

CRIME ANALYSIS, UNDERGRADUATE CERTIFICATE

The Department of Criminal Justice & Criminology offers a specialization, a minor, and a post-baccalaureate certificate in Crime Analysis. Crime analysts gather crime and disorder data, identify and analyze patterns, trends and problems, develop recommendations based on their findings, and create and disseminate information that helps criminal justice agencies address crime and allocate resources.

A sequence of courses will lead to a specialization in this growing area. Preparation includes a foundation in criminal justice and research methods; specialized coursework in crime analysis, analysis-oriented technology, and data-driven policing; and field placement in an agency setting with practicing professionals.

Requirements

The Certificate in Crime Analysis is designed for students who already have a bachelor's degree in any field and consists of 21 credits, with the following courses (or equivalents) required:

Code	Title	Credits
CRM JST 110	Introduction to Criminal Justice	3
INFOST 110 or INFOST 120	Introduction to Information Science and Technology Information Technology Ethics	3
