduation.

Our undecided students choose from six exploratory pathways called metamajors, that allow you to explore multiple majors focused around a general academic theme. Our six metamajors are

- Arts, Design, & Innovation
- Business, Industry, & Applied Technology
- Engineering & Natural Sciences
- Health
- Humanities & Communication
- Social & Behavioral Sciences

For more information about these metamajors, including potential majors and career outcomes, visit uwm.edu/undecided (http://uwm.edu/undecided).
UWM ONLINE

As Wisconsin’s premier urban research university, UW-Milwaukee offers a wide array of online course offerings at the undergraduate and graduate levels that are available to students each semester, plus more than 30 degrees and certificates (http://catalog.uwm.edu/programs/#filter=filter_27) that can be earned entirely online.

UWM is a nationally known leader in online education: We were ranked best online college in Wisconsin (https://thebestschools.org/online-colleges/#WI) by TheBestSchools.org, and our U-Pace online instructional approach has won six national awards.

Our award-winning faculty — the same professors you’ll find leading our classrooms and labs on campus — undergo additional curricular and technology training to make their online instruction as effective as possible. UWM also offers numerous resources designed to ensure your success.

Find more information on the UWM Online web page (http://uwm.edu/online).
ACADEMIC ENRICHMENT

Office of Central Advising
The Office of Central Advising (OCA) serves as the gateway for two important groups of students – new undergraduate freshmen and transfer students who are undecided about their future majors or paths to graduation, and new freshmen whose prior academic record and experiences indicate a likelihood of success if given individualized support and the opportunity to demonstrate their commitment. The OCA facilitates and supports the academic growth of students and their transition and inclusion in university life.

When a student is admitted via the OCA, the advisor becomes the student’s first point of contact, and begins to build that relationship with each student from that first meeting. The advisor serves as an advocate for the student and liaison with campus support offices, and helps the student interpret placement test scores and enroll in classes. S/he also encourages tutoring when necessary, informs students of university policies and procedures, serves as a referral source, helps students gain information about financial aid, and provides other information as needed to succeed at UWM.

In addition, students may choose support from one or more multicultural offices (http://www4.uwm.edu/msc) within OCA, and can benefit from services provided by these offices, as well.

For more information, please contact the Office of Central Advising at (414) 229-4696, or visit us in Mitchell Hall, Room 177.

Military Science Program

Army ROTC
UW-Milwaukee students have the opportunity to participate in the Army Reserve Officers Training Corps (AROTC) at Marquette University. The AROTC program provides university students with leadership, management, technical, and tactical skills that will enable them to start their journey as commissioned officers in the United States Army, Army Reserve, or Army National Guard.

Army ROTC is not a major field of study. It is a program in which students pursue a baccalaureate degree of their choice and take AROTC courses in military-oriented subject matter. AROTC provides a general knowledge of the contemporary role of the Army in support of national objectives and a practicum in management and leadership skills. Credits earned in military science courses apply toward graduation requirements.

The Army ROTC program offers competitive two-, three-, and four-year scholarships to qualified students. Currently, the scholarships offered for UWM students cover full tuition and fees or room and board, $1,200 a year for books, and a $300-$500 monthly stipend.

General Eligibility
To be eligible for an AROTC scholarship, students must:

• Be a United States citizen;
• Be a full-time student;
• Have no major civil convictions;
• Not be a conscientious objector;
• Be medically qualified;
• Have a minimum 2.5 GPA; and
• Have a minimum ACT score of 19 or SAT score of 950.

The Army ROTC program is divided into two parts: the basic course (freshman and sophomore years) and the advanced course (junior and senior years). The freshman year course currently is being offered at UWM; the remainder of the courses are offered at Marquette University. Credit hours earned at Marquette University are transferred to UWM student transcripts and count towards GPA and elective credit.

Basic Course
In the basic course, cadets learn basic military skills and receive the foundation for leadership and management skills that are expanded during the advanced course. The basic course is open to all full-time UWM students without any obligation to the Army.

Advanced Course
During the advanced course, cadets learn more extensive leadership and management skills, and they are placed into various leadership positions in the battalion. Cadets also develop skills and attributes that are essential for all commissioned officers in the U.S. Army.

In addition to completing the military science courses, advanced-course students are required to attend the Advanced Leadership Course at Fort Lewis, Washington, during the summer between the junior and senior years. During this five-week camp, cadets are expected to apply all of the skills that they have learned in the AROTC program. In addition, cadets are offered the opportunity to compete for a chance to attend Airborne School, Air Assault School, or Cadet Troop Leadership Training (CTLT). CTLT is an "internship" in which cadets have a chance to see what a Second Lieutenant does on an active duty Army post.

To qualify for the Advanced Course, students must accomplish one of the following:

• Complete the two years of the basic course;
• Attend the Basic Leaders Course, a six-week camp at Fort Knox, Kentucky; or
• Complete U.S. Army Basic Training or its equivalent.

Field Exercises
Once a semester, all of the cadets in the program go to Fort McCoy, Wisconsin, to practice all of the skills that they have learned. Advanced course cadets also are given the opportunity to improve their leadership skills by being placed in various leadership positions leading other cadets.

Physical Training
Three times a week, cadets are required to attend physical training (PT). During PT, cadets do physical activities such as push-ups, sit-ups, and running. PT currently is conducted at both UWM and Marquette University.

For more information about enrolling in the Army ROTC program, contact army-rotc@uwm.edu or the Department of Military Science at Marquette University, (414) 288-7195, or www.marquette.edu/rotc/army (http://www.marquette.edu/rotc/army).

Air Force ROTC
UW-Milwaukee students have the opportunity to participate fully in the Air Force Reserve Officers Training Corps (AFROTC) Program. Students enrolled
in the Air Force ROTC program attend AFROTC courses at Marquette University.

Through this program, UWM offers its students the opportunity to prepare for initial active duty assignments as Air Force Commissioned Officers. In order to receive a commission, AFROTC cadets must complete all university requirements for a degree and courses specified by the Air Force. AFROTC offers four- and three-year programs leading to a commission as an Air Force officer. Four-year program students complete the general military course and the professional officer course.

General Eligibility
- Be a full-time student;
- Be a United States citizen (for scholarship appointment);
- Be in good physical condition;
- Be of good moral character;
- For pilot or navigator training, fulfill all commissioning requirements before age 29;
- For scholarship recipients, fulfill all commissioning requirements before age 31; and
- For non-scholarship students, fulfill all commissioning requirements before age 31.

General Military Course
The first- and second-year educational program in Air Force Aerospace Studies consists of a series of one-hour courses designed to give students basic information on world military systems and the role of the U.S. Air Force in the defense of the free world. All required textbooks and uniforms are provided free. The general military course is open to all students at UWM without advance application and does not obligate students to the Air Force in any way.

Field Training
AFROTC Field Training is offered during the summer months at Maxwell Air Force Base, Alabama, and provides leadership and officer training in a structured military environment. Major areas of study include physical training, drill and ceremony, marksmanship, and survival training. The Air Force pays all expenses associated with field training.

Professional Officer Course
The third and fourth years of Air Force Aerospace Studies are designed to develop skills and attitudes vital to the professional officer. Students completing the professional officer course are commissioned as officers in the U.S. Air Force upon college graduation. All students in the professional officer course receive a non-taxable subsistence allowance per month during the academic year. Students wanting to enter the professional officer course should apply early in the spring semester in order to begin this course of study in the following fall semester.

Leadership Lab
Leadership Lab is a cadet-centered activity. It is largely cadet-planned and -directed, in line with the premise that it provides leadership training experience that will improve a cadet’s ability to perform as an Air Force officer. The freshman and sophomore leadership laboratory program introduces Air Force customs and courtesies, drill and ceremonies, wearing the uniform, career opportunities in the Air Force, education and training benefits, the life and work of an Air Force officer, and opportunities for field trips to Air Force installations throughout the U.S. Initial experiences include preparing the cadet for individual squadron and flight movements in drill and ceremonies and for the field training assignment prior to the junior year.

The junior and senior leadership laboratory program involves the cadets in advanced leadership experiences. Cadet responsibilities include planning and directing the activities of the cadet corps, preparing briefings and written communications, and providing interviews, guidance, information, and other services that will increase the performance and motivation of other cadets.

AFROTC College Scholarship and High School Scholarship Programs
While participating in AFROTC, scholarship students receive a stipend per month along with paid tuition, fees, and a fixed textbook reimbursement. To be eligible for either of these programs, students must:
- Be a U.S. citizen;
- Be at least 17 years of age on the date of enrollment and under 31 years of age on December 31 of the estimated year of commissioning;
- Pass an Air Force physical exam;
- Be selected by a board of Air Force officers;
- Have no moral objections or personal convictions that prevent bearing arms and supporting and defending the Constitution of the United States against all enemies, foreign and domestic (applicants must not be conscientious objectors);
- Maintain a 2.5 grade point average.

High school students can apply for scholarships late in their junior year or early in their senior year. Information on Air Force ROTC and applications for Air Force scholarships are available at www.AFROTC.com (http://www.afrotc.com). Scholarship applications will not be accepted after December 1 of the year before entering college.

For more information, contact the Department of Aerospace Studies at Marquette University, (414) 288-7682.

Naval ROTC
The Naval Science Department at Marquette University administers the Naval Reserve Officers Training Corps (NROTC) program. Graduates who complete all requirements will receive reserve commissions and serve on active duty in the Navy or Marine Corps with a minimum three-year commitment for non-scholarship students and five-year commitment for scholarship students.

Scholarships
NROTC offers two-, three-, and four-year scholarships to qualified applicants. Four-year scholarships are awarded on a national level to qualified high school applicants (visit www.nrotc.navy.mil (http://www.nrotc.navy.mil) for more information and to apply). Two- and three-year scholarships are awarded to students who have completed at least one, but not more than four, terms of college while a member of the NROTC Unit. Two-year scholarships for students who are entering their junior year and have not previously been enrolled in the NROTC program also are available.

Students entering UWM with a four-year scholarship, earned on a competitive basis while still in high school, will receive full tuition, fees, laboratory expenses, a stipend for books, and a subsistence allowance of $250 to $400 per month, depending on class year. Necessary uniforms and textbooks for required Naval Science courses are issued as well.
**General Eligibility**

- Be a U.S. citizen;
- Not less than 17 years old by Sept. 1 of year starting college, and no more than 23 on June 30 of that year;
- Be of good moral character;
- Be a high school graduate;
- Be 27 or younger by June 30 of the year you will graduate;
- Be physically qualified by Navy/Marine Corps standards; and
- Achieve qualifying scores on the SAT or ACT
  - **ACT:** 22 verbal, 22 math (22 composite for Marine Corps)
  - **SAT:** 530 verbal, 520 math (1000 composite for Marine Corps).

Students not on scholarship can still participate in the NROTC College Program. They receive uniforms and Naval Science textbooks, and $350 and $400 per month during their junior and senior years, respectively. All College Program students are eligible to compete for Naval Education and Training Command scholarships. Students are selected on a competitive basis after completing at least one term as an NROTC College Program student. Selection boards meet semiannually in March and June to consider students based on their most recent term. Students may receive scholarship benefits for three or two academic years. Once selected, the students receive the same benefits and incur the same active duty requirements as students in the four-year scholarship program.

The Naval Science Department teaches Naval Science courses and supervises a midshipman-run drill program that instills leadership skills and professional development in all members of the midshipman battalion. All midshipmen are required to register for and participate in this two-hour weekly drill period, which occurs at the Marquette University Gymnasium. One Naval Science class each term is also required, with the exception of Nurse Corps and Marine Corps Options. Students enrolled in the program from UWM attend Naval Science classes at Marquette as "cross-town" students, while the rest of their major is completed on the UWM campus. Midshipmen on scholarship or in advanced-standing status also are required to attend a four- to six-week training period each summer. This summer training introduces midshipmen to the fleet and to the life of a junior Naval Officer. The summer training period also provides an orientation to each of the different warfare specialties available upon graduation (aviation, surface, submarine, and the Marine Corps).

All Navy Option scholarship students are required to complete one year of calculus by the end of their sophomore year, and one year of calculus-based physics by the end of their junior year. Navy Option college program students must complete one year each in mathematics and physical science. One course on World Cultural Awareness, one year of English, and either an American Military History or National Security Policy course also are required for all NROTC students.

All scholarships are awarded on the basis of merit and personal qualifications. Neither a Parents’ Confidential Financial Statement nor a standard FAF is required for consideration for Naval ROTC scholarships.

For more information, contact the Department of Naval Science at Marquette University, (414) 288-7076, or visit our website at www.marquette.edu/rotc/navy (http://www.marquette.edu/rotc/navy).
CATALOG GLOSSARY

Key to Course Numbering System

100-299 Lower division courses not open to graduate students for credit.

300-699 Upper division courses that may, if so designated, carry graduate credit. Courses with level "U" are offered for undergraduate credit only; courses with level "U/G" may be offered for undergraduate and/or graduate credit. Insofar as a course approved for graduate credit may not be offered for graduate credit in a given semester, the current schedule of classes (http://www4.uwm.edu/schedule) should be consulted. Junior standing is normally a minimum prerequisite for 300-699 courses that carry graduate credit.

Prerequisite Course Definitions

R-Recommended Course: A course that the instructor strongly recommends be taken prior to enrollment in a subsequent course.

Ex.: ANTHRO 334 American Indians of the Southwest . . . Prereq: ANTHRO 314 (R). ANTHRO 314 is recommended for students enrolling in ANTHRO 334.

P-Prerequisite: A course in which a student is required to earn credit prior to being allowed to enroll in a subsequent higher level course. A prerequisite course may not be taken for credit subsequent to the earning of credit in the higher level course.

Ex.: PSYCH 205 Personality . . . Prereq: PSYCH 101 (P). Students must earn credit in PSYCH 101 before enrolling in PSYCH 205, and may not receive credit for PSYCH 101 after enrolling in PSYCH 205.

NP-Nonrepeatable Prerequisite: A prerequisite course for which the student is not permitted to substitute the grade earned when the course is repeated subsequent to earning credit in the higher level course.

Ex.: COMPSCI 252 Computer Programming II . . . Prereq: COMPSCI 152 (NP). Students may not repeat COMPSCI 152 for the purpose of receiving a higher grade after enrolling in COMPSCI 252.

C-Corequisite: A course that may be taken as either a prerequisite or as a concurrent registration with the higher level course.

Ex.: BUS ADM 210 Introduction to Management Statistics . . . Prereq: MATH 211 (C) or MATH 231 (C). Students must enroll in MATH 211 or 231 either prior to or at the same time as they enroll in BUS ADM 210.

NC-Nonrepeatable Corequisite: A corequisite course for which the student is not permitted to substitute the grade earned when the course is repeated subsequent to earning credit in the higher level course.

Ex.: HLTHMNT 232 Nursing Practice for Health Promotion . . . Prereq: admission to enroll in clinical nursing major; HLTHMNT 210 (NC), 211 (NC), FNDNURS 230 (NC); HLTHRST 320 (NC). Students must enroll in the four listed (NC) courses either prior to or at the same time as they enroll in HLTHMNT 232. They may not repeat any of these four courses for the purpose of receiving a higher grade after enrolling in HLTHMNT 232.

ER-Enrollment Restriction: A course that is not open for enrollment to students who have earned credits in a specified course (or courses) with similar or overlapping content.

Ex.: ECON 100-after cr is earned in ECON 103 or 104.

A course number followed by another number in parentheses means that the course was previously offered under the number in parentheses. The two courses are the same course and the repeat policy applies.

Ex.: HUM KIN 270 (370) - HUM KIN 270 is the same course as HUM KIN 370. A student with credit in HUM KIN 370 may enroll in 270 as a repeat unless 370 was taken more than once.
ARCHITECTURE AND URBAN PLANNING (SCHOOL OF)

The School of Architecture and Urban Planning (SARUP) at UWM offers the only professional program in architecture in Wisconsin that is accredited by the National Architectural Accrediting Board; one of the two graduate planning programs in the state accredited by the Planning Accreditation Board (PAB) of the American Planning Association; and one of very few doctoral programs in architecture in the United States. SARUP offers a four-year Bachelor of Science in Architectural Studies (BSAS) undergraduate pre-professional degree that prepares students for professional, masters-level training in architecture and other design fields. As the urban center of the state with strong ethnic communities, Milwaukee makes an appropriate setting for the study of architecture and urban planning.

In addition to the degrees listed above, SARUP offers a Master of Architecture/Master of Urban Planning, a coordinated professional degree program designed for persons seeking integrated study in both areas. A non-professional Master of Science in Architecture is available for students who wish to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. A PhD in Architecture is offered for persons who seek careers in research and teaching in architecture and allied fields, in consulting, or in roles in government and professional practice requiring advanced skills and research experience.

Most states require that an individual intending to become an architect hold an accredited degree. There are two types of degrees that are accredited by the National Architectural Accrediting Board:

1. the Bachelor of Architecture, which requires a minimum of five years of study, and
2. the Master of Architecture, which requires a minimum of three years of study following an unrelated bachelor's degree or two years following a related pre-professional bachelor's degree.

These professional degrees are structured to educate those who aspire to registration/licensure as architects.

The four-year, pre-professional degree, where offered, is not accredited by NAAB. The pre-professional degree is useful for those wishing a foundation in the field of architecture, as preparation for either continued education in a professional degree program or for employment options in architecturally related areas.

Requirements for Employment, Licensing, or Professional Organizations

Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.

ARCHITECTURE

The Department of Architecture remains steadfastly committed to a tectonic conception of architectural practice. Students learn how to put a building together and how to derive formal poetics from constructive assembly. This passionate commitment to conventional tectonics is complemented and challenged by many avenues of experimentation and research that confront professional norms. Elective courses propose alternative practices and theories for architecture by speculating on thermodynamic form, cultural geography, performative envelopes, digital prototyping, and new ecological and programmatic compositions for water management. Sponsored studios leverage expertise from the professional community in unique partnerships that benefit students and also have an impact on the community and region—in many cases through constructed works.

Maximum curriculum choice is considered a hallmark of the architecture curriculum at UWM. After completing the core educational requirements, students are able to construct an educational path from a wide array of elective seminars, independent study, research assistantships, and studios that best suits their personal values and aspirations. Our goal is for students to be committed to architecture as a form of disciplinary inquiry that is compositionally ambitious, technically provocative, and to continually reinvent professional ethics and beauty.

Students in the School of Architecture and Urban Planning (SARUP) are passionate about architecture, and accomplished and dedicated faculty and alumni work tirelessly to provide the best experience to those they are mentoring. SARUP students benefit by studying in a small and strong school that offers individual attention and guidance within the context of an urban campus in a culturally vibrant city.

• Architecture, PhD (p. 65)

Limitations

The Department reserves the right to cap admissions into the minor on the basis of course availability. Students in the major have first priority registration for all courses in the Department. In cases of full capacity, students enrolled in the minor will be ranked and admitted into the program or into a course on the basis of overall GPA.

For more information about requirements for the minor, contact Tammy Taylor, Undergraduate Advisor, School of Architecture and Urban Planning, AUP 225, ttaylor@uwm.edu, (414) 229-4015.

Accident and Health Insurance

Use of the School’s woodworking shop requires that students provide evidence of personal accident and health insurance to the School of Architecture and Urban Planning Dean’s Office.

Architecture Courses

ARCH 100 Architectural Making I
3 cr. Undergraduate.
An introductory course about architecture and architectural making. 2D and 3D form and space tested through the theoretical, pragmatic, and contextual issues that influence architecture.
Prerequisites: none.
General Education Requirements: A
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 101 Introduction to Architectural Theory
3 cr. Undergraduate.
A survey of architectural design theory through research analysis and criticism of works and ideas of significant architects and architectural theorists.
Prerequisites: none.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

ARCH 102 Architectural Thinking I
3 cr. Undergraduate.
Broad overview of the histories and theories that have shaped the discipline of architecture: its histories, theories and methodologies.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ARCH 103 Architectural Making II
3 cr. Undergraduate.
Survey and application of twentieth century design techniques in architecture.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

ARCH 104 Architectural Thinking II
3 cr. Undergraduate.
Canonical buildings since 1800 alongside their accompanying theoretical texts are evaluated within the discipline and allied fields of inquiry.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

ARCH 110 New Student Orientation
1 cr. Undergraduate.
An overview of the School of Architecture and Urban Planning, the architecture and urban planning professions, academic requirements, and student resources.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ARCH 190 Special Topics
1-3 cr. Undergraduate.
Presentation of new material on experimental basis. Material appropriate for testing interest and ability in architecture. Specific credits and any prerequisites announced in Schedule of Classes whenever course is offered.
Prerequisites: none. 
Course Rules: May be retaken w/chg in topic to 9 cr max. 
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 282 Visualization 1
3 cr. Undergraduate.
Development of precise standards of drawing and the history and techniques of descriptive and analytical drawing.
Prerequisites: acceptance to Level 2; or cons instr. 
Last Taught: Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 283 Visualization 2
3 cr. Undergraduate.
Exploration of the potential for representation to communicate generative, atmospheric, and presentational qualities.
Prerequisites: Arch 282(P). 
Current Offerings: http://uwm.edu/schedule

ARCH 300 Architectural History and Theory
3 cr. Undergraduate/Graduate.
Introduction to architectural history and its theoretical base. The course covers classical architecture to the present, focusing on the theories underlying architecture of a period.
Prerequisites: acceptance to Level 2 or arch studies minor; or grad st. 
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014. 
Current Offerings: http://uwm.edu/schedule

ARCH 301 Architecture Systems 1
3 cr. Undergraduate/Graduate.
The behavior of structures, structural materials and planning, and the principles and performance of building envelope systems.
Prerequisites: acceptance to level 2 or arch studies minor; or grad st. 
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015. 
Current Offerings: http://uwm.edu/schedule

ARCH 302 Architecture and Human Behavior
3 cr. Undergraduate/Graduate.
Introduction to behavioral, social and cultural factors and their implications for the design and planning of the built environment.
Prerequisites: jr st & acceptance to level 2 or arch studies minor; or grad st. 
Current Offerings: http://uwm.edu/schedule

ARCH 303 Architecture Systems 2
3 cr. Undergraduate/Graduate.
Investigation of environmental control and life safety requirements and their implications on architectural form and design.
Prerequisites: acceptance to level 2 or arch studies minor; or grad st. 
Current Offerings: http://uwm.edu/schedule

ARCH 304 Contemporary Criticism and Urbanism
3 cr. Undergraduate/Graduate. 
Disciplinary methods and themes through rigorous readings of texts and objects concerning contemporary architectural criticism, and histories and theories of urban form and urban planning.
Prerequisites: jr st. 
Last Taught: Fall 2017. 
Current Offerings: http://uwm.edu/schedule

ARCH 310 Fundamentals of Architectural Design I
6 cr. Undergraduate.
Formal concepts that order the production of architecture, using physical and virtual models, sketches, and drafted, scaled, orthographic drawings. Issues related to site, function and environment.
Prerequisites: acceptance to Level 2. 
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014. 
Current Offerings: http://uwm.edu/schedule

ARCH 320 Fundamentals of Architectural Design II
6 cr. Undergraduate.
Architectural design as a synthetic discipline that considers material/ spatial experience, contextual analysis, formal concepts, and social/ cultural relationships. Material/graphic representation explored in models, drawings, collage and renderings.
Prerequisites: Arch 310(P). 
Current Offerings: http://uwm.edu/schedule

ARCH 340 Urban Design
3 cr. Undergraduate/Graduate. 
Survey of urban design, including the study of precedents, recent philosophy, design vocabulary, behavioral responses, and implementation strategies.
Prerequisites: jr st; acceptance to Level 2 or arch studies minor & Arch 300(P); or grad st. 
Last Taught: Fall 2016, Fall 2014, Fall 2012, Fall 2011. 
Current Offerings: http://uwm.edu/schedule

ARCH 350 Greening Milwaukee
3 cr. Undergraduate. 
City wide environmental organizations are organized into lecture series on the state of sustainable issues. Thirty hours of service are required.
Prerequisites: soph st. 
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013. 
Current Offerings: http://uwm.edu/schedule

ARCH 380 Drawing in Architecture
3 cr. Undergraduate/Graduate. 
Visual communication skills are developed in relation to basic design theory and architectural design process.
Prerequisites: jr st & acceptance to level 2 or arch studies minor; or grad st. 
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014. 
Current Offerings: http://uwm.edu/schedule

ARCH 382 Introduction to Building Information Modeling (BIM)
3 cr. Undergraduate/Graduate. 
Principles of Building Information Modeling and the interface and workflow of Autodesk's Revit.
Prerequisites: jr st & acceptance to level 2 or arch studies minor; or grad st. 
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016. 
Current Offerings: http://uwm.edu/schedule
ARCH 383 Landscape Architecture
3 cr. Undergraduate/Graduate.
Introduction to the history of landscape architecture as well as the
process of contemporary landscape architecture and its relationship to
contemporary architecture.
Prerequisites: jr st & acceptance to level 2 or arch studies minor; or grad
st.
Current Offerings: http://uwm.edu/schedule

ARCH 390 Special Topics:
1-3 cr. Undergraduate.
Provides a format for the development and presentation of new material.
Specific credits and any additional prerequisites announced in Schedule of
Classes whenever course is offered.
Prerequisites: jr st; acceptance to Level 2 or arch studies minor.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Current Offerings: http://uwm.edu/schedule

ARCH 391 Directed Research
3 cr. Undergraduate.
Student participation in research projects under faculty supervision.
Prerequisites: jr st; acceptance to Level 2 or arch studies minor & cons
instr.
Course Rules: May not be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 392 Independent Studies
3 cr. Undergraduate.
Independent investigation of issues related to architecture.
Prerequisites: jr st; acceptance to Level 2 or arch studies minor & cons
instr.
Course Rules: May not be retaken for cr.
Current Offerings: http://uwm.edu/schedule

ARCH 410 Architectural Design I
6 cr. Undergraduate.
Design projects explore basic issues: clients' needs; site planning;
masonry, wood, and steel construction; health and safety. Composition
employs analysis of precedent.
Prerequisites: Arch 320(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 420 Architectural Design II
6 cr. Undergraduate.
Design projects explore complex contexts and programs. Solutions
employ hybrid construction technologies, and codes for safety and
accessibility; they also integrate interior and exterior spaces.
Prerequisites: Arch 410(P).
Current Offerings: http://uwm.edu/schedule

ARCH 497 Study Abroad:
3-12 cr. Undergraduate.
Study and/or field study designed to provide relevant course work for a
study abroad program in architecture.
Prerequisites: acceptance to Level 2 or arch studies minor & Study Abroad Program.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ARCH 510 Survey of Structural Analysis and Design
3 cr. Undergraduate/Graduate.
Statics, strength of materials and analysis of simple structural elements
and systems. Design and economics of simple building structures.
Prerequisites: sr st & Arch 301(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 516 Building Construction
3 cr. Undergraduate/Graduate.
Review and analysis of architectural construction systems in relation to
building projects of various scales. Construction techniques and contract
documentation are covered.
Prerequisites: sr st; Arch 301(P) & Arch 410(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 520 Environmental Systems: Illumination and Thermal Comfort
3 cr. Undergraduate/Graduate.
The impact of visual and thermal comfort requirements on the design of
building enclosures, lighting systems and HVAC systems.
Prerequisites: sr st, Arch 301(P) & 303(P); or grad st.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 521 Environmental Systems: Resources-Fluid Distribution Systems
3 cr. Undergraduate/Graduate.
Water resources supplies and treatment, distribution and disposal systems. Atmospheric and thermal comfort. Air treatment, distribution
systems, and related energy systems for human comfort.
Prerequisites: sr st & Arch 303(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 522 Environmental Systems: Lighting and Acoustical Design
3 cr. Undergraduate/Graduate.
The development and application of visual/auditory comfort criteria, lighting and acoustical design, and their architectural design
implications.
Prerequisites: sr st & Arch 303(P); or grad st.
Last Taught: Fall 2015, Spring 2013, Spring 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ARCH 533 Topics in Architectural Theory:
3 cr. Undergraduate/Graduate.
This variable content course will focus on the study of a particular
architectural theory or the work of an individual architect and its
theoretical base.
Prerequisites: sr st & Arch 300(P) or grad st.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
ARCH 534 Field Study
3 cr. Undergraduate/Graduate.
Theoretical developments and their historical contexts are explored in a
particular setting. Focus and setting are announced in advance.
Prerequisites: jr st; Arch 300(P).
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

ARCH 550 Seminar in Building Types and Settings
3 cr. Undergraduate/Graduate.
Development and usage of various building types and settings based
upon social, behavioral, political, and economic factors.
Prerequisites: sr st & Arch 300(P) or 302(P), or cons instr.
Last Taught: Summer 2017, Spring 2017, Summer 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ARCH 551 American Vernacular Architecture
3 cr. Undergraduate/Graduate.
Introductory seminar on the historical development of all forms of
vernacular and popular architecture. Buildings are analyzed in detail
within their cultural contexts.
Prerequisites: sr st & Arch 300(P); or grad st.
Last Taught: Summer 2016, Fall 2013, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ARCH 553 Vernacular Buildings and Groupings
3 cr. Undergraduate/Graduate.
Study of the patterns and characteristics of human settlements and
individual structures built according to local traditions.
Prerequisites: sr st & Arch 302(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 560 Introduction to Historic Preservation
3 cr. Undergraduate/Graduate.
Research, discussion and case study development to explore political,
social/historical, economic and design/restoration issues of preservation
and adaptive use of buildings.
Prerequisites: sr st & Arch 300(P); or grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 561 Measured Drawing for Architects
3 cr. Undergraduate/Graduate.
History and theory of measured drawings, field measuring and recording
techniques, and production of drawings based on procedures of the
Historic American Building Survey.
Prerequisites: sr st & Arch 301(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 562 Preservation Technology Laboratory
3 cr. Undergraduate/Graduate.
Laboratory focusing on the historic preservation of architectural detail.
Students will examine historic technologies, write papers on them, and
execute them in detail.
Prerequisites: sr st & Arch 301(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 580 Graphic Techniques for Architects
3 cr. Undergraduate/Graduate.
Architectural presentation techniques focusing on the application of
various graphic media including color pencil, pastel, watercolor, marker,
and air-brush.
Prerequisites: sr st & acceptance to Level 2 or arch studies minor; or grad
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 581 Law and Professional Practice for Architects
3 cr. Undergraduate/Graduate.
An introduction to architectural practice; content includes office
procedures, contract management, legal constraints.
Prerequisites: sr st & acceptance to level 2 or arch studies minor; or grad
Current Offerings: http://uwm.edu/schedule

ARCH 583 Emerging Digital Technology:
3 cr. Undergraduate/Graduate.
Laboratory focusing on the theory and application of emerging digital
tools to contemporary problems of architectural design and professional
practice. Proficiency in MicroStation, Rhino, formZ, or SketchUp required.
Prerequisites: jr st & acceptance to Level 2 or arch studies minor; or grad
Course Rules: May be retaken w/chg in topic to a max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 584 Urban Landscape Architecture
3 cr. Undergraduate/Graduate.
Study of historic and contemporary exterior urban space, urban site
planning methodology; design and detailing of exterior urban space;
pedestrian and vehicular movement; use of plant materials.
Prerequisites: sr st & acceptance to level 2 or arch studies minor; or grad
Current Offerings: http://uwm.edu/schedule

ARCH 585 Research Methods in Architecture
3 cr. Undergraduate/Graduate.
Review of various data collection and analysis methods used in
architectural research and design; exploration of the epistemological
foundations of our knowledge about the built environment.
Prerequisites: sr st & acceptance to Level 2; or grad st.
Last Taught: Spring 2016, Fall 2011, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ARCH 586 Programming for Architectural Design
3 cr. Undergraduate/Graduate.
Analysis and development of architectural programs: goals, user
requirements, socio-cultural determinants, design criteria, site selection
and analysis, building type analysis, code analysis, and cost projections.
Prerequisites: sr st & Arch 302(P); or grad st.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ARCH 587 Post-Occupancy Evaluation of Built Environments
3 cr. Undergraduate/Graduate.
Evaluation of built environments: technical, functional, and socio-behavioral factors; design of post-occupancy evaluation studies and instruments; and analysis of a built environment.
Prerequisites: sr st & Arch 302(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 650 Intermediate Design Studio
6 cr. Undergraduate.
Intermediate concepts and methods of architectural design relevant to contemporary theory and practice.
Prerequisites: Arch 420(P).
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Spring 2018, Fall 2017.
Current Offerings: http://uwm.edu/schedule

ARCH 716 Art of Detailing
3 cr. Graduate.
Seminar/workshop dealing with creative aspects of architectural construction technology. Building details are analyzed with respect to technical appropriateness, durability, context and design consequences.
Prerequisites: grad st; Arch 516(P) & 1 600 or above level studio; Arch 501(R) or 510(R).
Last Taught: Spring 2013, Fall 2010, Fall 2009, Fall 2008.
Current Offerings: http://uwm.edu/schedule

ARCH 723 Fundamentals of Ecological Architecture
3 cr. Graduate.
Investigation of the ecological issues affecting an architectural design process that aims to produce buildings, landscapes and cities with minimal demands on the environment.
Prerequisites: grad st. Counts as repeat of ARCH 790 with same title.
Last Taught: Spring 2018, Spring 2017, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 749 Urban Design as Public Policy
3 cr. Graduate.
Orients students in urban planning to urban design problems as matters of public policy with focus on the analysis and implementation of urban design proposals rather than on the techniques used to generate such proposals.
Prerequisites: grad st.
Course Rules: Not open to students who have cr in UrbPlan 857 which is identical to Arch 749.
Last Taught: Fall 2015, Fall 2011, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ARCH 750 Proseminar in Environment Design Research
3 cr. Graduate.
Intensive review of important findings in environmental design from research and professional literature and analysis of impacts on the built environment.
Prerequisites: grad st; Arch 585(C), or cons instr.
Current Offerings: http://uwm.edu/schedule

ARCH 751 Theories of Environment Design Research
3 cr. Graduate.
Systematic review and critique of the major concepts, models, and theories of environmental design; their adequacy relative to current data; needed tests; applicability to environmental policy, planning, and design.
Prerequisites: grad st; Arch 750(P); UrbPlan 740(P)or equiv; or cons instr.
Current Offerings: http://uwm.edu/schedule

ARCH 760 History of Building Technology
3 cr. Graduate.
An examination of evolving technology in architecture from antiquity to the mid-twentieth century, concentrating on examples in the united states; includes field trips.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 770 The Built Environment and Real Estate Development
3 cr. Graduate.
A course providing an understanding of the relationships between economics and architectural design and skills in manipulation of variables in both areas on real projects.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 780 The Built Environment and Real Estate Development
3 cr. Graduate.
A course providing an understanding of the relationships between economics and architectural design and skills in manipulation of variables in both areas on real projects.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 781 Theories of Environment Design Research
3 cr. Graduate.
Systematic review and critique of the major concepts, models, and theories of environmental design; their adequacy relative to current data; needed tests; applicability to environmental policy, planning, and design.
Prerequisites: grad st; Arch 750(P); UrbPlan 740(P)or equiv; or cons instr.
Current Offerings: http://uwm.edu/schedule

ARCH 782 Visualization 1
3 cr. Graduate.
Development of precise standards of drawing and the history and techniques of descriptive and analytical drawing.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ARCH 783 Visualization 2
3 cr. Graduate.
Exploration of the potential for representation to communicate generative, atmospheric, and presentational qualities.
Prerequisites: grad st; Arch 782(P)
Current Offerings: http://uwm.edu/schedule

ARCH 785 Advanced Research Methods in Architecture
3 cr. Graduate.
Advanced treatment of existing and emerging qualitative and quantitative research and analysis methods, including research designs, scholarly, structural, field, survey, experimental and multivariate methods.
Prerequisites: grad st; Arch 585; UrbPlan 740 or equiv or cons instr.
Current Offerings: http://uwm.edu/schedule

ARCH 786 Advanced Research Methods in Architecture
3 cr. Graduate.
Advanced treatment of existing and emerging qualitative and quantitative research and analysis methods, including research designs, scholarly, structural, field, survey, experimental and multivariate methods.
Prerequisites: grad st; Arch 585; UrbPlan 740 or equiv or cons instr.
Current Offerings: http://uwm.edu/schedule

ARCH 788 Green Building Seminar
3 cr. Graduate.
Investigation and research into the environmental and architectural opportunities and constraints of building and landscape materials.
Prerequisites: grad st. Counts as repeat of ARCH 790 with same title.
Current Offerings: http://uwm.edu/schedule
ARCH 790 Special Topics: 
1-3 cr. Graduate.
Development and presentation of new material on an experimental, one-term basis. Specific cr & any additional prereqs announced in schedule of classes whenever course is offered.
Prerequisites: grad st.
Course Rules: Retakeable with change in topic to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 791 Master's Level Directed Research
1-3 cr. Graduate.
Student participation in research projects under faculty supervision.
Prerequisites: grad st; cons instr.
Course Rules: Retakable to 3 cr max.
Last Taught: Spring 2018, Fall 2017, Summer 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 792 Master's Level Independent Studies and Research
1-3 cr. Graduate.
Independent investigation of issues related to architecture.
Prerequisites: grad st; cons instr.
Course Rules: Retakable to 3 cr max.
Current Offerings: http://uwm.edu/schedule

ARCH 794 Pre-Thesis or Master's Project Research
3 cr. Graduate.
Background preparation and research completed prior to master's thesis or project.
Prerequisites: grad st; eligibility for thesis or master's project next semester.
Current Offerings: http://uwm.edu/schedule

ARCH 797 Study Abroad:
3-12 cr. Graduate.
Studio and/or field study designed to provide relevant course work for a study abroad program in architecture.
Prerequisites: grad st; acceptance to Study Abroad Program.
Course Rules: Retakable to 12 cr max w/chg in topic.
Current Offerings: http://uwm.edu/schedule

ARCH 810 Architectural Design I
6 cr. Graduate.
This design studio introduces students to theories and methodologies of architectural design. Design projects explore various design procedures, graphic techniques, and building tectonics.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ARCH 820 Architectural Design II
6 cr. Graduate.
This design studio further develops the theories and methodologies of architectural design. Design projects emphasize specific issues of theory, structure, context, program, and graphic communication.
Prerequisites: grad st; Arch 810(P).
Current Offerings: http://uwm.edu/schedule

ARCH 850 Advanced Design Studio:
6 cr. Graduate.
Advanced design studio emphasizing schematic design to detailed development of programmatic spaces, structural and environmental systems, life-safety provisions, wall sections, and building materials and assemblies.
Prerequisites: grad st & Arch 516(C).
Course Rules: Retakeable w/chg in topic to 12 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirements.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

ARCH 890 Master's Thesis
6 cr. Graduate.
Production of a written thesis under the supervision of a faculty committee selected by student.
Prerequisites: grad st; cons advisor; cons chair if taken before final semester.
Last Taught: Spring 2017, Spring 2015, Fall 2014, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ARCH 891 Master's Project
6 cr. Graduate.
Production of an independent design project under the supervision of a faculty committee selected by student.
Prerequisites: grad st; cons advisor; cons chair if taken before final semester.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ARCH 990 Doctoral Dissertation
3-12 cr. Graduate.
Research toward the completion of the PhD dissertation under the direction of the candidate's dissertation chair and committee.
Prerequisites: grad st; admis to candidacy for the PhD; & cons PhD prog comm.
Course Rules: May be retaken.
Current Offerings: http://uwm.edu/schedule

ARCH 991 Doctoral Level Research
1-3 cr. Graduate.
Research work for doctoral students in Architecture.
Prerequisites: grad st; cons instr
Course Rules: Retakable to 12 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
ARCH 992 Doctoral Level Independent Work
1-3 cr. Graduate.
Independent study on topics selected in agreement with supervising professor.
Prerequisites: grad st; cons instr
Course Rules: Retakable to 12 cr max.
Current Offerings: http://uwm.edu/schedule

Architectural Studies, BS

The Bachelor of Science, Architectural Studies (BSAS) is a four-year undergraduate pre-professional program that prepares students for graduate studies in architecture and related design and construction fields. The primary goal of the BSAS program is to introduce students to architecture as both a technical and cultural practice. Students accrue skills in architectural thinking, design, visualization, fabrication, prototyping and simulation. The program lays a foundation of unique problem-solving skills empowering students to change the world.

The four-year BSAS program is comprised of a three-year core, followed by one year of specialized and individualized study. Over the course of their studies, BSAS students enroll in a variety of design studios, lectures and seminars to accrue skills in architectural making, thinking, design, visualization, digital fabrication, prototyping, and simulation. In addition to learning essential analytical and creative-problem solving skills through design, students are required to complete courses in architectural systems (structures, construction and environmental/building technology), behavioral, social and cultural factors in design, and the role of criticism in contemporary architecture and urbanism. In their fourth year, students select from a wide range of architectural electives and advanced studios, allowing them the opportunity to craft a curriculum based on their areas of interest.

Graduates of the BSAS program can continue their studies at the UW-Milwaukee School of Architecture and Urban Planning by applying to the Master of Architecture (M.Arch) (p. 61), Master of Science in Architecture (M.S.) (p. 64), or Master of Urban Planning (MUP) (p. 77) program.

Admission Standards

New Freshmen

New freshman admission to the School of Architecture and Urban Planning is based on an overall assessment of both academic and non-academic qualifications. The primary review factors for admission are the strength and quality of the high school curriculum, high school class percentile, grade point average, and the ACT or SAT. For preferential consideration, applications (including ACT or SAT scores) must be completed no later than March 1 (for summer/fall term) or December 1 (for spring term). Applications not complete by the priority date or not meeting these admission criteria will be considered on a space-available basis.

See general freshman admission requirements (p. 13) of the University for additional information.

Academically qualified international student applicants must have a TOEFL score of at least 79 (iBT) or IELTS score of 6.0, or may be admitted following successful completion of the Intensive English Program at UWM, as demonstrated by an appropriate TOEFL score.

Transfer Students

Transfer students are admitted on a selective basis. Preference is given to students whose applications are completed, including all required supporting documents, no later than April 1 (for the following summer/fall term) or November 1 (for the following spring term) and who have completed (or will have completed by the anticipated enrollment date) at least 24 degree credits with a cumulative grade point average of at least 2.5 (on a 4.0 scale). In addition, transfer applicants must meet the same high school English and mathematics course requirements as new freshman applicants. International transfer student applicants also must meet the minimum TOEFL requirement.

Students enrolled in other UWM schools or colleges who wish to enter the architecture program will also be considered for admission on the basis of the criteria listed above. Interested students should schedule an appointment with Tammy Taylor, Undergraduate Advisor, (414) 229-4015.

Second Degree Students

Second-degree candidates enrolled in architecture courses are classified as seniors in architecture. They are not subject to the University’s General Education Requirements; however, they must complete (or have completed) the Mathematics and Physics Competency Requirements. Admission to the School as a second-degree candidate requires a cumulative grade point average of at least 2.75 (on a 4.0 scale) on the previous undergraduate record. Applications must be completed no later than March 1 (for the summer/fall term) or October 1 (for the spring term). For information on second-degree requirements, students should schedule an appointment with Tammy Taylor, Undergraduate Advisor, (414) 229-4015.

Level 1 (Pre-Architecture)

Students applying to the University of Wisconsin-Milwaukee and declaring a primary interest in architectural studies on their application forms will be designated as Architectural Studies Level 1 (Pre-Architecture) students. They will be advised by the School’s undergraduate advisor in the Student Advising Office. The policies and procedures of the School of Architecture and Urban Planning apply to admitted students, even though they may be enrolled in courses in another school or college at UWM.

Pre-Architecture students are not automatically accepted into the Level 2 program.

Level 2 (Architectural Studies)

Entrance into Level 2 requires the following standards: completion of a minimum of 30 credits (sophomore standing); a cumulative GPA of at least 2.75 in both the overall college record and required Level 1 architecture courses (ARCH 100 , ARCH 102, ARCH 103, and ARCH 104, or their equivalent). Because enrollment is contingent upon available staffing and facilities, satisfaction of the minimum requirements does not guarantee admission to Level 2. The academic quality of the student’s Level 1 studies are carefully reviewed by the School’s BSAS Committee. Admission to the University does not guarantee acceptance by the Department of Architecture.

Enrollment priority is given to students with the highest cumulative GPAs for admission into ARCH 310 , the first introductory core studio in Level 2.

Transfer students applying to Level 2 must demonstrate that they have taken the equivalent of the Level 1 program of study (ARCH 100 , ARCH 102, ARCH 103, and ARCH 104).

Advanced students transferring from another architectural or related program (design, engineering, landscape architecture) may petition the BSAS Committee for advanced standing. Students must show that prior coursework parallels coursework in the Level 2 program. A minimum of two semesters of work, consisting of at least 24 credits in total, must be completed in residency for the bachelor’s degree.
BSAS Requirements

The minimum credits needed to graduate from this program is 120. Completion of this degree does not guarantee admission to graduate programs in architecture at UWM.

Competency Requirements

English:
- Oral and Written Communication Competency - Part A: Complete ENGLISH 102 with a grade of C or higher or place beyond ENGLISH 102 on the English Placement Exam (EPT)
- Oral and Written Communication Competency - Part B: Complete at least one OWC - B course

Mathematics:
- Quantitative Literacy Competency - Part A: Placement code of a 36 on the Math Placement Test; or a grade of C or better in both MATH 105 and MATH 117
- Quantitative Literacy Competency - Part B: Complete at least one QL-B course

Physics
- Select a college-level physics course from the following (or higher): 2-4
  - PHYSICS 100: Quantitative Preparation for Physics
  - PHYSICS 107: Physics in Everyday Life
  - PHYSICS 120: General Physics I (Non-Calculus Treatment)

Foreign Language
- Satisfied by one of the following: 0-8
  - Complete two years of a single foreign language in high school
  - Complete two semesters of a single foreign language in college
  - Demonstrate ability by examination

Directed Electives

- Arts 6
- Humanities 6
- Social Sciences 6
- Natural Sciences, to include a lab 6
- Additional 6 credits from any of the above categories 6

Level 2 Electives

Select 24 elective credits at the 300 level or above 5

Total Credits 112

1. In addition, the Department occasionally offers a special topics course (ARCH 190) for experimental coursework.
2. See schedule of classes (http://www4.uwm.edu/schedule) for this listing.
3. One course must satisfy the GER Cultural Diversity Requirement. A list of courses is provided in the online Schedule of Classes each semester under "General Education Requirements." One course must satisfy the Service Learning Requirement. A list of courses is provided in the online Schedule of Classes each semester.
4. The Department requires courses outside the department to give students a foundation in the arts, humanities, social sciences, and natural sciences. These courses satisfy the distribution area of the UWM General Education Requirements (GER)
5. Of these, 15 must be completed in the Department of Architecture. A minimum of 9 credits at the 300 level or above must be taken outside the Department of Architecture. Students intending to enter the M.Arch program will need to complete an ARCH 850 studio. For the BSAS degree, at least the last 24 credits must be earned in residency at UWM. A total of 120 credits is required for graduation. The minimum cumulative GPA required for all UWM credits and for all architecture credits attempted is 2.5.

The study of architecture at UWM consists of three levels that lead to the accredited professional degree of Master of Architecture. Students can enter the program at various levels depending on their background. Students with previous non-professional baccalaureate degrees should visit the Master of Architecture (M.Arch) (p. 61), Master of Science in Architecture (M.S.) (p. 64), or Master of Urban Planning (MUP) (p. 77) program pages for additional information.

All undergraduate students are required to meet the UWM General Education Requirements.

**Level 1 (Pre-Architecture)**

Freshman year should be taken at UWM. If taken at another institution whose credits are accepted for transfer by UWM, the student is expected to achieve equivalent background and skills. Significant differences in courses will require that additional coursework be completed prior to Level 2 admission.

**Level 2 (Architectural Studies)**

Sophomore, junior, and senior years, taken in the Department of Architecture. This period provides a general introduction to the problems and techniques of architectural design. Students who are accepted into Level 2 and complete the program receive the Bachelor of Science in Architectural Studies. This is not an accredited professional degree. It can provide, however, a foundation for employment as a non-professional in architecture or in fields related to architecture, construction, design, and planning, or for graduate study in architecture or in other disciplines concerned with the physical environment.

---

1. Elective studios are a form of creative project-based research.
2. Elective seminars and workshops are 3-credit classes investigating architectural issues through critical reading, thorough research, student discussions, and scholarly production.

### Honors and High Honors in the Major

Honors in the Major are granted to students who have earned a GPA of 3.500 or above for courses in the major and 3.250 GPA on the last 60 credits taken in residence at UWM (Level 2).

High Honors in the Major are granted to students who have earned a GPA of 3.750 or above for courses in the major and 3.500 GPA on the last 60 credits taken in residence at UWM (Level 2).

Dean’s Honors are granted to graduating seniors with the two highest cum GPAs (Level 2).

### Honors in the School of Architecture and Urban Planning

#### Dean's Honor List

GPA of 3.750 or above (Levels 1, 2), earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

#### Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

### Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

### Final Honors

Earned on a minimum of 60 graded UWM credits:

- Cum Laude - 3.500 or above
- Magna Cum Laude - 3.650 or above
- Summa Cum Laude - 3.800 or above

The Department of Architecture provides the following opportunities for students and faculty to develop coursework with a special focus.

**Independent Studies** course (ARCH 392) rewards students with credits for worthwhile activities originated by the students, such as special reading or research programs, community service, or independent design projects. To be eligible, students in the Department of Architecture must have completed one semester of work and must have a cumulative GPA of at least 3.0 in their work in the Department. Students in other UWM departments must have the permission of their own departments and the Department of Architecture.

The **Directed Research** course (ARCH 391) offers an opportunity for students to participate in current research projects of architecture faculty. Eligibility and approval for registration are at the discretion of the faculty members in charge of the projects.
The Special Topics course (ARCH 390) permits individual faculty members to develop special subjects on a one-semester basis. Special Topics courses are announced at registration for the following semester.

The Department has developed a semester-long Study Abroad Program that allows students to combine foreign travel and study under the tutelage of one or more departmental faculty members. The location of the program may vary from year to year. Admission to the program is selective, based on the student’s previous academic performance.

**Architectural Studies, Minor**

The Minor in Architectural Studies is designed for students not enrolled in the Architectural Studies major who are interested in a unique opportunity to stimulate their imagination and learn creative approaches to problem solving. This program will complement their current academic program with an in-depth understanding of architecture. The coursework exposes students to the fundamental principles that integrate design thinking with human behavior. Some students may wish to use the minor as a means of investigating possible graduate studies in architecture and some way wish to develop architectural specialties with other disciplines.

**Requirements**

Students who choose the Minor in Architectural Studies must have a declared major in another school or college at UWM and must have a minimum of a 2.5 grade point average. The minor consists of 18 credits in architecture courses. Nine credits numbered 300 or above must be taken in residence at UWM. All credits in the minor must be completed with an overall grade point average of at least 2.5, and no courses may be taken on a credit/no credit basis.

**Admission to the Minor**

Admission to the minor will be processed by the School of Architecture and Urban Planning Student Advising Office (AUP 225). To declare the Architectural Studies minor, students should schedule an appointment with Tammy Taylor, Undergraduate Advisor, (414) 229-4015.

**Course of Study**

Students who chose the minor in Architectural Studies must have a declared major in another school or college at a UW-System school and must have a minimum of a 2.5 grade point average. The minor consists of 18 credits in architecture courses. Nine credits numbered 300 or above must be taken in residence at UWM. All credits in the minor must be completed with an overall grade point average of at least 2.5, and no courses may be taken on a credit/no credit basis. Students must comply with the prerequisite requirements of courses to be taken under this program. Some of these requirements may be satisfied while in the program.

**Architectural Studies Minor: 18 credits**

- ARCH 320 Fundamentals of Architectural Design II
- ARCH 350 Greening Milwaukee
- ARCH 380 Drawing in Architecture
- ARCH 383 Landscape Architecture
- ARCH 390 Special Topics:

**Total Credits** 18

**Architecture, MArch: Ecological Design**

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires 2 to 3 years of graduate study, depending on the applicant’s previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

- MArch (pre-professional degree + 60 graduate credits)
- MArch (non-pre-professional degree + 90 credits)

**Master of Science in Architecture (MS)**

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional
settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

**PhD Program**

The Ph.D. Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history, theory, and criticism, human experience, social justice, and environmental advocacy.

**MArch/MUP Program**

In cooperation with the Department of Urban Planning, the Department of Architecture offers a Master of Architecture/Master of Urban Planning program that prepares students for careers requiring preparation in both fields. Both the MArch and MUP degrees are awarded simultaneously upon completion of this program. For more detailed information on this program see Credits and Courses section below.

**Additional Notes**

Individuals seeking to use the School’s Shop must first provide evidence of personal accident and health insurance to the Dean’s office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission to 2-Year Program**

An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture similar to the BS in Architectural Studies at UWM must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least five undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Submission of test results from the General Test portion of Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre).
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

**Admission to 3 Year Program**

An applicant with an undergraduate degree in a field other than architecture is normally admitted with two semesters of foundation courses (30 credits) required.

Admission to the 3 year program requires, in addition to general Graduate School requirements, an undergraduate GPA of at least 3.0 (4.0 scale), submission of test results from the General Test portion of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) (and TOEFL or IELTS, for international students), three letters of recommendation, and a portfolio of written and/or visual work.

**Admission to MArch/MUP Program**

Candidates seeking admission to the MArch/MUP program must apply to and be admitted to both programs. The requirements for admission to the Urban Planning Master’s degree program are detailed in the Urban Planning section of this Bulletin.

**Credits and Courses**

**2 Year Program**

The minimum degree requirement is 60 graduate credits, 48 of which must be in architecture, with a distribution of at least 39 credits in the following four categories:

<table>

Electives (3-18 credits)
The remaining credits required for the M.Arch degree are graduate-level electives in or outside the Department of Architecture.

Total Credits 60

1 For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu. Students who have completed any of the required distribution courses or their equivalents as undergraduates may substitute architectural electives.

2 One of the additional studios must be at the 800 level. A minimum grade of "B" (3.00) in each studio is required.

3 Year Program
Consult Student Advising Office for sequencing of courses, (414) 229-4015

An applicant with an undergraduate degree in a field other than architecture is normally admitted with 30 credits of foundation courses required.

The entry requirements totaling 30 cr. are as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARCH 300</td>
<td>Architectural History and Theory</td>

<td>Architectural Design II</td>
<td>6</td>
</tr>
</tbody>
</table>

Total Credits 30

Some of these requirements may be waived by the MArch Committee upon an applicant’s acceptance to the program or upon appeal, based on equivalent work. The requirements in the remaining two years include 60 graduate credits, 54 of which must be in architecture (including the capstone requirement), with at least 39 credits in the distribution areas of technology, theory, practice and design.

Transcript-Designated Concentration in Ecological Design
Students wishing to pursue this concentration must be enrolled in the Master of Architecture program and must complete a minimum of 21 credits from the following groups of courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARCH 723</td>

<td>9</td>
</tr>
</tbody>
</table>

At least 3 credits taken outside architecture

Capstone (Courses listed above) 6

Total Credits 21

For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu. Students who have completed any of the required distribution courses or their equivalents as undergraduates may substitute architectural electives.

Program Requirements
Major Professor as Advisor
The student must have a professor to advise and supervise the student’s studies as specified in Graduate School regulations

Architecture, MArch: Preservation Studies

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires 2 to 3 years of graduate study, depending on the applicant’s previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)
MArch (non-pre-professional degree + 90 credits)

Master of Science in Architecture (MS)
This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

PhD Program
The Ph.D. Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history, theory, and criticism, human experience, social justice, and environmental advocacy.

MArch/MUP Program
In cooperation with the Department of Urban Planning, the Department of Architecture offers a Master of Architecture/Master of Urban Planning program that prepares students for careers requiring preparation in both fields. Both the MArch and MUP degrees are awarded simultaneously upon completion of this program. For more detailed information on this program see Credits and Courses section below.

Additional Notes
Individuals seeking to use the School’s Shop must first provide evidence of personal accident and health insurance to the Dean’s office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

Admission Requirements
Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission to 2-Year Program
An applicant with an undergraduate major in architecture from UWM or a school with an accredited program in architecture similar to the BS in Architectural Studies at UWM must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these Department of Architecture requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average in architectural studies of at least 3.0 (4.0 scale).
- Completion of at least five undergraduate design studios.
- Three letters of recommendation from three previous faculty and/or members of the profession.
- Submission of test results from the General Test portion of Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre).
- Portfolio of architectural studies work.
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Admission to 3 Year Program
An applicant with an undergraduate degree in a field other than architecture is normally admitted with two semesters of foundation courses (30 credits) required.

Admission to the 3 year program requires, in addition to general Graduate School requirements, an undergraduate GPA of at least 3.0 (4.0 scale), submission of test results from the General Test portion of the Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) (and TOEFL or IELTS, for international students), three letters of recommendation, and a portfolio of written and/or visual work.

Admission to MArch/MUP Program
Candidates seeking admission to the MArch/MUP program must apply to and be admitted to both programs. The requirements for admission to the Urban Planning Master’s degree program are detailed in the Urban Planning section of this Bulletin.

Credits and Courses
2 Year Program
The minimum degree requirement is 60 graduate credits, 48 of which must be in architecture, with a distribution of at least 39 credits in the following four categories:

<table>

Capstone and Elective Credits (Students choose content specific to their area of interest)  

Capstone options (3-18 credits)

Select one of the following:

- ARCH 794 Pre-Thesis or Master’s Project Research
- A 500-level or higher architecture elective

Select one of the following:

- ARCH 890 Master’s Thesis
- ARCH 891 Master’s Project
- ARCH 850 Advanced Design Studio:

Electives (3-18 credits)

The remaining credits required for the M.Arch degree are graduate-level electives in or outside the Department of Architecture.

Total Credits = 60

1. For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu. Students who have completed any of the required distribution courses or their equivalents as undergraduates may substitute architectural electives.

2. One of the additional studios must be at the 800 level. A minimum grade of “B” (3.00) in each studio is required.

3 Year Program

Consult Student Advising Office for sequencing of courses, (414) 229-4015

An applicant with an undergraduate degree in a field other than architecture is normally admitted with 30 credits of foundation courses required.

The entry requirements totaling 30 cr. are as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARCH 300</td>
<td>Architectural History and Theory</td>
<td>3</td>

</tr>
<tr>
<td>ARCH 810</td>
<td>Architectural Design I</td>
<td>6</td>
</tr>
<tr>
<td>ARCH 820</td>
<td>Architectural Design II</td>
<td>6</td>
</tr>
</tbody>
</table>

Total Credits = 30

Some of these requirements may be waived by the MArch Committee upon an applicant’s acceptance to the program or upon appeal, based on equivalent work. The requirements in the remaining two years include 60 graduate credits, 54 of which must be in architecture (including the capstone requirement), with at least 39 credits in the distribution areas of technology, theory, practice and design.

Transcript-Designated Concentration in Preservation Studies

Students must complete a minimum of 21 credits from the following groups of courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ARCH 560</td>
<td>Introduction to Historic Preservation</td>

<td>History of Building Technology</td>
<td></td>
</tr>
<tr>
<td>ARCH 850</td>
<td>Advanced Design Studio:</td>
<td>3</td>
</tr>
</tbody>
</table>

Capstone (Courses listed above) and Preservation Elective credits  

Total Credits = 21

1. For list of qualifying courses, contact Student Advising Office, AUP 225 (414-229-4015), sarup-grad@uwm.edu.

3. Each enrollment in Arch 850 must must have a change in topic.

Program Requirements

Major Professor as Advisor

The student must have a professor to advise and supervise the student’s studies as specified in Graduate School regulations.

Architecture, MArch: Real Estate Development

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires 2 to 3 years of graduate study, depending on the applicant’s previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)
MArch (non-pre-professional degree + 90 credits)
Master of Science in Architecture (MS)
This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Program Requirements

Major Professor as Advisor

The student must have a professor to advise and supervise the student’s studies as specified in Graduate School regulations.

Architecture, MArch

The Master of Architecture, the first professional degree offered by the Department of Architecture, is accredited by the National Architectural Accrediting Board (NAAB). The degree program requires 2 to 3 years of graduate study, depending on the applicant’s previous academic background and qualifications. It offers a wide range of courses, with particular strengths in the areas of architectural design and integrated practice, ecological/sustainable design, digital design and fabrication, preservation, urban design, and design as a response to the physical, cultural, and social environment.

The Master of Architecture curriculum emphasizes design studio courses. Each of these studios is taught by faculty members who also offer courses in selective subjects.

A study abroad program allows students to combine international travel and study under the tutelage of a departmental faculty member for program credit. The location of the program may vary from year to year. Additional costs of travel, lodging, etc., must be borne by the student.

In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. NAAB, which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes three types of degrees: the Bachelor of Architecture, the Master of Architecture, and the Doctor of Architecture. Accreditation of architectural programs takes place on a cycle that may range from every few years to as many as eight years.

Doctor of Architecture and Master of Architecture degree programs may consist of a pre-professional undergraduate degree and a professional graduate degree that, when earned sequentially, constitute an accredited professional education. However, the pre-professional degree is not, by itself, recognized as an accredited degree.

The University of Wisconsin-Milwaukee, School of Architecture and Urban Planning, Department of Architecture, offers the following NAAB-accredited degree programs:

MArch (pre-professional degree + 60 graduate credits)
MArch (non-pre-professional degree + 90 credits)
Master of Science in Architecture (MS)

This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with PhD studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

PhD Program

The Ph.D. Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Theory

Architecture, MArch/Urban Planning, MUP

Joint program candidates must complete all of the requirements of
the M.Arch (p. 61) degree and the requirements stipulated by the
If at any time you are unsure about a published date or deadline, call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
As an applicant, you must meet Graduate School requirements plus these Department of Architecture requirements to be eligible for consideration for admission to the program:

1. Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
2. Three letters of recommendation from people familiar with your academic and/or professional work.
3. Submission of test results from the General Test portion of the Graduate Record Examination.
4. Resume, Curriculum Vitae, or Biographical Statement.
5. Portfolio/Work Samples (examples of professional work, design work, research, teaching, and/or other work relevant to advanced research).
6. For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

In addition, the Reasons Statement submitted to the Graduate School must also incorporate the following information:

1. Your proposed area of investigation.
2. A clear description of your intentions.
3. Why you believe the program is appropriate for your course of study.
4. How your proposed area of study fits with faculty interest areas.

Credits and Courses
The minimum degree requirement is 30 graduate credits, of which 24 credits must be coursework in Architecture taken at the 500-level or above. Of the total 30 credits, each student is required to satisfy each of the four content areas below.

Joint Program Candidates
Joint program candidates must complete all of the requirements of the M.Arch degree and the requirements stipulated by the Department of Urban Planning. The Urban Planning Master’s program is detailed in the Urban Planning section of this Bulletin.

Program Requirements
Capstone Requirement
The student in the M.Arch/MUP program must complete the Architecture Capstone Requirement, and must also take and pass the comprehensive exam in Urban Planning.

Time Limit
The student must complete all degree requirements within seven years of initial enrollment.

Architecture, MS
This 30-credit non-professional degree program is appropriate for students who want to develop a personalized and specialized program of architectural studies centered on scholarly studies and research. Graduates will bring specialized knowledge to diverse professional settings that involve collaboration, interaction and communication with other professionals. Students propose their own course of study, to be reviewed and approved by faculty in accordance with the program requirements. Students may use the degree to explore their chosen field of research prior to continuation with Ph.D. studies or, if they are mid-career professionals, may shape or extend their expertise in a particular field relevant to their area of practice.

Admission Requirements

1 Students who have completed any of the required distribution courses or their equivalents as undergraduates may substitute architecture electives.

In addition, the Reasons Statement submitted to the Graduate School must also incorporate the following information:

1. Your proposed area of investigation.
2. A clear description of your intentions.
3. Why you believe the program is appropriate for your course of study.
4. How your proposed area of study fits with faculty interest areas.
Program Requirements

Admission

Major Professor as Advisor

Upon admission, each student is assigned a faculty advisor to advise and supervise the student's studies.

Master's Thesis or Project

The student must submit an acceptable master's thesis or master's project and orally defend it.

Time Limit

The student must complete all degree requirements within five years of initial enrollment.

Architecture, PhD

The Department offers a program of advanced study and research leading to the Ph.D. degree in Architecture. For over 35 years, the Ph.D. Program in Architecture has been a mainstay of the University of Wisconsin-Milwaukee's reputation as a leader in architectural research and education. The Ph.D. Program in Architecture is a community of scholars, practitioners, activists, and educators who are committed to advancing the discipline and practice of architecture. Situated within a professional school of architecture, the program is both curiosity-driven and action-oriented. The faculty and students at the School of Architecture and Urban Planning seek to advance architectural discourse and knowledge at multiple levels of inquiry. They embrace intellectual inclusiveness and critical examinations of society, culture, ecology and technology, while pursuing questions related to architectural history, theory, and criticism, human experience, social justice, and environmental advocacy.

The Ph.D. is a research degree that requires general proficiency in one's field, distinctive accomplishment in a specialized area of expertise, and the conduct of significant independent research. Thus, the Ph.D. Program is appropriate for persons who wish to pursue research from a multi-disciplinary perspective and who seek careers in research, consulting, government, and/or teaching in architecture and the design profession.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

The Ph.D. program seeks to maintain a rich and diverse mix of students and thus encourages applicants with backgrounds in architecture, allied design fields, and/or the social and behavioral sciences. Likewise, the program is open to applicants holding undergraduate as well as graduate degrees. It is most important that applicants have a strong commitment to the conduct of advanced architectural research.

As an applicant, you must meet Graduate School requirements plus these Department of Architecture requirements to be eligible for consideration for admission to the program:

1. Undergraduate or graduate cumulative grade point average of at least 3.0 (4.0 scale).
2. Three letters of recommendation from persons in a position to assess your potential for advanced graduate research leading to a Ph.D.
3. Submission of test results from the General Test portion of the Graduate Record Examination. (http://uwm.edu/graduateschool/admission/#gre)
4. Resume, Curriculum Vitae, or Biographical Statement (1-2 pages total including your educational background, work/research experience, publications/projects completed and any recognitions/awards received).
5. Reasons Statement (2-3 page statement that includes your long-term goals, a summary of relevant work completed to date, your research interests, and your likely area of specialization within the doctoral program. Specifically address how your proposed program of study fits with the interests of program faculty).
6. For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT, or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Reapplication

A student who has received a master's degree in Architecture or in Urban Planning from the University of Wisconsin-Milwaukee must formally reapply for admission to the Graduate School before continuing studies toward the Ph.D. degree.

Credits and Courses

The Ph.D. Program requires a minimum of 54 credits beyond the baccalaureate degree. It is a research degree structured around a series of related, typically sequential (but occasionally overlapping) requirements as follows:

1. Complete a minimum of one year of core courses in the area of concentration, and the minimum residence requirement of 27 graduate credits subsequent to attaining full doctoral status, and 54 credits beyond the baccalaureate degree.
2. Develop a program of study.
3. Undertake courses in the core, area of concentration, and major and minor fields of study. Course requirements vary substantially depending upon the student's program of study, developed in consultation with, and in agreement with, the student's major professor.
4. Conduct an intermediate research project.
5. Complete the doctoral preliminary examinations leading to advancement to candidacy with dissertator status.
6. Design, conduct and defend an original dissertation that makes an original contribution to the scholarship of the field.

Depending on background preparation and amount of time spent in full-time residency, students should be able to complete the degree in approximately four to six years. Individual timetables will vary depending upon background preparation and time spent in full-time residency.
Program Requirements

Major Professor as Advisor
Upon admission, each student is assigned a faculty advisor. During the first semester, each student is expected to meet with their faculty advisor to develop a program of study. In general, the program of study consists of the proposed major field of study within the area of concentration, minor field(s) of study, and a brief description of coursework to be completed. Each student selects Major andMinor Professors to advise and supervise coursework and independent readings in preparation for the doctoral preliminary examination and completion of minor requirements. Upon admission to candidacy, each student defines a dissertation topic and selects a Major Professor as Dissertation Chair. Selection of the area of specialization and dissertation topic and of the Major and Minor Professors and Dissertation Chair is subject to approval by the Ph.D. Program Committee.

Foreign Language Requirement
A foreign language requirement is optional, depending upon the recommendation of the student’s Major Professor and the Ph.D. Program Committee.

Residence
The student must meet minimum Graduate School residence requirements.

Doctoral Preliminary Examinations
The student must pass doctoral preliminary examinations (“prelims”) to qualify for formal admission to candidacy for the degree. The Graduate School requires that you pass your prelims within five years of initial enrollment in your doctoral program.

The prelims have three written components and one oral review. The three written portions include questions on:

1. Theory.
3. Substantive area(s) of specialization and the minor field of study.

Candidacy
The student is officially admitted to candidacy for the Ph.D. degree after completing the residence requirement, core courses and intermediate research project, completing the courses in the area of specialization and minor field, and passing the doctoral preliminary examinations (and language examination, if required).

Dissertation
The candidate must design, conduct, and write a research dissertation which demonstrates ability to formulate a research topic and pursue independent and original research that makes a contribution to the field. Selection of the dissertation topic, Dissertation Chair, and Dissertation Committee is subject to approval of the Ph.D. Program Committee.

Dissertation Defense
The candidate must, as the final step toward the degree, pass an oral examination in defense of the dissertation. For more information on the dissertation defense, contact the graduate advisor in the School of Architecture and Urban Planning Student Advising Office, AUP 225.

Continuation
For further information about departmental policies in the Ph.D. program, please contact the graduate advisor in the School of Architecture and Urban Planning Student Advising Office, AUP 225.

Time Limit
All degree requirements must be completed within ten years from the date of initial enrollment in the doctoral program.

For additional information on Graduate School Ph.D. requirements, see the Doctor of Philosophy Degree Requirements (http://uwm.edu/graduateschool/doctoral-requirements/#residence).
URBAN PLANNING

Planners work to enhance quality of life and social equity for all, whether working on revitalizing an older neighborhood or developing a regional transportation plan that enhances opportunities for people of all incomes, ages, and physical abilities. Planners address the diverse needs of community members to build a better future.

Urban planning is an interdisciplinary field of study, reflected in the academic backgrounds of our faculty (http://uwm.edu/sarup/classification/urban-planning) who have expertise in economics, urban design, urban revitalization, transportation, sustainability, and the intersections between these areas of study.

Although the professional planning program offered at UWM is a master's degree requiring two years of graduate study, a number of planning courses are available to undergraduates. They include:

1. A cluster of introductory courses reviewing urban problems and solutions for freshmen and sophomores, and introducing urban planning to upper-level undergraduates.
2. A cluster presenting the planning process in a general urban context.
3. A group of upper-level courses that introduce more specialized aspects of planning in contexts ranging from neighborhoods, through suburbs, to new towns and planned communities; and approaches from fiscal planning to environmental issues.

These courses are offered to students interested in learning more about planning and the roles of planners in addressing urban problems, and complement other programs such as architecture, business, economics, engineering, geography, social work, sociology, and political science.

- Urban Planning, MUP: Real Estate Development (p. 75)
- Urban Planning, Undergraduate Certificate (p. 81)

Urban Planning Courses

URBPLAN 140 Issues in Contemporary Urban Planning
3 cr. Undergraduate.
To examine issues that cities are working on, including sustainability, transportation, economic development, and housing, and learn how planners address these.
Prerequisites: none.
General Education Requirements: SS
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 141 Urban Planning Solutions to Contemporary Urban Problems
3 cr. Undergraduate.
Professional role of urban planners in addressing social and economic justice considerations, including fair housing, economic opportunity, and health and environmental disparities.
Prerequisites: none.
General Education Requirements: SS
Current Offerings: http://uwm.edu/schedule

URBPLAN 292 Current Planning Issues:
3 cr. Undergraduate.
This course provides a format for the development and presentation of new material in Urban Planning on an experimental, one-term basis.
Prerequisites: soph st.
Course Rules: May be retaken w/content change to 9 cr max.
Current Offerings: http://uwm.edu/schedule

URBPLAN 315 Great Cities of the World: Their Growth and Guided Urbanization
3 cr. Undergraduate.
Great cities of the world, how they were built and developed. Culture, politics and economics, their role in urban planning and the built form.
Prerequisites: soph st.
Current Offerings: http://uwm.edu/schedule

URBPLAN 316 Planning for the Great Cities of America
3 cr. Undergraduate.
The study of planning and development programs of large American cities and their approaches to growth, change, and decay, with a view to future solutions.
Prerequisites: soph st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 350 Social Justice, Urban Planning and the New Multicultural America
3 cr. Undergraduate.
Examination of historical, sociological, economic and political relationships that impact urban communities. Community and social justice issues are addressed from a planning perspective.
Prerequisites: soph st.
General Education Requirements: CD
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

URBPLAN 399 Independent Study
3 cr. Undergraduate.
Independent investigation of issues related to urban planning.
Prerequisites: jr st; cons instr.
Course Rules: May not be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
URBPLAN 491 Urban Planning Internship
3 cr. Undergraduate.
Practical urban planning experience with a government agency or private firm under the supervision of a working expert and a faculty member.
Prerequisites: sr st & cons instr.
Last Taught: Fall 2015, Summer 2014, Spring 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

URBPLAN 497 Study Abroad:
3-12 cr. Undergraduate.
Field study designed to provide relevant course work for a study abroad program in urban planning.
Prerequisites: acceptance to Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

URBPLAN 591 Introduction to Urban Geographic Information Systems (GIS) in Planning
3 cr. Undergraduate.
Use of spatially related information including GIS and land record systems for improved productivity and decision making in service delivery, management, policy planning and land development.
Prerequisites: jr st.
Course Rules: Counts as repeat of UrbPlan 692 with same title.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

URBPLAN 630 Budgeting and Finance in the Public Sector
3 cr. Undergraduate/Graduate.
Examination of the budgeting process in the public sector; development of skills in budgeting and financial management. Topics include capital budgeting, debt management, revenue forecasting, and auditing.
Prerequisites: sr st or cons instr.
Course Rules: Jointly-offered w/ & counts as repeat of Pub Adm 630(Pol Sci 630).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 651 Land Use Planning Practice
3 cr. Undergraduate/Graduate.
Specific land planning methods and applications (subdivision regulation, zoning, site plan review, building permit process) used to implement community plans.
Prerequisites: sr st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 655 Negotiation Theory and Practice for Urban Planners
3 cr. Undergraduate/Graduate.
Negotiation theory and practice, focusing on skills used by planners in balancing the needs of general public with those of private interests.
Prerequisites: sr st or cons instr.
Course Rules: Counts as repeat of UrbPlan 692 with same title.
Current Offerings: http://uwm.edu/schedule

URBPLAN 662 Land Use Planning for Urban Redevelopment
3 cr. Undergraduate/Graduate.
Introduction to contemporary trends in urban redevelopment; focus on planning and development techniques used to revitalize declining urban areas.
Prerequisites: jr st.
Current Offerings: http://uwm.edu/schedule

URBPLAN 682 Planning for Sustainable Energy
3 cr. Undergraduate/Graduate.
An exploration of the need for sustainable energy, the potential savings in various alternatives, and the roles and specific actions local governments can take.
Prerequisites: sr st.
Last Taught: Fall 2013, Spring 1985.
Current Offerings: http://uwm.edu/schedule

URBPLAN 684 Planning Local Economic Development
1-3 cr. Undergraduate/Graduate.
Provides a format for the development and presentation of new material in Urban Planning on an experimental, one-term basis. Specific cr & any additional prereqs announced in Schedule of Classes whenever course is offered.
Prerequisites: jr st or cons instr.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

URBPLAN 701 Introduction to Land Use Planning
1 cr. Graduate.
Introduction to contemporary land use planning emphasizing the four primary tools of development regulation: comprehensive planning, zoning, subdivision regulation, and capital improvement programming.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 702 Introduction to Planning Law
2 cr. Graduate.
Constitutional and statutory authority for and limits on local government regulation of land use. Application of key concepts, including police power, due process, and property.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
URBPLAN 711 Planning Theories and Practice  
3 cr. Graduate.  
Theories about how planners should act in the planning process. History, values, and ethics of the profession; methods of participation; discussion of power in planning.  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 720 Urban Development Theory and Planning  
3 cr. Graduate.  
Spatial, social, economic, and political processes that shape urban development. Application of these processes to fomulate and critique urban plans and policies.  
Prerequisites: grad st; admis to UrbPlan or cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 721 Applied Planning Methods  
3 cr. Graduate.  
Data sources and analysis techniques for urban planning. Survey design, economic analyses, benefit/cost analysis, market areas; the complexities of public and private data sources.  
Prerequisites: grad st.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 740 Data Analysis Methods I  
3 cr. Graduate.  
Application of quantitative methods most commonly used in urban planning and analysis of the built environment.  
Prerequisites: grad st; admis to UrbPlan prog, Arch prog, or cons instr.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 751 Introduction to Urban Design and Physical Planning  
3 cr. Graduate.  
Planning for human needs as related to the physical layout and spatial design of urban environments.  
Prerequisites: grad st.  
Last Taught: Fall 2016, Fall 2014, Fall 2012, Fall 2011.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 762 Housing Markets and Public Policy  
3 cr. Graduate.  
An examination of national and local housing markets, their components and operations, and the impacts on them of a variety of public and private actions.  
Prerequisites: grad st.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 770 Government Public Relations and Advocacy  
3 cr. Graduate.  
External communications by public sector managers and planners for purposes of democratic accountability, fulfilling the mission of the agency, and communicating with elected officials.  
Prerequisites: grad st.  
Course Rules: UrbPlan 705 & Pub Adm 705 are jointly offered; they count as repeats of one another.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 771 Transportation Policy and Planning  
3 cr. Graduate.  
Seminar on the evolution of urban transportation systems and policies, transportation finance, land use and transportation interactions, and transportation planning and policy evaluation techniques.  
Prerequisites: grad st or cons instr.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 772 Pedestrian and Bicycle Transportation  
3 cr. Graduate.  
Current practices in pedestrian and bicycle transportation, including institutional frameworks, benefits, safety, facility design, network development, demand estimation, suitability assessment, and performance measurement.  
Prerequisites: grad st  
Current Offerings: http://uwm.edu/schedule

URBPLAN 782 Water Resources Planning  
3 cr. Graduate.  
Emphasis on planning for water across the water cycle (surface, groundwater, wetlands, etc.) integrating non-water resources (habitat, energy, GHG emissions, etc.) in an urban context.  
Prerequisites: grad st.  
Course Rules: Jointly offered with & counts as repeat of Frshwtr 782.  
Last Taught: Fall 2014.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 791 Introduction to Urban Geographic Information Systems for Planning  
3 cr. Graduate.  
Use of spatially related information including gis and land records systems for improved productivity and decision making in service delivery, management, policy-planning, and land development.  
Prerequisites: grad st.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 792 Using Urban Geographic Information Systems (GIS) for Planning  
3 cr. Graduate.  
A 'hands on' course in gis using commercial gis software in a computer laboratory setting to provide experience solving problems related to planning and government.  
Prerequisites: grad st; Urbplan 791(P) or Geog 525(P) or cons instr.  
Current Offerings: http://uwm.edu/schedule

URBPLAN 793 Applied Projects in Urban Geographic Information Systems  
3 cr. Graduate.  
Use of a geographic information system (GIS) and actual data from local government to analyze a real world problem or issue requiring spatial data analysis.  
Prerequisites: grad st; Urbplan 791 or cons instr.  
Current Offerings: http://uwm.edu/schedule
URBPLAN 794 Internet Geographic Information Systems (GIS)
3 cr. Graduate.
Seminar on theoretical background and hands-on experience with technologies for developing GIS applications on the Internet, the web, and wireless networks.
Prerequisites: grad st; UrbPlan 792(P) or Geog 625(P); or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 797 Study Abroad
3-12 cr. Graduate.
Field study designed to provide relevant course work for a study abroad program in urban planning.
Prerequisites: grad st; acceptance to Study Abroad Program
Current Offerings: http://uwm.edu/schedule

URBPLAN 810 Planning Policy Analysis
6 cr. Graduate.
Application of planning analysis tools in the context of policy issues involving planners; a case studies approach stressing both policy analysis and the role of the planner.
Prerequisites: grad st; UrbPlan 701(P), 702(P), 711(P), 720(P), 721(P), 740(P); or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

URBPLAN 811 Applied Planning Workshop
3 cr. Graduate.
Application of planning concepts, principles, processes and techniques to a selected realistic problem, issue, or project context at an appropriate scale ranging from the neighborhood to the state.
Prerequisites: grad st; UrbPlan 810(P).
Current Offerings: http://uwm.edu/schedule

URBPLAN 841 Seminar in Planning Analysis:
3 cr. Graduate.
Application of one planning methodology: theory, case studies, preparation and presentation of major student project.
Prerequisites: grad st.
Course Rules: Retakeable with change in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

URBPLAN 857 Urban Design as Public Policy
3 cr. Graduate.
Orients students in urban planning to urban design problems as matters of public policy with focus on the analysis and implementation of urban design proposals rather than on the techniques used to generate such proposals.
Prerequisites: grad st.
Course Rules: Not open to students who have cr in Arch 749 which is identical to UrbPlan 857.
Last Taught: Fall 2017, Fall 2015, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

URBPLAN 858 Studio in Urban Design and Physical Planning
6 cr. Graduate.
Projects and seminars apply urban planning principles to problems of urban design and physical planning to develop students' abilities to evaluate and effectively criticize proposals.
Prerequisites: grad st; Urbplan 751(P) or 857(P).
Current Offerings: http://uwm.edu/schedule

URBPLAN 880 Urban Sustainability
3 cr. Graduate.
Urban sustainable challenges and opportunities that impact the built environment. Includes review of traditional and innovative sustainable practices and regulations
Prerequisites: grad st.
Course Rules: Jointly-offered w/ & counts as repeat of UrbPlan 880.
Current Offerings: http://uwm.edu/schedule

URBPLAN 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st
Course Rules: Fee assessed for 1 cr.
Current Offerings: http://uwm.edu/schedule

URBPLAN 990 Graduate Thesis
3-6 cr. Graduate.
Thesis under the direction of graduate planning faculty.
Prerequisites: grad st, cons instr; successful completion of comprehensive exam.
Course Rules: May be retaken to max of 6 cr, which can be substituted for elective credits.
Last Taught: Spring 2016, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

URBPLAN 991 Legislative/Administrative Agency Internship
3-6 cr. Graduate.
Research project assignments with elected legislative officials and administrative agencies. Assignments will be cooperatively developed and supported by an integrating seminar discussing both experience and theory in a planning implementation context.
Prerequisites: grad st; cons instr.
Course Rules: May be retaken with change in topic to max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

URBPLAN 992 Seminar in Urban Planning:
1-3 cr. Graduate.
Advanced study of special topics in urban planning. Specific cr & any additional prereqs announced in schedule of classes whenever course is offered.
Prerequisites: grad st or cons instr.
Course Rules: Retakeable with topic change to max of 6 cr.
Current Offerings: http://uwm.edu/schedule
URBPLAN 999 Independent Study
1-3 cr. Graduate.
Individual work in urban planning. Variable content course.
Prerequisites: grad st; cons instr.
Course Rules: Retakeable to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

Geographic Information Systems, Graduate Certificate (School of Architecture and Urban Planning)
The Certificate in Geographic Information Systems is designed for those individuals seeking careers as GIS specialists, providing geographic data management, spatial analysis, and GIS system management support to professionals in a broad range of disciplines, such as criminal justice, health services, city and regional planning, civil and environmental engineering, transportation, and marketing. Certificate holders will seek employment in positions such as “GIS Specialist,” “GIS Analyst,” or “GIS Coordinator.”

