

PUBLIC HEALTH, MPH/SOCIAL WORK, MSW

The Zilber College of Public Health and the Helen Bader School of Social Welfare collaboratively offer a program designed to provide students with theoretical, research-based policy and practice knowledge and accompanying skill sets, to address health inequities and inequalities and respond to the health and well-being needs of communities at the local, regional, national and international arenas.

Admission Requirements

Application Deadlines

Application deadlines vary by program, please review the application deadline chart (<http://uwm.edu/graduateschool/program-deadlines/>) for specific programs. Other important dates and deadlines can be found by using the One Stop calendars (<https://uwm.edu/onestop/dates-and-deadlines/>).

Admission

Students are admitted to each graduate program separately and based on admission requirements which are consistent with those specified by the UWM Graduate School, the MPH program in the Zilber College of Public Health, and the MSW program of the Department of Social Work.

Total Degree Credits Required:

(1) With BSW: 34 cr. (includes 9 cr. satisfied by public health credits)

(2) Without BSW: 58 cr. (includes 9 cr. satisfied by public health credits)

Total Credits for Coordinated Degree Program:

- (1) With BSW: 73 - 74 cr.
 (2) Without BSW: 97 - 98 cr.

The credits for the coordinated program would typically be completed in both programs at the same time, rather than one program after the other. A student not completing the requirements for the coordinated degree program would need to complete all requirements for an individual program in order to receive a degree.

Additional Requirements

Time Limit

Students in the coordinated MPH/MSW degree program must complete all degree requirements within seven years of the first enrollment semester as a degree student.

Public Health MPH Learning Outcomes

All graduate students in UWM's Zilber School of Public Health can expect to:

1. Explain the foundational principles and historical perspectives that shape the field of public health.