The School of Architecture and Urban Planning, and the College of Letters and Science jointly offer the certificate. The core courses (12 credits) focus on the structure of geographic data, components for managing geographic information systems, spatial analysis, and delivery of geographic information through maps and displays. Students select the remaining 6 credits for the certificate from electives, which may include an internship, in areas such as remote sensing, map-making, and data management systems.

Upon completion of the certificate courses, a student is awarded the certificate which qualifies for 5 credential points in the GIS Certification Institute’s standards for professional certification in GIS.

Admission Requirements
Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses
A minimum of 6 credits each in Urban Planning and Geography courses are required for completion of the certificate. To earn the Certificate, one must complete six semester-long courses (with a minimum of 18 credits), satisfy graduate school criteria for successful completion and maintain at least a B (3.00) average among the following courses:

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. To be eligible for transfer, the course must have been completed within the last 2 years. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:
• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

Gainful Employment Disclosure Information
• UWM Financial Aid Gainful Employment (http://uwm.edu/financialaid/apply-for-aid/eligibility/non-degree-students/#primary)

Urban Planning, MUP: Geographic Information Systems

This concentration provides the skills and experience needed by professional planners to develop and use spatial analysis technology in both public and private organizations to improve their service delivery, management, and policy planning activities. Planning students learn state-of-the-art skills for using and analyzing data spatially in planning for improvements in transportation, housing, economic development, environment, natural resources, and related fields.

Related Certificates
• Certificate in Geographic Information Systems (p. 71)

Overview
The Urban Planning program at UWM is a professional, skills-oriented, master’s program designed to train students to perform a variety of planning-related jobs in either the public or private sector.

The program focuses on planning as a process for improving collective decisions in the public and private sectors. The planning process includes analyzing problems, designing alternative solutions and evaluating their consequences, developing strategies for action and participating in their implementation. This process is used in both government and business in developing policy for future action, so that today’s solutions do not become tomorrow's problems.

The program’s elective courses combined with other courses on campus enable the development of more specialized depth in several planning related areas under the following concentrations: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources.

The Department is staffed by faculty members who combine academic and professional qualifications and who are committed to active involvement in current issues. They teach by example, using case studies and projects involving actual situations in most courses. This approach injects reality into the educational environment, allows students to see the relevance of the material in the curriculum, and shows students how their courses relate to their professional practice.

The Milwaukee Metropolitan area of one-and-one-half million persons is a learning laboratory that classroom projects and faculty researchers use extensively. Moreover, students gain additional practical experience through internships in the wide array of planning positions available in the Milwaukee area.

MArch/MUP Coordinated Degree Program
In cooperation with the Department of Architecture, the Department of Urban Planning offers a Master of Architecture/Master of Urban Planning program to prepare students for positions as architect/planners. Students in the program concurrently pursue a Master of Architecture degree program and a Master of Urban Planning degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. For more detailed information on this program see Credits and Courses section below.
MS/MUP Coordinated Degree Program

In cooperation with the College of Engineering and Applied Science, the Department of Urban Planning offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas. Students in the program will concurrently pursue a Master of Urban Planning degree program in the Department of Urban Planning and a Master of Science in Engineering degree program from the College of Engineering and Applied Science. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MPA/MUP Coordinated Degree Program

A joint degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently. This program is intended to combine professional training in planning with applied administrative and managerial skills. More detailed information on this program can be found later in this section and in the Public Administration section of this Bulletin.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements plus these Department of Urban Planning requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation from three previous faculty and/or professionals.
- Submission of test results from the General Test portion of Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre).
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Candidates seeking admission to the M.Arch/MUP, the MPA/MUP, or the M.S./MUP program must apply to and be admitted to both programs. The requirements for admission to the Master of Architecture degree program are detailed in the Architecture section of this Bulletin. The requirements for admission to the Master of Science in Engineering program are detailed in the Engineering section of this Bulletin. The requirements for admission to the MPA program are detailed in the Public Administration section of this Bulletin.

Credits and Courses

The minimum degree requirement is 48 credits. Of these 48 credits, 27 are taken in the core curriculum, consisting of the following courses:

<table>

- URBPLAN 857 | Urban Design as Public Policy | 3 |

Concentration or Emphasis Area

Select a concentration or emphasis area 21

Total Credits 48

Emphasis Areas

The remaining 21 credits may be taken in the general option or any of the emphasis areas listed under the Overview tab: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources. Each emphasis area consists of a recommended cluster of courses which may include one or more planning electives as emphasis area core courses, and a selection of electives from among planning and other courses. Details of the emphasis area can be obtained from the Department of Urban Planning and are finalized in consultation with the student's academic advisor.

Transcript-Designated Concentration in Geographic Information Systems

Students must complete a minimum of 15 credits from the following groups of courses.

Select a minimum of 6 elective credits 1

Total Credits 15

1 For list of qualifying courses, contact Student Advising Office, AUP 225 (414) 229-4015, sarup-grad@uwm.edu.

Program Requirements

Major Professor as Advisor

The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A
student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

Transfer Credits
Graduate coursework in urban planning or a related discipline taken prior to a student's admission to the program may be considered for transfer to the master's degree.

Writing Assessment
Being able to write clearly and effectively is a critical skill for planners. The Urban Planning program encourages improvement in student’s writing skills by emphasizing writing improvement across the curriculum, and especially in the core courses.

In some cases, students require more intense instruction to improve their skills to the level needed for planning practice. Faculty members assess student writing proficiency in the first semester core courses. Students who lack the required level of proficiency may be required to take a writing course as part of their second semester program of study. Writing proficiency is also a required element of the comprehensive exam.

Comprehensive Examination
All students in the program must take a written comprehensive examination as a requirement for graduation. The examination is given between the second and third semesters so that any deficiencies can be eliminated in the second year of the program through structured courses or directed study. Successful completion of the exam, or successful completion of courses specified for removal of deficiencies, represents fulfillment of the comprehensive examination requirement. Students in the M.S./MUP program also must take and pass the comprehensive examination in engineering.

Thesis
No formal master’s project or master’s thesis is required for the MUP degree. However, a thesis may be substituted for as many as 6 elective credits. The student must obtain approval for the thesis proposal from any urban planning faculty member. The students may relate their thesis work to the program core, the general option, or an emphasis option.

Time Limit
The degree program itself is designed largely for full-time students. But the program does allow students up to seven years from the time of initial enrollment to complete all degree requirements.

Students in the M.Arch/MUP and MPA/MUP programs are allowed up to seven years from time of initial enrollment to complete all requirements for both degrees. Students in the M.S./MUP program are allowed up to five years from time of initial enrollment to complete all requirements for both degrees.

*Note* Individuals seeking to use the School's Shop must first provide evidence of personal accident and health insurance to the Dean's office. Since no accident or health insurance is provided to any user by the University, access to this resource will be prohibited to uninsured individuals.

Urban Planning, MUP: Real Estate Development

A concentration in real estate development provides a focused course of study for Master of Architecture and/or Master of Urban Planning students who wish to pursue careers in real estate development in combination with professional architectural practice or work with a private or public developer.

Related Certificates
- Certificate in Geographic Information Systems (p. 71)

Overview
The Urban Planning program at UWM is a professional, skills-oriented, master’s program designed to train students to perform a variety of planning-related jobs in either the public or private sector.

The program focuses on planning as a process for improving collective decisions in the public and private sectors. The planning process includes analyzing problems, designing alternative solutions and evaluating their consequences, developing strategies for action and participating in their implementation. This process is used in both government and business in developing policy for future action, so that today’s solutions do not become tomorrow’s problems.

The program’s elective courses combined with other courses on campus enable the development of more specialized depth in several planning related areas under the following concentrations: Urban Revitalization; Economic Development; Urban Geographic Information Systems; Transportation; Physical Planning and Urban Design; and Environmental Resources.

The Department is staffed by faculty members who combine academic and professional qualifications and who are committed to active involvement in current issues. They teach by example, using case studies and projects involving actual situations in most courses. This approach injects reality into the educational environment, allows students to see the relevance of the material in the curriculum, and shows students how their courses relate to their professional practice.

The Milwaukee Metropolitan area of one-and-one-half million persons is a learning laboratory that classroom projects and faculty researchers use extensively. Moreover, students gain additional practical experience through internships in the wide array of planning positions available in the Milwaukee area.

MArch/MUP Coordinated Degree Program
In cooperation with the Department of Architecture, the Department of Urban Planning offers a Master of Architecture/Master of Urban Planning program to prepare students for positions as architect/planners. Students in the program concurrently pursue a Master of Architecture degree program and a Master of Urban Planning degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. For more detailed information on this program see Credits and Courses section below.

MS/MUP Coordinated Degree Program
In cooperation with the College of Engineering and Applied Science, the Department of Urban Planning offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas. Students in the program will concurrently pursue a Master of Urban Planning degree program in the Department of Urban Planning and a Master of Science in Engineering degree program from the College of Engineering and Applied Science. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.
MPA/MUP Coordinated Degree Program

A joint degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently. This program is intended to combine professional training in planning with applied administrative and managerial skills. More detailed information on this program can be found later in this section and in the Public Administration section of this Bulletin.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrars/contact-us) online.

Admission
An applicant must meet Graduate School requirements plus these Department of Urban Planning requirements to be considered for admission to the program:

- Undergraduate cumulative grade point average of at least 3.0 (4.0 scale).
- Three letters of recommendation from three previous faculty and/or professionals.
- Submission of test results from the General Test portion of Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre).
- For international applicants whose first language is not English, a minimum TOEFL score of 100 iBT or a score of 7.0 on the International English Language Testing System (IELTS) exam is required. Applicants with TOEFL scores from 79-99 iBT, or an IELTS score of 6.5 will be considered for admission only with the stipulation that further coursework in English be taken.

Candidates seeking admission to the M.Arch/MUP, the MPA/MUP, or the M.S./MUP program must apply to and be admitted to both programs. The requirements for admission to the Master of Architecture degree program are detailed in the Architecture section of this Bulletin. The requirements for admission to the Master of Science in Engineering program are detailed in the Engineering section of this Bulletin. The requirements for admission to the MPA program are detailed in the Public Administration section of this Bulletin.

Credits and Courses

The minimum degree requirement is 48 credits. Of these 48 credits, 27 are taken in the core curriculum, consisting of the following courses:

<table>
<thead>
<tr>

Capstone
Select one of the following options:
Option A: A thesis that focuses on real estate:
URBPLAN 990 Graduate Thesis

Option B: A real estate development proposal developed for a private organization (business or non-profit) that is innovative and adds significant value to the built environment:
URBPLAN 999 Independent Study

Option C: A paper suitable for publication concerning real estate development, for which the student is either sole author or co-author with a faculty member.
URBPLAN 999 Independent Study

Total Credits 21

Program Requirements

Major Professor as Advisor
The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Department Chair.

Transfer Credits
Graduate coursework in urban planning or a related discipline taken prior to a student's admission to the program may be considered for transfer to the master's degree.

Writing Assessment
Being able to write clearly and effectively is a critical skill for planners. The Urban Planning program encourages improvement in student's writing skills by emphasizing writing improvement across the curriculum, and especially in the core courses.

1. Students who have completed any of the required distribution courses or their equivalents as undergraduates may substitute architecture electives.

**Joint Program Candidates**

Joint program candidates must complete all of the requirements of the M.Arch degree and the requirements stipulated by the Department of Urban Planning. The Urban Planning Master’s program is detailed in the Urban Planning section of this Bulletin.

**Program Requirements**

**Capstone Requirement**

The student in the M.Arch/MUP program must complete the Architecture Capstone Requirement, and must also take and pass the comprehensive exam in Urban Planning.

**Time Limit**

The student must complete all degree requirements within seven years of initial enrollment.

**Urban Planning, MUP/Engineering, MS**

In cooperation with the Department of Urban Planning, the College of Engineering and Applied Science offers a Master of Science in Engineering/Master of Urban Planning program to prepare students for positions in transportation, public works or similar areas.

**Cooperating Departments:**

- Civil Engineering
- Electrical Engineering and Computer Science
- Industrial and Manufacturing Engineering
- Materials
- Mechanical Engineering

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Credits and Courses**

Students are required to meet the College of Engineering and Applied Science requirements for the Master of Science in Engineering degree as well as the requirements for a Master of Urban Planning degree as set by the Department of Urban Planning. Students in this program are required to take 15 credits in an approved program of technical studies in the College of Engineering and Applied Science, and 6 credits in nontransportation related engineering approved electives.

Students in the MS/MUP program are required to take 6 credits in the Department of Urban Planning as well as an additional 24 credits of core courses in the Department of Urban Planning. The total credit requirement for the MS/MUP program is 54 credits. Students in the MS/MUP program must also take and pass a comprehensive exam in Urban Planning.
**Important**

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.

**Program Requirements**

**Degree Requirements**

Students in the program will concurrently pursue a Master of Science in Engineering degree and a Master of Urban Planning degree from the School of Architecture and Urban Planning. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. Candidates seeking admission to the MS/MUP must apply to and be admitted to both programs. The requirements for admission to the Master of Urban Planning degree program are detailed in the Urban Planning section of the Bulletin.

**Time Limit**

Students in the MS/MUP program are allowed up to five years from time of initial enrollment to complete all requirements for both degrees.

**Urban Planning, MUP/Public Administration, MPA**

The College of Letters and Science and the Lubar School of Business offer and present jointly the Master of Public Administration (MPA). The program is designed to provide theoretical and practical preparation for careers in public and non-profit administration with three areas of concentration: municipal management, general public administration, and non-profit management.

A coordinated degree program has been designed to allow students to obtain both the Master of Public Administration and the Master of Urban Planning degrees concurrently.

This program is intended to combine professional training in planning with applied administrative and managerial skills. The MPA/MUP requirements are described later in this section.

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Credits and Courses**

This program allows students to complete master's degrees in Public Administration and in Urban Planning concurrently. The coordinated degree requires 42-45 credits of required courses and completion of a concentration in Public Administration (18 credits). However, because some courses completed for the core requirements of the MUP also may count toward the MPA concentration, students may complete the dual degree with a minimum of 54-57 credits. The total number of credits
will depend on the student's track and choice of concentration in public administration.

### Required Courses in Urban Planning (27 credits)

</tr>
</tbody>
</table>

Select one seminar in organizational management and leadership from the following:

- BUS ADM 443: Special Topics in Human Resources Management
- BUS ADM 732: Transforming Organizations
- BUS ADM 737: Managerial Decisions and Negotiations

Select one “Great Cities” course:

- URBPLAN 315: Great Cities of the World: Their Growth and Guided Urbanization
- URBPLAN 316: Planning for the Great Cities of America

Select one skills course:

- URBPLAN 591: Introduction to Urban Geographic Information Systems (GIS) in Planning
- URBPLAN 651: Land Use Planning Practice
- URBPLAN 655: Negotiation Theory and Practice for Urban Planners

### Electives

Select 6 elective credits

Total Credits: 18

1 Students may take any urban planning courses, including those listed above, to fulfill the elective credit requirement. Courses may be counted only once toward the certificate.

### Concentration Requirement (18 credits)

Completion of all the requirements for one of the concentrations in Public Administration. A maximum of six credits of MUP core courses may be used as electives in the MPA concentrations.

### Program Requirements

#### Comprehensive Exam

Completion of the comprehensive exam in Urban Planning is required. (See Urban Planning)
ARTS (PECK SCHOOL OF THE)

The Peck School of the Arts includes five departments: Art & Design, Dance, Film, Music, and Theatre. Curricula are available for students interested in careers in the arts or in teaching at the elementary, secondary, or college level. An Inter-Arts major, which prepares the student for an interdisciplinary arts career, is also offered.

Degree Programs

Bachelor of Arts Animation, Art, Dance, Music, Theatre

Bachelor of Fine Arts Art, Art Education, Dance, Film, Music, Music Education, Theatre

Master of Arts Art

Master of Fine Arts Art, Performing Arts (Dance and Film)

Master of Music (including Music Education)

Master of Science Art Education

Departments and Programs

- Art & Design (p. 86)
  - Art and Design, Minor: Community Arts (p. 108)
  - Art and Design, Minor: Design (p. 109)
  - Art and Design, Minor: Photography (p. 109)
  - Art and Design, Minor: Studio (p. 110)
  - Art Education, BFA (p. 110)
  - Art Education, MS (p. 114)
  - Art, BA: Community Arts (p. 115)
  - Art, BA: Design Studies (p. 118)
  - Art, BA: Digital Fabrication and Design (p. 121)
  - Art, BA: Studio Arts (p. 124)
  - Art, BFA: Ceramics (p. 126)
  - Art, BFA: Design and Visual Communication (p. 129)
  - Art, BFA: Digital Studio Practice (p. 133)
  - Art, BFA: Fibers (p. 136)
  - Art, BFA: Jewelry and Metalsmithing (p. 139)
  - Art, BFA: Painting and Drawing (p. 143)
  - Art, BFA: Photography and Imaging (p. 146)
  - Art, BFA: Print and Narrative Forms (p. 149)
  - Art, BFA: Sculpture (p. 152)
  - Art, MA: Design Entrepreneurship and Innovation (p. 155)
  - Art, MA: Studio Art (p. 157)
  - Art, MFA (p. 158)
  - Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts) (p. 159)
  - Community Arts, Undergraduate Certificate (p. 160)
  - Digital Fabrication and Design, Undergraduate Certificate (p. 161)

- Dance (p. 162)
  - Dance Performance, Minor (p. 171)
  - Dance, BA (p. 172)
  - Dance, BFA (p. 175)
  - Dance, MFA (p. 178)
  - Somatics, Minor (p. 179)

- Film (p. 180)
  - Animation, BA (p. 184)
  - Film, BFA (p. 187)
  - Film, Video, Animation and New Genres, Minor (p. 190)
  - Performing Arts, MFA: Film (p. 191)

- Music (p. 193)
  - Advanced Study in Chamber Music, Graduate Certificate (p. 231)
  - Music Education, BFA: EC-A General Music (p. 235)
  - Music Education, BFA: EC-A Instrumental and General Music (p. 238)
  - Music, BA (p. 241)
  - Music, BFA: Collaborative Piano and Vocal (p. 244)
  - Music, BFA: Guitar (p. 248)
  - Music, BFA: Music Composition and Technology (p. 253)
  - Music, BFA: Music History and Literature (p. 256)
  - Music, BFA: Piano (p. 260)
  - Music, BFA: Strings (p. 264)
  - Music, BFA: Voice (p. 269)
  - Music, BFA: Winds, Brass, and Percussion (p. 272)
  - Music, Minor (p. 276)
  - Music, MM (p. 277)
  - Music, MM/Library and Information Science, MLIS (p. 279)
  - Music, MM: Chamber Music Performance (p. 280)
  - Music, MM: Collaborative Piano: Instrumental (p. 282)
  - Music, MM: Collaborative Piano: Vocal (p. 283)
  - Music, MM: Conducting: Choral Emphasis (p. 284)
  - Music, MM: Conducting: Instrumental (p. 286)
  - Music, MM: Music Education (p. 287)
  - Music, MM: Music History and Literature (p. 289)
  - Music, MM: Performance: Guitar (p. 290)
  - Music, MM: Performance: Keyboard (p. 292)
  - Music, MM: Performance: Percussion (p. 293)
  - Music, MM: Performance: String Emphasis (p. 295)
  - Music, MM: Performance: Vocal Emphasis (p. 296)
  - Music, MM: Performance: Woodwinds, Brass, and Percussion (p. 298)
  - Music, MM: String Pedagogy (p. 300)
  - Music, MM: Theory and Composition (p. 301)

- Theatre (p. 304)
  - Arts and Social Entrepreneurship, Undergraduate Certificate (p. 312)
  - Theatre Teaching Certification, Minor (p. 313)
  - Theatre, BA (p. 313)
  - Theatre, BFA: Performance (p. 318)
  - Theatre, BFA: Production (p. 323)
  - Theatre, Minor (p. 326)
Graduate Requirements
Refer to individual graduate program pages for specific requirements. For the Graduate School's requirements, please refer to Graduate School Policies (p. 22).

Undergraduate Requirements

Admission

New Freshmen
New freshmen must meet the general University admission requirements (p. 13) in addition to specific department requirements. Admission to all music programs requires an audition and a theory placement examination. Admission to the Musical Theatre track of the Inter-Arts degree program requires a live audition interview. A portfolio of artworks is required by the Department of Art & Design. For details, please refer to the individual department sections of this catalog.

Transfer Students
Transfer students from other universities and colleges or UWM units are accepted by the Peck School of the Arts provided they meet the UWM admissions criteria and have a 2.0 cumulative GPA (on a 4-point scale). They must also meet the specific departmental audition requirements described above. Although a portfolio is not required for acceptance into the Department of Art & Design, the submission of a portfolio is helpful in evaluating a student’s work for advanced placement.

Second Bachelor's Degree Candidates
Students with good scholastic records who wish to earn a second bachelor's degree in the Peck School of the Arts must obtain the recommendation of the Peck School of the Arts department in which they wish to major before they can be accepted. Upon acceptance, students must earn in residence a minimum of 30 credits beyond the studies for the first degree and must satisfy all curriculum requirements.

New Major Program
By choosing this program, students who have completed baccalaureate degrees at UWM or other accredited institutions may earn an additional major only. It is not necessary to complete all requirements for an additional baccalaureate degree or to observe the 30-credit-in-residence regulation. At present, the Departments of Art & Design, Dance, Film, and Music offer majors through this option.

Degree Requirements
Students must earn their last 30 credits in residence at UWM. Of this total, a minimum of 15 credits must be in advanced major subjects. Under extraordinary circumstances, a student may receive permission to earn a maximum of 9 credits of the last 30 credits at another college/university but must obtain the written approval of the Director of Student Services prior to enrollment in such courses.

Bachelor of Arts Degree in Animation, Art, Dance, Music, and Theatre
Requires a total of 120 credits. To receive this degree students must:

1. Attain a minimum GPA of 2.0 for all university-level work;
2. Fulfill all the curriculum requirements of the School and of the departmental major, and the University's General Education Requirements;
3. Meet the specific departmental standards; and
4. Fulfill the residence requirements as detailed above.

See the individual department sections in this catalog for additional information.

Bachelor of Fine Arts Degree in Art, Dance, Film, Inter-Arts, Music, or Theatre
Requires a total of 120-130 credits. To receive this degree students must:

1. Attain a minimum GPA of 2.0 for all university-level work;
2. Fulfill all the curriculum requirements of the School and of the departmental major, and the University’s General Education Requirements;
3. Meet the specific departmental standards; and
4. Fulfill the residence requirements as detailed above.

Bachelor of Fine Arts Degree with Teacher Certification in Art or Music and Bachelor of Arts Degree in Theatre with Teacher Certification
The BFA degree in Art Education or Music Education requires a total of 130 credits; the BA degree in theatre with teacher certification requires a total of 120 credits. To receive these degrees students must:

1. Attain a minimum cumulative GPA of 2.75;
2. Fulfill all the curriculum requirements of the School, of the departmental major, and the University's General Education Requirements;
3. Fulfill the certification requirements in human relations (see School of Education section of this catalog), developmental reading, and exceptional education (see Teacher Certification Program (p. ) description below for details and admission requirements);
4. Fulfill the Act 31 certification requirement regarding “specific attention to the history, culture, and tribal sovereignty of the federally recognized American Indian tribes and bands located in this state” through selected coursework. Consult with the Director of Student Services for specific courses; and
5. Fulfill residence requirements as described above.

Post-baccalaureate Teacher Certification Program
Offered in art, music, and theatre. All applicants should consult the appropriate department chairperson concerning requirements in these programs.

Teacher Certification Program - Peck School of the Arts

Requirements for Employment, Licensing, or Professional Organizations
Students should be aware that some professions, occupations, and employers are subject to licensing and/or bonding requirements. When a course of study includes clinical or field training, practice teaching, internships, or the like, students may be subjected to a check of criminal conviction records, prior to acceptance of a student by the placement site. Students are responsible for obtaining the information necessary for them to become knowledgeable about these requirements and plan their studies accordingly. Please contact the appropriate department or program office for further information.

All PSOA teacher education students (art, music, theatre) are required to keep a portfolio of evidence to document satisfaction of PI 34 standards.
Portfolio content is defined, evaluated, and reviewed by individual programs. Passing scores on the Praxis I and successful completion of K-12 required classes are required before admission to student teaching. Art, music, and theatre teacher education students are also required to pass the content test (Praxis II) prior to student teaching. See specific program for more information.

Admission Requirements

All students must complete one course in Developmental Reading Course Requirement.

Forms are available in the Peck School of the Arts Office of Student Services.

Must earn scores in Reading-175, Math-173, Writing-174. Registration Pre-Professional Skills Requirement (PPSR)

MATH 175

a grade of C or higher in the mathematics placement test, or by earning at least 3 credits with a grade of C or higher in MATH 106, MATH 105, MATH 175, or equivalent courses.

Music education majors may apply upon completion of 58 credits and junior standing and the requirements listed below.

Theatre teacher certification students may apply upon completion of the required 32-credit core in the major, junior standing, and the requirements listed below. In addition, theatre certification students must successfully pass an interview with theatre certification faculty.

All students must attain the following before making application to the teacher certification programs in art, music, and theatre:

Grade Point Average. 2.75.

Communication Competency

A grade of C or higher in one of the following: COMMUN 101 or COMMUN 103.

The communicative abilities of students remain under constant review as a factor for retention in the program. Students experiencing communication difficulty may be remanded for remedial work. Students who have satisfactorily completed an interpersonal course at another college or university may request an evaluation of their communication status through the Department of Communication.

English Composition Requirement

The English Composition Requirement is satisfied by earning a grade of C or higher in ENGLISH 102 or its equivalent, or by scoring 637 or better on the English Placement Test (or an appropriate score as determined by the Department of English on the English ACT examination).

Mathematical Skills Requirement

Must be demonstrated by achieving a placement code of at least 30 on the mathematics placement test, or by earning at least 3 credits with a grade of C or higher in MATH 103 (formerly MATH 106), MATH 105, MATH 175, or equivalent courses.

Pre-Professional Skills Requirement (PPSR)

Must earn scores in Reading-175, Math-173, Writing-174. Registration forms are available in the Peck School of the Arts Office of Student Services.

Developmental Reading Course Requirement

All teachers of special subjects (e.g., music, art, theatre) wishing to be certified by the State of Wisconsin (K-12) must complete one course in developmental reading at the elementary or secondary level.

At present, the Department of Curriculum and Instruction offers CURRINS 343, for those interested in the elementary level, and CURRINS 545, for those interested in the secondary level. Only one of these 3-credit courses is necessary to fulfill the requirement. This course may be applied toward the core curriculum requirement.

Exceptional Education Requirement

Persons applying for an initial license to teach any subject in the elementary and secondary schools of Wisconsin after July 1, 1981, must have completed at least 3 credits or the equivalent study of exceptional education to be eligible for a license. See the Art, Dance, Music, or Theatre Department sections for appropriate course requirements.

Student Teaching

Eligibility for student teaching is determined by admission to the Teacher Certification Program of the Peck School of the Arts, departmental recommendation, and completion of all prerequisite courses and any other departmental requirements.

In general, education methods courses are not transferable from other institutions. These courses must be taken in residence. Other criteria include removal of all incompletes in required courses, compliance with the Human Relations Requirement, satisfactory class standing, health clearance, recommendation by the department, and submission of the student teacher application.

Applications to student teach during the first semester are due March 15; during the second semester, October 15. Application blanks are available in, and must be filed with, the Peck School of the Arts Office of Student Services. No applications will be accepted after these dates.

Teacher's License Applications

Students eligible for graduation are not automatically recommended for certification to the State Department of Public Instruction. They must first be approved for certification by their departments.

After all requirements for the BFA or BA degree with Teacher Certification or a post-baccalaureate degree certification program are completed, and the departmental approval is obtained, a student may apply for a state teacher's license. A Wisconsin Credential Application form is available from:

Peck School of the Arts Office of Student Services
UWM
P.O. Box 413
Milwaukee, Wisconsin 53201
or
Wisconsin Department of Public Instruction
126 Langdon Street
Madison, Wisconsin 53702

The Department of Public Instruction conducts a criminal record check of each applicant for a teaching license. Based on this information, an applicant may be denied a license even if recommended for certification by the University.

Declaration of Submajor

In most instances, after two years of basic preparatory courses in the major, students choose an area of specialization within their respective departments, known as a submajor. Students must declare a submajor after they have accumulated 45 to 75 credits in order to assure completion of the appropriate curriculum requirements for graduation.
Graduate Policies and Regulations

The Graduate School policies and regulations can be found at Graduate School Policies (p. 22). Please refer to the specific program for program policies and regulations.

Undergraduate Policies and Regulations

Laptop Requirement in Peck School of the Arts Degree Programs

All students entering the following degree programs/areas in the Peck School of the Arts are required to participate in the PSOA Laptop Program:

- BFA/BA Art & Design;
- BFA/BA Dance;
- BFA Film;
- BFA Music Composition and Technology Track in the Department of Music;
- BFA Production and BA Theatre Education programs in the Department of Theatre; and
- BFA Interdisciplinary Arts and Technology Track (IAT) of the Inter-Arts Program.

This includes students transferring from an institution external to UWM or from another UWM program, school, or college. Requirements will include either the purchase of or regular access to a laptop. The laptop must be equipped to enable students to effectively perform all required coursework, including that accomplished during class time. For additional information, please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop.

Academic Regulations

For information on the University-wide Academic Action Policy and honors for scholarship, see Academic Policies (p. 27).

Semester Credit Load

A full-time Peck School of the Arts student is one who takes a minimum of 12 credits per semester. Normally, Peck School of the Arts students are not permitted to carry more than 18 credits per semester. Students who have a cumulative GPA of 3.0 or higher may, with the permission of the Peck School of the Arts Office of Student Services, carry up to 21 credits per semester.

Program Changes

All program changes must be signed by the instructor and the Peck School of the Arts Office of Student Services.

No studio or performance courses may be dropped after the second week of classes without the written approval of the instructor and the department chairperson. Certain other courses may require this approval also and these will be indicated in the semester’s Schedule of Classes.

Audit Courses

No studio or performance courses may be audited.

Independent Study

Under special conditions, juniors and seniors are permitted to take courses in independent study. For regulations on independent study, see the departmental advisor.

Special Opportunities

Honors Program

The Peck School of the Arts confers a Bachelor of Fine Arts Honors degree upon those students who complete the University Honors Program. The "Honors" designation appears on both the diploma and transcript.

This program offers seminars and individualized instruction in the humanities, arts, social sciences, and natural sciences to qualified students who desire more intensive and individualized studies. Application forms and further information are available from the Honors College (p. 36), Honors House 154, (414) 229-4658.

Foreign Study

The Peck School of the Arts looks favorably upon foreign educational experiences and encourages students to seek study abroad at accredited institutions. Every effort will be made to integrate such courses into a student’s major program. Students should consult the departments involved prior to registration at a foreign university.

Periodically, the Department of Art & Design offers credit courses in foreign countries under the direction and instruction of Department of Art & Design faculty members.

ART & DESIGN

Art & Design at UW-Milwaukee develops creative thinkers, artist professionals, and cultural leaders through a cross-disciplinary curriculum that balances innovation, traditional craftsmanship, critical thinking, and scholarly civic engagement. Committed to Milwaukee’s diverse urban communities, our programs emphasize activism and thinking with the arts. Our faculty is comprised of active artists who promote collaborative, interdisciplinary, and entrepreneurial thinking and practice across the department, university, community, and beyond!

Programs

- Art and Design, Minor: Community Arts (p. 108)
- Art and Design, Minor: Design (p. 109)
- Art and Design, Minor: Photography (p. 109)
- Art and Design, Minor: Studio (p. 110)
- Art Education, BFA (p. 110)
- Art Education, MS (p. 114)
- Art, BA: Community Arts (p. 115)
- Art, BA: Design Studies (p. 118)
- Art, BA: Digital Fabrication and Design (p. 121)
- Art, BA: Studio Arts (p. 124)
- Art, BFA: Ceramics (p. 126)
- Art, BFA: Design and Visual Communication (p. 129)
- Art, BFA: Digital Studio Practice (p. 133)
- Art, BFA: Fibers (p. 136)
- Art, BFA: Jewelry and Metalsmithing (p. 139)
- Art, BFA: Painting and Drawing (p. 143)
- Art, BFA: Photography and Imaging (p. 146)
- Art, BFA: Print and Narrative Forms (p. 149)
- Art, BFA: Sculpture (p. 152)
- Art, MA: Design Entrepreneurship and Innovation (p. 155)
- Art, MA: Studio Art (p. 157)
- Art, MFA (p. 158)
- Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts) (p. 159)
- Community Arts, Undergraduate Certificate (p. 160)
- Digital Fabrication and Design, Undergraduate Certificate (p. 161)

Graduate Requirements

Refer to the individual graduate program for specific requirements. For the Graduate School’s requirements, please refer to Graduate School Policies (p. 22)

Undergraduate Requirements

Laptop Requirement

Laptops are required for all Art & Design programs (http://uwm.edu/arts/apply/laptop). The goal of the Peck School of the Arts laptop requirement is to provide the opportunity for students to work extensively and intuitively with the most significant contemporary tool for their work so that they will excel not only in their courses but also in their profession after they graduate.

Bachelor of Fine Arts (Studio Art)

This undergraduate degree prepares students for entrance into professional art fields. Once students meet the 36-credit Art-Intended requirements, they are admitted to the Art & Design program. In addition to satisfying the core curriculum, art students select studio courses from both 2D and 3D disciplines, take required art history courses, choose studio electives, and begin satisfying the requirements of their declared art area concentration.

A choice of curricula is offered to permit students to concentrate in Ceramics, Digital studio practice, Fibers, Jewelry and Metalsmithing, Painting and Drawing, Photography and Imaging, Print and Narrative Forms, or Sculpture. Students must complete a minimum of 24 credits in their area of concentration but may take more by choosing additional studio electives in their area.

In order to graduate, students must complete two 3-credit critical thinking courses and a 4-credit capstone: ART 604 and ART 605. Students must complete a total of 85 credits of art to graduate with a BFA (Studio Art).

The Bachelor of Fine Arts (Studio Art) degree requires a total of 130 credits for graduation distributed as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>

</tbody>
</table>

Note: PSOA Arts Distribution is 9 credits that the student must take within PSOA, outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

Bachelor of Fine Arts (Art Education)

The Art Education program requires a total of 130 credits for graduation distributed as follows:
they understand fully what will be required of them. Students who successfully matriculate as BFA degree candidates should make themselves familiar with the requirements of their chosen area (as outlined in the undergraduate catalog). Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Bachelor of Arts (Art)
The Bachelor of Arts (Art) degree requires a total of 120 credits for graduation distributed as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>University Core Curriculum (includes 12 credits Art History, 9 credits Education, and 6 credits PSOA Arts Distribution)</td>

<td>130</td>
</tr>
</tbody>
</table>

Note: PSOA Arts Distribution is 9 credits that the student must take within PSOA, outside of Art & Design, in two of the four other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ [http://uwm.edu/arts/apply/].)
2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.
3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/apply [http://uwm.edu/arts/apply].

Appeal Process

An appeal process is established for students who do not meet the department's criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher.
1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A).
4. A cumulative GPA of 2.5 or higher.
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

### Code | Title | Credits
---|---|---
ART 101 | Drawing I | 3
ART 106 | Art Survey | 3
ART 108 | 2D Concepts | 3
ART 109 | 3D Concepts | 3
ART 118 | Digital Arts: Culture, Theory, Practice | 3

**Total Credits: 15**

### Art Education Advancement to Major

Art Ed Intended designation is given to all students intending to pursue the BFA (Art Education). Art Ed Intended students will get priority registration in art courses over non-major majors. Art Ed Intended students may apply to this program upon completion of 30 art credits if the following requirements have been fulfilled:

1. First Year Program courses in art (see Art Education BFA requirements (p. 110)).
2. Oral and Written Communication Competency (Part A).
3. Quantitative Literacy Competency (Part A).
5. 2.75 cumulative grade point average (GPA).
6. Dept. of Public Instruction (DPI) Act 31 requirement. (This can be met by taking the Act 31 Workshop, HIST 263, AIS 203, ANTHRO 213, or ENGLISH 276, subtitled "Literature, History, and Sovereignty of Upper Midwest Indians" only.)
7. Completion of ART ED 227 Introduction to Art Education, with a B or higher.

After successful completion of the above, students should contact the Peck School of the Arts Student Services Office by April 15 to get permission to enroll in ART ED 327.

For further details and procedures, see the teacher certification degree requirements (p. 82) on the Peck School of the Arts catalog page.

### Program-to-Program Articulation Agreements

The Department of Art & Design has Program-to-Program Articulation Agreements with several regional and international institutions, including the following agreements with the Milwaukee Area Technical College’s (MATC) Graphic Design Associate Degree Program, Waukesha County Technical College’s (WCTC) Graphic Design Associate Degree Program, and with the Hubei University of Technology in Wuhan, China.

### MATC Graphic Design Associate Degree and UWM Bachelor of Arts (Art) in Design Studies Degree Program

MATC students who have successfully completed the Graphic Design AAS degree will be granted junior status in the UWM PSOA A&D BA in Design Studies program.

Laptops are required for the BA in Design Studies program.

Students need a 2.50 GPA from MATC and need to complete the OWC-A and QL-A requirements for UWM while at MATC. It’s advisable that students also complete the Social Sciences, Natural Sciences, and Cultural Diversity GER requirements as part of their MATC Graphic Design Associate Degree. Students should select from approved GER courses (SS, NS, NS+, CD/8). Students need to complete the UWM Foreign Language proficiency: two years of the same Foreign Language in High School, or two semesters of Foreign Language at MATC or UWM.
MATC students will enter the Department of Art & Design with up to 72 credits, and will take 58 credits minimum to complete the BA in Design Studies.

Program-to-Program transfer courses/credits are accepted only for the program/degree specified in this agreement. A change of major/degree/program invalidates these courses/credits for transfer unless they are approved within another Program-to-Program Articulation Agreement for a different major/degree/program at UWM.

WCTC Graphic Design Degree and UWM Bachelor of Arts (ART) in Design Studies Degree Program

WCTC students who have successfully completed the Graphic Design AAS degree will be granted junior status in the UWM PSOA A&D BA in Design Studies program.

Laptops are required for the BA in Design Studies program.

Students need a 2.5 GPA from WCTC and need to complete the prerequisite to OWC-A (801-195) and QL-A (804-118) requirements for UWM while at WCTC. It’s advisable that students also complete the Social Sciences requirements as part of their WCTC Graphic Design Associate Degree. Students should select from approved GER courses (SS). Students need to complete the UWM Foreign Language proficiency: 2 years of the same Foreign Language in High School, or 2 semesters of Foreign Language at WCTC or UWM.

WCTC students will enter the Department of Art & Design with up to 67 credits, and will take 56 credits minimum to complete the BA in Design Studies.

Program-to-Program transfer courses/credits are accepted only for the program/degree specified in this agreement. A change of major/degree/program invalidates these courses/credits for transfer unless they are approved within another Program-to-Program Articulation Agreement for a different major/degree/program at UWM.

Four-semester course sequence for completion of the WCTC/UWM BA in Design Studies at UWM:

HUBEI 3+1 Bachelor of Arts (ART) Degree Programs

The Department of Art & Design and the Hubei University of Technology in Wuhan, China, have created a unique program for the students at Hubei University to finish their BA degree at UWM. There are two 3+1 BA tracks: Design Studies and Digital Fabrication and Design.

Laptops are required for both 3+1 BA programs. The goal of the Peck School of the Arts laptop requirement is to provide the opportunity for students to work extensively and intuitively with the most significant contemporary tool for their work so that they will excel not only in their courses but also in their profession after they graduate.

Hubei 3+1 BA in Design Studies

Students will enter UWM with 90 credits towards the BA in Design Studies (see sequence for Freshman, Sophomore, and Junior years.
The Senior year sequence of courses at UWM for the Hubei 3+1 BA in Design Studies follows:

1 Note: Summer Session is optional. Students who participate in summer session have the opportunity to gain more English language experience before beginning the fall semester, and also have the option to take extra electives during the year or spread out the required courses over 2 semesters + summer for a less-full workload.

HUBEI 3+1 BA in Design and Digital Fabrication

Students will enter UWM with 90 credits towards the BA in Digital Fabrication and Design (see sequence for Freshman, Sophomore, and Junior years above). The Senior year sequence of courses at UWM for the Hubei 3+1 BA in Design and Digital Fabrication follows:

</table>
ART 108 2D Concepts
3 cr. Undergraduate.
An introduction to visual problem solving. Organization of the two-dimensional plane using the elements and principles of design. Includes the study of black and white and the basics of color.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 109 3D Concepts
3 cr. Undergraduate.
An introduction to three-dimensional design through constructed surface and form studies, tool usage and fabrication techniques.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 118 Digital Arts: Culture, Theory, Practice
3 cr. Undergraduate.
Introduction to electronic art and imaging. Focus on historical and cultural contexts, theoretical concepts and studio skills using imaging software.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 124 Design Survey
3 cr. Undergraduate.
Survey of design disciplines and movements of the 19th, 20th and 21st centuries. Slide lectures include industrial design, architecture, graphic design, and design movements.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 150 Multicultural America
3 cr. Undergraduate.
Cross-cultural study of U.S. ethnic and racial identities through materials drawn from a variety of media arts practices (e.g. film, photography, new media) with attention to African-, Asian-, Hispanic- and Native American experiences.
Prerequisites: none.
Course Rules: Cultures and Communities Prog course; req'd service learning component. Jointly offered with & counts as repeat of Film 150.
General Education Requirements: CD, A
Current Offerings: http://uwm.edu/schedule

ART 152 Photography Survey
3 cr. Undergraduate.
Survey of photographic processes and movements of the 19th, 20th, and 21st centuries, with emphasis on historical and cultural contexts that shaped the application of the medium.
Prerequisites: none
General Education Requirements: A
Last Taught: Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 201 Drawing II
3 cr. Undergraduate.
Expanded development of drawing materials, methods and expression; focus on conceptual and perceptual process.
Prerequisites: Art 101(P).
Current Offerings: http://uwm.edu/schedule

ART 207 Undergraduate Research Assistantship in Art and Design
1-3 cr. Undergraduate.
An opportunity for freshmen and sophomores to work collaboratively with an Art and Design faculty member on a specific and sustained research project.
Prerequisites: admis to First Year Prog or Art & Design, & cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 212 Introduction to Digital Studio: A/V Strategies
3 cr. Undergraduate.
Introduction to time based technologies for artists and designers; includes audio, video, and animation techniques. Surround sound, lighting, green screen, and visual effects are examined.
Prerequisites: Art 101(P), 108(P); or cons instr.
General Education Requirements: A
Last Taught: UWinterI 2015, Summer 2013, Fall 2011, UWinterI 2011.
Current Offerings: http://uwm.edu/schedule

ART 218 2D Design Strategies
3 cr. Undergraduate.
Introduction to problem solving using the basics of drawing and elements & principles of design; includes composition & color theory.
Prerequisites: none.
Course Rules: Not open to Art & Design and Art Ed majors.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 221 Introduction to Design
3 cr. Undergraduate.
Introduction to computer as design and production tool for graphic design, use software to create graphics, edit images and design complex layouts.
Prerequisites: Art 101(P), 106(P), 108(P), & 118(P); or admis to Inter-Arts/IAT prog & Art 118(P); Math 102(C), 103(C), 105(C), 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
ART 223 Introduction to Typography
3 cr. Undergraduate.
Introduction to the fundamentals of designing with type; emphasis on formal design skills, type history, conceptual problem-solving.
Prerequisites: Art 101(P), 106(P), 108(P), 109(P), 118(P) & 221(C); Math 102(C), 103(C), 105(C), 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 224 Dynamic Typography
3 cr. Undergraduate.
Fundamentals of designing with type; emphasis on formal design skills, conceptual problem solving. Focus on screen-based projects and type in motion, some print design.
Prerequisites: Art 101(P), 108(P), & 118(P); or pre-Inter-Arts/IAT prog; Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2011, Fall 2010, Fall 2009, Spring 2009.
Current Offerings: http://uwm.edu/schedule

ART 227 Design Workshop:
3 cr. Undergraduate.
A concept oriented workshop in graphic design.
Prerequisites: see Schedule of Classes. Math 102(C), 103(C), 105(C), 108(C), or Level 30 on Math Placement Test; or cons instr.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, UWinteriM 2012.
Current Offerings: http://uwm.edu/schedule

ART 231 Introduction to Fibers
3 cr. Undergraduate.
Introduction to fiber materials and processes and contemporary aesthetic consideration in fiber arts.
Prerequisites: Art 101(P), 108(P) or 109(P); Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 238 Fiber Workshop:
3 cr. Undergraduate.
Special topics course in fibers.
Prerequisites: see Schedule of Classes; or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 243 Introduction to Painting
3 cr. Undergraduate.
Exploration of oil painting medium including color and construction of pictorial space. Work primarily from observation, investigating range of motifs and personal content.
Prerequisites: Art 101(P), 106(P), & 108(P); Math 102(C), 103(C), 105(C), 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 249 Painting and Drawing Workshop:
1-3 cr. Undergraduate.
Special topic course in painting and drawing.
Prerequisites: admis to Art and Design Prog.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 253 Introduction to Photography
3 cr. Undergraduate.
Fundamental aesthetics/techniques of darkroom/digital photography using digital cameras & 35mm SLR film cameras; focus on camera operation, image exposure, printing practice for b/w compositions.
Prerequisites: Art 108(P), or 118(P), or 152(P), or Film 117(P); Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr
Current Offerings: http://uwm.edu/schedule

ART 259 Beginning Photographic Workshop:
1-3 cr. Undergraduate.
Beginning special topic workshop course in photography.
Prerequisites: admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Fall 2015, Fall 2014, UWinteriM 2013, Summer 2009.
Current Offerings: http://uwm.edu/schedule

ART 261 Introduction to Sculpture
3 cr. Undergraduate.
Basic experiences in various sculpture media with an emphasis on the asethetic interrelarship of techniques and concept.
Prerequisites: Art 101(P), 106(P) & 109(P); Math 102(C), 103(C), 105(C), or 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 269 Sculpture Workshop:
1-3 cr. Undergraduate.
A short term, special topic workshop in sculpture.
Prerequisites: see Schedule of Classes.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 271 Introduction to Jewelry and Metalsmithing
3 cr. Undergraduate.
Introduction to major aspects of metalworking and jewelry. Develop design skills and technical competency and explore metalsmithing as an art form. Outside class work required.
Prerequisites: Art 101(P), 106(P), & 109(P); Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 277 Design for Digital Fabrication
3 cr. Undergraduate.
Introduction digital design, drawing and fabrication using 3D modeling software and output devices such as 3D printers and laser cutters.
Prerequisites: Art 118(P) or equiv; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
ART 278 Introduction to Industrial Craft  
3 cr. Undergraduate.  
Introduction to fabrication methods, materials and techniques for problem-solving in the design of physical objects.  
Prerequisites: Art 277(C); Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.  
Last Taught: Fall 2017, Fall 2016, Spring 2016, Fall 2015.  
Current Offerings: http://uwm.edu/schedule

ART 279 Jewelry and Metalsmithing Workshop:  
1-3 cr. Undergraduate.  
Special topics workshop in jewelry and metalsmithing.  
Prerequisites: see Schedule of Classes.  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Summer 2017, Summer 2016, Summer 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

ART 281 Introduction to Ceramics  
3 cr. Undergraduate.  
Handbuilding, surface embellishment and glazing of functional and sculptural ceramic forms. Slide lectures of historical and contemporary approaches to the medium.  
Prerequisites: Art 101(P), 106(P), & 109(P); Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

ART 289 Ceramics Workshop:  
1-3 cr. Undergraduate.  
A short term, special topic workshop in ceramics.  
Prerequisites: see Schedule of Classes.  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Fall 2015, Fall 2013, Fall 2012, Fall 2011.  
Current Offerings: http://uwm.edu/schedule

ART 291 Introduction to Print and Narrative Forms  
3 cr. Undergraduate.  
Introduction to basic studio practices, skills, and materials including plates, presses, inks, and image processing.  
Prerequisites: Art 101(P), 106(P), & 108(P); Math 102(C), or Math 103(C), or Math 105(C), or Math 108(C), or Level 30 on Math Placement Test; or cons instr.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

ART 297 Study Abroad:  
1-12 cr. Undergraduate.  
Study abroad in the visual arts.  
Prerequisites: admis to Art and Design Prog; acceptance in Study Abroad Prog.  
Course Rules: May be retaken with topic change.  
Last Taught: Fall 2017, Spring 2017, Summer 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

ART 298 Printmaking Workshop:  
3 cr. Undergraduate.  
A special topic workshop in Print & Narrative Forms.  
Prerequisites: see Schedule of Classes.  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Spring 2013, Summer 2012, Summer 2011, Fall 2010.  
Current Offerings: http://uwm.edu/schedule

ART 302 Art and Design Workshop:  
3 cr. Undergraduate/Graduate.  
Special topic course in Art and Design.  
Prerequisites: jr st, & admis to Art and Design prog or to IAT; or grad st.  
Course Rules: May be retaken with topic change to 6 cr max.  
Current Offerings: http://uwm.edu/schedule

ART 306 Introduction to Community Art  
3 cr. Undergraduate.  
Study of community arts as a tool for enriching community life, affirming cultural identity, and pursuing political and social justice goals.  
Prerequisites: admis to Art & Design, Multicultural America 150(P) (in any area).  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

ART 309 Issues in Contemporary Art:  
3 cr. Undergraduate.  
Lecture course focused on critical issues/theory in contemporary art and culture.  
Prerequisites: soph st or cons instr.  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
General Education Requirements: A, CD

ART 312 Intermediate Digital Studio  
3 cr. Undergraduate/Graduate.  
Students investigate the relationship between concept, material, process, aesthetic, and context in artmaking. Then, students are encouraged to integrate digital and traditional approaches to production.  
Prerequisites: jr st & admis to Art & Design prog or IAT prog; & Art 212(P) or Film 222(P); or grad st; or cons instr.  
Last Taught: Spring 2017, Spring 2016, Fall 2015, Spring 2015.  
Current Offerings: http://uwm.edu/schedule

ART 313 Programming for Artists I  
3 cr. Undergraduate/Graduate.  
An introduction to principles and applications of computer programming languages within art practice.  
Prerequisites: jr st, admis to IAT prog or to Visual Art prog, & Art 118(P); or grad st; or cons instr.  
Course Rules: Art 313 & FineArt 313 are jointly offered, they count as repeats of one another.  
Last Taught: Spring 2018.  
Current Offerings: http://uwm.edu/schedule

ART 314 Digital Painting  
3 cr. Undergraduate.  
Use image-editing/painting software and tablets to generate digital paintings. Traditional rendering techniques will be considered along with color and kinetic concepts.  
Prerequisites: soph st & Art 118 (P); or cons instr.  
Course Rules: Counts as repeat of Art 302 w/same topic.  
Last Taught: Fall 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule
**ART 315 Participatory Art and Social Practice**
3 cr. Undergraduate/Graduate.
Students study installation and eco-art, participatory art and social practice, and incorporate contemporary concepts and their strategies into individual and collaborative work.
**Prerequisites:** jr st, admis to Inter-Arts/IAT prog or Art & Design prog; or cons instr.
**Course Rules:** Counts as repeat of Art 327 w/similar topic.
**Last Taught:** Fall 2017, Fall 2016, Fall 2015.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 316 Interactive and Multimedia Art**
3 cr. Undergraduate/Graduate.
An introduction to interactive art objects and installations using computer vision, signal processing, and/or MIDI and USB technologies.
**Prerequisites:** jr st, admis to Inter-Arts/IAT prog or Art & Design prog; or cons instr.
**Course Rules:** Art 316 & FineArt 316(211) are jointly offered; they count as repeats of one another.
**Last Taught:** Spring 2018, Spring 2017, Fall 2015, Fall 2014.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 317 3D Imaging I**
3 cr. Undergraduate/Graduate.
An introduction to 3D imaging techniques and applications.
**Prerequisites:** jr st; admis to Art and Design prog or Inter-Arts/IAT prog; grad st; or cons instr.
**Last Taught:** Summer 2017, Summer 2012, Spring 2012, Spring 2011.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 318 Electronics and Sculpture**
3 cr. Undergraduate.
Art production using interactive systems such as sensors, microcontrollers, motors, lights.
**Prerequisites:** Admis to Art and Design prog or IAT prog; or cons instr.
**Last Taught:** Fall 2017, Fall 2016, Spring 2016, Spring 2015.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 319 Hybrid Sculptural Forms:**
3 cr. Undergraduate.
Introduction to concrete computing for artists, including robotics, interactive systems; basic programming, and soldering/assembly. Emphasis on production of object oriented art.
**Prerequisites:** Admis to Art and Design prog or Inter-Arts/IAT prog; & Art 118(P); or cons instr.
**Course Rules:** May be retaken w/chg in topic to 6 cr max. Art 319 & FineArt 319 are jointly offered & count as repeats of each other.
**Last Taught:** Spring 2010.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 321 Design and Visual Communication I**
3 cr. Undergraduate.
Basic forms and concepts for design and visual communication. Basic professional and academic concepts explored through studio assignments, lectures and readings.
**Prerequisites:** admis to Art and Design prog, grade of B- or better in Art 124(P), 221(228)(P), 223(P) & successful completion of Design and Visual Communication portfolio review.
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 322 Topics in Illustration:**
3 cr. Undergraduate.
Application of design and media skills to illustration problems. Interrelation of image and typography in various graphic forms.
**Prerequisites:** soph st & admis to Art and Design Program; or cons instr.
**Course Rules:** May be retaken w/chg in topic to max of 6 cr.
**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Fall 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 323 Typography II**
3 cr. Undergraduate.
Continuation of Art 223; more advanced application of typography in categories of informational and publication design; emphasis on contemporary typographic concepts and designs.
**Prerequisites:** grade of B- or better in Art 321(229)(P); 3 cr min Graphic Design expanded studies (grade of C or better).
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 324 Web Design**
3 cr. Undergraduate.
Introduction to design for the Internet: information architecture, hypertextuality, creative and client-based sites, critical issues of Internet culture; fundamentals of markup languages, CSS, and software.
**Prerequisites:** admis to Art and Design prog or pre-Inter-Arts/IAT prog, & Art 118(P); or grad st; or cons instr.
**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Fall 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 325 Web Design II**
3 cr. Undergraduate.
Exploration of responsive design using HTML, CSS and prototyping tools/frameworks; focus on design for usability across devices.
**Prerequisites:** admis to Art and Design prog or Inter-Arts/IAT prog; & Art 324(P); or grad st; or cons instr.
**Last Taught:** Fall 2017, Spring 2017, Fall 2016, Spring 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 327 Digital Media Workshop:**
3 cr. Undergraduate.
A concept oriented workshop in digital media.
**Prerequisites:** soph st, admis to Visual Art prog or Inter-Arts/IAT prog; or cons instr. See Schedule of Classes for additional prereq.
**Course Rules:** FineArt 327(351) & Art 327 are jointly offered & count as repeats of each other. May be retaken w/chg in topic to 6 cr max.
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2013.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 332 Woven Structure I**
3 cr. Undergraduate.
Contemporary concepts in weaving using various materials and loom techniques.
**Prerequisites:** Admis to Art and Design Prog & Art 231(P); or cons instr.
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Fall 2014.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**ART 333 Pliable Materials/Sculptural Forms**
3 cr. Undergraduate.
Contemporary concepts in fiber construction using various materials & hand construction techniques.
**Prerequisites:** Admis to Art and Design Prog & Art 231(P); or cons instr.
**Last Taught:** Fall 2017, Fall 2016, Spring 2014, Fall 2011.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
ART 336 Print, Paint and Dye on Fabric
3 cr. Undergraduate.
Batik, tie-dye and direct application of dyes and pigments on textiles.
Prerequisites: admis to Art and Design Prog & Art 231(P); or cons instr.
Last Taught: Spring 2017, Fall 2015, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ART 337 Screen Printing on Fabric
3 cr. Undergraduate.
Design and repeat pattern through the screen printing process on textiles. Use of dyes and pigments, stencil design and cloth construction.
Prerequisites: admis to Art and Design Prog & Art 231(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 342 Introduction to Figure Drawing
3 cr. Undergraduate.
Exploration of the figure through traditional and contemporary interpretations using a variety of drawing mediums.
Prerequisites: Art 101(P), 201(102)(P), 106(P), & 108(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 343 Figure Painting
3 cr. Undergraduate.
Traditional and contemporary approaches to figurative painting explored through art historical examples, expanded media/techniques and the development of personal direction.
Prerequisites: Art 342(P) & 243(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 344 Watercolor
3 cr. Undergraduate.
Painting in transparent watercolor. Introduction to basic principles and techniques.
Prerequisites: admis to Art and Design prog.
Current Offerings: http://uwm.edu/schedule

ART 347 Reading Works of Art
3 cr. Undergraduate/Graduate.
An advanced course in the visual ‘reading’ of works of art from the artists’ point of view. Course includes slide lecture, with discussion. Student presentation required.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 350 Visualizing Ideas in Photography
3 cr. Undergraduate.
Critical theory and practices in photography, along with the aesthetic and technical challenges of digital photography and color capture, concentrating on camera operation, digital workflow practice and digital printing.
Prerequisites: Art 108(P), 118(P) or Film 117(P); & Art 253(P), 212(P), 221(P) or 291(P); & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 357 Studio Lighting & Digital Imaging
3 cr. Undergraduate/Graduate.
Aesthetic and technical challenges of lighting in the studio and other locations, along with an introduction to digital imaging strategies for photographers.
Prerequisites: Art 118(P) or Film 117(P), & Art 253(P) or Art 221(P), & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or Photo minors with Art 253; or grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 358 Medium and Large Format Photography
3 cr. Undergraduate/Graduate.
Aesthetic and technical challenges of analog photography with medium and large format cameras, addressing image pre-visualization, image scale, contrast control, photographic developers, scanning, paper surfaces, and fine art printing.
Prerequisites: jr st & Art 253(P) or Film 117(P) & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or Photo minors with Art 253(P); or grad st; or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 359 Intermediate Photography Workshop:
1-3 cr. Undergraduate.
Intermediate special topic workshop course in photography.
Prerequisites: soph st, admis to Art & Design prog, Pre-Film/Film prog, or Inter-Arts/IAT prog; or cons instr. Additional prerequisites may be announced in the Schedule of Classes each time course is offered.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 363 Form and Materials
3 cr. Undergraduate.
Intermediate level experiences in an expanding range of sculpture processes. Development of expressive awareness through lectures, critiques, discussion and demonstrations.
Prerequisites: admis to Art and Design prog & Art 261(P).
Current Offerings: http://uwm.edu/schedule

ART 364 Sculpture II
3 cr. Undergraduate.
Continuation of Art 363.
Prerequisites: Art 363(P).
Current Offerings: http://uwm.edu/schedule

ART 365 Foundry Techniques
3 cr. Undergraduate.
Basic and advanced techniques using new and traditional moldmaking technologies. Fields trips to iron pours and conferences when possible.
Prerequisites: admis to Art and Design prog & Art 261(P).
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule
ART 366 Between Painting and Sculpture  
3 cr. Undergraduate/Graduate.  
A studio laboratory consisting of a wide spectrum of techniques and ideologies, concentrating on the exploration of joining painting and sculpture as a consummate form.  
Prerequisites: jr st; Art 261(P).  
Current Offerings: http://uwm.edu/schedule

ART 368 Sculptural Practices:  
3 cr. Undergraduate.  
Intermediate level course in specialized sculpture processes & skills.  
Prerequisites: admis to Visual Art prog & Art 261(P).  
Course Rules: May be retaken w/chg in topic to 15 cr max.  
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

ART 369 Sculpture Workshop:  
3 cr. Undergraduate.  
A special topic workshop in sculpture.  
Prerequisites: admis to Art and Design prog & Art 261(P).  
Course Rules: May be retaken w/chg in topic change to 6 cr max.  
Last Taught: Fall 2014, Fall 2013, UWinteriM 2012, Fall 2011.  
Current Offerings: http://uwm.edu/schedule

ART 370 Combining Photography, Painting, Sculpture  
3 cr. Undergraduate.  
An introduction to combination processes and techniques of painting, sculpture, and photography.  
Prerequisites: admis to Art and Design prog & Art 271(P).  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

ART 371 Construction and Fabrication in Jewelry and Metalsmithing  
3 cr. Undergraduate.  
Exploration of construction and fabrication methods and expansion of the aesthetic, physical, functional and cultural vocabulary of specific metalsmithing techniques. Four hours studio monitoring mandatory.  
Prerequisites: admis to Art and Design prog & Art 271(P).  
Current Offerings: http://uwm.edu/schedule

ART 372 The Multiple in Jewelry and Metalsmithing  
3 cr. Undergraduate.  
Introduces formal and conceptual issues associated with multiples as an art making strategy, using traditional and experimental casting processes. Four hours studio monitoring mandatory.  
Prerequisites: admis to Art and Design prog & Art 271(P).  
Current Offerings: http://uwm.edu/schedule

ART 374 Printmaking  
3 cr. Undergraduate.  
Lithography, intaglio, relief, screenprinting, and photopolymer.  
Prerequisites: admis to Art and Design prog & Art 281(P).  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

ART 375 Contemporary Printmaking  
3 cr. Undergraduate.  
The processes, techniques, and philosophical bases of printmaking.  
Prerequisites: admis to Art and Design prog & Art 281(P).  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

ART 376 Between Painting and Sculpture  
3 cr. Undergraduate/Graduate.  
A studio laboratory consisting of a wide spectrum of techniques and ideologies, concentrating on the exploration of joining painting and sculpture as a consummate form.  
Prerequisites: jr st; Art 261(P).  
Current Offerings: http://uwm.edu/schedule

ART 378 Industrial Processes and Fabrication  
3 cr. Undergraduate/Graduate.  
Survey of fabrication methods with emphasis on manipulation of material through industrial processes. Four hours studio monitoring mandatory.  
Prerequisites: Art 261(P), or Art 271(P), or Art 278(P); or grad st; or cons instr.  
Current Offerings: http://uwm.edu/schedule

ART 379 Jewelry and Metalsmithing Workshop:  
1-3 cr. Undergraduate.  
Special topics workshop in jewelry and metalsmithing.  
Prerequisites: admis to Art and Design prog & Art 271(P).  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Fall 2014, Summer 2014, Summer 2013, Summer 2012.  
Current Offerings: http://uwm.edu/schedule

ART 381 Throwing and Wheel Construction  
3 cr. Undergraduate.  
Introduction to the potter's wheel as a forming tool, including integration of hand built and wheel thrown forms, and basic glaze formulation.  
Prerequisites: admis to Art and Design prog & Art 281(P).  
Current Offerings: http://uwm.edu/schedule

ART 382 Building from the Figure in Clay  
3 cr. Undergraduate.  
Human form in clay through observation, drawing and modeling using a variety of ceramic construction methods. Individual conceptual and expressive approaches emphasized.  
Prerequisites: admis to Art and Design prog & Art 281(P); or cons instr.  
Last Taught: Fall 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

ART 383 Molds and Multiples in Ceramics  
3 cr. Undergraduate.  
Moldmaking for ceramics focusing on plaster molds. Press molds and slip casting methods for replication of forms in series, and issues of multiplicity are addressed.  
Prerequisites: admis to Art and Design prog & Art 281(P); or cons instr.  
Last Taught: Fall 2015, Fall 2013, Fall 2011.  
Current Offerings: http://uwm.edu/schedule

ART 384 Experimental Processes in Woodfiring I  
3 cr. Undergraduate.  
Contemporary approaches to the ancient process of woodfiring. Development of personal aesthetic using woodfire effects on functional and sculptural work. Technical research, firing participation required.  
Prerequisites: admis to Art and Design prog & Art 281(P); or cons instr.  
Current Offerings: http://uwm.edu/schedule

ART 389 Ceramics Workshop:  
1-3 cr. Undergraduate.  
A short term special topic workshop in ceramics.  
Prerequisites: admis to Art and Design prog & Art 281(P); or cons instr.  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.  
Current Offerings: http://uwm.edu/schedule

ART 391 Intermediate Print & Narrative Forms:  
3 cr. Undergraduate.  
Continuation of Print and Narrative Forms with focused studio investigations in specialized print media and book arts techniques.  
Prerequisites: Admis to Art and Design prog; and Art 291(P); or grad st; or cons instr.  
Course Rules: May be retaken w/chg in topic to 6 cr max.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

ART 392 Lithography  
3 cr. Undergraduate/Graduate.  
Studio work based on stone and plate lithography; lectures on history, multicolor printing, polyester plate and experimental techniques in lithography.  
Prerequisites: Art 291(P); or grad st & cons instr.  
Last Taught: Fall 2017, Fall 2016, Spring 2015, Fall 2013.  
Current Offerings: http://uwm.edu/schedule
ART 393 Digital Printmaking  
3 cr. Undergraduate.  
A studio course exploring digital media and traditional printmaking. Media/content focus to include array of relevant topics.  
**Prerequisites:** admits to Art and Design prog & Art 291(P), 221(P), or 253(P); or admis to Inter-Arts/IAT; or cons instr.  
**Last Taught:** Spring 2016, Fall 2015, Spring 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 394 Intaglio  
3 cr. Undergraduate/Graduate.  
Studio work in intaglio; drypoint engraving, etching, relief-intaglio; aquatint, experimental procedures, color printing, development of personal graphic concept.  
**Prerequisites:** Art 291(P); or grad st & cons instr.  
**Last Taught:** Spring 2018, Spring 2017, Fall 2014, Spring 2013.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 396 Photo Screenprinting  
3 cr. Undergraduate/Graduate.  
Screen-print process using the photo-stencil to reproduce hand-drawn and computer manipulated marks and images; printing skills, experimentation with materials and multiple reproduction.  
**Prerequisites:** Art 291(P), 253(P), 231(P), or 221(P); or grad st & cons instr.  
**Last Taught:** Spring 2014, Spring 2012, Fall 2010, Spring 2009.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 397 Book Arts Workshop  
3 cr. Undergraduate/Graduate.  
Studio work exploring traditional and experimental book structures. Media/content focus variable to include array of relevant topics.  
**Prerequisites:** jr st; or grad st; or cons instr.  
**Course Rules:** May be retaken to 6 cr max.  
**Last Taught:** Spring 2015, Spring 2014, Fall 2012, Spring 2011.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 398 Photo Printmaking  
3 cr. Undergraduate.  
Studio practice in the use of photo-sensitized plates, various printmaking processes (intaglio, lithography, relief) with emphasis on multiple plate color printing.  
**Prerequisites:** admits to Art and Design prog & Art 291(P) or 253(P).  
**Last Taught:** Fall 2014, Fall 2012, Fall 2010, Spring 2009.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 402 Art and Design Workshop  
1-3 cr. Undergraduate/Graduate.  
Special topic course in Art and Design.  
**Prerequisites:** jr st & admits to Art and Design prog; or grad st; or cons instr.  
**Course Rules:** May be retaken w/chg in topic change to 6 cr max.  
**Last Taught:** Spring 2018, Spring 2017, UWinterIM 2017, Summer 2016.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 405 Product Realization  
3 cr. Undergraduate/Graduate.  
This interdisciplinary course (engineering and art students) considers the diverse aspects of the product realization process. 2.5 hrs lecture.  
**Prerequisites:** jr st & admis to Art & Design prog or IAT prog; or Ind Eng 350(P), 360(P), 370(P); or MechEng 321(P), 360(P), 366(P), 370(P); or grad st & cons instr.  
**Course Rules:** Art 405, MechEng 405, & Ind Eng 405 are jointly offered; they count as repeats of one another. Counts as repeat of Art 402/Ind Eng 590/MechEng 490 with same topic.  
**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 406 Community Arts II  
3 cr. Undergraduate/Graduate.  
Intermediate study of community arts as a tool for enriching community life, affirming cultural identity, and pursuing political and social justice goals.  
**Prerequisites:** Art 306(P); or grad st; or cons instr.  
**Last Taught:** Spring 2018, Spring 2017, Spring 2017, Fall 2016.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 412 Advanced Digital Studio  
3 cr. Undergraduate/Graduate.  
An advanced, concept oriented studio course where students produce Digital Studio art.  
**Prerequisites:** jr st, admis to Art & Design prog or IAT prog, & Art 312(P); or grad st; or cons instr.  
**Last Taught:** Spring 2018, Spring 2016, Fall 2015, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 418 Advanced Electronics and Sculpture  
3 cr. Undergraduate/Graduate.  
Advanced art production using interactive systems such as sensors, microcontrollers, motors, lights for interactivity installations & performance.  
**Prerequisites:** jr st, admis to Art prog or IAT prog, & Art 318; or grad st; or cons instr. See schedule of classes for any additional prereqs.  
**Course Rules:** May be retaken/chg in topic to 9 cr max.  
**Last Taught:** Fall 2017, Fall 2016, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 421 Design and Visual Communication II  
3 cr. Undergraduate.  
Intermediate level emphasizes a beginning professional synthesis of fundamentals of typography, symbol, image in comprehensive design projects.  
**Prerequisites:** grade of B- or better in Art 321(229)(P), 323(328)(P) & 3 cr min Graphic Design expanded studies (grade of C or better).  
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

ART 422 Design Methodologies: Process, Communication & Theory  
3 cr. Undergraduate.  
Focus on creative process and communication; and entrepreneurial, professional and cross-disciplinary practices in design and related fields.  
**Prerequisites:** Art 323(P) & successful completion of or exemption from a QL-A course; or cons instr.  
**General Education Requirements:** QLB  
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
ART 423 Experimental Typography
3 cr. Undergraduate/Graduate.
Advanced understanding of typography, its use in innovative information systems, its historical context and function in various media including print, architectural applications, Web and multimedia.
Prerequisites: jr st & B- or better in ART 323(328)(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 424 Topics in Web, Interaction and Screen Design:
3 cr. Undergraduate.
Exploration of concepts and technologies in web, interaction and screen design. Topic and additional prerequisites will be published in Schedule of Classes; students must meet additional prereqs.
Prerequisites: jr st; or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 426 Motion Graphics
3 cr. Undergraduate/Graduate.
Introduction to history and production of short-duration motion graphics (industry, Internet, titling, graphics, creative projects) using contemporary production tools (video editing, compositing, audio recording/sequencing).
Prerequisites: jr st & Art 118(P); or grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 427 Advanced Design Workshop:
1-3 cr. Undergraduate/Graduate.
A short term, concept oriented workshop in graphic design.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken w/chg in topic 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 431 Special Topics in Fibers:
3 cr. Undergraduate/Graduate.
Advanced problem-solving working toward the development of cohesive body of work in non-loom construction.
Prerequisites: jr st, & Admis to Art and Design prog, & Art 231(P); or cons instr; or grad st.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 432 Woven Structure II
3 cr. Undergraduate/Graduate.
Continuation of ART 332. Further development of individual concepts in weaving leading to a cohesive body of work.
Prerequisites: jr st, & Art 332(232)(P); or cons instr; or grad st.
Last Taught: Spring 2018, Spring 2017, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ART 433 Digital Imaging for Fabric
3 cr. Undergraduate/Graduate.
Digital processes and screen-printing on textiles with an emphasis on individual expression.
Prerequisites: jr st, & Admis to Art and Design prog, & Art 231(P); or cons instr; or grad st.
Last Taught: Fall 2015, Fall 2012, Fall 2010, Spring 2008.
Current Offerings: http://uwm.edu/schedule

ART 434 Fibers III-Weaving
3 cr. Undergraduate/Graduate.
Individual research and execution of projects in various processes of weaving. Professional execution of work emphasized.
Prerequisites: jr st; Art 432(P).
Current Offerings: http://uwm.edu/schedule

ART 435 Mixed Materials: Concept/Object
3 cr. Undergraduate/Graduate.
Individual research and execution of projects in various processes of non-loom fiber construction. Professional execution of work emphasized.
Prerequisites: jr st, & Admis to Art and Design prog, & Art 231(P); or cons instr; or grad st.
Last Taught: Fall 2017, Fall 2016, Spring 2015, Spring 2013.
Current Offerings: http://uwm.edu/schedule

ART 436 Cloth Construction: Surface to Structure
3 cr. Undergraduate/Graduate.
Individual research and execution of projects in various processes of fabric printing and construction.
Prerequisites: jr st, & Admis to Art and Design prog, & Art 231(P); or cons instr; or grad st.
Last Taught: Spring 2018, Fall 2014, Fall 2011, Fall 2008.
Current Offerings: http://uwm.edu/schedule

ART 438 Fiber Workshop:
3 cr. Undergraduate/Graduate.
A special topic course in fibers.
Prerequisites: See semester Schedule of Classes.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Spring 2018, Spring 2016, Spring 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

ART 441 Advanced Drawing Strategies I
3 cr. Undergraduate/Graduate.
Advanced investigation of drawing as an organizing tool for thought and personal image exploration. Students work with both assigned and independently-conceived problems.
Prerequisites: jr st & Admis to Art and Design prog; or grad st.
Current Offerings: http://uwm.edu/schedule

ART 442 Figure Drawing Explorations
3 cr. Undergraduate.
Focus on the human figure. Emphasis on personal interpretations in studio-based and outside assignments.
Prerequisites: jr st, admis to Art and Design prog, & Art 342(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ART 443 Painting Strategies
3 cr. Undergraduate.
Emphasis on painting concepts, problem solving, research, construction strategies and development of personal direction.
Prerequisites: jr st, admis to Art and Design prog & Art 343(P); or 243(P) & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 444 Watercolor
3 cr. Undergraduate.
Continuation of Art 344. Greater emphasis on individual development and experimental use of the medium.
Prerequisites: Art 344(P).
Current Offerings: http://uwm.edu/schedule

ART 447 Reading Works of Art
3 cr. Undergraduate/Graduate.
Continuation of Art 347.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 449 Painting And Drawing Workshop:
1-3 cr. Undergraduate/Graduate.
A short term, special topic course in painting and drawing. Additional prereqs may appear in the Schedule of Classes.
Prerequisites: jr st or writ cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 451 Special Topics in Photography:
3 cr. Undergraduate/Graduate.
Specific topic and additional prerequisites will appear in the Schedule of Classes each time the course is offered.
Prerequisites: jr st, Art 253(P), Art 350(P) & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or Photo minors with Art 350(P) or Art 357(P) or Art 358(P); or grad st; or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 452 Contemporary Issues in Photography
3 cr. Undergraduate/Graduate.
Addresses critical issues, theory, and practices surrounding contemporary photography and how photographers have worked to challenge, expand, and reinvent the medium.
Prerequisites: jr st, admis to Photo prog, cumulative 2.67 GPA in photo curriculum, Art 253(P), B- or better in Art 350(P); or Photo minors with Art 350(P) or Art 358(P) or Art 357(P); or grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 453 Sculpture Studio
3 cr. Undergraduate.
Introduction to sculpture with emphasis on open-ended materials, tools, and techniques including: clay, wood, metal, and more.
Prerequisites: jr st, admis to Art & Design prog & Art 261(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 454 Narrative Photography
3 cr. Undergraduate/Graduate.
Investigation of contemporary and historical narrative strategies that range from documentary to tableau and move from single images to sequencing.
Prerequisites: jr st, Art 253(P), Art 350(P) & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or Photo minors with Art 350(P), 358(P), or 357(P); or grad st; or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 456 Advanced Digital Photography
3 cr. Undergraduate/Graduate.
Exploration of critical concepts through advanced digital color management, retouching, manipulation, compositing, image appropriation, and expanded media to include time-base media, emerging capture/output technologies and hybrid practices.
Prerequisites: jr st, Art 253(P) & Art 350(P) or Art 357(P); or Art 212(P) & Art 312(P); or Art 221(P) & Art 321(P), & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or Photo minors with Art 350(P) or Art 357(P); or grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

ART 458 Photographic Materials and Processes
3 cr. Undergraduate/Graduate.
Exploration of experimental methods and aesthetics of the photograph as object from image capture to print, including darkroom manipulation, historical processes, hybrid practice, and alternative presentation strategies. Prereq: jr st, Art 253(P) & 350(P) or 358(P); or Art 291(P) & 391(P) or 392(P) or 393(P) or 394(P); or Art 212(P) & 312(P); & admis to Art & Design prog or Pre-Film/Film prog or Inter-Arts/IAT prog; or Photo minors with Art 350(P) or 358(P) or 357(P); or grad st;
Prerequisites:
Current Offerings: http://uwm.edu/schedule

ART 459 Advanced Photography Workshop:
1-3 cr. Undergraduate/Graduate.
Advanced special topic workshop course in photography.
Prerequisites: jr st, admis to Art & Design prog, Pre-Film/Film prog, or Inter-Arts/IAT prog; or gr st; or cons instr. Additional prerequisites may be announced in the Schedule of Classes each time course is offered.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Fall 2015, Fall 2014, UWinteriM 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ART 461 Structural Fabrication/Assembled Objects
3 cr. Undergraduate.
Exploration of welding processes, wood-working techniques, and mixed media assemblage.
Prerequisites: jr st, admis to Art and Design prog, & Art 261(P).
Last Taught: Fall 2010, Fall 2009, Fall 2008, Spring 2008.
Current Offerings: http://uwm.edu/schedule

ART 463 Structural Fabrication/Assembled Objects
3 cr. Undergraduate.
Exploration of welding processes, wood-working techniques, and mixed media assemblage.
Prerequisites: jr st, admis to Art and Design prog, & Art 261(P).
Current Offerings: http://uwm.edu/schedule

ART 464 Contemporary Figure Sculpture
3 cr. Undergraduate.
Exploration and investigation of the human figure from live models. Includes study of anatomy and historical references.
Prerequisites: jr st, admis to Art and Design prog, & Art 261(P).
Current Offerings: http://uwm.edu/schedule
ART 468 Advanced Sculptural Practices:
3 cr. Undergraduate/Graduate.
Advanced level course in specialized sculpture processes & skills.
Prerequisites: jr st & Art 368(P); or grad st. See Schedule of Classes for additional prereq.
Course Rules: May be retaken w/chg in topic to 15 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 469 Sculpture Workshop:
1-3 cr. Undergraduate/Graduate.
A short term special topic workshop in sculpture. Specific topic and additional prerequisites may appear in the Timetable each semester.
Prerequisites: jr standing or writ cons instr.
Course Rules: May be retaken w/chg in topic to a 6 cr max.
Last Taught: Fall 2014, Fall 2013, UWinteriM 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ART 470 Metal Forming
3 cr. Undergraduate.
Development of technical competency in metal forming and angle raising through traditional and experimental processes. Four hours studio monitoring mandatory.
Prerequisites: admis to Art and Design prog & Art 271(P).
Last Taught: Spring 2016, Fall 2014, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

ART 471 Color on Metal
3 cr. Undergraduate.
Exploration of surface enrichment through vitreous enamel on metal and other traditional and experimental coloration techniques. Four hours studio monitoring mandatory.
Prerequisites: admis to Art and Design prog & Art 271(P).
Current Offerings: http://uwm.edu/schedule

ART 472 Color on Metal
3 cr. Undergraduate.
Exploration of surface enrichment through vitreous enamel on metal and other traditional and experimental coloration techniques. Four hours studio monitoring mandatory.
Prerequisites: admis to Art and Design prog & Art 271(P).
Current Offerings: http://uwm.edu/schedule

ART 473 Special Topics in Jewelry and Metallsmithing:
3 cr. Undergraduate.
Specific topic and additional prerequisites will appear in Schedule of Classes each time the course is offered. Four hours studio monitoring mandatory.
Prerequisites: admis to Art and Design prog & Art 271(P).
Course Rules: May be retaken w/chg in topic to 12 cr max.
Last Taught: Spring 2018, Fall 2016, Spring 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

ART 474 Portfolio Development in Jewelry and Metallsmithing
3 cr. Undergraduate/Graduate.
Introduction to professional and academic portfolio preparation including a cohesive body of work, resume, artist statement, visual documentation and portfolio presentation. Four hours studio monitoring mandatory.
Prerequisites: jr st & Admis to Art and Design prog; Art 371(P) or 372(P) or 378(P) or 470(P) or 472(P) or 473(P) or 478(P); or grad st & cons instr.
Course Rules: May be retaken to 12 cr max.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

ART 475 Advanced Printmaking
3 cr. Undergraduate/Graduate.
Advanced printmaking with an emphasis on specialized processes and techniques. Media/content focus to include array of relevant topics.
Prerequisites: jr st & Art 393(293)(P); or grad st; or cons instr.
Last Taught: Spring 2016, Spring 2015, Fall 2013, Spring 2013.
Current Offerings: http://uwm.edu/schedule

ART 476 Advanced Sculptural Practices:
3 cr. Undergraduate/Graduate.
Advanced level course in specialized sculpture processes & skills.
Prerequisites: jr st & Art 368(P); or grad st. See Schedule of Classes for additional prereq.
Course Rules: May be retaken w/chg in topic to 15 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 478 Digital Fabrication and Craft
3 cr. Undergraduate/Graduate.
Survey of fabrication methods with an emphasis on computer numeric controlled fabrication & exploration into digital fabrication & craft. Four hours studio monitoring mandatory.
Prerequisites: Art 277(P) & 261; Art 277(P) & 271(P); Art 277(P) & 278; or grad st; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 479 Jewelry and Metallsmithing Workshop:
1-3 cr. Undergraduate/Graduate.
Special topics workshop in jewelry and metallsmithing.
Prerequisites: jr st, & Admis to Art and Design prog, & Art 271(P); or grad st & cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr. max.
Last Taught: Summer 2017, Summer 2016, Summer 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 481 Ceramics Special Topics and Portfolio I
3 cr. Undergraduate/Graduate.
Advanced problem-solving working toward the development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.
Prerequisites: jr st, & Admis to Art and Design prog, & Art 281(P); or cons instr; or grad st & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 482 Ceramics Special Topics and Portfolio II
3 cr. Undergraduate/Graduate.
Continuation of ART 481. Advanced problem solving and development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.
Prerequisites: jr st, & Art 481(P); or grad st & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 483 Ceramics Special Topics and Portfolio III
3 cr. Undergraduate/Graduate.
Continuation of ART 482. Advanced problem solving and development of a cohesive body of work in the ceramic medium. Exploration of special thematic topics.
Prerequisites: jr st & Art 482(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ART 489 Ceramics Workshop:
1-3 cr. Undergraduate/Graduate.
A short-term special topic course in ceramics.
Prerequisites: jr st & writ cons instr.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Last Taught: Spring 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 493 Advanced Digital Printmaking
3 cr. Undergraduate/Graduate.
An advanced studio course exploring digital media and traditional printmaking. Media/content focus to include array of relevant topics.
Prerequisites: jr st & Art 393(293)(P); or grad st; or cons instr.
Last Taught: Spring 2016, Spring 2015, Fall 2013, Spring 2013.
Current Offerings: http://uwm.edu/schedule
ART 495 Advanced Printmaking:
3 cr. Undergraduate/Graduate.
Develop conceptual base of work and expand range of print skills with emphasis on color printing and combination print processes.
Prerequisites: jr st & Art 392(393) or 393(293)(P) or 394(P) or 396(P) or 398(P); or grad st; or cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 496 Sequence and Structure
3 cr. Undergraduate/Graduate.
Advanced studio course exploring the creation of sequential art and the development of visual narratives using experimental book structures as well as electronic media (web, multimedia).
Prerequisites: jr st & Art 291(P) or 295(P); or Art 221(228)(P); or grad st & cons instr.
Current Offerings: http://uwm.edu/schedule

ART 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Studio and special problems designed to provide relevant course work for a study abroad program in the visual arts.
Prerequisites: jr st; acceptance in Study Abroad Prog.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Fall 2017, Summer 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 499 Advanced Printmaking Workshop:
3 cr. Undergraduate/Graduate.
Special topic course in Print and Narrative Forms.
Prerequisites: jr st; or grad st; or cons instr. Add'l prereqs may appear in Schedule of Classes each time course is offered.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Spring 2013, Summer 2012, Summer 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

ART 502 Undergraduate Classroom Assistantship in Art and Design
3 cr. Undergraduate.
Student classroom experience as an assistant to the course instructor in a closely-monitored mentoring situation.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 505 BA Project
1 cr. Undergraduate.
BA students collect, organize, synthesize & present capstone project in public event.
Prerequisites: sr st, Art 604(C).
Course Rules: Credit/No Credit only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 507 Undergraduate Research Assistantship in Art and Design
1-3 cr. Undergraduate.
An opportunity for juniors and seniors to work collaboratively with an Art and Design faculty member on a specific and sustained research project.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 509 Art & Design Seminar:
3 cr. Undergraduate/Graduate.
Topics and critical issues in the modern and/or contemporary field of art. Student research and written/oral reports required.
Prerequisites: jr st; & completion of Oral and Written Communication (OWC) Competency Part A GER, or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
General Education Requirements: OWC
Current Offerings: http://uwm.edu/schedule

ART 522 Topics in Advanced Illustration:
3 cr. Undergraduate.
Advanced course exploring contemporary illustration: technologies for its creation, dissemination and viewing, its relationship to design and fine art practice.
Prerequisites: jr st & Art 322(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 524 Professional Practice in Design:
3-6 cr. Undergraduate/Graduate.
Preparation for the design profession through research, writing and portfolio development. Graduate level requires additional research.
Prerequisites: jr st; & Art 323(C); or grad st; or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 526 Research in Universal Design and Fabrication
3 cr. Undergraduate/Graduate.
Exploration of topics focused on Human Factors in Universal Design.
Prerequisites: jr st; Art 221(228)(P), or 378(P), or 478(P); or grad st.
Course Rules: May be retaken w/chg in topic to 6 cr max. Counts as repeat of Art 427 with similar topic.
Current Offerings: http://uwm.edu/schedule

ART 528 Print Production and Presentation Techniques
3 cr. Undergraduate.
Introduction to aspects of design production including scheduling, budgeting, pre-press, paper selection, printing, digital files, vendor communication; digital and hand-assembled mock-ups will be produced.
Prerequisites: Art 221(228)(P); or cons instr.
Current Offerings: http://uwm.edu/schedule
ART 529 Design and Visual Communication III
3 cr. Undergraduate/Graduate.
Capstone course emphasizes a complete and comprehensive synthesis of design and visual communication through comprehensive studio projects developed for a graduate portfolio.
Prerequisites: jr st, & grade of B- or better in Art 421(329)(P) & 6 cr (final 3 may be taken conc) Design and Visual Communication Expanded Studies (grade of C or better); or grad st & cons instr.
Current Offerings: http://uwm.edu/schedule

ART 531 Senior Project in Fibers
3 cr. Undergraduate.
Further development of fiber investigations leading to a final project for BFA exhibition.
Prerequisites: sr st & cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 539 Fibers-Independent Study
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study for the advanced student in fibers.
Prerequisites: jr st; Admis to Art and Design prog; or grad st, & cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 541 Advanced Drawing Strategies II
3 cr. Undergraduate/Graduate.
Continuation of Art 441. Advanced investigation of drawing as an organizing tool for thought and personal image exploration. Students work on assigned and independently-conceived problems.
Prerequisites: jr st & Art 441(P); or grad st.
Current Offerings: http://uwm.edu/schedule

ART 542 Advanced Figure Drawing Explorations
3 cr. Undergraduate/Graduate.
Continuation of Art 442. Advanced focus on the human figure. Emphasis on personal interpretations in studio-based and outside assignments.
Prerequisites: jr st; admis to Art and Design prog & Art 442(P); or grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

ART 543 Painting Studio
3 cr. Undergraduate/Graduate.
Advanced investigation of painting focused upon personal image exploration through independently conceived problems.
Prerequisites: jr st & Admis to Art and Design prog; Art 441(P), & 443(P); or grad st.
Course Rules: May be retaken to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 552 Studio Practice and Research in Photography
3 cr. Undergraduate/Graduate.
Research and development of a body of photographic work.
Prerequisites: sr st, admis to Photo prog, cumulative 2.67 GPA in photo curriculum, B- or better in Art 452 (P), & two of the following: 451 (P), 454(P), 456(P), 458(P); or grad st; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 553 Senior Project in Photography
3 cr. Undergraduate.
Further development of studio investigations leading to a final project for BFA Exhibition.
Prerequisites: sr st, grade of B- or better in Art 552(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 561 Conceptual Process, Sculptural Presence
3 cr. Undergraduate/Graduate.
Development of advanced concepts in contemporary sculpture.
Prerequisites: jr st; Admis to Art and Design prog. & Art 261(P), & 363(P); or 365(P); or 461(P); or 464(P); or grad st.
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 562 Environmental Sculpture and Installation
3 cr. Undergraduate/Graduate.
Development of sculptural work that incorporates the environment, integration of sculptural form, installation, and performance.
Prerequisites: jr st & Admis to Art and Design prog; Art 363(P) & 365(P), or 461(P), or 464(P), or 561(P); or grad st & cons instr.
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 567 Senior Project in Sculpture
3 cr. Undergraduate.
Further development of independent sculpture investigations leading to a final project for BFA Exhibition.
Prerequisites: sr st & Art 561(P); or 562(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 575 Senior Project in Jewelry and Metalsmithing
3 cr. Undergraduate.
Research and create a cohesive body of work based on technical, aesthetic and conceptual explorations for BFA Exhibition.
Prerequisites: sr st & Art 371(P), 474 (P); & four of the following: 372(C), 378 (C), 470(C), 472(C), 473(C), 478(C); or cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 578 Research in Digital Fabrication and Craft:
3 cr. Undergraduate/Graduate.
Interdisciplinary research into digital fabrication, rapid prototyping and design.
Prerequisites: Art 478(P); or grad st; or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 583 Senior Project in Ceramics
3 cr. Undergraduate.
Further development of independent investigations in ceramics leading to a final project for BFA Exhibition.
Prerequisites: sr st & Art 482(P); or cons instr.
Current Offerings: http://uwm.edu/schedule
ART 584 Experimental Processes in Woodfiring II
3 cr. Undergraduate/Graduate.
Advanced research and further development of personal aesthetic in woodfiring. Leadership in supervising the firing process required.
Prerequisites: jr st, & Art 384(P); or grad st & cons instr.
Current Offerings: http://uwm.edu/schedule

ART 591 Portfolio in Print and Narrative Forms
3 cr. Undergraduate/Graduate.
Introduction to professional and academic portfolio preparation including a cohesive body of work, resume, artist statement, professional writing samples, visual documentation and portfolio presentation.
Prerequisites: jr st; gr st; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 595 Colloquium: Print and Narrative Forms
3 cr. Undergraduate/Graduate.
Imaging and hybrid forms in contemporary photographic, book arts, narrative forms and print work.
Prerequisites: jr st; or grad st; or cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

ART 597 Senior Project in Print and Narrative Forms
3 cr. Undergraduate.
Further development of studio investigations leading to a final project for BFA Exhibition.
Prerequisites: sr st & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ART 603 Advanced Studio Practice
1-3 cr. Undergraduate/Graduate.
A special course open only to seniors and graduate students with written cons instr.
Prerequisites: sr st; writ cons instr.
Course Rules: May be retaken to max of 3 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 604 Professional Practices
3 cr. Undergraduate.
Preparation for graduating seniors with skills needed for a career in the competitive field of art: resumes, grants, budgets, taxes.
Prerequisites: sr st; & successful completion of, or exemption from, a QLB A course; or cons instr.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 605 BFA Exhibition
1 cr. Undergraduate.
Independent supervised preparation and exhibition in Art & Design to fulfill BFA degree requirements.
Prerequisites: sr st, enrol conc in an advanced studio course; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 606 BFA Exhibition in Design
1 cr. Undergraduate.
Supervised preparation and exhibition in conjunction with Art 529 Graphic Design III to fulfill degree requirements.
Prerequisites: Art 421(P) & 529(C).
Current Offerings: http://uwm.edu/schedule

ART 608 Art and Design Internship
3-6 cr. Undergraduate/Graduate.
Provides structured opportunities for art students to earn credit for skills and professional experience gained working in galleries, museums, studios, arts organizations or art businesses.
Prerequisites: jr st & admis to Art and Design prog; or grad st & cons instr.
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule

ART 609 Independent Reading and Research
1-3 cr. Undergraduate/Graduate.
Prerequisites: sr st & writ cons instr.
Course Rules: May be retaken/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 612 Senior Project in Digital Studio Practice
3 cr. Undergraduate.
Further development of independent investigation in Digital Media, leading to a final project for BFA Exhibition.
Prerequisites: sr st & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 621 The Design Group
3 cr. Undergraduate.
Development of advanced understanding of visual, theoretical, historical, professional and technical aspects of design practice through work with client(s).
Prerequisites: cons instr.
Course Rules: May be retaken to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 627 Design Seminar:
3 cr. Undergraduate/Graduate.
Role and responsibility of professional designer investigated. Topics may include contemporary trends and issues, design education, ethics, social activism, career opportunities.
Prerequisites: jr st; or grad st; or cons instr.
Last Taught: Fall 2017, Fall 2012, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

ART 629 Graduate Graphic Design I
3 cr. Undergraduate/Graduate.
Individual research in graphic design.
Prerequisites: Art 529(P) or cons instr.
Current Offerings: http://uwm.edu/schedule
ART 645 Painting and Drawing Critique
3 cr. Undergraduate/Graduate.
An advanced critique format course to investigate painting and drawing mediums. Students will develop and discuss conceptual, technical, and collective dialogue strategies.
Prerequisites: sr st or writ cons instr.
Current Offerings: http://uwm.edu/schedule

ART 721 Design Thinking & Making
3 cr. Graduate.
Focus on design process: identify/define problems, communication modes, nature of representation, dimensions of context, solution assessment. Develop storytelling skills. Rapid prototyping, qualitative/quantitative research, collaboration, co-design.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

ART 732 Graduate Studio
3 cr. Graduate.
Ongoing critique of individual studio research in students’ chosen medium(s). Emphasis on developing and maintaining interdisciplinary dialogue. Studio research, individual, and group critiques required.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Current Offerings: http://uwm.edu/schedule

ART 903 Seminar in Art - Reading and Research
3 cr. Graduate.
Experience in the systematic development and production of written and visual documentation or research.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

ART 904 Seminar in Art - Unique Topics:
3 cr. Graduate.
Examination of unique topics and issues of the modern and/or contemporary field of art. Student scholarly research and written/oral reports required.
Prerequisites: grad st
Course Rules: Retakable w/chg in topic to 9 cr max.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ART 905 Seminar in Art - Critique Colloquium
3 cr. Graduate.
Studio critique/discussion to develop analytical perceptual skills in the understanding/comprehension of works of art. Student research, presentation and written/oral reports required.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Last Taught: Spring 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ART 906 Graduate Workshop:
3 cr. Graduate.
A special topic workshop for graduate students including reading, research, writing and studio practice.
Prerequisites: grad st.
Course Rules: Retakable w/ chg in topic to 9 cr max.
Last Taught: Spring 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ART 940 Seminar in Art - Colloquium
3 cr. Graduate.
Presentations and discussions centering on contemporary concerns in art. Student research and oral reports.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule
ART 908 Advanced Research-General
1-4 cr. Graduate.
Independent studio work and research in areas not covered by specific courses.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 909 Independent Reading and Research
1-4 cr. Graduate.
Independent reading and research relative to scholarly issues in art.
Prerequisites: grad st.
Course Rules: Retakable to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 918 Advanced Research-InterMedia
1-4 cr. Graduate.
Independent work and research in combined media.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Current Offerings: http://uwm.edu/schedule

ART 929 Advanced Research-Design & Digital Media
1-4 cr. Graduate.
Individual work and research in design and digital media.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 930 Advanced Research-Fibers
1-4 cr. Graduate.
Independent work and research in fibers.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Current Offerings: http://uwm.edu/schedule

ART 943 Advanced Research-Painting
1-4 cr. Graduate.
Independent work and research in painting/drawing.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Current Offerings: http://uwm.edu/schedule

ART 952 Advanced Research-Photography
1-4 cr. Graduate.
Independent work and research in photography.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART 961 Advanced Research - Sculpture
1-4 cr. Graduate.
Independent work and research in sculpture.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Last Taught: Spring 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ART 973 Advanced Research-Jewelry and Metalsmithing
1-4 cr. Graduate.
Independent work and research in jewelry and metalsmithing.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Current Offerings: http://uwm.edu/schedule

ART 989 Advanced Research-Ceramics
1-4 cr. Graduate.
Independent work and research in ceramics.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Last Taught: Fall 2017, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

ART 994 Advanced Research-Printmaking
1-4 cr. Graduate.
Independent work and research in printmaking, bookmaking, and experimental narrative.
Prerequisites: grad st.
Course Rules: Retakable to 21 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

Art Education Courses

ART ED 130 Multicultural Art and Visual Learning in Elementary Education
3 cr. Undergraduate.
A study of art and its relationship to human development. Designed for teachers interested in providing developmentally appropriate art experiences for children from pre-school through 6th grade. Lectures, discussions, readings, and lab activities will emphasize the use of art materials, equipment, and visual aids.
Prerequisites: none.
Course Rules: Not open for degree cr to Art & Art Ed majors. Not open for degree cr to Art & Art Ed majors.
General Education Requirements: A, CD
Current Offerings: http://uwm.edu/schedule

ART ED 227 Introduction to Art Education
3 cr. Undergraduate.
Early introduction to the field of art education, afford students opportunity to observe in schools, and provide Art Ed faculty opportunity to connect with students earlier in program.
Prerequisites: soph st; admis to Art and Design prog.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
ART ED 228 Learning Processes in Art Education
3 cr. Undergraduate.
Introduction to theories of visual learning, art criticism centered on contemporary artists, academic language for teaching in K-12 settings. Exploration of portable technologies in teaching-learning.
Prerequisites: soph st; admis to Art and Design prog.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ART ED 327 Art Education Theory and Practice: Elementary
6 cr. Undergraduate.
Theory and practice explored through school-based field experiences, readings, and research. Curriculum design and implementation with an urban focus. 50 hrs of observations in elementary school required.
Prerequisites: jr st, admis to Art Ed prog., & completion of Oral and Written Communication (OWC) Competency Part A GER, & cons instr.
Course Rules: Counts as repeat of Art Ed 225, 250, & 375.
General Education Requirements: OWC
Last Taught: Fall 2017, Summer 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

ART ED 328 Art Education Theory and Practice: Secondary
6 cr. Undergraduate.
Theory and practice explored through school-based field experiences, readings, and research. Curriculum design and implementation with an urban focus. 50 hrs of observations in secondary school required.
Prerequisites: jr st, admis to Art Ed prog., Art Ed 327(P), & successful completion of or exemption from a QL-A course & cons instr.
Course Rules: Counts as repeat of Art Ed 325 & 350.
General Education Requirements: QLB
Current Offerings: http://uwm.edu/schedule

ART ED 425 Student Teaching in Art I - Elementary Levels
5 cr. Undergraduate.
Pre-professional teaching internship in preschool/kindergarten through sixth grade.
Prerequisites: sr st & Art Ed majors or Art Cert students only, dept GPA requirements, English proficiency, health clearance, Art Ed 227(P), 327(P), 328(P), 426(C), & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART ED 426 Student Teaching in Art II - Secondary Levels
5 cr. Undergraduate.
Pre-professional teaching internship in grades seven through twelve.
Prerequisites: sr st & Art Ed majors or Art Cert students only, dept GPA requirements, English proficiency, health clearance, Art Ed 227(P), 327(P), 328(P), 425(C), & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART ED 489 Art Education Workshop:
1-3 cr. Undergraduate/Graduate.
A short-term, concept-oriented workshop in the visual and tactile arts with special focus on current issues of particular interest to the professional art educator.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

ART ED 699 Independent Reading and Research
1-4 cr. Undergraduate.
Prerequisites: sr st & writ cons instr.
Course Rules: May be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

ART ED 801 Seminar in Urban Education and the Visual Arts
3 cr. Graduate.
Seminar on issues related to urban schools. Emphasis on the art in urban education and consequent demands made upon curriculum.
Prerequisites: grad st; Art Ed 750 or cons instr.
Current Offerings: http://uwm.edu/schedule

ART ED 810 Curricular Designs for Art Instruction
3 cr. Graduate.
Curricular rationales and models will be studied and tested. Emphasis on use of art history and criticism with studio-based curricula.
Prerequisites: grad st; Art Ed 775 or cons instr.
Last Taught: Fall 2016, Spring 2011, Fall 1998, Fall 1996.
Current Offerings: http://uwm.edu/schedule

ART ED 830 Teaching Art With Works of Art
3 cr. Graduate.
Study of ways historic and contemporary masterworks can enhance art curricula. Use of art museums will be emphasized and visual resources examined.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

ART ED 850 Supervision and Administration of Art Programs
3 cr. Graduate.
Study of supervisory and administrative practices related to art programs. Staff development techniques, management procedures, evaluation processes, community relations, and grant writing emphasized.
Prerequisites: grad st; Art Ed 750(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ART ED 860 Teaching Art in Higher Education
3 cr. Graduate.
Study of curricular models, administrative structures and policies, and teaching methods used by arts administrators, educators, and master artists in higher education.
Prerequisites: grad st; Art Ed 725(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

ART ED 900 Advanced Independent Problems in Art Education
3 cr. Graduate.
Applied research in art education with emphasis on student generated problems in studio practices, Art History, criticism, Anthropology, Sociology, and aesthetics, or Psychology.
Prerequisites: grad st; cons grad advisor & instr.
Course Rules: May be repeated to max of 6 cr.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
ART ED 910 Seminar in Art Education:
3 cr. Graduate.
Each seminar will focus on a special topic relevant to art education. Topic related lectures, readings, and discussions will conclude in a required research report.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated with change in topic to max of 9 cr.
Last Taught: Fall 2016, Fall 2015, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

ART ED 920 Research Methods in Art Education
3 cr. Graduate.
The study of research models and methods used in the field. Student will develop a research proposal and design a research strategy. Participation in a field study required.
Prerequisites: grad st; cons instr. Completion of 24 grad cr in degree program.
Current Offerings: http://uwm.edu/schedule

ART ED 990 Master's Thesis
1-3 cr. Graduate.
Thesis research and advisement for m.s. in art education students who have completed course requirements for the degree.
Prerequisites: grad st; completion of 30 grad cr; cons grad advisor.
Course Rules: May be repeated to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

ART ED 998 Doctoral Dissertation
1-3 cr. Graduate.
Doctoral dissertation research and advisement for candidates for Ph.D. in urban education with a specialty in art education.
Prerequisites: doctoral candidacy; approval of doctoral advisor.
Course Rules: May be repeated to max of 12 cr.
Current Offerings: http://uwm.edu/schedule

ART ED 999 Independent Reading and Research
1-4 cr. Graduate.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

Art and Design, Minor: Community Arts

All students interested in enrolling as an Art & Design minor should contact the Art & Design Department undergraduate advisor to develop a plan of study prior to enrolling in art courses. Students choose between the Studio Minor (2D, 3D, and Digital Tracks), the Design Minor, the Photography Minor, and the Community Arts Minor. Students must take note of prerequisites for 200-level and above coursework in Art & Design.

Students who decide to become Art & Design majors based on their Art & Design minor experience will need to complete the remaining First Year Program credits and the 200-level introductory studio courses prior to continuing with the remaining BA or BFA requirements.

Requirements

A minor in Art & Design consists of a minimum of 18 art credits. Nine of the final 12 credits must be taken in residence at UWM. Art & Design minor students must maintain an overall GPA of 2.5.

Select one of the following tracks:

### 2D Track:

- ART 108 | 2D Concepts |

### 3D Track:

- ART 109 | 3D Concepts |

### Digital Track:

- ART 118 | Digital Arts: Culture, Theory, Practice |

### 200-level Intro

Select 3 credits from the following tracks: 2

- ART 243 | Introduction to Painting |

1. Note: If Community Arts minors have previously taken ART 150 in another department, they may substitute another Art & Design course for which they have the prerequisites.

2. 200-level courses are grouped according to track, but students are free to take what interests them as long as they meet the prerequisites.

Total Credits: 18

Location: Theatre 120

Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)

Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

¹ Select 9 credits of 300-level or above electives in Photography and Imaging from the list, in consultation with Art & Design Undergraduate Advisor and Area Head for Photography and Imaging. Students must be aware of the prerequisites for the 300+ level courses they wish to take.

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection,
campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Art and Design, Minor: Studio**

All students interested in enrolling as an Art & Design minor should contact the Art & Design Department undergraduate advisor to develop a plan of study prior to enrolling in art courses. Students choose between the Studio Minor (2D, 3D, and Digital Tracks), the Design Minor, the Photography Minor, and the Community Arts Minor. Students must take note of prerequisites for 200-level and above coursework in Art & Design.

Students who decide to become Art & Design majors based on their Art & Design minor experience will need to complete the remaining First Year Program credits and the 200-level introductory studio courses prior to continuing with the remaining BA or BFA requirements.

**Requirements**

A minor in Art & Design consists of a minimum of 18 art credits. Nine of the final 12 credits must be taken in residence at UWM. Art & Design minor students must maintain an overall GPA of 2.5.

**Art Education, BFA**

This undergraduate degree prepares students to teach art both in schools and in the community. Once students are admitted to the Art & Design program, they can apply to the Art Education program through ART ED 227 (see Advance to Major (p. 112)). In addition to satisfying the core curriculum, art education students also must take required art history and critical thinking courses, and three education courses. They are required to take studio courses from both 2D and 3D disciplines, and to focus their choices of studio electives to develop an emphasis in an area. In addition to top-notch studio preparation in a wide range of media, our students focus on urban issues and art education for social justice. Theory is integrated into practical early field and student teaching experiences. Throughout the program, assessment is aligned with the requirements for licensure under “PI-34,” the state law governing certification in Wisconsin. Students who demonstrate mastery of the knowledge, skills, and dispositions of professional educators during student teaching are recommended to the Department of Public Instruction in the State of Wisconsin for a PK-12 teaching license.

**Requirements**

The Art Education program requires a total of 130 credits for graduation distributed as follows:
### University Core

### Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty:

1. **Art & Design Portfolio form.** Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply.).)
2. **Portfolio of artworks.** Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.
3. **Statement of Intent.** Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (http://uwm.edu/arts/art-and-design).

### Appeal Process

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.
Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher.

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Art Education Certification Requirements

Following admission to the Art Education Program, and successful completion of the specified Art Education course of studies, a student seeking recommendation for teacher certification must successfully fulfill the following requirements:

1. fulfill all degree requirements;
2. fulfill the field experience requirement;
3. maintain a 2.75 cumulative GPA or higher while being in the program;
4. maintain a 3.0 or higher in content area courses (Art & Art History) or pass the Praxis II Art Content Exam;
5. successfully complete student teaching; and
6. demonstrate mastery of the knowledge, skills, and dispositions necessary for a career in the field of art education through the use of a Teaching Portfolio (see description below):
   The Art Education Area and the Wisconsin Department of Public Instruction require that students compile a teaching portfolio that demonstrates teaching proficiency. The required reflections, artifacts, statements, and assessment composing this portfolio will be compiled mostly as a part of their major two art education methods classes (ART ED 327 and ART ED 328). Fewer documents will be produced during their student teaching capstone classes (ART ED 425 and ART ED 426). Some of the documents that this portfolio includes are: copy of current resume, teaching philosophy, reflections on the Ten Wisconsin Teaching Standards, artifacts supporting the reflections showing your work as a teacher and your students’ work, lesson plans written and taught in field experiences, field experience assessments, and clinical assessments during student teaching.
7. Teacher Performance Assessment, EdTPA (see explanation below):

This is a performance-based test in which student teachers plan, instruct, and assess a visual arts lesson plan for K-12 following the requirements outlined in the EdTPA Handbook. Among these requirements student teachers must show strong curriculum based on four types of objectives, the use of academic language derived from the research of art content and contexts, and cohesive sequencing of art appreciation, artmaking, and art critique. Along with all this, students should demonstrate a theoretical use of visual art learning theory, elaborated skills in the documentation of in-progress and finalized student work, and an ability to reflect on their own teaching, as a way to inform the following steps in their instructional sequence.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.
Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Art Education, MS

The Master of Science (MS) in Art Education is a 30-credit program with advanced work in art education and the studio arts. The MS with a major in art education offers two separate program options. Both options require applicants to have completed a bachelor's degree in the visual arts or a related field, and to be admitted to the University of Wisconsin-Milwaukee Graduate School. Additional background requirements depend on the option the applicant intends to pursue, as follows:

- Pre K-12 Art Education Option is designed to enhance the expertise of practicing teachers. The program combines theory, practice, and research in an effort to develop leaders as teachers-artists-researchers in the field.
- Community-Based Art Education Option is designed for those who desire careers as educators in community art programs, including museums. The program looks at theories and practices that have impacted community-based art education.

The Department’s facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts’ Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and returning students. Application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/. Additional background requirements depend on the option the applicant intends to pursue, as follows:

- Pre K-12 Art Education Option is designed to enhance the expertise of practicing teachers. The program combines theory, practice, and research in an effort to develop leaders as teachers-artists-researchers in the field.
- Community-Based Art Education Option is designed for those who desire careers as educators in community art programs, including museums. The program looks at theories and practices that have impacted community-based art education.

The Peck School of the Arts’ Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements and have an undergraduate degree in art education, art history, studio arts, or a related field to be considered for admission to the program.

For Fall admission to the MS graduate programs in Art Education, the Graduate School recommends completing the online application one year in advance of intended enrollment (check http://uwm.edu/arts/art-and-design/graduate/ for more specific information) with portfolios and letters of recommendation uploaded to the Panthera Graduate Admission Application (https://graduateschool-apply.uwm.edu) page by February 1.

If applying for university fellowships, the application is due by December 10. Applications are accepted for Fall admission only.

The following materials are required and must be submitted with application:

1. An example of writing skills—appropriate examples include: a paper presented at a professional meeting, an art curriculum guide, a research paper, or a published article.
2. A digital portfolio of applicant's original work (minimum 10, maximum 20 images) and, if an experienced teacher, the work of one's students (minimum 10, maximum 20 images). Explanatory or descriptive annotations must accompany images.
3. Three (3) letters of recommendation that provide insight into your background as artist and educator.

Applicants may be admitted with specific program-defined course deficiencies provided that the deficiencies amount to no more than two courses. Upon admission to the program, the student is expected to satisfy deficiency requirements within three enrolled semesters.

Credits and Courses

The minimum requirement for the MS in Art Education degree is 30 graduate credits, 6 credits of which must be in foundations in art education, 9 credits in current topics and thematically related studio workshops, and 6 credits in thesis development. The student, in consultation with the major professor, is responsible for choosing 9 additional credits (minimum) in a chosen program of study in art education with a specific focus on Pre K-12 or community environments. Please refer to Master of Science in Art Education Handbook for further information.

A thesis to complete their degree. Two thesis options are available: a
Thesis department approval. Upon admission, an applicant may be permitted to transfer a maximum
of Graduate Studies in Art and Design for advice in selecting a new major
credentials that further a student's research agenda and must be chosen
university. Members from outside the university community must have
supporting the major area of concentration, for a minimum of three
member from art education, and one additional faculty member,
arrangements for a graduate faculty member in the Art Education Area to
immediately upon admission, the graduate student must contact the
Coordinator of Graduate Programs in Art and Design for initial advising
and aid in selection of a major professor from the faculty of the Art
Education area.
Upon completion of 9 graduate credits, each student must make
arrangements for a graduate faculty member in the Art Education Area to
serve as the major professor and must notify the Department of Art and
Design Office of Graduate Studies of that professor's willingness to serve
in such a capacity.
Immediately thereafter, each student, in consultation with the major
professor, must organize a thesis committee. The committee should
consist of the major professor from art education, another faculty
member from art education, and one additional faculty member,
supporting the major area of concentration, for a minimum of three
total. The additional faculty member may come from outside art
education, outside the Department of Art and Design, or outside of the
university. Members from outside the university community must have
credentials that further a student's research agenda and must be chosen
in consultation with the major professor.
If the student's major professor takes a leave of absence, receives a
sabbatical, or leaves the university, the student should contact the Office
of Graduate Studies in Art and Design for advice in selecting a new major
professor.
Transfer of Credits
Upon admission, an applicant may be permitted to transfer a maximum
of 12 graduate credits earned at another institution, or as a UWM non-
degree graduate student, subject to transfer credit requirements and
department approval.
Thesis
All MS in Art Education students must develop, present, and defend
a thesis to complete their degree. Two thesis options are available: a
written thesis that emphasizes scholarly research; or an applied study
that includes the development and implementation of a significant
teaching strategy or curricular model that is reported on in a written
thesis. Thesis option should be selected by a student and approved by
the major advisor before 12 graduate credits are earned.
Students must have at least two members of the Art Education area
faculty on their thesis committee and one from a related field of study.
GPA Requirements
As a masters degree student in the Department of Art & Design, you
must maintain at least a 3.0 GPA in your major of art education and a 3.0
cumulative GPA. Should you not meet this standard, you will be placed
on academic probation for the following long semester. Should you not
acquire a 3./0 GPA for the semester in which you were on probation, you
will be subject to dismissal from the program by a majority vote of the
graduate faculty.
In addition, if you earn a grade of C or lower in any art education course,
you will be placed on academic probation for the following long semester.
If you obtain a second C (or lower) at any point in your course of study,
you will be subject to dismissal from the program by a majority vote
of the graduate faculty. This includes obtaining two C's in the same
semester.
Time Limit
All coursework applied to your master’s degree must be no greater
than five years old at the time of your graduation. As individual courses
exceed that limit, they cannot count towards your MS. All students in
the graduate program are expected to make continuous and satisfactory
progress toward completion of their degrees. Failure to make adequate
and timely progress may result in removal from the program.
Program Requirements
Major Professor as Advisor
Immediately upon admission, the graduate student must contact the
Coordinator of Graduate Programs in Art and Design for initial advising
and aid in selection of a major professor from the faculty of the Art
Education area.
Focus Area Requirements and Thesis (15 credits)

Total Credits: 15

1. Course number 150 Multicultural America (any discipline) is a prerequisite to ART 306, and can be taken as a Directed Elective or as a University Core class in the fall semester of the sophomore year.<br>
2. Directed Electives are intended to build upon and augment each student’s curricular goals (academic double-major, minor, etc.). Students in Community Arts track must complete the courses for the Cultures and Communities certificate (p. 1198) (15 credits) as part of the Directed Electives or University Core. Remaining credits: Students should consult with advising in Art & Design, PSOA, and other schools on campus (double-majors, minors, etc.) to help guide their choice of electives.

1. Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2. The 32 credits Directed Electives can be courses in Art & Design and/or other disciplines to be chosen in conjunction with Art & Design Undergraduate advisor, followed by faculty in the areas of interest. Courses required to satisfy the Cultures and Communities Certificate (p. 1198) can be part of the Directed Electives or University Core. 150 Multicultural America is a prerequisite for ART 306, and is recommended as a Directed Elective.

3. The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

**Art & Design Undergraduate Admission Requirements**

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/apply)

**Appeal Process**

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

**Advancement to Major**

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher.

1. Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
1. Complete First Year Program courses (15 credits; see course list below)  
2. Oral and Written Communications Competency Part A (OWC-A);  
3. Quantitative Literacy Competency Part A (QL-A);  
4. A cumulative GPA of 2.5 or higher  
5. Complete 9 credits required 200-level studios (see course list below).  
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.  
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Art, BA: Design Studies**

This undergraduate degree offers students a concentrated studio art experience to complement a broad exposure to the humanities, fine arts, social sciences, and natural sciences. Bachelor of Arts (Art) students have four course tracks to choose from: Studio Arts, Design Studies, Community Arts, and Digital Fabrication and Design.

The courses required and recommended for this track are listed on the "Requirements" tab. The "Plan of Study" tab suggests course sequencing across all four years so students can meet the degree requirements. Students are required to complete 18 studio credits after the First Year Program, but may take more studio courses as part of their Directed Electives if they desire.

**Requirements**

The Bachelor of Arts (Art) degree requires a total of 120 credits for graduation distributed as follows:

1 Directed Electives are intended to build upon and augment each student's curricular goals (academic double-major, minor, etc.). Depending on their curricular goals, students should consult with advising in Art & Design, PSOA, and other schools on campus (double-majors, minors, etc.) to help guide their choice of electives. The Art & Design Undergraduate Advisor has lists of suggested studio and academic courses to help students develop a cohesive curriculum in design.

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (including freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty:

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ [http://uwm.edu/arts/apply/].)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ [http://uwm.edu/arts/art-and-design/].

Appeal Process

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising to support your academic and career goals.
advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Art, BA: Digital Fabrication and Design**

This undergraduate degree offers students a concentrated studio art experience to complement a broad exposure to the humanities, fine arts, social sciences, and natural sciences. Bachelor of Arts (Art) students have four course tracks to choose from: Studio Arts, Design Studies, Community Arts, and Digital Fabrication and Design.

The courses required and recommended for this track are listed on the "Requirements" tab. The "Plan of Study" tab suggests course sequencing across all four years so students can meet the degree requirements.

Students are required to complete 18 studio credits after the First Year Program, but may take more studio courses as part of their Directed Electives if they desire.

**Requirements**

The Bachelor of Arts (Art) degree requires a total of 120 credits for graduation distributed as follows:

1 Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2 ART 277 requires that students take ART 118 in the fall semester.

3 The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.
The 32 credits Directed Electives can be courses in Art & Design and/or other disciplines to be chosen in conjunction with Art & Design Undergraduate advisor, followed by faculty in the areas of interest.

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty:

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).)
2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.
3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (http://uwm.edu/arts/art-and-design/)

Appeal Process

An appeal process is established for students who do not meet the department's criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher.

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15%
of graduating students. A criterion GPA (not lower than 3.200) for this
15% will be calculated based on statistics from the previous comparable
semester. Please note that for honors calculation, the GPA is not rounded
and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or
above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or
above.

Art, BA: Studio Arts
This undergraduate degree offers students a concentrated studio art
experience to complement a broad exposure to the humanities, fine arts,
social sciences, and natural sciences. Bachelor of Arts (Art) students
have four course tracks to choose from: Studio Arts, Design Studies,
Community Arts, and Digital Fabrication and Design.

The courses required and recommended for this track are listed on the
"Requirements" tab. The "Plan of Study" tab suggests course sequencing
across all four years so students can meet the degree requirements.
Students are required to complete 18 studio credits after the First Year
Program, but may take more studio courses as part of their Directed
Electives if they desire.

Requirements
The Bachelor of Arts (Art) degree requires a total of 120 credits for
graduation distributed as follows:

1 Directed Electives are intended to build upon and augment each
student's curricular goals (academic double-major, minor, etc.).
Depending on their curricular goals, students should consult with
advising in Art & Design, PSOA, and other schools on campus
(double-majors, minors, etc.) to help guide their choice of electives.

1. Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
2. The 32 credits Directed Electives can be courses in Art & Design and/or other disciplines to be chosen in conjunction with Art & Design Undergraduate advisor, followed by faculty in the areas of interest.
3. The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

### Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. **Art & Design Portfolio form.** Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).
2. **Portfolio of artworks.** Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.
3. **Statement of Intent.** Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (http://uwm.edu/arts/art-and-design).

### Appeal Process

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area
of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

**Advancement to Major**

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

**Total Credits**: 15

**Location**: Theatre 120

**Hours**: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)

**Contact**: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Art, BFA: Ceramics**

Our program offers a broad technical and conceptual experience through experimentation with a range of approaches to the medium, from sculptural to functional, and nontraditional to traditional.

1. Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2. The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

### Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty:

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.
Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Art, BFA: Design and Visual Communication

The competitive field of Design requires practitioners who are intellectually curious, inventive, dedicated, critical, collaborative, and proactive life-long learners. Our students meet that need by developing as strategists, problem-identifiers, problem-solvers, and business partners.

Students in Design and Visual Communication are required to have a laptop computer for their coursework by the first week of class, beginning with ART 221 and for all subsequent courses in Design and Visual Communication. Visit uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop/) for more information.

### Design and Visual Communication Concentration

After admission into Design and Visual Communication, students must:

1. Complete ART 321 and ART 323 with a grade of B- or better to enroll in ART 421 and ART 423.
2. Complete ART 421 and ART 422 with a grade of B- or better to enroll in ART 529.
3. Complete ART 529 as Senior Capstone Experience concurrently with ART 606.
4. Complete ART 324 and either ART 325 or ART 424. These required courses are not part of the core sequence, and may be taken any time after prerequisites are met.
5. Complete two of the six following courses (6 credits): ART 423, ART 426, ART 524, ART 526, ART 528, or either ART 325 or ART 424 not taken in point 4.
6. Complete 9 credits of Design and Visual Communication Expanded Studies (ES) all outside the Peck School of the Arts. See your advisor
in the Peck School of the Arts Student Services Office for an updated list of recommended courses.

Students may petition to substitute for some or all of the DVC Expanded Studies courses. Likely candidates would be students with a high GPA who have tested out of freshman English; double majors; and students with a keen and credible interest in another area of study. Petitions to substitute for courses will be evaluated on a case-by-case basis by Design faculty and will be subject to an appeals process.

### Art BFA in Design and Visual Communication – Recommended Curriculum

#### Year 1

**Fall**

(Includes OWC-A and QL-A Requirements) Students must be aware of the prerequisites for the 200-level course they wish to take in the second semester of the First Year and enroll in the appropriate First Year Program courses in fall.

#### Year 2

**Fall**

Students are reminded that admission to the Art & Design Program requires completion of the 36-credit Art-Intended requirements and that all First Year Program courses must be completed in the first 45 credits (usually in fall semester of sophomore year). Portfolio review for students in Design and Visual Communication is held in spring semester only. Portfolio review guidelines are available from the area.

Total Credits 130

1 Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2 Students must complete ART 124, ART 221, and ART 223 to be eligible for portfolio review.

3 The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty:

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply)).

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (http://uwm.edu/arts/art-and-design).

Appeal Process

An appeal process is established for students who do not meet the department's criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below).
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Code Title Credits
ART 101 Drawing I 3
ART 106 Art Survey 3
ART 108 2D Concepts 3
ART 109 3D Concepts 3
ART 118 Digital Arts: Culture, Theory, Practice 3

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.
Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Art, BFA: Digital Studio Practice
Centered on the study and use of digital technologies in direct relation to traditional visual art, our students combine interactive and electronic media with a secondary established focus (such as Ceramics, Fibers, Design etc.) to create new forms of art.

Requirements
Students wishing to major in Digital Studio Practice must complete the following requirements:

1. meet all Art & Design Department admission and minimum GPA requirements (p. 135);
2. complete Digital Studio Practice Introductory Requirement (3 credits): ART 212 and one other 200-level class (in your cross-disciplinary focus area; see below);
3. pass Digital Studio Practice portfolio review. First opportunity to apply to Portfolio Review takes place at the completion of ART 212;
4. complete 12 credits in a cross-disciplinary focus (6 of which must be at 300 level and above); and
5. students in Digital Studio Practice are required to have a laptop computer with required software beginning with ART 212. Visit http://uwm.edu/arts/apply/laptop/ for more information.

**Cross-Disciplinary Focus**

All DSP students must choose a secondary focus area within the Department of Art & Design, with which to combine their digital skill sets. Students must fulfill at least 12 of the above Art and Design elective credits in their cross-disciplinary focus area (at least 6 of these credits must be at 300 level or above).

Credits 16

Total Credits 130

1 Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2 Digital Studio Practice Portfolio Review takes place at the completion of ART 212.

3 ART 261 or ART 277 recommended.

4 200-level studio (ART 221, ART 231, ART 253, ART 261, ART 271, ART 281, or ART 291)

5 The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

6 300+ Core Choice DSP Studio course (ART 315, ART 316, ART 318, ART 324, ART 327, ART 378, ART 393, ART 405, or ART 426)

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (http://uwm.edu/arts/art-and-design).

Appeal Process

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.
Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Art, BFA: Fibers

Our program includes a multi-cultural history of textiles, contemporary fiber artists, and the integration of traditional techniques with digital media. Students will develop an understanding and appreciation of fibers and its visual language, while learning its traditional processes and contemporary applications.

Select one of the following:

- **ART 604** Professional Practices
- **ART 605** BFA Exhibition
- **ART 531** Senior Project in Fibers
- **Art & Design Elective**
- **University Core**
- **University Core**

**Total Credits**

1. Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2. The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

**Art & Design Undergraduate Admission Requirements**

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. **Art & Design Portfolio form.** Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ [http://uwm.edu/arts/apply/].)

2. **Portfolio of artworks.** Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. **Statement of Intent.** Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/apply.

**Appeal Process**

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal...
process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

**Advancement to Major**

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher.

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit [http://uwm.edu/arts/advising/](http://uwm.edu/arts/advising/).

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earning a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Art, BFA: Jewelry and Metalsmithing**

In development of metal objects and wearables, our program focuses on qualities unique to Metalsmithing as a craft practice. Students gain an understanding of the discipline, its conditions, possibilities and limitations, while allowing for multiple traditional and experimental processes and approaches.

1. Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
2. The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER. 200-level studio in Art (ART 231 or ART 261 or ART 281)
3. 200-level studio in Art (ART 231 or ART 261 or ART 281)

**Art & Design Undergraduate Admission Requirements**

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.
1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ [http://uwm.edu/arts/apply/].)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ [http://uwm.edu/arts/art-and-design/].

**Appeal Process**

An appeal process is established for students who do not meet the department's criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

**Advancement to Major**

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
Art, BFA: Painting and Drawing

Our program provides an intensive opportunity to develop formal and technical skills, balanced with conceptual and material exploration. Students are encouraged to search for answers to questions about the relevance and position painting holds in contemporary art practice, its relation to global visual culture, and today’s information-age and multicultural environments.

Total Credits 15

**Total Credits** 130

1 Consult your academic advisor in the Peck School of the Arts Student Services Office for distribution of the Core Curriculum. Core Curriculum Arts Distribution Requirement: 6 credits are required in Peck School of the Arts courses outside of Art & Design. 3 credits must be taken in 2 different Arts disciplines: Dance, Film, Music, or Theatre.

2 The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.
1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (http://uwm.edu/arts/art-and-design/).

**Appeal Process**

An appeal process is established for students who do not meet the department's criteria for admissions, classification, GPA, and area of concentration. To request admission as an art major or enrollment into courses as exceptions to the department's enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department's enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor; who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

**Advancement to Major**

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A)
3. Quantitative Literacy Competency Part A (QL-A)
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below)
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean's Honor List**

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
Art, BFA: Photography and Imaging

Our program emphasizes a conceptual fine art practice through the production of darkroom, digital, and hybrid work. Courses integrate socially situated projects with an understanding of both contemporary and historical visual culture by developing a vocabulary for effective communication within the photographic medium.

Photography and Imaging Concentration

Students in Photography and Imaging (PI) are required to have a laptop computer for their coursework by the first week of class, beginning with ART 350 and ART 357 and for all subsequent 400 and 500 level courses in Photography and Imaging. Students are recommended to have a computer for ART 253. Visit uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop/) for more information.

Students who major in Photography and Imaging are required to have access to cameras. Please contact the Art & Design Department Photography and Imaging Area office at 414-229-3874 for an updated list of courses and the required camera equipment.

After admission into Photography and Imaging, students must:

1. complete 1-2 of the following 2 courses (3-6 credits): ART 357 and/or ART 358;
2. complete ART 452 with a grade of B- or better, in addition to completing 2-3 of the following 4 courses (6-9 credits): ART 451, ART 454, ART 456, and/or ART 458;
3. complete all 18 credits of the required 300 and 400 level PI courses with a cumulative 2.67 GPA in PI curriculum to enroll in ART 552;
4. complete ART 552 with a grade of B- or better to enroll in ART 553; and
5. complete ART 553.

Year 2

Fall

Students are reminded that admission to the Art & Design Program requires completion of the 36-credit Art-Intended requirements and that all First Year Program courses must be completed in the first 45 credits (usually in fall semester of sophomore year). Portfolio Review for students in Photography and Imaging is held in both the fall and spring semesters. Students must complete ART 253 and ART 350 to be eligible. Portfolio review guidelines are available from the area.

- ART 350 Visualizing Ideas in Photography 3

Select one of the following:

- ART 358 Medium and Large Format Photography 3

200-level Studio in Art

Select one of the following 200-level Studios in Art: 3

- ART 212 Introduction to Digital Studio: A/V Strategies
- ART 221 Introduction to Design

Year 3

Fall

Select two of the following: 6

- ART 358 Medium and Large Format Photography
- ART 454 Narrative Photography
- ART 456 Advanced Digital Photography
- Art & Design Elective 3
- Art & Design Elective 3
- Advanced Art History choice 2 3
Admission

To be admitted into Photography and Imaging, students must pass the PI Portfolio Review. To be eligible for consideration, students must complete ART 253 and ART 350 with a B- or better, a cumulative GPA of 2.67 for all PI courses taken, and admission to Art & Design.

Grading Requirements

Prior to consideration for admission in the Photography and Imaging program, students must receive a B- or better in ART 350, with a cumulative 2.67 GPA in all PI courses. Subsequent to admission in the PI program, students must receive a letter grade of B- or better in ART 452 and ART 552. Should they fail to do so, students must retake the course and receive a B- or better in order to continue in the program. Any student receiving a second grade of less than B- in any area-required courses would need to formally reapply to the PI program or be dropped from the program. Additionally, students must maintain a cumulative GPA of 2.67 within all PI courses taken.

Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty:

1. Art & Design Portfolio form. Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ [http://uwm.edu/arts/apply/].)
2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.
3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for department-level scholarships, incoming new freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ [http://uwm.edu/arts/art-and-design/].

Appeal Process

An appeal process is established for students who do not meet the department's criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.

Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221,
and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.

7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit [http://uwm.edu/arts/advising/](http://uwm.edu/arts/advising/).

### Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

### Honors in the Peck School of the Arts

#### Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

#### Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

### Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

### Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

### Art, BFA: Print and Narrative Forms

Our program explores both historical and contemporary applications of fine art printmaking. Students are encouraged to focus not only on the image itself, but also how it communicates in the context of its structure and presentation.

1 Consult your academic advisor in the Peck School of the Arts Student Services Office for requirements in the Core Curriculum. PSOA Arts Distribution Requirement is part of the 45-credit Core: 9 credits outside of Art & Design, in 3 of the 4 other departments in PSOA: Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

2 Recommend ART 253.

3 The 12 Art History credits count in the Core Curriculum. Six credits (ARTHIST 101 and ARTHIST 102) count as Humanities GER.

4 ART 350 recommended.

**Art & Design Undergraduate Admission Requirements**

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. Art & Design Portfolio form. Complete the form and send it in with the packet. ([Form is online at uwm.edu/arts/apply](http://uwm.edu/arts/apply).)

2. Portfolio of artworks. Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. Statement of Intent. Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for [department-level scholarships](http://uwm.edu/arts/art-and-design), incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/art-and-design/ (p. 12)

**Appeal Process**

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.
Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher:

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Art, BFA: Sculpture

Our program focuses on instilling in every student the practical, hands-on knowledge of materials and fabrication techniques necessary to cross boundaries, invent processes, and explore innovative content in the areas of object-making, installation, performance, site-work, time-based art, and digital forms.

### Art & Design Undergraduate Admission Requirements

To be admitted in good standing, applicants (incoming freshmen and transfer students) must meet general University requirements (p. 12). Applicants to the Art & Design program must also submit a portfolio of artworks and additional supporting materials, as described below, for review by Art & Design faculty.

1. **Art & Design Portfolio form.** Complete the form and send it in with the packet. (Form is online at uwm.edu/arts/apply/ (http://uwm.edu/arts/apply/).

2. **Portfolio of artworks.** Provide 8-10 examples of artwork you created in the past two years. If your portfolio includes drawings, we recommend that you include at least three drawings from observation (not photographs). Identify each image by media, size, and year of completion in a separate document. JPEG files at 2000px max preferred.

3. **Statement of Intent.** Upload a one-page pdf that describes how your interests and past experiences relate to your intended college choice and career path. Students who have little to no prior formal art training are encouraged to write a more extensive statement.

Art & Design awards art scholarships based on this incoming portfolio. To be eligible for **department-level scholarships**, incoming freshmen & transfers must complete the requirements above by December 15. Portfolios will be accepted after this date for general admission to the department.

General information: 414-229-4763; art-admission@uwm.edu; uwm.edu/arts/apply.

### Appeal Process

An appeal process is established for students who do not meet the department’s criteria for admissions, classification, GPA, and area of concentration enrollment management requirements. The appeal process will provide an opportunity for individual students to request admission as an art major or enrollment into courses as exceptions to the department’s enrollment policies based on defined, pre-determined conditions. All appeals are to be directed to the Undergraduate Advisor or PSOA advisor, who will forward the appeals to the department chair or appropriate appeals committee. The department chair or appeals committee will consult with the First Year Program Director, area head, faculty, advisors, and student if necessary before making a decision.
Advancement to Major

Students accepted into the Art & Design program receive priority registration over non-art majors. To advance to the Art & Design major, students must complete the following: 36 credits outlined below with a cumulative GPA of 2.5 or higher.

1. Complete First Year Program courses (15 credits; see course list below)
2. Oral and Written Communications Competency Part A (OWC-A);
3. Quantitative Literacy Competency Part A (QL-A);
4. A cumulative GPA of 2.5 or higher
5. Complete 9 credits required 200-level studios (see course list below).
6. Students pursuing the Design and Visual Communication BFA have additional requirements: complete ART 124, ART 221, and ART 223 with a B- or better; and pass the Design and Visual Communication Portfolio review.
7. Students should complete the above to advance to major within the first 45 credits.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Peck School of the Arts

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Art, MA: Design Entrepreneurship and Innovation

The Art & Design department is currently not accepting applications to the Art MA: Design Entrepreneurship and Innovation program.

The Department of Art and Design offers graduate programs of study in art and design, and art education. The Master of Arts in Art is a 30-credit program with two areas of specialization: Studio Art and Design Entrepreneurship + Innovation.

Full-time students normally complete the MA degree within 4 semesters.

The Department’s facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts’ Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and continuing graduate students, depending on funding. Information and application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/.

A limited number of Teaching Assistantships and Project Assistantships are offered through the Department of Art and Design. Information and application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/.
Students applying for admission to the three graduate programs in Art and Design, should note these application deadlines:

Application deadlines
For Fall admission to the MA and MFA graduate programs in Art, the Graduate School recommends completing the online application one year in advance of intended enrollment (check [http://uwm.edu/arts/art-and-design/graduate/](http://uwm.edu/arts/art-and-design/graduate/)) for more specific information, with portfolios and letters of recommendation uploaded to the Panthera Graduate Admission Application ([https://graduateschool-apply.uwm.edu](https://graduateschool-apply.uwm.edu)) page by February 1.

If applying for university fellowships, the application is due by December 10. Applications are accepted for Fall admission only.

Admission Requirements
The Master of Arts in Art: Specialization in Design Entrepreneurship + Innovation is a 30-credit program wherein students will merge design thinking, innovation, theory and contemporary design practice to develop design solutions that affect positive social, economic and technological change.

Application Deadlines
If at any time you are unsure about a published date or deadline ([http://uwm.edu/graduateschool/program-deadlines](http://uwm.edu/graduateschool/program-deadlines)), call the Registrar’s Office at (414) 229-3800 or submit a contact form ([http://uwm.edu/registrar/contact-us](http://uwm.edu/registrar/contact-us)) online.

Admission
An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major or minor in art or design, or related field, or a body of work that demonstrates professional or research interest in design thinking and/or making.
2. Submission of a digital portfolio with 20 images of original work or other examples of design making, design thinking or design research.
3. Submission of a brief description of each work sample included in the digital portfolio.
4. Submission of a written personal statement of the proposed program of study.
5. Three (3) letters of recommendation.

See the department’s website for more details, including required file formats and submission process for application materials.

Applicants may be admitted to the program with specific program-defined course deficiencies. The student is expected to satisfy deficiency requirements within three enrolled semesters. The Office of Graduate Studies in the Department of Art and Design monitors the deficiencies. Deficiency course credits may not be applied towards the degree.

Credits and Courses
Minimum degree requirement is 30 graduate credits. At least 18 credits must be taken in Art and Design and at least 6 credits must be taken in Complementary Studies outside of Art and Design. Consult the Department of Art and Design Office of Graduate Studies for a list of approved courses in Complementary Studies.

All graduate students in the Department of Art and Design must be enrolled full-time for at least one semester, earning a minimum of 8 credits during that semester. Graduate students with a PA or TA appointment are considered full-time earning a minimum of 6 credits per semester.

Program Requirements
Advising
Upon admission, the Director of Graduate Studies in the Department of Art and Design in consultation with the Graduate Faculty will assign the incoming graduate student to a First Year Advisory Team. The head Advisor will contact the student and the Advisory Team at the beginning of the student's first semester to arrange a schedule for meetings to discuss course enrollment and the first year studio research agenda.

By the end of the student's second semester in the program, the student must select a Major Professor, and in consultation with the Major Professor, assemble his or her Graduate Thesis Committee. The committee consists of three or more members (usually not larger than four). At least three members must be graduate faculty, and at least two must be from the Department of Art & Design. At least one member of the committee must be a faculty member in the student's area of focus. If a student desires, the fourth member of the committee may be from outside the university. The student's Major Professor will serve as the Chair of the student's Graduate Thesis Committee.

A student who wishes to change his/her designated MA specialization must first apply and be accepted into the specialization. The student would make this decision in consultation with his or her Thesis Committee and the Director of Graduate Studies. If the student is accepted into the specialization, he or she will assemble a new Thesis Committee and select a new Major Professor, if necessary.

If the student's major professor takes a leave of absence or leaves the University, the student should contact the Director of Graduate Studies in the Department of Art and Design for advice in selecting a new major professor, and notify the Director of subsequent changes to the student's committee.

Transfer of Credits
Upon admission, an applicant may be permitted to transfer a maximum of 12 graduate credits earned at another institution. However, the student must apply to the Graduate School for an evaluation of such credits to determine if they are acceptable for transfer to the MA program.

Graduate Review
Each year, the student must participate in at least one Graduate Review.

MA Thesis
Upon recommendation of the Graduate Thesis Committee, the student will complete a MA Thesis project and presentation of the work executed during the student's graduate studies. The MA Thesis may be a gallery exhibition, public performance, pitch session, or another form appropriate to the student's research, and must be approved by the student's Major Professor.

Comprehensive Examination
The student must pass a final oral and written examination.

Time Limit
The UWM Graduate School requires that students complete all degree requirements within five years of initial enrollment.
Art, MA: Studio Art

The Department of Art and Design offers graduate programs of study in art and design, and art education. The Master of Arts in Art is a 30-credit program with two areas of specialization: Studio Art and Design Entrepreneurship + Innovation.

Full-time students normally complete the MA degree within 4 semesters.

The Department’s facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts’ Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and continuing graduate students, depending on funding. Information and application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/.

A limited number of Teaching Assistantships and Project Assistantships are offered through the Department of Art and Design. Information and application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/.

Students applying for admission to the three graduate programs in Art and Design, should note these application deadlines:

Application deadlines

For Fall admission to the MA and MFA graduate programs in Art, the Graduate School recommends completing the online application one year in advance of intended enrollment (check http://uwm.edu/arts/art-and-design/graduate/ for more specific information) with portfolios and letters of recommendation uploaded to the Panthera Graduate Admission Application (https://graduateschool-apply.uwm.edu) page by February 1. If applying for university fellowships, the application is due by December 10. Applications are accepted for Fall admission only.

Requirements

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major in art, or related field, including at least 40 studio credits and at least 45 academic credits outside the major.
2. Submission of a digital portfolio with 20 images of original work.
3. Submission of a written personal statement of the proposed program of study.
4. Three (3) letters of recommendation.

See the department’s website for more details, including required file formats and submission process for application materials.

Applicants may be admitted to the program with specific program-defined course deficiencies. The student is expected to satisfy deficiency requirements within three enrolled semesters. The Office of Graduate Studies in the Department of Art and Design monitors the deficiencies. Deficiency course credits may not be applied towards the degree.

Credits and Courses

Minimum degree requirement is 30 graduate credits.

Total Credits 30

All graduate students in the Department of Art and Design must be enrolled full-time for at least one semester, earning a minimum of 8 credits during that semester. Graduate students with a PA or TA appointment are considered full-time earning a minimum of 6 credits per semester.

Program Requirements

Advising

Upon admission, the Director of Graduate Studies in the Department of Art & Design, in consultation with the Graduate Faculty, will assign the incoming graduate student to a First Year Advisory Team. The head Advisor will contact the student and the Advisory Team at the beginning of the student’s first semester to arrange a schedule for meetings to discuss course enrollment and the first year studio research agenda.

By the end of the student’s second semester in the program, the student must select a Major Professor, and in consultation with the Major Professor, assemble his or her Graduate Thesis Committee. The committee consists of three or more members (usually not larger than four). At least three members must be graduate faculty, and at least two must be from the Department of Art & Design. At least one member of the committee must be a faculty member in the student’s area of focus. If a student desires, the fourth member of the committee may be from outside the university. The student’s Major Professor will serve as the Chair of the student’s Graduate Thesis Committee.

A student who wishes to change his/her designated area of focus must first apply and be accepted into the new focus. The student would make this decision in consultation with his or her Thesis Committee and the Director of Graduate Studies. If the student is accepted into the new area...
Application deadlines

For Fall admission to the MA and MFA graduate programs in Art, the Graduate School recommends completing the online application one year in advance of intended enrollment (check http://uwm.edu/arts/art-and-design/graduate/ for more specific information) with portfolios and letters of recommendation uploaded to the Panthera Graduate Admission Application (https://graduateschool.apply.uwm.edu) page by February 1. If applying for university fellowships, the application is due by December 10. Applications are accepted for Fall admission only.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. An undergraduate major in art, or a related field, including at least 40 studio credits and at least 45 academic credits outside the major.
2. Submission of a digital portfolio with 20 images of original work.
3. Submission of a written personal statement of the proposed program of study.
4. Three (3) letters of recommendation.

See the department’s website for more details, including required file formats and submission process for application materials.

At the completion of 30 graduate credits (minimum 18 credits studio art, 3 credits Art History, 3 credits of graduate-level coursework in a discipline related to the student’s research interests, and 6 credits graduate art seminar), the MFA candidate is required to complete a mid-program review. The mid-program review consists of a written reflection on the first 30 credits of study in the program, a plan of action for the final 30 credits and MFA Thesis Exhibition, and a presentation (to the student’s Thesis Committee) of a body of work completed during the first 30 credits. After the Thesis Committee approves this mid-program review, the student may proceed to the final 30 graduate credits, MFA Thesis and oral and written qualifying examinations.

If the applicant already holds the Master of Science or Master of Arts degree, the applicant must submit graduate transcripts in addition to the digital portfolio, personal statement, and three letters of recommendation. If the MS or MA degree is approved by the UWM Graduate School and the Director of Graduate Studies in the Department of Art and Design (in consultation with the Graduate Faculty), the MFA candidate will complete 30 credits toward the MFA degree.

Applicants may be admitted to the program with specific program-defined course deficiencies.

The student is expected to satisfy deficiency requirements within three enrolled semesters. The Office of Graduate Studies in the Department of Art and Design monitor the deficiencies. Deficiency course credits may not be applied towards the degree.

Transfer of Credits

Upon admission, an applicant may be permitted to transfer a maximum of 12 graduate credits earned at another institution. However, the student must apply to the Graduate School for an evaluation of such credits to determine if they are acceptable for transfer to the M.A. program.

Graduate Review

Each year, the student must participate in at least one Graduate Review.

Thesis Exhibition

Upon recommendation of the Graduate Thesis Committee, the student presents a thesis exhibition or presentation of work centering on the student’s area of focus and executed during graduate studies.

Comprehensive Examination

The student must pass a final oral and written examination.

Time Limit

The UWM Graduate School requires that students complete all degree requirements within five years of initial enrollment.

Art, MFA

The Department of Art and Design offers graduate programs of study in art and design, and art education. The Master of Arts in Art is a 30-credit program with two areas of specialization: Studio Art and Design Entrepreneurship + Innovation.

Full-time students normally complete the MA degree within 4 semesters.

The Department’s facilities and services include fully equipped studios housed in the Kenilworth Square East building and the main campus Art Building.

The Peck School of the Arts’ Kenilworth Square East (KSE) Gallery provides a year-round schedule of exhibitions, with galleries that are housed in the Kenilworth Square East building, a research facility approximately one mile from campus. The Department of Art and Design offers a schedule of workshops and special lectures each year. In addition, graduate student studios are located in the Kenilworth Square East building.

Frederick R. Layton Fellowships are awarded each year to incoming and continuing graduate students, depending on funding. Information and application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/.

A limited number of Teaching Assistantships and Project Assistantships are offered through the Department of Art and Design. Information and application forms may be obtained at: http://uwm.edu/arts/art-and-design/graduate/.

Students applying for admission to the three graduate programs in Art and Design, should note these application deadlines:

All graduate students must be enrolled full-time for at least one semester, earning a minimum of 8 credits during that semester. Graduate students with a PA or TA appointment are considered full-time earning a minimum of 6 credits per semester.

Program Requirements
Advising
Upon admission, the Director of Graduate Studies in the Department of Art and Design in consultation with the Graduate Faculty will assign the incoming graduate student to a First Year Advisory Team. The head Advisor will contact the student and the Advisory Team at the beginning of the student’s first semester to arrange a schedule for meetings to discuss course enrollment and the first year studio research agenda.

By the end of the student’s second semester in the program, the student must select a Major Professor, and in consultation with the Major Professor, assemble his or her Graduate Thesis Committee. The committee consists of three or more members (usually not larger than four). At least three members must be UWM graduate faculty, and at least two must be from the Department of Art & Design. At least one member of the committee must be a faculty member in the student’s area of focus. If a student desires, the fourth member of the committee may be from outside the university. The student’s Major Professor will serve as the Chair of the student’s Graduate Thesis Committee.

A student who wishes to change his/her designated area of focus must first apply and be accepted into the new focus. The student would make this decision in consultation with his or her Thesis Committee and the Director of Graduate Studies in the Department of Art and Design. If the student is accepted into the new area of focus, he or she will assemble a new Thesis Committee and select a new Major Professor, if necessary.

If the student’s Major Professor takes a leave of absence or leaves the University, the student should contact the Director of Graduate Studies in the Department of Art and Design for advice in selecting a new Major Professor, and notify the Director of subsequent changes to the student’s committee.

Transfer of Credits
Upon admission, an applicant may be permitted to transfer a maximum of 12 graduate credits earned at another institution. However, the student must apply to the Graduate School for an evaluation of such credits to determine if they are acceptable for transfer to the MFA program.

Graduate Review
MFA candidates must participate in at least one Graduate Review each academic year.

Thesis Exhibition
Upon recommendation of the major professor the student presents a thesis exhibition of work executed since admission to the program. The exhibition is held during the semester in which the student completes the coursework for the degree.

Comprehensive Examination
The student must pass a final oral and written examination.

Time Limit
The UWM Graduate School requires that the student complete all degree requirements within a specific time limit. A student in the 60-credit MFA program must complete all degree requirements within seven years. A student in the 30-credit MFA program must complete all degree requirements within five years.

Arts Integration and Learning, Undergraduate Certificate (Peck School of the Arts)
The Certificate in Arts Integration and Learning is a 15 credit, multidisciplinary program offered jointly by the Department of Art and Design in the Peck School of the Arts and the Department of Curriculum & Instruction in the School of Education.

This program is designed to give undergraduate and post baccalaureate students an understanding of best practices in arts integration with an emphasis on project based learning through students’ capstone experience. The Certificate is for students in any teacher certification program at the University of Wisconsin-Milwaukee, but especially for Early Childhood Education; Middle Childhood/Early Adolescence Education; Art, Music, Dance, or Theatre Education students who wish to complement their major with an additional concentration in Arts Integration.

The Certificate in Arts Integration and Learning is also open to all students seeking a Bachelor’s degree or post baccalaureate certification from UWM and to students who previously received a Bachelor’s degree with teacher certification from UWM or any other accredited college or university. Additionally, the Certificate is open to non-degree students who have a strong interest in this area. Students completing the Certificate not in conjunction with a degree must be admitted to the University as non-degree students and meet regular university admission
requirements. Students completing the Certificate not in conjunction with a degree are not eligible for financial aid.

## Requirements

Students must achieve a grade point average of 2.5 or above in all courses counting towards the Certificate. Courses counting for the Certificate may not be taken on a credit/no credit basis.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

---

### Community Arts, Undergraduate Certificate

Coordinators: Raoul Deal, Senior Lecturer in the Department of Art and Design, and the Undergraduate Advisor for the Department of Art and Design.

The Certificate in Community Arts is open to all students seeking a Bachelor’s degree from UWM, to students who previously received a Bachelor’s degree from UWM or any other accredited college or university, and to people who do not plan to pursue a college or university degree (non-degree students), but who have a strong interest in this subject area. To be admitted to the university as non-degree students, individuals must meet regular university admission requirements.

Students completing the certificate not in conjunction with a degree are not eligible for financial aid.

The certificate is designed to give students an opportunity to explore art in community settings. It is geared towards those interested in social engagement, environmental issues, community building, public art, and placemaking. Most certificate courses highlight art practices that integrate collaborative processes and social cooperation. Certificate students will also benefit from a minimum of three service-learning experiences. They will be prepared to work as artists in grassroots organizations, community institutions, non-profit arts organizations, and educational institutions.

Interested students should contact the program coordinator as soon as they decide to pursue the Community Arts Certificate. The coordinator’s function is to help the student design a program of study from among the available courses and to guide the student in completing that program in sequence.

### Requirements

Students enrolling in the Community Arts Certificate Program are required to earn a minimum of 18 credits. The required credits are organized to be taken sequentially, and range from 200-level courses to 400-level courses. Courses counting for the certificate may not be taken on a credit/no credit basis. Students must achieve a grade point average of 2.5 or above in all courses counting toward the certificate.

This certificate is designed to give students an understanding of the software environments, materials, and equipment used in 2D and 3D digital fabrication excluding architectural scale. The certificate is for students in any major at the University of Wisconsin-Milwaukee, but specifically for Art & Design students who wish to complement their major with an additional concentration in Digital Fabrication.

Interested students should contact the program coordinator as soon as they decide to pursue the Digital Fabrication and Design Certificate. The coordinator’s function is to help the student design a program of study from among the available courses and to guide the student in completing that program.

Requirements

Students enrolling in the Digital Fabrication and Design Certificate Program are required to earn a minimum of 18 credits. The required credits are organized to be taken sequentially, and range from 200-level courses to 500-level courses. Courses counting for the certificate may not be taken on a credit/no credit basis. Students must achieve a grade point average of 2.5 or above in all courses counting toward the certificate.

Digital Fabrication and Design, Undergraduate Certificate

Coordinator: Yevgeniya Kaganovich
Undergraduate Advisor, Department of Art and Design: Leah Schreiber-Johnson

The Certificate in Digital Fabrication and Design is open to all students seeking a bachelor’s degree from UWM, to students who previously received a Bachelor’s degree from UWM or any other accredited college or university, and to people who do not plan to pursue a college or university degree (non-degree students), but who have a strong interest in this subject area. To be admitted to the University as non-degree students, individuals must meet regular university admission requirements (p. 12).

Students completing the certificate not in conjunction with a degree are not eligible for financial aid.
The Department of Dance offers two undergraduate degree programs that lead to a bachelor's degree in dance: the Bachelor of Fine Arts in Dance (Performance and Choreography/Contemporary), the Bachelor of Arts (BA) in Dance. Also available is a minor in Somatics and a minor in Dance Performance. Finally, the Department of Dance also offers a Master in Fine Arts (MFA) in Dance.

**Dance Program Mission Statement and Program Descriptions**

The Department of Dance at UWM is committed to the development and training of skillful and vibrant dance artists and educators in their pursuit of a comprehensive education built upon diverse dance practices, research, and community engagement. Our department supports a thriving local and regional presence, while it opens avenues and opportunities for national and global perspectives. We offer undergraduate and graduate programs that emphasize artistic individuality and the development of the professional skills required for successful careers in dance performance, choreography, and education. Our innovative curriculum integrates multiple dance disciplines and somatic practices, creating a learning environment that prioritizes a balance of body and mind knowledge with informed, creative expression.

Our training environment consists of full-time faculty, lecturers, and guest artists who reflect strong beliefs in multiple points of view, a passionate commitment to individual development, and dedication to serving the versatile interests of our students. Renowned guest artists contribute to the dance department's curriculum each semester by providing students direct experience with current and diverse global practices in the field. These programs ensure that we offer our students directed, relevant training as the foundation for successful and sustainable careers in dance and related fields.

The creative research of both the faculty and students reflects our commitment to investigate the historical and cultural relevance of contemporary and traditional world dance forms. These pursuits ensure that we examine and support the vibrancy of cultural traditions while generating new knowledge. Intertwining creativity, scholarship, and interdisciplinary dialogue, our program is dedicated to the exploration and development of somatic inquiry, technology integration, critical thought, and original choreography.

**Programs**

- Dance Performance, Minor (p. 171)
- Dance, BA (p. 172)
- Dance, BFA (p. 175)
- Dance, MFA (p. 178)
- Somatics, Minor (p. 179)

**Scholarships**

The Dance Department distributes around $15-20,000 in scholarships and awards to undergraduate students each year, ranging from $400-2000 per year (amount split over fall/spring semesters, summer available upon request). Students may be awarded multiple awards over their time in the Dance Program. uwm.edu/arts/scholarships/ (http://uwm.edu/arts/scholarships)

1. **Incoming Student Award:** no application required; award is faculty-nominated based on the student’s entrance audition for admission to the program. Scholarships may not be available after the UWM priority application deadline (March 1). Award may be for one year only, or for up to four years, as long as the student continues to meet the stated requirements.

2. **Dance Undergraduate Student Scholarship:** application required, and students must have completed at least one semester of the Dance Program. Demonstrated excellence in the Dance Major is the main criteria.

3. **Ed Burgess Legacy Scholarship:** no application required; award is faculty-nominated for a student who will have junior or senior status who embodies and demonstrates the highest qualities of commitment and professional dedication to the art of dance, and has an established record of excellence in all aspects of the program. Award is for one year only, and student must have completed at least 2 semesters in the Dance Program, and be attending full-time during the award semesters.

To be eligible for any Dance Scholarship (available to Dance majors only), students must meet the following criteria:

- Full-time enrollment (6 or more Dance credits each semester)
- Dance GPA of 3.5 or above
- Adherence to departmental curricular requirements
- Students who do not meet these criteria for all semesters of their award may forfeit all or part of their scholarship.

**Dance Courses**

**DANCE 103 Introduction to Iyengar Yoga**

2-3 cr. Undergraduate.

Iyengar Yoga method and philosophy presented in a format to enrich artistic appreciation of Yoga as a physical artform.

**Prerequisites:** none.

**Course Rules:** May be retaken to max of 3 sem. Dance majors register for 2 cr. Non-majors register for 3 cr.

**General Education Requirements:** A

**Last Taught:** Spring 2018, Fall 2017, Summer 2017, Spring 2017.

**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

**DANCE 110 Introduction to the Art of Dance**

3 cr. Undergraduate.

Basic technique, implementation, short compositions, lectures, films and discussions on dance history, philosophy, theory, and survey of current trends.

**Prerequisites:** none.

**Course Rules:** May be retaken to a max of 2 sem.

**General Education Requirements:** A

**Last Taught:** Spring 2017, Spring 2016, Spring 2015, Spring 2014.

**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
DANCE 111 Ballet I
2-3 cr. Undergraduate.
This beginning level class introduces ballet principles for those with little or no previous studio training. Alignment, verticality, and basic ballet movements are stressed.
Prerequisites: none.
Course Rules: May be retaken to a max of 3 sem. Dance majors register for 2 cr. Non-majors register for 3 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 112 Contemporary Dance Practice: Ballet Tradition II
2-3 cr. Undergraduate.
A continuation of Dance 111.
Prerequisites: Dance 111(P) or Dance major.
Course Rules: May be retaken to max of 3 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 113 Modern Dance Technique I
2-3 cr. Undergraduate.
Introduction to basic elements and principles of modern dance. Anatomically correct use of body, moving with awareness, and use of varied movement qualities are stressed.
Prerequisites: none.
Course Rules: Dance majors register for 2 cr. Non-majors register for 3 cr. May be retaken to max of 9 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 114 Contemporary Dance Practice: Modern Tradition II
2-3 cr. Undergraduate.
Continuation of Dance 113.
Prerequisites: Dance major or Dance 113(P).
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

DANCE 115 Jazz Dance I
1-3 cr. Undergraduate.
Basics of percussive and lyrical jazz styles.
Prerequisites: none.
Course Rules: May be retaken to a max of 3 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 116 Jazz Dance II
1-3 cr. Undergraduate.
A continuation of Dance 115.
Prerequisites: Dance 115(P) or cons instr.
Course Rules: May be retaken to max of 3 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 117 Tap I
1-3 cr. Undergraduate.
The basics of tap dancing designed to instill rhythm and a sense of style.
Prerequisites: none.
Course Rules: May be retaken to max of 2 sem.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

DANCE 122 African Dance & Diaspora Technique I
2-3 cr. Undergraduate.
Philosophical and applied foundations of African-American dance. Aesthetics, style, musical accompaniment, the role of dance as expression of socio-cultural experience. Emphasis on movement.
Prerequisites: none.
Course Rules: May be retaken to max of 3 sem.
General Education Requirements: CD, A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 123 African Dance & Diaspora Technique II
2-3 cr. Undergraduate.
A continuation of Dance 122.
Prerequisites: Dance 122(P) or cons instr.
Course Rules: May be retaken to max of 3 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 133 Creative Movement I
2-3 cr. Undergraduate.
A class to develop the creative potential of each student in rhythm and movement.
Prerequisites: none.
Course Rules: May be retaken to max of 9 cr. Dance BFA majors enroll in for 2 cr. Dance BA majors and non-majors enroll for 3 cr.
General Education Requirements: A
Last Taught: Fall 2014, Fall 2013, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

DANCE 135 Introduction to Dancemaking Skills
3 cr. Undergraduate.
A broad introduction to contemporary dancemaking choreographic and improvisational skills.
Prerequisites: Dance major.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

DANCE 192 Freshmen Seminar
1 cr. Undergraduate.
Seminar to orient Dance majors to UWM, PSOA, Dance Department, Milwaukee dance community, and successful life as a dancer.
Prerequisites: Dance major.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

DANCE 209 Dance Production
2 cr. Undergraduate.
Introduction to dance production theory, design and practical skills.
Prerequisites: Dance major or cons instr.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
DANCE 211 Contemporary Dance Practice: Ballet Tradition III
2-3 cr. Undergraduate.
A continuation of Dance 112.
Prerequisites: Dance 112(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 212 Contemporary Dance Practice: Ballet Tradition IV
2-3 cr. Undergraduate.
A continuation of Dance 211.
Prerequisites: Dance 211(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

DANCE 213 Contemporary Dance Practice: Modern Tradition III
2-3 cr. Undergraduate.
Continuation of Dance 114.
Prerequisites: Dance 114(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 214 Contemporary Dance Practice: Modern Tradition IV
2-3 cr. Undergraduate.
A continuation of Dance 213.
Prerequisites: Dance 213(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 217 Tap II
2-3 cr. Undergraduate.
Continued exploration of tap dance technique. Study of complex rhythmic combinations and movements.
Prerequisites: Dance 117 (P) or cons instr.
Course Rules: May be retaken to a max of 3 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 219 Arts in Community Service
3 cr. Undergraduate.
Students acquire means to assess personal learning and techniques to assess impact of their service-learning work on community partner organizations. Prereq for regis in service-learning component of a dance course.
Prerequisites: none.
Last Taught: Spring 2017, Spring 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

DANCE 220 Body Sense
3 cr. Undergraduate.
This course intends to provide an environment for creative exploration of individual body awareness, integration of body-mind and experiencing the body in space.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

Movement exercises from varied theories; intensified self-observation and documentation of experience. Stress on intrapersonal, interpersonal, emotional, and existential intelligences.
Prerequisites: Dance 220(P).
Course Rules: May be retaken to max of 2 sem.
Last Taught: Spring 2007.
Current Offerings: http://uwm.edu/schedule

DANCE 222 African Dance & Diaspora Technique III
2-3 cr. Undergraduate.
A continuation of Dance 123.
Prerequisites: Dance 123(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 223 African Dance & Diaspora Technique IV
2-3 cr. Undergraduate.
A continuation of Dance 222.
Prerequisites: Dance 222(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 231 Music and Dancers I
3 cr. Undergraduate.
Beginning study of the relationship between dance and music. Emphasis on musical awareness, development of listening skills and the application of such skills to movement experiences.
Prerequisites: Dance or Inter-Arts major or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 233 Improvisation for Dancemaking
3 cr. Undergraduate.
A structured exploration of movement invention process, and structuring movement sequences through use of movement games and systems.
Prerequisites: Dance major or cons instr.
Course Rules: May be retaken to max of 2 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 250 Sophomore Seminar
0 cr. Undergraduate.
Discussion of topics for 2nd year Dance majors.
Prerequisites: Dance 192(C).
Course Rules: Fee for 1 cr assessed.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

DANCE 251 Laban Movement Analysis I
3 cr. Undergraduate.
Exploration of the dynamics of movement, including space/time weight flow combinations, the body's approach to space, basic spatial forms (dimensional cross, planes, cube, tetrahedron), introduction to phrase writing.
Prerequisites: successful completion of QL-A.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Summer 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
DANCE 261 Junior Seminar
0 cr. Undergraduate.
Discussion of topics for 3rd year Dance majors.
Prerequisites: Dance 250(C).
Course Rules: Fee for 1 cr assessed.
Last Taught: Spring 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 309 Dance Production Practicum
1 cr. Undergraduate.
Dance 309 is a continuation of Dance 209 focusing on the application of an array of production skills.
Prerequisites: Dance 209(P) or cons instr.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 310 Jazz III
2-3 cr. Undergraduate.
Continued study of jazz dance vocabulary and movement concepts.
Prerequisites: Dance 116 (P) or cons instr.
Course Rules: May be retaken to a max of 3 sem.
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

DANCE 311 Contemporary Dance Practice: Ballet Tradition V
3 cr. Undergraduate.
Continuation of Dance 212.
Prerequisites: Dance 212(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 312 Contemporary Dance Practice: Ballet Tradition VI
3 cr. Undergraduate.
Continuation of Dance 311.
Prerequisites: Dance 311(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 313 History of Dance in the African Diaspora
3 cr. Undergraduate.
The dance traditions of Africa and the Diaspora.
Prerequisites: successful completion of OWC-A
General Education Requirements: OWCB
Last Taught: Fall 2012, Fall 2011, Fall 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

DANCE 314 Contemporary Dance History
3 cr. Undergraduate.
Developments in modern dance from 1890's to the present with emphasis on comparative philosophies.
Prerequisites: successful completion of OWC-A
General Education Requirements: OWCB
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 315 History of the American Musical Theater
3 cr. Undergraduate.
Introduction to the origins, development and evolution of the American musical theater.
Prerequisites: successful completion of OWC-A.
General Education Requirements: A, OWCB
Last Taught: Fall 2014, Fall 2011, Fall 2008, Spring 2006.
Current Offerings: http://uwm.edu/schedule

DANCE 317 Contemporary Dance Practice: Modern Tradition V
3 cr. Undergraduate.
Continuation of Dance 214.
Prerequisites: Dance 214(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 318 Contemporary Dance Practice: Modern Tradition VI
3 cr. Undergraduate.
Continuation of Dance 317.
Prerequisites: Dance 317(P) or cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 319 Dance Service-Learning
1-3 cr. Undergraduate/Graduate.
Service-Learning as field work in a community partnership setting under supervision of Dance faculty member.
Prerequisites: jr st; Dance 219(P), & cons instr.
Course Rules: Conc reg in dance course which allows Dance 319 component by cons instr. May be retaken to max of 4 sem or 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 320 Rituals and Culture
2-3 cr. Undergraduate.
Sources, dimensions, and elements of ritual; values being ritualized. Creating ritual components through storytelling, singing/chanting, movement/gestures, wearing/carrying special clothing/objects.
Prerequisites: soph st.
Course Rules: May be retaken to max of 2 sem.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

DANCE 321 Alexander Technique for the Performer
2-3 cr. Undergraduate.
Introduction to the principles of Alexander Technique as it applies to performing artists and new media collaborations.
Prerequisites: none.
Course Rules: Dance Majors and Somatics Minors enroll for 2 cr; all other majors enroll for 3 cr. May be retaken to max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 322 African Dance & Diaspora Technique V
2-3 cr. Undergraduate.
A continuation of Dance 223.
Prerequisites: Dance 223(P) or cons instr.
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
DANCE 323 Body Conditioning: Pilates Method
2-3 cr. Undergraduate.
Supervised exercises providing special training for strength, balance, and endurance as well as anatomical study.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 325 Pointe and Variations
2 cr. Undergraduate.
The study of pointe technique and Ballet variations.
Prerequisites: Dance major or cons instr.
Course Rules: May be retaken to max of 2 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 327 Dance for the Musical Theatre I
2-3 cr. Undergraduate.
Study of the role and use of dance in theatrical productions.
Prerequisites: Dance 111(P) and 115(P), or cons instr.
Course Rules: May be retaken to a max of 3 sem.
Last Taught: Spring 2016, Fall 2013, Fall 2010, Spring 2008.
Current Offerings: http://uwm.edu/schedule

DANCE 331 African Percussion Ensemble
3 cr. Undergraduate.
Hands-on experience in drumming and percussion techniques from Africa and the Diaspora.
Prerequisites: Dance or Inter-Arts major or cons instr.
Last Taught: Spring 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 350 Upper-Level Seminar
0 cr. Undergraduate.
Discussion of topics for upper-level Dance majors.
Prerequisites: Dance 250(C).
Course Rules: Fee for 1 cr assessed.
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

DANCE 352 Digital Media Portfolio for Performers
3 cr. Undergraduate.
Introduction to digital tools for technique and choreographic portfolios.
Prerequisites: jr st or cons instr
Current Offerings: http://uwm.edu/schedule

DANCE 360 Movement and Learning
3 cr. Undergraduate.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 361 Dance in Elementary Education
3 cr. Undergraduate.
A study of the relationship of dance experiences to the growth and development of the elementary school child. Discussion, lectures, experimentation and analysis of dance materials. Suitability of materials for various age groups and situations. Teaching of children's dance classes.
Prerequisites: Dance or Education major or cons instr.
Last Taught: Fall 2014, Fall 2013, Spring 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 362 Dance in Secondary Education and College
3 cr. Undergraduate.
Methods and philosophy of teaching dance in the secondary school. Theory and practice in solving problems arising in practical teaching situations. Observation of dance classes.
Prerequisites: Dance major or cons instr.
Last Taught: Fall 2014, Fall 2013, Spring 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 370 World Movement Traditions:
2-3 cr. Undergraduate.
Dance and movement traditions of world cultures; different cultures each semester.
Prerequisites: none.
Course Rules: May be retaken to max of 2 sem per topic.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 371 Applied Anatomy
3 cr. Undergraduate.
Principles and use of the mind-body construct to aid in understanding movement through ideo-kinetics.
Prerequisites: dance majors, somatics minor or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 403 Intermediate Yoga For Dancers
2-3 cr. Undergraduate/Graduate.
A continuation of Dance 103 stressing the performance and integration of more advanced asanas.
Prerequisites: Dance 103, or grad st in Dance component of MFA prog. or cons instr.
Course Rules: May be retaken to a max of 2 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 411 Field Work in Dance
2 cr. Undergraduate.
Dance education field experiences in schools, agencies and institutions.
Prerequisites: Dance majors and Dance 361(P) or 362(P) & cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 412 Dance Composition I
3 cr. Undergraduate.
Resources for discovering and inventing movement material, and for developing concepts and structures to give this material perceptual, emotional validity.
Prerequisites: Dance major or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
DANCE 413 Dance Composition II
3 cr. Undergraduate.
A continuation of Dance 412.
Prerequisites: Dance 412(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

DANCE 414 Dance Composition III
2-3 cr. Undergraduate.
Investigation of advanced choreographic, musical, technical challenges in making site-specific performance work.
Prerequisites: Dance 412(P) & 413(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 415 Movement and New Media Collaborations
3 cr. Undergraduate.
Required collaborative new media composition course in the IAT Post-Portfolio Core. Integration of movement and new media.
Prerequisites: Dance or Inter-Arts/IAT major or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 420 Creating Dance in the Community
3 cr. Undergraduate.
Understanding and mastering artistic and collaborative/interactive skills for use in community and artistic settings.
Prerequisites: Dance 219(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 421 Alexander Technique Practicum
2 cr. Undergraduate.
Dance 421 is a continuation of Dance 321 focusing on more in-depth study and application of Alexander Technique for performers.
Prerequisites: Dance 321(P) or cons instr.
Course Rules: May be retaken to max of 3 sem.
Last Taught: Spring 2017, Spring 2016, Fall 2015, Summer 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 427 Dance for the Musical Theatre II
2-3 cr. Undergraduate.
Continued advanced study of dance for theatrical productions. Includes analysis of signature dances from Broadway and film musicals.
Prerequisites: Dance 327(P) or cons instr.
Course Rules: May be retaken to a max of 3 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 441 History of African Dance Theory I
3 cr. Undergraduate.
Aesthetics and movement sensibilities throughout the African Diaspora.
Prerequisites: Dance 313(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 450 Teaching Dance in Community Settings
3 cr. Undergraduate.
Prepare dance artists to teach and create dance experiences for people in all ages of the human lifespan, and in a wide range of community settings.
Prerequisites: Dance or Education major or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 485 Student Teaching in Dance in Elementary Schools
1-9 cr. Undergraduate.
Teaching experience in cooperating school systems in or near Milwaukee; supervision by critic teacher and members of the dance faculty; weekly seminar at the university.
Prerequisites: BFA in Dance or equiv & admis to teaching cert prog in Dance.
Last Taught: Fall 2013, Spring 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

DANCE 486 Student Teaching in Dance in Secondary Schools
1-9 cr. Undergraduate.
Teaching experience in cooperating school systems in or near Milwaukee; supervision by critic teacher and members of the dance faculty; weekly seminar at the university.
Prerequisites: BFA in Dance or equiv & admis to teaching cert in Dance.
Last Taught: Fall 2013, Spring 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

DANCE 489 Workshop in Dance:
1-6 cr. Undergraduate.
An opportunity for students to deal independently in diversified creative aspects of dance such as choreo-cinema or environmental dance.
Prerequisites: Dance major or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

DANCE 490 Repertoire and Ensemble
3 cr. Undergraduate.
Practicum in group performance in dance productions, touring groups and performances related to the department. Includes original works from classical and contemporary repertoire.
Prerequisites: Dance major or cons instr.
Course Rules: When taken for 0 credit, fee for 1 credit assessed. May be retaken to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 491 Repertory/Student Choreographer
1 cr. Undergraduate.
Practicum in performing with undergraduate student choreographers on senior projects or composition showings.
Prerequisites: Dance major or cons instr.
Course Rules: When taken for 0 credit, fee for 1 credit assessed. May be retaken to 4 cr max.
Last Taught: Fall 2017, Fall 2016, Summer 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule
DANCE 497 Study Abroad in Dance:
1-12 cr. Undergraduate/Graduate.
Interdisciplinary and foundational learning in the area of world dance
through interactions with and explorations in differing cultures and areas.
Prerequisites: jr st or cons instr; & acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Summer 2015, Spring 2013, Fall 2012, Summer 2010.
Current Offerings: http://uwm.edu/schedule

DANCE 522 African Dance & Diaspora Technique VI
2-3 cr. Undergraduate.
A continuation of Dance 322.
Prerequisites: Dance 322(P) or cons instr.
Last Taught: Spring 2015, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

DANCE 541 History of African Dance Theory II:
3 cr. Undergraduate.
Further study in the aesthetics and movement sensibilities throughout
the African Diaspora.
Prerequisites: Dance 441(P) or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

DANCE 601 Senior Project
3 cr. Undergraduate.
Composition of an original work to be presented for performance, or
planning and implementation of a major dance project on the campus or
in the community.
Prerequisites: Dance major, Somatics minor or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 623 Body Conditioning: Pilates Method II
2-3 cr. Undergraduate.
Concentrated and advanced study of the Pilates Method incorporating
Pilates equipment to enhance skills developed in Dance 323.
Prerequisites: Dance 323(P) or cons instr.
Course Rules: May be retaken to max of 3 sem.
Current Offerings: http://uwm.edu/schedule

DANCE 624 Feldenkrais for Performers
2 cr. Undergraduate.
How the teaching pedagogy and theories of The Feldenkrais Method® is
applicable to any movement-focused situation, especially dance.
Prerequisites: jr st or cons instr.
Course Rules: Counts as repeat of Dance 489 and 889 with same topic.
May be retaken to 6cr max.
Current Offerings: http://uwm.edu/schedule

DANCE 699 Independent Study in Dance
1-4 cr. Undergraduate.
Individual program of supervised study in Dance under the direction of
the instructor.
Prerequisites: cons instr.
Course Rules: May be retaken to max of 12 cr.
Current Offerings: http://uwm.edu/schedule

DANCE 701 Dance Composition I
3 cr. Graduate.
An investigation of resources for discovering and inventing movement
material, and for developing concepts and structures to give this material
perceptual, emotional validity.
Prerequisites: grad st in MFA in Dance; conc reg Dance 733(C).
Last Taught: Fall 2017, Summer 2017, Summer 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 702 Dance Composition II
3 cr. Graduate.
A continuation of Dance 701.
Prerequisites: grad st in MFA in Dance; Dance 701(P), conc reg Dance
734(C).
Current Offerings: http://uwm.edu/schedule

DANCE 711 Theory and Techniques of Ballet: Intermediate
2 cr. Graduate.
Technical study of classical ballet.
Prerequisites: grad st in MFA in Dance prog & audition.
Course Rules: May be repeated twice for cr.
Last Taught: Spring 2017, Spring 2016, Fall 2015, Summer 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 712 Theory and Techniques of Ballet: Intermediate
2 cr. Graduate.
A continuation of Dance 711.
Prerequisites: grad st; Dance 711 or audition.
Course Rules: May be repeated twice for cr.
Current Offerings: http://uwm.edu/schedule

DANCE 717 Theory and Techniques of Contemporary Concert Dance:
Intermediate
2 cr. Graduate.
An intensive course designed to develop understanding of the major
techniques of contemporary concert dance.
Prerequisites: grad st in MFA in Dance prog & audition.
Course Rules: May be repeated twice for cr.
Current Offerings: http://uwm.edu/schedule

DANCE 718 Theory and Techniques of Contemporary Concert Dance:
Intermediate
2 cr. Graduate.
A continuation of Dance 717.
Prerequisites: grad st MFA in Dance; Dance 717 or audition.
Course Rules: May be repeated twice for cr.
Last Taught: Fall 2017, Summer 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 721 Alexander Technique, Developmental Movement and Dance
1-3 cr. Graduate.
A hands-on exploration of the application of the Alexander Technique to
advanced dance training through developmental movement.
Prerequisites: grad st in MFA in Dance prog or cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule
DANCE 722 Alexander Technique Practicum
1-3 cr. Graduate.
Continuation of Dance 721 focusing on a more in-depth study and application of Alexander Technique for advanced dancers.
Prerequisites: grad st in MFA in Dance prog & Dance 721
Current Offerings: http://uwm.edu/schedule

DANCE 723 Pilates Technique and Applications
2 cr. Graduate.
Use of Pilates method to understand and articulate essential concepts and theories of movement, and refine dance technique.
Prerequisites: grad st in MFA in Dance or cons instr.
Course Rules: May be retaken once.
Current Offerings: http://uwm.edu/schedule

DANCE 733 Improvisation 1
3 cr. Graduate.
Techniques and structures for improvisation—the development of processes for evolving movement material from an exploration of the dynamics of inter and intra-relationships, and environment.
Prerequisites: admission to MFA in Dance program.
Current Offerings: http://uwm.edu/schedule

DANCE 734 Improvisation 2
3 cr. Graduate.
A continuation of Dance 733.
Prerequisites: grad st MFA in Dance; Dance 733(P) & conc reg in Dance 702(C).
Last Taught: Fall 2017, Summer 2017, Fall 2016, Summer 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 743 Dynamic Analysis of Movement I
2 cr. Graduate.
Exploration of personal patterning and discovery of movement sources at the body level. Incorporates material from bartenieff fundamentals, feldenkrais, and sweigard.
Prerequisites: grad st in MFA in Dance prog.
Last Taught: Fall 2016, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

DANCE 744 Dynamic Analysis of Movement II
2 cr. Graduate.
A continuation of Dance 743. Advanced body level work, application of bartenieff fundamentals to dance technique.
Prerequisites: grad st MFA in Dance & Dance 743(P).
Current Offerings: http://uwm.edu/schedule

DANCE 751 Laban Movement Analysis
3 cr. Graduate.
Theory and movement practice in effort/shape for use both in performance and in choreography.
Prerequisites: grad st in MFA in Dance prog.
Current Offerings: http://uwm.edu/schedule

DANCE 761 Survey of Dance Literature and Bibliography
3 cr. Graduate.
Lecture, research, and discussion of the major English language dance reference works, and of dance research publications.
Prerequisites: grad st in MFA in Dance prog.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Summer 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 762 Dance in Secondary Education and College
3 cr. Graduate.
Prerequisites: grad st & admis to MFA in Dance prog.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 771 History of Renaissance and Baroque Dance
3 cr. Graduate.
Lecture, discussion of readings of the periods (in translation). Emphasis also upon performing some of the period dances.
Prerequisites: grad st in dance component of mfa prog.
Current Offerings: http://uwm.edu/schedule

DANCE 772 American Concert Dance of the 20th and 21st Century
3 cr. Graduate.
Graduate seminar in special topics of American concert dance of the twentieth and twentieth first century.
Prerequisites: admis to MFA in Dance prog.
Current Offerings: http://uwm.edu/schedule

DANCE 775 Valuing and Evaluation of Dance
3 cr. Graduate.
Observing and describing dancing and choreography and shaping values.
Prerequisites: grad st.
Last Taught: Spring 2012.
Current Offerings: http://uwm.edu/schedule

DANCE 790 Repertoire and Ensemble
1-3 cr. Graduate.
Practicum in group performance in dance department productions, touring groups, and performances related to the dance department. Includes original works from classical and contemporary repertoire.
Prerequisites: grad st in MFA in Dance program.
Course Rules: May be repeated to max of 12 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 799 Independent Study
1-3 cr. Graduate.
Individual faculty and student will define the teaching/learning contract for the semester and agree on the credit.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule
DANCE 801 Choreography I
3 cr. Graduate.
Creating fully mounted works; choreography, performance quality, lighting, decor, costumes.
Prerequisites: grad st in Dance choreography track of MFA in Dance prog; Dance 701(P) & 702(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 802 Choreography II
3 cr. Graduate.
Creating fully mounted works of greater length and complexity.
Prerequisites: grad st in Dance Choreography track of MFA in Dance prog; Dance 701(P), 702(P), 801(P), cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

DANCE 831 Sound Design for Dance
3 cr. Graduate.
This course explores the theoretical, technical, and creative work of sound design as it relates to the contemporary dance artist.
Prerequisites: grad st in MFA in Dance.
Current Offerings: http://uwm.edu/schedule

DANCE 861 Research Methodology for Dance
3 cr. Graduate.
Lecture, formulation of research proposal, research and write-up of a dance research problem.
Prerequisites: grad st & admis to MFA in Dance prog.
Current Offerings: http://uwm.edu/schedule

DANCE 871 Applied Anatomy for Dance
2-3 cr. Graduate.
Study of human bony and neuromuscular structures in theory and movement. Lec only for 2 cr; lec & lab for 3 cr.
Prerequisites: grad st in dance component of MFA prog; Dance 711(P) & 717(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

DANCE 873 Field History: Contemporary Dance Festivals
2-4 cr. Graduate.
Research, reading, attendance and documentation on selected festivals/series events. Pre-study of choreography/performance style, background, influences, artistic themes. Group discussions and evaluations.
Prerequisites: grad st in MFA in Dance prog.
Course Rules: May be repeated with permission to max of 9 cr.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

DANCE 880 Developing Performance Quality
1-3 cr. Graduate.
Studies in dynamics of specific choreography.
Prerequisites: grad st in MFA in Dance prog; Dance 711 & 717 or cons instr.
Course Rules: Cr determined prior to regis. May be repeated for up to 6 cr.
Current Offerings: http://uwm.edu/schedule

DANCE 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr will be assessed.
Current Offerings: http://uwm.edu/schedule

DANCE 889 Special Workshops:
1-3 cr. Graduate.
Special short intensive workshops of 1-4 weeks during inter-terms or summer sessions presented by guest artists.
Prerequisites: grad st in MFA in Dance prog or cons instr.
Course Rules: May be retaken to 9 cr max.
Current Offerings: http://uwm.edu/schedule

DANCE 990 Dance Final Thesis/Project
2-4 cr. Graduate.
Final demonstration of craft and artistry mastered in program, when completion approved by project committee.
Prerequisites: grad st MFA in Dance; cons dept chair.
Course Rules: May be repeated to max of 8 cr.
Current Offerings: http://uwm.edu/schedule

The Minor in Dance Performance is designed to accommodate two different groups of students. The first group of students have years of dance training prior to entering the university and wish to continue to dance while pursuing another major at UWM. The second group of students have the desire for dance performance training, but no prior opportunity before coming to UWM.

### Admission Requirements for the Minor in Dance Performance

Students must meet general university admission requirements to be admitted to any of the undergraduate curricula as a freshman or transfer student. Prior to completing 6-8 credits of the Minor in Dance Performance coursework, students must apply for [http://uwm.edu/arts/dance/minor-application](http://uwm.edu/arts/dance/minor-application) and be accepted into the minor.

No more than 6-8 credits (2-3 courses) will be applied toward the minor until after a student has been admitted and a Dance Faculty Advisor has been assigned. Students must maintain a 2.75 GPA overall to remain in the Minor in Dance Performance. All students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department's academic requirements for the Minor in Dance Performance.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit [http://uwm.edu/arts/advising/](http://uwm.edu/arts/advising/).
Dance, BA

The Bachelor of Arts (BA) in Dance prepares students to teach participatory movement traditions in community settings, and to lead community groups in creating and performing their own dances and movement rituals. Community-based service-learning experiences provide many opportunities to realize these goals. Many Dance BA students pursue a double major at UWM; the service-learning component provides an opportunity to integrate the content of the two areas of study.

1 Coursework involved in MPPR guidelines.
2 Any dancer cast in faculty or guest artist choreography must be enrolled in at least 3 UWM Department of Dance technique classes per week during the rehearsal semester.
3 Per departmental policy, any time a student is cast in a faculty or guest artist work and is enrolled for less than 18 credits, he/she must enroll in DANCE 490 for 1 credit during the appropriate semester.
Admission and Retention Requirements for the Dance BFA and BA

Admission Requirements

Please see uwm.edu/arts/apply for information on admission starting spring 2017.

Students must meet general university admission requirements (p. 12) to be admitted to any of the undergraduate curricula as a freshman or transfer student. Passing the Dance Entrance Audition (on-campus or video) is required for entrance into the Dance BA or BFA degree programs.

On-campus auditions consist of a variety of technique classes, writing sample, one-minute solo performance (can be self-choreographed), and Q&A session. Video submission (only with prior authorization via email to dance-admission@uwm.edu) consists of writing sample, 5 minutes each of two contrasting dance techniques, and 2-3 minutes of performance video (DVD or URLs in online form). Auditions after the last on-campus audition will be by appointment or via video submission. If unsuccessful, students may re-audition, but are limited to auditioning twice per academic year (via any method).

To RSVP for a specific audition date, or to submit the video audition form (after authorization), prospective students must:

1. Complete the appropriate online form at uwm.edu/arts/apply (http://uwm.edu/arts/apply) and submit separate copies of their high school and/or college transcripts (unofficial copies are acceptable for this purpose).

Transcripts and/or video footage should be sent to dance-admission@uwm.edu or UWM Dance Admission, P.O. Box 413, Milwaukee, WI 53201.

UWM priority application deadline is March 1.

Transfer students must complete a minimum of half of the required dance credits while in residence at UWM in order to graduate. The exact total is available upon admission to the program. Transcript evaluation by a dance advisor is required before placement into dance major courses.

Once accepted, students may enter the program during either fall or spring semesters, but are strongly encouraged to enter in the fall term to progress more smoothly through the BA or BFA curricular sequence.

Retention Requirements

Each undergraduate dance major's coursework will be reviewed at the end of his/her sophomore year to determine continuance in the major, as part of the Mid-Program Portfolio Review. Students must maintain a minimum grade point average of 3.0 in the dance major.

All students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department's academic requirements. Each student's ability to undertake the demands of the dance program, including his/her overall physical ability to perform in classes, auditions, rehearsals, and/or performances, will be a factor in the following: grading at the end of each semester; the audition/rehearsal/performance process for departmental productions and outreach events; the Mid-Program Portfolio Review assessment; determining "probation" status; and potentially removing a student from the program.

Laptops

Dance BA and BFA students are required to have a laptop computer (or comparable tablet meeting minimum specifications) by the beginning of their sophomore year, but are strongly encouraged to have one when they enter the program. The hardware and software must meet or exceed the current departmental requirements, as stated on the website (uwm.edu/arts/apply/laptop/) and in the Dance Undergraduate Student Handbook. Website also includes information on using financial aid to fund this expense.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean's Honor List

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.
**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Location:** Theatre 120  
**Hours:** 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays) 
**Contact:** (414) 229-4763

**Dance, BFA**

The Performance and Choreography/Contemporary Track in the Bachelor of Fine Arts (BFA) in Dance prepares students to perform and create original dance choreography for theatrical productions. Dance BFA students complete a rigorous technical and creative curriculum designed to develop the student’s individual artistic voice. Contemporary Track majors additionally study body/mind sciences, dance pedagogy, historical and cultural contexts for dance, and the interactive collaboration skills necessary to bring dance to the theatre with a high degree of excellence.

</tbody>
</table>
DANCE 311 Contemporary Dance Practice: Ballet Tradition V
DANCE 312 Contemporary Dance Practice: Ballet Tradition VI

**Complementary Dance Technique** 5,6

Select a minimum of 2 semesters:

- DANCE 115 Jazz Dance I
- DANCE 122 African Dance & Diaspora Technique I

**Somatic and Conditioning Practices** 7

Select a minimum of 3 semesters:

- DANCE 103 Introduction to Iyengar Yoga
- DANCE 220 Body Sense
- DANCE 321 Alexander Technique for the Performer
- DANCE 323 Body Conditioning: Pilates Method
- DANCE 403 Intermediate Yoga For Dancers
- DANCE 421 Alexander Technique Practicum
- DANCE 623 Body Conditioning: Pilates Method II

**Dance Creative Courses**

DANCE 135 Introduction to Dancemaking Skills 8
DANCE 231 Music and Dancers I
DANCE 233 Improvisation for Dancemaking 8
DANCE 352 Digital Media Portfolio for Performers
DANCE 412 Dance Composition I 8
DANCE 413 Dance Composition II
DANCE 414 Dance Composition III 9
DANCE 490 Repertoire and Ensemble 10, 11

**Dance Academic Courses**

DANCE 110 Introduction to the Art of Dance 8
DANCE 192 Freshmen Seminar
DANCE 209 Dance Production 8
DANCE 250 Sophomore Seminar
DANCE 251 Laban Movement Analysis I
DANCE 309 Dance Production Practicum 8
DANCE 314 Contemporary Dance History
DANCE 350 Upper-Level Seminar
DANCE 371 Applied Anatomy
DANCE 460 Teaching Dance in Community Settings
DANCE 601 Senior Project

**Total Credits**: 88

---

4 100- and 200-level technique classes taken for 3 credits; 300-level for 2 credits
5 One Jazz or African technique class is required during sophomore year. If GER-Cultural Diversity credits are desired for DANCE 122, 3-credit section is mandatory.
6 Option: Students wishing to substitute one or two semester(s) of either ballet or modern (minimum 5 semesters of ballet and modern are required) for additional Complementary Dance Technique course(s) in Jazz, Africa and Diaspora Technique, Tap, Music Theatre Styles: choose from DANCE 116, DANCE 117, DANCE 123, DANCE 217, DANCE 222, DANCE 327, DANCE 427. Student must approach his/her Dance Faculty Advisor the semester prior to enrollment for substitution approval.
7 Yoga, Pilates, Body Sense, Alexander Technique

</table>
Once accepted, students may enter the program during either fall or spring semesters, but are strongly encouraged to enter in the fall term to progress more smoothly through the BA or BFA curricular sequence.

**Retention Requirements**

Each undergraduate dance major’s coursework will be reviewed at the end of his/her sophomore year to determine continuance in the major, as part of the **Mid-Program Portfolio Review**. Students must maintain a minimum grade point average of 3.0 in the dance major.

All students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department’s academic requirements. Each student’s ability to undertake the demands of the dance program, including his/her overall physical ability to perform in classes, auditions, rehearsals, and/or performances, will be a factor in the following: grading at the end of each semester; the audition/rehearsal/performance process for departmental productions and outreach events; the Mid-Program Portfolio Review assessment; determining "probation" status; and potentially removing a student from the program.

**Laptops**

Dance BA and BFA students are required to have a laptop computer (or comparable tablet meeting minimum specifications) by the beginning of their sophomore year, but are strongly encouraged to have one when they enter the program. The hardware and software must meet or exceed the current departmental requirements, as stated on the website (uwm.edu/arts/apply/laptop) and in the Dance Undergraduate Student Handbook. Website also includes information on using financial aid to fund this expense.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable
semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Location:** Theatre 120  
**Hours:** 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)  
**Contact:** (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit [http://uwm.edu/arts/advising/](http://uwm.edu/arts/advising/).

**Dance, MFA**

The Department of Dance offers graduate study leading to the Master of Fine Arts in Dance. The program offers opportunity to hone technical skills, to explore personal intuition, imagination, and craft both in creating dance works and also in performing them, and to focus on critical areas of dance core studies.

The MFA in Dance is structured to meet the scheduling constraints of working dance professional performers, choreographers, and educators: A block of on-campus and distance learning coursework is available during the fall and spring semesters, in addition to the intensive summer graduate course offerings.

Our program consists of 60 credits with an emphasis on contemporary choreography and performance, focusing on the candidate’s independent creative research. Graduate students engage in choreographic research through physical and theoretical inquiry while having the opportunity to examine their technical movement practice through current somatic perspectives. The program supports student research by providing facilities and customized opportunities to investigate and perform their work in Milwaukee. Through faculty mentorship and rigorous personal explorations, students are guided to integrate their research into a final thesis project.

Faculty teaching in the program are nationally and internationally acclaimed performing and choreographic artists in the field. Their research spans cultural perspectives, technical forms, somatic modalities, site-specific performance, improvisation, interdisciplinary collaboration, and technology and new media.

Our students are prepared to be future university dance professors, as well as secondary school educators with the means to expand their theoretical and choreographic skills, while simultaneously increasing their earning potential in academic institutions and K-12 public and private schools.

---

**Admission Requirements**

**Application Deadlines**

If at any time you are unsure about a published date or deadline ([http://uwm.edu/graduateschool/program-deadlines](http://uwm.edu/graduateschool/program-deadlines)), call the Registrar’s Office at (414) 229-3800 or submit a contact form ([http://uwm.edu/registrar/contact-us](http://uwm.edu/registrar/contact-us)) online.

**Admission**

Applicants who meet Graduate School requirements plus these program requirements may be admitted in good standing:

1. **Reason Statement:** Content must include the following:
   - Explain the aspects of your embodied practice and what you achieve through that experience (movement tradition, teaching, somatics, writing, performance, creation). How do you see your movement practice evolving in the field of contemporary performance?
   - Articulate how you investigate and create unique choreographic work based on your movement practice(s). Include how your intellectual interests inform your choreographic inquiry.
   - Out of state students will be considered for a Non-Resident-Tuition Remission Award. To qualify, please provide a one-paragraph statement of financial need to be included in your application. Include information of your current financial situation that outlines your economic need.

2. **Required Work Sample:** Work sample description page (no more than 3 pages total) with video URLs for 10-12 minutes of recent performance and/or choreography. This may consist of excerpted works (minimum two minutes from each work). Must include exact URL (web address) for each work (clickable links preferred, with passwords on the description page as necessary). For each work, the description should include choreographer, performers, venue, company or organization, dates, and any other applicable information (designers, etc).

3. **Required Curriculum Vitae or Resume** (no more than 5 pages).
4. **Optional Press Materials:** Preference is a single pdf (not individual file uploads).
5. **Recommendations:** Two (2) recent recommendations from people who can provide information on your qualifications. The site permits the recommenders to write or upload their statements directly into the system (preferred) or the department can upload on behalf of the recommenders.

**Credits and Courses**

Minimum degree requirement in Performing Arts-Dance is 60 credits distributed as follows, of which at least 6 must be in complementary studies.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>Dance Techniques and Somatics (Modern, African, Ballet, Alexander, Pilates, Yoga), 9-15 cr.</td>

<td></td>
</tr>
<tr>
<td>Total Credits</td>
<td>60</td>
<td></td>
</tr>
</tbody>
</table>
Final Project
Each student must undertake a final project of either one or two semesters duration (4-8 cr.). The project must be approved by the major advisor. The project will inevitably relate to dance and movement, so that there is often a choreographic component involved, most likely a concert. These may occur in a variety of approved performance settings which may include on- or off-campus sites. Nonetheless, all projects require research and a written component, which will vary depending on the process (and number of credits), working with a thesis chair and two other committee members.

Program Requirements
Major Professor as Advisor
The student must have a major professor to advise and supervise studies as specified in Graduate School regulations; the student may not register for any courses without this advisor's prior approval. A student who is not assigned to an advisor at the time of admission should immediately contact the Program Director.

Time Limit
The student must complete all degree requirements within seven years of initial enrollment.

Somatics, Minor
Our Minor in Somatics provides an opportunity to practice and survey a wide range of somatic methodologies, including Alexander Technique, Feldenkrais, Laban Movement Analysis, Martial Arts, Pilates Method and Iyengar Yoga. Upon completion, students are prepared for further study in an array of dance/movement disciplines, including teaching and health/wellness.

Thomas Hanna first used the term 'somatics' in the 1970's in the first issue of the journal Somatics. He used "soma" to refer to the wide range of body awareness and mind-body practices which had emerged in many cultures throughout the twentieth century. The focus of somatics is on bodily experience, and on how our soma interacts with the world.

The Minor in Somatics provides coursework of special interest to Health Sciences, Nursing, and Education majors who aim to work in helping professions and facilitate movement awareness/change. Music, Acting, and Dance performance students in the Peck School of the Arts will also benefit from learning how to self-monitor physical performance, access the movement imagination, move expressively, and connect meaningfully with an audience.

Requirements
Admission Requirements for the Somatics Minor
Students must meet general university admission requirements to be admitted to any of the undergraduate curricula as a freshman or transfer student. Prior to completing 6-8 credits of the Somatics Minor coursework, students must apply for and be accepted into the minor. Application consists of:

1. the online application (http://uwm.edu/arts/dance/minor-application) and
2. submission of unofficial UWM transcript via email to somatic-minor@uwm.edu.

No more than 6-8 credits (2-3 courses) will be applied toward the minor until after a student has been admitted and a Dance Faculty Advisor has been assigned.

Continuation Requirements
All students are expected to demonstrate a strong commitment to their health and overall conditioning in order to fulfill the department’s academic requirements for the Somatics Minor.

Students must maintain a 2.75 GPA overall to remain in the Somatics Minor.

FILM

Film, Video, Animation, and New Genres

With dual focus on both the theoretical and practical worlds of filmmaking, the Department of Film, Video, Animation, and New Genres provides programs for students with the flexibility to explore all aspects of the industry. Our faculty are professionals and filmmakers who actively screen at festivals and exhibition spaces from the Sundance Film Festival to the Centre Georges Pompidou in Paris.

Programs

- Animation, BA (p. 184)
- Film, BFA (p. 187)
- Film, Video, Animation and New Genres, Minor (p. 190)
- Performing Arts, MFA: Film (p. 191)

Film, Video, Animation, and New Genres Courses

FILM 114 Film and Experience: The Filmmaker and the Viewer
3 cr. Undergraduate.
Consideration of film as an experience—aesthetic, physical, psychological, social, and historical—for both the filmmaker and the viewer.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

FILM 116 Listening and Recording
3 cr. Undergraduate.
Development of perceptual and expressive competencies using low-cost tools, fieldwork, and the web in response to historical and contemporary issues facing media artists.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 117 Filmmaking Technologies and Techniques
3 cr. Undergraduate.
Fundamentals of still & motion picture image making, incl lighting, exposure, composition, digital transfer.
Prerequisites: none. When over-enrolled, preference will be given to Pre-Film or Pre-InterArts/IAT students.
Course Rules: Counts as a repeat of Film 203 w/same topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 118 Sound and Image
3 cr. Undergraduate.
A timebased media arts production course incorporating preceding core Film courses (Film 114, 116, 117), furthering skills and imagination in the integration of image and sound.
Prerequisites: Film 114(P), Film 116(P), 117(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

FILM 150 Multicultural America
3 cr. Undergraduate.
Cross-cultural study of U.S. ethnic and racial identities through materials drawn from a variety of media arts practices (e.g. film, photography, new media) with attention to African-, Asian-, Hispanic- and Native American experiences.
Prerequisites: none.
Course Rules: Cultures and Communities Prog course; req’d service learning component. Jointly offered with & counts as repeat of Art 150.
General Education Requirements: A, CD
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 201 Introduction to Experimental Media Arts
3 cr. Undergraduate.
Survey of independent media art production in film, video, photography and emerging media from the artist’s point of view. Lectures, screenings, and workshops exploring ideas and techniques relevant to the making of personal statements.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

FILM 203 Media Workshop:
3 cr. Undergraduate.
Lab tutorial consisting of intermedia exercises and class projects. Specific credits announced in Schedule of Classes whenever course is offered.
Prerequisites: none.
Course Rules: May be retaken w/chg in content to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 210 Concepts of Production in the Media Arts
3 cr. Undergraduate.
Introduction to the basic elements of cinema and related media in an inter-arts context through the development of critical and practical skills.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

FILM 220 16mm Filmmaking II
3 cr. Undergraduate.
Pre-portfolio studio in 16mm film production.
Prerequisites: Film 117(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 221 Basic Elements of Filmmaking II
6 cr. Undergraduate.
Theory and practice of 16mm non-sync sound techniques. Emphasis on project development, cinematography, editing, sound recording, audio transfers and mixing.
Prerequisites: grade B or above in Film 220; or cons instr.
Current Offerings: http://uwm.edu/schedule
FILM 222 Introduction to Digital Filmmaking
3 cr. Undergraduate.
Pre-portfolio studio in digital filmmaking and editing techniques.
Prerequisites: admits to Pre-Film/Film prog & Film 116(P), 117(P), & either 114(214)(P) or 210(P); or admits to Inter-Arts/IAT prog & Film 116(P) or 117(P); Art 118(P) & Music 220(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [link]

FILM 231 Concept Development for Film Practice
3 cr. Undergraduate.
A practice-driven course on developing skills for conceptualizing and writing for short-form cinema.
Prerequisites: none.
Current Offerings: [link]

FILM 232 Animation I
3 cr. Undergraduate.
Introduction to single-frame cinematic principles and techniques including drawing, collage, and kinetic analysis for short animated film projects.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [link]

FILM 234 Introduction to the Screenplay
3 cr. Undergraduate.
Approaches to screenwriting from both artistic and professional points of view from the cultivation of an idea to the realization of a scenario.
Prerequisites: none.
Current Offerings: [link]

FILM 250 Internship/Professional Practice
3 cr. Undergraduate.
This project-oriented course supports student engagement in professional internships, production of a media project for a non-profit organization or curating a media arts event/series.
Prerequisites: May be retaken to max of 6 cr.
Current Offerings: [link]

FILM 251 Theory/Practice Workshop:
3-4 cr. Undergraduate.
Development of techniques for projects in the theory and practice of media arts.
Prerequisites: none.
Course Rules: May be retaken w/chg in content to 9 cr max.
Current Offerings: [link]

FILM 255 Introduction to Digital Arts
3 cr. Undergraduate.
Pre-portfolio studio in digital art practices.
Prerequisites: admits to Pre-Film/Film prog & Film 116(P), 117(P); & either 114(214)(P) or 210(P); or admits to Inter-Arts/IAT prog & Art 118(P) & Music 220(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [link]

FILM 257 Study Abroad:
1-12 cr. Undergraduate.
Production and special problems designed to provide relevant course work for a study abroad program in the media arts.
Prerequisites: acceptance in Study Abroad Prog.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Fall 2014, Spring 2013, Spring 2012, Fall 2011.
Current Offerings: [link]

FILM 299 Independent Study
1-6 cr. Undergraduate.
Individual program of supervised study in media arts theory & practice.
Prerequisites: cons instr.
Course Rules: May be retaken for cr.
Last Taught: Fall 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: [link]

FILM 301 Conversations with Filmmakers and Critics
3 cr. Undergraduate.
Lectures, screenings, and discussions by contemporary filmmakers and critics. Subjects of presentation will include the contemporary state of the art, the condition of the industry, and the relations of film to a critique of the culture.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [link]

FILM 302 Video in the Classroom
3 cr. Undergraduate.
Introduction to creative and technical processes of video making. Planning and production of topical video projects with small team of K-12 students and teacher.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Current Offerings: [link]

FILM 303 Current Topics in Media Arts Production:
3 cr. Undergraduate.
Lectures, screening, discussions, and workshops in media arts production from the artist's point of view. Development of ideas/proposals for possible production in subsequent film department courses.
Prerequisites: Film 201(P); or cons instr.
Last Taught: Spring 2018, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [link]

FILM 305 Digital Cinema and the Computer
3 cr. Undergraduate.
Relation of digital cinema to the cultural, philosophical, and technical implications of computing technology.
Prerequisites: none.
General Education Requirements: A, OWCB
Current Offerings: [link]
FILM 309 Theory & Practice of Media Literacy
3 cr. Undergraduate.
Explores the relationship between image, sound and text in light of an expanded sense of 'writing,' 'image-making,' and 'critique' in the digital age.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

FILM 314 Topics in Conceptual Studies:
3 cr. Undergraduate.
Consideration of issues in critical studies including ethnographic film, found-footage filmmaking, experimental documentary or surrealist film.
Prerequisites: Film 114(214)(P) or 210(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Summer 2011, Fall 2010, Summer 2010, Fall 2009.
Current Offerings: http://uwm.edu/schedule

FILM 316 Filmmaker as Theorist/Practitioner:
3 cr. Undergraduate.
Examines filmmakers particularly engaged in theory/practice investigations of film form including Chantal Ackerman, Jean-Luc Godard, Sergei Eisenstein, Laura Mulvey & Trinh T. Minh-ha.
Prerequisites: Film 114(214)(P) or 210(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

FILM 318 Film and the Visual and Performing Arts:
3 cr. Undergraduate.
Consideration of film's relationship to a specific art form, its formal similarities and historical intersections including film & painting, film & dance, film & music.
Prerequisites: Film 114(214)(P) or 210(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

FILM 319 Film Genres:
3 cr. Undergraduate.
Formal investigation of what comprises a film genre across both national & international contexts. Critical writing & production assignments will foreground conventions & their transformations in film history.
Prerequisites: Film 114(214)(P) or 210(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 320 Structures of Film
3 cr. Undergraduate.
Advanced examination of structural dimensions in film, including space, time, causality, image, and sound. Practical techniques explore structural possibilities for creative expression in film.
Prerequisites: Film 114(214)(P) & 210(P); or cons instr.
Last Taught: Fall 2010, Fall 2009, Fall 2008, Fall 2007.
Current Offerings: http://uwm.edu/schedule

FILM 341 Theory/Practice Seminar:
3-4 cr. Undergraduate.
Theoretical/practical approaches to film and video production.
Prerequisites: admis to upper-level film classes per portfolio review, or cons instr.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 380 Media Arts Module:
3 cr. Undergraduate.
Post-portfolio course introducing specialized production skills in film, video, audio or new genres.
Prerequisites: admis to upper level course per portfolio review or cons instr. In case of over-enrollment, admission based on gpa in major.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Current Offerings: http://uwm.edu/schedule

FILM 399 Advanced Independent Study
1-6 cr. Undergraduate.
Individual program of supervised study for the advanced student of film and/or video.
Prerequisites: admis to upper-level film classes per portfolio review & cons instr.
Course Rules: May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

FILM 410 Junior Project
6 cr. Undergraduate.
Individual production projects in film or video facilitated by critiques and technical demonstrations tailored to student needs.
Prerequisites: admis to upper level course per portfolio review or cons instr. In case of over-enrollment, admission based on grade point average in major.
Current Offerings: http://uwm.edu/schedule

FILM 420 Intermediate Media Arts Module:
3 cr. Undergraduate/Graduate.
Intermediate level course in specialized production skills in film, video, audio or new genres.
Prerequisites: admis to upper level course per portfolio review; jr st or cons instr. In case of over-enrollment, admission based on gpa in major.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 434 Film Aesthetics:
3 cr. Undergraduate.
Consideration of a particular aesthetic aspect of film including performance, sound, decor, frame/sequence, color, narrative & narration, temporality.
Prerequisites: jr st., Film 210(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
FILM 450 Advanced Internship/Professional Practice
1-6 cr. Undergraduate/Graduate.
This project-oriented course supports student engagement in professional internships, production of a media project for a non-profit organization or curating a media arts event/series.
Prerequisites: admis to upper-level Film classes per portfolio review, cons instr.
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

FILM 455 Integrated Film/Video Exploration
6 cr. Undergraduate/Graduate.
A study of the relationship between film/video production and film/video analysis, team taught by an artist and a critic.
Prerequisites: jr st. Film majors: portfolio review and/or cons instr; non-film majors: cons instr.
Course Rules: Jointly offered with ArtHist/English/JMC 310.
Current Offerings: http://uwm.edu/schedule

FILM 460 Advanced Media Arts Module:
3 cr. Undergraduate/Graduate.
Advanced-level course in specialized production skills in film, video, audio or new genres.
Prerequisites: admits to upper level course per portfolio review; jr st or cons instr. In case of over-enrollment, admission based on gpa in major.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule

FILM 470 Advanced Media Arts Workshop:
1-6 cr. Undergraduate/Graduate.
Individual student projects exploring portable and studio media arts production techniques. Students will submit production proposals for faculty approval.
Prerequisites: Film 389(P); or grad st; or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

FILM 497 Study Abroad:
1-12 cr. Undergraduate.
Production and special problems designed to provide relevant course work for a study abroad program in the media arts.
Prerequisites: admis to upper-level Film classes per portfolio review, or cons instr.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

FILM 509 Senior Project I
3 cr. Undergraduate.
Pre-production/production of individual media arts projects facilitated by critiques and work sessions.
Prerequisites: min 12 cr of upper-level film/video/animation/new genres electives, including 3 cr. of Portfolio Production electives; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 510 Senior Project II
6 cr. Undergraduate.
Continuation of capstone project started in Film 509. Emphasis on production and post-production, facilitated by critiques, work sessions and preparations for a public presentation.
Prerequisites: Successful completion of Film 509(P); or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

FILM 512 Senior Project in Conceptual Studies
6 cr. Undergraduate.
Capstone seminar investigates and interrogates relationship between filmmaking, theory and history. Archival research and critical analysis will produce final multimedia project.
Prerequisites: Film 320(P), 455(P).
Current Offerings: http://uwm.edu/schedule

FILM 514 Graduate Film Studio/Seminar III
3 cr. Graduate.
A study of the relationship between film/video production and film/video analysis, team taught by an artist and a critic.
Prerequisites: grad st & cons advising faculty member.
Course Rules: May be repeated to max of 9 cr.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

FILM 520 Graduate Media Arts Workshop I
3 cr. Graduate.
Faculty advised film production studio course to introduce and familiarize students with specific crew member responsibilities of collaborative filmmaking.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

FILM 570 Professional Practice: Production
3 cr. Graduate.
Professional production internship with area film-related enterprise to develop specialized technical skills or practical experience in film exhibition.
Prerequisites: grad st.
Course Rules: May be repeated to max of 9 cr.
Last Taught: Fall 2010, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

FILM 700 Professional Practice: Production
3 cr. Graduate.
Each student to pursue a film production project to completion. Lectures and readings in seminar format to address issues facing independent film production and distribution.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

FILM 710 Graduate Film Studio/Seminar I
3 cr. Graduate.
Faculty advised film production studio course. Instruction in advanced production skills and directed reading relevant to the nature of proposed film projects.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

FILM 712 Graduate Film Studio/Seminar II
3 cr. Graduate.
Faculty advised film production studio course. Instruction in advanced production skills and directed reading relevant to the nature of proposed film projects.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

FILM 714 Graduate Film Studio/Seminar III
3 cr. Graduate.
Faculty advised film production studio course to introduce and familiarize students with specific crew member responsibilities of collaborative filmmaking.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

FILM 720 Graduate Media Arts Workshop I
1-6 cr. Graduate.
Conceptualization and production of student-initiated media arts projects.
Prerequisites: grad st film
Course Rules: Retakable to 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
Animation, BA

The BA in Animation will prepare graduates to secure positions as animators and multimedia artists in the moving image production industry.

Graduates of this program will be able to:

1. Apply knowledge of artistic principles, conventions, methods, and practices through the creation and production of animated works of art;
2. Utilize the core concepts, capabilities, and tools of animation technology;
3. Apply critical and creative thinking skills in a variety of contexts;
4. Identify ways in which animation can be utilized in both creative and practical contexts;
5. Assure high quality production values in the work that they create;
6. Demonstrate the ability to communicate effectively, produce projects individually and collaboratively, engage fully in the entire production process, from concept to distribution.

The BA in Animation totals 120 credits, with 57 academic credits in the program - 45 required credits and 12 elective credits. This degree is administered through the Department of Film, Video, Animation and New Genres in the Peck School of the Arts. Applicants entering the program with an AAS degree from the Animation Department in the School of
University of Wisconsin-Milwaukee

Media and Creative Arts at Milwaukee Area Technical College (MATC) may be granted admission at the third-year level.

Students in the department of Film, Video, Animation, and New Genres are required to have a laptop computer and video editing software.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection,
campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Film, BFA

The Department of Film, Video, Animation, and New Genres in the Peck School of the Arts offers an integrated program of study leading to a BFA in Film.

Requirements

Students in Film, Video, Animation, and New Genres are required to have a laptop computer and video editing software. The Bachelor of Fine Arts degree in Film requires 120 credits, and is distributed as follows:

<table>
<thead>
<tr>

The following outline will serve as a guide in planning for studies in Film, Video, Animation, and New Genres. Students are encouraged to consult regularly with their school and departmental advisors. All course waivers or changes in the requirements of the major should be directed to a department or school academic advisor and must have the written approval of the department chair.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Film, Video, Animation and New Genres, Minor
Our undergraduate program of study is committed to helping students develop their creative, conceptual and technical abilities through media: film, video, audio, installation, and new genres. Our goal is for you to become a creative thinker, an informed viewer and an art maker – someone whose imaginative skills are matched by an ability to learn and use the technologies to say something important.

This program is open to all students seeking to complement their major studies by developing skills in moving image/audio production, creative concept development, and media project management skills – skills that are increasingly in demand across multiple fields.

Requirements
After completing the Foundation Requirements, students will complete the remaining six credits of 300-level courses from the elective lists below.

Department Electives
Department electives are separated into four categories:

- Production: this courses build comfort and expertise with tools and technologies while continuing to develop critical thinking and creative expression.
- Portfolio: these course explore topics and/or themes, develop artistry and require students to develop their individual portfolios through the creation of self-authored works.
- Contextual: these courses continue to develop student’s critical thinking and expressive voice by exploring topics and/or themes through screenings, discussions, written assignments and creative media projects.
- Professional Practice: includes internship and other forms of professional practicum.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Performing Arts, MFA: Film

The Milton and Lillian Peck School of the Arts offers the Master of Fine Arts in Performing Arts, an interdisciplinary degree program encompassing graduate studies in film and dance. The curricula in this program include intensive professional training in an individual performance area plus significant interdisciplinary experience in related performance and scholarly fields. All curricula are dedicated to maintaining the most rigorous professional and artistic standards in their disciplines.

The programs currently offered are: film and video production in the Department of Film, Video, Animation and New Genres; and choreography and performance in the Department of Dance.

The curricula offered in the program are designed for serious and talented students who are preparing for careers as professionals in the performing arts or as artist-teachers in advanced training programs. Admission to the programs is highly selective, and all curricula include extensive practical performance experience.

The Helene Zelazo Center for the Performing Arts is the premier performance home for the Peck School of the Arts. It includes the 759-seat Helen Bader Concert Hall, a 3,200 square foot rehearsal room, numerous small ensemble practice rooms, and the Mary L. Nohl Art Galleries.

The School's other facilities include the Fine Arts Center which houses two theatres, a recital hall, and related shop, studio, instructional and practice space, and nearby Mitchell Hall with studio, viewing, and processing facilities for the Department of Film, Video, Animation and New Genres as well as the chamber dance theatre and additional rehearsal, studio, and performance spaces for the departments of Theatre and Dance.

Master of Fine Arts in Performing Arts: Film

The Department of Film, Video, Animation and New Genres offers a graduate program in media arts practice. The curriculum is designed for serious and talented students who are preparing for careers as artists.

Facilities include a complete production studio, with all tools and services necessary for in-house film, digital video and sound work; photography and imaging labs; a digital studio for Internet projects, physical computing, interactivity and other forms of digital and media arts; and space for installation and performance projects. A special feature of the program is our excellent in-house processing facility for black-and-white reversal 16mm film.

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.
Master of Fine Arts in Performing Arts: Film

In addition to a series of graduate seminars, students can choose from an array of elective options that include graduate production studios, conceptual studies courses, complementary studies from outside the department, professional practice opportunities in the field and U/G or G electives. Students are expected to originate and produce finished projects on a regular basis, culminating in a thesis presentation.

Admission

In order to be considered for admission to the program, an applicant must meet Graduate School requirements and submit original media-related work that demonstrates technical competence and creative promise.

An applicant whose grade point average or quality of work does not meet Graduate School and Department of Film, Video, Animation and New Genres program standards may be considered for admission on probation. Each student is expected to satisfy deficiency requirements within three enrolled semesters. The Graduate School and the Department of Film, Video, Animation and New Genres graduate program monitor the deficiencies. No course credits earned to make up deficiencies may be counted as program credits required for the degree.

Transfer of Credits

With the approval of the Department of Film, Video, Animation and New Genres graduate program and the Graduate School, an applicant from another institution may be permitted to transfer up to 19 credits toward the total of 48 graduate credits required for the MFA degree.

Major Professor as Advisor

Each student chooses a major professor from the Department of Film, Video, Animation and New Genres graduate faculty to advise and supervise studies. In addition to the major professor, each student’s committee must contain a minimum of two Department of Film, Video, Animation and New Genres graduate faculty members. Any student electing a minimum of nine credits in either Conceptual or Video, Animation and New Genres graduate faculty members. Any committee must contain a minimum of two Department of Film, Video, Animation and New Genres graduate program members. No course credits earned to make up deficiencies may be counted as program credits required for the degree.

Credits and Courses

The minimum Film-MFA degree requirement is 48 graduate credits, (18 cr required, 30 cr elective). It is recommended that students earn 12 credits each semester through full-time attendance on campus.

FILM 900 Graduate Studio (maximum of 12 credits)

Department of Film, Video, Animation and New Genres Electives (maximum of 30 credits)  
Complementary Studies Electives (maximum of 12 credits)  
Complementary Studies (maximum of 9 credits)  
FILM 700 Professional Practice: Production (maximum of 9 credits)

Total Credits 48

1 A maximum of 9 credits between FILM 720 and FILM 722.
2 These are U/G and G classes in film, video & new genres that are regularly offered by the department, including topics such as 16mm film and video production, screenwriting, lighting, cinematography, audio production, animation, installation, performance and physical computing.
3 Our Conceptual Studies program combines the study of media history, theory, and criticism with the practice of media production. Conceptual Studies credits can be combined with Complementary Studies credits to a maximum of 21 credits.
4 These are UG/G courses offered outside the department that are relevant to a students proposed course of study. If courses inside the Department of Film, Video, Animation and New Genres are closely allied to an area of complementary study, such as Film courses in audio or photography and Music Department courses in electronic composition, they will count toward fulfillment of the Complementary Studies option. Students interested in Complementary Studies are encouraged to discuss their options with the Director of Graduate Studies and their major professor before enrolling in these courses.

Thesis Presentation

Upon recommendation of the major professor and advisory faculty, the student presents a thesis exhibition program of work executed since admission to the program. The exhibition may be held either during the semester in which the student completes coursework for the degree or during the following semester.

Time Limit

The student must complete all degree requirements within seven years of the initial enrollment.

International Students

On completion of graduate studies, international students are eligible to apply for Optional Practical Training (OPT) for an additional year of practical work experience. If you are interested in OPT, please see an Immigration Coordinator at International Student and Scholar Services in the Center for International Education.

MUSIC

The Department of Music offers undergraduate and graduate programs of study, as well as courses of study in Music Performance (Woodwinds, Brass, Percussion, Strings, Piano, Voice, and Guitar), Music Education, Music History and Literature, and Music Composition and Technology.

We offer a graduate program of study in music, preparing the student for a career in a performing area, music education, music history and literature, conducting, or theory and composition. The Master of Music program permits concentration in performance (voice or instrument), chamber music performance, conducting, music education, music history and literature, theory and composition, collaborative piano (vocal or instrumental), and string pedagogy.

Our Bachelor of Fine Arts (BFA) program is designed for students seeking intensive study to develop those skills needed for a professional career and/or preparation for graduate school. The Bachelor of Arts (BA) degree is designed for students looking for a broad-based understanding of multiple aspects of music in addition to areas outside of the music field. The Minor in Music is designed to provide students with basic knowledge and broad choices in coursework.

Our programs prepare students for careers in the performing arts, music education, music history and literature, conducting, and theory and composition. A conservatory-style department nestled within a leading research university, our professional artist-faculty inspire and frequently collaborate with students on campus and within Wisconsin's cultural capital.

Our faculty and programs maintain strong partnerships with performance organizations in Milwaukee and the surrounding region providing a vibrant urban location that puts students in the cultural mainstream of a thriving and sophisticated metropolis of over one million people. The department is an accredited member of the National Association of Schools of Music (NASM) and provides professional training and personal enrichment as the main focus of the Music curriculum. Visit us at: uwm.edu/arts/music/ (http://uwm.edu/arts/music).

Programs

- Advanced Study in Chamber Music, Graduate Certificate (p. 231)
- Music Education, BFA: EC-A General Music (p. 235)
- Music Education, BFA: EC-A Instrumental and General Music (p. 238)
- Music, BA (p. 241)
- Music, BFA: Collaborative Piano and Vocal (p. 244)
- Music, BFA: Guitar (p. 248)
- Music, BFA: Music Composition and Technology (p. 253)
- Music, BFA: Music History and Literature (p. 256)
- Music, BFA: Piano (p. 260)
- Music, BFA: Strings (p. 264)
- Music, BFA: Voice (p. 269)
- Music, BFA: Winds, Brass, and Percussion (p. 272)
- Music, Minor (p. 276)
- Music, MM (p. 277)
- Music, MM/Library and Information Science, MLIS (p. 279)
- Music, MM: Chamber Music Performance (p. 280)
- Music, MM: Collaborative Piano: Instrumental (p. 282)
- Music, MM: Collaborative Piano: Vocal (p. 283)

- Music, MM: Performance: Guitar (p. 290)
- Music, MM: Performance: Keyboard (p. 292)
- Music, MM: Performance: Percussion (p. 293)
- Music, MM: Performance: String Emphasis (p. 295)
- Music, MM: Performance: Vocal Emphasis (p. 296)
- Music, MM: Performance: Woodwinds, Brass, and Percussion (p. 298)
- Music, MM: String Pedagogy (p. 300)
- Music, MM: Theory and Composition (p. 301)

Peck School of the Arts: Music Scholarships

If you wish to be considered for a Music scholarship, you are encouraged to audition no later than March of the school year preceding your intended matriculation. Lists of suggested repertoire, which can serve as a helpful guideline for your audition, can be obtained from the Peck School of the Arts Department of Music website at: uwm.edu/arts/musical (http://uwm.edu/arts/scholarships) or contact the Music Department at (414) 229-5217.

Midwest Residence Savings

UW-Milwaukee Peck School of the Arts participates in the Midwest Student Exchange Program (http://uwm.edu/undergrad-admission/student-type/out-of-state) (MSEP), which awards reduced tuition (http://uwm.edu/business-financial-services/bursar/tuition-rate-schedules) to Undergraduate and Graduate residents of Illinois, Indiana, Kansas, Michigan, Missouri, Nebraska, and North Dakota.

Illinois residents save even more with an automatic $1,000 Milwaukee Advantage Award (http://uwm.edu/undergrad-admission/student-type/out-of-state).

Minnesota residents are eligible for the Minnesota Reciprocity program and are encouraged to apply (http://www.ohe.state.mn.us/mpg_cfm?PageID=120) as early as possible.

Music for the Non-Major

While professional training is the main thrust of the UWM Music curricula, the department offers many personal enrichment courses for the non-music major. UWM students have the opportunity to participate in a wide range of Performing Organizations such as:

- University Advanced Women's Choir
- Concert Chorale
- Women's Chorus
- University Men's Chorus
- Collegium Musicum
- Gospel Choir
- University Band
- Symphony Band
• Wind Ensemble
• Jazz Band
• Symphony Orchestra
• University Community Orchestra

The following Academic Music Courses are also offered:

• Introduction to Classical Music
• The Concert Experience
• Introduction to World Musics
• American Popular MusiC
• Fundamentals of Music (Theory)
• Class Voice
• Beginning and Intermediate Guitar
• Beginning and Intermediate Piano

Private music lessons are also offered to the non-music major under the following conditions:

1. A successful audition placement into a recognized Music major ensemble.
2. Successful audition placement will allow concurrent registration into an appropriate private performance lesson.
3. Consent of instructor and availability of instructional time.
4. For further information contact the Department of Music at (414) 229-5217.

Music Courses

MUSIC 1 Theory Fundamentals
2 cr. Undergraduate.
Basic music theory covering written proficiency at an introductory level. For music majors needing remedial work. Not for fulfillment of curriculum requirements.
Prerequisites: Music major or cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 30 University Community Band
1 cr. Undergraduate.
A concert band which performs concerts on and off campus. Designed as a continuing playing experience for students.
Prerequisites: Music major.
Course Rules: Music 30 & 31 may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 40 Symphony Band
1 cr. Undergraduate.
Performs symphonic works for band, performing regularly on campus, statewide tours and national conventions.
Prerequisites: Music major; audition; & cons instr.
Course Rules: Music 40 & 41 may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 42 Wind Ensemble
1 cr. Undergraduate.
Performs music ranging from octet to forty players, stressing the single player per part concept, embracing a commitment to quality wind and percussion music. Presents concerts on campus and national tours.
Prerequisites: Music major; audition; & cons instr.
Course Rules: Music 42 & 43 'Wind Ensemble' may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 44 Women's Chorus
1 cr. Undergraduate.
Large women's chorus rehearses and performs women's choral music of various styles, cultures, and historical periods. Open to all women by audition.
Prerequisites: Music major; cons instr; audition.
Course Rules: Music 44 & 45 may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 45 Women's Chorus
3 cr. Undergraduate.
Large women's chorus rehearses and performs women's choral music of various styles, cultures, and historical periods. Open to all women by audition.
Prerequisites: non-Music majors; cons instr; audition.
Course Rules: Music 44 & 45 may be retaken to combined max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 50 University Men's Choir
1 cr. Undergraduate.
Large men's mixed chorus rehearses and performs both men's and mixed-voice choral music of various styles, cultures, and historical periods.
Prerequisites: Music major; cons instr; audition.
Course Rules: Voice placements 1st wk each sem. Music 50 & 350 may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 52 University Advanced Women's Choir
1 cr. Undergraduate.
Select women's mixed chorus performs both women's and mixed-voice choral music of various styles, cultures, and historical periods. For women with significant choral experience; audition required.
Prerequisites: Music major; cons instr; audition.
Course Rules: Voice placements 1st wk each sem. Music 52 & 352(53) may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 56 Concert Chorale
1 cr. Undergraduate.
This highly select mixed ensemble performs advanced-level music from various styles, cultures, and historical periods and tours annually. Students chosen by competitive audition.
Prerequisites: Music major; audition; & cons instr.
Course Rules: Music 56 may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSIC 62 University Community Gospel Choir
1 cr. Undergraduate.
The gospel choir performs the music of the African-American culture in its many styles and genres. Auditions 1st week each sem.
Prerequisites: cons instr; audition.
Course Rules: May be retaken to max of 10 sem.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 81 University Community Orchestra
2 cr. Undergraduate.
Composed primarily of non-music majors and community members; provides a continuing opportunity for rehearsal and performance.
Prerequisites: non-music major.
Course Rules: Music 81 & 181 may be retaken to combined max of 10 sem.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 100 Introduction to Classical Music
3 cr. Undergraduate.
A guide to understanding and enjoying American popular music from 1900 to the present. Students survey all popular genres and focus on chosen style.
Prerequisites: theory placement exam; Music major; Music 123 (C) & Music 127 (P) with grade of 'C-' or better or equiv.
Course Rules: Aural application of Music 127.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 101 Fundamentals of Music
3 cr. Undergraduate.
An activities approach to music fundamentals through singing, playing, listening, note reading and creativity for the general university student.
Prerequisites: none.
Course Rules: Not accepted as part of a Music major.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 102 American Popular Music
3 cr. Undergraduate.
A guide to understanding and enjoying American popular music from 1900 to the present. Students survey all popular genres and focus on chosen style.
Prerequisites: none.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 106 Foundations of Music
0 cr. Undergraduate.
Engage music major freshman in active discussion in academic and abstract ways necessary to formal music study.
Prerequisites: Freshman Music Majors only.
Course Rules: Fee for 1 cr assessed. Satisfactory/Unsatisfactory only.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 107 Music Convocation
0 cr. Undergraduate.
A general assembly of the Department of Music held Fridays at 12:00 pm during the academic year. Includes musical presentations by Music Department faculty and students as well as guest events.
Prerequisites: Music majors only.
Course Rules: Fee for 1 cr assessed. Satisfactory/Unsatisfactory only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 108 The Concert Experience
3 cr. Undergraduate.
Meets, in part, concurrently with the Music Department Convocation (or similar concerts), concentrates on the concert as an event: history, traditions, form, make-up, and interpretation.
Prerequisites: none.
Course Rules: May not be used as part of the music req for music majors.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 120 Composition Colloquium:
0 cr. Undergraduate.
Guest lectures and workshops with visiting composers and performers presenting current compositional and aesthetic techniques.
Prerequisites: Music major or cons instr.
Course Rules: Fee for 1 cr assessed. May be retaken; 4 sem minimum required for composition majors.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 123 Aural Theory I
1 cr. Undergraduate.
Basic study of sight singing and dictation in diatonic music: solfege, diatonic melodies, primary harmonies, basic rhythms and beat divisions. Aural application of Music 127.
Prerequisites: theory placement exam; Music major; Music 127(C) & Music 001(P) with grade of B or better or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 124 Aural Theory II
1 cr. Undergraduate.
The singing and dictation of melodies, progressions, and counterpoint with chromatic alteration, modulation, complex rhythmic patterns, 7th chords and inversions. Aural application of Music 128.
Prerequisites: Music Major; Music 128(C), 123(P) & 127(P) with grade of 'C-' or better or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 127 Materials of Theory I
2 cr. Undergraduate.
Basic study of the elements and diatonic organization of music through music literature.
Prerequisites: theory placement exam; Music major; Music 123 (C) & Music 001(P) with grade of 'C-' or better or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSIC 128 Materials of Theory II
3 cr. Undergraduate.
Intermediate study of the elements and chromatic organization of music through music literature.
Prerequisites: Music Major; Music 124(C) & 123(P); & 127(P) with grade of 'C-' or better or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 130 Beginning Piano Level I
3 cr. Undergraduate.
A practical introduction to the piano and musical notation, intended to serve as a sound foundation for further study.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 131 Beginning Piano Level II
3 cr. Undergraduate.
The varying uses of the piano is continued and expanded through reading, technique, interpretation, and theory as based on materials presented in Music 130.
Prerequisites: Music 130(P); cons instr.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 140 Class Voice Level I
3 cr. Undergraduate.
The group study of singing, including posture, breathing, resonance, range and projection through vocal exercises, varied song repertoire and solo singing.
Prerequisites: some knowledge of music helpful but not required; cons instr.
Course Rules: May be retaken to max of 4 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 141 Class Voice Level II
3 cr. Undergraduate.
Continuation for students completing Class Voice Level I including vocal health, posture, breathing, phonation, resonance to include repertoire expansion of jazz, popular, folk and blues.
Prerequisites: Music 140(P), or cons instr; & ability to read notation.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 142 Class Voice for Musical Theater Level I
2 cr. Undergraduate.
Fundamentals of vocal technique, including audition preparation and understanding of Musical Theater repertoire and style.
Prerequisites: Musical Theatre majors; cons. instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 143 Class Voice for Music Theatre Level II
2 cr. Undergraduate.
Continuation of Class Voice for Musical Theatre Level I including vocal health, posture, breathing, phonation, resonance to include repertoire expansion of jazz, popular, folk and blues.
Prerequisites: Music 142(P), or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 150 Beginning Guitar
3 cr. Undergraduate.
Beginning class instruction on guitar as an accompanying instrument for folk and pop songs. Basic chording, strumming, and finger picking.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 151 Intermediate Guitar I
3 cr. Undergraduate.
Intermediate instruction on guitar. Finger picking, barre chord, bass runs, melody playing, and reading music.
Prerequisites: Music 150(345)(P); or cons instr.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 152 Intermediate Guitar II
3 cr. Undergraduate.
Students learn pieces ranging from popular to classical repertoire further developing position playing, moveable chord forms, solo arrangements and accompaniment, accommodating students at a variety of levels.
Prerequisites: Music 151(P), or cons instr; & ability to read notation.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Last Taught: Fall 2015, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 181 University Community Orchestra
1 cr. Undergraduate.
Provides a continuing opportunity for rehearsal and performance for Music Majors playing secondary instrument(s).
Prerequisites: Music Major playing secondary instrument(s).
Course Rules: Music 81 & 181 may be retaken to combined max of 10 sem.
Current Offerings: http://uwm.edu/schedule

MUSIC 182 Symphony Orchestra
1 cr. Undergraduate.
This class will rehearse, study and perform orchestral works from the 18th, 19th and 20th centuries.
Prerequisites: Music major; audition; & cons instr.
Course Rules: Music 182 & 82 may be retaken to combined max of 10 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSIC 206 Jazz Fundamentals
2 cr. Undergraduate.
Introduction to rhythmic, melodic and harmonic materials related to jazz.
Prerequisites: admis to Jazz Studies prog or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 211 General History of Western Music I
3 cr. Undergraduate.
An introduction to the development of musical styles in western music through the end of the 17th century.
Prerequisites: soph st & 2 sem of music theory.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 212 General History of Western Music II
3 cr. Undergraduate.
The development of music through the 18th and 19th centuries, correlating period styles with contemporary history and other arts.
Prerequisites: soph st, 3 sem of music theory, & Music 211(P).
Current Offerings: http://uwm.edu/schedule

MUSIC 220 Introduction to Computers and Music
3 cr. Undergraduate.
Introduction to digital audio, acoustics, psychoacoustics, electronic music composition, and history. Survey and application of software audio production tools through individual creative projects.
Prerequisites: Music major, previous experience in computers & music; or cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 225 Materials of Theory III
3 cr. Undergraduate.
Advanced study of the elements and extended chromatic organization of music through music literature.
Prerequisites: Music Major; Music 226(C) & Music 124(P), & 128(P) with grade of 'C-' or better or equiv; successful completion of QL-A, or cons instr.
General Education Requirements: QLB
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 226 Aural Theory III
1 cr. Undergraduate.
Continuation of Music 124. Advanced work developing sight-singing and melodic, contrapuntal, and harmonic dictation as related to music literature. Aural application of Music 225.
Prerequisites: Music Major; Music 225(C), 124(P) & 128(P) with grade of 'C-' or better or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 230 Form Analysis
3 cr. Undergraduate.
Study of the basic cells used for evolving musical structures. The two-part, three-part, and five-part song forms are analyzed, theme and variation form, song form with trio, sonatina form, sonata allegro form, and the symphonic, concerto, and chamber music structures are discussed and analyzed.
Prerequisites: Music 225(P) & 226(P) with grade of 'C' or better or equiv.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 241 Guitar Technique
1 cr. Undergraduate.
Self-study tools and solutions on performing music accurately to advance and develop skills and expand the relative and absolute sense of touch.
Prerequisites: Music major; or cons instr.
Course Rules: Counts as repeat of Music 489 w/same topic.
Last Taught: Spring 2018, Fall 2017.
Current Offerings: http://uwm.edu/schedule

MUSIC 242 Fretboard Essentials
2 cr. Undergraduate.
Music theory as it relates to the guitar fingerboard, including major/minor and harmonized scales, triads, 7th chords and inversions, and arpeggios.
Prerequisites: Music major;
Course Rules: Counts as repeat of Music 280 w/same topic.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

MUSIC 244 Basic Diction in Singing
1 cr. Undergraduate.
Principles of the international phonetic alphabet as they apply to the english language and the singing of assigned vocal repertoire.
Prerequisites: admis to Musical Theatre prog; or cons instr.
Last Taught: Spring 2017, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

MUSIC 245 Basic and Italian Lyric Diction
1 cr. Undergraduate.
Principles of Basic and Italian lyric diction as taught through the use of the international phonetic alphabet, and the singing of assigned vocal repertoire.
Prerequisites: Music major, or cons instr.
Last Taught: Fall 2017, Fall 2015, Spring 2014, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 246 German and French Lyric Diction
1 cr. Undergraduate.
Principles of German and French lyric diction as taught through use of the international phonetic alphabet, and the singing of assigned vocal repertoire.
Prerequisites: music major, or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 247 French Diction in Singing
1 cr. Undergraduate.
Principles of French lyric diction as taught through use of the International Phonetic Alphabet and the singing of assigned vocal repertoire.
Prerequisites: soph st; Music 244(P) & 245(P), & cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 248 Sight-Reading for Guitar I
1 cr. Undergraduate.
Skill development of sight-reading staff notation for the guitar.
Prerequisites: cons instr, Music major.
Course Rules: Counts as repeat of Music 280 with same topic.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
MUSIC 259 Accompanying
2 cr. Undergraduate.
The piano as an accompanying instrument; study of basic principles of accompanying; sight reading and standard repertoire; transposition; laboratory experience.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 262 Ensemble - Piano
1-2 cr. Undergraduate.
Designed to provide an opportunity for students to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on piano. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

MUSIC 263 Ensemble - Beginning Percussion
1 cr. Undergraduate.
An introduction of percussion instruments to non-percussion music majors. Topics include: technique, percussion in world music, care and maintenance, composing and arranging, repertoire.
Prerequisites: Music major.
Current Offerings: http://uwm.edu/schedule

MUSIC 266 Ensemble - Woodwind
1-2 cr. Undergraduate.
Designed to provide an opportunity for students to perform and study the chamber literature (duets, trios, quartet, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on woodwind. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

MUSIC 268 Ensemble - Brass
1-2 cr. Undergraduate.
Designed to provide an opportunity for students to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on brass. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

MUSIC 271 Jazz Ensemble
1 cr. Undergraduate.
A performance and laboratory group for the study of jazz ensemble techniques.
Prerequisites: cons instr.
Course Rules: May be retaken to max of 10 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 274 Guitar Repertoire and Ensemble
1 cr. Undergraduate.
Exploration of the guitar ensemble and solo literature. Performance laboratory.
Prerequisites: music majors or cons instr.
Course Rules: May be retaken to combined max of 8 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 275 Keyboard Performance Repertoire
1-2 cr. Undergraduate.
Section 1: piano. Section 2: organ. An analysis of applied piano or organ literature, including representative works from all periods.
Prerequisites: jr st & cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2010, Fall 2008.
Current Offerings: http://uwm.edu/schedule

MUSIC 276 Keyboard Performance Repertoire
1-2 cr. Undergraduate.
Section 1: piano. Section 2: organ. Continuation of Music 275.
Prerequisites: Music 275.
Current Offerings: http://uwm.edu/schedule

MUSIC 278 Afro-Caribbean and Latin American Guitar Styles
2 cr. Undergraduate.
An overview of guitar accompaniment and lead styles used in various Latin-American and Caribbean genres.
Prerequisites: cons instr.
Course Rules: Counts as repeat of Music 489 with same topic.
Current Offerings: http://uwm.edu/schedule

MUSIC 280 Special Studies in Music:
1-3 cr. Undergraduate.
Specific topic will be announced in the Schedule of Classes when offered.
Prerequisites: none.
Course Rules: May be retaken for cr when course content is different.
Current Offerings: http://uwm.edu/schedule

MUSIC 297 Study Abroad:
1-12 cr. Undergraduate.
Studio and special studies designed to provide relevant course work for a study abroad program in music.
Prerequisites: cons instr & acceptance for Study Abroad prog.
Course Rules: May be retaken w/chg in topic to max of 12 cr.
Last Taught: Fall 2013, Fall 2012, Spring 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 300 Literary Aspects of Rock and Roll
3 cr. Undergraduate.
Examines the evolution of the Rock and Roll song as an original American literary musical art form.
Prerequisites: Music 102(P), or cons instr.
General Education Requirements: A
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
MUSIC 301 Music Theory for Interdisciplinary Studies
3 cr. Undergraduate.
An activities approach to music fundamentals through singing, playing, listening, note reading and creativity for interdisciplinary arts students.
Prerequisites: jr st; admis to Inter-Arts/IAT prog or cons instr.
Course Rules: Not accepted as part of a Music major.
Current Offerings: http://uwm.edu/schedule

MUSIC 302 Jazz Theory I
2 cr. Undergraduate.
Beginning level study of jazz theory. Course will involve extensive composition, performance and analysis.
Prerequisites: admis to Jazz Studies prog or cons instr.
Last Taught: Fall 2014, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 303 Jazz History
3 cr. Undergraduate.
History of jazz from its conception to the present day.
Prerequisites: admis to Jazz Studies prog or cons instr.
Last Taught: Spring 2015, Spring 2013, Fall 2011, Spring 2010.
Current Offerings: http://uwm.edu/schedule

MUSIC 304 Jazz Arranging
3 cr. Undergraduate.
Basic jazz arranging techniques for various size ensembles.
Prerequisites: admis to Jazz Studies prog or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 305 Jazz Theory II
2 cr. Undergraduate.
Advanced study of jazz theory. Course will involve extensive composition and analysis.
Prerequisites: Music 302(P).
Current Offerings: http://uwm.edu/schedule

MUSIC 306 General History of Western Music III
3 cr. Undergraduate.
The development of music at the end of the 19th century and throughout the 20th century, including art music in the western tradition and american popular and vernacular musics.
Prerequisites: jr st, 3 sem music theory, Music 211(P) & 212(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 307 Selected Topics in Music History and Literature:
3 cr. Undergraduate/Graduate.
An in-depth study of selected genres in western music, the composers and their works. Topic to be announced in Schedule of Classes.
Prerequisites: jr st; Music 211(P), 212(P), 307(P); 4 semesters of music theory.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

MUSIC 309 American Folk and Popular Music
2 cr. Undergraduate/Graduate.
A survey of American folk and popular music from 1750 to the present. Study of European and African music elements and their intersection in American musical forms.
Prerequisites: jr st or cons instr.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 310 Introduction to World Musics
3 cr. Undergraduate/Graduate.
Study of musical genres from selected world cultures with an emphasis on musical sound and structure, and performance in cultural context.
Prerequisites: jr st, successful completion of OWC-A (English 102 or equiv); or cons instr.
General Education Requirements: OWC-B, A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 311 Music of the Baroque Era
3 cr. Undergraduate/Graduate.
A general or topical survey of music from the baroque era in which selected composers and their compositions will be studied.
Prerequisites: jr st; Music 211(P), 212(P), 307(P); 4 sem of music theory.
Last Taught: Spring 2018, Fall 2016, Spring 2015, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 312 Music of the Classic Era
3 cr. Undergraduate/Graduate.
A general or topical survey of music from the classical era in which selected composers and their compositions will be studied.
Prerequisites: jr st; Music 211(P), 212(P), 307(P); 4 sem of music theory.
Last Taught: Spring 2017, Fall 2015, Spring 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

MUSIC 313 Music of the Romantic Era
3 cr. Undergraduate/Graduate.
A general or topical survey of music from the romantic era in which selected composers and their compositions will be studied.
Prerequisites: jr st; Music 211(P), 212(P), 307(P); 4 sem music theory.
Last Taught: Fall 2017, Spring 2016, Fall 2014, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 314 Music since 1900
3 cr. Undergraduate/Graduate.
A general or topical survey of music since 1900, in which selected composers and their compositions will be studied.
Prerequisites: jr st; Music 211(P), 212(P), 307(P); 4 sem music theory.
Current Offerings: http://uwm.edu/schedule

MUSIC 317 Introduction to American Music
3 cr. Undergraduate/Graduate.
Introductory survey of folk, indigenous, popular and art music of the United States.
Prerequisites: jr st or grad st.
Last Taught: Fall 2010.
Current Offerings: http://uwm.edu/schedule
MUSIC 321 Counterpoint
3 cr. Undergraduate.
Introduction to species counterpoint and contrapunl techniques in music. Study of and exercises in contrapuntally oriented musical structures: passacaglia, chaconne, chorale prelude, canon, and fugue.
Prerequisites: Music 230(P).
Current Offerings: http://uwm.edu/schedule

MUSIC 323 Instrumental and Choral Orchestration
3 cr. Undergraduate.
Techniques of arranging for voice, strings, woodwinds, brass, and percussion. Study of representative scores, demonstrations of suitable arrangements.
Prerequisites: Music 225(P), 226(P), & 220(P) for composition majors, (R) for others; or knowledge of computer music notation as determined by instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSIC 326 Advanced Aural Theory
1 cr. Undergraduate/Graduate.
Continuation of Aural Theory 226 with advanced work in the development of aural skills and dictation in linear and vertical aspects of diatonic, chromatic and atonal music.
Prerequisites: jr st; Music 225(P) & 226(P).
Current Offerings: http://uwm.edu/schedule

MUSIC 327 Analog and Digital Synthesis I
3 cr. Undergraduate/Graduate.
Introduction to analog and digital electronic sound synthesis, recording and audio mixing, acoustics and electronic music history. Individual work in analog and digital music studios.
Prerequisites: jr st, music major; or cons instr; Music 220(R).
Current Offerings: http://uwm.edu/schedule

MUSIC 328 Digital Synthesis and Systems II
3 cr. Undergraduate/Graduate.
Application of digital sound media and advanced midi; computing, synthesis, synthesizers, sampling, digital recording and editing methods. Individual projects utilizing the digital music studios.
Prerequisites: jr st; Music 327(P); previous experience in computers & music; or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 330 Improvisation I
1 cr. Undergraduate.
Beginning application of rhythmic, melodic and harmonic materials related to jazz improvisation.
Prerequisites: cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 331 Improvisation II
1 cr. Undergraduate.
Intermediate application of rhythmic, melodic and harmonic materials related to jazz improvisation.
Prerequisites: Music 330(R); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 332 Piano Pedagogy I
3 cr. Undergraduate.
Introduction to Piano Pedagogy; overview of learning theories and methodologies related to piano instruction; technical/musical skills and repertoire for the preschool to KS pianist.
Prerequisites: Piano Pedagogy or Performance Major or cons instr
Last Taught: Fall 2009.
Current Offerings: http://uwm.edu/schedule

MUSIC 333 Piano Pedagogy II
3 cr. Undergraduate.
In-depth training for pianists in piano pedagogy. Teaching the elementary to late-elementary piano student and older beginners in individual and group settings.
Prerequisites: Piano Pedagogy or Performance Major or cons instr.
Last Taught: Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSIC 334 University Community Band
3 cr. Undergraduate.
A concert band which performs concerts on and off campus. Designed as a continuing playing experience for students.
Prerequisites: non-Music major.
Course Rules: Music 30 & 334(31) may be retaken to combined max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 340 Symphony Band
3 cr. Undergraduate.
Symphony band performs symphonic works for band, performing regularly on campus, statewide tours and national conventions.
Prerequisites: non-Music major; audition; & cons instr.
Course Rules: Music 40 & 340(41) may be retaken to combined max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 342 Wind Ensemble
3 cr. Undergraduate.
Performs music ranging from octet to forty players, stressing the single player per part concept, embracing a commitment to quality wind and percussion music. Presents concerts on campus and national tours.
Prerequisites: non-Music major; audition; & cons instr.
Course Rules: Music 42 & 342 'Wind Ensemble' may be retaken to combined max of 10 sem.
Last Taught: Spring 2015, Spring 2013, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

MUSIC 348 Sight-Reading for Guitar II
1 cr. Undergraduate.
Solutions for accurate sight-reading of style-specific repertoire.
Prerequisites: cons instr, Music major
Course Rules: Counts as repeat of Music 280 with same topic.
Current Offerings: http://uwm.edu/schedule
MUSIC 349 Classical Guitar History and Literature
3 cr. Undergraduate.
A guided analytical and historical survey of the music, composers, performers, cultures, and literature for guitar from the sixteenth to twenty-first centuries.
Prerequisites: jr st; Music 226(P); 248(R), 348(R); cons instr.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

MUSIC 350 University Men's Choir
3 cr. Undergraduate.
Large men's/mixed chorus rehearses and performs both mens and mixed-voice choral music of various styles, cultures, and historical periods.
Open to all men by audition.
Prerequisites: audition; cons instr.
Course Rules: May be retaken to a max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 352 University Advanced Women's Choir
3 cr. Undergraduate.
Select women's mixed chorus performs both women's and mixed-voice choral music of various styles, cultures, and historical periods. For women with significant choral experience; audition required.
Prerequisites: non-Music major; cons instr; audition.
Course Rules: Voice placements 1st wk each sem. Music 52 & 53 may be retaken to combined max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 353 Conducting
2 cr. Undergraduate.
Manual technique and rehearsal techniques for both choral and instrumental groups. Class forms a laboratory ensemble.
Prerequisites: jr st; Music major; Music 230(P) & cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 354 Instrumental Conducting
2 cr. Undergraduate.
Continuation of Music 353 with emphasis on conducting techniques: study and analysis of orchestral or wind band scores, with practical application for music education and performance majors.
Prerequisites: Music 353(P) or 253(P).
Current Offerings: http://uwm.edu/schedule

MUSIC 357 Choral Conducting
2 cr. Undergraduate.
Advanced techniques of gesture, score study, style periods and performance practice, rehearsal and vocal techniques.
Prerequisites: Music Major; Music 353(P); Mus Ed 462(C); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 361 Ensemble - Piano
1-2 cr. Undergraduate.
Opportunity for pianists to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on piano. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 365 Ensemble - Woodwind
1-2 cr. Undergraduate.
Opportunity for woodwind students to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on woodwind. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 367 Ensemble - Brass
1-2 cr. Undergraduate.
Opportunity for brass students to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on brass. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 369 Ensemble - Strings
1-2 cr. Undergraduate.
Opportunity for string students to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers on stringed instruments. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 370 Chamber Ensemble - Mixed
1-2 cr. Undergraduate.
Opportunity for students of mixed instrument families to perform and study the chamber literature (duets, trios, quartets, etc) of the last three centuries.
Prerequisites: cons instr.
Course Rules: Open to advanced performers of all instruments. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSIC 377 Song Literature I: Italy, Germany, France, Great Britain
2 cr. Undergraduate.
Art songs and vocal literature of Italy, Great Britain, Germany and France through recordings, student performances and lectures. Given alternate years in fall semester.
Prerequisites: 2 yrs collegiate voice study & cons instr.
Last Taught: Fall 2017, Fall 2015, Spring 2014, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 378 Song Literature II: United States and Select European Countries
2 cr. Undergraduate.
Art songs and vocal literature of the United States, European countries, South America, and Spain through recordings, student performances and lectures. Given alternate years in spring semester. Given alternate years in spring semester.
Prerequisites: 2 yrs collegiate voice study & cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 382 Symphony Orchestra
3 cr. Undergraduate.
This class will rehearse, study and perform orchestral works from the 18th, 19th and 20th centuries.
Prerequisites: non-Music major; audition; & cons instr.
Course Rules: Music 182 & 382(82) may be retaken to combined max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 395 Concert Chorale
3 cr. Undergraduate.
This highly select mixed ensemble performs advanced-level music from various styles, cultures, and historical periods and tours annually. Students chosen by competitive audition.
Prerequisites: non-Music major; sophomore standing or higher; cons instr; audition.
Course Rules: Music 395(S7) may be retaken to combined max of 10 sem.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 404 Improvisation III
1 cr. Undergraduate.
Application of melodic and harmonic materials of jazz to the keyboard.
Prerequisites: Music 331(R) or inst cons.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 405 Improvisation IV
1 cr. Undergraduate.
Continued advanced application of rhythmic, melodic and harmonic materials related to jazz improvisation.
Prerequisites: Music 404(R); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 409 Folk Music in Contemporary Culture
3 cr. Undergraduate/Graduate.
American Folk Music and its impact on contemporary culture.
Prerequisites: jr st, Music 102(P); or cons instr.
Course Rules: Counts as repeat of Music 280/680 with the same topic.
Last Taught: Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 410 Topics in World Music:
3 cr. Undergraduate/Graduate.
Topics vary. Covers the music of a single country, geographic region, or aspects of a particular topic in world music in depth.
Prerequisites: jr st & Music 310(P); or grad st or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Current Offerings: http://uwm.edu/schedule

MUSIC 415 Choral Literature Survey
2 cr. Undergraduate.
A historical overview of choral literature with emphasis on major composers and styles of each period. Repertoire studied is selected from the WSMA Contest list.
Prerequisites: jr st; Music major; Music 230(P); Music 357(C); Mus Ed 462(C); & cons instr.
Last Taught: Spring 2016, Fall 2014, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 420 Advanced Computing and Music
3 cr. Undergraduate/Graduate.
Advanced application of microcomputers in midi, digital synthesis, electronic orchestration, and varied media interfaces as applied to composition. Individual work in computer music lab
Prerequisites: jr st; music major; Music 220(P); previous experience in computers & music; or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 421 Materials of Contemporary Music
3 cr. Undergraduate/Graduate.
Study and analysis of the techniques and styles in contemporary music.
Prerequisites: jr st & Music 230(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 434 Piano Pedagogy III
3 cr. Undergraduate.
In-depth training for pianists in piano pedagogy. Teaching the intermediate/late-intermediate and adult student in individual and group settings.
Prerequisites: Piano Pedagogy or Performance Major or cons instr.
Current Offerings: http://uwm.edu/schedule
MUSIC 435 Piano Pedagogy IV
3 cr. Undergraduate.
In-depth training for pianists in piano pedagogy. Teaching the advancing piano student in individual lessons. Advanced technical and musical skills, technical studies and repertoire.
Prerequisites: Piano Pedagogy or Performance Major or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 444 Vocal Pedagogy I
2 cr. Undergraduate/Graduate.
Techniques for training the singing voice derived from the study of vocal anatomy, various pedagogy texts, and the observation and teaching of voice lessons.
Prerequisites: jr st; cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 445 Vocal Pedagogy II
2 cr. Undergraduate/Graduate.
Advanced techniques for vocal teaching; including anatomy, pedagogic observation and advanced study of acoustics explore their relationship to voice pedagogue, laryngologists/speech-language pathologists, and vocal pathology.
Prerequisites: jr st; Music 444(446)(P); or cons instr.
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

MUSIC 446 Piano Pedagogy
2 cr. Undergraduate/Graduate.
Techniques for training the elementary level piano student, derived from the study of methods and materials, discussion and guest lectures. Given alternate years.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 447 String Pedagogy in the Studio
2 cr. Undergraduate/Graduate.
Topics include: technique (instrument hold, shifting, vibrato, spiccato, etc.), historical survey (tartini, baillot, auer, flesch, etc). Information delivery techniques, master teacher profile, recent trends.
Prerequisites: jr st; cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 448 Piano Pedagogy
2 cr. Undergraduate.
Techniques for training the elementary level piano student, derived from the study of methods and materials, discussion and guest lectures. Given alternate years.
Prerequisites: jr st or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 449 Women in Music:
3 cr. Undergraduate/Graduate.
Women's roles in musical life; their contributions as performers and composers to various musical styles and repertoires; comparison of their activities with those of men. Specific topics and any additional prerequisites announced in Schedule of Classes each time course is offered.
Prerequisites: jr st; cons instr.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

MUSIC 450 Introduction to Musicology
3 cr. Undergraduate/Graduate.
Study of the development of modern musicological methodology and its fields of research including ethnomusicology.
Prerequisites: jr st; cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 452 Collegium Musicum
1-2 cr. Undergraduate/Graduate.
Vocal and instrumental groups devoted to the study and performance of music from twelfth through the eighteenth century.
Prerequisites: jr st; cons instr.
Course Rules: Music majors enroll for 1 cr per sem; others for 1 or 2 cr.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 454 Contemporary Music Ensemble
1 cr. Undergraduate.
Study of various forms in contemporary music, with an emphasis on indeterminacy and improvisation. Works composed in the course are performed on a concert during the semester.
Prerequisites: cons instr.
Course Rules: May be retaken to 4 cr max.
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 457 Opera Theatre
3 cr. Undergraduate/Graduate.
A concentrated study of the literature and techniques for the musical stage.
Prerequisites: cons instr & major teacher.
Course Rules: May be retaken to max of 4 sem. Students not needing cr should enroll for 0 cr; those needing 1-3 cr should enroll for a specific number of cr. Students who enroll for 0 cr will be assessed a fee for 1 credit.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 458 Finger-Style Guitar: History and Performance
3 cr. Undergraduate.
Through multi-media lecture/presentations and hands-on instruction, this class will familiarize students with the history and performance of finger-style guitar.
Prerequisites: cons instr, Music major.
Course Rules: Counts as repeat of Music 280 with same topic.
Current Offerings: http://uwm.edu/schedule

MUSIC 489 Workshop:
1-4 cr. Undergraduate/Graduate.
Specific topic announced in the Schedule of Classes.
Prerequisites: jr st; additional prereq announced each offering.
Current Offerings: http://uwm.edu/schedule
MUSIC 497 Study Abroad:  
1-12 cr. Undergraduate/Graduate.  
Studio and special studies designed to provide relevant course work for a study abroad program in music.  
Prerequisites: jr st; cons instr & acceptance for Study Abroad Prog.  
Course Rules: May be retaken w/chg in topic to max of 12 cr.  
Last Taught: Spring 2017, Spring 2015, Spring 2013, Fall 2012.  
Current Offerings: http://uwm.edu/schedule

MUSIC 509 Certificate Program in Rock and Roll Studies Capstone  
3 cr. Undergraduate.  
Individual rock and roll studies projects facilitated by critiques and work sessions.  
Prerequisites: min 12 cr of core and elective curriculum of Rock and Roll Studies curriculum, or cons instr.  
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

MUSIC 553 Advanced Conducting I  
2 cr. Undergraduate/Graduate.  
Advanced study and analysis of conducting techniques. Score reading and interpretation of masterpieces from the standard repertoire.  
Prerequisites: sr st & cons instr.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

MUSIC 554 Advanced Conducting II  
2 cr. Undergraduate/Graduate.  
Continuation of Music 553.  
Prerequisites: sr st, Music 553(P) & cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSIC 559 The Wind Band: Its History and Literature  
3 cr. Undergraduate/Graduate.  
Examination of origins and historical significance of the wind band, including a survey of its instrumentation and literature.  
Prerequisites: jr st; cons instr.  
Last Taught: Spring 2018, Fall 2016, Fall 2015, Spring 2015.  
Current Offerings: http://uwm.edu/schedule

MUSIC 561 Advanced Chamber Music  
1-3 cr. Undergraduate/Graduate.  
Upper level undergraduate and graduate students to perform and study the chamber literature (duets, trios, quartets, etc).  
Prerequisites: jr st; cons instr.  
Course Rules: Open to performance majors. May not be substituted for the required credits in applied music, band or orchestra except by special permission. May be retaken to max of 9 cr.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

MUSIC 611 Music of the Medieval Era  
3 cr. Undergraduate/Graduate.  
A general or topical survey of medieval music, including the study of representative works, medieval theory and performance practices.  
Prerequisites: jr st, Music 211(P), 212(P), 307(P), & 4 sem Music theory.  
Current Offerings: http://uwm.edu/schedule

MUSIC 612 Music of the Renaissance and Early Modern Era  
3 cr. Undergraduate/Graduate.  
A general or topical survey of renaissance and early modern music, including the study of representative works, renaissance theory and performance practices.  
Prerequisites: jr st; Music 211(P), 212(P), 307(P) & 4 sem Music theory.  
Current Offerings: http://uwm.edu/schedule

MUSIC 620 Advanced Percussion Pedagogy  
1-2 cr. Undergraduate/Graduate.  
Techniques for developing and teaching mallet and stick control. Model lesson procedures; methods, music (solo and ensemble) and equipment selection.  
Prerequisites: jr st.  
Current Offerings: http://uwm.edu/schedule

MUSIC 659 Junior Recital  
0 cr. Undergraduate.  
Independent supervised preparation and performance on recital program as determined by performance instructor.  
Prerequisites: jr st; cons instr.  
Course Rules: Fee for 1 cr assessed.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

MUSIC 660 Senior Recital:  
2 cr. Undergraduate.  
Independent supervised preparation and performance in recital to fulfill degree requirements.  
Prerequisites: sr st & recital hearing before area faculty.  
Course Rules: Students in the multiple woodwinds performance major may fulfill the requirement for two senior recitals (1 cr for primary instrument and 2 cr for secondary instrument) by enrolling in two sections of Music 660 during the same sem. Students not needing cr should enroll for 0 cr; those needing 1-2 cr should enroll for a specific number of cr. Students who enroll for 0 cr will be assessed fee for 1 credit. May be retaken to max of 3 cr or two sem.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

MUSIC 680 Special Studies in Music:  
1-3 cr. Undergraduate/Graduate.  
Specific topic will be announced in Schedule of Classes when offered.  
Prerequisites: jr st or cons instr.  
Course Rules: May be retaken w/chg in topic to max of 9 cr.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

MUSIC 691 Senior Thesis  
2 cr. Undergraduate/Graduate.  
Prerequisites: sr st. Not available for grad cr at this time.  
Last Taught: Fall 2015, Fall 2012, Fall 2010, Spring 2010.  
Current Offerings: http://uwm.edu/schedule
MUSIC 693 Apprenticeship:
1-4 cr. Undergraduate/Graduate.
Open to select advanced students who will work as paraprofessionals under the guidance of a program designed jointly by the student, the music department curriculum committee, and a professional mentor approved by the curriculum committee.
Prerequisites: jr st; cons curric comm.
Current Offerings: http://uwm.edu/schedule

MUSIC 699 Advanced Independent Work (Undergraduate)
1-3 cr. Undergraduate.
Enroll for a specific number of credits.
Prerequisites: cons dept chair.
Course Rules: May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

MUSIC 703 Graduate Theory Review
3 cr. Graduate.
A course for graduate students to include tonal/atonal theory, keyboard harmony, sight singing and ear training. The course may not be taken to fulfill a graduate music degree requirement.
Prerequisites: grad st; recom of theory faculty.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 704 Graduate Music History
3 cr. Graduate.
An intensive study of selected musical styles and representative repertory in the western tradition from the middle ages through the present, with a focus on listening and score study, the comparison of musical styles from different periods, and discussion of important historical trends.
Prerequisites: grad st; recom of music history faculty.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 715 Choral Literature
3 cr. Graduate.
In-depth investigation of choral repertoire from 1450 to present day, including a study of major genres, composers, styles, and performance practice.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

MUSIC 718 Violin and Viola Pedagogy Level I
2 cr. Graduate.
A systematic methodology for taking a student through the formative stages of violin and viola playing. Lecture classes, observation of group and individual lessons, supervised teaching in lab setting.
Prerequisites: grad st or cons instr; Music major.
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 719 Violin and Viola Pedagogy Level II
2 cr. Graduate.
A systematic methodology for taking a student from the formative stages of violin and viola playing through the technically and musically more advanced levels. Lecture classes, observation of group and individual instruction, supervised teaching in lab setting.
Prerequisites: grad st; music major; Music 718(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 720 Violin Pedagogy Level III
2 cr. Graduate.
Advanced emphasis on the teaching of advanced scales, significant violin etudes and major repertoire. Lecture and demonstration classes, observation of group and individual instruction, supervised teaching in lab setting.
Prerequisites: grad st; Music 719(P); or cons instr.
Last Taught: Fall 2016, Fall 2013, Fall 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 721 Viola Pedagogy Level III
2 cr. Graduate.
Advanced emphasis on the teaching of advanced scales, significant etudes (Kreutzer & Campagnoli), orchestral excerpts as teaching etudes, and selected study of advanced viola repertoire. Lecture and demonstration classes, observation of group and individual lessons, supervised teaching in lab setting.
Prerequisites: grad st; Music 719(P); or cons instr.
Last Taught: Fall 2015, Fall 2011, Fall 2001, Fall 2000.
Current Offerings: http://uwm.edu/schedule

MUSIC 722 Cello Pedagogy Level I
2 cr. Graduate.
A systematic methodology for taking a student from the first lessons through the formative stage of cello playing. Lecture classes, observation of group and individual lessons, supervised teaching in lab setting.
Prerequisites: grad st or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
MUSIC 723 Cello Pedagogy Level II
2 cr. Graduate.
A systematic methodology for taking a student from the formative stage of cello playing through the technically and musically more advanced level. Specific skills include how to teach vibrato and shifting. Lecture classes, observation of group and individual instruction, supervised teaching in a lab setting.
Prerequisites: grad st; Music 722(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 724 Cello Pedagogy Level III
2 cr. Graduate.
Advanced emphasis on the teaching of advanced scales, significant etudes and selected study of major repertoire. Lecture and demonstration classes; observation of group and individual instruction, supervised teaching in a lab setting.
Prerequisites: grad st; Music 723(P); or cons instr.
Last Taught: Fall 2015, Fall 2014, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

MUSIC 730 University Community Band
1 cr. Graduate.
A concert band that performs concerts on and off campus. Designed as a continuing playing experience for students. Music 730 may be retaken to combined max of 6 sem.
Prerequisites: grad st; cons instr; audition.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

MUSIC 731 Contemporary Composition Techniques
3 cr. Graduate.
Contemporary compositional techniques; their theoretical, aesthetic, and historical relationship. Advanced analysis of scores utilizing these techniques.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

MUSIC 732 Score Reading
3 cr. Graduate.
Reading at the piano from full score. Procedure and practice in piano reduction are studied and applied. The classical, romantic, and contemporary periods are emphasized.
Prerequisites: grad st; some ability at key board.
Current Offerings: http://uwm.edu/schedule

MUSIC 740 Symphony Band
1 cr. Graduate.
Performs symphonic works for band, performing regularly on campus, statewide tours and national conventions.
Prerequisites: grad st & cons instr.
Course Rules: For Music majors with advanced playing experience.
Last Taught: Fall 2017, Spring 2017, Fall 2016, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 741 Guitar Technique
1 cr. Graduate.
Class provides self-study tools and solutions on performing music accurately to advance and develop skills and expand the relative and absolute sense of touch.
Prerequisites: grad st; or cons instr.
Last Taught: Spring 2018, Fall 2017.
Current Offerings: http://uwm.edu/schedule

MUSIC 742 Fretboard Essentials
2 cr. Graduate.
Music theory as it relates to the guitar fingerboard, including major/minor and harmonized scales, triads, 7th chords and inversions, and arpeggios.
Prerequisites: grad st; or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 744 Graduate Theory Seminar
3 cr. Graduate.
Current theoretical approaches to a wide range of musical styles.
Prerequisites: grad st; diagnostic test or Music 703 with grade of B or better.
Last Taught: Fall 2017, Fall 2016, Spring 2015, Spring 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 749 Classical Guitar History and Literature
3 cr. Graduate.
A guided analytical and historical survey of the music, composers, performers, cultures, and literature for guitar from the sixteenth to twenty-first centuries.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2018.
Current Offerings: http://uwm.edu/schedule

MUSIC 750 University Men's Choir
1 cr. Graduate.
Large men's/mixed chorus rehearses and performs both men's and mixed-voice choral music of various styles, cultures, and historical periods. Open to all men by audition. Voice placements will take place in the 1st wk each semester. May be retaken to combined max of 6 sem.
Prerequisites: audition; cons instr.
Last Taught: Spring 2018, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 751 Advanced Piano Repertoire I
2 cr. Graduate.
Advanced study of the piano repertoire, including works of all representative periods.
Prerequisites: grad st; Music 276.
Last Taught: Fall 2017, Fall 2016, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 752 Advanced Piano Repertoire II
2 cr. Graduate.
Advanced study of the piano repertoire, including works of all representative periods.
Prerequisites: grad st; Music 751(P).
Current Offerings: http://uwm.edu/schedule
MUSIC 753 Advanced Song Literature I
2 cr. Graduate.
Art songs and vocal literature of Italy, Great Britain, Germany and France through recordings, student performances and lectures. Given alternate years in fall semester.
Prerequisites: grad st & cons instr.
Last Taught: Fall 2017, Fall 2015, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSIC 754 Advanced Song Literature II
2 cr. Graduate.
Art songs and vocal literature of the United States, European countries, South America, and Spain through recordings, student performances and lectures. Given alternate years in spring semester.
Prerequisites: grad st; Music 753(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 755 Advanced Instrumental Repertoire I: Strings
2 cr. Graduate.
Comprehensive study of the solo and ensemble literature for string instruments through study, performance, and listening.
Prerequisites: grad st; cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSIC 756 Advanced Instrumental Repertoire II: Strings
2 cr. Graduate.
Comprehensive study of solo and ensemble literature for string instruments through study, performance, and listening.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 757 Advanced Instrumental Repertoire I: Brass and Woodwinds
2 cr. Graduate.
Comprehensive study of the solo and ensemble literature for brass and woodwind instruments through study, performance, and listening.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 758 Advanced Instrumental Repertoire II: Brass and Woodwinds
2 cr. Graduate.
Comprehensive study of the solo and ensemble literature for brass and woodwind instruments through study, performance, and listening.
Prerequisites: grad st; cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 762 Contemporary Music Ensemble
3 cr. Graduate.
For music majors with advanced instrumental and vocal competence. Rehearsals and concert series devoted to complex works by contemporary composers.
Prerequisites: grad st; cons instr.
Last Taught: Fall 2017, Fall 2015, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

MUSIC 763 Advanced Percussion Performance Repertoire
2 cr. Graduate.
A comprehensive study of the solo and ensemble repertoire for tympani/percussion through study, performance and listening.
Prerequisites: grad st; Music 279 or cons instr.
Last Taught: Fall 2011, Spring 2000, Fall 1999, Fall 1990.
Current Offerings: http://uwm.edu/schedule

MUSIC 765 Advanced Instrumental Repertoire I: Guitar
2 cr. Graduate.
Comprehensive study of the solo and ensemble literature for guitar through study, performance, and listening.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 766 Advanced Instrumental Repertoire II: Guitar
2 cr. Graduate.
Continuing study of solo and ensemble literature for guitar through study, performance, listening.
Prerequisites: grad st; Music 765(P); cons instr
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 769 Graduate Choral Conducting I
2 cr. Graduate.
Study of conducting problems in choral works of divergent styles/periods. Projects assigned to meet specific student need.
Prerequisites: grad st; admis to MM choral perf or music ed (choral emphasis); UG choral cond course(s); prof cond exp; cons instr.
Last Taught: Fall 2015, Fall 2013, Spring 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSIC 770 Graduate Choral Conducting II
2 cr. Graduate.
Continuing study of conducting problems in choral works of divergent styles/periods. Projects assigned to meet specific student need.
Prerequisites: grad st; Music 769(P) or 553(P); cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 771 Graduate Choral Conducting III
2 cr. Graduate.
Advanced analysis of architectural, stylistic and gestural concerns in choral works of divergent styles/periods. Projects assigned to meet specific student need. Supervised conducting time with student's own ensemble.
Prerequisites: grad st; Music 770(P) or 554(P).
Last Taught: Fall 2016, Spring 2014, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

MUSIC 772 Advanced Instrumental Conducting
2 cr. Graduate.
Study of conducting problems in instrumental works of all periods. Projects will be assigned to meet the background and needs of students. Practical experience will be gained by conducting university groups.
Prerequisites: grad st & Music 554.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
MUSIC 781 University Community Orchestra
1 cr. Graduate.
Rehearsal and performance of orchestral music. Intended for non-music majors, music majors playing their secondary instrument, and community members.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

MUSIC 782 Symphony Orchestra
1 cr. Graduate.
For music majors with advanced playing experience. Rehearsals are devoted to reading orchestral literature of the 18th, 19th, and 20th centuries.
Prerequisites: grad st & cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 789 Wind Ensemble
1 cr. Graduate.
Prerequisites: grad st & cons instr.
Course Rules: For Music majors with advanced playing experience.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 795 Concert Chorale
1 cr. Graduate.
This highly select mixed ensemble performs advanced level music from all periods of choral literature, utilizing instruments when appropriate. Auditions take place during the first week of each new semester.
Prerequisites: grad st; audition & cons instr.
Course Rules: May be retaken to combined max of 6 sem.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 797 Vocal Jazz Ensemble
1 cr. Graduate.
Jazz arrangements of standard popular songs, including ballads, swing, bebop, and current fusion styles, performed with rhythm section accompaniment.
Prerequisites: grad st, cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 798 University Advanced Women’s Choir
1 cr. Graduate.
For women with significant choral experience; audition required.
Prerequisites: grad st, cons instr; audition.
Course Rules: Voice placements take place during first week of each new semester. May be retaken to combined max of 6 sem.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSIC 799 Advanced Independent Work
1-3 cr. Graduate.
The student must apply for scheduling advanced independent work with the graduate committee, if possible during the semester preceding the project.
Prerequisites: grad st.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 806 Chamber Music Master Class
1 cr. Graduate.
Student participation and stage performance of chamber music with discussion of critiques by institute faculty and guest artists.
Prerequisites: grad st; admis to ICM, writ cons director of ICM.
Course Rules: May be repeated to max of 4 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 811 Seminar In Baroque Music
3 cr. Graduate.
Investigation of problems of the Music of the Baroque era with reference to the evolution of musical styles in Western Europe from 1600-1750.
Prerequisites: grad st; cons instr
Current Offerings: http://uwm.edu/schedule

MUSIC 829 Seminar: Historical Perspectives On Violin, Viola And Cello Pedagogy
2 cr. Graduate.
Traces evolution of modern instruments and teaching methods, and explores interdisciplinary tools and resources for the string teacher.
Prerequisites: grad st; Music 720(P), 721(P), 724(P); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUSIC 835 Chamber Music Coaching
2 cr. Graduate.
Weekly ensemble coaching by ICM faculty and guest artists. Public performance required.
Prerequisites: grad st; admis to ICM; writ cons director of ICM.
Course Rules: May be repeated to a max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSIC 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirements.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule

MUSIC 911 Seminar In Musicology I
3 cr. Graduate.
Research seminar devoted to the investigation of musical problems. May serve as a basis for developing thesis projects, research papers, and lecture-recitals.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

MUSIC 990 Research of Thesis
1-3 cr. Graduate.
Thesis or thesis equivalent in music history, recital, lecture-recital, public performance, or composition. Approval of subject and assignment to staff member by the graduate committee.
Prerequisites: grad st.
Course Rules: May be retaken to 6 cr max.
Current Offerings: http://uwm.edu/schedule
MUSIC 991 Recital And Lecture Demonstration  
1 cr. Graduate.  
Public recital and lecture demonstration for string pedagogy students.  
Approval of subject by student’s major teacher and the music graduate committee required.  
**Prerequisites:** grad st; cons instr  
**Course Rules:** Open only to string pedagogy students.  
**Last Taught:** Spring 2017, Fall 2016, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSIC 999 Research (Independent Work)  
1-3 cr. Graduate.  
Approval of project and assignment to staff member by graduate committee.  
**Prerequisites:** grad st.  
**Last Taught:** Fall 2017, Spring 2017, Summer 2015, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

## Music Education Courses

### MUS ED 249 Diction Survey  
2 cr. Undergraduate.  
Survey of Diction for Music Education. An in depth study of IPA covering germanic, romance and other languages as needed.  
**Prerequisites:** none.  
**Last Taught:** Fall 2016, Fall 2015, Spring 2014, Spring 2013.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 260 Making Music Connections with Children  
3 cr. Undergraduate.  
Experiencing music through interactive participation by singing, listening, moving, creating, and playing classroom instruments. Collaboratively teach multiethnic music for children in class.  
**Prerequisites:** jr st; admis to School of Educ; or cons instr.  
**Last Taught:** Spring 2018, Fall 2017, Summer 2017, Spring 2017.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 331 Keyboard Skills for Music Educators I  
1 cr. Undergraduate.  
Functional use of the keyboard for accompanying, sight reading and improvising  
**Prerequisites:** Music Major; Music 128(P) with grade of ‘C-’ or better or equiv; or cons instr.  
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 332 Keyboard Skills for Music Educators II  
1 cr. Undergraduate.  
Functional use of the keyboard for accompanying and reading open score.  
**Prerequisites:** Mus Ed 331(P) or cons instr.  
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 350 Introduction to Teaching Music  
2 cr. Undergraduate.  
Exploration of the profession of music teaching including observation in area music programs. Successful exit audition required for admission to the certification program.  
**Prerequisites:** Music Major; Music 124(P); & 128(P).  
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 351 Folk Instrument Techniques for the Music Classroom  
2 cr. Undergraduate.  
Practical experience with folk and recreational-instruments, e.g., autoharp, dulcimer, guitar. Methods and materials for use with children and adults.  
**Prerequisites:** Music Major; admis to teacher cert prog; or cons instr.  
**Last Taught:** Fall 2017, Spring 2016, Fall 2014, Fall 2012.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 352 Technology in Music Education  
2 cr. Undergraduate.  
Awareness of music education software and hardware to incorporate technology into planning, implementation and assessment of musical learning experiences.  
**Prerequisites:**  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 385 Guitar Pedagogy  
2 cr. Undergraduate.  
Studies in the pedagogy of guitar for class and private studios.  
**Prerequisites:** jr st; cons instr.  
**Last Taught:** Spring 2017, Spring 2015, Spring 2013, Spring 2011.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 450 Field Experience in Music Education  
2 cr. Undergraduate.  
Experience working with diverse student populations in cooperating schools to address issues of urban teaching.  
**Prerequisites:** Music Major; admis to teacher cert prog.  
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 451 Teaching Instrumental Music: Elementary and Middle Levels  
2 cr. Undergraduate.  
Group ensemble pedagogical techniques in elementary and middle schools; survey of band and orchestra literature; marching and jazz techniques; organization and administration of instrumental music.  
**Prerequisites:** Music Major; admis to teacher cert prog.  
**Last Taught:** Spring 2016, Spring 2015, Spring 2014, Spring 2013.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 452 String Pedagogy  
1 cr. Undergraduate.  
Survey of string pedagogy, methods, and materials.  
**Prerequisites:** Music Major; admis to teacher cert prog; 1 sem of stringed instrument; or cons instr.  
**Last Taught:** Spring 2016, Spring 2015, Spring 2014, Spring 2013.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

### MUS ED 455 Positive Approaches: Music Education Classroom Management  
1 cr. Undergraduate.  
Stimulate thinking as evidenced by verbalizations demonstrating ability to logically analyze and criticize behavior.  
**Prerequisites:** admis to teacher cert prog.  
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
MUS ED 458 Musicals and Choirs for Young Voices
2 cr. Undergraduate.
Explore musical literature and techniques for choirs in the elementary grades. Design your own musical and assess the educational value of published materials.
Prerequisites: Music Major; admis to teacher cert prog; or cons instr.
Current Offerings: http://uwm.edu/schedule

MUS ED 460 Teaching Elementary General Music
3 cr. Undergraduate.
Methods, materials, and observation of teaching general music in grades pre K-5.
Prerequisites: Music Major; admis to teacher cert prog; or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUS ED 461 Teaching Secondary General Music
2 cr. Undergraduate.
Methods and materials for teaching classroom music; work with creating, performing, and listening techniques; model course designs; related arts/humanities format; and appropriate resources. Sixth grade through adult.
Prerequisites: Music Major; admis to teacher cert prog; or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUS ED 462 Teaching Secondary Choral Music
3 cr. Undergraduate.
Methods and techniques for teaching choral music; work with organization choral program, auditioning, choosing music, program planning; rehearsal techniques, public relations, and setting up a choral library. Sixth grade through adult.
Prerequisites: Music Major; admis to teacher cert prog; Music 357(C); or cons instr.
Current Offerings: http://uwm.edu/schedule

MUS ED 463 Teaching Instrumental Music: Secondary
2 cr. Undergraduate.
Group ensemble pedagogical techniques in secondary schools; survey of band and orchestra literature; marching and jazz techniques; organization and administration of the instrumental music program.
Prerequisites: Music Major; admis to teacher cert prog; or cons instr.
Last Taught: Spring 2018, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUS ED 477 Student Teaching in Music - Elementary Level
1-9 cr. Undergraduate.
Teaching experience in cooperating school systems in or near Milwaukee; supervision by critic teacher and members of the music faculty.
Prerequisites: Music Major; admis to teacher cert prog; and program approval.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUS ED 478 Student Teaching in Music - Secondary Level
1-9 cr. Undergraduate.
Teaching experience in cooperating school systems in or near Milwaukee; supervision by critic teacher and members of the music faculty.
Prerequisites: Music Major; admis to teacher cert prog; and program approval.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUS ED 479 Seminar in Student Teaching
1 cr. Undergraduate.
A seminar meeting to review teacher field observations, portfolio development, and preparation of resume and job application materials.
Prerequisites: Music Major; admis to teacher cert prog; and program approval.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUS ED 680 Special Studies in Music Education:
1-3 cr. Undergraduate/Graduate.
Current issues in music education techniques, pedagogy, and practice at all levels of music teaching. Variable Topics.
Prerequisites: admis to U/G MusEd prog or cons instr.
Course Rules: May be retaken w/chg in topic to 9 cr max.
Last Taught: Spring 2017.
Current Offerings: http://uwm.edu/schedule

MUS ED 710 Research in Music Education
3 cr. Graduate.
Qualitative and quantitative methods in music education research.
Prerequisites: grad st
Last Taught: Spring 2016, Fall 2013, Summer 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

MUS ED 777 Foundations of Music Education
3 cr. Graduate.
Studies in the history and philosophy of music education, aesthetics, and basic research design. Discussion of current curricular practices as compared with traditional music education.
Prerequisites: grad st.
Last Taught: Fall 2016, Spring 2015, Spring 2013, Summer 2011.
Current Offerings: http://uwm.edu/schedule

MUS ED 778 Recent Developments in Music Education
3 cr. Graduate.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

MUS ED 780 General Music Methods and Materials
2 cr. Graduate.
New approaches to secondary general music--particularly jr high related arts/humanities, films, filmstrip packages, records and book resources. Development of teaching units.
Prerequisites: grad st.

Current Offerings: http://uwm.edu/schedule

MUS ED 781 Seminar in Elementary Music
2-3 cr. Graduate.
Study of the principal approaches to teaching elementary classroom music. Work with appropriate resources.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule
MUS ED 782 Music Education Seminar:
1-3 cr. Graduate.
Special offerings on subjects not covered by the basic seminars and other elective music education courses.
Prerequisites: grad st.
Last Taught: Fall 2015, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUS ED 783 World Music Drumming: Level 1
3 cr. Graduate.
Perform and teach hand drumming ensembles from West Africa and the Caribbean.
Prerequisites: cons instr.
Current Offerings: http://uwm.edu/schedule

MUS ED 784 World Music Drumming: Level 2
3 cr. Graduate.
Learn additional drum ensembles and songs from West Africa, Zimbabwe, the Caribbean, and Brazil. Play xylophone and flute pieces from these areas.
Prerequisites: Mus Ed 783 or cons instr.
Current Offerings: http://uwm.edu/schedule

MUS ED 785 World Music Drumming: Level 3
3 cr. Graduate.
Perform and lead drum, xylophone, flute ensembles and songs from Ghana and the Caribbean.
Prerequisites: Mus Ed 784 or cons instr.
Current Offerings: http://uwm.edu/schedule

MUS ED 799 Independent Study in Music Education
1-3 cr. Graduate.
Detailed independent work under a major professor in an area of Music Education not covered by available courses.
Prerequisites: grad st & cons instr.
Last Taught: Summer 2015, Spring 2014, Spring 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUS ED 990 Thesis or Final Project
1-6 cr. Graduate.
Formal written thesis, lecture/recital, major annotated bibliography, curriculum synthesis, or other type of music education project. Must submit proposal to advisor in Music Education and be approved by the Graduate Committee.
Prerequisites: grad st.
Course Rules: Retakeable to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

Music Performance Courses

MUSPERF 1 Fundamentals of Piano:
1 cr. Undergraduate.
Small group instruction in piano fundamentals. Course has two progressive levels.
Prerequisites: Music major; audition principal instrument; successful completion of lower level, or cons instr.
Course Rules: May be retaken w/chg in topic to max of 2 cr. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 2 Fundamentals of Organ
1 cr. Undergraduate.
Small group instruction in fundamentals of organ. Course has one level with max of 1 cr.
Prerequisites: music major; audition principal instrument; or cons instr.
Course Rules: Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 3 Fundamentals of Harpsichord
1 cr. Undergraduate.
Small group instruction in fundamentals of harpsichord. Course has one level with max of 1 cr.
Prerequisites: music major; audition principal instrument; or cons instr.
Course Rules: Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 21 Fundamentals of Flute
1 cr. Undergraduate.
Small group instruction in fundamentals of flute. Course has one level with max of 1 cr.
Prerequisites: Music major; audition principal instrument; or cons instr.
Course Rules: Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 22 Fundamentals of Oboe and Bassoon
1 cr. Undergraduate.
Small group instruction in fundamentals of oboe and bassoon. Course has one level with max of 1 cr.
Prerequisites: Music major; audition principal instrument; or cons instr.
Course Rules: Repeat of level only by prior cons instr.
Last Taught: Spring 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSPERF 23 Fundamentals of Clarinet
1 cr. Undergraduate.
Small group instruction in fundamentals of clarinet. Course has one level with max of 1 cr.
Prerequisites: Music major; audition principal instrument; or cons instr.
Course Rules: Repeat of level only by prior cons instr.
Last Taught: Spring 2017, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
MUSPERF 24 Fundamentals of Saxophone  
1 cr. Undergraduate.  
Small group instruction in fundamentals of saxophone. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Last Taught: Spring 2017, Fall 2016, Spring 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 31 Fundamentals of French Horn  
1 cr. Undergraduate.  
Small group instruction in fundamentals of french horn. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 32 Fundamentals of Trumpet or Cornet  
1 cr. Undergraduate.  
Small group instruction in fundamentals of trumpet or cornet. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Last Taught: Fall 2016, Fall 2015, Spring 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 33 Fundamentals of Trombone  
1 cr. Undergraduate.  
Small group instruction in fundamentals of trombone. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 34 Fundamentals of Baritone  
1 cr. Undergraduate.  
Small group instruction in fundamentals of baritone. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Last Taught: Spring 2011.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 35 Fundamentals of Tuba  
1 cr. Undergraduate.  
Small group instruction in fundamentals of tuba. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 41 Fundamentals of Violin  
1 cr. Undergraduate.  
Small group instruction in fundamentals of violin. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 42 Fundamentals of Viola  
1 cr. Undergraduate.  
Small group instruction in fundamentals of viola. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Last Taught: Fall 2015, Fall 2013, Fall 2012, Fall 2010.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 43 Fundamentals of Cello  
1 cr. Undergraduate.  
Small group instruction in fundamentals of cello. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 44 Fundamentals of Double Bass  
1 cr. Undergraduate.  
Small group instruction in fundamentals of double bass. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 45 Fundamentals of Harp  
1 cr. Undergraduate.  
Small group instruction in fundamentals of harp. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 51 Fundamentals of Percussion  
1 cr. Undergraduate.  
Small group instruction in fundamentals of percussion. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Last Taught: Spring 2016, Fall 2015, Spring 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 61 Fundamentals of Composition  
1 cr. Undergraduate.  
Small group instruction in fundamentals of composition. Course has one level with max of 1 cr.  
Prerequisites: Music major; audition principal instrument; or cons instr.  
Course Rules: Repeat of level only by prior cons instr.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 101 Lessons in Piano  
1 cr. Undergraduate.  
Private lessons in piano. Course has eight progressive performance levels.  
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.  
Course Rules: May be retaken w/chg in topic to 3 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule
MUSPERF 102 Lessons in Organ:
1 cr. Undergraduate.
Private lessons in organ. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 103 Lessons in Harpsichord:
1 cr. Undergraduate.
Private lessons in harpsichord. Course has eight progressive performance levels.
Prerequisites: music major or non-major; audition principal instrument; successful completion of each lower level; cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 111 Lessons in Voice:
1 cr. Undergraduate.
Private lessons in voice. Course has four progressive performance levels.
Prerequisites: Music major or non-music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 121 Lessons in Flute:
1 cr. Undergraduate.
Private lessons in flute. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 122 Lessons in Oboe:
1 cr. Undergraduate.
Private lessons in oboe. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2015, Spring 2015, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSPERF 123 Lessons in Clarinet:
1 cr. Undergraduate.
Private lessons in clarinet. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 124 Lessons in Saxophone:
1 cr. Undergraduate.
Private lessons in saxophone. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max.
Last Taught: Fall 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 125 Lessons in Bassoon:
1 cr. Undergraduate.
Private lessons in bassoon. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 131 Lessons in French Horn:
1 cr. Undergraduate.
Private lessons in french horn. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 132 Lessons in Trumpet:
1 cr. Undergraduate.
Private lessons in trumpet. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule
MUSPERF 133 Lessons in Trombone:
1 cr. Undergraduate.
Private lessons in trombone. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max.
Current Offerings: http://uwm.edu/schedule

MUSPERF 134 Lessons in Euphonium:
1 cr. Undergraduate.
Private lessons in euphonium. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max.
Current Offerings: http://uwm.edu/schedule

MUSPERF 135 Lessons in Tuba:
1 cr. Undergraduate.
Private lessons in tuba. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max.
Current Offerings: http://uwm.edu/schedule

MUSPERF 141 Lessons in Violin:
1 cr. Undergraduate.
Private lessons in violin. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 142 Lessons in Viola:
1 cr. Undergraduate.
Private lessons in viola. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 143 Lessons in Cello:
1 cr. Undergraduate.
Private lessons in cello. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2015, Fall 2013, Fall 2009, Spring 2009.
Current Offerings: http://uwm.edu/schedule

MUSPERF 144 Lessons in Double Bass:
1 cr. Undergraduate.
Private lessons in double bass. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 145 Lessons in Harp:
1 cr. Undergraduate.
Private lessons in harp. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 146 Lessons in Guitar--Classical:
1 cr. Undergraduate.
Private lessons in a non-principal guitar style. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max.
Current Offerings: http://uwm.edu/schedule

MUSPERF 147 Lessons in Guitar--Finger-Style:
1 cr. Undergraduate.
Private lessons in a non-principal guitar style. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max.
Last Taught: Spring 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
MUSPERF 148 Lessons in Guitar--Jazz:
1 cr. Undergraduate.
Private lessons in a non-principal style. Course has eight progressive levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 149 Lessons in Guitar--Flamenco:
1 cr. Undergraduate.
Private lessons in a non-principal style. Course has eight progressive performance levels.
Prerequisites: Music majors only; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 151 Lessons in Percussion:
1 cr. Undergraduate.
Private lessons in percussion. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 201 Lessons in Piano:
1 cr. Undergraduate.
Private lessons in piano. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 202 Lessons in Organ:
1 cr. Undergraduate.
Private lessons in organ. Course has eight progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2016, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 203 Lessons in Harpsichord:
1 cr. Undergraduate.
Private lessons in harpsichord. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2008.
Current Offerings: http://uwm.edu/schedule

MUSPERF 211 Lessons in Voice:
1 cr. Undergraduate.
Private lessons in voice. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 221 Lessons in Flute:
1 cr. Undergraduate.
Private lessons in flute. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 222 Lessons in Oboe:
1 cr. Undergraduate.
Private lessons in oboe. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 223 Lessons in Clarinet:
1 cr. Undergraduate.
Private lessons in clarinet. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSPERF 224 Lessons in Saxophone:
1 cr. Undergraduate.
Private lessons in saxophone. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 225 Lessons in Bassoon:
1 cr. Undergraduate.
Private lessons in bassoon. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSPERF 231 Lessons in French Horn:
1 cr. Undergraduate.
Private lessons in french horn. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 232 Lessons in Trumpet:
1 cr. Undergraduate.
Private lessons in trumpet. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/ chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 233 Lessons in Trombone:
1 cr. Undergraduate.
Private lessons in trombone. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 234 Lessons in Euphonium:
1 cr. Undergraduate.
Private lessons in euphonium. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/ chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2015, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

MUSPERF 235 Lessons in Tuba:
1 cr. Undergraduate.
Private lessons in tuba. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 241 Lessons in Violin:
1 cr. Undergraduate.
Private lessons in violin. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 242 Lessons in Viola:
1 cr. Undergraduate.
Private lessons in viola. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 243 Lessons in Cello:
1 cr. Undergraduate.
Private lessons in cello. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2016, Spring 2014, Fall 2013, Spring 2013.
Current Offerings: http://uwm.edu/schedule
MUSPERF 244 Lessons in Double Bass:
1 cr. Undergraduate.
Private lessons in double bass. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 245 Lessons in Harp:
1 cr. Undergraduate.
Private lessons in harp. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 246 Lessons in Guitar--Classical:
1 cr. Undergraduate.
Private lessons in a guitar style. Course has eight progressive performance levels.
Prerequisites: music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 247 Lessons in Guitar--Finger-Style:
1 cr. Undergraduate.
Private lessons in a guitar style. Course has eight progressive performance levels.
Prerequisites: music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 248 Lessons in Guitar--Jazz:
1 cr. Undergraduate.
Private lessons in a guitar style. Course has eight progressive performance levels.
Prerequisites: music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 249 Lessons in Guitar--Flamenco:
1 cr. Undergraduate.
Private lessons in guitar. Course has eight progressive performance levels.
Prerequisites: music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2013, Fall 2011, Spring 2011, Spring 2010.
Current Offerings: http://uwm.edu/schedule

MUSPERF 251 Lessons in Percussion:
1 cr. Undergraduate.
Private lessons in percussion. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 261 Lessons in Composition:
1 cr. Undergraduate.
Private lessons in composition. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 301 Lessons in Piano:
2 cr. Undergraduate.
Private lessons in piano. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 302 Lessons in Organ:
2 cr. Undergraduate.
Private lessons in organ. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule
MUSPERF 304 Lessons in Collaborative Piano-Vocal:
2 cr. Undergraduate.
Private lessons in Collaborative Piano-Vocal. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2016, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSPERF 306 Jazz Piano:
2 cr. Undergraduate.
Lessons in Jazz Piano. Course has two progressive levels.
Prerequisites: Jazz Studies major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2014, Fall 2013, Spring 2012, Fall 2011.
Current Offerings: http://uwm.edu/schedule

MUSPERF 311 Lessons in Voice:
2 cr. Undergraduate.
Private lessons in voice. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 315 Brass Pedagogy and Techniques
3 cr. Undergraduate.
Prepares students to teach brass instruments in K-12 school settings. Classroom instruction in horn, trumpet, trombone, euphonium, tuba and related brass instruments.
Prerequisites: Music major; or cons instr.
Course Rules: Counts as repeat of MusPerf 31, 32, 33, 34, & 35.
Last Taught: Fall 2016.
Current Offerings: http://uwm.edu/schedule

1 cr. Undergraduate.
Small group instruction in fundamentals of voice for music educators, including vocal pedagogy and techniques.
Prerequisites: Music Performance major; audition principal instrument; or cons instr.
Course Rules: Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 321 Lessons in Flute:
2 cr. Undergraduate.
Private lessons in flute. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 322 Lessons in Oboe:
2 cr. Undergraduate.
Private lessons in oboe. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2017, Spring 2016, Fall 2015, Spring 2014.
Current Offerings: http://uwm.edu/schedule

MUSPERF 323 Lessons in Clarinet:
2 cr. Undergraduate.
Private lessons in clarinet. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSPERF 324 Lessons in Saxophone:
2 cr. Undergraduate.
Private lessons in saxophone. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 325 Lessons in Bassoon:
2 cr. Undergraduate.
Private lessons in bassoon. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 328 Jazz Saxophone:
2 cr. Undergraduate.
Lessons in Jazz Saxophone. Course has two progressive levels.
Prerequisites: Jazz Studies major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 331 Lessons in French Horn:
2 cr. Undergraduate.
Private lessons in french horn. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 332 Lessons in Trumpet:
2 cr. Undergraduate.
Private lessons in trumpet. Course has eight progressive performance levels.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/ chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 333 Lessons in Trombone:
2 cr. Undergraduate.
Private lessons in trombone. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2017, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

MUSPERF 334 Lessons in Euphonium:
2 cr. Undergraduate.
Private lessons in euphonium. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/ chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 335 Lessons in Tuba:
2 cr. Undergraduate.
Private lessons in tuba. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 336 Jazz Trumpet:
2 cr. Undergraduate.
Lessons in Jazz Trumpet. Course has two progressive levels.
Prerequisites: Jazz Studies major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2014, Spring 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

MUSPERF 337 Jazz Trombone:
2 cr. Undergraduate.
Lessons in Jazz Trombone. Course has two progressive levels.
Prerequisites: Jazz Studies major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule
MUSPERF 341 Lessons in Violin:
2 cr. Undergraduate.
Private lessons in violin. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 342 Lessons in Viola:
2 cr. Undergraduate.
Private lessons in viola. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 343 Lessons in Cello:
2 cr. Undergraduate.
Private lessons in cello. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 344 Lessons in Double Bass:
2 cr. Undergraduate.
Private lessons in double bass. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 345 Lessons in Harp:
2 cr. Undergraduate.
Private lessons in harp. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2016, Fall 2015, Fall 2009, Spring 2009.
Current Offerings: http://uwm.edu/schedule

MUSPERF 346 Lessons in Guitar--Classical:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 347 Lessons in Guitar--Finger-Style:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 348 Lessons in Guitar--Jazz:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 349 Lessons in Guitar--Flamenco:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 351 Lessons in Percussion:
2 cr. Undergraduate.
Private lessons in percussion. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

http://uwm.edu/schedule
MUSPERF 352 Jazz Drum Set:
2 cr. Undergraduate.
Lessons in Jazz Drum Set. Course has two progressive levels.
Prerequisites: Jazz Studies major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 353 Jazz String Bass:
2 cr. Undergraduate.
Lessons in Jazz String Bass. Course has two progressive levels.
Prerequisites: Jazz Studies major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 361 Lessons in Composition:
1 cr. Undergraduate.
Private lessons in composition. Course has four progressive performance levels. Level I will be presented as a group lesson.
Prerequisites: Music major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 401 Lessons in Piano:
2 cr. Undergraduate.
Private lessons in piano. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Fall 2012, Spring 2012.
Current Offerings: http://uwm.edu/schedule

MUSPERF 402 Lessons in Organ:
2 cr. Undergraduate.
Private lessons in organ. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 404 Lessons in Collaborative Piano-Vocal
2 cr. Undergraduate.
Private lessons in Collaborative Piano-Vocal. Course has four progressive performance levels.
Prerequisites: Music Performance major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2014, Spring 2012, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

MUSPERF 406 Jazz Piano:
2 cr. Undergraduate.
Lessons in Jazz Piano. Two progressive levels.
Prerequisites: MusPerf 306(P).
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 411 Lessons in Voice:
2 cr. Undergraduate.
Private lessons in voice. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 421 Lessons in Flute:
2 cr. Undergraduate.
Private lessons in flute. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 422 Lessons in Oboe:
2 cr. Undergraduate.
Private lessons in oboe. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule
MUSPERF 423 Lessons in Clarinet:
2 cr. Undergraduate.
Private lessons in clarinet. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 424 Lessons in Saxophone:
2 cr. Undergraduate.
Private lessons in saxophone. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 425 Lessons in Bassoon:
2 cr. Undergraduate.
Private lessons in bassoon. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 426 Jazz Saxophone:
2 cr. Undergraduate.
Lessons in Jazz Saxophone. Two progressive levels.
Prerequisites: MusicPerf 328(P).
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 431 Lessons in French Horn:
2 cr. Undergraduate.
Private lessons in french horn. Course has four progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 432 Lessons in Trumpet:
2 cr. Undergraduate.
Private lessons in trumpet-cornet. Course has four progressive performance levels. May be retaken w/ chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr. Prereq: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Prerequisites:
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 433 Lessons in Trombone:
2 cr. Undergraduate.
Private lessons in trombone. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 434 Lessons in Euphonium:
2 cr. Undergraduate.
Private lessons in euphonium. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 435 Lessons in Tuba:
2 cr. Undergraduate.
Private lessons in tuba. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 436 Jazz Trumpet:
2 cr. Undergraduate.
Lessons in Jazz Trumpet. Two progressive levels.
Prerequisites: MusicPerf 336(P).
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule
MUSPERF 437 Jazz Trombone:
2 cr. Undergraduate.
Lessons in Jazz Trombone. Two progressive levels.
Prerequisites: MusPerf 337(P).
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

MUSPERF 441 Lessons in Violin:
2 cr. Undergraduate.
Private lessons in violin. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 442 Lessons in Viola:
2 cr. Undergraduate.
Private lessons in viola. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2015, Spring 2015, Spring 2013, Fall 2007.
Current Offerings: http://uwm.edu/schedule

MUSPERF 443 Lessons in Cello:
2 cr. Undergraduate.
Private lessons in cello. Course has four progressive performance levels.
Prerequisites: Jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 444 Lessons in Double Bass:
2 cr. Undergraduate.
Private lessons in double bass. Course has four progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 445 Lessons in Harp:
2 cr. Undergraduate.
Private lessons in harp. Course has four progressive performance levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 446 Lessons in Guitar--Classical:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 447 Lessons in Guitar--Finger-Style:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 448 Lessons in Guitar--Jazz:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 449 Lessons in Guitar--Flamenco:
2 cr. Undergraduate.
Private lessons in a principal guitar style. Course has four progressive performance levels.
Prerequisites: Jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule
MUSPERF 451 Lessons in Percussion:
2 cr. Undergraduate.
Private lessons in percussion. Course has four progressive performance levels.
Prerequisites: jr st; Performance Major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 452 Jazz Drum Set:
2 cr. Undergraduate.
Lessons in Jazz Drum Set. Two progressive levels.
Prerequisites: MusPerf 352(P).
Course Rules: May be retaken w/chg in topic to 4 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 453 Jazz String Bass:
2 cr. Undergraduate.
Lessons in Jazz String Bass. Two progressive levels.
Prerequisites: MusPerf 353(P).
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Fall 2017, Spring 2012, Fall 2011, Spring 2011.
Current Offerings: http://uwm.edu/schedule

MUSPERF 461 Lessons in Composition:
2 cr. Undergraduate.
Private lesson in composition. Course has four progressive levels.
Prerequisites: Music major or non-major; audition principal instrument; successful completion of each lower level; or cons instr.
Course Rules: May be retaken w/chg in topic to 8 cr max. Conc reg in approved performance organization. Repeat of level only by prior cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 501 Master Class in Keyboard Instruments, Piano
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated for a max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 502 Master Class in Keyboard Instruments, Organ
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Current Offerings: http://uwm.edu/schedule

MUSPERF 511 Master Class in Voice
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 521 Master Class in Woodwind Instruments, Flute
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 522 Master Class in Woodwind Instruments, Oboe
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 523 Master Class in Woodwind Instruments, Clarinet
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 524 Master Class in Woodwind Instruments, Saxophone
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 525 Master Class in Woodwind Instruments, Bassoon
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 531 Master Class in Brass Instruments, French Horn
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 532 Master Class in Brass Instruments, Trumpet
1 cr. Undergraduate/Graduate.
Prerequisites: Music major or minor, cons instr.
Course Rules: May be repeated to max of 8 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 533 Master Class in Brass Instruments, Trombone
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Current Offerings: http://uwm.edu/schedule

MUSPERF 534 Master Class in Brass Instruments, Euphonium
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
MUSPERF 535 Master Class in Brass Instruments, Tuba
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 541 Master Class in String Instruments, Violin
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 542 Master Class in String Instruments, Viola
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 543 Master Class in String Instruments, Violoncello
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 544 Master Class in String Instruments, Bass Viol
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 545 Master Class in String Instruments, Harp
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr. Not available for grad cr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 546 Master Class in Guitar
1 cr. Undergraduate/Graduate.
Master Class in Guitar supplements the student’s private lesson by providing an opportunity for students to perform and critique repertoire and discuss related topics.
Prerequisites: jr st, cons instr.
Course Rules: Counts as repeat of Music 280 with similar topic. May be retaken to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 551 Master Class in Percussion
1 cr. Undergraduate/Graduate.
Prerequisites: jr st & cons instr.
Course Rules: May be repeated to max of 8 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 701 Keyboard Instruments, Piano
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 702 Keyboard Instruments, Organ
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Current Offerings: http://uwm.edu/schedule

MUSPERF 703 Collaborative Piano - Vocal
2 cr. Graduate.
Study and performance of the art song repertoire; development of sight reading, transposition, and vocal coaching skills.
Prerequisites: grad st; cons instr; audition.
Course Rules: Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 704 Collaborative Piano - Instrumental
2 cr. Graduate.
Study and performance of the standard wind and string solo and ensemble repertoire (excluding string sonatas); piano reductions of orchestral accompaniments.
Prerequisites: grad st; cons instr; audition.
Course Rules: Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 705 Techniques of Opera Coaching and Accompanying
1 cr. Graduate.
Introduction to opera coaching and accompanying skills. Students will observe and accompany opera workshop rehearsals and public performances.
Prerequisites: grad st; cons instr; audition.
Course Rules: May be repeated to max of 4 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 706 Sonatas, Piano and String
1 cr. Graduate.
Study and performance of the standard piano and string sonata repertoire from all periods.
Prerequisites: grad st; cons instr; audition.
Course Rules: May be repeated to max of 4 cr. Open to Music majors only.
Current Offerings: http://uwm.edu/schedule
MUSPERF 711 Voice
3 cr. Graduate.
Principal performance study for graduate students in Music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 721 Woodwind Instruments, Flute
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 722 Woodwind Instruments, Oboe
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2016, Fall 2015, Spring 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

MUSPERF 723 Woodwind Instruments, Clarinet
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 724 Woodwind Instruments, Saxophone
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2016, Fall 2015, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

MUSPERF 725 Woodwind Instruments, Bassoon
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 711 Voice
3 cr. Graduate.
Principal performance study for graduate students in Music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 731 Brass Instruments, French Horn
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 732 Brass Instruments Trumpet
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 733 Brass Instruments, Trombone
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 734 Brass Instruments, Euphonium
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 735 Brass Instruments, Tuba
3 cr. Graduate.
Principal performance study for graduate students in music in their major area.
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 741 String Instruments, Violin
2-3 cr. Graduate.
Principal performance study for graduate students concentrating in violin performance (3 cr), or principal instrumental study for graduate students concentrating in string pedagogy (2 cr).
Prerequisites: grad st; cons instr.
Course Rules: May be repeated to max of 12 cr (performance students), or 8 cr (string pedagogy students). Open to Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
MUSPERF 742 String Instruments, Viola  
2-3 cr. Graduate.  
Principal performance study for graduate students concentrating in viola performance (3 cr), or principal instrumental study for graduate students concentrating in string pedagogy (2 cr).  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to max of 12 cr (performance students), or 8 cr (string pedagogy students). Open to Music majors only.  
Last Taught: Spring 2013, Fall 2012, Spring 2012, Fall 2011.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 743 String Instruments, Violoncello  
2-3 cr. Graduate.  
Principal performance study for graduate students concentrating in violoncello performance (3 cr), or principal instrumental study for graduate students concentrating in string pedagogy (2 cr).  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to max of 12 cr (performance students), or 8 cr (string pedagogy students). Open to Music majors only.  
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 744 String Instruments, Bass Viol  
3 cr. Graduate.  
Principal performance study for graduate students in music in their major area.  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 745 String Instruments, Harp  
3 cr. Graduate.  
Principal performance study for graduate students in music in their major area.  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.  
Last Taught: Spring 2015, Fall 2014, Spring 2014, Fall 2013.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 746 Guitar  
3 cr. Graduate.  
Principal performance study for graduate students concentrating in guitar performance.  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to 12 cr max. Open to Music majors only.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 751 Percussion  
3 cr. Graduate.  
Principal performance study for graduate students in music in their major area.  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to max of 12 cr. Open to Music majors only.  
Last Taught: Spring 2013, Fall 2012, Spring 2012, Fall 2011.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 761 Advanced Composition  
2 cr. Graduate.  
Advanced independent performance study in musical composition.  
Prerequisites: grad st; cons instr.  
Course Rules: May be repeated to total of 8 cr.  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 801 Keyboard Instruments, Piano  
2 cr. Graduate.  
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.  
Prerequisites: grad st; cons instr.  
Course Rules: Open to ICM students only.  
Last Taught: Spring 2016, Fall 2015, Spring 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 821 Woodwind Instruments, Flute  
2 cr. Graduate.  
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.  
Prerequisites: grad st; cons instr.  
Course Rules: Open to ICM students only.  
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 822 Woodwind Instruments, Oboe  
2 cr. Graduate.  
Principal performance study for solo and chamber works for institute of chamber music students on their major instrument. Public performance required.  
Prerequisites: grad st; cons instr.  
Course Rules: Open to ICM students only.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 823 Woodwind Instruments, Clarinet  
2 cr. Graduate.  
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.  
Prerequisites: grad st; cons instr.  
Course Rules: Open to ICM students only.  
Last Taught: Spring 2018, Fall 2017, Spring 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

MUSPERF 825 Woodwind Instruments, Bassoon  
2 cr. Graduate.  
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.  
Prerequisites: grad st; cons instr.  
Course Rules: Open to ICM students only.  
Current Offerings: http://uwm.edu/schedule
MUSPERF 841 String Instruments, Violin
2 cr. Graduate.
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.
Prerequisites: grad st; cons instr.
Course Rules: Open to ICM students only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 842 String Instruments, Viola
2 cr. Graduate.
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.
Prerequisites: grad st; cons instr.
Course Rules: Open to ICM students only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 843 String Instruments, Violoncello
2 cr. Graduate.
Principal performance study in solo and chamber works for institute of chamber music students on their major instrument. Public performance required.
Prerequisites: grad st; cons instr.
Course Rules: Open to ICM students only.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Spring 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 855 Instrumental Master Class
1 cr. Graduate.
Discussion of individual instrumental techniques in chamber music playing. Literature studied depending on group experience and interest.
Prerequisites: grad st; admis to ICM; writ cons director of ICM.
Course Rules: May be repeated to max of 4 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 901 Keyboard Instruments, Piano
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major areas.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 601. May be repeated to max of 6 cr. Music majors only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

MUSPERF 902 Keyboard Instruments, Organ
1 cr. Graduate.
Principal applied music study for graduate students in music in their non-major areas.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 601. May be repeated to max of 6 cr. Music majors only.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 903 Keyboard Instruments, Harpsichord
1 cr. Graduate.
Principal applied music study for graduate students in music in their non-major areas.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 603. May be repeated to max of 6 cr. Music majors only.
Last Taught: Spring 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule

MUSPERF 911 Voice
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 601. May be repeated to max of 6 cr. Music majors only.
Current Offerings: http://uwm.edu/schedule

MUSPERF 921 Woodwind Instruments, Flute
1 cr. Graduate.
Principal applied music study for graduate students in music in their non-major areas.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 621. May be repeated to max of 6 cr. Music majors only.
Last Taught: Fall 2017, Spring 2017, Fall 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

MUSPERF 922 Woodwind Instruments, Oboe
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 621. May be repeated to max of 6 cr. Music majors only.
Current Offerings: http://uwm.edu/schedule

MUSPERF 923 Woodwind Instruments, Clarinet
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 623. May be repeated to max of 6 cr. Open to music majors only.
Last Taught: Spring 2013, Fall 2012, Spring 2009, Fall 2008.
Current Offerings: http://uwm.edu/schedule

MUSPERF 924 Woodwind Instruments, Saxophone
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
Prerequisites: grad st; cons instr.
Course Rules: Counts as repeat of MusPerf 624. May be repeated to max of 6 cr. Open to music majors only.
Last Taught: Spring 2011, Fall 2010, Fall 2006, Fall 2005.
Current Offerings: http://uwm.edu/schedule
MUSPERF 925 Woodwind Instruments, Bassoon
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 625. May be repeated to max of 6 cr. Open to music majors only.
**Last Taught:** Fall 2007, Fall 2006, Fall 2005, Spring 1997.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 931 Brass Instruments, French Horn
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 631. May be repeated to max of 6 cr. Open to music majors only.
**Last Taught:** Spring 2015, Fall 2013, Spring 2013, Spring 2008.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 932 Brass Instruments, Trumpet
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** May be repeated to max of 6 cr.
**Last Taught:** Fall 2016, Spring 2015, Fall 2014, Spring 2012.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 933 Brass Instruments, Trombone
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as a repeat of MusPerf 633. May be repeated to max of 6 cr. Open to music majors only.
**Last Taught:** Fall 2008, Spring 2007, Fall 2006, Spring 2006.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 934 Brass Instruments, Euphonium
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major areas.
**Prerequisites:** grad st; cons instr.
**Course Rules:** May be repeated to max of 6 cr.
**Last Taught:** Fall 2007, Fall 2006, Spring 2005.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 935 Brass Instruments, Tuba
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 635. May be repeated to max of 6 cr. Open to music majors only.
**Last Taught:** Spring 2018, Spring 2014, Spring 2010, Fall 2009.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 941 String Instruments, Violin
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 641. May be repeated to max of 6 cr. Open to Music majors only.
**Last Taught:** Fall 2003, Fall 2002, Spring 2002, Fall 2001.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 942 String Instruments, Viola
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 642. May be repeated to max of 6 cr. Open to Music majors only.
**Last Taught:** Fall 2017, Spring 2016, Fall 2010, Spring 2010.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 943 String Instruments, Violoncello
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 643. May be repeated to max of 6 cr. Open to Music majors only.
**Last Taught:** Fall 2008, Fall 2004, Spring 1996, Fall 1995.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 944 String Instruments, Bass Viol
1 cr. Graduate.
Principal applied music study for graduate students in music in their non-major areas.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 644. May be repeated to max of 6 cr. Open to Music majors only.
**Last Taught:** Spring 2017, Fall 2016, Spring 1994.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 945 String Instruments, Harp
1 cr. Graduate.
Principal applied music study for graduate students in music in their non-major areas.
**Prerequisites:** grad st; cons instr.
**Course Rules:** Counts as repeat of MusPerf 645. May be repeated to max of 6 cr. Open to Music majors only.
**Last Taught:** Spring 1998, Fall 1997, Spring 1997, Fall 1996.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

MUSPERF 946 Guitar
1 cr. Graduate.
Principal performance study for graduate students in music in their non-major area.
**Prerequisites:** grad st; cons instr.
**Course Rules:** May be repeated to a 6 cr max. Open to Music majors only.
**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Spring 2016.
**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)
**MUSPERF 951 Percussion**

1 cr. Graduate.
Principal applied music study for graduate students in music in their non-major areas.

**Prerequisites:** grad st; cons instr.

**Course Rules:** Counts as repeat of MusPerf 651. May be repeated to max of 6 cr. Open to Music majors only.

**Last Taught:** Fall 2015, Spring 2010, Fall 2009, Fall 2008.

**Current Offerings:** [http://uwm.edu/schedule](http://uwm.edu/schedule)

Advanced Study in Chamber Music, Graduate Certificate

This certificate is designed for the instrumentalist who is admitted by audition to the Institute of Chamber Music at UW-Milwaukee. The major focus of the Institute of Chamber Music is to provide professional training experiences in the performance of chamber repertoire through well-matched chamber ensembles from duos through large chamber ensembles.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Eligibility and Admission
Students in the Institute of Chamber Music are admitted for a two-year program of study. Students are either part of an existing chamber group before entrance or, when admitted, assigned to a group. If the first-year group does not continue for a second year, the student must re-audition for membership in a new or reconstituted group that is acceptable to the faculty in order to continue for a second year of study.

At the end of the first year, each student's performance is judged by the Director of the Institute in consultation with the members of the ICM advisory committee. If a student does not meet the required performance level, the student is prevented from continuing in the Institute for a second year. The student may, if acceptable to the Department graduate faculty, choose to follow another graduate program in the Department.

Application

- Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
- All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
- Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
- Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses

Minimum certificate requirement is 24 credits. Each student follows an integrated curriculum in which all subjects are related and no course is optional.

Total Credits 24

1 Met at end of program.

Thesis Recital
The recital should be given no sooner than the final semester of coursework. The student ensemble must present a program which has been approved by the Graduate Committee and by the Director of the Institute of Chamber Music.

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs

1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   - Degree programs must approve the courses from certificates that can double count toward the degree.
   - All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the
degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
• Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:
• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.

Music Education, BFA: EC-A General & Choral Music

The BFA in Music Education in General and Choral Music prepares students to teach music in elementary and secondary schools and culminates in certification by the State of Wisconsin Department of Public Instruction.

Requirements
The Music Department course of study prepares students for recommendation for certification by the State Department of Public Instruction to teach and supervise music Early Childhood - Adolescence (EC-A or Wide Range = Birth to Age 21).

To obtain certification, a student must successfully audition and apply for admission to UW-Milwaukee and the Department of Music. For admission to the Teacher Certification Program, students must audition in the Music Education Area upon successful completion of MUS ED 350, which should be completed in the spring semester of his or her Sophomore year. Admission to the Music Education Program requires performance on a principal instrument/voice, piano, sight singing as well as requirements 1-4 below. A student seeking recommendation for teacher certification must successfully complete all of the following requirements:

1. Pass OWC-A (English), QL-A (Math) and Communications Course with a C or better to fulfill the Basic Skills requirement;
2. Fulfill all degree requirements, including passing all MUSED specific courses with a C or better;
3. Show personal qualities giving promise of success as a teacher of music and as a leader in music activities;
4. Achieve and maintain at least a 2.75 cumulative GPA;
5. Fulfill the Requirements for Human Relations and Act 31;
6. Demonstrate teaching competency in their area of expertise through the use of a teaching portfolio (see explanation under Special Core Curriculum Requirements);
7. Meet Content Competency through a 3.0 GPA on specific courses or the Praxis II exam;
8. Complete student teaching successfully; and

1. See General Education Requirements (p. ) for more information.
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student's discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres. One elective must be three credits of MUSC 310.
4. OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5. Foreign Language Requirement. Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   • complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   • complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   • demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

---

6 0 credits; to be completed in the 7th semester of lessons.
7 0 credits; 6 semesters. MUSIC 106 & MUSIC 107.
8 Must be completed to apply for admission to MusEd.
9 Should be completed prior to Student Teaching.
10 Required to apply for Student Teaching.
requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

**Performance Ensemble Requirement**

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

**Performance Ensemble Requirement for Transfer Students**

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

**Recital Attendance and Music Convocation Requirements**

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

**Music Performance Course Enrollment Requirements**

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

**Music Theory and History Requirements**

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

**Laptop Requirement**

Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop).

**Location:** Theatre 120
**Hours:** 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
**Contact:** (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.
Honors in the Peck School of the Arts

Dean's Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music Education, BFA: EC-A General Music

The BFA in Music Education in General Music prepares students to teach music in elementary and secondary schools and culminates in certification by the State of Wisconsin Department of Public Instruction.

Requirements

The Music Department course of study prepares students for recommendation for certification by the State Department of Public Instruction to teach and supervise music Early Childhood - Adolescence (EC-A or Wide Range = Birth to Age 21).

To obtain certification, a student must successfully audition and apply for admission to UW-Milwaukee and the Department of Music. For admission to the Teacher Certification Program, students must audition in the Music Education Area upon successful completion of MUS ED 350, which should be completed in the spring semester of his or her Sophomore year. Admission to the Music Education Program requires performance on a principal instrument/voice, piano, sight singing as well as requirements 1-4 below. A student seeking recommendation for teacher certification must successfully complete all of the following requirements:

1. Pass OWC-A (English), QL-A (Math) and Communications Course with a C or better to fulfill the Basic Skills requirement;
2. Fulfill all degree requirements, including passing all MUSED specific courses with a C or better;
3. Show personal qualities giving promise of success as a teacher of music and as a leader in music activities;
4. Achieve and maintain at least a 2.75 cumulative GPA;
5. Fulfill the Requirements for Human Relations and Act 31;
6. Demonstrate teaching competency in their area of expertise through the use of a teaching portfolio (see explanation under Special Core Curriculum Requirements);
7. Meet Content Competency through a 3.0 GPA on specific courses or the Praxis II exam;
8. Complete student teaching successfully; and

1. See General Education Requirements (p. 36) for more information.
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student’s discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres. One elective must be three credits of MUSIC 310.
4. OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5. Foreign Language Requirement. Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   • complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   • complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   • demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

#### Convocation

- **ED PSY 330**: Introduction to Learning and Development
- **CURRINS 545**: Reading in the Content Areas: Middle, Junior, and Senior High School

Choose one:

- **EXCEDUC 300**: The Exceptional Individual
- **EXCEDUC 531**: Inclusion for Secondary Educators: Humanities, the Arts, Foreign Language
- **EXCEDUC 600**: Survey of Exceptional Education
- **EXCEDUC 605**: Child, Learner, Disabilities

#### School of Education Requirements

- **MUSIC 106 & MUSIC 107**: Must be completed to apply for admission to MusEd.
- **MUSIC 310**: Required to apply for Student Teaching.
- **MUS ED 477**: Required to apply for licensure. Also meets the following GER requirements: cultural diversity and social science. Learn more about General Education Requirements here (p. 33).

#### School of Education Student Teaching

- **MUS ED 477**: Student Teaching in Music - Elementary Level: 7 semesters of one of the following:
  - **MUSPERF 246**: Lessons in Guitar-Classical:
  - **MUSPERF 247**: Lessons in Guitar-Finger-Style:
  - **MUSPERF 248**: Lessons in Guitar-Jazz:

- **MUS ED 478**: Student Teaching in Music - Secondary Level

- **MUS ED 479**: Seminar in Student Teaching

#### Music Education BFA Core

Choose one:

- **COMMUN 101**: Introduction to Interpersonal Communication (SS)
- **COMMUN 103**: Public Speaking (HU)
- **MUS ED 350**: Introduction to Teaching Music
- **MUS ED 352**: Technology in Music Education
- **MUS ED 450**: Field Experience in Music Education
- **MUS ED 460**: Teaching Elementary General Music
- **MUS ED 461**: Teaching Secondary General Music

#### Requirements

#### Basic Skills Competency

#### Human Relations

#### Content Competency

#### Act 31

- **ANTHRO 213**: American Indian Peoples of Wisconsin
- **AIS 203**: Western Great Lakes American Indian Community Life of the Past
- **AIS/HIST 263**: North American Indian History Since 1887

#### edTPA

### EC-A General Music Requirements

Students may choose from a variety of instruments for this program. See your advisor if your principal instrument is not listed below.

#### Principal Instrument: Guitar

- 7 semesters of one of the following:
  - **MUSPERF 246**: Lessons in Guitar-Classical:
  - **MUSPERF 247**: Lessons in Guitar-Finger-Style:
  - **MUSPERF 248**: Lessons in Guitar-Jazz:

#### Secondary Music Requirements:

- **MUS ED 331**: Keyboard Skills for Music Educators I
- **MUSPERF 101**: Lessons in Piano: (3 semesters)

#### Principal Instrument: Piano

- 7 semesters of MusPerf 201

#### Secondary Music Requirements:

- **MUSPERF 111**: Lessons in Voice: (4 semesters)
- **MUSIC 150**: Beginning Guitar
- **MUSIC 151**: Intermediate Guitar I

#### Senior Half Recital

- **MUSIC 660**: Senior Recital: (complete after 7 semesters)

#### Performing Ensemble Requirements

Complete 7 semesters based on ensemble assignments, set at the beginning of each semester:

- **MUSIC 44**: Women’s Chorus
- **MUSIC 50**: University Men’s Choir
- **MUSIC 52**: University Advanced Women’s Choir
- **MUSIC 56**: Concert Chorale

#### Additional Music Requirements:

- **MUS ED 351**: Folk Instrument Techniques for the Music Classroom
- **MUS ED 458**: Musicals and Choirs for Young Voices
- **MUSIC 353**: Conducting
- **MUSIC 444**: Vocal Pedagogy I

#### Electives

- Students completing Principal Instrument: Guitar should enroll in and complete 4 credits
- Students completing Principal Instrument: Piano should enroll in and complete 5 credits
Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement

Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop).

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.
Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music Education, BFA: EC-A Instrumental and General Music

The BFA in Music Education in Instrumental and General Music prepares students to teach music in elementary and secondary schools and culminates in certification by the State of Wisconsin Department of Public Instruction.

Requirements
The Music Department course of study prepares students for recommendation for certification by the State Department of Public Instruction to teach and supervise music Early Childhood - Adolescence (EC-A or Wide Range = Birth to Age 21).

To obtain certification, a student must successfully audition and apply for admission to UW-Milwaukee and the Department of Music. For admission to the Teacher Certification Program, students must audition in the Music Education Area upon successful completion of MUS ED 350, which should be completed in the spring semester of his or her Sophomore year. Admission to the Music Education Program requires performance on a principal instrument/voice, piano, sight singing as well as requirements 1-4 below. A student seeking recommendation for teacher certification must successfully complete all of the following requirements:

1. Pass OWC-A (English), QL-A (Math) and Communications Course with a C or better to fulfill the Basic Skills requirement;
2. Fulfill all degree requirements, including passing all MUSED specific courses with a C or better;
3. Show personal qualities giving promise of success as a teacher of music and as a leader in music activities;
4. Achieve and maintain at least a 2.75 cumulative GPA;
5. Fulfill the Requirements for Human Relations and Act 31;
6. Demonstrate teaching competency in their area of expertise through the use of a teaching portfolio (see explanation under Special Core Curriculum Requirements);
7. Meet Content Competency through a 3.0 GPA on specific courses or the Praxis II exam;
8. Complete student teaching successfully; and

### Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.
Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements.

For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement

Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop).

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean’s Honor List

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.
Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music, BA
A general Music degree designed for Music students interested in combining a Music major with a second major or minor in a non-music degree program. A curriculum in voice, keyboard, or another instrument that prepares the student for both professional performance and studio teaching. The BA in Music is a flexible program that allows students to take additional coursework outside of the Music Minor and/or complete a minor in a different area. Led by renowned performing artist faculty, students regularly perform professionally in the greater Milwaukee community while earning their degree.

1 Music Performance Courses. 8 cr Can be satisfied by six semesters in a single Principal Instrument study at the 200 level and two semesters of Piano at the 100 level. However, additional semesters of Principal Instrument study may be taken as Music electives.

2 Performance Master Class. 6-8 cr Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as Music electives.
organizations may be granted as follows:

Students Performance Ensemble Requirement for Transfer below for specific requirements in each area.)

Approval in certain degree programs; see individual degree programs University Community Orchestra. (Other performance ensembles may Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and Chorale, Women's Chorus, University Men's Chorus, University Band, performing Ensembles: University Advanced Women's Choir, Concert the Department of Music recognizes the following approved major ensemble credit per semester can apply toward degree requirements.

Assignments at the beginning of each semester. Only one approved concurrent with each semester of private study. The director of bands, the during the course of their study. All Performance and Music Education All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

Music Performance Course Enrollment Requirements

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement

Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on
the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/(http://uwm.edu/arts/apply/laptop).

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music, BFA: Collaborative Piano and Vocal

The BFA in Music: Collaborative Piano and Vocal curriculum is one of few such undergraduate programs offered nationwide. It offers training for pianists anticipating careers in vocal accompanying, as well as coaching art song, opera, and musical theatre. Students receive weekly lessons in collaborative piano, as well as solo piano, and piano technique, and participate in rehearsals and performances for the UWM Opera Theatre, Milwaukee Opera Theatre, and UWM choirs.

1. See General Education Requirements (p. 33) for more information.
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student's discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
4. OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5. **Foreign Language Requirement.** Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   - complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   - complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   - demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

Undergraduate Admission and Audition Procedures

Throughout the year, the Music Department schedules new student audition days (http://uwm.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

Theory & Piano Placement Exams

All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/yc9m99f5) on the day of their audition. Those with prior piano experience must perform a short composition that best demonstrates their keyboard skills.
Transfer Students

All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

Music Admission Application

To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

Statement of Intent

Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

Audition

All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).
Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

Music Performance Course Enrollment Requirements
The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements
The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement
Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop/).

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music, BFA: Guitar
Offering the only Bachelor-level degrees in finger-style guitar in the world, as well as classical and jazz degrees, our students are able to customize a unique, comprehensive experience while studying in the cultural capital of Wisconsin. Degree programs in guitar performance offer a multi-style approach, in which students choose a primary style among classical, jazz, and finger-style guitar. Classes in composition, technology, world music, pedagogy, and repertoire are designed to prepare students for a versatile career in music, one that may include performing, teaching, recording, and music publishing. Since 2005, UWM’s classical guitar student organization has worked to expose students to leading performers. Each year the group invites some of the world’s best touring performers to UWM. After each performance, the visiting performer gives a master class. The student organization also annually applies for a grant with the UWM Student Association to send four students to a guitar festival, such as the Indiana Guitar Festival.

**Total Credits**: 45

1. See General Education Requirements (p. 33) for more information.
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student’s discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
4. OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5. **Foreign Language Requirement.** Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   - complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   - complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   - demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.
   Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

All new freshmen are required to take Theory and Piano Placement Exams in the subsequent Music Theory and Piano courses. A final grade of B or higher is required to enroll. Keyboard skills must successfully complete a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor and Piano Area majors must audition for the certification program. Provisional students must take all required first-semester Music courses during the provisional semester.

Transfer Students

All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

Music Admission Application

To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

Statement of Intent

Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

Audition

All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal
area. The Music Education major must re-audition in their principal area
and re-interview with the Music Education faculty.

**Degree Requirements**

All Music curricula for the BFA require 125-130 credits, distributed as
follows: music courses as specified in each curriculum: 75-80 credits;
core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music
requires 120 credits, distributed as follows: music courses, 48 credits;
core curriculum, 45 credits; general electives, 27 credits.

**Performance Ensemble Requirement**

All Music majors are required to participate in performing organizations
during the course of their study. All Performance and Music Education
majors must be registered in an approved major performing organization
concurrent with each semester of private study. The director of bands, the
director of choral activities, and the director of orchestras make ensemble
assignments at the beginning of each semester. Only one approved
ensemble credit per semester can apply toward degree requirements.
For the purpose of fulfilling the Performance Ensemble requirement,
the Department of Music recognizes the following approved major
performing Ensembles: University Advanced Women’s Choir, Concert
Chorale, Women’s Chorus, University Men’s Chorus, University Band,
Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and
University Community Orchestra. (Other performance ensembles may
be approved in certain degree programs; see individual degree programs
below for specific requirements in each area.)

**Performance Ensemble Requirement for Transfer Students**

Credits from an accredited college/university for performing
organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at
  least two semesters of an approved major performing organization.
The performing organization must conform to the individual degree
requirements: instrumentalists take band or orchestra, vocalists take
choral ensembles;
- Entering sophomores with 30 or more earned credits may only
  transfer up to two completed semesters of an approved performing
  organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up
to four completed semesters of an approved performing organization
from another university.

**Recital Attendance and Music Convocation Requirements**

All Music majors must attend weekly Music Convocation meetings for
a minimum of five semesters. All students entering the Music Department
as freshmen are required to take one semester of MUSIC 106 during their
freshman year.

All Music majors, excluding transfer students and second degree
candidates, must earn 80 recital attendance credits for graduation. This
requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per
  semester), and
- Off-campus recitals (one attendance credit per recital to a maximum
  of three per semester).

Transfer students and second degree candidates must earn 10 recital
credits (including weekly Music Convocation) for each semester on the
UWM campus, to a total of 80, or until the completion of the degree.

**Music Performance Course Enrollment Requirements**

The study of music performance in private lessons, master classes, and
seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second
  week of each semester;
- Eligibility for undergraduate Music major private lessons requires
  a minimum of 4 credits in Music Department courses. Only one
  ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble
  concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level
  or above must enroll in the appropriate Performance Master Class.
  Music Education Majors are not required to take Performance
  Master Class, but may enroll in Performance Master Class as music
  electives.

**Music Theory and History Requirements**

The Music Theory core comprises a three-semester sequence of
Materials of Theory concurrently with three semesters of Aural Theory.
This is followed by a semester of Form Analysis. The Music History core
comprises a three-semester sequence of the General History of Western
Music. Additional Music Theory and Music History courses are required
in all Music degree programs. See individual programs for details.

**Laptop Requirement**

Music students in all areas will be encouraged to have a laptop computer
during their course of study in the department. Students in the BFA Music
Composition and Technology program will be required to have a laptop
computer once they are admitted. Please see requirements posted on
the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/
(http://uwm.edu/arts/apply/laptop).

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays
(closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic
success. At the Peck School of the Arts, we offer professional academic
advising in the following undergraduate disciplines: art, dance, film,
music, and theatre.

Advisors provide students with individualized advising to assist them
in areas such as: degree requirements, major options, course selection,
campus resources, college success strategies, graduation assessment,
academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit
http://uwm.edu/arts/advising/.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who
have earned a cumulative GPA of 3.500 or greater and the academic
department's recommendation.
Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Music, BFA: Music Composition and Technology**

The Music, BFA: Music Composition and Technology program fosters development in instrumental, vocal, and electroacoustic composition, with an emphasis on contemporary and experimental techniques.

1 See General Education Requirements (p. 33) for more information.
2 Credits may be utilized in required curriculum areas.
3 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student’s discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
4 OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5 Foreign Language Requirement. Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   - complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   - complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   - demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

0 credits; 6 semesters

**Music Composition and Technology Requirements**

**Required Composition and Theory Background**

All potential Composition majors must show evidence of compositional ability before acceptance to the program. Each applicant must submit a Composition Portfolio of previous compositional work to the Composition faculty. The portfolio acts as the equivalent of an audition. Prospective students seeking to enter this program must also be able to begin by enrolling in the MUSIC 123 and MUSIC 127 series, as determined by the
Theory Placement Exam. Those students who do not meet this criterion may be advised to enter the program on a Provisional basis, but must take MUSIC 1, receive a final grade of "B" or better, and resubmit their Composition Portfolio before a final admission and placement decision is determined by the Music Composition Area.

**Composition Portfolio**
The Composition Portfolio should contain the applicant's best three to five representative works. At least one copy of a written score is required. The score may be of any ensemble configuration, from large ensemble to piano solo. Computer-generated scores, or digital software compositions are accepted but not required. Evidence of audio recordings in an appropriate digital audio format, fixed media, web-based, or comparable format is expected. The compositions on the recordings may or may not be the same compositional scores submitted with your portfolio. Other possible formats for compositions are Standard MIDI File, an image file or movie of a composition’s performance, or sound track to a video work. This latter may be a collaborative work with video artist(s). Group compositions are not acceptable. There is no particular style requirement for applicants, nor is there a duration requirement for his/her representative works. However, they must be complete works.

**Required Piano Proficiency**
Depending upon audition results, students may be required to enroll in MUSPERF 1 for up to two semesters or until they can pass a satisfactory piano audition through the Piano faculty. Those who place at the 100 level must take a minimum of 4 semesters of piano. All students entering at the 200 level must take 2 semesters of piano. Piano proficiency at 200 level is satisfied by demonstrated ability to play works of moderate difficulty, such as Bach’s Two-part Inventions, Bartok’s Mikrokosmos Book IV, Schumann’s “Kinderszenen”, or Easy to Intermediate Classics. Deficiencies are made up without credit.

A student who is deficient in any of the above may be admitted provisionally, but only after evaluation and approval by the Composition Area. Contact the Composition Area for further information.

**Graduation Requirements**
Completion of the BFA in Music Composition and Technology will require each student to compose a minimum of five compositions over the lifetime of their program. While a minimum of three works must be written for solo or small ensemble, and one work for solo electronic or combined electronic and acoustic instrument(s), one work may be for large ensemble (orchestra, chamber, wind symphony, or choir). Of the five works required, three works must be presented publicly, each a minimum of nine minutes in duration.

**Additional Music Theory and History Requirements**
- **MUSIC 314**: Music since 1900: 3 credits
- **MUSIC 321**: Counterpoint: 3 credits
- **MUSIC 323**: Instrumental and Choral Orchestration: 3 credits
- **MUSIC 421**: Materials of Contemporary Music: 3 credits

**Senior Recital or Thesis**
- **MUSIC 660**: Senior Recital: 2 credits

1. Performance Master Class. 0-2 credits (depending on piano placement)
2. Students must complete a minimum of 7 credits of approved music ensemble. Other approved music ensembles are: University Band, Symphony Band, University Orchestra and Wind Ensemble. Additional credits may be taken and/or serve as electives in Aleatoric Improvisation Ensemble, Jazz Ensemble, Percussion Ensemble, Collegium Musicum or Guitar Ensemble.
3. Piano proficiency and subsequent MusPerf series is based on a student’s Piano Proficiency placement. See above for additional details.
4. In the semester the student intends to graduate, they must either register for Senior Recital or Senior Thesis. Registering for Senior Recital stipulates a public recital of the student’s compositions lasting a minimum of one hour in duration. Registering for Senior Thesis requires the student to submit the following to the Composition Faculty: a final composition portfolio, which consists of the five required compositions, along with recordings (as available). Additionally, printed programs representing the public presentation of these works are required.

**Undergraduate Admission and Audition Procedures**
Throughout the year, the Music Department schedules new student audition days (http://uw.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.
Theory & Piano Placement Exams
All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/yc9m9rf5) on the day of their audition. Those with prior piano experience must perform a short composition that best demonstrates their keyboard skills.

Transfer Students
All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

Music Admission Application
To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

Statement of Intent
Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

Audition
All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

Provisional
Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

Probation
A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

Not Accepted
Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

Re-Audition
Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

Degree Requirements
All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

Performance Ensemble Requirement
All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students
Credits from an accredited college/university for performing organizations may be granted as follows:

• All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
• Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
• Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements
All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:
• Campus recitals (one attendance credit per recital),
• Weekly departmental Music Convocation (five attendance credits per semester), and
• Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

**Music Performance Course Enrollment Requirements**

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

• Performance courses (lessons) cannot be dropped after the second week of each semester;
• Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
• All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
• Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

**Music Theory and History Requirements**

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

**Laptop Requirement**

Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop/).

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Music, BFA: Music History and Literature**

The BFA in Music: Music History and Literature program focuses on the historical and critical study of music, and prepares the student for further study in musicology, ethnomusicology, music librarianship, or music criticism. Our students enjoy access to an extensive music library, including printed & digital scores, CDs, LPs, books about music, and streaming audio. In addition we help train new music librarians through our work with the Coordinated Program in Music Librarianship – a joint degree between the School of Information Studies and the Peck School of the Arts Department of Music.

- Social Sciences: 6 credits
- Cultural Diversity: 2 credits

Electives

- Electives Outside Peck School of the Arts: 12 credits
- Electives in Peck School of the Arts: 3 credits
- Electives Outside Discipline: 3 credits

Total Credits: 45

1. See General Education Requirements (p. 33) for more information.
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student's discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
4. OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5. Foreign Language Requirement. Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   - Complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   - Complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   - Demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

---

**Undergraduate Admission and Audition Procedures**

Throughout the year, the Music Department schedules new student audition days (http://uwm.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.
Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

**Theory & Piano Placement Exams**
All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/yc9m9rf5) on the day of their audition. Those with prior piano experience must perform a short composition that best demonstrates their keyboard skills.

**Transfer Students**
All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

**Music Admission Application**
To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

**Statement of Intent**
Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

**Audition**
All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

**Provisional**
Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

**Probation**
A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation.

(2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

**Not Accepted**
Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

**Re-Audition**
Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

**Degree Requirements**
All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

**Performance Ensemble Requirement**
All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

**Performance Ensemble Requirement for Transfer Students**
Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

**Recital Attendance and Music Convocation Requirements**
All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department
as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

Music Performance Course Enrollment Requirements
The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements
The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement
Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop).

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advise/.

Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music, BFA: Piano
Our competitive performance programs are led by renowned performing artist faculty. Located within the cultural capital of Wisconsin, students regularly receive invitations to perform both as soloists and chamber musicians in the greater Milwaukee community while earning their degree.

**Performance Ensemble**: Piano majors are required to enroll in a minimum of 6 semesters of ensemble with a minimum of 2 semesters in a choral ensemble and 4 semesters in any ensemble with iani or oragn instructor consent.

**Performance Master Class**: 8 semesters at 1 credit is required as part of your individual lesson obligation.

**Undergraduate Admission and Audition Procedures**

Throughout the year, the Music Department schedules new student audition days (http://uwm.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

**Theory & Piano Placement Exams**

All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/yc9m9rf5) on the day of their audition. Those with prior piano experience must perform a short composition that best demonstrates their keyboard skills.

**Transfer Students**

All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take place-
exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

Music Admission Application
To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

Statement of Intent
Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

Audition
All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

Provisional
Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

Probation
A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

Not Accepted
Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

Re-Audition
Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

Degree Requirements
All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; credit for an approved music performance ensemble must be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement
All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students
Credits from an accredited college/university for performing organizations may be granted as follows:
• All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
• Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
• Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements
All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:
• Campus recitals (one attendance credit per recital),
• Weekly departmental Music Convocation (five attendance credits per semester), and
• Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.
Music Performance Course Enrollment Requirements
The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements
The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement
Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop).

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Music, BFA: Strings
Our competitive performance programs are led by renowned performing artist faculty. Located within the cultural capital of Wisconsin, students regularly perform as soloists, chamber musicians, and with professional Milwaukee-area ensembles while earning their degree. Students are prepared for modern, multifaceted professional careers as performers and/or teachers of chamber ensemble, orchestral, and solo repertory. The program offers a thorough grounding in instrumental technique and repertory, and broad and continuous experience in performance.

**Electives Outside Discipline** 3

**Total Credits** 45

1. See General Education Requirements (p. 33) for more information.
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student’s discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.
4. OWC Part A and QL Part A should be completed within the first two semesters of pursuing a Music program.
5. **Foreign Language Requirement.** Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:
   - complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
   - complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
   - demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

Undergraduate Admission and Audition Procedures

Throughout the year, the Music Department schedules new student audition days (http://uwm.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

Theory & Piano Placement Exams

All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/yc9m9rf5) on the day of their audition. Those with prior piano experience must perform a short composition that best demonstrates their keyboard skills.

Transfer Students

All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

Music Admission Application

To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

Statement of Intent

Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

Audition

All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

Provisional

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

Probation

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

Not Accepted

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

Re-Audition

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

Degree Requirements

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

Performance Ensemble Requirement

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band,
Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

**Performance Ensemble Requirement for Transfer Students**

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

**Recital Attendance and Music Convocation Requirements**

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

**Music Performance Course Enrollment Requirements**

The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

**Music Theory and History Requirements**

The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

**Laptop Requirement**

Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop).

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

 Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500
GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Music, BFA: Voice**

The charge of the Voice Area is to teach skills for future success in music, to offer solid vocal technique and knowledge of vocal health. This training is built upon a foundation of history, theory, and a varied repertoire of vocal music. A spirit of genuine collaboration both within and outside of the voice area offers experiences in many musical styles, fostering future performers, pedagogues and leaders in the arts.

**Foreign Language Requirement**

Completion of the UWM foreign language requirement can be demonstrated by satisfying one of the following options:

- complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or
- complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or
- demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.

Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

### General Electives

May be taken from any area of the University (including Music) to fulfill requirements.

### Undergraduate Admission and Audition Procedures

Throughout the year, the Music Department schedules new student audition days (http://uwm.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUS 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

### Theory & Piano Placement Exams

All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/y99m9r9f5) on the day of their audition. Those with prior piano experience must perform a short composition that best demonstrates their keyboard skills.

### Transfer Students

All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

### Music Admission Application

To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

### Statement of Intent

Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

### Audition

All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department
of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

Provisional
Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

Probation
A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

Not Accepted
Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

Re-Audition
Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

Degree Requirements
All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

Performance Ensemble Requirement
All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women’s Choir, Concert Chorale, Women’s Chorus, University Men’s Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

Performance Ensemble Requirement for Transfer Students
Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

Recital Attendance and Music Convocation Requirements
All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).

Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

Music Performance Course Enrollment Requirements
The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class. Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

Music Theory and History Requirements
The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

Laptop Requirement
Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music
Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/(http://uwm.edu/arts/apply/laptop).

**Location:** Theatre 120  
**Hours:** 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)  
**Contact:** (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Honors in the Major**

Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**

GPA of 3.750 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Music, BFA: Winds, Brass, and Percussion**

The BFA in Music Performance is designed to prepare students for professional performing careers and studio teaching. The goal of the program is to graduate students who are expert performers and knowledgeable music scholars.

There are more than 20 student performing groups at UWM, including the Brass Choir, Collegium Musicum, Jazz Ensemble, Music From Almost Yesterday, Contemporary Music Ensemble, Percussion Ensemble, Symphony Band, Symphony Orchestra, University Band, University Choir, Wind Ensemble, and numerous chamber groups.

• complete with passing grades, prior to enrollment at UWM, at least two consecutive years of high school-level instruction in a single foreign language, or  
• complete with passing grades at least two consecutive semesters (minimum of 6 credits) of college level instruction in a single foreign language, or  
• demonstrate foreign language ability equivalent to two semesters of college-level instruction by means of a satisfactory score on an approved placement, proficiency, departmental or other appropriate examination.  
Foreign language requirements in Music vary based on degree program. Consult individual degree programs for requirements.

Undergraduate Admission and Audition Procedures

Throughout the year, the Music Department schedules new student audition days (http://uwm.edu/arts/apply). In addition to meeting the general University admission requirements, a prospective Music degree candidate must successfully complete an audition in his or her primary performance area (Principal Instrument), and take a music theory and piano placement exam. Composition majors must submit original works as a Composition Portfolio to the Composition faculty for consideration. In certain degree programs, students must successfully pass an audition on a secondary instrument as required. The Music Minor Audition process for lessons: a student can audition either a scheduled audition day, at ensemble auditions, or with area heads and be admitted to lessons at the discretion of the instructor and area head.

Pre-Music Education majors must audition for the certification program with the Music Education Area, while enrolled in MUS ED 350, preferably in their fourth semester.

Students accepted through auditions who lack basic aural, theory, and/or keyboard skills must successfully complete MUSIC 1 and/or MUSPERF 1 in their first year of study. A final grade of B or higher is required to enroll in the subsequent Music Theory and Piano courses.

Theory & Piano Placement Exams

All new freshmen are required to take Theory and Piano Placement exams (https://tinyurl.com/yc9m9rf5) on the day of their audition. Those
with prior piano experience must perform a short composition that best demonstrates their keyboard skills.

**Transfer Students**

All transfer students must audition on their principal instrument, be accepted by the faculty in their course of study, and take placement exams in Music Theory and Piano. Transfer students must enroll in the level of Music Theory recommended by the Theory Area. Undergraduate transfer students who have completed two years at another university, college, or junior college may not be able to graduate with only two years of study at UWM. Students transferring from another Music Education program should contact the Chair of the Music Education area prior to audition.

**Music Admission Application**

To be eligible for acceptance into any Music program, students must first complete a successful audition. Please submit all application materials at least 2 weeks prior to audition date. To schedule an audition or request more information, please email music-admission@uwm.edu. Students interested in department level scholarships must audition by March 1 for priority consideration.

**Statement of Intent**

Upload a 100-word statement describing your desired musical career and how studying at UWM will help prepare you.

**Audition**

All BA and BFA degree programs require an audition on principal instrument or voice. See Undergraduate Audition Requirements (http://uwm.edu/arts/wp-content/uploads/sites/71/2017/01/Music-Undergraduate-Audition-Requirements.pdf) for more information. Auditioning students will attend an orientation, a Department of Music student convocation, and take music theory and piano placement exams. The typical audition day starts at 8:30AM and ends around 2PM. Parents are encouraged to attend. Presentations from Financial Aid, Norris Health Service, and University Housing will be offered.

**Provisional**

Students declared Provisional at the time of auditions could achieve Music major status based on the successful Jury performance at the end of the first semester. Students not performing a successful first semester jury will not be allowed to continue as a Music major and will be dropped from the Music department. Provisional students must take all required first-semester Music courses during the provisional semester.

**Probation**

A Music major who has a studio performance grade of C or lower for two consecutive semesters may be placed on Music Department Probation. (2.75 GPA is required for continuation in the Music Education degree program.) Cleared Probation: Either re-audition or a passing grade for the performance lessons and final Jury is attained during the semester of probation and a cumulative GPA of 2.0 or above.

**Not Accepted**

Prospective students not accepted at their initial audition are allowed one additional audition opportunity.

**Re-Audition**

Required after an absence of two consecutive semesters from the UWM Music Department as a Music major actively progressing toward degree. The returning student must successfully re-audition in their principal area. The Music Education major must re-audition in their principal area and re-interview with the Music Education faculty.

**Degree Requirements**

All Music curricula for the BFA require 125-130 credits, distributed as follows: music courses as specified in each curriculum: 75-80 credits; core curriculum: 45 credits; general electives: 0-9 credits. The BA in Music requires 120 credits, distributed as follows: music courses, 48 credits; core curriculum, 45 credits; general electives, 27 credits.

**Performance Ensemble Requirement**

All Music majors are required to participate in performing organizations during the course of their study. All Performance and Music Education majors must be registered in an approved major performing organization concurrent with each semester of private study. The director of bands, the director of choral activities, and the director of orchestras make ensemble assignments at the beginning of each semester. Only one approved ensemble credit per semester can apply toward degree requirements. For the purpose of fulfilling the Performance Ensemble requirement, the Department of Music recognizes the following approved major performing Ensembles: University Advanced Women's Choir, Concert Chorale, Women's Chorus, University Men's Chorus, University Band, Symphony Band, Wind Ensemble, Jazz Band, Symphony Orchestra, and University Community Orchestra. (Other performance ensembles may be approved in certain degree programs; see individual degree programs below for specific requirements in each area.)

**Performance Ensemble Requirement for Transfer Students**

Credits from an accredited college/university for performing organizations may be granted as follows:

- All transfer students to UWM, regardless of entry level, must take at least two semesters of an approved major performing organization. The performing organization must conform to the individual degree requirements: instrumentalists take band or orchestra, vocalists take choral ensembles;
- Entering sophomores with 30 or more earned credits may only transfer up to two completed semesters of an approved performing organization from another university; and
- Entering juniors with 60 or more earned credits may only transfer up to four completed semesters of an approved performing organization from another university.

**Recital Attendance and Music Convocation Requirements**

All Music majors must attend weekly Music Convocation meetings for a minimum of five semesters. All students entering the Music Department as freshmen are required to take one semester of MUSIC 106 during their freshman year.

All Music majors, excluding transfer students and second degree candidates, must earn 80 recital attendance credits for graduation. This requirement may be met by attending:

- Campus recitals (one attendance credit per recital),
- Weekly departmental Music Convocation (five attendance credits per semester), and
- Off-campus recitals (one attendance credit per recital to a maximum of three per semester).
Transfer students and second degree candidates must earn 10 recital credits (including weekly Music Convocation) for each semester on the UWM campus, to a total of 80, or until the completion of the degree.

**Music Performance Course Enrollment Requirements**
The study of music performance in private lessons, master classes, and seminars is governed by four special conditions:

- Performance courses (lessons) cannot be dropped after the second week of each semester;
- Eligibility for undergraduate Music major private lessons requires a minimum of 4 credits in Music Department courses. Only one ensemble credit can be applied to the 4-credit minimum;
- All Music majors are required to enroll in an approved ensemble concurrent with each semester of Performance lessons; and
- Students enrolled in Music Performance lessons at the 200 level or above must enroll in the appropriate Performance Master Class.

Music Education Majors are not required to take Performance Master Class, but may enroll in Performance Master Class as music electives.

**Music Theory and History Requirements**
The Music Theory core comprises a three-semester sequence of Materials of Theory concurrently with three semesters of Aural Theory. This is followed by a semester of Form Analysis. The Music History core comprises a three-semester sequence of the General History of Western Music. Additional Music Theory and Music History courses are required in all Music degree programs. See individual programs for details.

**Laptop Requirement**
Music students in all areas will be encouraged to have a laptop computer during their course of study in the department. Students in the BFA Music Composition and Technology program will be required to have a laptop computer once they are admitted. Please see requirements posted on the PSOA Laptop Requirement web page: uwm.edu/arts/apply/laptop/ (http://uwm.edu/arts/apply/laptop/).

**Location:** Theatre 120  
**Hours:** 9AM-4PM Monday through Thursday, 9AM-2PM Fridays  
(closed on university holidays)  
**Contact:** (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

**Honors in the Major**
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

**Honors in the Peck School of the Arts**

**Dean’s Honor List**
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

**Honors Degree and Honors Degree with Thesis**
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

**Commencement Honors**
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

**Final Honors**
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

**Music, Minor**
The Minor in Music is designed to provide students with basic knowledge and broad choices in coursework. In addition to enrolling in the required music theory and history core, students will choose from a wide assortment of electives in order to create programs that are uniquely matched to their interests. Please note that the Minor in Music does not meet the Wisconsin Department of Instruction requirements for Music Education licensure. The Music Minor is a flexible and condensed program that allows students to take additional coursework outside of the Music major and or complete a minor in a different area. Led by renowned performing artist faculty, students regularly perform professionally in the greater Milwaukee community while earning their degree.

**Requirements**
Students must complete at least 22 credits to receive the Minor in Music. Students must complete a minimum of 12 credits at UWM:

<table>
<thead>

</table>
consult the Department of Music for specific information regarding these concentrations.

**MM/MLIS Coordinated Degree Program**

In cooperation with the School of Information Studies, the Department of Music offers a MM/MLIS coordinated degree program to prepare students for positions as music librarians. Students in the program will concurrently pursue a Master of Music degree program (with a concentration in Music History and Literature) and a Master of Library and Information Science degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree. For more detailed information on this program see Concentration in Music History and Literature later in this section and the Library and Information Science section of the Bulletin.

**Master of Music (MM) in Performance**

Our degree programs permit concentration in chamber music performance, collaborative piano (vocal or instrumental), conducting, music education, music history and literature, performance (voice or instrument), string pedagogy, and theory and composition. Students should consult the Department of Music for specific information regarding these concentrations.

- Chamber Music Performance
- Collaborative Piano
- Conducting
- Instrumental
- String Pedagogy
- Voice

**Graduate Certificate in Chamber Music Performance**

This 24-credit performer’s certificate is designed for the instrumentalist who is admitted by audition to our Leonard Sorkin International Institute of Chamber Music (ICM). The major focus is to provide professional training experiences in the performance of chamber repertoire, from traditional to contemporary works composed for duos to larger ensembles. This unique program includes a combination of weekly masterclasses, coachings, and private lessons as well as financial and facility support. Students enjoy a dedicated rehearsal and office spaces, professional mentorship, and contest travel finances in addition to generous fellowships.

**MM in Music Education**

This concentration is designed for practicing music educators who wish to advance their knowledge and skills in both music and music pedagogy. An undergraduate degree in music education is required with two years teaching experience in a school setting. The program is intended to build on the student’s understanding of teaching pedagogy in any area of music education (general, choral or instrumental), strengthen the philosophical underpinnings of that teaching, bring to light opportunities for action research within a school setting, and provide additional areas of exploration including applied instrumental or vocal study, conducting technique, music theory and music history.

Core music education courses are offered both in the summer and evenings, some provided in online format. Other courses are offered during the academic year in late afternoon and evening hours.

---

1. The Music Theory Placement exam is optional. The exam determines whether a student will start the theory track with MUSIC 1 or MUSIC 123. Students who do not take the exam will be required to complete the Theory Fundamentals track.

2. Elective Lesson Options: Lessons are not required for the music minor. However, students may take up to four elective credits of lessons. Concurrent enrollment in a large ensemble is required. Lessons are available per successful ensemble audition.

Elective Ensemble Options: Ensembles may be repeated for credit. Students may enroll in the same music ensemble for multiple semesters (up to 8 total and dependent upon audition), and each semester of enrollment fulfills one credit towards the minor. Audition required.

Location: Theatre 120

Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)

Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

**Music, MM**

The Department of Music offers a graduate program of study in music, preparing the student for a career in a performing area, music education, music history and literature, conducting, or theory and composition. The Master of Music program permits concentration in performance (voice or instrument), chamber music performance, conducting, music education, music history and literature, theory and composition, collaborative piano (vocal or instrumental), and string pedagogy. Students should prepare the student for a career in a performing area, music education, music history and literature, conducting, or theory and composition. The Department of Music offers a graduate program of study in music, MM
MM in Music History & Literature
This concentration is designed primarily for students who wish to do advanced study in music history and literature. For some students, the degree is a terminal degree (for example, music teachers who may wish to pursue graduate work in music history rather than in music education), while for others it serves as preparation for the study of musicology at the doctoral level.

MM in Theory and Composition
This concentration is designed for the person possessing creative talent in acquiring and utilizing the techniques and craft of musical composition. We foster development in instrumental, vocal, and electroacoustic composition, with an emphasis on contemporary and experimental techniques. Interested students should preferably have experience in computer notation, midi applications, theory, literature, and analysis pedagogic areas.

MM/MLIS Coordinated Degree Program
In cooperation with the School of Information Studies, the Department of Music offers a M.M./MLIS coordinated degree program to prepare students for positions as music librarians. Students in the program will concurrently pursue a Master of Music degree program (with a concentration in Music History and Literature) and a Master of Library and Information Science degree program. Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

Graduating students have a 97% job placement rate

Imagine yourself in one of these recent alumni roles:
- Collection Services Manager, Princeton University
- Public Services Manager, Princeton University
- Arthur Mendel Music Library – Jennifer Meixelsperger ’15
- Cataloging Lead, Alexander Street Press
- Academic Database Publisher – Jacqueline Brellenthin ’14
- Collection Services Supervisor, Old Dominion University
- The Diehn Composers Room – Maddie Dietrich ’13
- Music Library Coordinator, University of Houston
- MD Anderson Library – Stephanie Lewin-Lane – ’12

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 127</td>
<td>Materials of Theory I</td>
<td>2</td>
</tr>
<tr>
<td>MUSIC 128</td>
<td>Materials of Theory II</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 225</td>
<td>Materials of Theory III</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 123</td>
<td>Aural Theory I</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 124</td>
<td>Aural Theory II</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 226</td>
<td>Aural Theory III</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 230</td>
<td>Form Analysis</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 421</td>
<td>Materials of Contemporary Music</td>
<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpoonan@uwm.edu, 414-229-2286)

2. A one-page resume of the applicant’s performance experience and extracurricular activities.

3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.

4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.
Additional Admission Requirements
Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Credits and Courses
Applicants exhibiting deficiencies in music history will be required to enroll in MUSIC 704, and those exhibiting deficiencies in music theory will be required to enroll in MUSIC 703; these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: MUSIC 680, MUSIC 731, MUSIC 744.

In addition, auditions, entrance exams, other prerequisites, and/or portfolio reviews are required for each concentration.

Program Requirements
Major Professor as Advisor
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies.

Music, MM/Library and Information Science, MLIS
In collaboration with several other academic units at UW-Milwaukee, SOIS offers students the opportunity to obtain two Master’s degrees concurrently—one in Library and Information Science (MLIS) and one in a subject area.

Degree Requirements
• The number of degree credits needed for each of the coordinated programs is usually 12 fewer than the sum of the two programs if they were not taken simultaneously. All degree requirements of each component must be satisfied.
• The MLIS portion of the coordinated degrees can be completed online.
• Prerequisite to the award of either degree in this program is the simultaneous award of its counterpart degree.

MLIS Component
The Master of Library and Information Science (MLIS) component of each of the coordinated programs includes 30 credits of SOIS courses. These include the MLIS core courses (12 credits). The remaining 18 MLIS credits are selected from the School’s offerings in accordance with the student’s goals in the coordinated degree program.

MLIS/MM Music (Music History and Literature concentration only)
The coordinated degree program (54 credits) prepare students in the Music History and Literature concentration for positions as music librarians.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Admission Requirements
Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/Registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course.
in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpnoonan@uwm.edu, 414-229-2286)
2. A one-page resume of the applicant’s performance experience and extracurricular activities.
3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

### Credits and Courses

Minimum degree requirement is 30 graduate credits, 27 of which must be in specified music areas, 3 of which may be in one of the other areas or in a related field.

### Important

You must refer to the catalog pages of both individual master’s programs to ensure that you meet all requirements for both degrees.

### Music, MM: Chamber Music Performance

This concentration is designed for the instrumentalist who is admitted by audition to the Institute of Chamber Music at UW-Milwaukee. The major focus of the Institute of Chamber Music is to provide professional training experiences in the performance of chamber repertoire through well-matched chamber ensembles from duos through large chamber ensembles. The student who successfully completes 24 specified credits and the recital requirement receives a Performer’s Certificate from the Institute; the student who successfully completes 33 specified credits and the other degree requirements receives a Master of Music with a concentration in Chamber Music Performance.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

### Admission Requirements

**Application Deadlines**

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpnoonan@uwm.edu, 414-229-2286)
2. A one-page resume of the applicant’s performance experience and extracurricular activities.
3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Additional Admission Requirements
Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

Credits and Courses
Minimum certificate requirement is 24 credits; minimum master’s degree requirement is 33 credits. Each student follows an integrated curriculum in which all subjects are related and no course is optional.

Total Credits 33

1. Not required in Performer's Certificate.
2. Met at end of program.

Program Requirements
Students in the Institute of Chamber Music are admitted for a two-year program of study. Students are either part of an existing chamber group before entrance or, when admitted, assigned to a group. If the first-year group does not continue for a second year, the student must re-audition for membership in a new or reconstituted group that is acceptable to the faculty in order to continue for a second year of study.

At the end of the first year, each student’s performance is judged by the Director of the Institute in consultation with the members of the ICM advisory committee. If a student does not meet the required performance level, the student is prevented from continuing in the Institute for a second year. The student may, if acceptable to the Department graduate faculty, choose to follow another graduate program in the Department.

The student who successfully completes 24 specified credits and the recital requirement receives a Performer’s Certificate from the Institute; the student who successfully completes 33 specified credits and the other degree requirements receives a Master of Music with a concentration in Chamber Music Performance.

Thesis Recital
The recital should be given no sooner than the final semester of coursework. The student ensemble must present a program which has been approved by the Graduate Committee and by the Director of the Institute of Chamber Music. This requirement applies both to candidates for the MM in Chamber Music Performance and to the student working toward the Performer’s Certificate.

Comprehensive Examination
Comprehensive examinations in both music history and music theory will be required of each student in the MM in Chamber Music Performance concentration. This requirement normally follows successful completion
of a recital requirement. Comprehensives are not required of students seeking the Performer's Certificate.

**Time Limit**
The student must complete all degree or certificate requirements within four years of initial enrollment.

**Music, MM: Collaborative Piano: Instrumental**

This concentration is designed for the music student with an undergraduate degree in piano who wishes to specialize as a collaborative pianist in instrumental repertoire. A student must successfully pass an audition that demonstrates an advanced level of collaborative skill to qualify for admission to the program.

Applicant proposing concentration in Music Performance Collaborative Piano: Instrumental must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Total Credits 32

The program must also include 3 credits in MUSIC 314, if not previously completed.

Program Requirements
Recital
The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee of the Department of Music, and the student must present a satisfactory recital audition before the recital may be scheduled.

Comprehensive Examination
The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Music, MM: Collaborative Piano: Vocal
This concentration is designed for the music student with an undergraduate degree in piano who wishes to specialize as a collaborative pianist in the vocal repertoire.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

The program must also include 3 credits in MUSIC 314, if not previously completed.

For Vocal Collaborative majors: proficiency in French, German, and Italian diction is determined through a reading of song and aria texts for collaborative and voice faculties. Students whose diction skills are deficient are required to enroll in the appropriate course without degree credit. Completion of the course with a grade of B or better satisfies the deficiency.

Program Requirements

Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee of the Department of Music, and the student must present a satisfactory recital audition before the recital may be scheduled.

Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

Time Limit

The student must complete all degree requirements within five years of initial enrollment.

Music, MM: Conducting: Choral Emphasis

This concentration is designed primarily for the student with an undergraduate degree in music education or performance who wishes to pursue advanced training in Conducting: Choral Emphasis plus related studies in music performance and allied areas. A student must successfully pass an audition that demonstrates an advanced level of conducting skill to qualify for admission to the program. Students may also have to pass other audition(s) in performance area(s), depending on their focus.
Applicant proposing concentration in Music Performance Conducting: Choral Emphasis must demonstrate outstanding performance and conducting skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should consult faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 127</td>
<td>Materials of Theory I</td>
<td>2</td>
</tr>
<tr>
<td>MUSIC 128</td>
<td>Materials of Theory II</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 225</td>
<td>Materials of Theory III</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 123</td>
<td>Aural Theory I</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 124</td>
<td>Aural Theory II</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 226</td>
<td>Aural Theory III</td>

</tr>
<tr>
<td>MUSIC 230</td>
<td>Form Analysis</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 421</td>
<td>Materials of Contemporary Music</td>
<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286)
2. A one-page resume of the applicant’s performance experience and extracurricular activities.
3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Additional Admission Requirements
Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Credits and Courses
A student must successfully pass an audition which demonstrates an advanced level of conducting skill to qualify for admission to the program. Students may also have to pass other audition(s) in performance area(s), depending on their focus.

Choral Conducting students will take the UWM Basic Diction MUS ED 249 Final Exam upon entrance into the M.M. degree program. If deficiencies are found, students will take MUS ED 249 as a prerequisite course that will not count toward earned degree credits.

Minimum degree requirement is 31 graduate credits, 29 of which must be in specified music areas, 2 of which may be in one of the other areas or in a related field.

Conducting
Music, MM: Conducting: Instrumental

This concentration is designed primarily for the student with an undergraduate degree in music education or performance who wishes to pursue advanced training in Conducting: Instrumental plus related studies in music performance and allied areas. A student must successfully pass an audition that demonstrates an advanced level of conducting skill to qualify for admission to the program. Students may also have to pass other audition(s) in performance area(s), depending on their focus.

Applicant proposing concentration in Music Performance Conducting: Instrumental must demonstrate outstanding performance and conducting skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uw.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Program Requirements

Thesis (Public Performance)
The student must present a recital demonstrating conducting abilities. Performance of literature from a variety of style periods, including a twentieth-century composition by an American composer, should be included. The proposed program must be approved by the Graduate Committee before the recital may be scheduled. Candidates must also prepare a written document, following all procedures as dictated by the Graduate Committee, in consultation with their main advisor. (The student should consult with the primary faculty advisor for individual area guidelines.)

Comprehensive Examination
The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the thesis requirement.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

**Comprehensive Examination**
The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the thesis requirement.

**Time Limit**
The student must complete all degree requirements within five years of initial enrollment.

**Music, MM: Music Education**

This concentration is designed for practicing music educators who wish to advance their knowledge and skills in both music and music pedagogy. An undergraduate degree in music education is required with two years teaching experience in a school setting. The program is intended to build on the student’s understanding of teaching pedagogy in any area of music education (general, choral or instrumental), strengthen the philosophical underpinnings of that teaching, bring to light opportunities for action research within a school setting, and provide additional areas of exploration including applied instrumental or vocal study, conducting technique, music theory and music history.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished...
Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

**Application Requirements**

**Admission**

<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpnoonan@uwm.edu, 414-229-2286)
2. A one-page resume of the applicant's performance experience and extracurricular activities.

3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

**Additional Admission Requirements**

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicant must have an undergraduate degree in music education with certification and teaching experience, except by special permission.

Applicant should contact faculty in the Music Education area to inquire about other entrance requirements.

An audition is required only if the applicant plans to take performance lessons, or if an audition is required for acceptance into an emphasis program (instrumental conducting or choral conducting).

**Concentration Admission**

The same requirements apply as those stated under Master of Music except that the audition is only required if the student plans to take performance lessons at the 700 level, or if an audition is required for acceptance into an emphasis program (instrumental conducting or choral conducting). Applicants should have an undergraduate degree in music education with certification and teaching experience except by special permission.

**Credits and Courses**

Minimum degree requirement is 30 graduate credits.

Program Requirements

Thesis or Final Project
A formal written thesis, lecture/recital, composition with pedagogical intent and analysis, major annotated bibliography, curriculum synthesis, or other type of music education project is required. The student must submit a written proposal to the major advisor to be approved by the Graduate Committee prior to registration.

Examination in the Major
The student must pass a final written examination in music and music education. This exam will reflect the nature of the student’s program of studies. Further questions concerning the exam should be directed toward the student’s major advisor.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Music, MM: Music History and Literature
This concentration is designed primarily for students who wish to do advanced study in music history and literature. For some students, the degree is a terminal degree (for example, music teachers who may wish to pursue graduate work in music history rather than in music education), while for others it serves as preparation for the study of musicology at the doctoral level.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Application Requirements

Select one of the following: 3-30 credit hours

- 3 credits of General Electives (UG or G)
- 30 credits in Library Science if M.M./MLIS major

Total Credits: 30-57

The program must also include:

- MUSIC 314, if not previously completed.
- Reading knowledge of German, French or Italian (see below for specific details).

Program Requirements

**Language Requirement**
Candidates for the Master of Music degree with a concentration in Music History and Literature must demonstrate a reading knowledge of German, French, or Italian. The examiner, a member of the music history faculty, will choose several paragraphs totaling approximately 500 words taken from a suitable book or periodical article approved by the advisor, and dealing with a musical topic, and ask for a written translation. The candidate may use a dictionary. The results of the test will be communicated by the examiner to the Music History and Literature area Chair. Candidates failing the exam the first time may take it a second time, provided an appropriate interval has elapsed.

**Thesis**
The student must submit an acceptable thesis or thesis equivalent, which must be read and approved by both the student’s thesis advisor and a second reader belonging to the Graduate Faculty. Appropriate thesis equivalents may be:

1. Two revised or expanded seminar papers totaling between 30 and 40 pages of text; or
2. One revised or expanded seminar paper, plus one of the following:
   - A comprehensive review essay of an edition or major musical monograph.
   - A concentrated study of the life and work of a musician or musical scholar.

**Comprehensive Examination**
The student must pass final written comprehensive examinations in both music history and music theory.

**Time Limit**
The student must complete all degree requirements within five years of initial enrollment.

**Music, MM: Performance: Guitar**

This concentration is designed for the music student who wishes to concentrate primarily on the major performing skill. The student may specialize in either classical, finger-style, or jazz guitar. A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

Applicant proposing concentration in Music Performance Guitar must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM. Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 703), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 704); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

**Major Professor as Advisor**
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286)

**Application Deadlines**
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.
Application Requirements

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 127</td>
<td>Materials of Theory I</td>
<td>2</td>
</tr>
<tr>
<td>MUSIC 128</td>
<td>Materials of Theory II</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 225</td>
<td>Materials of Theory III</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 123</td>
<td>Aural Theory I</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 124</td>
<td>Aural Theory II</td>
<td>1</td>
</tr>
<tr>

<td>Aural Theory III</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 230</td>
<td>Form Analysis</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 421</td>
<td>Materials of Contemporary Music</td>
<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpnoonan@uwm.edu, 414-229-2286)
2. A one-page resume of the applicant’s performance experience and extracurricular activities.
3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.
4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Additional Admission Requirements
Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition.

Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

Credits and Courses
Minimum degree requirement is 30 graduate credits, 28 of which must be in specified music areas, 2 of which may be in one of the other areas or in a related field.

The program must also include 3 credits in MUSIC 314, if not previously completed.

Program Requirements

Recital
The recital should be given no sooner than the final semster of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. Instrumental recitals include solo/concerto style works and collaborative chamber works. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee, and the student must present a satisfactory recital audition before the recital may be scheduled.

Comprehensive Examination
The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

Ensemble Participation
The student of violin, viola, violoncello, or contrabass is required to participate in Symphony Orchestra each semester in which the student is registered for music performance in the major instrument. Two of these semesters (2 credits) fulfill the Orchestra requirement for the degree.
A maximum of 2 additional semesters (2 credits) of Orchestra may be applied toward the master's degree. All other students, vocal as well as instrumental (except those with keyboard or guitar concentrations), are required to be enrolled in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Music, MM: Performance: Keyboard

This concentration is designed for the music student with an undergraduate degree in piano who wishes to specialize as a collaborative pianist in performance and repertoire. A student must successfully pass an audition that demonstrates an advanced level of collaborative skill to qualify for admission to the program.

Applicant proposing concentration in Music Performance Keyboard must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Major Professor as Advisor
The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpnoonan@uwm.edu, 414-229-2286)

**Time Limit**

The student must complete all degree requirements within five years of initial enrollment.

---

**Music, MM: Performance: Percussion**

This concentration is designed for the music student who wishes to concentrate primarily on the major performing skill in percussion. A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

Applicant proposing concentration in Music Performance Percussion must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished
Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Music, MM: Performance: Vocal Emphasis
This concentration is designed for the music student who wishes to concentrate primarily on the major performing skill.

Applicant proposing concentration in Music Performance Vocal Emphasis must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

While prospective students are not required to submit Graduate Record Examination (http://uw.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished...
Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

**Application Requirements**

**Application Deadlines**
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 127</td>
<td>Materials of Theory I</td>
<td>2</td>
</tr>
<tr>
<td>MUSIC 128</td>
<td>Materials of Theory II</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 225</td>
<td>Materials of Theory III</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 123</td>
<td>Aural Theory I</td>
<td>1</td>
</tr>
<tr>
<td>MUSIC 124</td>
<td>Aural Theory II</td>
<td>1</td>

<td>3</td>
</tr>
<tr>
<td>MUSIC 421</td>
<td>Materials of Contemporary Music</td>
<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286)

2. A one-page resume of the applicant’s performance experience and extracurricular activities.

3. A one-page statement addressing the applicant’s reasons for wishing to pursue a degree program at UWM, the applicant’s career goals, and what he or she intends to do with a UWM degree.

4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

**Additional Admission Requirements**
Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicant proposing concentration in Music Performance or Collaborative Piano must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant’s performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

Applicant proposing voice studies must demonstrate undergraduate study or other proficiency in two foreign languages. A voice diagnostic exam will be given at the audition in the areas of diction, literature, pedagogy and related vocal subjects to determine proficiency.

A student must successfully pass an audition at an advanced level of performance to qualify for admission to the program.

**Credits and Courses**
Minimum degree requirement is 30 graduate credits, 28 of which must be in specified music areas, 2 of which may be in one of the other areas or in a related field.

The program must also include 3 credits in MUSIC 314, if not previously completed.

**Program Requirements**

**Recital**
The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. Instrumental recitals include solo/concerto style works and collaborative chamber works. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee, and the student must present a satisfactory recital audition before the recital may be scheduled.

**Comprehensive Examination**
The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

**Ensemble Participation**
The student of violin, viola, violoncello, or contrabass is required to participate in Symphony Orchestra each semester in which the student is registered for music performance in the major instrument. Two of these semesters (2 credits) fulfill the Orchestra requirement for the degree. A maximum of 2 additional semesters (2 credits) of Orchestra may be applied toward the master's degree. All other students, vocal as well as instrumental (except those with keyboard or guitar concentrations), are required to be enrolled in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument.

**Time Limit**
The student must complete all degree requirements within five years of initial enrollment.

**Music, MM: Performance: Woodwinds, Brass, and Percussion**
This concentration is designed for the music student who wishes to concentrate primarily on the major performing skill. The student may specialize in either woodwinds, brass, or percussion.

Applicant proposing concentration in Music Performance Woodwinds, Brass, or Percussion must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM. Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

**Major Professor as Advisor**
The student must have a major professor to advise and supervise the student's studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tnoonan@uwm.edu, 414-229-2286)

**Admission Requirements**

**Application Deadlines**
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

**Admission**
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

The program must also include 3 credits in MUSIC 314, if not previously completed.

Program Requirements

Major Professor as Advisor

The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. A student who is not assigned to an advisor at time of admission should immediately contact the Director of Graduate Studies.

Recital

The recital should be given no sooner than the final semester of coursework. The student must present a recital which shows his or her capabilities with various styles including repertoire selected from diverse historical and/or international origins. Programs will comprise a full-length recital. Instrumental recitals include solo/concerto style works and collaborative chamber works. The recital program should be chosen in consultation with the applied teacher with whom the student intends to prepare the recital. The proposed program must be approved by the Graduate Committee, and the student must present a satisfactory recital audition before the recital may be scheduled.

Comprehensive Examination

The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

Ensemble Participation

The student of violin, viola, violoncello, or contrabass is required to participate in Symphony Orchestra each semester in which the student is registered for music performance in the major instrument. Two of these semesters (2 credits) fulfill the Orchestra requirement for the degree. A maximum of 2 additional semesters (2 credits) of Orchestra may be applied toward the master’s degree. All other students, vocal as well as instrumental (except those with keyboard or guitar concentrations),
are required to be enrolled in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument.

**Time Limit**
The student must complete all degree requirements within five years of initial enrollment.

**Music, MM: String Pedagogy**
This concentration is designed for the music student who wishes to concentrate primarily on the pedagogy of his/her major performing string instrument. A student must successfully pass an audition at a satisfactory level of performance for admission to the program.

Applicant proposing concentration in Music Performance String Pedagogy must demonstrate outstanding performance skills. An on-site audition is required; in extreme cases, recorded examples of an applicant's performance may be accepted in lieu of an in-person audition. Applicant should contact faculty in the appropriate performance area to inquire about specific audition repertoire and procedures.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of "B" or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

### Application Requirements

#### Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

#### Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus these departmental requirements to be considered for admission to the program:

1. Undergraduate music course background must include adequate preparation in music theory demonstrated through satisfactory completion of the following or equivalent courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MUSIC 127</td>

</tr>
<tr>
<td>MUSIC 230</td>
<td>Form Analysis</td>
<td>3</td>
</tr>
<tr>
<td>MUSIC 421</td>
<td>Materials of Contemporary Music</td>
<td>3</td>
</tr>
</tbody>
</table>

2. Preparation in music history and literature must be demonstrated through satisfactory completion of a two-semester survey course in development of music from earliest times to the present plus one semester of more specialized music history.

In addition to the application materials required by the Graduate School, those seeking admission to the Master of Music degree program must submit the following to the Director of Graduate Studies, Department of Music:

1. A Graduate Music Application (available upon request from the Department of Music, Dr. Timothy Noonan tpoonan@uwm.edu, 414-229-2286)

2. A one-page resume of the applicant's performance experience and extracurricular activities.

3. A one-page statement addressing the applicant's reasons for wishing to pursue a degree program at UWM, the applicant's career goals, and what he or she intends to do with a UWM degree.

4. Three letters of recommendation.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master's degree at UWM.

#### Additional Admission Requirements
Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicant should contact faculty in the appropriate string and String Pedagogy areas to inquire about audition and additional entrance requirements.

A student must successfully pass an audition at a satisfactory level of performance for admission to the program.

#### Credits and Courses

Minimum degree requirement is 34 graduate credits, all of which must be in specified music areas.
Program Requirements

Recital and Lecture Demonstration
The recital and lecture demonstration may be given at any time before the completion of the degree program.

The recital consists of two parts:

1. A performance of a minimum of 30-45 minutes of music that has been approved by the major teacher
2. A lecture totaling approximately 30 minutes to be given before, during, or after the recital, in which the candidate discusses one or more pieces to be performed on the recital program, with emphasis on pedagogical values of the piece(s), the difficulties, and how they are overcome

Comprehensive Examination
The student must pass final comprehensive examinations in both music history and music theory. This requirement normally follows successful completion of the recital requirement.

Ensemble Participation
The student is required to participate in an approved performing organization each semester in which the student is registered for music performance instruction in the major instrument; in two of these semesters the student must be enrolled in Symphony Orchestra for credit (see Performance Credits above).

Time Limit
The student must complete all degree requirements within five years of initial enrollment.

Music, MM: Theory and Composition

This concentration is designed for the person possessing creative talent in acquiring and utilizing the techniques and craft of musical composition through theory, literature and analysis. We foster development in instrumental, vocal, and electro-acoustic composition, with an emphasis on contemporary and experimental techniques. Interested students should preferably have experience in computer notation, midi applications, theory, literature, and analysis pedagogic areas.

Applicant must submit a portfolio of original compositions which could include CD/DVD/computer software files/midi programs in addition to at least one excerpt and one complete composition in conventional notation or analytical research paper(s) or presentations submitted or presented in a regional or national theory society organization, computer assisted analysis or presentation in such areas as Schenkerian analysis or Spectromorphology in acoustic, electronic or acoustic theory.

While prospective students are not required to submit Graduate Record Examination (http://uwm.edu/graduateschool/admission/#gre) scores, they are strongly advised to take these tests before or early in their graduate work if they wish to be considered for a UWM Distinguished Graduate Student Fellowship or if they plan to continue their graduate work after completing a master’s degree at UWM.

Diagnostic examinations in both music history and music theory are required of all entering and transferring graduate students before their first semester of study at UWM. Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

Applicants exhibiting deficiencies in music history will be required to enroll in Graduate Music History (Music 704), and those exhibiting deficiencies in music theory will be required to enroll in Graduate Theory Foundations (Music 703); these courses must be passed with a minimum grade of “B” or better. Additionally, other areas of deficiency may require further review. Graduate Music History may count toward the degree as an elective. Credits earned in making up deficiencies in music theory do not count toward the degree. The following courses are recommended to fulfill the graduate theory elective requirement: Music 680, 731, 744.

Exceptions will be granted in extenuating circumstances. In no case will students be allowed to proceed beyond the first year of graduate study without having taken the diagnostic exams. These examinations assist the faculty in determining whether the student may proceed with required graduate courses, or whether they first need to remove deficiencies.

### Concentration Admission

Applicant should preferably have experience in computer notation, MIDI applications, theory, literature, and analysis.

Applicant must submit a portfolio of original compositions, which could include CD / DVD / computer software files / MIDI programs and must include at least one excerpt and one complete composition in conventional notation.

Applicant also could include one or both of the following:

1. Analytical research papers or presentations submitted or presented at regional or national theory, composition, or computer music conferences.
2. Computer-assisted analysis or presentations in such areas as Schenkerian analysis, spectromorphology in acoustic, electronic, or acoustic theory.

Applicant should possess keyboard proficiency of a level permitting the candidate to sight-read music of moderate difficulty and performance capability of compositions at the level of an early Beethoven sonata or Bach's Two-part Inventions.

### Credits and Courses

Minimum degree requirement is 32 graduate credits, including:

Electives must be chosen in accordance with the needs of the individual candidate and with the advice and consent of the advisor or major professor.

### Program Requirements

#### Thesis

The candidate for the Master of Music degree must complete one of the following:

- A composition of significant breadth will serve as the thesis for the M.M. in Music Theory and Composition. It may be for large or chamber ensemble with or without electronic component or for the electronic medium alone. Completion of the thesis must include its public performance. If the thesis composition is written for a large
university ensemble (orchestra, wind ensemble, choir) a hearing of a single rehearsal of the entire composition will suffice.

• A research project which shall be either a paper or a theoretical program evidencing both a capacity for research and originality in creative analysis or computer composition application evidencing both research capabilities and analytical insight.

Comprehensive Examination
The student must pass final comprehensive examinations in both music history and music theory.

Time Limit
The student must complete all degree requirements within seven years of initial enrollment.
THEATRE

The Theatre Department's mission is to educate students in the practice and study of theatre and to encourage students' creative and critical development. It supports the application of theatre skills in lasting, strong, and meaningful ways throughout their lives.

Our urban setting provides access to a thriving professional arts community with opportunities to engage with the region's many cultural groups and institutions through service learning, internships, and fieldwork. These experiences support students interested in developing as artists, educators, and scholars and by actively encouraging them to be theatre makers.

Theatre study, in all degree programs within the department, begins with a common core of course experiences designed to provide learning opportunities encouraging participants to engage with theatre as a way of seeing, understanding, and communicating culture.

Programs

- Arts and Social Entrepreneurship, Undergraduate Certificate
  (p. 312)
- Theatre Teaching Certification, Minor (p. 313)
- Theatre, BA (p. 313)
- Theatre, BFA: Performance (p. 318)
- Theatre, BFA: Production (p. 323)
- Theatre, Minor (p. 326)

Theatre Courses

THEATRE 100 Introduction to the Theatre
3 cr. Undergraduate.
Introduction to the theatre as a form of artistic, social and human expression from point-of-view of both theatre audience and theatre artist.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 101 Acting for Non-majors
3 cr. Undergraduate.
An introduction to basic acting techniques of personalization, focus, and scene study explored through participatory and collaborative exercises and assignments.
Prerequisites: Non-Theatre major.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 108 Introduction to Musical Theatre
3 cr. Undergraduate.
Techniques of acting and singing in the performance of musical theatre. Classroom exercises, lectures, and classroom performance assignments.
Prerequisites: none.
Course Rules: May be retaken to max of 6 cr.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

THEATRE 110 Fundamentals of the Actor's Process
3 cr. Undergraduate.
Basic acting techniques of personalization, focus of attention, theatricality and scenic truth explored through exercises, improvisation, development of ensemble and solo and partnered performance
Prerequisites: Theatre major or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 111 Theatre Games
3 cr. Undergraduate.
An introduction to a wide variety of improvisations and games which are designed to free and channel the self expression of performers and non-performers.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 120 Performance and Popular Culture
3 cr. Undergraduate.
Elements of theatre in live performance, television programs, periodical and television advertisements, film, and music video.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Spring 2017, Fall 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 150 Multicultural America:
3 cr. Undergraduate.
Cross cultural study of US ethnic and racial identities through materials drawn from a variety of theatrical arts practices.
Prerequisites: none
Course Rules: May be retaken w/chg in topic to 6 cr max.
General Education Requirements: A, CD
Current Offerings: http://uwm.edu/schedule

THEATRE 202 Theatre Practicum
1-4 cr. Undergraduate.
Practical work on live performance productions. Credit earned by serving on publicity, house, stage, sound, light, or costume crews, or by stage managing or performing.
Prerequisites: Theatre 214(P), 225(P), 275(P); or cons instr.
Course Rules: May be retaken to max of 4 cr.
Last Taught: Summer 2015, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 204 Theatre and Social Change
3 cr. Undergraduate.
Introduction to the study, methodologies, and practice of participatory theatre including happenings, environmental theatre, therapeutic theatre, and celebratory theatre.
Prerequisites: none
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule
THEATRE 213 Play Analysis
3 cr. Undergraduate.
Methods of analysis of the dramatic text for production; the elements of a play through discussion and written analysis of selected works.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 214 Stagecraft
4 cr. Undergraduate.
Principles and practices of theatrical construction techniques for scenery and props, lighting and sound installation emphasizing safety and craftsmanship. Requires scheduled work in production studios under faculty supervision.
Prerequisites: none
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 215 Properties Production
3 cr. Undergraduate.
Introductory properties shop/management artisan skills with basic construction and finishing techniques for stage properties.
Prerequisites: none
Current Offerings: http://uwm.edu/schedule

THEATRE 218 Computer Modeling and Graphics for Live Performance
3 cr. Undergraduate.
Development of basic techniques in computer aided design and graphic arts for the theatre.
Prerequisites: none
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule

THEATRE 219 Computer Assisted Drafting for the Theatre
3 cr. Undergraduate.
Development of skills in computer aided drafting techniques for scenery, properties, and lighting.
Prerequisites: Theatre 218(P) or cons instr.
Course Rules: Specific computer hardware and/or software is required. Check with instr for specifics.
Current Offerings: http://uwm.edu/schedule

THEATRE 224 Make-Up
3 cr. Undergraduate.
Emphasis on materials, effects of light, color and character analysis.
Prerequisites: none
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 225 Costume Construction
4 cr. Undergraduate.
Mechanics and technology of art of costuming. All aspects of costumer's craft surveyed including practical work in shop.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 230 Acting 2: Text and Performance
3 cr. Undergraduate.
Basic acting techniques in realism and extended realism through scene work and exercises exploring dramatic action, focus of attention and script analysis.
Prerequisites: Theatre 110(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

THEATRE 231 Introduction to Voice and Speech
3 cr. Undergraduate.
Lectures and exercises designed to begin the development of a more open, resonant, and flexible speaking voice for everyday use.
Prerequisites: none.
Last Taught: Fall 2017, Spring 2015, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 236 Theatre Production and Design
3 cr. Undergraduate.
Design process exploring styles, methods, and presentation for scenery and costumes in traditional and non-traditional theatre.
Prerequisites: Theatre 214(P) or 225(P
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 260 Storytelling:
3 cr. Undergraduate.
Development of skills to locate, analyze, and tell stories from multicultural sources and ranging from personal experience to myths and legends.
Prerequisites: none, except as required for specific topic.
Course Rules: May be retaken w/chg in topic to max of 3 sem.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

THEATRE 275 Performing Arts Management
3 cr. Undergraduate.
Exploration of stage and theatre management processes including rehearsal and production management techniques and introductory management principles for non-profit theatre
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 285 Costume Construction 2
3 cr. Undergraduate.
Construction of costumes; advanced tailoring techniques, practical application of classwork in costume shop.
Prerequisites: Theatre 225(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

THEATRE 301 Theatrical Millinery
3 cr. Undergraduate.
Projects in costume accessory construction. Emphasis on millinery and hat blocking.
Prerequisites: Theatre 225(P) or cons instr.
Last Taught: Fall 2016, Fall 2014, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule
THEATRE 303 Introduction to Design and Production for Performance
3 cr. Undergraduate.
Exploring design concepts for performance / theatrical production environments. Emphasis on different production styles, creativity, and design collaboration.
Prerequisites: none.
General Education Requirements: A
Last Taught: Spring 2017, Fall 2015, Spring 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 304 Costume Design
3 cr. Undergraduate.
Designing the play, understanding the basic principles of costume design. Rendering technique, color theory and the elements of design are covered.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THEATRE 305 The Theatrical Experience:
3 cr. Undergraduate.
Performances, demonstrations, and lectures focusing on specific aspects of theatrical production. Attendance at live theatrical performances required
Prerequisites: none.
Course Rules: May be retaken w/chg in topic to 9 cr max.
General Education Requirements: A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 308 Advanced Makeup:
3-6 cr. Undergraduate.
Advanced Makeup techniques for stage and film.
Prerequisites: Theatre 224(P); or cons instr.
Course Rules: Counts as repeat of Theatre 690. May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 311 Advanced Improvisation
3 cr. Undergraduate.
Advanced study in a wide variety of long-form acting improvisations designed to free and channel self expression of performers and non-performers.
Prerequisites: Theatre 111(P) or cons instr. Improvisational performance attendance required.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 314 Special Effects for Stage Scenery
3 cr. Undergraduate.
Practical design, fabrication and installation of scenic effects emphasizing the use of pneumatics, electric motors and sensors.
Prerequisites: Theatre 214(P).
Last Taught: Fall 2017, Fall 2014, Fall 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

THEATRE 315 Advanced Properties Production
3 cr. Undergraduate.
Exploring advanced prop making processes and products for the stage and studio.
Prerequisites: Theatre 215(P) or 225(P) or cons instr.
Last Taught: Fall 2015, Fall 2013, Fall 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

THEATRE 318 Scene Design
3 cr. Undergraduate.
Development of design sensibility for stage set design from script analysis, research, and initial concept to model making of final design.
Prerequisites: Theatre 236(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

THEATRE 319 Scenic Painting
3 cr. Undergraduate.
Development of skills in stage painting techniques for scenery and properties.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THEATRE 320 Arts and Social Entrepreneurship
3 cr. Undergraduate.
Exploring the development of communities through cultural and performing practices through community-based work in the arts.
Prerequisites: Theatre 204(P) or 260(460)(P) or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2013.
Current Offerings: http://uwm.edu/schedule

THEATRE 321 The Theatre: Beginnings Through Realism
3 cr. Undergraduate.
Study of the development of theatre art and its practice, performance, and scripts, from classical antiquity through the 19th century.
Prerequisites: soph st; satisfaction of GER OWC-A req.
General Education Requirements: OWCB, A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 322 The Theatre: Modern and Contemporary Period
3 cr. Undergraduate.
Study of the development of theatre art and its practice, performance, and scripts from 1900 to the present.
Prerequisites: soph st; satisfaction of GER OWC-A req.
General Education Requirements: OWCB, A
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 323 Special Topics in World Theatre:
3 cr. Undergraduate.
Exploration of theatre and ritual in cultures and countries around the world.
Prerequisites: May be retaken with chg in topic to 6 cr max; Theatre 321(P) or 322(P) or cons instr.
Last Taught: Spring 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule
THEATRE 324 Theatre in the Americas: Latin American, Caribbean, and Latina/o Theatre
3 cr. Undergraduate.
Survey of Latin American, Caribbean, and U.S. Latina/o theatre and performance. History and cultures of the Americas that shape these productions.
Prerequisites: js st.
Course Rules: Counts as repeat of LACS 324 or Latino 324. LACUSL 324 & Theatre 324 are jointly-offered; they count as repeats of one another.
General Education Requirements: A, CD
Last Taught: Fall 2016, Spring 2015, Fall 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 325 History of Costume
3 cr. Undergraduate.
Study of costume and fashion from Egyptians to present. Emphasis on the sociological and cultural changes in patterns of dress and behavior.
Prerequisites: none.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

THEATRE 327 The Digital Theatre - Pocket Tech
3 cr. Undergraduate.
Using everyday technology to explore burgeoning digital storytelling techniques fundamental to theatre arts.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THEATRE 330 Acting Topics:
3 cr. Undergraduate.
Exploration of advanced acting techniques through various topic changes.
Prerequisites: Theatre 230(P); & cons instr.
Course Rules: May be retaken with change in topic.
Current Offerings: http://uwm.edu/schedule

THEATRE 332 Tailoring
3 cr. Undergraduate.
Construction of costume: tailoring techniques with an emphasis on textiles, cutting, fitting, and alterations.
Prerequisites: Theatre 285(P).
Last Taught: Spring 2015, Spring 2013, Spring 2011, Fall 2009.
Current Offerings: http://uwm.edu/schedule

THEATRE 337 Sound Production and Digital Editing for Stage and Studio
3 cr. Undergraduate.
Exploration of sound recording and playback techniques for live performance including digital editing and computer based show control systems.
Prerequisites: none.
Last Taught: Spring 2017, Spring 2015, Spring 2013, Fall 2010.
Current Offerings: http://uwm.edu/schedule

THEATRE 338 Lighting Production
3 cr. Undergraduate.
Hands-on exploration of seeing, making, and controlling light with emphasis on its practical application in live performance, video/film, architecture, and experiential design.
Prerequisites: none.
Last Taught: Fall 2016, Fall 2014, Fall 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

THEATRE 339 Stage Combat
3 cr. Undergraduate.
Basic techniques of unarmed stage combat focusing on safety, partnering skills, and technical proficiency.
Prerequisites: none.
Last Taught: Fall 2009.
Current Offerings: http://uwm.edu/schedule

THEATRE 343 Patternmaking and Draping
3 cr. Undergraduate.
Introduction to principles of draping techniques applied to stage costumes.
Prerequisites: Theatre 343(P).
Last Taught: Fall 2015, Fall 2013, Spring 2012, Spring 2011.
Current Offerings: http://uwm.edu/schedule

THEATRE 354 Draping
3 cr. Undergraduate.
Introduction to principles of draping techniques applied to stage costumes.
Prerequisites: Theatre 343(P).
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 357 Digital Audio Workstations for Stage and Studio
3 cr. Undergraduate.
Explore computer technology technology to create, manipulate, edit and render digital audio for performance and recording. Music, sound effects, synthesis, and MIDI are focus topics.
Prerequisites: none, online course.
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 359 Playwriting
3 cr. Undergraduate/Graduate.
Playwriting process through in-class exercises, writing assignments, critical analysis, and discussion.
Prerequisites: jr st
Course Rules: May be retaken w/ chg in topic to max of 6 cr.
Last Taught: Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

THEATRE 360 Theatre Practices:
1-6 cr. Undergraduate.
Applied theatre practices and/or performance projects, that are developed through research, service-learning or in community settings.
Prerequisites: Theatre 260(460)(P) or cons instr.
Course Rules: May be retaken w/ chg in topic to max of 6 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 380 Stage Management
3 cr. Undergraduate.
Development of skills for the successful management of theatrical productions from auditions through rehearsal and performance.
Prerequisites: none.
Last Taught: Spring 2018, Fall 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule
THEATRE 400 Foundations
1 cr. Undergraduate.
Exercises from various disciplines to stretch, energize, and prepare for the
day's work in acting and production.
Prerequisites: Admis. to Theatre BFA Acting track.
Course Rules: None.
Last Taught: Spring 2012, Fall 2011, Spring 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

THEATRE 401 Fabric Painting and Dyeing
3 cr. Undergraduate.
Study and practical work in dyeing and painting fabrics for stage
purposes.
Prerequisites: Theatre(ThrPTTP) 225(P) or 215(P); or cons instr
Last Taught: Fall 2015, Fall 2013, Fall 2011, Spring 2010.
Current Offerings: http://uwm.edu/schedule

THEATRE 407 Contemporary Theatre Performance:
1-3 cr. Undergraduate.
Study of plays and current productions, playwrights, directors, actors, and
theatrical practices in selected cities. Credits determined in consultation
with instructor.
Prerequisites: none.
Course Rules: May be retaken w/chg in topic.
General Education Requirements: A
Current Offerings: http://uwm.edu/schedule

THEATRE 408 Acting in Musical Theatre
3 cr. Undergraduate.
Scene study in musical theatre, developing character through song, movement and text.
Prerequisites: Theatre 110(P) or cons instr.
Last Taught: Fall 2016, Fall 2014, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

THEATRE 410 Stage Directing
3 cr. Undergraduate/Graduate.
Basic skills of staging, play analysis, rehearsal technique, and production organization.
Prerequisites: jr st; Theatre 213(P) & 230 (P); or cons instr.
Last Taught: Fall 2017, Fall 2016, Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

THEATRE 412 Career Preparation and Development
1-2 cr. Undergraduate.
Explore theatre careers, research job search methods/ processes-
portfolio, resume, webpages- for job interviews/auditions and create a
long-range career plan.
Prerequisites: none.
Course Rules: May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 415 Casting and Molding for the Stage
3 cr. Undergraduate.
Study of one-part and two-part molding and casting applications
including sculpting for mask making and stage properties.
Prerequisites: Theatre 215(P) or 225(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

THEATRE 418 Lighting Studio
3 cr. Undergraduate.
Exploration of elements and principles of lighting design and creative
design process.
Prerequisites: none.
Last Taught: Fall 2017, Fall 2015, Fall 2013, Spring 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 430 Stage Voice and Speech 1
3 cr. Undergraduate.
Exploration of vocal anatomy, breath and breath support for speech, individual vocal habits and the actor's vocal warm-up.
Prerequisites: Admis to Theatre BFA Acting track.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 431 Stage Voice and Speech 2
3 cr. Undergraduate.
Continuation of Theatre 430.
Prerequisites: Theatre 430(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 432 Advanced Theatre Practicum
1-6 cr. Undergraduate.
Advanced level practical work on live stage or studio events in any area of production, design, management or performance.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 433 Stage Voice and Speech 3
3 cr. Undergraduate.
Continuation of Theatre 432.
Prerequisites: Theatre 432(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 434 Stage Voice and Speech 4
3 cr. Undergraduate.
Continuation of Theatre 433.
Prerequisites: Theatre 433(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 435 Production Management
3 cr. Undergraduate.
Theatre management processes utilizing leadership, problem-solving, and project management skills for budgeting, scheduling, personnel and facility management, and season planning.
Prerequisites: Theatre 275(P) or cons instr.
Current Offerings: http://uwm.edu/schedule

THEATRE 436 Sound Design and Digital Editing
3 cr. Undergraduate.
Skill development in designing sound and using digital editing systems to create sound effects, sound-scaping and basic music composition for storytelling on the stage.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THEATRE 440 Physical Performance 1
3 cr. Undergraduate.
Training and exercises to create physical awareness, skills, and presence in space for performance through movement, improvisation, and sensory/composition work.
Prerequisites: Admis to Theatre BFA acting track.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
THEATRE 441 Physical Performance 2
3 cr. Undergraduate.
Physical exercises, improvisation, and text work to deepen the connection between actor and imagination utilizing full bodywork for creating character and dramatic action.
Prerequisites: admits to Theatre BFA acting track; Theatre 440(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 443 Pattern Making II
3 cr. Undergraduate.
Continuation of Pattern Making with an emphasis on period styles and menswear patterns.
Prerequisites: Theatre 343(240)(P).
Last Taught: Fall 2011, Fall 2010, Fall 2009, Fall 2004.
Current Offerings: http://uwm.edu/schedule

THEATRE 448 How to be a Teaching Artist
3 cr. Undergraduate.
Understanding and utilizing creative drama and other arts-in-education techniques to enhance experiential learning in classrooms and other educational venues.
Prerequisites: soph st or cons instr.
Last Taught: Fall 2017, Spring 2016, Fall 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 463 Master Class in Professional Theatre Study
1 cr. Undergraduate.
Ongoing development of aesthetic and professional philosophies and practices in performance.
Prerequisites: Admits to Theatre BFA acting track or writ cons instr
Course Rules: May be retaken to max of 6 cr.
Last Taught: Fall 2017, Fall 2016, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule

THEATRE 465 Theatre Capstone:
3 cr. Undergraduate.
Theatre techniques to enhance communication, mediation, and leadership in community, cultural, educational, and business settings. Community-based project work required.
Prerequisites: Theatre 320(P); or cons instr.
Course Rules: May be retaken w/chg in topic to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 470 Acting Technique 3
3 cr. Undergraduate.
Development of basic acting skills and application to texts drawn from American realism. Emphasis on psycho-physical technique, dramatic action, personalization, expressive use of self.
Prerequisites: Theatre Major with admission to BFA acting track.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 471 Acting Technique 4
3 cr. Undergraduate.
Fundamentals of acting in classical texts.
Prerequisites: Admits to Theatre BFA acting track, Theatre 470(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 472 Performance Workshop Capstone
2-4 cr. Undergraduate.
Workshops in creating performance under faculty supervision.
Prerequisites: Theatre 320(P) or 359(P) or 218(P); or cons instr.
Course Rules: May be retaken for cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 473 Theatre in Elementary Education
3 cr. Undergraduate.
Theatre experiences for growth and development of elementary school child. Discussion, lectures, and experimentation, analysis of materials, age groups, and situations. Teaching of children's theatre classes.
Prerequisites: C or better in Theatre 448(P), soph st, or cons instr.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 474 Theatre in Secondary Education
3 cr. Undergraduate.
Methods and philosophy of teaching theatre in the secondary school. Theory and practice in solving problems arising in practical teaching situations. Observation of Theatre classes.
Prerequisites: Admis to Theatre BFA acting track or writ cons instr.
Current Offerings: http://uwm.edu/schedule

THEATRE 475 Rehearsal and Performance:
2-3 cr. Undergraduate.
Practical experience in the preparation, rehearsal, stage management or performance of theatrical productions.
Prerequisites: cons instr.
Course Rules: May be retaken for credit to max of 12 cr. Credit granted per production assignment.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 476 Leadership Skills for Theatre Management
3 cr. Undergraduate.
Development of management skills for organizing and running theatrical productions by understanding personal leadership styles, communication techniques, conflict resolution, and problem-solving within the artistic process.
Prerequisites: none.
Current Offerings: http://uwm.edu/schedule

THEATRE 484 Field Work in Theatre
1-3 cr. Undergraduate/Graduate.
Theatre education field experiences in schools, agencies, and institutions.
Prerequisites: Theatre majors; Thr BA 473(P) or 474(P), & cons instr.
Course Rules: May be retaken to max of 3 sem.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2013.
Current Offerings: http://uwm.edu/schedule

THEATRE 485 Elementary Level Student Teaching in Theatre
2-6 cr. Undergraduate/Graduate.
Student teaching experience in cooperating school systems in or near Milwaukee; supervision by mentor-teacher and members of Theatre faculty; weekly seminar; portfolio development.
Prerequisites: jr st & admis to Theatre teaching cert & cons instr
Course Rules: May not be retaken for cr.
Current Offerings: http://uwm.edu/schedule
THEATRE 486 Secondary Student Teaching in Theatre
2-6 cr. Undergraduate/Graduate.
Student teaching experience in cooperating school systems in or near Milwaukee; supervision by mentor-teacher and members of the Theatre faculty; weekly seminar; portfolio development.
Prerequisites: jr st; admis to Theatre teaching cert; Theatre 484(P) & writ cons instr.
Course Rules: May not be retaken for cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 490 Topics in Theatre:
1-4 cr. Undergraduate/Graduate.
Various forms of theatre processes or theatrical presentation/production. Specific credits and add'l prereq's announced in Schedule of Classes whenever course is offered.
Prerequisites: jr st; see Schedule of Classes for add'l prereq's.
Course Rules: May be retaken w/chg in topic to max of 8 cr.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

THEATRE 497 Study Abroad in Theatre
1-12 cr. Undergraduate.
Interdisciplinary and foundational exploration of world theatre through exchange programs, performance tours, or foreign cultural study.
Prerequisites: acceptance for Study Abroad Prog. Foreign language proficiency required for some programs.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

THEATRE 503 Stage Voice and Speech 3
3 cr. Undergraduate.
Vocal exploration through analysis of verse and heightened language, recorded voice work, and beginning dialects for the stage.
Prerequisites: Theatre 431(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 530 Stage Voice and Speech 4
3 cr. Undergraduate.
Advanced dialects for stage utilizing individual research and presentation of a dialect focusing on advanced voice and speech work.
Prerequisites: Theatre 530(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 540 Physical Performance 3
3 cr. Undergraduate.
Development of and training in extended physical theatre techniques drawn from current performance research and text study.
Prerequisites: Theatre 441(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 541 Physical Performance 4
3 cr. Undergraduate.
Exploration of movement and acting challenges through rehearsal and performance of new play texts.
Prerequisites: Theatre 540(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 542 Performance 5
3 cr. Undergraduate.
Scene work in pre-modern texts.
Prerequisites: Admis to Theatre BFA acting track, Theatre 471(P)
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 570 Acting 5
3 cr. Undergraduate.
Scene work in pre-modern texts.
Prerequisites: Admis to Theatre BFA acting track, Theatre 471(P)
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 571 Acting 6
3 cr. Undergraduate.
Contemporary Performance Techniques. Work in the development and performance of new and contemporary material through ensemble work and physical theatre techniques.
Prerequisites: Admis to Theatre BFA acting track; Theatre 570(P).
Current Offerings: http://uwm.edu/schedule

THEATRE 575 Studio
1-4 cr. Undergraduate.
Advanced practical application of all phases of production, rehearsal, and performance.
Prerequisites: Theatre 575(P) or 475(P); & cons instr.
Course Rules: May be retaken to max of 16 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 675 Advanced Studio
1-6 cr. Undergraduate.
Advanced practical application of all phases of production, rehearsal, and performance.
Prerequisites: Theatre 575(P) or 475(P); & cons instr.
Course Rules: May be retaken to max of 12 cr. Credit granted per production assignment.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 685 Internship in Professional Theatre
1-6 cr. Undergraduate/Graduate.
Engagement with a professional Theatre in individual discipline area.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 12 cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 689 Independent Study-Stage Management
1-6 cr. Undergraduate.
Individualized program of supervised study in stage management. Work on productions in stage management is required.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Fall 2017, Spring 2016, Spring 2014, Fall 2013.
Current Offerings: http://uwm.edu/schedule
THEATRE 690 Independent Study--Make-Up
1-6 cr. Undergraduate.
Individual program of supervised study in make-up.
Prerequisites: jr st, writ cons instr.
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 691 Independent Study-Acting
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in acting.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Fall 2017, Spring 2017, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

THEATRE 692 Independent Study-Technical Theatre, Scene Design and Lighting
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in technical theatre, scene design, or lighting.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 693 Independent Study-Costumes
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in costumes.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

THEATRE 694 Independent Study-Directing
1-4 cr. Undergraduate/Graduate.
Individual program of supervised study in directing.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Fall 2015, Fall 2013, Fall 2012, Spring 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 695 Independent Study-History, Literature, and Criticism
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in history, literature, and criticism.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Fall 2010, Fall 2009, Spring 2008, Fall 2006.
Current Offerings: http://uwm.edu/schedule

THEATRE 696 Independent Study-Playwriting
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in playwriting.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Fall 2017, Spring 2016, Fall 2014, Spring 2014.
Current Offerings: http://uwm.edu/schedule

THEATRE 697 Independent Study-Theatre Education and Theatre for Young Audiences
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in theatre education and children's theatre.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Fall 2016, Spring 2016, Spring 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

THEATRE 698 Independent Study-Theatre Management and Public Relations
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in theatre management and public relations.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

THEATRE 699 Independent Study:
1-6 cr. Undergraduate/Graduate.
Individual program of supervised study in the student's area of emphasis.
Prerequisites: jr st & cons instr.
Course Rules: May be retaken to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

Arts and Social Entrepreneurship, Undergraduate Certificate

Use your skills as an artist to find sustainable solutions to our biggest social challenges - in education, the environment, or community health - among others. Understand the latest in business-based, non-profit structures; the latest in audience and community engagement; and the latest in community teaching methods. Become part of a generation of artists who are leaders in their communities as they strive to make meaningful social change.

Artists in all fields can be catalysts for community change and invaluable team members for community-based organizations or partnerships of organizations in collective action. This certificate prepares students with arts training in all disciplines (film, creative writing, visual art, theatre, music and dance) for careers in community and civic leadership at non-profits or governmental agencies.

Students will learn:

- the importance of communication and empathy across differences in culture, age, and ability;
- visual, oral and written storytelling to inspire social change;
- asset-based community development;
- partnership building;
- theories of change and leadership;
- sustainable, non-profit business models; and
- the unique role of artists in community development.

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.
Theatre Teaching Certification, Minor

As of Fall 2017, the Theatre Education Minor has suspended admission. This means that unless you have been accepted into this program prior to Fall 2017, you will not be able to earn the minor. The following information is provided solely for the benefit of students accepted into the program prior to Fall 2017.

The Theatre Department offers a teaching minor leading to a DPI #325 license. This program is open either as an “add-on” license for students pursuing, and accepted into, an education or teaching major in an appropriately related field (e.g., English, Social Studies, MCEA) or teachers who already have a State of Wisconsin teaching license in one of the subjects listed above.

Requirements

Admission

Admission requirements for a Theatre Education minor are the same as those of a major (see Theatre Education admission requirements). Students accepted into the program will be expected to participate in an interview, pass the Praxis I and II Tests prior to admission to the program, their fieldwork, and student teaching (THEATRE 484, THEATRE 485, and THEATRE 486). Additionally, students evaluated as lacking in theatre content information, skills, or knowledge will be required to take more than the minimum 21 credits listed here; each individual student's appropriateness, requirements, and their course(s) of study will be determined by the Theatre Education Program Director. Minimum Required Courses for Theatre Education Minor.

Theatre, BA

The Bachelor of Arts (BA) in Theatre supports engaged theatre practice that meets the social and cultural challenges of our twenty-first century society.

Our innovative curriculum invites students to begin by building core theatre skills, then gradually applying them to a range of projects, settings, and populations. This culminates in in-depth application of these skills through internships, community placements and a Capstone. The BA in Theatre supports a professional track for students seeking a Wisconsin Theatre Teaching license in K-12 Theatre Education. It is also the home of the A&SE Certificate Program.

The BA in Theatre engages students in focusing their study on educational and social justice theatre, devising and performing new work, storytelling, dramaturgy, directing, playwriting, and arts and social entrepreneurship. Students have an option to earn an A&SE certificate. For more information please see: uwm.edu/arts/theatre/ba/. (http://uwm.edu/arts/theatre/ba)

Requirements

The Bachelor of Arts in Theatre is a 120-credit program. BA Theatre majors are required to fulfill the department's core, maintain a 2.75 GPA in the major, and earn a C grade or better in all Theatre Core courses.

BA Theatre students execute a capstone course project as a culminating demonstration of their learning. K-12 Theatre Education students complete their capstone experience through student teaching. All capstones and student teaching are evaluated through a presentation of research and/or portfolio process. The Theatre Education track prepares students to be urban educators in Wisconsin classrooms, grades K-12. On successful completion of all degree requirements, Theatre Education students are recommended for #1325 Theatre licensure in the State of Wisconsin. For more information please see: uwm.edu/arts/theatre/theatre-education (http://uwm.edu/arts/theatre/theatre-education).

Bachelor of Arts in Theatre Curriculum

The minimum degree requirement is 120 credits. BA Theatre Degree requirements (excluding the BA Theatre Education Track) are distributed as follows:

University Core

Distribution Requirements

- Humanities: 6
- Natural Sciences (Must include one lab): 6
- Social Sciences: 6
- Cultural Diversity: 2

Electives

- Additional Electives: 12
- Credits in Peck School of the Arts: 12
- University Credits: 3

Total Credits: 45

1 Learn more about the General Education Requirements (p. )
2 Credits may be utilized in required curriculum areas.
3 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student’s discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

Capstone

All programs and tracks in undergraduate programs within the Theatre Department require a capstone experience. The Theatre Capstone serves as a laboratory for students and provides a framework for application of developing skills and knowledge. Capstone evaluations are used to assess student outcomes and program goals. Depending on semester, program, or project, capstones are executed and evaluated within the following courses:

- THEATRE 465 | Theatre Capstone: (must take minimum of 2 credits; may repeat once) | 2-4 |
- THEATRE 472 | Performance Workshop Capstone (must take minimum of 2 credits; may repeat once) | 2-4 |

Electives

- Select 18 electives | 18 |

Select 18 electives

Total Credits: 73-75

Recommended Electives

Electives are chosen in consultation with the individual student’s departmental advisor. Students are encouraged to take upper-level courses and/or courses in BFA programs (after their degree requirements have been met, with permission from course instructors).

The following BA electives (non-required courses) are offered irregularly as electives in the major:

<table>

The Theatre Education Program of study, within the BA Theatre degree program, is a 120-credit degree that prepares future urban theatre teachers for grades K-12.

Admission and Continuation Requirements

Students are typically admitted into Theatre Education in their Senior year of High School. Student may also apply to the Theatre Education program while majoring in another Theatre degree program. Students may also apply to transfer into the program from within UWM or from other higher education programs as well. Once accepted to the university, candidates apply to the program through the PSOA portal.

All Theatre Education students must maintain a 2.75 cumulative grade point average (within general University courses) and a 3.0 within the major to be in good standing and continue in the program.

All teacher candidates must take and pass the Praxis II Theatre Content Test, or pass a Portfolio equivalent (as determined by the program), and have successfully completed the Communication and Foreign Language Competencies, Oral and Written Communication (OWC) parts A and B, and Quantitative Literacy (QL) parts A and B, prior to being approved for student teaching.

BA Theatre Education Requirements

Communications Requirement: Students interested in pursuing a professional education teaching credential must take a communications course. At UWM theatre students are required to take THEATRE 260.

Human Relations Requirement: The Human Relations Requirement provides prospective teachers with awareness and understanding of intercultural relations within the educational setting. The requirement is met with coursework and service-learning opportunities. Effective July 1, 1992, and pursuant to 1987 Wisconsin Act 31, a license to teach may be granted when "the applicant has received instruction in the study of minority group relations, including instruction in the history, culture, and tribal sovereignty of American Indian tribes and bands located in this state." Currently, this requirement is met through satisfactory completion and a passing grade in one of the following courses: Ethnic 203, Hist 263, Anthro 213, or English 276 (with the special topic "Literature, History, and Sovereignty of Upper Midwest Indians"), or Wisconsin Act 31 seminar attendance. Questions regarding this requirement should be directed to the student's academic advisor.

Fieldwork and Student Teaching: A passing score on the Praxis II Theatre Content Test, clear criminal background check, and negative TB test, along with an application of intent are required prior to working in public schools and student teaching.

Teaching Portfolio: Pursuant to WI statutes and regulations, Theatre Education requires that students compile an externally reviewed teaching portfolio (EdTPA) that demonstrates teaching proficiency in their area of expertise. They also must submit an exit portfolio, administered internally by the Theatre Education program, demonstrating proficiency in WI teaching standards.

Application for WI #1325 Theatre Teacher License:

In keeping with DPI requirements, Theatre Education students must have a 2.75 cumulative grade point average within the general University and 3.0 in the major to be approved to apply for a teaching license after graduation. Following admission to Theatre Education and successful completion of the specified course of study (see below) a student seeking recommendation for teacher licensure must successfully fulfill the following:

1. Fulfill all degree requirements;
2. Fulfill the Field Experience Requirement (embedded in course work within the program);
3. Demonstrate at least a 2.75 cumulative GPA and a 3.0 within the major;
4. Pass the Praxis II Theatre Content Exam or the portfolio equivalent;
5. Successfully complete student teaching;
6. Successfully complete an EdTPA portfolio;
7. Successfully demonstrate mastery of the knowledge, skills, and dispositions necessary for a career in the field of theatre education through the submission of an initial-professional educator-portfolio, which is assessed by program faculty (as per DPI requirement);
8. Pass all teacher evaluations/tests required by the State of Wisconsin.

**Advance to Major/Retention**

To be accepted into any of the Theatre Programs, students must meet or exceed all general university requirements. BFA applicants and BA Theatre Education applicants must either Audition or Interview with the Department in addition. Complete details are on the PSOA portal. To continue in good standing as a Theatre Major, students must meet or exceed all University requirements and maintain a 2.5 GPA overall (with the exception of Theatre Education majors who must maintain a 2.75 GPA overall). BA degree majors must then maintain a 2.75 GPA within the major, with the exception of Theatre Education majors, who must maintain a 3.0 in their major. All BFA Theatre majors must also maintain a 3.0 in the major.

Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students may be put on probation or be denied continuation in their program if they receive a D grade or lower in any Theatre Core course.

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or the Portfolio equivalent as determined by Theatre Education Program, before being allowed to engage in their student teaching fieldwork.
Continuation
Students who are in danger of being dropped or put on probation will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee, which consists of three full-time, tenure track, indefinite status, or tenured theatre faculty; a faculty member of the student’s own choosing, and the Theatre Department Chair. In addition, a Peck School of the Arts Student Services Advisor will be present at the appeals committee meeting as a non-voting member. Appeals committee findings will be given to the student in writing and in a timely manner.

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean’s Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Theatre, BFA: Performance
The Bachelor of Fine Arts (BFA) in Theatre provides intensive specialized coursework for students seeking professional training in one of two separate tracks:

- Performance
  - The Performance BFA has two 130-credit tracks in either Acting or Musical Theatre.
- Production
  - The Production BFA is a singular 120-credit track embracing all the areas of production including design, costume, prop, scenery, lighting, sound, and stage management.

The BFA focuses on uncovering the potential of the individual student in the development of personal performance and/or production practices. The BFA curriculum supports student exploration of theatrical processes including new works as well as the established canon of dramatic literature. The program approaches the work in fresh and innovative ways, giving students a wide range of tools to speak to the contemporary moment both as actors on stage and as artists in production studios, rehearsal halls, and backstage.

The specialized tracks in the BFA build on the objectives of the department’s core curriculum to nurture within each student a deepened, strengthened, and developing professional level of competency. Each track of specialization follows an integrated curriculum based on an intensive, specialized array of courses. These focused arcs of training endow students with a sense of their own identity as artists. Students must continue to show artistic growth and progress and meet academic grade requirements (see Requirements tab) to continue in the program. Admission to each BFA track is selective and progress reviews are conducted each semester allowing for direct feedback to the student and a chance to explore changing interests or career paths.

- BFA Acting: The program builds on the objectives of the department’s core curriculum to develop within the student a deepened, strengthened, and professional level of competency in acting and a sense of identity as a performing artist. It prepares students for advanced graduate study in performance or entry into the profession of theatre practice. To help students develop as complete artists, our program emphasizes an understanding of essential acting theories, principles of voice production, flexible speech techniques, physical communication, physical structures of character, principles of Dramatic Action and Storytelling, and personal artistic practice. Research specific to an actor’s work, objective and subjective/affective, is demonstrated as a core principle to artistic development. Students are guided through the process of self critique to gain the ability to prescribe solutions and/or new directions for artistic development, and gain an understanding of professional modes of behavior, preparation, and competency.
• **BFA Musical Theatre:** Combining three major performing disciplines, Music, Dance, and Theatre, this program trains students to succeed as versatile performing artists. Our students annually perform in carefully chosen musical productions essential to pre-professional training, and hone a range of practical and creative skills consistent with their professional and personal goals. Students will be trained thoroughly in the performance skills necessary to compete in the professional world of musical theatre. Included in this track are a solid developmental and pedagogical foundation in music (voice, theory and musicianship, piano, large and small music ensembles), dance (history of the musical theatre art form, ballet, tap, jazz, and theatre dance), and theatre (acting, play analysis, and theatre production).

• **BFA Production:** Our multi-faceted Theatre Production program trains students to be competitive in a variety of fields, including technical production, stage management and design, costume production, and more. Offering professional training experiences as early as Freshman year, our students go on to work in a variety of related industry careers. The Production BFA utilizes the foundation of theatre to explore the uniquely collaborative artistic and artisanal processes that create and support compelling storytelling in live performance. The program allows for specialization in the areas of costumes, lighting, properties, scenery, sound/video and stage management but is flexible enough for cross disciplinary studies tailored to the student’s specific interests.

1. Learn more about the General Education Requirements (p.   ).
2. Credits may be utilized in required curriculum areas.
3. 9 credits are required in 3 of the 4 other departments in PSOA, outside of the student’s discipline: Art and Design, Dance, Music, Theatre, or Film, Video, Animation, and New Genres.

### Capstone

All programs and tracks in undergraduate programs within the Theatre Department require a capstone experience. The Theatre Capstone serves as a laboratory for students and provides a framework for application of developing skills and knowledge. Capstone evaluations are used to assess student outcomes and program goals.

Capstones are executed and evaluated within the following courses:

**BFA Acting Degree**

THEATRE 571

**BFA Musical Theatre Degree**

THEATRE 472

Advance to Major/Retention

To be accepted into any of the Theatre Programs, students must meet or exceed all general university requirements. BFA applicants and BA Theatre Education applicants must either Audition or Interview with the Department in addition. Complete details are on the PSOA portal. To continue in good standing as a Theatre Major, students must meet or exceed all University requirements and maintain a 2.5 GPA overall (with the exception of Theatre Education majors who must maintain a 2.75 GPA overall). BA degree majors must then maintain a 2.75 GPA within the major, with the exception of Theatre Education majors, who must maintain a 3.0 in their major. All BFA Theatre majors must also maintain a 3.0 in the major.

Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students may be put on probation or be denied continuation in their program if they receive a D grade or lower in any Theatre Core course.

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or the Portfolio equivalent as determined by Theatre Education Program, before being allowed to engage in their student teaching fieldwork.

Continuation

Students who are in danger of being dropped or put on probation will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee, which consists of three full-time, tenure track, indefinite status, or tenured theatre faculty; a faculty member of the student's own choosing, and the Theatre Department Chair. In addition, a Peck School of the Arts Student Services Advisor will be present at the appeals committee meeting as a non-voting member. Appeals committee findings will be given to the student in writing and in a timely manner.

Application Process

The Theatre BFA is in compliance with all general requirements for undergraduate degrees including the general education, continuation, and laptop program requirements. Admission to each BFA track is based on an audition (Acting, Musical Theatre) or interview (Production). Prospective students are encouraged to pre-audition or pre-apply to the Theatre BFA programs during their senior year of high school. Accepted students will gain full admission to their BFA Program on successful completion of their GER core competency requirements. For more information on the application process and to apply online go to: uwm.edu/arts/theatre/ (http://uwm.edu/arts/theatre)

Application to the BFA is encouraged following successful completion of the first-year (Freshman) Theatre Core sequence (see suggested schedule on Plan of Study tab).

BFA program applicants must submit the following:

1. A separate application form; New (http://uwm.edu/arts/apply)
2. A statement of purpose;
3. A current resume;
4. Copies of high school or appropriate college transcripts (for transfer students). [Unofficial copies are acceptable for departmental purposes.];
5. Two confidential letters of recommendation, preferably from instructors familiar with the student's artistic and/or academic abilities. Letters should be submitted in signed and sealed envelopes or sent electronically directly from the recommender and will remain confidential and the property of UWM; and
6. Acting and Musical Theatre candidates should submit a headshot or other suitable photo.

Freshman and transfer applicants must additionally complete the UWM admission process, be accepted into the university, and send separate copies of transcripts and letters of recommendations directly to the department.

All materials may be submitted to the department electronically.

Following review of applications, all candidates will be contacted for interviews or, for Acting and Musical Theatre candidates, participate in an entrance audition. In the Production interview, candidates will have an opportunity to present representative samples of their work/experience in theatre or related skill areas and to chat with the faculty about their goals. The interview allows time to talk about the Production curriculum and to explore the specific interests of the candidate. Based on this interview, faculty can craft and advise an individualized and challenging arc of training from the many production classes in scenery, lights, sound, props, costumes, and stage management, as well as opening the entire PSOA class offerings to explore the connections between theatre and all the arts.

Acceptance into the BFA in Musical Theatre requires a successful audition and application packet prior to beginning in the theatre major, either as an incoming freshman or transfer student. Acceptance into the BFA in Acting requires a successful audition and application that may be made either prior to entering the major as an incoming freshman or transfer student or at the completion of the first year (freshman) Theatre Core sequence.

Additional Musical Theatre Entrance Requirements

Some required courses of the Musical Theatre Track have placement-level testing. As part of the Musical Theatre entrance audition, students take Piano and Theory Placement Exams to determine in which level of piano and music theory to enroll.

- **Piano:** Depending on audition results, a student may be required to enroll in MUSPERF 1 for two semesters. Proficiency for these courses requires a passing grade of B or better. If piano proficiency can be demonstrated through the Piano Placement Exam, then two semesters of piano lessons at the MUSPERF 101 level are required.
- **Theory:** Depending on exam results, a student may be required to enroll in MUSIC 101, or test into MUSIC 123 with 3 additional credits available toward electives. Proficiency for these courses requires a passing grade of C or better.

End-of-Semester Review Process

BFA Theatre faculty will assess students' academic and artistic growth through individual conferences at the end of each semester.
Student Evaluation
All BFA Theatre majors who do not demonstrate a consistent level of artistic and academic improvement, have and maintain a 2.5 GPA overall, and maintain at least a 3.0 GPA in their program may not advance, may be placed on probation, and/or dropped from the program.

 Appeal Process
Any BFA Theatre major who is dropped from the program has the right to appeal. The appeals committee will consist of two full-time, tenured or tenure track faculty, or teaching academic staff, from the Peck School of the Arts, a faculty member of the student’s own choosing, and the faculty member who oversees the specific degree track. In addition, a Peck School of the Arts Student Services advisor will be present as a non-voting member. Outcome(s) of the appeal will be given to the student in writing and in a timely manner.

 Location: Theatre 120
 Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
 Contact: (414) 229-4763

 Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

 Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, academic policies and procedures, etc.

 For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

 Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department’s recommendation.

 Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

 Dean’s Honors are granted to students with major achievements in one or more of the arts.

 Honors in the Peck School of the Arts
Dean’s Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

 Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

 Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

 Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

 Theatre, BFA: Production
The Bachelor of Fine Arts (BFA) in Theatre provides intensive specialized coursework for students seeking professional training in one of two separate tracks:

 • Performance
  - The Performance BFA has two 130-credit tracks in either Acting or Musical Theatre.

 • Production
  - The Production BFA is a singular 120-credit track embracing all the areas of production including design, costume, prop, scenery, lighting, sound, and stage management.

 The BFA focuses on uncovering the potential of the individual student in the development of personal performance and/or production practices.

 The BFA curriculum supports student exploration of theatrical processes including new works as well as the established canon of dramatic literature.

 The program approaches the work in fresh and innovative ways, giving students a wide range of tools to speak to the contemporary moment both as actors on stage and as artists in production studios, rehearsal halls, and backstage.

 The specialized tracks in the BFA build on the objectives of the department’s core curriculum to nurture within each student a deepened, strengthened, and developing professional level of competency. Each track of specialization follows an integrated curriculum based on an intensive, specialized array of courses. These focused arcs of training endow students with a sense of their own identity as artists.

 Students must continue to show artistic growth and progress and meet academic grade requirements (see Requirements tab) to continue in the program.

 Admission to each BFA track is selective and progress reviews are conducted each semester allowing for direct feedback to the student and a chance to explore changing interests or career paths.

 • BFA Acting: The program builds on the objectives of the department’s core curriculum to develop within the student a deepened, strengthened, and professional level of competency in acting and a sense of identity as a performing artist. It prepares students for advanced graduate study in performance or entry into the profession of theatre practice.

 To help students develop as complete artists, our program emphasizes an understanding of essential acting theories, principles of voice production, flexible speech techniques, physical communication, physical structures of character, principles of Dramatic Action and Storytelling, and personal artistic practice.

 Research specific to an actor’s work, objective and subjective/affective, is demonstrated as a core principle to artistic development. Students are guided through the process of self critique to gain the ability to prescribe solutions and/or new directions for artistic development, and gain an understanding of professional modes of behavior, preparation, and competency.
Theatre, BFA: Production

• **BFA Musical Theatre**: Combining three major performing disciplines, Music, Dance, and Theatre, this program trains students to succeed as versatile performing artists. Our students annually perform in carefully chosen musical productions essential to pre-professional training, and hone a range of practical and creative skills consistent with their professional and personal goals. Students will be trained thoroughly in the performance skills necessary to compete in the professional world of musical theatre. Included in this track are a solid developmental and pedagogical foundation in music (voice, theory and musicianship, piano, large and small music ensembles), dance (history of the musical theatre art form, ballet, tap, jazz, and theatre dance), and theatre (acting, play analysis, and theatre production).

• **BFA Production**: Our multi-faceted Theatre Production program trains students to be competitive in a variety of fields, including technical production, stage management and design, costume production, and more. Offering professional training experiences as early as Freshman year, our students go on to work in a variety of related industry careers. The Production BFA utilizes the foundation of theatre to explore the uniquely collaborative artistic and artisanal processes that create and support compelling storytelling in live performance. The program allows for specialization in the areas of costumes, lighting, properties, scenery, sound/video and stage management but is flexible enough for cross disciplinary studies tailored to the student’s specific interests.

Advance to Major/Retention
To be accepted into any of the Theatre Programs, students must meet or exceed all general university requirements. BFA applicants and BA Theatre Education applicants must either Audition or Interview with the Department in addition. Complete details are on the PSOA portal. To continue in good standing as a Theatre Major, students must meet or exceed all University requirements and maintain a 2.5 GPA overall (with the exception of Theatre Education majors who must maintain a 2.75 GPA overall). BA degree majors must then maintain a 2.75 GPA within the major, with the exception of Theatre Education majors, who must maintain a 3.0 in their major. All BFA Theatre majors must also maintain a 3.0 in the major.

Additionally, all Theatre majors in all programs must pass all Theatre Core courses with a C grade or better. Students may be put on probation or be denied continuation in their program if they receive a D grade or lower in any Theatre Core course.

As per Wisconsin State statutes, all Theatre Education students must also pass the Praxis II Theatre Content test, or the Portfolio equivalent as determined by Theatre Education Program, before being allowed to engage in their student teaching fieldwork.

Continuation
Students who are in danger of being dropped or put on probation will receive a written warning. Any Theatre student who is dropped or suspended from his/her program (due to failing/low grades and/or academic misconduct) has the right to an appeal. Any student wishing to appeal must inform the Chair and his/her Area Head of their interest and in writing. Students must then meet with the Chair and the Area Head to discuss their appeal. The appeal may then be forwarded to the Theatre Department Appeals Committee, which consists of three full-time, tenure track, indefinite status, or tenured theatre faculty; a faculty member of the student’s own choosing, and the Theatre Department Chair. In addition, a Peck School of the Arts Student Services Advisor will be present at the appeals committee meeting as a non-voting member. Appeals committee findings will be given to the student in writing and in a timely manner.

Application Process
The Theatre BFA is in compliance with all general requirements for undergraduate degrees including the general education, continuation, and laptop program requirements. Admission to each BFA track is based on an audition (Acting, Musical Theatre) or interview (Production). Prospective students are encouraged to pre-audition or pre-apply to the Theatre BFA programs during their senior year of high school. Accepted students will gain full admission to their BFA Program on successful completion of their GER core competency requirements. For more information on the application process and to apply online go to: uwm.edu/arts/theatre/ (http://uwm.edu/arts/theatre)

Application to the BFA is encouraged following successful completion of the first-year (Freshman) Theatre Core sequence (see suggested schedule on Plan of Study tab).

BFA program applicants must submit the following:
1. A separate application form; New (http://uwm.edu/arts/apply)
2. A statement of purpose;
3. A current resume;
4. Copies of high school or appropriate college transcripts (for transfer students). [Unofficial copies are acceptable for departmental purposes.]
5. Two confidential letters of recommendation, preferably from instructors familiar with the student’s artistic and/or academic abilities. Letters should be submitted in signed and sealed envelopes or sent electronically directly from the recommender and will remain confidential and the property of UWM; and
6. Acting and Musical Theatre candidates should submit a headshot or other suitable photo.

Freshman and transfer applicants must additionally complete the UWM admission process, be accepted into the university, and send separate copies of transcripts and letters of recommendations directly to the department.

All materials may be submitted to the department electronically.

Following review of applications, all candidates will be contacted for interviews or, for Acting and Musical Theatre candidates, participate in an entrance audition. In the Production interview, candidates will have an opportunity to present representative samples of their work/experience in theatre or related skill areas and to chat with the faculty about their goals. The interview allows time to talk about the Production curriculum and to explore the specific interests of the candidate. Based on this
Theatre, Minor

Interview, faculty can craft and advise an individualized and challenging arc of training from the many production classes in scenery, lights, sound, props, costumes, and stage management, as well as opening the entire PSOA class offerings to explore the connections between theatre and all the arts.

End-of-Semester Review Process
BFA Theatre faculty will assess students' academic and artistic growth through individual conferences at the end of each semester.

Student Evaluation
All BFA Theatre majors who do not demonstrate a consistent level of artistic and academic improvement, have and maintain a 2.5 GPA overall, and maintain at least a 3.0 GPA in their program may not advance, may be placed on probation, and/or dropped from the program.

Appeal Process
Any BFA Theatre major who is dropped from the program has the right to appeal. The appeals committee will consist of two full-time, tenured or tenure track faculty, or teaching academic staff, from the Peck School of the Arts, a faculty member of the student’s own choosing, and the faculty member who oversees the specific degree track. In addition, a Peck School of the Arts Student Services advisor will be present as a non-voting member. Outcome(s) of the appeal will be given to the student in writing and in a timely manner.

Location: Theatre 120
Hours: 9AM-4PM Monday through Thursday, 9AM-2PM Fridays (closed on university holidays)
Contact: (414) 229-4763

Academic advising is an important aspect of long-term academic success. At the Peck School of the Arts, we offer professional academic advising in the following undergraduate disciplines: art, dance, film, music, and theatre.

Advisors provide students with individualized advising to assist them in areas such as: degree requirements, major options, course selection, campus resources, college success strategies, graduation assessment, academic policies and procedures, etc.

For more information on Peck School of the Arts advising, please visit http://uwm.edu/arts/advising/.

Honors in the Major
Honors and High Honors in the Major are granted to students who have earned a cumulative GPA of 3.500 or greater and the academic department's recommendation.

Departmental Honors are granted to students recommended by their academic department for Honors excellence in performance not reflected in the GPA.

Dean's Honors are granted to students with major achievements in one or more of the arts.

Honors in the Peck School of the Arts

Dean's Honor List
GPA of 3.750 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Theatre, Minor
The Theatre Minor study supports active learning thorough participation in theatre processes and practices. The Theatre Minor also focuses on creativity and communication skills within the dramatic and theatrical arts. It is extremely relevant to other areas of academic study across the University.

BUSINESS (SHELDON B. LUBAR SCHOOL OF)

The UWM Sheldon B. Lubar School of Business is a major metropolitan business school committed to academic excellence. Because of its metropolitan location, the School offers several advantages. Milwaukee-area firms provide an exciting, real-world laboratory for students to gain valuable insights and skills in their chosen professional fields as well as providing part-time or full-time employment opportunities. Students can also gain practical work experience by participating in internship programs. Business leaders from the community participate in School activities, both in the classroom and on the School’s advisory council.

High-quality management education that incorporates state-of-the-art technology is delivered to a diverse group of graduate and undergraduate students and practicing executives and professionals. We address the professional development and lifelong learning needs of individuals.

Through scholarly research, we advance knowledge pertaining to management decision making and practice and further enrich our teaching effectiveness.

Our undergraduate degree programs provide students with a career foundation leading to managerial advancement and/or entrepreneurial careers.

Our master’s degree programs prepare students to assume general management or functional specialist positions, with potential for senior-level leadership positions or entrepreneurial careers.

Our doctoral degree programs prepare students for research and teaching careers in higher education and research careers in industry.

Our executive education programs provide customized problem solving for organizations.

We also employ our professional skills in service to the School, University, scholarly and professional organizations, and the regional business community. We capitalize on the diversified resources of the Metropolitan Milwaukee business community and use them as a living laboratory to enrich our scholarly and instructional pursuits.

AACSB Accreditation

The Lubar School of Business has been continuously accredited by AACSB International for over 45 years. Why is this important? Because business schools accredited by AACSB International are considered to be the best business schools in the world — in fact, only 5% of business schools worldwide have this distinction. AACSB-accredited schools have tougher quality standards for programs and faculty, better students with higher overall GPAs, more employers that recruit from them, and graduates that receive higher salaries.

In addition, the Lubar School of Business accounting programs are separately accredited by AACSB. Lubar School of Business is one of only three accounting schools in the state, and one of 193 schools in the world, with this status.

Graduate Policies and Regulations
The Graduate School policies and regulations can be found at Graduate School Policies (p. 22). Please refer to the specific program for program policies and regulations.

Undergraduate Program Options

Double Majors
BBA students may pursue a double major in a second area of the Lubar School of Business. The double major can be declared in Lubar Hall N297; the advising staff in Undergraduate Student Services will explain this option and discuss the additional curriculum required.

Joint Degree Program
A student who plans to pursue a joint degree business program with another UWM college or school should seek advising early to design an appropriate program. The student must concurrently complete all requirements for the degree in the area other than the Lubar School of Business, as well as the requirements in the Lubar School of Business, as indicated below in the requirements for a second bachelor’s degree. A student electing to pursue a joint degree should submit a proposed program of study to the Lubar School of Business as soon as possible.

Second Bachelor’s Degree
A student with an accredited bachelor’s degree may work toward a second bachelor’s degree in the Lubar School of Business. Interested students should contact the academic advisors in Room N297 of Lubar Hall for further details. The second bachelor degree program is not offered in Accounting.

Degree requirements include completion of these BBA requirements:

- functional courses
- administrative analysis and techniques courses
- a professional major, and
- mathematics and economics courses.

Of these, at least 30 credits must be earned in residence at UWM while classified as a second-degree candidate. Students may receive credit towards a second bachelor’s degree for coursework taken in equivalent areas at other institutions. However, at least 50% of the business credit hours required for the business degree must be completed at UWM.

Business Special Student Options
Business Special Student status is available to applicants who have earned a baccalaureate degree at an accredited university or college. Also eligible for consideration are students needing coursework to complete a degree from another accredited institution, students in an international exchange program, or students who were admitted to UWM as a University Special Student with the ultimate goal of becoming degree-seeking in a business major. Business Special Students are eligible to take undergraduate courses only.

An official degree transcript of all university work, along with a statement of goals and objectives as a special student with a listing of requested courses, should be submitted directly to the Lubar School of Business Undergraduate Student Services (Room N297, Lubar Hall, uwmbba@uwm.edu).

Applications are reviewed weekly. Applicants without a degree who wish to take Lubar coursework in order to graduate from another institution must also submit a statement from their advisor, on official letterhead or via email, verifying the circumstances and course(s) required.

Post-baccalaureate Opportunities
Students who have completed a BBA degree at UWM can return to the campus and complete an additional business major. Students who have completed a bachelor’s degree in business at another accredited university can earn a Certificate of Major in the School. The Certificate of Major consists of a minimum of 12 UWM degree credits. The additional major option is not available in accounting.

Academic Regulations
For information on the University-wide Academic Action Policy and honors for scholarship, see Academic Policies (p. 27).

Student Academic Appeals
Students may appeal an academic action to the appropriate curriculum committee. An appeal is a request for an exception to an established policy or rule. The content of each appeal is carefully reviewed in order to reach a decision. Appeals should be submitted electronically to Lubar Undergraduate Student Services. Undergraduate student appeals are reviewed by the School’s Undergraduate Program Committee’s Appeals Subcommittee. Students are advised in writing of the decision of the Committee. The Appeals Subcommittee considers individual cases concerning the degree requirements and other academic rules and regulations established by the Lubar School of Business faculty.

The Lubar School of Business has established written procedures for undergraduate student academic grievances. Copies of the grievance procedure are available in the Student Services Center. As a first step, students must discuss the grievance with the faculty member or administrator within 30 working days from the date of the action that prompted the grievance.

Business Administration Courses

BUS ADM 100 Introduction to Business
3 cr. Undergraduate.
Introduction to the nature and functions of business, the culture of the business world and business education, and the skills to be successful in both.
Prerequisites: not open for cr or regis to Business jr, pre-Business sr, or Business sr.
General Education Requirements: SS
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 199 Entrepreneurship Independent Study
1-3 cr. Undergraduate.
Independent work related to entrepreneurship.
Prerequisites: cons of Lubar School entrepreneurship instr.
Course Rules: May be retaken once for cr.
Current Offerings: http://uwm.edu/schedule
BUS ADM 200 Business and Society
3 cr. Undergraduate.
Integrated understanding of sources of competitive/strategic advantage
derived from corporate citizenship in the public policy, social, economics,
and ecological environments.
Prerequisites: soph st.
Course Rules: Counts as repeat of Bus Adm 295 w/same topic.
Current Offerings: http://uwm.edu/schedule

BUS ADM 201 Introduction to Financial Accounting
4 cr. Undergraduate.
Introduction to accounting and financial reporting concepts for business
students. Emphasizes use of financial statements by non-accountants.
Basics of accounting and reporting methods.
Prerequisites: soph st or cons instr.
Course Rules: Counts as repeat of Bus Adm 207.
Current Offerings: http://uwm.edu/schedule

BUS ADM 207 Business Scholars: Introduction to Financial Accounting
4 cr. Undergraduate.
Introduces financial accounting concepts and investigates current
financial reporting issues. Develops ability to prepare financial
statements and to understand and analyze annual reports of real-world
companies.
Prerequisites: soph st; Admis to Business Scholars Prog.
Course Rules: Not open for cr to those w/cr in Bus Adm 201.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 210 Introduction to Management Statistics
4 cr. Undergraduate.
Introduces statistical principles and techniques necessary for
management applications. Regression is presented to convey statistical
thinking, modeling and analysis.
Prerequisites: soph st; Math 211(C) or 231(C).
Course Rules: Counts as repeat of Bus Adm 211.
General Education Requirements:QLB
Current Offerings: http://uwm.edu/schedule

BUS ADM 211 Business Scholars: Introduction to Management Statistics
4 cr. Undergraduate.
Data presentation & statistical inference methods, probability concepts,
discrete & continuous probability models, categorical data & regression
methodologies, computer implementation, communication of statistical
results, & business applications.
Prerequisites: soph st; admis to Business Scholars Prog; Math 211(P) or
231(P).
Course Rules: Not open for cr to those w/cr in Bus Adm 210.
General Education Requirements:QLB
Current Offerings: http://uwm.edu/schedule

BUS ADM 230 Introduction to Information Technology Management
3 cr. Undergraduate.
Information technology management concepts; their role in business;
management of formal and informal information systems development;
business problem solving using microcomputer tools.
Prerequisites: none.
Course Rules: Counts as repeat of Bus Adm 231.
Current Offerings: http://uwm.edu/schedule

BUS ADM 231 Business Scholars: Introduction to Information Technology Management
3 cr. Undergraduate.
Fundamental concepts and application of information technology to
support the conduct and management of business activities. Lab tools
include common applications software for data gathering, analysis, and
presentation.
Prerequisites: admis to Business Scholars Prog or dept cons.
Course Rules: Not open for cr to those w/cr in Bus Adm 230.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 292 Introduction to Entrepreneurship and Small Business Formation
3 cr. Undergraduate.
Explore elements necessary for entrepreneurship to flourish. Larger
perspectives of the character and mental set of entrepreneurs and effect
on the success of the business.
Prerequisites: soph st.
Course Rules: Counts as repeat of Bus Adm 295 with similar topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 295 Management Seminar:
1-3 cr. Undergraduate.
Analysis of current topics and issues related to specific management
areas of business. Specific topics and additional prerequisites may
appear in the Schedule of Classes whenever the course is offered.
Prerequisites: none.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 297 Study Abroad:
1-12 cr. Undergraduate.
Designed to enroll students in UWM sponsored program before course
work levels, content, and credits are determined and/or in specially
prepared program course work.
Prerequisites: acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

BUS ADM 298 Study Abroad: Business Topics:
3 cr. Undergraduate.
Immersion (including instruction at an international university) in the
economic, cultural, and business practices of selected countries.
Prerequisites: soph st; acceptance in Study Abroad Prog.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Last Taught: UWinteriM 2016, Summer 2015, Summer 2014, UWinteriM
2013.
Current Offerings: http://uwm.edu/schedule
BUS ADM 300 Career and Professional Development
1 cr. Undergraduate.
Skills necessary to enter the job market. Includes professional
correspondence, resume writing, interviewing and networking skills, and
professional etiquette.
Prerequisites: soph st; Bus Adm 301(C) or 335(C) or 330(C) or 350(C) or
360(C) or 370(C).
Course Rules: May not be retaken for cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 301 Intermediate Accounting
4 cr. Undergraduate.
Understanding the economic impact of business transactions and
and serving the information needs of statement users. Use of accounting
principles to guide financial reporting and disclosure.
Prerequisites: soph st; Bus Adm 201(P).
Course Rules: Not open for credit to Accounting majors.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 302 Managerial Accounting
3 cr. Undergraduate.
The analysis, interpretation and use of accounting data for effective
managerial planning, control, and decision making.
Prerequisites: soph st; Bus Adm 201(P).
Course Rules: Not open for credit to Accounting majors.
Current Offerings: http://uwm.edu/schedule

BUS ADM 305 Personal Investing and Financial Planning
3 cr. Undergraduate.
Introduction to investing for individuals with emphasis on the personal
planning process, issues, and strategies.
Prerequisites: soph st.
Course Rules: Not open for credit to Accounting majors who are
concurrently enrolled or have completed Bus Adm 301.
Current Offerings: http://uwm.edu/schedule

BUS ADM 330 Organizations
3 cr. Undergraduate.
An introduction to human behavior in organizations, organizational
structures and processes, and interactions between organizations and
their environments. Students will examine various theories and research
findings on selected topics.
Prerequisites: jr st.
Course Rules: Counts as repeat of Bus Adm 331.
Current Offerings: http://uwm.edu/schedule

BUS ADM 331 Business Scholars: Organizations
3 cr. Undergraduate.
Behavioral theories and management principles for understanding
behavior in organizations; individual and organizational processes, and
their interaction. Includes current and classic research, and application.
Prerequisites: jr st; admis to Business Scholars Prog.
Course Rules: Not open for cr to those w/cr in Bus Adm 330.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 333 Visual System Development
3 cr. Undergraduate.
Visual-oriented techniques for business applications development; visual-
directed design and development methodologies; use of event driven and
graphical controls; implementation with an appropriate language.
Prerequisites: soph st; a grade of 'C' or better in Bus Adm 230(P) or
231(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 336 Enterprise Systems and Data Analytics
3 cr. Undergraduate.
Introduction to business processes and ERP utilizing ERP to run business
simulation game and analysis of results utilizing business analytics.
Prerequisites: soph st; a grade of 'C' or better in Bus Adm 230(P) or
231(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 350 Principles of Finance
3 cr. Undergraduate.
Fundamentals of financial management, asset/liability valuations, risk
and return, investment analysis, sources and uses of funds, cost of
capital, and cash management.
Prerequisites: soph st; Econ 103(P) & 104(P); Bus Adm 201(P) or 207(P);
Bus Adm 210(P) or 211(P).
Course Rules: Counts as repeat of Bus Adm 351. Not open for cr to those
w/cr in Bus Adm 450.
Current Offerings: http://uwm.edu/schedule

BUS ADM 351 Business Scholars: Principles of Finance
3 cr. Undergraduate.
Fundamentals of financial management, analysis of financial statements,
and investment analysis, sources and uses of funds, cost of capital, and
cash management.
Prerequisites: soph st; Econ 103(P) & 104(P); Bus Adm 201(P) or 207(P);
Bus Adm 210(P) or 211(C).
Course Rules: Not open for cr to those w/cr in Bus Adm 350.
Current Offerings: http://uwm.edu/schedule

BUS ADM 360 Principles of Marketing
3 cr. Undergraduate.
The marketing system is analyzed as the process in our socioeconomic
system for anticipating and satisfying consumer needs, adjusting to
demand, and selling and procuring products and services. Competition,
pricing, product line, distribution systems, promotion, and planning are

Prerequisites: jr st; Econ 104(P).
Course Rules: Counts as repeat of Bus Adm 361.
Current Offerings: http://uwm.edu/schedule
### BUS ADM 361 Business Scholars: Principles of Marketing
3 cr. Undergraduate.
Marketing theory and tactics in context of current external marketing environment. Discussion of current marketing issues, failures, and successes along with industry and company strategic differences. Analytical tools used for team project.
Prerequisites: jr st; admis to Business Scholars Prog; Econ 104(P).
Course Rules: Not open for cr to those w/cr in Bus Adm 360.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 370 Introduction to Supply Chain Management
3 cr. Undergraduate.
Broad survey of the foundational concepts and principles of managing supply chain operations. Topics include customer management, purchasing, logistics, project management, demand planning.
Prerequisites: soph st; Bus Adm 210(C) or 211(C).
Course Rules: Counts as repeat of Bus Adm 371.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 371 Business Scholars: Introduction to Supply Chain Management
3 cr. Undergraduate.
Broad survey of foundational concepts and principles of managing supply chain operations. Topics include customer management, purchasing, logistics, project management, demand planning, quantitative and computer applications.
Prerequisites: soph st; admis to Business Scholars Prog; Bus Adm 211(P).
Course Rules: Not open for cr to those w/cr in Bus Adm 370.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 372 Business Scholars: Principles of Supply Chain Management
3 cr. Undergraduate.
The course focuses on real estate investment decisions as they are made within the framework of institutional controls consisting of social, political, and economic forces.
Prerequisites: jr st; Econ 104(P).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 380 Introduction to Real Estate Markets
3 cr. Undergraduate.
The course focuses on real estate investment decisions as they are made within the framework of institutional controls consisting of social, political, and economic forces.
Prerequisites: jr st; Bus Adm 481(P); writ cons instr.
Course Rules: Counts as repeat of Bus Adm 489. Credit/no credit only.
Last Taught: Fall 2017, Summer 2017, Fall 2013.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 389 Real Estate Internship
3 cr. Undergraduate.
A faculty-supervised new work experience in the real estate area which covers a minimum of 150 hours during the semester.
Prerequisites: jr st; Bus Adm 481(P); writ cons instr.
Course Rules: Counts as repeat of Bus Adm 489. Credit/no credit only.
Last Taught: Fall 2017, Summer 2017, Fall 2013.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 390 Business Law I
3 cr. Undergraduate.
The court system, tort law, agency and employment law; contract law and sales transactions; professional liability; and legal ramifications of selecting appropriate business organization.
Prerequisites: jr st.
Course Rules: Counts as repeat of Bus Adm 390.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 391 Business Law II
3 cr. Undergraduate.
The court system, tort law, agency and employment law; contract law and sales transactions; professional liability; and legal ramifications of selecting appropriate business organization.
Prerequisites: jr st.
Course Rules: Counts as repeat of Bus Adm 390.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 393 Business Ethics & Social Responsibility
3 cr. Undergraduate.
Ethical dimensions of economy, management decision-making, and corporate social responsibility. Ethical framework for assessment of business practices. Includes case discussions.
Prerequisites: soph st.
Course Rules: Counts as repeat of Bus Adm 295 with similar topic.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 394 Human Resources Management Internship
3 cr. Undergraduate.
A faculty-supervised new work experience in the human resources management area which covers a minimum of 150 hours during the semester.
Prerequisites: jr st & admis to HRM major; completion of at least one 400-level course in HRM major; writ cons instr.
Course Rules: Credit/no credit only.
Last Taught: Spring 2017, Spring 2016, Fall 2015, Spring 2015.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 395 Special Topics in Business:
1-3 cr. Undergraduate.
Current topics and issues related to specific management areas of business. Specific topics and additional prerequisites announced in Schedule of Classes whenever the course is offered.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic to max of 9 cr. Counts as repeat of Bus Adm 295 or 495 with same topic.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 396 Finance Internship
3 cr. Undergraduate.
A faculty-supervised new work experience in the finance area which covers a minimum of 150 hours during the semester.
Prerequisites: jr st & admis to finance major; completion of at least one 400- or 500-level course in finance major; writ cons instr.
Course Rules: Credit/no credit only.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 397 Marketing Internship
3 cr. Undergraduate.
A faculty-supervised new work experience in the marketing area which covers a minimum of 150 hours during the semester.
Prerequisites: jr st & admis to marketing major; completion of at least one 400-level course in marketing major; writ cons instr.
Course Rules: Credit/no credit only.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

### BUS ADM 398 Supply Chain & Operations Management Internship
3 cr. Undergraduate.
A faculty-supervised new work experience in the SCOM area which covers a minimum of 150 hours during the semester.
Prerequisites: jr st & admis to SCOM major; completion of at least one 400- or 500-level course in SCOM major; writ cons instr.
Course Rules: Credit/no credit only.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)
BUS ADM 400 Accounting Professional Internship
3 cr. Undergraduate.
A defined FT work period, minimum 10 weeks, potentially leading to FT employment in a corporate/governmental/public accounting environment.
Prerequisites: sr st & admis to accounting major; Bus Adm 300(P); Bus Adm 301(P) and one 400-level accounting course; writ cons instr.
Course Rules: Prior approval of intern director is required. Credit/no credit only.
Current Offerings: http://uwm.edu/schedule

BUS ADM 402 Advanced Financial Accounting
3 cr. Undergraduate.
Study of advanced financial accounting issues such as interim reporting, leases, specialized revenue recognition, tax allocation, dilutive securities, derivatives, and financial troubled entities.
Prerequisites: jr st & admis to Bus Adm major; a grade of 'B' or better in Bus Adm 301(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 403 Consolidations and Governmental Accounting
3 cr. Undergraduate.
Understand and apply concepts related to accounting for consolidations and for governmental and not-for-profit accounting.
Prerequisites: jr st & admis to Bus Adm major; a grade of B or better in Bus Adm 301(P); Bus Adm 402(C).
Last Taught: Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 404 Cost Management
3 cr. Undergraduate.
Design, implementation, and use of optimal accounting systems for product and service costing, internal and external financial reporting, managerial decision support, and organizational control.
Prerequisites: jr st & admis to Bus Adm major; a grade of 'B' or better in Bus Adm 301(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 405 Income Tax Accounting I
3 cr. Undergraduate.
Introduction to tax issues inherent in business and financial transactions, with an emphasis on the federal individual and corporate income tax.
Prerequisites: jr st & admis to Bus Adm major; a grade of ‘C’ or better in Bus Adm 301(P); or grad st & Bus Adm 721(C).
Current Offerings: http://uwm.edu/schedule

BUS ADM 406 Income Tax Accounting II
3 cr. Undergraduate/Graduate.
Application of framework developed in Income Tax Accounting I (Bus Adm 405) to more thoroughly analyze the taxation of business entities.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 405(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 408 Accounting Information Systems
3 cr. Undergraduate/Graduate.
Introduction to accounting information systems and related technology, principles of accounting systems design, internal controls and coverage of commercial accounting software packages.
Prerequisites: jr st & admis to Bus Adm major; a grade of ‘C’ or better in Bus Adm 301(P); or grad st & Bus Adm 721(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 409 Auditing: Procedures and Applications
3 cr. Undergraduate.
An introduction to the audit process from an internal and external perspective with an emphasis on practical applications and technological innovations.
Prerequisites: jr st & admis to Bus Adm major; a grade of ‘B’ or better in Bus Adm 301(P); Bus Adm 402(P) & 408(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 410 Accountants' Ethical Responsibilities
1 cr. Undergraduate.
Study of ethical and societal responsibilities and constraints that define and affect the practice of accountancy. Includes selected readings, guest speakers, and cases.
Prerequisites: jr st & admis to Bus Adm major; a grade of ‘B’ or better in Bus Adm 301(P); Bus Adm 409(C).
Last Taught: Fall 2017.
Current Offerings: http://uwm.edu/schedule

BUS ADM 424 US Institutions Shaping Accounting & Auditing Standards
3 cr. Undergraduate.
An introduction to the audit process from an internal and external perspective with an emphasis on practical applications and technological innovations.
Prerequisites: jr st & admis to Bus Adm major; a grade of ‘B’ or better in Bus Adm 301(P); Bus Adm 409(C).
Last Taught: Fall 2017.
Current Offerings: http://uwm.edu/schedule

BUS ADM 432 Object-Oriented Systems Development
3 cr. Undergraduate.
Object-oriented concepts and use in management applications; object-oriented design and development methodologies; managing programs and structures; implementation with an appropriate language.
Prerequisites: jr st & admis to Bus Adm major; a grade of ‘C’ or better in Bus Adm 335(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 433 Information Technology Project Management
3 cr. Undergraduate.
In-depth exposure to key tools, techniques, practices, and knowledge areas of IT project management. Microsoft 2003 used to support.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 436(P).
Last Taught: Spring 2014, Spring 2013, Fall 2011, Fall 2010.
Current Offerings: http://uwm.edu/schedule
BUS ADM 434 Data Base Management Systems
3 cr. Undergraduate.
Database concepts; data modeling; SQL; fourth generation languages; data resource management; client/server databases; implementation using commercial DBMS products.
Prerequisites: jr st & admis to Bus Adm major; grade of 'C' or better in Bus Adm 335(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 436 Systems Analysis and Design
3 cr. Undergraduate.
Systems development methodologies; systems modeling, requirements specification, structured design, and systems implementation; use of automated development tools.
Prerequisites: jr st & admis to Bus Adm major; grade of 'C' or better in Bus Adm 335(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 438 Information Technology Management Topics:
3 cr. Undergraduate.
Contemporary topics for IT practitioners. Typical offerings include distributed information systems, management of IT, decision support systems, end-user computing, multimedia systems. Additional prerequisites announced in Schedule of Classes each time course is offered.
Prerequisites: jr st & admis to Bus Adm major; Grade 'C' or better in Bus Adm 335(P); or cons instr.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 439 Information Technology Management Professional Internship
3 cr. Undergraduate.
A defined FT one semester work period, potentially leading to FT employment in a corporate/governmental/management consulting environment.
Prerequisites: jr st & admis to ITM major; Bus Adm 300(P); one 400- or 500-level ITM course; writ cons instr.
Course Rules: Credit/no credit only.
Current Offerings: http://uwm.edu/schedule

BUS ADM 440 Compensation Management
3 cr. Undergraduate.
Ways organizations use wage and salary management to attract, retain, and motivate employees. Review of traditional and innovative compensation methods for administering pay.
Prerequisites: jr st, admis to Bus Adm major, Bus Adm 444(P) or grad st & Bus Adm 738(P).
Course Rules: Counts as repeat of Bus Adm 443 with similar title.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 441 Diversity in Organizations
3 cr. Undergraduate/Graduate.
Conceptual and experiential understanding of cultural values and practices among diverse groups in organizations. Addresses institutional and personal discrimination, stereotyping and prejudice.
Prerequisites: jr st, admis to Bus Adm major, & Bus Adm 330(C); or grad st.
Course Rules: Counts as repeat of Bus Adm 443 with similar title.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 442 Industrial Psychology
3 cr. Undergraduate/Graduate.
Application of psychological principles to industrial problems.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P); & Psych 101(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 443 Special Topics in Human Resources Management:
3 cr. Undergraduate/Graduate.
Selected topics in human resources management. Specific topics will appear in the Schedule of Classes whenever the course is offered.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P); or grad st.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 444 Human Resources Management
3 cr. Undergraduate.
An examination of the personnel function of the enterprise as an activity concerning all managers within the firm. General topics include the personnel function, maximizing human potential, supervision, and wage and salary administration.
Prerequisites: jr st, admis to Bus Adm major; Bus Adm 330(P) or 331(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 445 Training & Development in Organizations
3 cr. Undergraduate/Graduate.
Development and evaluation of training and career development programs in organizations. Skills-based approach to understanding needs assessments, learning principles, training development and evaluation.
Prerequisites: jr st, admis to Bus Adm major, & Bus Adm 444(P); or grad st.
Course Rules: Counts as repeat of Bus Adm 443 with similar title. Not open to students w/cr in Commun 327(ER).
Current Offerings: http://uwm.edu/schedule

BUS ADM 447 Entrepreneurship
3 cr. Undergraduate.
Study of creation, growth/or acquisition of business through entrepreneurial efforts. Nature of entrepreneurship process and organization of growth oriented companies. Topics include methods of financing, venture capital, leveraged buy-outs and acquisitions.
Prerequisites: jr st; Bus Adm 350(P) or writ cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
BUS ADM 448 Staffing Human Resources
3 cr. Undergraduate.
Planning, recruiting, selection, and hiring functions in organizations within the context of its legal environment. Includes application of spreadsheet and data analysis.
Prerequisites: jr st, admis to Bus Adm major; & Bus Adm 444(P); or grad st & Bus Adm 738(P).
Course Rules: Counts as repeat of Bus Adm 443 with similar title.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 449 Human Resources Management Professional Internship
3 cr. Undergraduate.
A defined FT work period, minimum 10 weeks, potentially leading to FT employment in a corporate/governmental/management consulting environment.
Prerequisites: sr st & admis to HRM major; Bus Adm 300(P) & completion of at least one 400-level course in the HRM major; writ cons instr.
Course Rules: Credit/no credit only.
Current Offerings: http://uwm.edu/schedule

BUS ADM 450 Intermediate Finance
3 cr. Undergraduate.
Theories of valuation, corporate governance, and capital structure. Other topics explored such as dividend policy, financing methods, corporate and financial restructurings, and global financial management.
Prerequisites: jr st & admis to Bus Adm major; a grade of C or better in Bus Adm 350(P) or 351(P), or an Accounting major with grade of B or better in Bus Adm 301(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 451 Investment Finance
3 cr. Undergraduate.
A study of the financial system and institutions and the primary forces, which affect this system within which firms operate. Emphasis is on the instruments and interactions in the money and capital markets, and on analysis of firms for purposes and valuation of bonds and stocks for portfolio management.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 450(C).
Current Offerings: http://uwm.edu/schedule

BUS ADM 452 Applied Portfolio Management
3 cr. Undergraduate.
Study institutional setting, legal framework, portfolio strategies, and innovations in investment markets. Explore securities valuation, risk management, behavioral study, and prospects of market developments.
Prerequisites: jr st, admis to Bus Adm major; Bus Adm 451(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 453 Corporate Finance Seminar
3 cr. Undergraduate.
Integration of financial operations with other operations of a business unit, including working capital management, financial planning and financial control.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 450(P).
Current Offerings: http://uwm.edu/schedule

3 cr. Undergraduate.
Valuate interest rate, equity, and stock index futures and options. Develop strategies using these instruments in hedging interest rate and equity portfolio risk.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 451(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 455 Financial Institutions
3 cr. Undergraduate.
Financial intermediation by banks and other financial institutions. Financial instruments and the markets where they trade. Term structure of interest rates and monetary issues.
Prerequisites: jr st & admis to Bus Adm major; a grade of C or better in Bus Adm 350(P) or 351(P); or an Accounting major with grade of B or better in Bus Adm 301(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 456 International Financial Management
3 cr. Undergraduate.
Introduction to international financial markets, exchange rate determination theory, concepts/measurement of foreign risk exposure, financial instruments to hedge exchange risk, and financing multinational enterprises.
Prerequisites: jr st & admis to Bus Adm major; a grade of C or better in Bus Adm 350(P) or 351(P); or an Accounting major with grade of B or better in Bus Adm 301(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 457 Financial Modeling
3 cr. Undergraduate.
Development and application of computer-based financial models. Models from corporate finance and investments use Microsoft Excel and Visual Basic for Applications (VBA).
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 450(P) & 451(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 458 Venture Finance
3 cr. Undergraduate.
Corporate financial perspectives. Key institutional features of venture finance. Assess financial need, value of and claims on new ventures. Analyze contracts between entrepreneurs and outside vendors.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 450(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 459 Finance Professional Internship
3 cr. Undergraduate.
A defined FT work period, minimum 10 weeks, potentially leading to FT employment in a corporate/governmental/management consulting environment.
Prerequisites: sr st & admis to finance major; Bus Adm 300(P) & completion of at least one 400- or 500-level course in finance major; writ cons instr.
Course Rules: Credit/no credit only.
Current Offerings: http://uwm.edu/schedule
BUS ADM 460 Retail Management
3 cr. Undergraduate.
Principles of retail management including merchandising, product design and development, sales, store management, distribution and inventory management, public relations and advertising.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 360(P) or 361(P).
Course Rules: Counts as repeat of Bus Adm 467 with similar topic.
Current Offerings: http://uwm.edu/schedule

BUS ADM 461 Consumer Behavior
3 cr. Undergraduate.
Interdisciplinary approach to study of buying behavior of consumers, with emphasis on implications for marketing of theory and findings from the behavioral sciences.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 360(P) or 361(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 462 Marketing Research
3 cr. Undergraduate.
Research process as an aid to decision-making in marketing management. Attention is given to planning research and the gathering, analysis, and interpretation of information.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 210(P) or 211(P); & 360(P) or 361(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 463 Marketing Management
3 cr. Undergraduate.
Development and implementation of marketing plans. Strategic decision-making and organizational issues pertinent to target markets, advertising, personal selling, channels, pricing, and product development.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 461(P) & 462(P).
Current Offerings: http://uwm.edu/schedule

Current Offerings: http://uwm.edu/schedule

BUS ADM 469 Marketing Professional Internship
3 cr. Undergraduate.
A defined FT work period, minimum 10 weeks, potentially leading to FT employment in corporate/governmental/management consulting environment.
Prerequisites: sr st & admis to marketing major; Bus Adm 300(P) & completion of at least one 400-level course in the marketing major; writ cons instr.
Course Rules: Credit/no credit only.
Last Taught: Summer 2017, Summer 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 472 Special Topics in Supply Chain and Operations Management:
3 cr. Undergraduate.
Selected contemporary topics and issues confronting supply chain and operations managers.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 370(P) or 371(P).
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 475 Operations Planning and Control
3 cr. Undergraduate.
Detailed focus on planning and controlling operations of a service or manufacturing operation. Topics include requirements planning and scheduling.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 370(P) or 371(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule
BUS ADM 476 Logistics and Transportation Management
3 cr. Undergraduate.
Logistics and transportation themes including warehousing, third party logistics.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 370(P) or 371(P).
Course Rules: Counts as repeat of Bus Adm 472 with similar topic.
Current Offerings: http://uwm.edu/schedule

BUS ADM 477 Purchasing and Supply Management
3 cr. Undergraduate.
Domestic and global aspects of the purchasing function in an organization.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 370(P) or 371(P).
Course Rules: Counts as repeat of Bus Adm 472 with similar topic.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 478 Supply Chain Analytics
3 cr. Undergraduate.
Topics include linear and nonlinear optimization, network modeling, decision making under uncertainty, time series forecasting, and simulation modeling.
Prerequisites: sr st & admis to Bus Adm major; Bus Adm 300(P) and completion of at least one 400- or 500-level SCOM course; writ cons instr.
Course Rules: Cr/no cr only.
Last Taught: Spring 2018, Fall 2017, Summer 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 479 Supply Chain & Operations Management Professional Internship
3 cr. Undergraduate.
Defined FT work period, minimum 10 weeks, potentially leading to FT employment in a corporate/governmental/management consulting environment.
Prerequisites: sr st & admis to Bus Adm major; Bus Adm 300(P) and completion of at least one 400- or 500-level SCOM course; writ cons instr.
Course Rules: Cr/no cr only.
Last Taught: Spring 2018, Fall 2017, Summer 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 481 Real Estate Finance
3 cr. Undergraduate/Graduate.
Mechanism of real estate finance, sources of funds, loan contracts, principles of mortgage risk analysis, and the role of government agencies; real estate investment analysis.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 380(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 482 Valuation of Real Estate
3 cr. Undergraduate/Graduate.
Economic theories of value applied to real estate; valuation as a guide to business decisions; real estate market which affects value; valuation methods, analysis of evidence of value; appraising residential and income properties.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 380(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 483 Property Development and Management
3 cr. Undergraduate/Graduate.
Analysis of real estate development; consideration of site selections, market analysis, financing, design, and construction in connection with subdividing residential community development and shopping centers.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 481(P) or grad st.
Current Offerings: http://uwm.edu/schedule

BUS ADM 484 Real Estate Law
3 cr. Undergraduate.
Advanced application of business law concepts related to real estate transactions and developments; landlord/tenant law; analysis of legal concerns unique to real estate industry.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 391(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 485 Environmental Issues in Real Estate
3 cr. Undergraduate.
Survey course dealing with the impact of governmental environmental regulations on lender and developer liability. Topics include Phase 1 reporting, legal considerations, remediation, and wetland impacts.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 380(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 490 Entrepreneur Internship
3 cr. Undergraduate.
A defined work period in an entrepreneurial capacity in a corporate, governmental, or management consulting environment.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 447(P) or completion of at least one 400-level course in student’s major; writ cons instr.
Course Rules: Credit/no credit only.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 491 Legal Issues for Entrepreneurs
3 cr. Undergraduate.
Legal issues confronting entrepreneurs including the areas of ethics, forms of business organization, sales contracts, employment, property and business succession.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 391(P).
Course Rules: Not open for credit to Business Scholars who completed Bus Adm 493 with similar topic. Not open for credit to Accounting majors.
Current Offerings: http://uwm.edu/schedule

BUS ADM 492 Business Modeling of New Ventures
3 cr. Undergraduate.
Key elements in developing an effective business model; new venture ideas and strategies; the owner manager; management succession.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 292(P) or Bus Adm 447(P).
Current Offerings: http://uwm.edu/schedule
BUS ADM 493 Business Scholars: Seminar in Business:
3 cr. Undergraduate.
Current topics and issues in contemporary business theory and
management practice, focusing on in-depth study, critical analysis,
research and application across functional areas. Specific topics and
additional prerequisites announced in Timetable whenever course is
offered.
Prerequisites: jr st; admis to Business Scholars Prog.
Course Rules: May be retaken w/chg in topic to a 9 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 494 International Business Internship
3 cr. Undergraduate.
A supervised international management-related and cross-cultural
experience with a for-profit or non-profit organization outside the U.S.
Project and organizational evaluation required. Credit/no credit only.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P),
301(P) or 350(P) or 351(P), and 360(P) or 361(P); writ cons instr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 495 Special Topics in Business:
1-3 cr. Undergraduate.
Current topics and issues related to specific management areas of
business. Specific topics and additional prerequisites announced in
Schedule of Classes whenever course is offered.
Prerequisites: jr st.
Course Rules: May be retaken w/chg in topic to max of 9 cr.
Last Taught: Fall 2017, Spring 2017, Fall 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 496 International Business
3 cr. Undergraduate.
The study of major factors specific to the conduct of business in
international markets; focuses on the integration of marketing, finance,
production, and other management functions into the world business,
cultural, social, and political environments.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 330(P) or 331(P);
Bus Adm 301(P) or 350(P) or 351(P), and 360(P) or 361(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 497 Study Abroad:
1-12 cr. Undergraduate/Graduate.
Designed to enroll students in UWM sponsored program before course
work levels, content, and credits are determined and/or in specially
prepared program course work.
Prerequisites: jr st; acceptance for Study Abroad Prog.
Course Rules: May be retaken w/chg in topic.
Current Offerings: http://uwm.edu/schedule

BUS ADM 498 Study Abroad: Business Topics:
3 cr. Undergraduate.
Immersion (including instruction at an international university) in the
economic, cultural, and business practices of selected countries.
Prerequisites: jr st; acceptance in Study Abroad Prog.
Course Rules: May be retaken w/chg in topic to max of 6 cr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 499 Research in Industry
1-3 cr. Undergraduate.
Solution of business problems as jointly developed by the student, the
assigned faculty, and the cooperating company. Work will consist of
problem solving through the use of university resources and library
research.
Prerequisites: jr st; cons instr.
Course Rules: May be retaken for cr only with prior cons Lubar School of
Business.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 530 Introduction to eBusiness
3 cr. Undergraduate.
Opportunities, technical platforms, and limitations of eBusiness over the
Internet. Various eBusiness models and implementation technologies will
be discussed.
Prerequisites: jr st & admis to Bus Adm major; a grade of C or better in
Bus Adm 335(P).
Last Taught: Fall 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 531 Developing Web Applications Using Web Services
3 cr. Undergraduate.
Developing n-tier systems with Web Services and the Internet, using
visual languages such as Visual Basic Script and C# and the SOAP and
XML protocols.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 432(P).
Last Taught: Fall 2017, Fall 2015, Fall 2013, Fall 2011.
Current Offerings: http://uwm.edu/schedule

BUS ADM 532 Web Development for Open Business Systems
3 cr. Undergraduate.
Business applications and web development based on platform-
independent objective-oriented technologies and database connectivity
in creating information systems for eBusiness activities.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 432(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 533 Information Technology Infrastructure for Business
3 cr. Undergraduate.
Familiarize students with new infrastructure developments in
telecommunications and network technologies, as well as their
managerial and business applications.
Prerequisites: jr st & admis to Bus Adm major; a grade of C or better in
Bus Adm 335(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 534 Advanced Information Technology Project Management
3 cr. Undergraduate.
Student-teams will compete for and work on a real-world IT project and
present the completed project to the company's stakeholders.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 433(P).
Course Rules: Credit/no credit only.
Last Taught: Spring 2011.
Current Offerings: http://uwm.edu/schedule
BUS ADM 535 Global Information Technology Management
3 cr. Undergraduate.
Management issues surrounding the effective deployment of information systems in different regions of the world.
Prerequisites: Jr st & admis to Bus Adm Major; a grade of C or better in Bus Adm 335(P) or 336(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 536 Business Intelligence
3 cr. Undergraduate.
Introduction to business intelligence, with a focus on data warehousing and data mining. This course uses SAP Business Information Warehouse software.
Prerequisites: Jr st & admis to Bus Adm major; a grade of C or better in Bus Adm 335(P) or 336(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 537 Enterprise Systems Concepts and Issues
3 cr. Undergraduate.
Advanced concepts in ERP and integrated nature of business processes, and all major components of SAP R/3 and NetWeaver tools.
Prerequisites: Jr st & admis to Bus Adm major; grade of C or better in Bus Adm 335(P) or 336(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 538 Business Process Integration
3 cr. Undergraduate.
Prerequisites: Jr st & admis to Bus Adm major; Bus Adm 537(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 539 Web Application Server Development
3 cr. Undergraduate.
ERP Web Application Servers; Web Dynpro for Java to develop Web Applications, Web services and portal content which exposes data from SAP Business Suite.
Prerequisites: Jr st & admis to Bus Adm major; grade of C or better in Bus Adm 335(P) or 336(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 540 TERP 10 Certification
3 cr. Undergraduate.
This course is designed to prepare students for taking the TERP10 Certification Exam - the global baseline certification standard for SAP University Alliances Program.
Prerequisites: Jr st & admis to Bus Adm major; Bus Adm 536(P), 537(P), and 538(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 541 Cross-Cultural Management
3 cr. Undergraduate.
Business cultures around the world; the impact of cultural differences in international management and negotiations.
Prerequisites: Jr st & admis to Bus Adm major or declared Global Studies program; Bus Adm 330(P).
Course Rules: Bus Adm 541 and Global 541 are jointly offered; they count as repeats of one another.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 542 Introduction to Technology Entrepreneurship
3 cr. Undergraduate.
Introductory concepts related to technology entrepreneurship including opportunity identification, analysis and new venture planning. Prepares students to recognize and pursue viable technology-based entrepreneurial opportunities.
Prerequisites: Jr st & admis to Tech Entrep Cert program or admis to business or engineering major.
Course Rules: Counts as repeat of Bus Adm 495 or MechEng 490 with same topic. Jointly offered with & counts as repeat of MechEng 542.
Last Taught: Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 543 Introduction to Technology Management and Innovation
3 cr. Undergraduate.
Introductory concepts related to technology management and technological innovation. Prepares students to evaluate and plan technology commercialization projects.
Prerequisites: Jr st & admis to Tech Entrep Cert program or admis to business or engineering major.
Course Rules: Counts as a repeat of Bus Adm 495 with same topic. Jointly offered with & counts as repeat of MechEng 543.
Last Taught: Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 544 New Product Development
3 cr. Undergraduate/Graduate.
Concepts related to product development including product concept development and testing, and product design. Prepares students to work in cross-functional product development teams.
Prerequisites: Jr st & admis to Tech Entrep Cert program or Bus Adm major or CEAS major, or grad st. & admis to business or engineering program or admis to Tech Entrep Cert program.
Course Rules: Counts as a repeat of Bus Adm 795 with same topic. Jointly offered with & counts as a repeat of MechEng 544.
Last Taught: Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 546 Global Innovation Management
3 cr. Undergraduate/Graduate.
Concepts related to collaborative innovation in global networks including diverse collaboration models, innovation processes, and capabilities. Prepares students to manage global collaborative innovation projects.
Prerequisites: Jr st & admis to Tech Entrep Cert program or Bus Adm major or CEAS major, or grad st. & admis to business or engineering program or admis to Tech Entrep Cert program.
Course Rules: Counts as a repeat of Bus Adm 795 with same topic. Jointly offered with & counts as repeat of MechEng 546.
Last Taught: Spring 2016, Spring 2015.
Current Offerings: http://uwm.edu/schedule
BUS ADM 548 Technology Venturing Project
3 cr. Undergraduate.
A capstone course for students to demonstrate their knowledge and skills related to technology/product commercialization. Prepares students to lead their (or corporate) technology ventures.
Prerequisites: jr st & admis to Tech Entrep Cert program or admis to business or engineering major; Bus Adm/Mech Eng 542(P).
Course Rules: Jointly offered with & counts as repeat of MechEng 548.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 551 International Investments
3 cr. Undergraduate.
Prerequisites: jr st, admis to Bus Adm major; & Bus Adm 451(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 552 Investment Management Practice I
3 cr. Undergraduate/Graduate.
Introduction to the real-time and historic data sets available in the David O. Nicholas Applied Finance Lab. Utilize Bloomberg, FactSet, and other analysis packages.
Prerequisites: jr st, admis to Investment Mgmt Cert program, Bus Adm 301(C) & 451(C); or grad st, admis to Investment Mgmt Cert program, Bus Adm 301(C) or 721(C); 771(C).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 553 Investment Management Practice II
3 cr. Undergraduate/Graduate.
Students manage an investment portfolio utilizing the David O. Nicholas Applied Finance Lab. Topics include securities selection, portfolio hedging, behavioral finance, and financial market events.
Prerequisites: jr st, admis to Investment Mgmt Cert program & Bus Adm 552(P); or grad st, admis to Investment Mgmt Cert program & Bus Adm 552(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 554 Investment Management Practice III
3 cr. Undergraduate/Graduate.
Students independently conduct special study to assist individual future professional development and gain maturity and confidence in real world investment management.
Prerequisites: jr st, admis to Investment Mgmt Cert program & Bus Adm 553(P); or grad st, admis to Investment Mgmt Cert program & Bus Adm 553(P).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 571 Quality and Six Sigma Tools
3 cr. Undergraduate.
Principles and techniques for managing and improving quality in manufacturing and service operations. Topics include lean principles, quality function deployment, FMEA, DOE, others.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 370(P) or 371(P).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 576 Enterprise Planning in the Supply Chain
3 cr. Undergraduate.
Coverage of techniques for managing work processes within and across the supply chain. An integrated perspective is emphasized through hands-on experience with an enterprise software.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 475(P), 476(P) & 477(P).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 577 Supply Chain Applications, Policy, & Strategy
3 cr. Undergraduate.
Designed to develop a linkage between SCM and corporate strategy, a case study approach to build an integrated view of the SCM. Business game provides practical experience.
Prerequisites: jr st & admis to Bus Adm major; Bus Adm 475(P), & 476(P) or 477(P).
Course Rules: Counts as repeat of Bus Adm 472 with topics Supply Chain Strategy and Supply Chain Apps & Policy.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 599 Reading and Research-Business Administration
1-3 cr. Undergraduate.
May be retaken for cr only with prior approval of Lubar School of Business.
Prerequisites: jr st; cons instr & Bus Adm.
Course Rules: May be retaken for cr only with prior approval of Lubarsch School of Business.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 600 Management Analysis
3 cr. Undergraduate.
Administrative processes under conditions of uncertainty including integrating analysis of policy determination at the overall management level. Capstone course in business administration.
Prerequisites: sr st & admis to Bus Adm major; Bus Adm 301(P) or 302(P); Bus Adm 330(P) or 331(P); Bus Adm 350(P) or 351(P) or 450(C); & Bus Adm 360(P) or 361(P).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 701 Business Mathematics
2 cr. Graduate.
Mathematical concepts essential to business. Exponents, polynomial functions, exponential and logarithmic functions, solution of linear systems, basic differential and integral calculus; emphasizes application to business problems.
Prerequisites: grad st.
Course Rules: Counts as repeat of BusMgmt 701.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 703 Financial Accounting
3 cr. Graduate.
Covers financial accounting model underlying financial statements, accounting standard setting, role of accounting in capital formation, interpretation and analysis of financial statements.
Prerequisites: grad st.
Course Rules: Counts as repeat of BusMgmt 702.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)
BUS ADM 713 Business Forecasting Methods  
3 cr. Graduate.  
Overview and use of modern forecasting methods in support of managerial strategic planning, financial, and operational analysis of a dynamic global business environment.  
Prerequisites: grad st; BusMgmt 709(P) or Bus Adm 754(P).  
Current Offerings: http://uwm.edu/schedule

BUS ADM 714 Multivariate Techniques in Management Research  
3 cr. Graduate.  
Multivariate analysis of variance, principal component analysis, factor analysis, conjoint analysis, bootstrap resampling, cluster analysis, canonical correlation, data mining (classification trees and neural networks); computer implementation.  
Prerequisites: grad st; BusMgmt 709(P) or Bus Adm 754(P).  
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2012.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 720 Information Systems Auditing  
3 cr. Graduate.  
Testing and reliance of automated application, program change and data access controls for use in the financial statement audit and system integrity.  
Prerequisites: grad st; Bus Adm 409(P) or 728(P).  
Course Rules: Counts as repeat of Bus Adm 795 with similar topic.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 721 Financial Accounting Theory  
3 cr. Graduate.  
The principles of external reporting are integrated with approaches to problem solving. Emphasis is placed upon recent developments of the accounting profession.  
Prerequisites: grad st; grade of B or better in Bus Adm 703(P) or 201(P) within three years of admission to the graduate program.  
Course Rules: Not open to students who have cr in Bus Adm 301(ER).  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 722 Advanced Financial Accounting Theory  
3 cr. Graduate.  
Specialized topics in external financial reporting are studied. A critical appraisal is made of current and emerging accounting theory.  
Prerequisites: grad st; grade of B or better in Bus Adm 721(P) or 301(P).  
Last Taught: Summer 2017, Summer 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 723 Forensic Accounting  
3 cr. Graduate.  
Coverage of forensic accounting and auditing topics such as examination of documents, information sources, writing reports, identifying high-risk signs, and fraud prevention and detection.  
Prerequisites: grad st; Bus Adm 409(P) or 728(P).  
Course Rules: Counts as repeat of Bus Adm 795 with similar topic.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 724 Business Combinations and Governmental Accounting  
3 cr. Graduate.  
Accounting for mergers and acquisitions including consolidation procedures and foreign subsidiary investments. Also includes accounting principles for government and nonprofit entities.  
Prerequisites: grad st; grade of B or better in Bus Adm 721(P) or 301(P).  
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 725 Strategic Cost Management I  
3 cr. Graduate.  
Cost data accumulation and its utilization by management. Emphasis on job order and process costing, standard costing, cost-volume-profit analysis, budgets, capital expenditures.  
Prerequisites: grad st; grade of B or better in Bus Adm 703(P) or 201(P).  
Course Rules: Cannot be taken by students receiving cr for Bus Adm 404.  
Last Taught: Fall 2017, Fall 2016, Summer 2015, Summer 2014.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 726 Strategic Cost Management II  
3 cr. Graduate.  
Uses quantitative and behavioral models to aid management planning and control. Emphasizes analysis techniques to aid in the solution of accounting oriented management problems.  
Prerequisites: grad st; Bus Adm 725(P) or 404(P).  
Course Rules: Not open to students who have cr in Bus Adm 426(ER).  
Last Taught: Fall 2015, Fall 2014, Fall 2013, Spring 2013.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 728 Auditing Theory and Applications  
3 cr. Graduate.  
A study of auditing standards, methodology, and professional and reporting responsibilities. Emphasis is on underlying concepts and theory.  
Prerequisites: grad st; Bus Adm 408(P) and grade of B or better in Bus Adm 721(P) or 301(P).  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: http://uwm.edu/schedule

BUS ADM 732 Transforming Organizations  
3 cr. Graduate.  
Combines individual and organizational-level analysis to provide insights into changing organizations. Topics include innovation, leadership, corporate cultures, and changing management from a broad view.  
Prerequisites: grad st; BusMgmt 714(P).  
Current Offerings: http://uwm.edu/schedule

BUS ADM 733 Organizational Development  
3 cr. Graduate.  
Problems of implementing change. Roles of external and internal consultants. Determining needs and measuring relevant variables.  
Prerequisites: grad st; BusMgmt 706(P) or cons instr.  
Current Offerings: http://uwm.edu/schedule
BUS ADM 734 Managing Technological Innovation
3 cr. Graduate.
Organizational and strategic issues involved in managing technologies and innovation processes. Emphasizes professional employees, creativity, project teams, leadership, interdepartmental relations, technological evolution, and R&D strategies.
Prerequisites: grad st.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 735 Staffing Organizations
3 cr. Graduate.
Broad overview of staffing practices and related research; topics include staffing strategy, legal compliance, job analysis, external recruitment and selection, staffing systems management, and retention.
Prerequisites: grad st
Course Rules: Not open for cr to those w/ cr in Bus Adm 795 w/ topic: Staffing.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 736 Seminar in Managing Change:
3 cr. Graduate.
Topics are limited to the areas of managing change and their business applications. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
Prerequisites: grad st
Course Rules: May be repeated w/ chg in topic to 6 cr max.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 737 Managerial Decisions and Negotiations
3 cr. Graduate.
Provides frameworks for making effective decisions and negotiating viable solutions. Improves performance in these key managerial roles by engaging in case study, exercises, and industry projects.
Prerequisites: grad st
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 738 Human Resource Management
3 cr. Graduate.
Strategies for attracting, retaining and developing a diverse and international workforce. Topics include employment law, diversity, staffing, training, performance management, compensation and current issues.
Prerequisites: grad st; BusMgmt 706(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 740 Information Technology Management Concepts and Languages
3 cr. Graduate.
Introduction to data organization, object-oriented design, construction and validation of application programs, development methodologies and control structures, illustrate with object programming language.
Prerequisites: grad st.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 741 Web Mining and Analytics
3 cr. Graduate.
Measurement methods and analysis of web-based data for strategic decisions; methods and technologies in web mining, visualization, predictive analytics and text mining for knowledge discovery and business analysis.
Prerequisites: grad st.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 743 Information Privacy, Security & Continuity
3 cr. Graduate.
Privacy threats and safeguards; identifying information system vulnerabilities; planning and managing security measures. Ethical and legal perspectives concerning information and data.
Prerequisites: grad st
Last Taught: Spring 2018, Spring 2017, Fall 2014, Fall 2012.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 744 Information Technology Strategy and Management
3 cr. Graduate.
Various frameworks to evaluate strategic value of IT, aligning IT and competitive business strategies, IT governance models, managing IT operations and outsourcing ethically.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 746 Topics in Information Technology Management:
3 cr. Graduate.
Topics are limited to the areas in management information systems and business application. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
Prerequisites: grad st
Course Rules: May be retaken with change in topic to max of 9 cr.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 747 Service-Oriented Analysis and Design
3 cr. Graduate.
Application development using service-oriented architecture, methodologies for specification, selection, composition, and integration of services, software quality assurance and metrics.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

BUS ADM 748 Managing Information Technology Projects
3 cr. Graduate.
Understand project management tools/techniques, project planning, software effort/cost estimation models, quality tools/metrics, six-sigma, CMM and ISO-9000, and managing outsourced/off-shored projects. Involves team-based project implementation.
Prerequisites: grad st; Bus Adm 747(P).
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)
BUS ADM 749 Data and Information Management
3 cr. Graduate.
Managing structured, semi-structured and unstructured data, data integrity management, data representation, data integration, governance and administration, data quality and reporting information.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

BUS ADM 751 Analysis of U.S. Business Environment
3 cr. Graduate.
Analysis of inflation, business cycles, interest rate dynamics and term structure, federal reserve policy, tax policy, and economic growth.
Prerequisites: grad st; Bus Adm 701(P) & 702(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 752 Corporate Economics
3 cr. Graduate.
Applied economic analysis of market structure, price discrimination, oligopoly, cartels, and collusion. The course integrates the psychology of price and behavioral economic issues in pricing.
Prerequisites: grad st in mba-executive curric or cons instr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 753 Advanced Business Law
3 cr. Graduate.
Advanced legal concepts focusing on Uniform Commercial Code, bankruptcy and creditor protection, liability of bailees and common carriers, product liability, and real and personal property.
Prerequisites: grad st; Bus Adm 391(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 754 Statistical Analysis
3 cr. Graduate.
Business applications of probability theory and statistical methods to managerial problems of prediction, inference and decision making under uncertainty.
Prerequisites: grad st; cons instr
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 755 Health Care Administration and Delivery Systems
3 cr. Graduate.
Covers administrative structures and processes in health care institutions, including managing clinicians and inter-organizational relationships of U.S. and selected foreign health care providers.
Prerequisites: grad st.
Last Taught: Fall 2016, Fall 2014, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule

BUS ADM 757 Managed Care and Integrated Health Networks
3 cr. Graduate.
Examines concepts and management of capitated and vertically integrated health care organizations; utilization control, risk and quality assessment, benefit design, pricing, management of clinical professionals.
Prerequisites: grad st; Bus Adm 755(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 759 Seminar in Health Care Management:
3 cr. Graduate.
Topics limited to the area of health care management. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
Prerequisites: grad st
Course Rules: May be repeated w/ chg in topic to 6 cr max.
Last Taught: Spring 2013, Fall 2010.
Current Offerings: http://uwm.edu/schedule

BUS ADM 761 Seminar in Marketing:
3 cr. Graduate.
Current and emerging topics in Marketing. Specific topics and any additional prerequisites will be listed in the Schedule of Classes each semester. May be repeated w/chg in topic to 6 cr. max.
Prerequisites: grad st.
Last Taught: Fall 2012, Fall 2010, Fall 2008, Summer 2006.
Current Offerings: http://uwm.edu/schedule

BUS ADM 762 Marketing Research
3 cr. Graduate.
Understanding the market research process, obtaining and integrating relevant information into marketing decision-making processes. Listening to the voice of the customer, customer satisfaction measurement and technology utilization for database marketing.
Prerequisites: grad st; BusMgmt 709(C) or cons of instr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 763 Marketing Analytics
3 cr. Graduate.
Theoretical background provided to develop hands-on experience analyzing marketing data and using statistical models for marketing decisions.
Prerequisites: grad st; BusMgmt 709(C) or cons instr.
Course Rules: Not open for cr to those w/cr in Bus Adm 761 or 795 w/ similar topic.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 764 Buyer Behavior and Marketing Communications
3 cr. Graduate.
A multidisciplinary approach to understanding buyer behavior processes in the market place and their implications for the development of marketing strategies, especially marketing communications.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

BUS ADM 765 Strategic Product and Brand Management
3 cr. Graduate.
Customer-focused product development and management; the creation and management of brand equity. Technology-marketing interface and customer involvement in product innovation and strategy.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
BUS ADM 766 Marketing for Nonprofit Organizations
3 cr. Graduate.
Explores ways in which non-business organizations such as hospitals, quasi-governmental agencies and educational institutions utilize marketing concepts and techniques in fulfilling their objectives.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

BUS ADM 768 Marketing Management
3 cr. Graduate.
Study and application of the concepts, tools and analyses that underlie strategic marketing decisions.
Prerequisites: grad st.
Last Taught: Fall 2013, Fall 2011, Fall 2009, Fall 2007.
Current Offerings: http://uwm.edu/schedule

BUS ADM 769 Database Marketing
3 cr. Graduate.
Introduction to using and analyzing data on current and prospective customers to increase sales, customer acquisition, and customer retention.
Prerequisites: grad st; BusMgmt 709(C) or cons instr
Current Offerings: http://uwm.edu/schedule

BUS ADM 771 Investments
3 cr. Graduate.
Financial assets pricing and selection for stocks, bonds, convertible securities, and warrants. Concepts of diversification, asset valuation models and derivative securities.
Prerequisites: grad st; BusMgmt 705(P) & BusMgmt 709(P).
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 772 Portfolio Management
3 cr. Graduate.
Study of dynamic process that periodically matches investors' goals, objectives, and strategies with market expectations through portfolio construction and revision. Covers asset allocation, return optimization, and management of various asset types.
Prerequisites: grad st; Bus Adm 771(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 773 Options And Futures
3 cr. Graduate.
Pricing theories and models for options and futures contracts and their application to investment hedging, arbitrage, and portfolio management. Covers equity, fixed income, commodity, and currency options and futures.
Prerequisites: grad st; Bus Adm 771(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 774 Global Financial Management
3 cr. Graduate.
Analysis of financial problems corporations face when operating in an international environment. Emphasis on management of foreign exchange risk.
Prerequisites: grad st; Bus Mgmt 705(P).
Last Taught: Spring 2017, Fall 2014, Fall 2012, Fall 2010.
Current Offerings: http://uwm.edu/schedule

BUS ADM 775 Financial Strategy
3 cr. Graduate.
Application of financial theory to corporate strategic planning. Working capital management, capital budgeting, capital structure, dividend policy, global finance, and mergers and acquisitions.
Prerequisites: grad st; BusMgmt 705(P) & BusMgmt 709(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 777 Advanced Corporate Finance
3 cr. Graduate.
Critical examination and evaluation of modern corporate finance theory. Market efficiency, corporate investment decisions, capital structure, financing vehicles, risk management, corporate restructuring, and governance.
Prerequisites: grad st; Bus Adm 771(P), 775(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 778 Financial Institutions and Markets
3 cr. Graduate.
Application of finance theory to financial management of firms including commercial banks, insurance companies, pension funds, mutual funds, and securities firms.
Prerequisites: grad st; BusMgmt 705(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 779 Fixed Income Securities
3 cr. Graduate.
Examination of the pricing and features of modern fixed income securities including treasuries, municipals, mortgage-backed, callable and putable bonds, convertibles, and interest rate swaps.
Prerequisites: grad st; Bus Adm 771.
Current Offerings: http://uwm.edu/schedule

BUS ADM 781 Enabling Supply Chains Using SAP
3 cr. Graduate.
Strategic perspectives on the role of information technology as an enabler of the supply chain processes. Hands-on use of enterprise resource planning (ERP) software.
Prerequisites: grad st; Bus Adm 703(C) and BusMgmt 711(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 782 Supply Chain Technology and Simulation
3 cr. Graduate.
Manufacturing innovations (e.g., lean manufacturing), manufacturing information systems, simulation-based technology development and prototyping, manufacturing systems design and simulation.
Prerequisites: grad st; BusMgmt 711(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 783 Supply Chain Management
3 cr. Graduate.
Management of supply chain, supply chain design, purchasing and distribution, supply contracts, and supply chain technology.
Prerequisites: grad st; BusMgmt 711(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
BUS ADM 785 Project Management and Innovative Operations
3 cr. Graduate.
Management of innovative business projects, including multi-tier contracting, cpm/per, virtual manufacturing, quality targeting and pursuit, and global operations.
Prerequisites: grad st; BusMgmt 711(P) & Bus Adm 782(C).
Current Offerings: http://uwm.edu/schedule

BUS ADM 786 Supply Chain Logistics Management
3 cr. Graduate.
Strategic perspectives on logistics management concepts, issues, and models. Topics include logistics information systems, inventory management, transportation methods, packaging, warehousing, and global issues.
Prerequisites: grad st; BusMgmt 711(P)
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 794 Enterprise Integration:
1 cr. Graduate.
Knowledge and skills important for effective integration and management of organizations across technical and business functions, and national and cultural boundaries. Topics vary and may include methods for quality improvement, management communications, business ethics, organizational leadership, etc.
Prerequisites: grad st in Bus Adm or prior approval of Bus Adm graduate prog services office.
Current Offerings: http://uwm.edu/schedule

BUS ADM 795 Seminar-in-Management:
1-3 cr. Graduate.
Intensive and critical examination of a specific management problem area or a related research question. Specific topic and additional prerequisites may appear in the schedule of classes each semester.
Prerequisites: grad st; appropriate management science core courses or cons instr.
Course Rules: Repeatable with change in topic.
Current Offerings: http://uwm.edu/schedule

BUS ADM 797 Management Project
2-4 cr. Graduate.
Investigation of an actual management problem or another substantive question in an allied discipline presented, for example, in the form of a business report or professional paper.
Prerequisites: grad st; cons instr.
Course Rules: May be retracted with change in topic with cons appropriate Lubar School of Business prog committee.
Last Taught: Fall 2017, Summer 2015, Summer 2013, Summer 2012.
Current Offerings: http://uwm.edu/schedule

BUS ADM 798 Strategic Planning in Public and Nonprofit Sectors
3 cr. Graduate.
Focuses on effective designs for strategic planning processes and assessment of external environmental and internal organizational characteristics, design, and evaluation of strategies.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

BUS ADM 799 Reading and Research
1-12 cr. Graduate.
Individual work suited to the needs of graduate students.
Prerequisites: grad st; cons instr.
Course Rules: May be retracted with change in topic with cons appropriate Lubar School of Business prog committee.
Current Offerings: http://uwm.edu/schedule

BUS ADM 800 Managing Global Organizations
3 cr. Graduate.
Theories, information, and research pertaining to management of international business including selected aspects of foreign investment decision, strategy development, organization and control of multinational operations.
Prerequisites: grad st.
Last Taught: Fall 2012, Fall 2010, Fall 2009, Fall 2008.
Current Offerings: http://uwm.edu/schedule

BUS ADM 806 International Marketing
3 cr. Graduate.
Examines international market development including determining objectives, evaluating market opportunities, entry strategies, and marketing mix in the international environment.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

BUS ADM 807 Seminar in International Business:
3 cr. Graduate.
Topics limited to the areas of international business. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
Prerequisites: grad st.
Course Rules: May be repeated w/ chg in topic to 6 cr max.
Last Taught: Fall 2011, Fall 2009, Fall 2007.
Current Offerings: http://uwm.edu/schedule

BUS ADM 809 International Business Strategy
3 cr. Graduate.
Examines the strategic planning and action of international firms from the perspective of corporate headquarters.
Prerequisites: grad st; Bus Adm 800(P) & 806(P), or cons instr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 810 Development of Web-Based Solutions
3 cr. Graduate.
Web development for eBusiness, web development tools and methodologies, web services, content management, developing database-driven web applications, mobile applications, and Web 2.0 technologies.
Prerequisites: grad st; Bus Adm 740(P)
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
BUS ADM 811 Process and Work-Flow Management
3 cr. Graduate.
Business process modeling and design, process optimization, inter/intra organization process integration, process re-engineering and continuous process improvement, process execution and process implementation using ERP.
Prerequisites: grad st; BusMgmt 732(P)
Current Offerings: http://uwm.edu/schedule

BUS ADM 812 Emerging Information Technologies for Business
3 cr. Graduate.
Introduction to novel information technologies; emphasis is on assessing viability, impact, and management of emerging technologies and their integration with traditional information technology.
Prerequisites: grad st
Current Offerings: http://uwm.edu/schedule

BUS ADM 813 Object-Oriented and Visual Paradigms
3 cr. Graduate.
Object-oriented/visual concepts and use in management applications; object-oriented/visual design and development methodologies/languages; prototyping; implementation in an appropriate environment.
Prerequisites: grad st; Bus Adm 740(P).
Last Taught: Fall 2009, Fall 2008, Fall 2007, Fall 2006.
Current Offerings: http://uwm.edu/schedule

BUS ADM 814 Enterprise Knowledge & Semantic Management
3 cr. Graduate.
Managing knowledge in business enterprises including acquisition, repository creation, dissemination; organizational learning, developing enterprise ontology, collaboration management and e-collaboration; developing intelligent agents and recommendation systems.
Prerequisites: grad st.
Last Taught: Fall 2016, Fall 2013, Spring 2012, Spring 2010.
Current Offerings: http://uwm.edu/schedule

BUS ADM 816 Business Intelligence Technologies & Solutions
3 cr. Graduate.
Develop business intelligence (BI) solutions using data warehousing, OLAP and data mining technologies. Students will use SAP Analytics and other tools for implementing BI solutions.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 817 Infrastructure for Information Systems
3 cr. Graduate.
Overview of computing and network technologies. Design and development of technology infrastructure for supporting modern information systems. Infrastructure management strategies, security, reliability, and performance considerations.
Prerequisites: grad st
Last Taught: Fall 2017, Fall 2015, Fall 2014, Fall 2012.
Current Offerings: http://uwm.edu/schedule

BUS ADM 818 Information Systems Practicum
3 cr. Graduate.
Team project to build a working prototype system to address specific client need. This involves need assessment, market research, requirement specification, system design and building.
Prerequisites: grad st; Bus Adm 747(P); cons instr
Last Taught: Spring 2016, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 819 Information Technology Management Internship
3 cr. Graduate.
A defined work period addressing information systems in a corporate, government, or management consulting environment.
Prerequisites: grad st; writ cons instr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 820 Tax Research, Practice, and Procedure
3 cr. Graduate.
Methodology of federal tax research, including computerized research. Organization of and practice before the irs. Audits, deficiencies, assessment and collection. Preparer penalties. Ethical responsibilities.
Prerequisites: grad st; Bus Adm 405(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 821 Business Taxation
3 cr. Graduate.
Advanced business tax issues, including tax research, consolidated returns, corporate reorganizations, multistate and international taxation.
Prerequisites: grad st; Bus Adm 406(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 823 Corporate Income Taxation
3 cr. Graduate.
Tax issues associated with formation, operations, liquidation and reorganization of regular corporations. Introduction to consolidated returns.
Prerequisites: grad st; Bus Adm 406(P)
Current Offerings: http://uwm.edu/schedule

BUS ADM 825 Estate Planning
3 cr. Graduate.
Estate, gift and income tax issues associated with intra-family and charitable wealth transfers. Business succession planning.
Prerequisites: grad st; Bus Adm 406(P)
Current Offerings: http://uwm.edu/schedule

BUS ADM 826 Tax Planning for Individuals
3 cr. Graduate.
Advanced tax issues and planning opportunities for individuals. Introduction to the taxation of trusts and estates, as well as estate and gift tax issues.
Prerequisites: grad st; Bus Adm 406(P)
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule
**BUS ADM 827 Taxes and Business Strategy**  
3 cr. Graduate.  
Comprehensive examination of tax planning issues associated with choice of entity, start-ups, purchase or sale of business, compensation, and financing options. Business succession planning.  
Prerequisites: grad st; Bus Adm 406(P)  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 828 Taxation of Partnerships, S Corporations, and LLCs**  
3 cr. Graduate.  
Tax issues associated with formation, operation, and dissolution of partnerships. Subchapter S corporations, and limited liability companies. Sale of ownership interests.  
Prerequisites: grad st; Bus Adm 406(P)  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 829 Executive Compensation and Benefits**  
3 cr. Graduate.  
Tax issues associated with different methods of compensating executives and other employees.  
Prerequisites: grad st; Bus Adm 406(P)  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 831 Multistate Income Taxation**  
3 cr. Graduate.  
State taxation of income derived by corporations, flow through entities, and individuals from interstate business and investment activity.  
Prerequisites: grad st.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 832 Property Taxation**  
3 cr. Graduate.  
Basic and advanced topics in state and local property taxes, with an emphasis on issues commonly encountered by multistate businesses.  
Prerequisites: grad st; Bus Adm 406(P)  
Last Taught: Fall 2016, Fall 2015, Fall 2014, Fall 2013.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 834 International Taxation**  
3 cr. Graduate.  
U.S. taxation of income derived by corporations, flow-through entities, and individuals from both outbound and inbound business and investment activity.  
Prerequisites: grad st; Bus Adm 406(P)  
Last Taught: Fall 2015, Fall 2014, Fall 2013, Fall 2012.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 837 Sales and Use Taxation**  
3 cr. Graduate.  
Basic and advanced topics in state and local sales and use taxes, with an emphasis on the treatment of transactions commonly encountered by multistate businesses.  
Prerequisites: grad st.  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 838 Managing State and Local Audits**  
3 cr. Graduate.  
Practical insights into managing the problems encountered in state and local income, sales and use, and property tax audits.  
Prerequisites: grad st.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 840 Current Issues in Financial Reporting**  
3 cr. Graduate.  
Current topics of concern to accounting professionals such as derivatives, stock options, fair value accounting, international standards, intangible assets, SEC issues and foreign currency accounting.  
Prerequisites: grad st; Bus Adm 722(P) or 402(P)  
Last Taught: Fall 2017, Fall 2016, Fall 2015, Spring 2015.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 841 Financial Statement Analysis**  
3 cr. Graduate.  
Prerequisites: grad st; Bus Adm 722 (C) or 402(P)  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 844 Auditing: Professional Standards and Practices**  
3 cr. Graduate.  
An in-depth study of the various professional standards that shape the audit process including those related to audit procedures, reporting responsibilities, and statistical sampling.  
Prerequisites: grad st; Bus Adm 409(P).  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 847 Topics in Accounting Theory**  
3 cr. Graduate.  
Analysis of contemporary accounting issues with emphasis on applications of accounting theory and the development of research and analytical skills. Extensive use of case studies. Specific topic and additional prerequisites may appear in the Timetable each semester.  
Prerequisites: grad st; Bus Adm 402(P), 403(P), & 404(P).  
Course Rules: Repeatable with change in topic to 6 cr max.  
Last Taught: Fall 2005, Fall 2004, Fall 2003, Fall 2002.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)

**BUS ADM 848 Professional Accounting Practice**  
3 cr. Graduate.  
In-depth analysis of audit, taxation, and advisory services to clients including legal and ethical issues in the practice of a CPA. Includes professional exam preparation.  
Prerequisites: grad st; Bus Adm 724(P); Bus Adm 753(C), 840(C), 728(C), or 844(C)  
Course Rules: Course to be taken the semester of graduation.  
Current Offerings: [http://uwm.edu/schedule](http://uwm.edu/schedule)
BUS ADM 849 Accounting Internship
1-3 cr. Graduate.
A defined work period in an accounting firm, corporation, or governmental agency.
Prerequisites: grad st; writ cons instr.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 851 Global Investments
3 cr. Graduate.
Introduce market structure, institutions, regulations, instruments, and innovations in global investments. Focus on management of foreign currency risk and performance of global investment portfolios.
Prerequisites: grad st; Bus Adm 771(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 852 Venture Finance
3 cr. Graduate.
Examine private equity industry, venture and buyout fund. Focus on the interaction of major parties, general partners, limited partners and portfolio firms.
Prerequisites: grad st; Bus Adm 705(P).
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 853 Financial Modeling
3 cr. Graduate.
Development and advanced application of computer-based financial models including pricing of exotic derivative securities.
Prerequisites: grad st; Bus Adm 771(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 888 Candidate for Degree
0 cr. Graduate.
Available for graduate students who must meet minimum credit load requirement.
Prerequisites: grad st.
Course Rules: Fee for 1 cr assessed.
Current Offerings: http://uwm.edu/schedule

BUS ADM 894 Internet Marketing
3 cr. Graduate.
Introduction to the principles of internet marketing, types of products that can be marketed online, communication strategies, selling strategies, and pricing strategies.
Prerequisites: grad st.
Last Taught: Spring 2018, Fall 2017, Spring 2017, Fall 2016.
Current Offerings: http://uwm.edu/schedule

BUS ADM 895 Strategic Marketing Issues in eBusiness
3 cr. Graduate.
Online branding, internet pricing and promotion strategy, managing channel conflict, online competitive strategy, synergies between traditional and online operations, and other topical issues.
Prerequisites: grad st.
Current Offerings: http://uwm.edu/schedule

BUS ADM 899 Management Research Project/Thesis
1-6 cr. Graduate.
Original analysis of a management problem. Involves the application of the elements of scientific inquiry in the context of a contemporary problem.
Prerequisites: grad st; cons instr.
Last Taught: Spring 2017, Fall 2016, Spring 2016, Fall 2015.
Current Offerings: http://uwm.edu/schedule

BUS ADM 900 Doctoral Orientation to Teaching and Research
1 cr. Graduate.
Introduces doctoral students to academic careers and research management. Focuses on research approaches, research management in private and public organizations, and teaching responsibilities in higher education.
Prerequisites: grad st.
Last Taught: Fall 2017, Fall 2016, Fall 2015, Fall 2014.
Current Offerings: http://uwm.edu/schedule

BUS ADM 914 Advanced Multivariate Techniques in Management Research
3 cr. Graduate.
Analysis of management problems using multivariate methods including logistic regression, structural equations, scale reliability measures, simultaneous inference, observational study corrections, and multidimensional scaling.
Prerequisites: grad st; Bus Adm 714(P) and 754(P).
Current Offerings: http://uwm.edu/schedule

BUS ADM 916 Advanced Operations Research Models
3 cr. Graduate.
Formulation and solution of operations research models with emphasis on models having a probabilistic structure.
Prerequisites: grad st; Bus Adm 754(P) or cons of instr.
Current Offerings: http://uwm.edu/schedule

BUS ADM 918 Doctoral Seminar in Behavioral Research Methods in Management
3 cr. Graduate.
Selected advanced topics in behavioral research methods.
Prerequisites: grad st; Bus Adm 709 or 754.
Current Offerings: http://uwm.edu/schedule

BUS ADM 980 Accounting Doctoral Seminar I:
3 cr. Graduate.
Selected topics focusing on accounting research. Specific topics and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.
Prerequisites: grad st.
Course Rules: Retakeable w/ chg in topic to 9 cr max.
Current Offerings: http://uwm.edu/schedule
**BUS ADM 981 Accounting Doctoral Seminar II:**
3 cr. Graduate.
Selected advanced topics focusing on theoretical foundations of accounting and empirical testing of such theories. Specific topics and any additional prerequisites will be announced in the Schedule of Classes each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** Retakeable w/ chg in topic to 9 cr max.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 983 Supply Chain and Operations Management Doctoral Seminar I:**
3 cr. Graduate.
Selected topics focusing on supply chain and operations management. Includes analysis of key research, develop abilities related to research ideas, and execute empirical or analytical study to develop full research paper.
**Prerequisites:** grad st.
**Course Rules:** Retakeable with change in topic to max of 9 cr.
**Last Taught:** Fall 2014.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 984 Finance Doctoral Seminar I:**
3 cr. Graduate.
Selected topics focusing on theoretical foundations of corporate finance and investments, and on testing such theories. Topics & prerequisites announced each time course is offered.
**Prerequisites:** grad st.
**Course Rules:** Retakeable with change in topic to max of 9 cr.
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Fall 2014.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 990 Doctoral Seminar in Strategic Management:**
3 cr. Graduate.
Selected advanced topics in strategic management. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** May be repeated w/ chg in topic to a 9 cr max.
**Last Taught:** Spring 2016, Fall 2015, Fall 2011, Spring 2010.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 991 MIS Doctoral Seminar II:**
3 cr. Graduate.
Selected advanced topics in management information systems. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** May be repeated w/ chg in topic to a 9 cr max.
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 992 Doctoral Seminar in Marketing:**
3 cr. Graduate.
Selected advanced topics in marketing. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** Retakeable with change in topic to 12 cr max.
**Last Taught:** Spring 2018, Fall 2017, Spring 2017, Spring 2016.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 993 Supply Chain & Operations Management Doctoral Seminar II**
3 cr. Graduate.
Selected advanced topics in supply chain and operations management. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
**Prerequisites:** grad st
**Course Rules:** Retakeable with change in topic to 9 cr max.
**Last Taught:** Spring 2018, Fall 2017, Fall 2016, Fall 2015.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 994 Finance Doctoral Seminar II:**
3 cr. Graduate.
Selected advanced topics in finance. Specific topics and any additional prerequisites will be announced in the schedule of classes each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** Retakeable with change in topic to max of 9 cr.
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 995 Doctoral Seminar in Decision Sciences:**
3 cr. Graduate.
Selected advanced topics in multi-disciplinary and methodological issues in management science. Specific topics and any additional prerqs will be announced in the schedule of classes each time the course is offered.
**Prerequisites:** grad st; Bus Adm 709 or 754.
**Course Rules:** Retakeable with change in topic to max of 9 cr.
**Last Taught:** Spring 2018, Spring 2017, Spring 2016, Spring 2015.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 996 Doctoral Seminar in Organizations:**
3 cr. Graduate.
Selected advanced topics in organizations. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** Retakeable with change in topic to 9 cr max.
**Last Taught:** Fall 2017, Fall 2016, Fall 2015, Spring 2015.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 997 Doctoral Dissertation**
1-12 cr. Graduate.
**Prerequisites:** dissertator st; cons instr.
**Last Taught:** Spring 2018, Fall 2017, Summer 2017, Spring 2017.
**Current Offerings:** http://uwm.edu/schedule

**BUS ADM 998 MIS Doctoral Seminar I:**
3 cr. Graduate.
Selected advanced topics in management information systems. Specific topics and any additional prerequisites will be announced in the Timetable each time the course is offered.
**Prerequisites:** grad st.
**Course Rules:** Retakeable w/ chg in topic to 9 cr max.

BUSINESS OF MEDIA AND FILM STUDIES, UNDERGRADUATE CERTIFICATE (LUBAR SCHOOL OF BUSINESS)

The Certificate Program in Business of Media and Film Studies (BMFS) prepares students to be successful in their post-college careers by uniting the study of Business with the study of a popular, accessible, and pertinent area within the Humanities, Film Studies. Business students will have more sustained study in humanistic inquiry, both of their own field and of the diverse world that the Humanities investigates. Letters and Science students will have access to professional school curricula to help them be better equipped to enter a workforce that demands flexibility and a diversity of knowledge and experience.

The certificate in BMFS includes coursework engaging the financial and industry practices and structures in film and television. It is an interdisciplinary academic program consisting of an introductory course in Film or Television Studies, introductory courses in Business Administration (accounting, management, and marketing), an intermediate level Film Studies course focused on history and representational analysis, and a set of electives from Business Administration and Film Studies.

Eligibility

The program is open to all students seeking a bachelor’s degree from UWM, to students who previously earned a bachelor’s degree from UWM or any other accredited college or university, and to those who do not plan to pursue a college or university degree (non-degree students) but who have a strong interest in this subject. Students currently involved in baccalaureate studies at UWM who successfully complete the requirements of the certificate program will be awarded the certificate at the time of graduation. Other students will receive the certificate upon completion of the program requirements.

Requirements

To obtain the certificate, the student must complete, with a minimum grade point average of 2.50, a minimum of 18 credits in approved BMFS courses as indicated below, 15 of which must be earned in residence at UWM. Of these 15 residence credits, 9 must be taken at the 300 level or above. Nine credits must be taken in the College of Letters and Science, and nine credits must be taken in the Lubar School of Business. Courses for the certificate may not be taken on a credit/no credit basis.

Credits earned at other institutions equivalent to courses in the certificate program may be accepted in partial fulfillment of the program requirements, subject to review by the Certificate Program Advisory Committee (BMFSAC). Students currently enrolled at UWM who have fulfilled some of the program's requirements prior to the program's approval may have their credits applied retroactively to the certificate program.

ACCOUNTING, BBA

Accountants gather, organize and analyze financial information. Accountants assess performance and efficiency and suggest improvements for their employers and clients. They are needed in Certified Public Accounting (CPA) firms and corporations, as well as nonprofit organizations. Advancements in technology, evolving accounting rules and regulations, and rapid globalization promise abundant and interesting career opportunities to those with strong quantitative abilities.

Accounting graduates who take positions in public accounting firms provide management consulting, tax, and audit services to external clients. Other accounting graduates, who take positions with industry and not-for-profit organizations, work as part of the management team providing information for decision support, taxation issues and performance evaluation.

Lubar School of Business accounting programs are separately accredited by the AACSB (one of only three accounting accredited schools in Wisconsin). Graduates meet the legal requirements to take the CPA Exam in Wisconsin. However, 150 credits of education are required to obtain the CPA license in Wisconsin. Many BBA Accounting graduates apply, are accepted, and enroll in the Lubar School of Business Master of Science in Management-Professional Accounting (MS-PA) program to complete the credits to prepare for the CPA exam and meet the 150 credits for licensure.

Requirements

Students admitted to a Business major Fall 2012 and after

</tbody>
</table>

Total Credits 24

1 Part-time students who are employed on a full-time basis may substitute BUS ADM 403 for BUS ADM 300 and BUS ADM 410 with the approval of assigned Lubar academic advisor.
2 Students who have completed BUS ADM 404 will not be allowed to complete BUS ADM 302 for credit.

Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

<table>

Total Credits 18

Degree Completion Requirements

Credits

A minimum of 123 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.
Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelor's degree only. Requirements of a second undergraduate degree are listed on the Lubar School's Policies and Regulations (p. 328). The Accounting major may not be completed as a second undergraduate degree.

Double Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans.

Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (http://uwm.edu/business/academics/undergrad/academic-advising) All students should meet with an academic advisor at least once a semester.

Career Services

The Lubar School of Business also features a dedicated Career Services Center (http://uwm.edu/business/academics/career-services) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the School as a service to students and to businesses that have specifically requested UWM business students to fill positions. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

Honors in the Lubar School of Business

Beta Gamma Sigma (http://uwm.edu/business/academics/student-organizations) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 372).

Dean's Honor List

GPA of 3.500 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
BUsiness administration, MBA

The Lubar School of Business Master of Business Administration (MBA) provides the specialized business skills needed to meet an individual’s career goals. Lubar offers a metropolitan professional laboratory where dynamic individuals, applied project work, and superb business connections translate into a rewarding life-long career.

Faculty are connected to leading-edge business knowledge using real-world business challenges. There is an emphasis on critical and analytical thinking, collaboration with fellow students, and networking with successful executives and professional inside and outside the classroom.

Lubar School of Business offers a full array of MBA programs to meet professional needs:

• MBA-Flexible Format with the opportunity to specialize in one of six Career-Focused Concentrations (Business Analytics, (p. 365) Entrepreneurship (p. 366), Finance (p. 367), Health Care Management (p. 368), Marketing (p. 369), and Supply Chain Management (p. 370)).

• MBA-Co20 providing the opportunity to fast-track MBA program completion in a 20-month cohort option.

• Executive MBA aimed at seasoned managers who will leverage their professional experience while broadening management knowledge in a cohort experience. The program includes collaborative technologies, advanced management research, applied learning projects, and an international trip.

Admission Requirements

Admission

An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission:

1. Submission of score on the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat) or Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre).

2. Review by the MBA Program Committee to assess academic achievement and the ability to do intensive graduate-level work.

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires BUS ADM 701, and BUS ADM 703. BUS ADM 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT (http://uwm.edu/graduateschool/admission/#gmat) or GRE (http://uwm.edu/graduateschool/admission/#gre), or have passed the proficiency exam. BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

Credits and courses

The degree requirements for the Master of Business Administration degree are 33-39 credits. Students with a BBA degree and a major in accounting, finance, marketing, information technology management, or supply chain and operations management will be waived from the 3-credit Core course that corresponds to their major field of study. Students with an undergraduate double major in business, from an AACSB accredited institution, may be waived from two Core courses.

Electives

Select 15 elective credits

Total Credits

33-39

1. Integrating course
2. Students in the MBA program have two options for completion of elective credits. The first route is to complete any approved Bus Adm or BusMgmt elective course. The second option is to choose a Career-Focused Concentration, completion of which will be documented on the transcript.

See http://uwm.edu/business/academics/graduate/mba-programs/flexible-mba/ for additional details.

Program Requirements

Major Professor as Advisor

The student in the MBA program is not assigned an advisor or major professor. Questions about the student’s program of study, courses or regulations should be directed to Lubar School Graduate Program Services Office, Lubar N251, (414) 229-5403.
BUSINESS ADMINISTRATION, MBA/NURSING, DNP

The Lubar School of Business and the University of Wisconsin-Milwaukee College of Nursing collaboratively offer a program designed to provide a combined nursing and business curriculum to strengthen the graduate's performance as a leader and manager in nursing and health care administration.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
Students are admitted to both the University of Wisconsin-Milwaukee graduate programs in nursing and business administration. The admission requirements are consistent with those specified by the UWM Graduate School, College of Nursing and Lubar School of Business. Applicants may choose to complete either the GMAT (http://uwm.edu/graduateschool/admission/#gmat) or GRE (http://uwm.edu/graduateschool/admission/#gre) and must have a BS in Nursing degree and at least two years practice in a health care setting. Three letters of reference are required including one from a former faculty and one from a health care employer.

Credits and Courses

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires Bus Adm 701, Business Mathematics (2 cr), and Bus Adm 703, Financial Accounting (3 cr). Bus Adm 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT (http://uwm.edu/graduateschool/admission/#gmat) or GRE (http://uwm.edu/graduateschool/admission/#gre) and must have a BS in Nursing degree and at least two years practice in a health care setting. Three letters of reference are required including one from a former faculty and one from a health care employer.

For the coordinated degree program, students will complete 83 degree credit hours. Students accepted into the MBA/DNP program complete the following courses (each is 3 credits, unless otherwise indicated):

<table>

Total Credits 83

Program Requirements

A student not completing the requirements for the coordinated degree program would need to complete all requirements of an individual program—MBA or DNP—in order to receive a degree. Students must fulfill the MBA Program Boot Camp and Executive Development activities to meet all graduation requirements.
DNP Clinical Project
The candidate will complete a final comprehensive DNP project as part of the residency experience which demonstrates the ability to implement the principles of evidence-based practice and translation under the direction of the faculty advisor.

The candidate must, as the final step toward the degree, pass an oral examination in defense of the clinical project. A candidate who does not pass this examination may apply for reexamination within one year from the initial examination date. This reexamination may occur only one time. A candidate who does not pass this examination within program time limits may be required to undergo another comprehensive preliminary examination and be readmitted to the program and/or candidacy.

Time Limit
Students in the coordinated MBA/DNP degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.
BUSINESS ADMINISTRATION, MBA/INFORMATION TECHNOLOGY MANAGEMENT, MS

For practitioners seeking to blend the depth and rigor of the STEM-designated MS in ITM curriculum with the managerial skills developed in a traditional MBA, Lubar School of Business offers the combined MBA-MS in ITM degree. This comprehensive program positions graduates for leadership advancement within organizations through an extensive IT and general management curriculum.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Credits and Courses

MBA Foundation Coursework
MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires BUS ADM 701, and BUS ADM 703. BUS ADM 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT or GRE, or have passed the proficiency exam. BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

ITM Foundation Courses
Students admitted to the MS in ITM program are expected to have knowledge or experience in programming.

1. Students with a BBA degree and a major in accounting, finance, marketing, or supply chain and operations management will be waived from the 3-credit Core course that corresponds to their major field of study.
2. Integrating course.
BUSINESS ADMINISTRATION, MBA/LANGUAGE, LITERATURE, AND TRANSLATION, MA

The College of Letters and Science and Lubar School of Business collaboratively offer a program designed to provide students with theoretical and practical exposure to evolving language services industry theory and practices, and to provide high level management and administrative skills needed to work in business, industry, governmental, and nonprofit organizations.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
Students are admitted to both graduate programs separately, and admission requirements are consistent with those specified by the UWM Graduate School, the Master of Arts in Language, Literature, and Translation (MALLT), Translation Professional Track in the College of Letters and Science, and the MBA program of the Lubar School of Business.

Credit and Courses

The total credits for the Coordinated MALLT/MBA program is 54. Students accepted into the MALLT/MBA program complete the following courses:

| Electives | Select 9 shared credits in consultation with faculty advisors from among all approved TRNSLTN or MBA elective courses | 9       |

Total MBA credits: 24 + 9 shared

Program Requirements

The 54 credits for the coordinated program typically would be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program to receive a degree.

Time Limit
Students in the coordinated MALLT/MBA degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.
BUSINESS ADMINISTRATION
MBA: BUSINESS ANALYTICS

Designed especially for students who need scheduling options, the Lubar School's Flexible Format MBA can accommodate career and personal priorities.

MBA students following the Flexible format may choose one of the career-focused concentrations to enhance their program. Each concentration requires the completion of fifteen elective credits, and the concentration will be noted on the transcript upon graduation.

Students complete the Business Analytics concentration courses online, while having the option to complete the remaining MBA course requirements face-to-face or online.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission:

1. Submission of score on the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat) or Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre).
2. Review by the MBA Program Committee to assess academic achievement and the ability to do intensive graduate-level work.

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires BUS ADM 701, and BUS ADM 703. BUS ADM 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT (http://uwm.edu/graduateschool/admission/#gmat) or GRE (http://uwm.edu/graduateschool/admission/#gre), or have passed the proficiency exam. BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

Credits and Courses
The degree requirements for the Master of Business Administration degree are 33-39 credits. Students with a BBA degree and a major in accounting, finance, marketing, information technology management, or supply chain and operations management will be waived from the 3-credit Core course that corresponds to their major field of study. Students with an undergraduate double major in business, from an AACSB accredited institution, may be waived from two Core courses.

BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

Credits and Courses

The degree requirements for the Master of Business Administration degree are 33-39 credits. Students with a BBA degree and a major in accounting, finance, marketing, information technology management, or supply chain and operations management will be waived from the 3-credit Core course that corresponds to their major field of study. Students with an undergraduate double major in business, from an AACSB accredited institution, may be waived from two Core courses.

Program Requirements

Major Professor as Advisor
The student in the MBA program is not assigned an advisor or major professor. Questions about the student's program of study, courses or regulations should be directed to Lubar School Graduate Program Services Office, Lubar N251, (414) 229-5403.
BUSINESS ADMINISTRATION
MBA: SUPPLY CHAIN MANAGEMENT

Designed especially for students who need scheduling options, the Lubar School's Flexible Format MBA can accommodate career and personal priorities.

MBA students following the Flexible format may choose one of the career-focused concentrations to enhance their program. Each concentration requires the completion of fifteen elective credits, and the concentration will be noted on the transcript upon graduation.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission:

1. Submission of score on the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat) or Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre).
2. Review by the MBA Program Committee to assess academic achievement and the ability to do intensive graduate-level work.

MBA foundation coursework provides the basis for the theory and practice of business. The MBA Program requires BUS ADM 701, and BUS ADM 703. BUS ADM 701 is waived for individuals who have completed an appropriate academic course in their background, or have earned an appropriate Quantitative sub-score on the GMAT (http://uwm.edu/graduateschool/admission/#gmat) or GRE (http://uwm.edu/graduateschool/admission/#gre), or have passed the proficiency exam. BUS ADM 703 is waived for individuals who have completed an appropriate course in their background, or have passed the proficiency exam. BUS ADM 701 and BUS ADM 703 do not count toward the degree. Students are also assumed to have basic proficiency in information technology (IT), including the use of word processing, spreadsheets, presentation software, and web browsers. Online resources are available for BUS ADM 701, BUS ADM 703, and IT.

BUSINESS ANALYTICS, GRADUATE CERTIFICATE

The Online Graduate Certificate in Business Analytics is designed for students who desire a sequence of graduate-level courses that focus specifically on Business Analytics and that are delivered through an online instructional environment.

Business analytics - the management, analysis, and utilization of data in strategic, operational, and tactical decision making - is increasingly critical as businesses around the world seek out new areas of competitive advantage. In recent years, CIOs have identified analytics and business intelligence as top priorities for the competitiveness of their enterprises.

Lubar School of Business faculty use a vast array of business analytics software tools - including Business Objects, Excel Data Mining Client, Python, R, SAP BW, SAS, SPSS, SQL Server BI Development Studio - and other outstanding technologies and resources to deliver this program online to a worldwide audience. The curriculum includes predictive modeling, forecasting methods, data warehousing and data mining, web mining and analytics, marketing analytics, and customer relationship management.

Students who complete this certificate will gain a substantial competitive edge in pursuing a career as a business analytics manager, business intelligence consultant, business analytics systems analyst, business analytics solution architect, business intelligence specialist, business intelligence analyst, business intelligence developer, BI & reporting manager, data mining/reporting analyst, marketing analytics consultant, or online marketing analytics manager.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
Students currently enrolled in a UWM graduate program are eligible to earn the Graduate Certificate in Business Analytics. Persons not currently enrolled must apply for admission to the Certificate and must possess, at a minimum, a bachelor’s degree with an overall GPA of 2.75 or better.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants – even those already enrolled in a UWM graduate program – must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Total Credits: 15

Certificate Requirements

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:

• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
BUSINESS SCHOLARS PROGRAM

The Business Scholars Program allows outstanding business students to build a rich portfolio of academic, extracurricular, and professional achievements. Students will build strong business competencies as well as enhanced communication and quantitative skills. International study is encouraged through the use of two-week study abroad opportunities.

Eligibility
To be admitted to the Business Scholars Program, the following requirements must be met:

1. A student must complete 24 credits with an overall cumulative grade point average of 3.3 (on a 4.0 scale), including completion of MATH 211 (or equivalent) with a grade of B or better, completion of ENGLISH 101 and ENGLISH 102 with a grade of B or better (or attainment of placement score of 525 or higher), and completion of ECON 103 with a grade of B or better; and
2. A student must submit an application that includes a one-page essay. The application is available in Undergraduate Student Services (LUB N297).

Continuation and Graduation Requirements
Students must maintain a cumulative UWM GPA of 3.25 or higher, complete a minimum of 23 credits of Business Scholars coursework, participate in Business Scholars activities, and meet with the Business Scholars academic advisor during the final semester before graduation to verify degree requirements are met.
ENTERPRISE RESOURCE PLANNING, GRADUATE CERTIFICATE

The Online Graduate Certificate in Enterprise Resource Planning is designed for students who desire a sequence of graduate-level courses that focus specifically on the Enterprise Resource Planning (ERP) area.

The growing use of ERP systems in organizations is driving the need for IT professionals with ERP competencies. The Online Graduate Certificate in ERP leverages the significant SAP expertise of faculty at the Lubar School, which is home to one of only six SAP University Competence Centers in the world.

This five-course sequence prepares students for the SAP TERP10 certification exam and includes a simulation game and instruction in the use of business intelligence tools. The certificate can be completed in less than one year.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Admission
Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses
To obtain the certificate, a student must complete 15 credits of required coursework.

• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
ENTERPRISE RESOURCE PLANNING, UNDERGRADUATE CERTIFICATE

The Certificate in Enterprise Resource Planning is designed for business students who desire a sequence of courses that focus specifically on the Enterprise Resource Planning (ERP) area. ERP systems are critical information systems that connect a company's operations, including purchasing, production, sales, service, accounting, supply chain, finance and asset management, and customer/supplier relationships.

ERP certificate students will not only develop knowledge in ERP but also develop mobile ERP applications and participate in an ERP simulation game. Because the Lubar School is home to one of only six SAP University Competence Centers in the world, Lubar faculty have extensive ERP teaching experience.

The certificate is designed for non-Information Technology Management majors. This five-course sequence prepares students for the SAP TERP 10 certification exam.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intention.

Requirements
To obtain the certificate, a Lubar School of Business non-ITM major must complete 15 credits of required coursework while fulfilling all requirements of the baccalaureate degree.

Note: A non-ITM business major may count no more than 6 credits from a major towards the Certificate in Enterprise Resource Planning.

Eligibility
To apply to the Certificate in Enterprise Resource Planning program, students must be admitted to Lubar School of Business and have completed the foundation courses.

Graduation
Students must complete all coursework required for the certificate with at least a 2.25 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.
ENTREPRENEURSHIP,
UNDERGRADUATE
CERTIFICATE

New ideas and innovation are what helps companies grow. Whether the goal is launching a new business, working for a smaller firm, or working in a large competitive company, it’s important to understand what it takes to develop an idea, product, or process in order to launch a new business or assist an existing company expand.

Lubar School of Business Entrepreneurship Certificate students gain the knowledge and skills needed to assess new business opportunities, obtain financial resources, market and start new ventures, and manage entrepreneurial endeavors for growth and profitability. As part of the certificate program, students develop a business plan and present it to faculty and entrepreneurs for feedback, providing the real flavor of what it takes to get a business off the ground.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intentions.

Requirements

To obtain the certificate, the student must complete a minimum of 15 approved entrepreneurship credits while fulfilling all requirements of the baccalaureate degree. The certificate is open to all students in good standing seeking a bachelor’s degree at the University of Wisconsin-Milwaukee and to all students who have previously received a bachelor’s degree from UWM or any other accredited college or university. Non-business majors will be required to complete prerequisites for the required courses and electives to fulfill the requirements for this certificate.

EXECUTIVE, MBA

As the area's leader in executive education, the Lubar School of Business Executive MBA (EMBA) program offers business professionals a transformative 17-month educational and life experience designed especially for the experienced manager. The Lubar EMBA builds deep professional relationships with corporate executives and managers, and with an active network of successful Lubar Executive MBA alumni. The cohort format fosters a highly bonded network of peer professionals. Attending classes every other week - Friday evening and Saturday - provides the flexibility needed to balance a career while pursuing an Executive MBA degree.

The program includes collaborative technologies, advanced management research, applied learning projects, and an international trip.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
Applicants for the Executive MBA Program must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) and additional program standards as specified below:

- Eight or more years of professional experience preferred, including significant management experience, and nomination of the employing organizations.
- Applicants are reviewed by the Master's Program Committee of the Lubar School of Business. The admission recommendations are based upon:
  - Academic achievement and ability to do intensive graduate-level work
  - Nature of managerial experience
  - Contribution to the varied skills of the class
  - Ability and willingness of the individual and the employer to make a 17-month commitment to the program.
  - Proof of competency in the four foundation requirement areas of financial accounting, macroeconomics, mathematics review, and team building and business communications through coursework, or through examinations as approved by the Master's Program faculty committee. Students are also assumed to have basic proficiency in the use of word processing, spreadsheet, presentation, and Web-browsing software.

See the program website (http://uwm.edu/business/academics/graduate/executive-mba) for additional information.

Credits and Courses

Students admitted to the Executive MBA Program will take the following courses.

<table>

</tr>
</tbody>
</table>

1 6 credits to be completed, e.g. Strategy Formulation, Business Ethics, Managerial Accounting, Developing Leaders, Mergers and Acquisitions, Digital Marketing, International Business Simulation, Legal Issues, Innovation Strategy for Managers & Leaders, etc.

Program Requirements

Major Professor as Advisor
The student in the Executive MBA Program is not assigned an advisor or major professor. Questions about the student's program of study, courses or regulations should be directed to the EMBA Director, Lubar N471, (414) 229-6045.

Thesis
Not required.

Comprehensive Examination
Not required.
FINANCE, BBA

The finance major provides the needed tools to work in investment management, corporate financial management, and banking. Position titles for finance majors include loan officers, mortgage review officers, stockbrokers, bond and security analysts, and ultimately, chief financial officers. Finance majors are increasingly taking and passing the Chartered Financial Analysts (CFA) examination. Thorough training in finance and related fields provides the practical and theoretical background needed to succeed in the fast-paced and fascinating world of domestic and international finance.

Whether students focus on either corporate finance or investment finance at the Lubar School, all students gain an understanding of business and economy, the functions of financial institutions and capital markets, and investment and borrowing instruments. Students learn how to use data and technology as tools to assist in making decisions by applying the understanding of financial data and analysis.

**International Business Component**

Complete one of the following:  3
- BUS ADM 456  International Financial Management
- BUS ADM 465  International Marketing
- BUS ADM 496  International Business
- BUS ADM 498  Study Abroad: Business Topics:  1,2
- BUS ADM 535  Global Information Technology Management
- BUS ADM 541  Cross-Cultural Management
- BUS ADM 551  International Investments  1,2

Total Credits  28

1 Students in the Business Scholars Program should enroll in the equivalent BUS ADM 211 course.
2 Students in the Business Scholars Program should consider the equivalent BUS ADM 331 course.
3 A grade of "C" or better is required for Finance majors. Students in the Business Scholars Program should consider the equivalent BUS ADM 351 course.
4 Students in the Business Scholars Program should consider the equivalent BUS ADM 371 course.
5 Students in the Business Scholars Program should consider the equivalent BUS ADM 351 course.

### Finance Major Requirements

A minimum of 21 credits is required beyond BUS ADM 350 (Principles of Finance) or BUS ADM 351 (Business Scholars: Principles of Finance). A minimum "C" grade must be earned in BUS ADM 350 or BUS ADM 351 to pursue the finance major. BUS ADM 450 (Intermediate Finance) is a prerequisite or co-requisite for several courses in the finance major. BUS ADM 450 should be completed soon after BUS ADM 350 or BUS ADM 351.

### Major Electives

Select four courses from the list below:
- BUS ADM 301  Intermediate Accounting  1
- BUS ADM 452  Applied Portfolio Management  1
- BUS ADM 453  Corporate Finance Seminar
- BUS ADM 454  Analysis of Options and Futures  1
- BUS ADM 456  International Financial Management  1,2
- BUS ADM 457  Financial Modeling
- BUS ADM 458  Venture Finance
- BUS ADM 459  Finance Professional Internship
- BUS ADM 481  Real Estate Finance  1
- BUS ADM 551  International Investments  1,2

Total Credits  21-22

1 This finance major course represents foundational material for the CFA Level 1 Exam.
2 If BUS ADM 456 or BUS ADM 551 is selected as the International Business Component course, students must choose a different finance elective to complete the major.

### Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.

Select 12 credits in the Lubar School of Business. May include 300-level Bus Adm internship courses, additional Bus Adm courses in the major, business courses outside of the major, and/or Bus Adm courses used in the completion of a second Business major or Business Certificate program.

Total Credits  12

Total Credits  18
Degree Completion Requirements

Credits
A minimum of 123 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

Grade Point Average
Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

Residence Requirements
A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

Post-Baccalaureate Options
The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar School's Policies and Regulations (p. 328). The Accounting major may not be completed as a second undergraduate degree.

Double Majors
Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans.

Honors in the Lubar School of Business

Beta Gamma Sigma (http://uwm.edu/business/academics/student-organizations) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 372).

Dean's Honor List
GPA of 3.500 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis
Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors
Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors
Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.

Advising
For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (http://uwm.edu/business/academics/undergrad/academic-advising) All students should meet with an academic advisor at least once a semester.

Career Services
The Lubar School of Business also features a dedicated Career Services Center (http://uwm.edu/business/academics/career-services) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the School as a service to students and to businesses that have specifically requested UWM business students to fill positions. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.
GENERAL BUSINESS, MINOR

No matter the major, employers in every field are looking for people who have backgrounds in business. The Lubar School of Business offers a General Business Minor to provide a professional business education dimension to non-business students at UWM schools and colleges.

As a Business Minor, courses are completed that examine the many facts of business, including accounting, finance, marketing, management, information systems, and economics, developing business knowledge and skills that assist anyone working in today’s marketplace.

The courses in the program are offered in both online and in-person formats. Most students spread out the 29-credit Business Minor coursework over their academic career.

Interested students should contact the academic advisors in Room N297 of Lubar Hall, (414) 229-5271, for further details.

Total Credits: 29

Or equivalent. Consult an academic advisor in Undergraduate Student Services for a list of equivalent courses.

At least 15 credits for the General Business Minor must be completed at UWM. You must also complete all 29 credits with an overall grade point average of at least 2.25. No courses may be taken on a credit/no credit basis.

Post-baccalaureate General Business Minor

The General Business Minor is available at the post-baccalaureate level. Students requiring no more than 6 credits to complete the minor are eligible. At least 15 credits for the post-baccalaureate General Business Minor must be completed at UWM. A minimum of 3 post-baccalaureate credits must be completed at UWM. A minimum overall GPA of 2.25 on all General Business Minor courses must be earned; a minimum UWM post-baccalaureate GPA of 2.0 is required.
GLOBAL STUDIES, BA: GLOBAL MANAGEMENT

Global Management Track
The Global Management track of UWM’s Global Studies program, focusing on the impact of globalization on business and the world economy, will prepare students as future managers capable of analyzing transnational issues; strategizing within a global, cross-cultural context; and implementing projects with a strong understanding of globalization’s implications for the private and public sectors. This track will prepare students to assume leadership roles in many areas, but it will be advantageous especially in such fields as international business, consulting, education, government, and public policy. In addition, graduates of this track will meet all the requirements for admission to an MBA program. The College of Letters and Science and the Sheldon B. Lubar School of Business jointly award this degree.

For more information on how to complete the Global Management Track, see the Global Studies, BA (p. 1438).
HUMAN RESOURCES AND LABOR RELATIONS, MHRLR (LUBAR SCHOOL OF BUSINESS)

Related Certificates
- Graduate Certificate in Mediation and Negotiation (http://uwm.edu/graduateschool/mediation-negotiation-certificate)
- Graduate Certificate in International Human Resources and Labor Relations (http://uwm.edu/graduateschool/international-human-resources-labor-relations-certificate)

Overview
The Master of Human Resources and Labor Relations (MHRLR) prepares leaders to be successful professionals. Whether you are currently in the field, a recent college graduate or wish to change careers, MHRLR provides the knowledge necessary to thrive. Our classes emphasize practical application of theory, laying the foundation for your future success.

Jobs in Human Resources will grow faster than average over the next decade. The MHRLR degree allows you to capitalize on that growth and advance in an increasingly complex business environment.

While the majority of our students work full-time in the profession and attend classes part-time, many others choose to attend full time to progress more quickly through the program. Our small classes provide the opportunity to network with both the faculty and fellow human resources and labor relations professionals.

The Lubar School of Business and the College of Letters and Science jointly offer the MHRLR degree.

Admission Requirements

Application Deadline
Students may begin their studies in the Fall, Spring or Summer semesters. Applications are accepted on a continuous basis. The program does not have a specific deadline to apply.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following requirements to be considered for admission to the MHRLR program:

1. Submission of two letters of recommendation to the MHRLR program.
2. Submission of GRE (http://uwm.edu/graduateschool/admission/#gre) or GMAT (http://uwm.edu/graduateschool/admission/#gmat) scores is recommended, but not required.
3. Students admitted to the program will be expected to present at least three credits of prior work in both microeconomics and introductory statistics.
4. Students who are deficient in the areas of microeconomics or statistics at the time of admission (see above), will be expected to satisfy deficiency requirements within three enrolled semesters. Deficiencies are monitored by the Graduate School and the individual graduate program unit. No course credits earned in making up deficiencies may be counted for the degree.
5. Applicants are reviewed by the MHRLR admissions committee to assess academic achievements and the ability to do intensive graduate-level work.

Credits and Courses
The Master of Human Resources and Labor Relations degree will be awarded upon completion of 36 credits of prescribed graduate study and appropriate prerequisite coursework. The program offers a balance between liberal arts and business-based education, requiring that at least 15 credits be taken within the College of Letters and Science and at least 15 credits be taken within the Lubar School of Business. The MHRLR Program believes in a common body of knowledge and skills necessary to be an effective Human Resource or Labor Relations professional.

The program has a required core of seven courses totaling 21 credits.

</tbody>
</table>

Total Credits 21

1. If IND REL 720 and ECON 753 are both taken, one of these may be used to help fulfill elective requirements.
2. If IND REL 711 and IND REL 712 are both taken, one of these may be used to help fulfill elective requirements.
3. The required course Research Tools for Practitioners in Human Resources and Labor Relations can be taken as either IND REL 731 or BUSMGMT 731 (but not both).

Elective Courses
The choice of electives to complete a MHRLR degree should reflect student interest. Students are not required to choose a specialization and are encouraged to select those electives that best suit their backgrounds and interests. A student may take up to 6 credits from the approved list of alternative electives in other schools such as the College of Nursing, the School of Education, and the School of Social Welfare. No student will be permitted to apply more than nine credits taken at the U/G level toward meeting MHRLR degree requirements. Please refer to the MHRLR website (http://uwm.edu/human-resources-labor-relations/graduate/requirements/elective-courses) for a comprehensive listing of elective courses.

Students without prior experience in the field are encouraged to take advantage of the program’s extensive contacts in the business and labor communities by undertaking one or more internships as either
BUS ADM 899 or IND REL 921. Students may also utilize the wide range of faculty expertise available within the program for a major research paper on a human resources or labor relations topic. These papers, under the direction of a faculty advisor, are taken as either IND REL 801 or BUS ADM 899. A student may graduate with honors from the MHRLR program by maintaining a 3.5 grade-point average within the program, and by writing a 3-credit major research paper (under BUS ADM 899 or IND REL 801).

Any new course development, programmatic changes, or program name change must be approved by the appropriate curricular committees and faculty in the respective units.

The program, including admissions and course staffing, is subject to the AACSB accreditation requirements.

Program Requirements

Major Professor as Advisor
The assistant director of the MHRLR Program advises and supervises newly admitted students. The assistant director, in consultation with the student, reviews the student's academic background and career goals and designs an appropriate program of study consistent with degree requirements.
HUMAN RESOURCES MANAGEMENT, BBA

Human resource (HR) managers play an essential and strategic role in helping organizations recruit, train and retain an effective workforce. HR managers understand people and help organizations create an inclusive and productive workforce by providing performance and talent management systems, offering training, career development and work-life programs, and by creating effective compensation and benefits packages. HR managers also help organizations develop effective leaders and teams, and proactively work with top-management to build inclusive and positive organizational cultures. Effective HR managers are skilled in interpersonal communication, conflict resolution, diversity management, and perspective-taking.

This major prepares students for entry-level careers in either generalist or specialist areas of human resource management. The curriculum offers students a broad base of knowledge and skills needed to work with an increasing diverse and global workforce.

Total Credits  20

1 A grade of "B" or better in BUS ADM 201 is required for Accounting majors. Students in the Business Scholars Program (p. 372) should enroll in the equivalent BUS ADM 207 course.
2 A grade of "C" or better in BUS ADM 330 (Organizations) or BUS ADM 331 (Business Scholars: Organizations) is required for Information Technology Management majors. Students interested in the Business Scholars Program (p. 372) should consider the equivalent BUS ADM 321 course.

Human Resources Management Major Requirements

Human Resources Management majors are required to complete PSYCH 101 (Introductory Psychology) as part of their Social Sciences requirement.

The major in human resources management requires 21 human resources management credits beyond the 3 credits of BUS ADM 330 (Organizations) or BUS ADM 331 (Business Scholars: Organizations).

Total Credits  21

1 These HRM major courses represent foundational material for the SHRM Assurance of Learning Certification exam.

Business Electives

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.
Double Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans.

Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (http://uwm.edu/business/academics/undergrad/academic-advising) All students should meet with an academic advisor at least once a semester.

Career Services

The Lubar School of Business also features a dedicated Career Services Center (http://uwm.edu/business/academics/career-services) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the School as a service to students and to businesses that have specifically requested UWM business students to fill positions. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

Honors in the Lubar School of Business

Beta Gamma Sigma (http://uwm.edu/business/academics/student-organizations) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 372).

Dean’s Honor List

GPA of 3.500 or above, earned on a full-time student’s GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is rounded.

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
INFORMATION TECHNOLOGY MANAGEMENT, BBA

The Information Technology Management (ITM) degree provides undergraduate students with the knowledge needed to develop creative and effective business solutions, based on a thorough comprehension of business problems and opportunities.

To that end, students are provided with a strong technical foundation in contemporary approaches to business application systems development which includes planning, analysis, design, project management, programming, maintenance, and support using state-of-the-art technologies, tools, and techniques, as well as an essential background in various business functional areas, such as management, marketing, accounting, finance, supply chain, and economics. In addition, there is an emphasis on the communication skills and teamwork critical to client understanding and satisfaction.

The ITM program is intended to be the first step in a lifelong learning experience in the exciting and dynamic field of ITM. It provides a strong foundation for advancement and success in ITM careers and ventures.

Total Credits: 24

1. A grade of "C" or better is required in BUS ADM 335 in order to enroll in advanced ITM courses.
2. If BUS ADM 535 is selected as the International Business Component course, students must choose a different ITM elective to complete the major.
3. These ITM courses represent foundational material for the TERP 10 Certification preparation course exam.

**Business Electives**

A business elective is any course with Bus Adm as the subject. The course cannot be one a student has already taken as part of the foundation, core, or major coursework. Students often use business electives to complete a double major or certificate.
Accounting major may not be completed as a second undergraduate degree only. Requirements of a second undergraduate degree begin.

Within the 10-year time frame, the students will switch to the most current major or Business Certificate program.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar School’s Policies and Regulations (p. 328).

Degree Completion Requirements

Credits

A minimum of 123 credits is required for graduation for all majors. At least 50% of the business credit hours required for the business degree must be completed at UWM.

Grade Point Average

Students are required to earn at least a 2.25 overall GPA to graduate. Non-accounting majors are required to earn a minimum 2.25 GPA in all business and economics courses, as well as a 2.25 GPA in all business and economics courses completed at UWM, to graduate.

Accounting majors must have earned a 2.5 GPA for all business and economics courses completed (including transfer credits), as well as a 2.5 GPA in all business and economics courses completed at UWM, to graduate.

Residence Requirements

A minimum of 12 credits must be completed in residence at UWM in each Business Administration major.

Students must earn their last 30 credits at UWM. BBA degree and major requirements must be completed within 10 years of initial enrollment at UW-Milwaukee. Should students not complete the degree and major within the 10-year time frame, the students will switch to the most current degree and major requirements. A new 10-year time frame would then begin.

Post-Baccalaureate Options

The above requirements refer to the full requirements of an initial bachelors degree only. Requirements of a second undergraduate degree are listed on the Lubar School’s Policies and Regulations (p. 328).

Accounting major may not be completed as a second undergraduate degree.

General Electives

Credits towards the degree not counted in other categories will apply to General Electives. Classes counting towards General Electives may include, but are not limited to:

<table>
<thead>
<tr>

Total Credits 18

Double Majors

Students interested in completing a double major with another UWM program or within Business should meet with an academic advisor to discuss how best to combine their academic plans.

Advising

For information on Academic Advising for undergraduate business majors, see Undergraduate Student Services. (http://uwm.edu/business/academics/undergrad/academic-advising)All students should meet with an academic advisor at least once a semester.

Career Services

The Lubar School of Business also features a dedicated Career Services Center (http://uwm.edu/business/academics/career-services) for its students. Internship positions and job requests are posted on a special bulletin board, which is maintained by the School as a service to students and to businesses that have specifically requested UWM business students to fill positions. The Career Services Center also provides a resume referral service. Potential employers may request resumes by functional area or by special interests within functional areas. Online national job searches and an alumni placement service are other services offered.

Honors in the Lubar School of Business

Beta Gamma Sigma (http://uwm.edu/business/academics/student-organizations) is the national scholastic honor society in the field of business. Election to membership is available to both undergraduate and graduate students in business. Each semester, students are invited to join Beta Gamma Sigma. Selection is based upon outstanding scholastic achievement.

See also information on the Business Scholars Program (p. 372).

Dean's Honor List

GPA of 3.500 or above, earned on a full-time student's GPA on 12 or more graded credits in a given semester.

Honors Degree and Honors Degree with Thesis

Granted to graduating seniors who complete Honors College requirements, as listed in the Honors College (p. 36) section of this site.

Commencement Honors

Students with a cumulative GPA of 3.500 or above, based on a minimum of 40 graded UWM credits earned prior to the final semester, will receive all-university commencement honors and be awarded the traditional gold cord at the December or May Honors Convocation. In schools and colleges in which fewer than 15% of the traditional students have a 3.500 GPA, all-university honors will be awarded to approximately the top 15% of graduating students. A criterion GPA (not lower than 3.200) for this 15% will be calculated based on statistics from the previous comparable semester. Please note that for honors calculation, the GPA is not rounded and is truncated at the third decimal (e.g., 3.499).

Final Honors

Earned on a minimum of 60 graded UWM credits: Cum Laude - 3.500 or above; Magna Cum Laude - 3.650 or above; Summa Cum Laude - 3.800 or above.
INFORMATION TECHNOLOGY MANAGEMENT, MS

The Master of Science in Information Technology Management (ITM) program at the Lubar School of Business is an innovative, STEM-designated program that combines technical, managerial, and business knowledge - providing students with a unique blend of skills to address IT challenges in today's dynamic business environment.

Through a combination of rigorous core courses and advanced elective courses, students acquire a diverse skill set in information technology management and develop specialized knowledge and expertise in areas such as enterprise resource planning, business analytics, and security and risk management.

The program is designed to serve both individuals pursuing a change in career, as well as IT professionals desiring greater in-depth knowledge to advance in their careers. In addition, it will prepare students who seek admission to a PhD program. The program can be completed within one to three years, depending upon part-time or full-time enrollment status.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements plus these departmental requirements to be considered for admission to the program:

1. Submission of scores on the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat).
2. Review by the MS-ITA Program Committee to assess academic achievement and the ability to do intensive graduate-level work.

Credits and Courses
The MS in ITM degree is a 30-credit program and includes 15 Required credits and 15 Elective credits.

Program Requirements

Major Professor as Advisor
Admitted students are assigned a faculty advisor who will work with the student to assemble a program of study. The advisor will monitor students' progress towards degree completion, including modification of program of study plans, if necessary.

Time Limit
The student must complete all degree requirements within five years of initial enrollment.
INTERNATIONAL BUSINESS,
UNDERGRADUATE
CERTIFICATE

Most businesses are affected in some way by international influences, such as currency issues, outsourcing, transportation, or distribution networks. No matter the degree, an understanding of international economics, political, and cultural differences will provide new perspectives. Students with an interest in overseas markets and the global economy will find the International Business Certificate a valuable addition to springboard a business career.

The Certificate in International Business is designed to offer UWM students the opportunity to complement their major field of study with an additional concentration in international business. Students will take a coordinated series of international courses and receive a certificate that signifies their knowledge in this area.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intentions.

Requirements

To obtain the certificate, the student must complete a minimum of 15 approved international business credits while fulfilling all requirements of the baccalaureate degree, including UWM’s foreign language requirement. The certificate is open to all undergraduate business and non-business majors and to students who have previously earned a bachelor’s degree from UWM or any accredited college or university. Non-business majors will need at least 17 prerequisite credits of business coursework, in addition to ECON 103 and ECON 104, to complete this certificate.

Completing the certificate requires the following:

<table>

Total Credits 15

1 Students majoring in business administration and completing an International Business Certificate can count BUS ADM 496 toward their International Business component.
2 A business student may count no more than 6 credits from a major towards a business certificate.
3 Repeatable for credit with a change in topic up to 6 credits.

Note: Non-business students will need at least 17 prerequisite credits from the Lubar School of Business, in addition to ECON 103 and ECON 104, to complete this certificate. BUS ADM 456 requires BUS ADM 350 (which requires ECON 103, ECON 104, BUS ADM 201, and BUS ADM 210 or equivalent); BUS ADM 465 requires BUS ADM 360 (which also requires ECON 104); and BUS ADM 496 requires BUS ADM 330 (plus BUS ADM 350 and BUS ADM 360).

Students must complete all coursework required for the certificate with at least a 2.5 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.

INVESTMENT MANAGEMENT, GRADUATE CERTIFICATE

The Graduate Certificate in Investment Management provides students with the knowledge and skills necessary to manage a balanced (fixed income and equity) investment fund. Those completing the certificate will gain a substantial competitive edge in pursuing a career as a financial analyst or investment advisor, and will have an outstanding foundation to become an investment portfolio manager, chief investment officer, or independent financier.

The curriculum features a broad spectrum of investment-related subjects, with an emphasis on intensive research and applied training in complex financial tools and techniques. The program also includes a professional internship. Central to the curriculum is the David O. Nicholas Applied Finance Lab, which is equipped with state-of-the-art professional databases, streaming financial news and financial software, replicating the technology and real-time market data, analysis, and news available to professional traders in investment firms.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Application
• Students wishing to obtain this certificate must declare their intention by applying to the program office or director.
• All graduate certificate applicants—even those already enrolled in a UWM graduate program—must apply to the Graduate School through the Panthera Admission Application (https://graduateschool-apply.uwm.edu).
• Graduate degree and previously admitted graduate non-degree students who decide to pursue a certificate program must submit the Panthera application before completing 6 credits in the certificate sequence.
• Applicants must possess a baccalaureate degree and have a minimum 2.75 cumulative undergraduate grade point average to be admitted in to a certificate program.

Credits and Courses
It is recommended that the following courses have been completed prior to admission to the certificate: BUS ADM 721 & BUS ADM 771 (or undergraduate equivalents). If not completed prior to admission to the certificate, BUS ADM 721 (or BUS ADM 301) and BUS ADM 771 must be taken concurrently with BUS ADM 552. Admission is competitive and is based on cumulative GPA, quantitative-related course grades, personal statement, a possible interview and interview essay, interest in investments and finance, and other considerations.

To obtain the certificate, a student must complete 18 credits of required coursework. The certificate may be completed alone, or in conjunction with a degree program. Due to the intensity of the coursework in the Investment Management Certificate, the program will be of most interest to students pursuing an M.S. in Management degree with a concentration in Finance Analysis, or an M.B.A.

Certificate Requirements

Internship Requirement
Students completing the certificate are also required to have an internship experience prior to graduation from the certificate program. The internship experience must be approved by the IMCP director.

Transfer Credit
No more than 20% of the required credits may be taken at an institution other than UWM. These courses are subject to Graduate School transfer policy and must be approved by the director of the certificate program.

Grade Point Average Requirement
A minimum cumulative 3.00 grade point average in certificate courses taken at UWM is required.

Articulation with Degree Programs
1. Credits and courses required for a certificate may double count toward meeting UWM graduate degree requirements subject to the following restrictions:
   • Degree programs must approve the courses from certificates that can double count toward the degree.
   • All credits taken in completion of certificate requirements may count towards a UWM graduate degree as long as they do not contribute more than 90% of the total credits needed to obtain the degree. (Note: Students in Ph.D. programs must still complete the minimum residency requirements)
   • Certificate courses used toward meeting degree requirements must be completed within the time limit for transfer credit.
2. Courses completed for a degree may be counted toward a subsequent certificate, subject to all certificate policy requirements.
3. A course may count toward no more than one certificate and one degree.
4. Students may not earn a certificate subsequent to a concentration in the same area.

Time Limit
Certificate program time limits shall be established as follows:
• 18 or fewer credits/Three years from initial enrollment in the certificate sequence.
• 19 or more credits/Four years from initial enrollment in the certificate sequence.

For certificates that are designed as add-ons to degree programs and are awarded concurrent with the degree, the time limit shall be the same as that of the degree program.
INVESTMENT MANAGEMENT, UNDERGRADUATE CERTIFICATE

The Investment Management Certificate (IMC) is designed to offer business students the opportunity to enhance their major field of study in finance (or additional major including finance) with an additional certificate in investment management. Students completing the Investment Management Certificate will have coursework in investment-related subjects and three special courses comprising intensive research and real-time practical training in investment portfolio management. This training will utilize the David O. Nicholas Applied Finance Lab located in the Sheldon B. Lubar School of Business. Finance majors who have completed this certificate will gain a substantial competitive edge in pursuing a career initially as a financial analyst and as an investment advisor, later as an investment portfolio manager, possibly as a chief investment officer, and ultimately, as an independent financier.

In addition to a rich curriculum, IMC students meet regularly with investment professionals during, and outside of, class for discussions of the funds, markets, and course topics. The Lubar School of Business is part of the prestigious Chartered Financial Analyst (CFA) Institute University Recognition Program.

Students interested in the certificate program should contact Undergraduate Student Services, Lubar Hall N297, (414) 229-5271, uwmbba@uwm.edu, to make a formal declaration of their intention.

Requirements

To obtain the certificate, a student must complete 18 credits of required coursework while fulfilling all requirements of the baccalaureate degree. It is recommended that students complete BUS ADM 301 and BUS ADM 451 prior to admission to the program. If not completed prior to admission to the program, BUS ADM 301 and BUS ADM 451 must be taken as co-requisites with BUS ADM 552. Due to the intensity of the coursework in the Investment Management Certificate, the program will be of most interest to students pursuing the finance major.

1 A business student may count no more than 6 credits from a major towards the Certificate in Investment Management.

Eligibility

To apply to the Certificate in Investment Management program, students must be admitted to the Lubar School of Business, have earned a minimum B grade in BUS ADM 201 or BUS ADM 207, be eligible to enroll in BUS ADM 301, and have completed or be enrolled in BUS ADM 450. Admission is competitive and is based on cumulative GPA, quantitative-related course grades, personal statement, a possible interview and interview essay, interest in investments and finance, and other considerations.

Internship Requirement

Students completing the certificate also are required to have an internship experience prior to graduation from the certificate program. The internship experience must be approved by the IMCP director.

Graduation Requirements

Students must complete all coursework required for the certificate with at least a 3.0 GPA to have the certificate posted on the transcript at graduation. At least half of the credits required for the certificate must be taken in residence at UWM. No courses may be taken on a credit/no credit basis.
MANAGEMENT SCIENCE, PhD

The Management Science PhD program is a rigorous and high-quality, research-oriented program that offers students an opportunity to specialize in one of six management fields: accounting, finance, information technology management, marketing, organizations & strategic management, and supply chain/operations management. Students may also minor in business statistics, international business, economics, econometrics, or psychology.

The Lubar School of Business Management Science PhD is a STEM-designated program. This rigorous program will provide the independent research skills needed to prepare the student for success in academia or a research-related career.

The classes, papers and exams are the formal portion of this apprenticeship. Beyond that, however, much of what the student learns will occur out of the class by attending research colloquia, presenting personal research, holding informal discussions with faculty, working with faculty and others on research projects, and interacting with other PhD students.

Objectives of the Lubar PhD program include effectively analyzing research questions in the area of specialization, demonstrating research competence, developing teaching skills, and establishing an independent, high quality research record.

The degree requires a minimum of 34 credits beyond the master or 54 credits beyond the baccalaureate, including a dissertation. The student must also satisfy a residence requirement.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission

Management Science PhD applications must be received by January 1 for admission to the following Fall semester. The application package must be complete and all materials received by February 1. All applications are reviewed in mid-February for the upcoming academic year starting in September.

Applicants must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission to the program:

- A bachelor’s degree from an accredited college or university. Almost all applicants admitted, however, are master’s degree holders.
- Substantial evidence of scholarly potential and commitment.
- Submission of score on either the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat) or the Graduate Record Examination (GRE) (http://uwm.edu/graduateschool/admission/#gre).
- Two letters of recommendation in support of the candidate’s competence to do doctoral work.
- A written statement from the applicant stating reasons for pursuing PhD level study and an indication of the major field to be studied.

Applicants are expected to have adequate preparation at the undergraduate or graduate level equivalent to one semester each of coursework in calculus, statistics, and linear algebra. Applicants who do not have the above background must complete equivalent courses. Specific courses from the Lubar School of Business or from departments outside the School will be suggested to satisfy preparation in these areas. These courses do not count toward credit requirements for the degree. As some areas of study admit students for alternating academic years, please review the following Lubar School of Business Website (http://uwm.edu/business/academics/doctoral/admissions).

Reapplication

A student who has received a master’s degree in Business Administration from the University of Wisconsin-Milwaukee must formally reapply for admission to the Graduate School before beginning studies toward the PhD degree.

Credits and Courses

Minimum degree requirement is 54 credits beyond the bachelor’s degree, of which a minimum of 34 credits must be earned in residence at UWM beyond the master’s level.

The student plans an individual program of studies in consultation with the major professor. The program has no formal language requirement but the student is responsible for familiarity with published literature in the area of the student’s research. All students will also be required to complete an “Orientation to Teaching and Research” course.

Stage 1

The first stage of the student’s program includes general preparation in a common core of knowledge. Students will be required to validate exposure to functional business areas: accounting, finance, information systems, marketing, and management. Method of validation is to be decided by the advisor and faculty from the major field area.

Stage 2

The second stage of the program consists of a required research methods component to be satisfied by a minimum of 12 credits from a recommended list of research methods courses.

Stage 3

The third stage of the program consists of coursework and research in the major and minor fields of study as specified in the student’s program of studies. Coursework must include a minimum of 12 credits in the student’s major field and a minimum of 9 credits in the student’s minor field of study.

As a first step in developing a research focus, PhD students are required to submit a paper by the end of their third semester to be presented at a research seminar, conference, or an on-campus seminar that includes at least two faculty members from their department.
If a student fails to complete the research paper requirement, he/she will be subject to dismissal from the doctoral program for lack of progress toward degree.

**Program Requirements**

**Major Professor as Advisor**

The student must have a major professor to advise and supervise the student’s studies as specified in Graduate School regulations. Within the first semester, the student arranges for assignment to an advisor within the student’s specialization.

**Residence**

The student must meet minimum Graduate School residence requirements.

**Doctoral Preliminary Examinations**

The student must pass written doctoral preliminary examinations in the major field of study. Minor field requirements include completing approved coursework with a specified grade point average or passing a written examination as specified by the appropriate department. A student is admitted as a candidate for the Ph.D. degree after successful completion of the doctoral preliminary examinations.

**Dissertation**

The candidate must write a dissertation that demonstrates ability to formulate a research topic and pursue independent and original investigation.

**Dissertation Defense**

A formal oral defense of the dissertation by the student and certification of the dissertation by the dissertation committee are necessary steps to complete the degree requirements.

**Time Limit**

All degree requirements must be completed within 10 years from the date of initial enrollment in the doctoral program.

Additional information on Graduate School PhD requirements is on the Graduate School website (http://uwm.edu/graduateschool/doctoral-requirements).
MANAGEMENT, MS

The Master of Science in Management (MS) degree is designed for those who want to specialize or advance in a particular area of business. Faculty in each area develop the optimal blend of principles, business solutions, and trends to create an intellectually stimulating environment. Each concentration emphasizes the linking of theory, applications, and innovative research with best management practices.

There are five concentrations available:
- Accounting (p. 397)
- Finance Analysis (p. 399)
- Marketing (p. 401)
- Professional Accounting (p. 403)
- Taxation (p. 405)

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission:
- A bachelor’s degree from an accredited college or university.
- Submission of score on the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat).
- Review by the Master of Science Program Committee to assess academic achievement and ability to do intensive graduate-level work.

Applicants admitted to the MS program may be required to complete management foundation courses. Individual areas of concentration require different foundation courses. (See Lubar School of Business MBA/M.S. brochure and the Lubar School of Business Website (http://www4.uwm.edu/business) for details.) Foundation courses will be waived if students have completed equivalent coursework. Credits earned in these courses do not count toward the degree.

Students select the area of concentration most suited to their educational goals. The areas of concentration in the program are:
- Accounting (first professional degree—open only for students with non-accounting majors at baccalaureate level);
- Professional Accounting (program open to students who have completed an undergraduate degree in accounting);
- Finance Analysis;
- Marketing;
- Taxation.

If a student is waived out of a required course, an approved elective course must be substituted in its place and approved by Graduate Program Services (Lubar N251).

The major professor, in consultation with the student, reviews the student’s academic background and career goals and designs an appropriate program of study consistent with degree requirements. In developing a program of study for a student who has no undergraduate background in business administration, care is taken to ensure a basic exposure to different aspects of the management field as well as an in-depth preparation in the chosen field of specialization.

Credits and Courses
The minimum degree requirement for the Master of Science in Management degree concentrations varies from 30-33 graduate credits. In the 30-credit concentrations, at least 18 credits must be taken in the Lubar School of Business.

Electives provide distinction to each individual program. Through proper selection and packaging, each student can design a program to meet individual educational objectives while maintaining a high degree of academic strength. These courses may be selected from the many available in the Lubar School of Business, or from among those offered in graduate programs of other UWM departments.

Program Requirements
Students in the MS program have the option of doing a management research project. This option gives students the opportunity to apply methodological techniques and area studies. The urban location and strong ties with the business sector provide opportunities for student projects.

Major Professor as Advisor
Students in the MS program must choose a major professor during the first ten weeks of their first semester of graduate enrollment to advise and supervise their studies. A listing of faculty by area of interest is sent to each M.S. student to aid in their selection of a major professor. This list is also available in the Graduate Programs Services office, Lubar N251.

The Management Research Project/Thesis
The Management Research Project/Thesis is a variable 2-6 credit management research project.

Comprehensive Examination
Students must pass a final oral examination if they choose a 4-6-credit management research project or thesis.

Time Limit
The student must complete all degree requirements within five years of initial enrollment. In areas of concentration in which the total number of degree credits required exceeds 30, the student must complete all degree requirements within seven years of initial enrollment.
MANAGEMENT, MS: ACCOUNTING

The MS in Management - Accounting (MS-A) concentration prepares students for entry into the accounting profession as a Certified Public Accountant (CPA). Employers seek mature students with diverse prior undergraduate education backgrounds and work experiences. The program efficiently covers basic accounting principles and adds graduate level coursework in accounting for governmental and not-for-profit organizations, advanced accounting theory, decision-focused management accounting, and tax compliance and planning.

The program prepares students for success on the CPA exam. Graduates boast a pass rate substantially above national averages. Because the program is separately accredited in accounting by the AACSB (one of three such schools in Wisconsin), graduates automatically meets the requirements to take the CPA Exam and to be licensed as a CPA in Wisconsin.

Potential students typically take foundation courses prior to entering the program. Success in the foundation courses assures success in the program. The graduate program can be completed on a full-time basis in two semesters and a summer. Part-time students can complete the program in two years. A faculty member custom designs a program for each student. In most cases, a full-time internship is included for full-time students. The internship normally lead to full-time employment upon graduation.

A large portion of MS-A students intern and upon graduation take full-time positions in CPA firms ranging from "The Big 4" international firms to local practices. Other students choose industry positions which include Wisconsin's largest corporations and financial institutions.

Admission Requirements

Application Deadlines
If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar's Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.

Admission
An applicant must meet Graduate School requirements (http://uwm.edu/graduateschool/admission) plus the following program requirements to be considered for admission:

- A bachelor's degree from an accredited college or university.
- Submission of score on the Graduate Management Admission Test (GMAT) (http://uwm.edu/graduateschool/admission/#gmat).
- Review by the Master of Science Program Committee to assess academic achievement and ability to do intensive graduate-level work.

Applicants admitted to the MS program may be required to complete management foundation courses. Individual areas of concentration require different foundation courses. The student must complete all degree requirements within five years of initial enrollment. In areas of concentration in which the total number of degree credits required exceeds 30, the student must complete all degree requirements within seven years of initial enrollment.
MANAGEMENT, MS: FINANCE ANALYSIS

The MS in Management - Finance Analysis concentration includes extensive study of financial markets to prepare students for professional careers in corporate and investment finance. The curriculum includes an examination of capital markets, investment banking, financial institutions, corporate financial control, securities valuation techniques, capital budgeting, portfolio strategies, hedging and arbitrage, and international fund management.

The program provides students with foundational training in accounting and statistical analysis, in-depth finance skill sets necessary to understand and meet the growing needs of financial industries, and gain preparation necessary for the Chartered Financial Analyst (CFA) exams.

Admission Requirements

Application Deadlines

If at any time you are unsure about a published date or deadline (http://uwm.edu/graduateschool/program-deadlines), call the Registrar’s Office at (414) 229-3800 or submit a contact form (http://uwm.edu/registrar/contact-us) online.
